

School Budget Tops \$8.5 Million Here

The proposed budget for Hicksville School District for 1960-61 which will be voted upon on Wednesday, May 4, could exceed a record-breaking eight and a half million dollars. The gross budget for 1959-60 came to \$7,956,404.16. However, due to anticipated increase in total assessment of the district and a potential increase in financial assistance from the State of New York, the Board of Education has high hopes of keeping the tax rate for the coming year at about \$5 per \$100 for a second consecutive year.

The School Board completed work on the proposed budget last Friday night, the earliest completion in the entire history of the District. As presently drawn, the budget includes \$84,000 to cover the cost of moving 12 temporary-type classrooms to the Junior High in time for use next September. With this amount included, the proposed gross budget is \$8,669,837.20.

SUIT RAISES RATE

If the court action brought by 10 taxpayers seeking to declare void the Nov. 19 referendum on school construction is resolved in favor of the School District before the annual meeting, the \$84,000 item will be deleted. If the case is not settled by late April, or goes to appeal, the additional amount will add an estimated 9 cents to the tax rate for next year.

Largest single category in the proposed budget is for instructional services, a total of \$5,005,120.35 as compared with \$4,610,872 this year.

It is not known what the proposed tax for public library service will be for the coming year. It was 16½ cents per \$100 for the current year, a gain over 13.2 cents the year before. The tax bill received for schools includes the library service appropriation.

The Public Library budget is developed independently by the Library Board of Trustees and submitted to vote at the same time as the School Budget on May 4, but as a separate question.

BOARD SETS DATES

A public discussion meeting on the proposed budget is scheduled by the School Board for 8 p.m. Friday, April 22. Voter registration dates are Saturday, April 23, from 10 a.m. to 5 p.m., and Wednesday, April 27 from 4 to 11 p.m.

The vote on the School and Library Budget as well as the election of three School Trustees and one Library Trustee will be held on Wednesday, May 4, between 12 noon and 10 p.m.

Sees Mid-Summer Start on Overpass

Frank Aikman, Jr., Chief Engineer of the Long Island Rail Road said in an interview with Allen Stuart of Radio Station WHLI, that work on the Hicksville RR grade crossing elimination overpass would probably be started sometime in mid-summer of this year, according to a spokesman for Mid-Island Plaza.

Aikman said on the air that in his experience, this project has moved ahead faster than any other because of the "remarkable cooperation with the merchants in the area as represented by the Hicksville Chamber of Commerce and the Mid-Island Plaza Assoc. and with the Town of Oyster Bay, headed by Supervisor John J. Burns and the many state agencies involved in the project."

KINDLY CHECK US

The prediction that actual construction will be underway by mid-summer was in contrast to the gloomy forecast of Irene L. Murphy, Hicksville Democratic zone leader, who stated in a letter to the

HERALD last month "reliable information from the Dept. of Public Works (before printing any further stories on the subject, kindly check us) indicates that there will be at least a 12-month delay in contract letting. Work will not start in 1960," Mrs. Murphy insisted, and added: "We will be fortunate if it starts in 1961."

The LIRR Chief Engineer in his interview with Stuart also disclosed that \$890,000 has already been spent in preliminary work which consisted of relocating the freight facilities and the switches in the west end area of Hicksville. There is estimated to be \$11,100,000 in contract work to be done, plus \$2,250,000 worth of work to be done by the Long Island Rail Road who in turn will be reimbursed by New York State, the Plaza spokesman revealed.

The overall project, covering the distance of about three miles, involves eleven miles of RR track mileage. Five crossings will be eliminated on the Main Line and two

crossings on the Port Jefferson branch. Also involved is the relocation and extension of Newbridge Road which will be tied in with the new highway north of the Rail Road.

There will be two island platforms and three tracks for more rapid and more convenient service at Hicksville.

Aikman also said that the LIRR is working with the Town of Oyster Bay for better access facilities and parking. He estimates that there will be additional car parking for 550 vehicles when the project is completed.

