

Hicksville Landmarks No. 1

THE COURTHOUSE at the intersection of Heitz Pl. and Bay Ave., Hicksville, is owned by the Town of Oyster Bay and leased to Nassau County as a District Court. The site was deeded on Aug. 19, 1893 by Arnold G. Heitz. The jail or lockup—no longer used for prisoners—was built back in 1886. While the exact date of construction for the Courthouse is not known, Oyster Bay town records reveal that the last bid for its construction was received sixty-five years ago on July 12, 1895. For many years it was called the "Town Hall" and has been the scene of numerous historic meetings and decisions. During World War II it was Selective Service Headquarters for most of the Township.

Miss Farley Continues Educational Interests

Mabel R. Farley, retired principal of Hicksville High School now living in Milton, Penna., is continuing her high level of interest in educational matters. Miss Farley was for many years identified with public education in Hicksville and served on the Board of Education after leaving the position of principal.

She is one of four Central Susquehanna Valley residents just named by Gov. David L. Lawrence of Pennsylvania to represent his state at the 1960 White House Conference on Children and Youth to be held in Washington Mar. 27, to April 1.

In the interim she is serving on an evaluating committee for the Middle States Assoc. of Colleges and Secondary Schools. Her first assignment will be for Jan. 13, 14 and 15 on the evaluating committee for Middleburg High School.

Gov. Lawrence in naming his white House Conference delegates pointed out they were selected on the basis of "high personal integrity, leadership, knowledge of youth resources and demonstrated interest in children and youth."

"These delegates," the Governor said, "will bring the problems of youth and the resources Pennsylvania has to offer to the attention of the national conference."

"They will participate in all of the sessions of the conference and represent every phase of the problems which confront their generation."

The White House Conference is being called "The Golden Anniversary Conference" bringing together some 7,000 delegates on invitation of President Dwight D. Eisenhower. The Conferences, first held in 1909, have been called in each decade by the President.

Telephone service for a large part of the Mid-Island area was halted Monday afternoon when a 2200-line cable was accidentally severed during construction work on North Broadway. Service for many WELLS exchange customers, including the Mid-Island HERALD was interrupted shortly after 12 noon and repairs were not completed until after seven in the evening.

A Telephone Co. spokesman said that the cable that was cut handles a "great deal" of north-south traffic.

McKesson & Robbins, Inc., wholesale druggists, will service drug stores in Nassau and Suffolk Counties thru its new Hicksville Division located on Andrews Road off Bethpage Road, it was disclosed this week.

The drug concern distributes drugs, toiletries, proprietary medicines and sundries, servicing thousands of drug stores in the United States through 84 divisions.

R. F. Kavan, division manager of McKesson & Robbins Inc. at Rego Park this week mailed a letter to residents in the neighborhood of the new warehouse and office suggesting opportunities for employment.

"Sometime around the middle of January, we will be interviewing people to work in the Hicksville Division," he wrote. Positions will be open for office and warehouse personnel, all full time.

Office workers needed are typists, bookkeeping machines and computer operators, file clerks and telephone sales clerks. The warehouse will require order fillers, shipping, receiving and full-case stockmen. The firm plans to train interested, competent people on the job.

The form letter enclosed a post card for those interested who will be called for interviews by appointment.

"The building is not yet occupied," Kavan added, "so please do not come over until you hear from us."

Blind Resident Needs Transportation

An elderly blind person living in Hicksville needs transportation to and from The Industrial Home for the Blind Day Center at Burwood, at Cold Spring Harbor. The IHB has again appealed to residents to help their blind neighbor by providing auto transportation for a few hours a week, a month, or more often if possible.

As much time is needed as can be given, although any time at all will be welcome. For details, call Mrs. Harriet Chhnsa, Burwood Program Director, at MYrtle 2-7070. Or send a postcard with your phone number to Burwood, Cold Spring Harbor.

Hicksville Retains 5th Place with 502 Concerns

Hicksville with a net loss of two business concerns during 1959 retained its position as fifth among the top ten communities in Nassau County, it was disclosed today in a tabulation compiled by Dun & Bradstreet, Inc.

Hicksville had climbed from 7th to 5th position between January 1, 1958 and 1959. A year ago there were 504 listed businesses in Hicksville. As of the first day of this year the tally is 502.