Senior High Pupils Publish Paper

The Latin Club of Hicksville Senior High School has published its second edition of "Tempora Latina" (Latin Times) under the editorship of Barbara Governale. "Love" is the theme of this issue, which came out for St. Valentine's Day and which commemorates it on its cover depicting Cupid and Psyche, in its cover story about the two mythological lovers, in a Latin Love letter addressed by one student to a girl in his class, and in this same student's Latin version of "If You Knew Susie, of course, happening to be the name of his flame.

Three verses in Latin of "Mack the Knife" are also featured in a version in which he becomes "Marcus Sica" and which the students' faculty advisor, Mr. Goldberg brings to an end with two original Latin verses in which he points out that the song is too bloody to continue and that Caesar and Cicero are calling them back to that most beautiful language—Latin. Also outstanding is a "beatnik" translation from the Second-Year Latin book of the Latin poet Horace's tale of woe about a bore, an original by Donald Larson; a Latin crossword puzzle by Cynthia Monfion; and Latin expressions the students have been using in conversations in Latin begun this year.

Programs planned by the Latin Club as reported in the paper include a trip to the Metropolitan Museum of Art before Easter, a foreign language assembly program

April 27 during Latin Week which commemorates the founding of Rome, and participation in a Roman banquet March 16 at Wheatley High School.

Also noticeable are articles about Roman calendars prepared by the Advanced Latin class and Christmas and New Year cards by all the students and about how the Latin Quarter, which is what the Latin room is called, is gradually being converted into a miniature Rome with huge maps made by students of the Roman Empire, of Rome, and of Gaul presently between two Roman columns above which, with the cooperation of carpentry students, the facade of a temple will be erected on the back wall.

This is Red Cross Month -- Give

Red Cross flags are flying throughout Hicksville at the public schools, community hall, industrial buildings, shopping centers, banks and fire houses. They call attention to the ANNUAL FUND DRIVE OF THE AMERICAN RED CROSS during March — American Red Cross Month!

They point also to the efforts of The Executive Board of The Hicksville Red Cross and its Members, to make the Fund Drive a success. Notable among these efforts is the work of the Secretary-Treasurer, Mrs. Wilbur E. Moreh, who gave a great deal of time to assembling accurate mailing lists and sent out hundreds of letters to business and professional people in the community.

The Red Cross Flags symbolize the work of the American Red Cross. FEW MAJOR PUBLIC EVENTS OCCUR WITHOUT RED CROSS FIRST AIDERS ON HAND FOR YOUR SAFETY AND PROTECTION. . . "GOOD THINGS DO HAPPEN WHEN YOU GIVE . . ." Remember this when your Red Cross workers rings your doorbell, PLEASE.

The adult scouts of Troop 91 wish to thank Cub Pack 91 for the wonderful evening they had Saturday, Feb. 27, at the Cub Blue and Gold Dinner, held in St. Ignace's cafeteria. Everything was available from "soup to Swedish meatballs." The event will long be remembered.
The Story Of A Scout: An adult scout can never do enough for scouting. The sky is the limit. Approached at a gathering one time, he was asked what he thought of scouting. He immediately replied, "I owe quite a bit to scouting—it proved to be one of the most steady influences in my life. When I was a young fella, I lived in a very tough neighborhood. We fought from morning 'til night. All we knew were fists, fists and more fists. Why, it wasn't until I joined the scouts that I first discovered I had fingers!"
In brief the troop welcomes the following Cubs into its ranks—Weppert, Esgro, Wagner, Kapriuski and Fowler. It's good to see the Gianellis at troop meetings again. Scoutmaster John Sholl announced that applications are now being accepted for Summer Camp.
In closing, Phil, the old scout, would like to say, "a good scout learns that there is a time and place for everything."
SCOUTS ALL, FOLKS.

CUB PACK 375
Cub Scout Pack No. 375 held their annual Blue and Gold dinner at Caruso's on Hempstead Turnpike on Feb. 24. The cubs and their fathers shared a most enjoyable evening.
Peter McDonough was welcomed into the Webelos group, and four new cubs, David B. MacLean, John Hennessy, Robert Shannon and Richard Krabbeler, were inducted into the Pack and received their Bobcat pins.
Awards were given to the following boys: Richard Bowra and Frank Masterson, one-year pin; Ted Anderson, Bear Badge, Gold Arrow, 2 Silver Arrows; Robert Muller, Wolf Badge, Gold Arrow, Silver Arrow; Steven Hughes, Silver Arrow; Donald Nelson, Lion Badge, two-year pin; Kenneth Pfaff, Gold Arrow, Silver Arrow. Service pins were awarded to the members of the committee.
An interesting film on the manufacture of paper was shown and enjoyed by the cubs and their fathers.

Refute Claims Of Savings Banks

The member banks of the Nassau County Clearing House Assoc. have issued a joint rebuttal of the charges leveled against them by the Savings Banks Assoc. of the State of New York in their recent study designed to show that service charges of Nassau County banks are higher than those of New York City banks.

The rebuttal takes the form of an advertised showing that when the service charges of three leading New York City banks were applied to several hundred accounts of three Nassau County banks—accounts chosen at random—the New York City banks came out 46%, 49% and 61% higher.

Anthony D. Fantighetti, Chairman of the Nassau County Clearing House Assoc. and Executive Vice President of the First National Bank of Glen Head, issued the rebuttal.

CIVIC PROFILE

BY GILBERT B. STEIN
 Attention all mothers with eligible daughters: Visit your nearest jewelry store, leave your daughter's name and phone number and hope for the best. . . . This is what happened in the case of the Louis Cohens, present residents of 38 Fountain Lane. Seems that in 1947 Lou noticed a cute lass shopping with her mom in a Bronx jewelry store. He approached the girl who thought him rather fresh. Her mother, however, liked him enough to give the jeweler the phone number and 5 months later Bernice, age 17 became Mrs. Lou Cohen. Needless to say that the jeweler to this date retains the loyal patronage of the Cohens.
 Personal Lou is 38 years of age, was born in New York City and has lived most of his life in the apartment jungles of Fordham Road and Grand Concourse. Pretty, pert, freckled and peppy Bernice also hails from the Bronx. Settled comfortably in Birchwood area, in addition to them, Ellen, age 10, also freckled and vivacious, and Bruce Michael, age 4.
 Lou travels to New York City daily, where he is the Printing Plant Supt. for Meadow Printing Company, one of the City's larger printers, specializing in offset printing, letter press, etc. He is the man in charge of all production and production schedules. Lou has printing in his blood. He attended New York High School of Printing, too post graduate courses at Fordham and Columbia Universities and he is a member of the highly exclusive Printing Craftsmen Club of New York.
 The Cohens love Birchwood Park at Jericho. There is a house full of sunshine and good humor, reflecting the warm and wonderful relationship between the various members of the clan. They do lots of entertaining, they love to dance and they like to go to shows. Lou is a fair golfer who also loves to ski but most of all he cherishes sweetwater fishing.
 Not too long ago he travelled over 100 miles of a Sunday to the Catskill Mountains only to find all the lakes solidly frozen. He will occasionally play a game of Pinnacles. He enjoys all kinds of sports and functions as one of the three Birch-

LOUIS COHEN

wood Civic Association Youth Group Supervisors every Monday and Wednesday evening at our Jackson School. He is the Chairman of our Civic Association's Entertainment Committee and a member of its Board of Directors. He is also a member of B'nai B'rith, Jericho Chapter, the Jewish War Veterans and he is active in the Jericho Jewish Center Men's Club.
 Bernice also belongs to a number of local organizations. Her greatest pleasure is shopping for bargains. She claims that whenever she misses two day's shopping in a row, the stores send her "get well" cards. She is the kind of gal who tells her husband that she has just saved him \$25.00 and upon being pressed for details, admits that she has purchased a \$50.00 dress for \$25.00. . . . While she is a good cook, it's been three years since she baked a cake.
 Lou is the handyman around the house. He does all repairs competently. He enjoys gardening as long as there is a gardener to do the rough work. Looking back over the past three years, Lou feels that our Civic Association has done a magnificent job. He foresees a 90% membership in the Association in years to come and he knows that banded together, nothing is beyond Civic accomplishment here at Birchwood.
 To say that the Cohens are average Birchwoodites would be doing them an injustice. There is nothing average about a man who devotes so many untold hours to Community endeavors without seeking publicity or acclaim. Lou is a man of principles in the councils of our Civic Association, who then goes out to practice what he preaches.