The positions of the first five on the list of 10 concerns did not change during the year. Hempstead retained first with 682 businesses, a gain of 12; Freeport remained in second position with 600, an increase of eight; Valley Stream held on to third with 566, compared with 547 last year; and Great Neck remained fourth with 542, a gain of two.

The only change in the first ten occurred as New Hyde Park moved ahead of Mineola into sixth place. Westbury was 8th, Rockville Centre 9th and Farmingdale, with 385 businesses, retained 10th place.

In Suffolk County, Huntington Station with 442 businesses moved into 1st place, taking the lead from Babylon with 430.

Dun & Bradstreet comments: "The comparatively few changes reflected in Nassau may indicate that the post-war building and land rush has fairly well subsided with certain towns settling down as the established business leaders."

Bulletin

Dense smoke hampered the efforts of Hicksville firemen yesterday afternoon (Wed.) shortly before 2 p.m. when fire broke out in Kantor Bros. tire plant opposite St. Ignatius RC Church. All traffic on Broadway was halted while vamps fought the blaze of burning tubes and canvases in the front of the building. Damage was unofficially estimated at \$1,000.

Teenagers Circulate 'End of World' Rumors This Week

Rumors have been jelling among teens in Hicksville and other mid-Island communities for more than 10 days regarding an alleged significant world event scheduled for Friday, Jan. 8. The stories are apparently linked with the still secret prophecies of Fatima which are due to be revealed this year.

According to an Associated Press dispatch from Vatican City, Sister Maria Dolores, a cloistered nun at Combar's Carmelite Convent in Cortina, is the sole survivor of those shepherd children who said they saw visions of the Virgin Mary of Fatima in 1917. She wrote the prophecies years ago, sealed them in an envelope and entrusted them to the Bishop of Leiria, her ecclesiastical superior, to be opened in 1960, or at her death if she died before then.

Gossip among students in junior high school has led to dire predictions, now being repeated by adults, that the "end of the world" is scheduled for this Friday.

A check with reliable religious authorities this week by the HERALD disclosed that rumors of this type have been circulating widely for some time. In Brooklyn, it was learned, the fateful day is rumored as Sunday, Jan. 10. But still another source had the day of revelation scheduled for Jan. 3, last Sunday.

The AP dispatch from Vatican City specified that the Fatima revelation might be made on the anniversary of the first vision—May 13.

Congratulations to the JACK MULLIGAN'S of Twinlawn Ave., who celebrated their 15th anniversary Jan. 4.

A special screening board at Grumman Aircraft is now going thru 1,000 entries encompassing 4,000 names offered by employees in the Grumman "Name the Plane" Contest. What happened to POP?... Good to see so many of our college friends home from college for the holidays. Can't name them, we saw so many. From the grunts and grunts in our house, on Monday, we bet they wanted a three week holiday... See that Mrs. FRANK BRANDI of Twinlawn Ave., has joined the ranks of those fine "Lady Cops" who protect our children at the dangerous crossings. She is stationed at Bay Ave. and Woodbury Rd. and we know that is one dangerous spot. Good luck, Mrs. B.

Some excellent shows and exhibits are coming up again as the new year begins; among them the National Motor Boat Show at the New York Coliseum from January 15-24; the Long Island Marine Assoc. Show at Island Gardens in February, and the 7th Annual Long Island Boat & Sportsmen's Show scheduled for the Jamaica Armory March 5 thru 13.
Community Yearbooks, Hempstead, informs me that the First Edition of their publication, "Know Long Island," will be available within the next week or so. Contrary to original plans, this new organization now intends to come out with a Spring edition of the book, greatly enlarged. Original idea was to put out a yearly.
Being often hard-pressed for material, I welcome any information supplied by the many and varied organizations in and around the Hicksville-Jericho-Plainview area. If there is an item you wish mentioned, please address same to me at the HERALD, 225 Broadway, Hicksville.

Is Your Escrow Payment Adequate?

By Ralph Diamond

The answer to that question is "Yes" if you live in Jericho section and "No" if you live in Syosset section.