Civic Election Saturday: 1 to 10 PM Urge 'Yes' Vote On School Issues

BY LEO CEYER

Your Jericho Education Committee of the BCA strongly urges a "yes" vote on both propositions when you vote March 5 at the Jericho High School.

Our committee, at present, is cooperating with other Education Committees in a district-wide drive to get Jericho tax payers to support our local School Board and vote "yes."

In analyzing the brochure the School Board prepared, the following questions and answers are important enough to bear repetition.

- Q. 1. How much will the school cost in taxes per year?
 A. Approximately \$7.50 per home, on the basis of \$10,000 assessed valuation.
 Q. 2. Does this cost include teachers, administrators and maintenance?
 A. No, but these expenses are fixed and remain the same and are necessary in any event. The same number of teachers will be needed for single or double sessions.
 Q. 3. Can we increase the size of our classes?

A. Yes, but studies have shown that overcrowding in a class leads to inefficient and ineffective teaching, with resultant poor standards of education.
 Q. 4. What happens if the Cantiague school is voted down?

A. Permanent double sessions for all elementary grades effective September 1961, with all the resultant poor education situations for children, teachers, and administrator.

March 5 will see your Education Committee in full action. Telephone squads will call all registered voters and remind them to vote. Our last school vote showed that only 85% of our Birchwood Park at Jericho residents voted. We hope to top that this time.

In conclusion, I would like to thank all the members of my committee for their fine support and cooperation throughout the past year. For any information regarding the school vote please call me at WF 8-1072.

And don't forget to vote "yes" March 5 at the Jericho High School.

Civic Bd. Supports Cantiague School

BY GEORGE J. FRANKEL

The Board of Directors of the Birchwood Civic Association at Jericho, Inc. voted unanimously at their regular monthly meeting last Feb. 16 to support the construction of the proposed Cantiague School and the construction of an Administration Building.

The Board invited Sam Hecht, Chairman of the Jericho School Board to attend its meeting. Mr. Hecht presented the facts relating to the cost of construction of the proposed school, and also the statistics concerning the present population and projected future need for school-room facilities.

Mr. Hecht was then questioned at great length and in minute detail on the situation. When all the facts had been most carefully weighed, the Civic Board voted unanimously to support the two propositions to be presented to the public on March 5. The proposition to construct an administration building requires only a simple majority; the proposition to construct a 28-room school on

the site presently owned by the school district on Cantiague Road requires a two-thirds majority. The Civic Board urges all eligible voters to get out and vote for both these propositions.

The Board also voted to support the "Carlino Plan" on State aid for education, and voted to send telegrams to both Gov. Nelson Rockefeller and Hon. Joseph F. Carlino appraising them of our support.

At the request of Mrs. Grace Hershkowitz, the Golden Age Group of the Civic Assoc. was given authority to request assistance from other community organizations.

The Board voted to create a Cultural League of the Civic Association, which is to encompass the Art League, The Art League, as such, was abolished.

Since this was the last meeting of the Board of Directors in this administration, the Board gave a vote of thanks to Ralph Diamond, President, and Herb Shapiro, Chairman of the Board, for the excellent jobs they have done.

At Comco's class won the attendance banner for having the most fathers present. Refreshments were enjoyed by all.

SYOSSET JERICHO TURNPIKE

Todd Jr's 'Scent of Mystery' a Hit

Broadway's newest hit is a picture that dazzled The New York critics hauled Michael Todd, Jr.'s \$2,000,000 experiment called "Scent of Mystery" when it opened at the Warner Theatre and introduced motion pictures latest effort to wean an audience from its home 21" screen. "Very funny, big, noisy, boisterous, suspenseful" were just a few of the adjectives The Herald Tribune's Paul V. Beckley used to describe his own reactions. He also included "don't miss it."

The Journal American's Rose Pelswick called it "Delightfully wide-eyed action, a lilting musical score and a slick cast which adds up to a hugely entertaining show."

"A sly frolic in murder, adomed with needle-sharp wit and settings that rank it with the most rewarding spectacles you ever saw," was Alton Cook's way of describing "Scent of Mystery" in the World Telegram and Sun. "The New York Daily News' Kate Cameron wrote "Cinerama's beauti-

fully scenic effects and thrills that give the audience a sense of participation in the action. Suspenseful chase appeals to the eye, the ear and the imagination. While Justin Gilbert's Mirror critique expressed delight at "vast visions of panoramic beauty spread out in delectable array. A visual feast."

Unlike the only other picture that lets an audience, smell it as well as see and hear it, "Scent of Mystery" was written, specifically to introduce Smell-O-Vision to the audiences. Here is a motion picture, introducing a new device that won critical raves because of its humor, action, mystery to say nothing of its smells.

"Scent of Mystery" stars Denholm Elliott, Peter Lorre, Paul Lukas, Beverly Bentley. It was shot on location in Spain. At The Warner there are ten performances a week, Monday through Saturday evenings at 8:40 p.m. and Sunday at 8:00 p.m. Matinees Wednesday, Saturdays and Sunday afternoons at 2:30.

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N. Y.
by Bob Sutton

Members of the American Legion and the Auxiliary are being urged to contact their two U. S. Senators asking them to vote against Bill S. 2929 which would abolish the loyalty oath provisions of the National Defense, Education Act, National Legislative Director Miles D. Kennedy has reported.

Our post service officer is concerned that many of our members may be suffering from Intestacy. For those members who believe that this is an incurable disease, our service officer, Tony Corri, assures us that there is still hope for you if you will attend our first regular meeting in March, to be held at the clubhouse on March 7. For those members who made a Will, the term Intestacy would have no application because the term means dying without leaving a Will.

In short, a talk will be given to the members regarding who executes a Will, what the Will should contain, the benefits of making a Will, designating a testamentary guardian for your infant children and some of the estate tax problems which must be considered in every estate. All attorney members of the post are cordially invited to participate in the question and answer period to follow the talk, and also to contribute their thoughts in this matter. This talk has been requested

by a number of the members, so you are urged to make it your business to attend this meeting. Don't forget the date—March 7.

March 19, is another big night—our St. Pat's Dance. I understand it looks like another sellout. See Pete Muller or any of his committee members soon as time has just about run out.

National American Legion Commander, Martin B. McKeenally has pledged the Legion's full support of the Eleventh Annual Observance of Armed Forces Week, May 14-22, and of Armed Forces Day, May 31, and is asking all departments to participate in these activities in their respective communities.

Next Color Guard Meeting, March 9.

Personal Mention

ERIC WELLES, 13 South Elm St., Hicksville, a senior at Hofstra College, will play the leading role of Joseph in "The Coventry Annunciation," one of two short "miracle" plays to be given during Hofstra's week-long Shakespeare Festival, March 11 to 19, at the College Playhouse.

Weller, a scholarship student majoring in philosophy, is active in student government and is president of his fraternity, Upsilon Gamma Alpha.

Operation VFW

William Gouse Jr. Post 4
Veterans of Foreign Wars
By LOU LALODINO

It's all over but the shouting and everything is official, now that the report was made on the dinner-dance. Seems that everything went well and just about everybody was pleased at the outcome. We keep telling you not to sell the VFW short, when it comes to having a good time we know how to enjoy ourselves. Already we have many people who want tickets for next year.

As long as we're on the subject of entertainment we will tell you about a little affair we're having at the post on Saturday March 5th, in the evening, of course. We didn't mention it before, in order that it wouldn't interfere with the last big one. The music will be canned and the price is \$2 per person. We will have a buffet, bar, and set-ups for the money. This is a test run and the outcome will decide whether or not it will be a monthly affair. We are having it to welcome all members and their friends. A good time is always had at these little shindigs, so come on out and see for yourself.

the addition of a new member to our post. He is Stanley Zvirbles of 25 Robbe Ave. in town. We always welcome new members to our post, and want them to feel at home. Hope you enjoy it as much as we do Stan. Don't forget to become active boy.

We are also happy to relate that we now have 100% paid membership, with a little extra to boot. The new comrades helped us finally achieve our goal and pass it. Now we won't hunt you anymore about dues. This could have been accomplished long ago, but maybe next year we can do what we set out for every year. So that's that for this year.

You may have noticed as you go through town that there are quite a few of our placards. We have John Turner to thank for this. He went through the whole of Hicksville one day. Its nice to let people know that we do exist in this great town of ours.