Now that the initial shock, resulting from increased escrow payments has passed, it is time to look at our current payments for 1960 to see if they are sufficient. Most people are aware of the fact that the payments they are now paying to the bank include an amount to make up the shortage due to inadequate payments made during 1959.

There are two main points to remember when computing the sufficiency of your payments. The first is that the bank estimated your escrow payments for 1960 upon your 1959 tax. The other fact to bear in mind is that the State, County and Town Tax runs from January 1st to December 31st of every year, while the school tax covers the period from July 1st to June 30th each year.

The bank therefore is estimating its 1960 escrow payments for State, County and Town upon the 1959 tax of 4.183 (per \$100 of assessed valuation) in Jericho and 3.827 in Syosset section. Furthermore they compute its analysis of your escrow account and revision of monthly payments in December. At the time it is computed the official State, County and Town Tax rate for the forthcoming year have not as yet been announced. A review of the official announced State, County and Town Tax for 1960 is 4.127 in Jericho and 4.039 in Syosset. The 1960 tax represents a decrease of .058 in Jericho and an increase of .212 per \$100 of assessment in Syosset. For example if your house is assessed for \$10,000 your decrease in taxes for 1960 in Jericho will be \$5.60, while in Syosset your year's State, County and Town tax increase will be \$21.30. Therefore a Jericho resident is paying the bank slightly more than is needed to pay the 1960 taxes, while Syosset residents are paying inadequate monthly payments

to the bank and come next December they will once again be short.

The bank is using the 1959-60 school tax in its escrow estimate. This amount is exact and therefore in any case will be adequate, providing the school tax does not increase. We will not know if the school tax will rise during 1960 until the official school tax is announced about July 1, 1960. This school tax will cover the period from July 1, 1960 to June 30, 1961 and therefore if the school taxes rise we will for six months during 1960 be paying inadequate monthly payments to the bank.

In summary, Syosset residents are already paying insufficient monthly payments to the bank while Jericho residents are paying slightly in excess. This situation will remain true until the next school tax goes into effect on June 30, 1960. If it increases all of us will once again be short in our escrow funds.

(This is the 2nd in a series of 3 articles on taxes and your escrow fund)

RUMOR TOTORIUM

BY GLORIA BRUNSWICK

Have you ever heard of a kids' game called "Telephone"? Everyone sits in a circle. The person on one end whispers a message into the ear of the person next to him, and the message goes from one ear to the next until it reaches the end of the circle, when that person repeats the message out loud. The "telephoner" then tells what he originally said while the group laughs uproariously at the difference between the first thought and the end result.

The moral of the story is that what is funny in a child's game often can be tragic to an adult's life when the "message" is transmitted through a community of 1,000 homes.

Who starts rumors, and why? Well, I'm not a Psychologist, not even of the arm-chair variety, but I'll venture to guess that rumors originate by bored, dissatisfied, jealous people who develop a vicarious kick when they instigate a "juicy bit." Perhaps it puts them in the limelight they secretly crave as being people "in the know." Perhaps, by painstakingly describing certain lurid activities, they reveal a hidden desire to be a part of the stimulating intrigues they so vocally deplore.

Those of us who pass along the "rumor" with a little more garbaged up for additional color, are, of course, adding a touch of spice to our own drabness. People who have reached a degree of inner contentment and who have a mature relationship with their own mates are not usually of the rumor-spreading species. Well! I think I just earned my right to purchase a cough!

Seriously, a fine resolution for 1960 would be that the next time you hear a tale about the Director of the Civic Association who got his house for nothing, or Mr. Z who's going bankrupt, or Mrs. Q who's taking heroin—that you look closely at the narrator, see if it makes sense in your own mind—and then, and only then—forget it!!!

Let's Light Up Those Bicycles

By DAVID A. MARK

"Between the dark and the daylight, when the night is beginning to lower..." These are the opening words of Longfellow's poem "The Children's Hour." They describe, in reality, the dusky hours during which several accidents and many near misses have occurred between children on unlit bikes, and automobiles. Traffic experts advise that the hours of winter dusk and moonless nights are the most difficult during which to perceive an unlit, moving vehicle of any kind.

Considering these facts, it is obvious that any child who is allowed to ride our streets after dark without lights or reflectors on his bike is being allowed to place his safety, even his life, in danger. Since a child's most usual means of transportation is his bicycle, it behooves his parents to guarantee his safety as much as possible by providing his bike with a clearly visible light in front and an adequate reflector in back.

Some of our residents have taken to driving their cars with their high beams on after dark to eliminate as much as possible the risk of running down a child on an unlit bike. This creates the problem of blinding an oncoming motorist and causing another type of accident.

Now that we have finished lighting up our houses and lawns and trees for the holiday season, let's give our kids a real break and light up their bikes.

Nominating Group Releases Slate

By DAVID A. MARK

The Nominating Committee has presented to the VILLAGER, for publication, its slate of nominees for Officers and the Board of Directors of the Civic Association. The list of nominees is at the end of this article.

The VILLAGER considers it important, however, to remind the community that it is the constitutional privilege of any qualified member of the Civic Association to run for office or directorship whether or not his name has been submitted as a nominee by the Nominating Committee. A member of the Association may have his or another member's name placed on the ballot as a candidate by taking the following simple steps:

1. Prepare a petition, on behalf of the nominee, duly signed by 25 members of the Association with their addresses.
2. File the petition, with a written acceptance by the nominee, with the Corresponding Secretary of the Civic Association no later than, February 16, 1960.

(Editor's note: In order to gain maximum publicity in the VILLAGER, candidates are requested to submit their names and information to the VILLAGER by Feb. 14.)

The revised constitution provides that of the 18 Directors to be elected, the 9 Directors who will receive the highest votes casts shall be elected for a 2-year term. The second 9 will be elected for a 1-year term. At each annual meeting thereafter, 9 Directors will be elected for a 2-year term in place of those

Change Pick-Up Day for Rubbish

Jan. 5th, was a Red Letter Day for residents of Birchwood Park. This was the first Tuesday that rubbish was picked up in our community.

The change of rubbish pick-up day from Saturday to Tuesday is the direct result of the efforts of The Birchwood Civic Assoc. The Assoc. had received numerous complaints from its members that the Saturday rubbish pick-up was extremely inconvenient. Residents who moved their grass on Sunday were forced to live with the cuttings until the following Saturday, and we all know how aged grass cuttings smell. There were also complaints that week-end visitors to Birchwood were greeted with debris lined streets, as residents put out for pick-up such items as old cribs, torn cartons, grass cuttings, tree clippings, broken baby carriages, etc.

As a result of these complaints, Howard Turkell, of the Sanitation Committee, set about to try to have the rubbish pick-up day changed. In the October 1, 1959 issue of The Villager it was announced that Mr. Turkell had been successful, and that, commencing Jan. 1, 1960, rubbish would be collected on Tuesdays.

THE VILLAGER thanks Louis Kappstatter, Superintendent of Sanitation of the Township of Oyster Bay, for his co-operation in this matter, and congratulates the Civic Assoc. for a job well done.

Here and There

By FLORENCE BERGER
Get Well wishes to Eva Danto, mother of Blossom Keener, of Maytime Drive.

Three hundred and ninety people saw the New Years in at the lovely new wing of the Huntington Town House. Liquor flowed like water at this beautiful affair sponsored by the J.J.C. and a fabulous time was had by all.

You could hear a pin drop in Birchwood on New Year's Eve. The people who were worried about leaving their children alone that night were quite pleased at the results. At 3 a.m. lights were on all through the community and still no noise. People enjoyed themselves and still behaved with decorum.

To the Al Lyons who spent New Year's in Jamaica (not in the U.S.) you were a far cry from Forest Drive you lucky people.

Happy Birthdays to Editor George Frankel of Fountain Lane and Mickey Lubitz of Maytime Drive.

It seems quite a few Birchwoodians were in Florida this month. The Gil Steins of Birchwood Pk. Dr. met the Charlie Heets of Mellow Lane, and the Martin Lawrence's of Merry Lane down there. Speaking of Gil and Charlie, their political catch was not so big, so we hope they catch a live one now. To the Prices

of Merry Lane happy return from Florida.

Lots of Luck to Rabbi and Mrs. Simeon Kobrinitz of J.J.C. upon taking up residence (Rabbinical residence) in Princeton Park.

I was proud as punch to see a magnificent article in last Sunday's Long Island Press on Cantor Jack Brown of Temple Or-Elohim. It told his history from childhood to now in show business and a singing Cantor. Not only are we members of the Temple, but Cantor Jack Brown's first function was my sons Bar Abiyah, then substituting for his brother Dick who was unable to attend. Since then Cantor Jack Brown is a permanent part of Friday night services along with Rabbi Schenkerman at Temple Or-Elohim. T.V. still features the Ray Charles singers of which Jack is a member.

To Manager John Cavalli of the Franklin National Bank on Robbins Lane all the luck in the world on your magnificent new building which will have its Grand Opening February 27, 1960. (please take care of Hadassah's money; you may add to it if you will at any time.)

The Ed Shermans of Magnolia Lane, and the Carl Jacobs of Maytime Court are home from New Yorks Week-end at the President Hotel in Atlantic City with a few other couples.

The attraction at ORT's monthly meeting on Tuesday, Jan. 12, will be Miss Francesca Marlowe, high fashion model for the Barbizon Charm School. She will address ORT members on makeup, dress, general appearance, etc.—and she is said to be "brutally frank."

So note the date: Tuesday, Jan. 12, at 8:45 on. The meeting will be held at the home of Claire Baumel, 216 Forest Dr., Jericho.

Members of Cancer Care are in for an evening of wonderful entertainment at their Paid-Up Membership Supper on Thursday, Jan. 21. In addition to superb food, the "Cancer Care Players" will present a riotous comedy.

Congratulations to Phyllis Sabele of Fortune Lane who has been doing a superb job for Cancer Care by selling stoneware dishes of every description—those really are different—she may be reached at WE 8-5977.

The Mark Hays-Larry Lesser Jericho Chapter of Cancer Care has been fortunate enough to obtain tickets for "A Majority of One" starring Gertrude Berg. They are for Friday evening, April 29, Call Harriet Cohen at WE 8-15392.

We wish fair skies to Mr. and Mrs. Sam Santorzi of Fountain Lane. They're spending their vacation in Florida.

Once again HEART SUNDAY is drawing near. For this annual drive, February 28th, your Jericho Community Chairman for the Nassau County Heart Fund, Ben Diamond and Lee Batterman, are soliciting volunteers for door to door collections, and for district captains.

The importance and seriousness of this cause is FELT by all, therefore, should you be called upon to help in this drive, we hope you will have it in your heart to accept.

Have a HEART—Save a HEART! Give on HEART SUNDAY.

President's Corner

The residents of our community just celebrated another New Year. Stop and reflect a moment and realize that this is only the 4th New Year that our oldest inhabitant has enjoyed in Birchwood! We are truly a young community and at the same time a much wiser and respected community.

No longer do we expect some-one to assume the role of Landlord for us. We now realize that we must do it ourselves or pay someone to do it for us. The private bus pick up we thought the School Board should provide, has now been replaced with a sober understanding that the school budget is determined by ourselves and that budget affects our pocket-book. We also now realize that the school board is composed of volunteer neighbors whose tax rate is affected in the same manner as the rest of us.

Grass, which we thought just grew and was maintained by mother nature, we now have learned by bitter experience is a constant problem which most of us (for our landscapes) finally are learning to solve. Pride of the appearance of our homes, its landscaping, etc., has always been a high spot in our community. We should truly be proud of each resident in his own good taste helping to create an overall beautiful community.

During the short life span of our community, our residents through our Civic Association has gained the respect of the County and Town Governments as well as each of our School Districts. We have learned that we are not an island to ourselves, but part of a larger community. Our efforts to improve conditions in our community are paramount but always guided and influenced by the overall considerations of others.

Our Civic Youth Program, Golden Age Group, Dramatic and Art Leagues, etc., have enriched our community in that they provide activities for all ages. The wonderful charitable, service and religious organizations in our area have greatly added to our new way of life in Birchwood.

Permanent friendships have been created and most likely even more of such friendships will arise as our community continues to grow.

Even our reading habits have changed since moving to Birchwood. THE VILLAGER, one of the finest achievements of our Civic Association, is read throughout our community. We all look forward each week to its publication to learn our home-town news, views and activities.

Best wishes to all for a happy, healthy and prosperous New Year.

Current Comment Birthday Week For the Herald

BY FRED J. NOETH

THIS IS THE BIRTHDAY week for the Mid-Island HERALD. It was 11 years ago this week that the Mid-Island HERALD came into existence. How successfully it has accomplished its purpose and reason for being can only be measured in such things as its reputation and acceptance by the community it serves.

The paid circulation of the HERALD is at an all time high mark and we like to think it enjoys a welcome reception in the homes it visits each week.

Our sincere appreciation to the loyal advertisers who have made this effort possible.

A Craftsman Reaches 'Thirty'

LESTER SCHLESINGER, publisher of the South Shore Record, who died last week was a competent newspaperman of the kind that this craft needs sorely. Although totally blinded several years ago, he utilized his long experience in the field of newspaper promotion to start the South Shore Record down in the Five Towns section of Nassau and developed it into one of the better papers on Long Island.

It was our privilege to know Les and appreciate some of his talents. We interviewed him about his publication on WHLI while conducting the "Home Town Editor's Desk" program. We also stood besides him in a Maryland shipyard while a great tanker was being launched and tried to paint a word picture of the thrilling event for him. For some reason or another, we were the only Nassau publishers on this special train jaunt to the launching as the guests of Paragon Oil.

As Forrest Corson said it so well this week: "He 'saw' more without eyes than most men see with them. He saw that people are basically good regardless of race or religion, that eyes are not necessary to see a smile of warmth in a friendly greeting. In darkness so many years, few men live in such light."

One of the New Year's Eve accidents fatalities we heard of was the fellow who spent the night celebrating at the Log Tavern. Everything went fine all night, then when he was on his way home, safely he thought, just as he turned the last corner... someone stepped on his thumb.

TEN YEARS AGO THIS WEEK IN THE HERALD: Bracing for Levitt Home Building

The problem of new school construction in Hicksville was forecast as one of the biggest questions for the new year, 1950, ten years ago, according to the bound files of the MID-ISLAND HERALD. Other forecasts were:

Levitt and Sons would build "about 8,000" homes in Hicksville School District during the year... considerable growth in local retail business... with \$50,000 authorized for expenditure on Hicksville parking fields as a starter, difficult parking conditions will be relieved somewhat... parking meters would be installed within a matter of months... the future for farming was gloomy with nematode quarantine restrictions spreading.

These items were also headline news, this first week in 1950:

Damage estimated at \$5,000 was done to the home of Carmen Millevolte at 51 McKinley Ave. on the first day of the New Year.

The Supreme Court dismissed the latest effort of Oyster Bay Township to close down

and east Hicksville Airpark on Robbins Lane.

The Hicksville Veterans Assoc., Inc. of 15 Henry Pl. had an application before Oyster Bay Zoning Board of Appeals to permit construction of a VFW Clubhouse on Grand Ave., 225 feet south of Park Ave.

The Junior and Senior High School P.T.A. announced a Mother and Daughter Night including a Talent Show and movies on teen dating.

Mr. and Mrs. Charles Lang of 53 Park Ave. became the parents of a daughter, born Dec. 23 at Nassau Hospital.

Dr. Gilbert Gilinsky announced the opening of his office for the practise of dentistry at 81 Jerusalem Ave., Hicksville.

And Hicksville Civic and Community Assoc. announced that the 35-foot decorated outdoor tree of John C. Lauchner at 125 Woodbury Rd. was the winner of the top award for this year. Benjamin W. Smith was chairman of the judging committee.

"OUT OF THE FOXHOLE"
Sorry fellows that this column hasn't appeared for Xmas time, but was working an extra job for odds 'n' ends. I don't know what you fellows were doing the morning of Christmas, but I know I was using my new "Holla-matic shaver" with my new AMVETS Post 44 Jacket... plus keeping my feet warm in sheep-lined slippers. The jacket was just a little tight as the winter and summer bathrobes fitted a little snug. The socks were just what I needed but a shoe horn came in handy with the slippers, socks and new shoes. My new wallet is already filled with loved ones, besides a few new bills and the new briefcase has all my AMVETS papers in it. While smoking my Pall

Malls, and sipping a Brandy, I read quite a bit. With Linda typing on her "Tom Thumb" writer, Diane wearing her fancy slacks, Jimbo shooting his Rockets off... (most of the Xmas decorations) it was a lovely day.

OFF THE AMVET "GRAPEVINE"
Amvets had three bands at the Nassau County Sanatorium. The party was a real smash — bangaroo. Due to many incidents, no news of the post party has come my way... but will notify each and every one what happened after I got the latest, DID I JA-KNOW... If you visit Stateville Prison in Illinois, they will check your chewing gum for narcotics. In Dallas, Texas... Landlords give out Books of Green Stamps to tenants with delivery of each month's rent. Charged with arson, a lady in Norwalk, Calif., explained that it was easier to burn down her dirty house than clean it up.

GOODBYE '59... HELLO '60
During the old year we saw...

Commander Surless hand over the parcel to new Commander Mike Parish. Post 44 saw COL. JOHN BEST and MRS. EMILY BEST join the group. We saw Mrs. Best become State AmVets 4th Vice Commander. Post 44 Rifle & Honor Guard really pick up and step out. Membership again on the increase. Veterans Xmas party a big hit. Many new members joining up. So before I'd go, let me say this members... let's make it a big year. Bring in those new members, men and women alike. Let's take into mind the teenagers and what we can do for them. Help this columnist get that Drum and Bugle Corps started.

MAY 1960 BRING TO YOU
May 1960 bring you health
The joy of doing good,
Let's help each poorer, lonely soul
The way we know we should.
Bring gladness, laughter, happiness
And friendship that is true.
The best of everything that's good
That is my wish for you.

Herald Sportslight

By Howard Finnegan

Hicksville High's Comets had to fight for their lives to retain the championship of the Mid-Island Christmas tournament, Saturday night, but managed to hold off Plainview's Gulls for the prize. The score was 59-54.

Well into the third period Hicksville held a 15-point lead in a dull and unexciting contest until the Gulls Steve Matuson (predicted two weeks in the HERALD as the man to watch in the tourney) started to move.

He clipped in eight points as the losers started to hit the nets on the Hicksville court and in the last stanza he tossed in a brilliant 16. This rush carried the losers to within a basket with 1:20 remaining. Matuson ended up with 28 well polished points for the night.

Richard McKenna then drove hard for the basket and his attempt caused a foul. He converted and Steve Dushnick pushed in a tap to seal the verdict.

Almost bored for three quarters of the game, the crowd of over 1,200 was on its feet and screaming for the last eight minutes.

The tournament committee decided not to choose a most valuable player this year and perhaps saved a good deal of discontentment, no matter which way they would have gone.

A master off the backboards, Jim McKinstry pulled down 23 rebounds for Hicksville. His work which lead to the building of the Comet advantage had him high in the running as an outstanding player.

Hicksville flooded the game with eleven different players and eight of them tallied. Dushnick and McKenna had 11 points each, McKinstry nine and Bill Schrimpe 10 to pace a well balanced scoring attack.

Hicksville defeated Carlé Place 60-45 in the semi-final round. The Comets now have a 6-1 record for the year.

Port Washington, a NSAA Section one league opponent, comes to Hicksville this Friday night. The Comets lone loss came at the hands of Great Neck in the only league game played so far.

The competition is so rough in this section that victories are going to be hard to come by from here on in. We think this is one chance the Comets have to put a league win on the boards.

Lee Ave. players including Bob Klarin, Ralph Tisdale, Tom Gill, Bill Seim, Jim Bergholtz, Joe Myron, Bob Healey, Steve Zanville, Nick Samen, Roy Constatine and Gary Brennan won in the elementary league.

The Fire Horn

prepared by the publicity committee for the fire prevention bureau of the Hicksville Fire Department

We begin our Fire Prevention tour of the average home this week, with the garage.

Garage construction in this area, is generally of the following types: Detached, attached or semi-attached by a breezeway and completely enclosed, or if enclosing the open carport type, or an integral part of the building, such as in the split level.

In the detached type, other than complying with existing building codes, fireproofing is generally held to a minimum. In the attached and enclosed, or if enclosing the open carport type is contemplated, the dwelling wall must be covered, to the ridge with 5/8 fire code #60 sheetrock. If the fire-proofing does not go to the ridge, then the interior must be so covered. In the integral type, the whole interior must be covered and in all cases seams must be taped and spackled. If there is an opening into the dwelling from the garage, a one hour fire door, installed in a steel buck or frame should be used. It must bear the U.L. label.

It can readily be seen that every consideration is given to the garage as a fire hazard and to contain a possible fire long enough to extinguish it and prevent it spreading to the dwelling.

Common sense rules are all that are necessary, to take full advantage of modern construction and building codes.

Don't consider remodeling or electrification of your garage with out consulting your local contractor or electrician.

Fire Prevention

Don't use your garage as a cat-chall.

Don't store a defective automobile in your garage, leave it in the street until it is repaired.

Don't store leftover paint, carefully estimate your needs and throw away the excess.

Don't store flammable liquids, unless in approved containers.

Don't allow work bench waste, chips shavings etc., to accumulate.

Don't use the garage as an UNSUPERVISED play area.

Don't block entrances or exits with rubbish.

Don't overload electrical circuits with power tools.

As a late holiday reminder, take the Christmas Tree directly to the street, don't put it the garage until

Discuss Merits Of Clinic Plan For 8-Yr. Olds

By George J. Nathan

Now that the Christmas Holidays are over and but a pleasant memory for most of us, the Hicksville International Little League is rapidly getting back into stride with plans for the coming summer.

Archie Rosica, Executive Vice President and player agent, has scheduled a meeting of the Major Division managers for the coming week, to discuss the drafting of players for their division. Incidentally the managers for the four teams in this loop are Ed. Keneffick, Long Island National Bank; Frank Menzies, Goldman Bros.; George Schwarz, Perkins, and Ben Baranski, Kiwanis. With the exception of Frank Menzies these managers handled the reins of their respective teams last year with Ben Baranski copping all the marbles when his Kiwanis team beat out the Long Island National Bank for the Championship of the league. Frank Menzies was Executive Vice President and player agent last year but has plenty of experience as a manager since he handled Perkins Trucking in 1958.

In discussing the set-up of the league with Phil Mazzullo, president, we find there is a lot of sentiment for and against a clinic for the 8 year olds. This age group, for the most part, came into the league with only a burrbug desire to play ball and know little about the actual mechanics of playing baseball. Most of the boys must be taught to catch, throw and strangely enough must be shown where first base is and how to arrive there. Because of this, there has been some agitation for a clinic where the boys can be taught the rudiments of the game before entering into actual competitive play.

On the other hand, opponents of the clinic point out that unless these boys are given an incentive in the form of competition, they soon lose interest and drift out of the league. There is also the faction that says the league should run a clinic for the first half of the season and championship play for the second half. There is of course much to be said for and against all of these plans and it remains to be seen which plan will be adopted. We will report on this phase of the league operation in ensuing columns in the HERALD.

Next week we will discuss fire the basement.

Historic Shoe Display Here

An historical shoe collection covering a span of 4,000 years is on exhibit this week until Jan. 11 at Hicksville High School.

On loan to the school by Thom McAn shoe stores, the exhibit contains miniature reproductions of shoes worn in most areas of the world, from about 2000 B. C. through the last century.

The varying styles, materials and constructions of the shoes reveal the impact of such factors as climate, geography, social class and even government regulations on fashions throughout the history of man.

Included in the exhibit are types of footwear worn by Ancient Egyptian Pharaohs, Greek actors, Roman soldiers, Medieval English noblemen, and native Americans. Indians One red leather sandal with pointed, upturned toes and red leather faces is the reproduction of a shoe worn by a Hittite prince at a peace conference with the Egyptian Pharaoh, Ramses II, in 1252 B.C.

This traveling exhibit is from the total collection of 135 pairs of miniature shoes created by the late Harry L. Sutcliffe, a shoe factory

HISTORICAL SHOE collection loaned by Thom McAn is on exhibit at Hicksville High this week. It includes leather boots worn by Swedish military men of the 17th century (left); perforated red leather shoes with white leather linings and scalloped trim, worn by Spanish women of the 18th century (right); and, from late 18th century England, black leather oxfords with square upturned toes—the edges of the wooden soles trimmed with nails (center).

foreman, who devoted his spare time throughout most of his life to making them. They were acquired from his estate by Thom McAn to make the historical collection available to the public.