There was a lot of talk and correspondence on Mr. McGregor. We decided that we will have letters made up and passed out to all our comrades to mail in. This way we'll get a lot more sent to the State Senate. Dept. and county are really hot on this particular subject. It would be a shame to take away from the veteran.

membership can now pay for it by installment. It goes according to your age. If you're a civil war vet, it only cost \$24. You can pay by the month. And get whatever information they want.

Ladies notified us that their nominations are coming up at their next

meeting, so they will probably come with a new slate of officers for this year.

Our TS slip for this week goes to John Rauth. This is one week John should have been at the meeting. So another dance is added to the coffers. Post drawing was won by Artie Rettberg. What again?

The scouts of St. Ignatius Loyola and their fathers celebrated the Golden Jubilee of Scouting in a Communion Breakfast held jointly by Troops 91 and 491 and Cub Packs 94 and 491 on February 14, 1960, in the basement of the school hall.

A delicious breakfast was prepared by Mike Fasullo, Bert Kolff, George Williams, Chris Reimold and served to over 250 hungry scouts and dads by volunteers from Girl Scouts troops No. 30 and 551, led by Mrs. Joseph Jablonsky and Mrs. Lawrence Demers.

The sponsoring institutions were represented by K. B. Krommenacker and Robert Quinn (Holy Name Society) and C. B. Buehler and Russell Compler (Pius X Society); the respective presidents and institutional representatives, Rev. L. E. Ballweg, Scout Chaplain and Hon. Francis J. Donivan, Judge of Nassau District Court, addressed the

Audio-Visual Topic at P-TA

"A Picture is Worth a Thousand Words," said Gardiner E. Gregory of the Audio-Visual Dept. of Hicksville schools at the Woodland Ave. Parent-Teacher Assn. on Feb. 17.

He proved it by showing some of the modern equipment used in the Hicksville schools. The tape-recorder was used this night to record the voices of the membership in the National Anthem. It was interesting to find that the voice comes back differently. Gregory presented the tape to Mrs. Ulrich, Program Chair-lady.

Poor Showing at International Meet

Bill Link, Umpire-in-Chief of the Hicksville International Little League, called the first meeting of the year with the expressed purpose of acquainting new men who have indicated a willingness to umpire, with some of the problems of umpiring in little league. The veterans of the umpiring staff, Walkiewicz, Toomey et al, were not present because this meeting was held to indoctrinate the newcomers.

Twelve men out of a total of about 50 turned out and considering the importance of the meeting this was an extremely poor showing. If we had to pick the single most important job in little league baseball we would have to say UMPIRING. Without competent men behind the plate and on the bases, the games degenerate into nothing more than a brawl. Pitting it more simply, without umpires, we cannot run a little league so that the most boys obtain the most good.

Bill Link also announced that the Long Island Approved Umpires Assoc. will conduct a seminar on umpiring on Monday, March 28 from 8:00 to 9:40 p.m. The seminar will include guest speakers who will discuss the problems of umpiring little league baseball. It is suggested that our umpires contact Bill Link for more details.

COMBINE REGISTRATIONS
The Hicksville School Recreation Director, Joe Madden held a meeting on Wednesday, Feb. 24th, concerning the combined registration of Little League, Cosmic Mack League and Babe Ruth League. It was agreed a common registration for all leagues was desirable and a date in September, yet to be selected will be set aside to finalize the details of the registration for the 1961 season.

President Phil Muzzulo together with Jim Cooper, Ed Farrell, Bob Flanagan, Frank Menzies and other members of the executive board will meet with the Hicksville Recreation Director on March 2nd for preliminary bidding on fields to be used for 1960. It is to be hoped that the International League will obtain the use of the same fields as last year especially since our league has expanded this year and the need for adequate fields is more pressing than ever.

We are pleased to report that all uniforms and equipment have been purchased and delivery will no doubt be completed long before the season opens. We are also happy to report that present plans call for training to start about the middle of March—it's later than you think.

It is with deep regret that we announce the resignation of our Farms Division Vice President Frank Summers.

Summers Frank has changed jobs and now finds his spare time limited so rather than do a poor job, and jeopardize the league, he has elected to resign.

Frank has been very active in our league having previously coached the championship teams sponsored by Perfect Line Mfg. and Marlers Shell Service Station. While Frank has resigned his active participation in the league, when time permits he will umpire. The question of a replacement for Frank Summers will be taken up at the February 29th meeting of the operating personnel.

General meeting Saturday, March 5th, 1960, 12:30 to 3:30 p.m.
Hicksville Senior High School Auditorium.

- Agenda:
1. Check off and Assignments.
 2. Questions and answer session.
 3. Talk on aims of Little League.
 4. Baseball films and cartoons lasting about 1 hour and 20 minutes.

NAT LEVINE, General Manager of Lion Packaging Co., Inc. of Hicksville, and his wife, Charlotte, are congratulated by TV star Johnny Carson (center), after their appearance on the ABC-TV quiz show, "Whom Do You Trust?". Levine trusted himself to answer questions about such varied subjects as the King of Jordan, the Alamo and the year of General Pershing's birth. He knew all the answers and won \$100, while two other competing couples went down in defeat.
Lion Packaging manufactures Sump-Off Bags, which are sold nationally in leading food and variety stores at 260 Dufty Ave., Hicksville.

Final Registration for CYO Sports

Final registration for the 1960-1961 CYO Sports Program will be held for boys and girls in the hall of St. Ignatius Loyola School E. Nicholas St., Hicksville, between the hours of 9 a.m. and 12 noon on Sunday, March 6th.

Boys who will be at least seven years old and girls who will be nine or before June 1st, are eligible. All applicants must be members of St. Ignatius Loyola Parish.

Each boy or girl must be represented by one or both (preferably both) parents or a guardian. The children need not be present for registration.

The 1960-1961 Sports Program will consist of baseball, track, bowling, football and basketball for the boys and softball, track, and basketball for the girls. Volleyball, tennis and bowling may be added for the girls at a later date.

The registration fee of \$4.00 per child (with a maximum charge of \$8.00 per family) includes the use of equipment, insurance, and a physical examination. An exception to this is bowling—where all fees are over and above the cost of registration.

All children who register are assured of a chance to play in all of the sports listed except for football where participation is limited by Nassau-Suffolk Catholic Grammar School Football League rules governing age, weight and number of uniformed players per team.

Bantams Defeat Merrick Team 25-23

St. Ignatius Bantam A's traveled to Merrick on Feb. 22, to defeat the Cure of Ars team in a close contest 25-23, of a Rockville-Centre Diocesan CYO Basketball League game. Jim McAuley led the St. Ignatius team in scoring with 11 points, while Crowley of Cure of Ars led his team; also with 11 points.

Alternating two five-man teams for a tight defense, St. Ignatius found it hard going against the Cure of Ars team. It was a severe battle all the way, with neither team giving an inch intentionally; and those who viewed the game saw superb playing all the way.

The Fire Horn

prepared by the publicity committee for the rescue squad of the Hicksville Fire Department

This week we begin a series, concerned with the functions of your Fire Department. As previously announced, it begins with the Rescue Squad, which is directly responsible for the operation of the Ambulance.

Several years ago, a group of public spirited citizens on a house to house campaign, raised sufficient funds to purchase and equip a specially built ambulance. At an appropriate ceremony during the Labor Tournament in 1955, it was officially turned over to the Hicksville Fire District.

In order to operate this new addition efficiently, and in the best interest of the community, the Rescue Squad was formed. It is comprised of men from the several companies, who in addition to their regular fireman duties, operate this Squad. In their spare time they have taken First Aid training in classes conducted by the American Red Cross, and each holds and Advanced

First Aid card. In addition they have had special courses in various resuscitators, handling of patients, etc.

Since assuming the operation of the Ambulance, the number of calls have grown each year, from 14 in 1955, to almost 400 at this writing. In addition the Department handles many emergency oxygen calls.

Your Fire Department is still seeking the names and address of backslider (invincible) persons who are helpless and confined to a room, so that the same and a window of the room where they are confined, may be marked with a special sticker. This will be of invaluable assistance in case of an emergency.

If you have such information, or have a question concerning your Fire Department, write:
