Fire Dept Welfare Fund Drive Begins

Volunteers Plan Spectaculars

If present plans of Hicksville Fire Dept. volunteers materialize, the annual welfare fund drive of the vamps will open this week with a triple "bang." For the first time in the history of the fire dept., the volunteers are making their appeal to residents entirely by direct mail.

A number of technical details were still to be resolved at press time but the fire dept committee is seeking official sanction to permit the discharge of three aerial explosions this Saturday afternoon over Hicksville to call attention to the opening of the fund appeal.

Voice In Sky

In addition, a small airplane equipped with a loud speaker is scheduled to hover over Hicksville and remind residents that the welfare drive is underway. Signs proclaiming the drive are displayed at the three firehouses in the community and at other public location.

Residents are being urged in a letter from Charles F. Saurer, chief of the fire dept., to make their returns promptly using the convenience return postage-paid envelope. Saurer was re-elected chief of the fire dept. without opposition last Thursday.

Assistant Chief John Specht is in direct charge of the welfare fund appeal. Contributions of residents provide funds for athletic equipment, benevolent funds, general welfare projects and other accountable items not included in the fire tax dollar.

Chief Saurer's letter points out that more than 500 times during the past year through fire calls, ambulance service and the administration of oxygen, trained and experienced volunteers of the fire dept. answered calls of local persons or families in distress.

"How well they did their job can be attested to by the fact that although fire dept. response increased, total fire loss showed a tremendous decrease in dollar loss."

The welfare fund appeal is connected with the annual Fire Dept. Invitation Labor Day tournament and parade headed this year by John Larkin with Arthur Iakson as co-chairman. The committee has been planning the fund appeal and Labor Day competition for three months.

Larkin said he was proud to have William E. Koutensky, president of the L. I. National Bank, associated with the planning as honorary chairman.

2 Candidate Groups For School Trustees

Two groups of candidates appear likely to be on the ballot for Hicksville School District voters at the annual election, May 4, although few have filed nominating petitions to date.

50 Percent Gain In Transportation

Hicksville Board of Education at a regular meeting, Friday night, voted to increase the distance for the transportation of students, effective next term, to private and parochial schools from the existing policy distance of 12 miles to 18 miles.

The full effect of this new policy will be noted when the Board of Education receives a report from the administration on (a) transportation bids for 1960-61, and (b) the number of additional students requesting such transportation.

An initial motion offered at the meeting to extend the transportation distance to 32 miles to accommodate a request from parents attending schools in the Bronx and Smithtown was rejected by the Board.

Robert E. Goodrich, an incumbent whose term of office expires this year, dispelled all speculation regarding a possibly uncontested election for the first time in a decade, when he confirmed the report, Friday, that he had two running mates—obviously in opposition to the two other incumbents seeking re-election.

Goodrich told the HERALD Friday night that he would be running for re-election with Frank Muller and Walter Haner and that an organization was being formed for their candidacy.

MCCORMACK TO RUN

Jerome G. Zettler and Herbert H. Johnsen, the two other incumbents whose terms are expiring and who are seeking re-election, announced on Tuesday of this week that Cornelius McCormack of 27 Boxwood Lane would run with them in the May 4 election.

Nothing officially was heard this week from Emil J. Szendy and Harry Goebel who, it is known, have been holding meetings in an effort to organize a slate of candidates to "stop this Board."

Nothing has been announced by anyone regarding the single five-year vacancy on the Library Board of Trustees.

A successor to Elery H. Bean will be elected on May 4 also.

REGISTRATION SET

While more than 6,000 voters are registered and qualified to vote on May 4th, additional registration dates have been designated for Saturday, April 23 from 10 a.m. to 5 p.m. and Wednesday, April 27, between 4 and 11 p.m.

A public discussion of the proposed School budget will be held Friday night, April 22, at 8 p.m. in the Senior High School auditorium.

Factory Fire

The Jericho Fire Dept. battled one of the most destructive fires in years on Tuesday evening and early Wednesday morning hours this week, when the Kiddie Land Mfg. Co. factory at 200 Shames Rd. at Brush Hollow Rd. caught fire.

Hicksville Fire Dept. was called to assist at 8:07 p.m. Tuesday and four trucks and men were sent. The Jericho vamps fought the blaze until 4 a.m. Wednesday and then returned at 7:10 a.m. the same day when the blaze started up again. At press time they were still at the scene. However, it was reported that the fire was extinguished. Kiddie Land manufacture kiddie amusement park equipment.

FIRST CONTRIBUTION to the Hicksville Fire Dept. welfare fund appeal was a substantial one from Henry G. Eiseman, at left, handing his check to William E. Koutensky, president of the L. I. National Bank who is honorary chairman of the Fire Dept. project. Lawrence Small, treasurer of the committee, is at the right. Mr. Koutensky is making a personal appeal to business concerns to enlist support of the Fire Dept. Welfare Fund Drive. (Herald photo by Frank Mallett.)

Zettler, Johnsen Highlight School Board Achievements in Their Tenure

Thirteen basic points of achievement by Hicksville School District during his term of office as a member of the Board of Education were cited today by Jerome G. Zettler of 70 Gardner Ave. who will be a candidate for re-election on May 4th.

Star Aerialist At Center Shops

"Maritella," star aerialist of Wirth Bros. Circus at Island Garden, will make a spectacular personal appearance at the Bohack Market in the Center Shops, Newbridge Road and Old Country Road, Hicksville, at 10:30 a.m. this Saturday morning, April 16.

As part of the "Spring-Zing" promotion sponsored by 15 of the Center Shops merchants, Maritella will perform on a swining trapeze, perched atop a moving automobile in the parking area.

The Bohack Co., which is celebrating the remodeling of its super market in the Center Shops section, will also award a host of valuable prizes to lucky numbers. Among the prizes will be reserved seats for the circus at Island Garden.

All Center Shops stores are also handing out entry blanks for the Ken-L-Ration dog show which will be held in the parking lot the following Saturday, April 23, at 10:30 a.m.

All dogs are eligible, and there will be prizes for the best costumed, the smallest, the largest, best-cared-for dog owned by a boy and a girl, the dogs with the longest and shortest tails, etc.

The Easter bunny will be present, in person, at the Center Shops this Saturday, April 16, from 10 a.m. to 1 p.m.

Zettler is teamed with Herbert H. Johnsen of 87 Myers Ave. who is also a candidate for re-election.

"We are asking the voters of the District to consider our record while trustees of the Schools in announcing for re-election," Zettler said. Johnsen and Zettler revealed this week that Cornelius McCormack of 27 Boxwood Lane would be a running mate with them.

The points enumerated include such subjects as taxation, transportation, reduction of vandalism, Ford Grant, accredited high school, construction program, landscaping of school grounds, improvements in the temporary-type classrooms, purchasing procedures, teachers salaries, dignity in the operation of the affairs of the District, recreation and the curriculum study and tracking program.

Reasonable Tax

Regarding taxation, Zettler noted that the Board of Education has been successful in its efforts to keep the tax rate at a reasonable level, without sacrificing the needs of the youth of the community in their quest for education. Present tentative estimates indicated that the tax rate for the coming year may successfully be retained at \$5 per \$100 or less for school purposes at a time when many neighboring districts are (Continued on Page 5)

There will be an open meeting to discuss the proposed Library budget for 1960-1961 at the Hicksville Public Library on Wednesday evening, April 20 at 8 p.m., according to Kenneth S. Barnes, Library Director.

MUSIC CENTER SYMPHONY ACCORDION ORCHESTRA AND COMBOS of the F. Arden Burt School of Music and Music Center, Mid-Island Plaza, Hicksville, gave an outstanding performance at the Hicksville Senior High School on Saturday, April 9 in a concert sponsored by the Booster Club for the benefit of the High School Athletic Fund. The extraordinary display of talent by these youngsters from 10 to 14 years of age in their presentation of selections ranging from Beethoven's Fifth Symphony to rock and roll, proved a pleasing and thrilling new experience in music to all who attended.

close to or exceeding \$6 per \$100. In the area of pupil transportation, Zettler recalled, the Board of Education while he and Johnsen have been members, has developed a policy which is fair and equitable to all. To this end, the Board acquired the calibrated "fifth wheel" for the purpose of measuring distances accurately to determine who is eligible for transportation under District policy.

Vandalism in and around school structures has been reduced by approximately 75 per cent, according to Zettler, due to the efforts of the School Board and the cooperation of the school administrators, teachers, students and parents. Motion pictures were prepared to emphasize the need for cooperation and schools developed a "school pride" program which has paid big dividends.

The District's eligibility for a Ford Foundation grant, he continued, was the result of the encouragement given by the School Board to the administration in developing new programs in science and foreign language study in the elementary schools.

Accredited High School

Hicksville High School is now duly accredited by the Middle Atlantic States Assoc. of Secondary Schools and Colleges, one of the few such accredited high schools on the Island.

The Board of Education while Zettler and Johnsen have been full-time, participating members has continued to watch closely the trends in student enrollment and local population with the assistance of the McCormack Report which was updated to reflect recent developments. As a result a building expansion program was submitted to the voters and carried by a substantial majority. This program was developed to meet urgent need without over building.

Zettler also pointed out that the Board during his tenure has embarked upon a three-year program for the gradual landscaping of the property and grounds of the schools and at the same time has developed its own staff of personnel for the maintenance of grounds at substantial saving to the taxpayers.

He said he would develop the other points of achievement in a subsequent public statement.

US Army Band To Give Concert

Hicksville School Dist. Recreation Dept. will present a concert by the U. S. The Field Band's repertoire ranges from classical arrangements to popular tunes. Each program includes military marches and a variety of specialties and novelty acts. Gov. Hails Jericho Jewish Center

Gov. Nelson A. Rockefeller hailed the cornerstone dedication ceremonies on Sunday of the \$350,000 building of the Jericho Jewish Center "as an occasion to brighten the hearts of the members and all the people of Jericho."

In a message to Max Kopelman, President of the Jewish Center and Dr. Harry Etkin, Program Chairman for the Cornerstone Dedication Ceremonies, held on Sunday, the Governor wrote, "Please convey my warmest regards to all those present at the cornerstone dedication ceremonies for your new Temple building. Any community is the better off, both spiritually and socially, for the opening of a new House of Worship, and I congratulate you on this occasion."

"May your Temple stand for many years to come as a beacon of religion," wrote Rockefeller "as well as a center of Jewish and American culture. I am sure your great project will have the blessing of Divine Providence."

MAKE HISTORY

The Jericho Jewish Center, conservative temple affiliated with the United Synagogues of America, made history as the first religious institution to have been built in Jericho in over 150 years, since the Quaker Meeting-House was built in 1788, which still is being used for worship.

Double cornerstone ceremonies were held in front of the partially built structure of the new Jewish Center, situated on a 3½ acre site on Broadway, near the new Fire House. More than 400 people participated in the long-long ceremonies.

Supreme Court Justice Bernard S. Meyer lauded "the building of community centers as an important step in fighting juvenile delinquency."

Max Kopelman, JCC President, in a brief address pointed out that "10 years and 11 months ago, our father brought forth to the promised land a new nation, conceived in liberty and dedicated to the proposition that Judah will live and flourish forever." He said, "there was no room for the summer soldier or the sunshine patriot. These Israelites like our pilgrims of old, came from the four corners of the earth."

"There are always those people who criticize the constant demands made up them by the House of Israel," Kopelman continued, "however, maintaining a House of Israel is no different from maintaining your own house."

"Jericho" he concluded, "will little note nor long remember what we say here, but it can never forget what we did here. For truly, a miracle has been wrought on these sweeping plains and here it stands in all its majestic splendor."

David Rivlin, Consul of Israel in New York, was unable to attend due to an emergency meeting with the Israeli Ambassador at the United Nations, but sent a message of greetings and congratulations to the

assembled audience.

Other speakers at the occasion included Supervisor John J. Burns, of the Town of Oyster Bay; Nassau County Judge J. Widlitz; Nassau District Attorney Manuel W. Levine.

FATHER OF JERICHO

Morris Sosenow, builder of the Birchwood Park community was hailed as "The Father of Jericho" during the ceremonies. He remarked how proud he was to witness the growth of this community and on behalf of his associate, Leonard Schwartz, and his organization, presented a \$2,000 check to Mr. Kopelman for the fund-raising campaign as a donation.

Tribute was also paid to William E. Koutensky, President of the Long Island National Bank of Hicksville, for underwriting the mortgage of Jericho Jewish Center.

The High School band played several selections during the ceremonies as well as "The Star Spangled Banner" and the Jewish National Anthem "Hatikvah." A color guard by the Jericho VFW headed by Commandeur Vincent Grande participated in the ceremonies.

Habbi Eli Landman, Cantor of the Center, led the members and guests in the singing.

Other speakers at the ceremony included Mrs. Herman Lubitz, President of the Sisterhood and Raymond Simpson, President of the JCC Men's Club, who both pledged their continued financial support of their members.

Mrs. Marlon Jackson, representing the Jericho Preparative Meeting of the Religious Society of Friends and James Malcolm, Elder of the Society, brought greetings from their organization.

Police Inspector Francis D. Looney, representing Nassau Police Commissioner John M. Beckmann; Harold Sussman, Chairman of the Board of Fire Commissioners, and Mrs. Signe

Halleran, Postmistress, all sat on the dais and participated in the final ceremonies of assisting in the laying of the cornerstone.

Syosset School Board Okays Budget

The Syosset School Board has announced that after many months of work they have come up with a school budget for the 1960-1961 year. Board President William McGuirk informs us that despite an enrollment increase of 1,000 pupils for the 6th consecutive year, the Board has been able to hold the District budget to \$6,142,745.00 and yet maintain the high quality of its present education program and in certain areas make improvements.

The Budget has many mandatory increases in costs for normal growth and they are so substantial that many capital and maintenance items have been spread over a period of years to lessen the immediate tax burden.

Specific provisions has been made for improvements to the Reading, English Composition, and In-Service Training of Teachers Program.

Pres. McGuirk pointed out that because of conflict in interpretation of the new State Aid Legislation it is almost impossible to announce a tax rate for the budget.

As soon as your Education Committee receives its copy of the budget, we will attempt to analyze it

Approve Park Plans

BY LARRY GIBBS

The good news finally came through last week that the Jericho Park District budget had allocated a sum of money for the landscaping and planing of the area on Maytime Drive at the foot of Merry Lane. This area—which is immediately adjacent to the Jackson School—has remained barren these last three years and has tended to become somewhat of an eyesore.

Your Civic Assoc. Board was given the choice some 2 ½ years ago as to whether our community desired this area to be planted as a true park or whether a utilitarian use, such as the installation of swings, slides, etc. was desired.

The vote of the Board at that time was that a true park was preferred, provided that no benches be placed thereon.

At a Civic Assoc. Special Board Meeting on April 7th considerable discussion ensued on the motion to confirm the Civic Assoc. Park Com-

mittee's report approving a true park without benches. After some three hours of discussion on the relative merits of a true park as against a utilitarian park, the issue was finally resolved in favor of a true park with benches.

At the same Board meeting, the Board voted approval of the Park Department's proposed plan for the utilization of the area on Maytime Drive near Jericho-Tumple. This plan contemplates the installation on this land of two basketball courts in addition to the baseball diamond, swings, etc. which have heretofore been installed. Piping will be placed underneath the contiguous basketball courts so that the same can be flooded in the winter and the frozen surface used for ice skating.

A communication was also sent to Sam Hecht, Chairman of the Jericho School Board, requesting beautification of the Jackson School grounds and the planting of trees on the curb strip on Maytime Drive.

Background on Jericho Library

BY RALPH DIAMOND

A great deal of confusion appears to exist in our community over the proposed Jericho Library. As the result, I wish to point out that the proposed Jericho library is confined to those residents residing within the Jericho School District. A short review of the history of the Library Committee of the Birchwood Civic Assoc. will explain this situation.

A Birchwood Civic Assoc. Library Committee was formed approximately nine months ago. The committee consisted of residents of both the Syosset and Jericho school districts. An intensive research into the problems involved in obtaining a library was conducted by this committee. After gathering all the necessary information and material, the library committee presented its findings and recommendations to the Civic Board of Directors.

The Board of Directors, upon recommendation of the Library Committee, voted to favor a joint Jericho-Syosset Library District. The Board of Education of each of the school districts was contacted as to their opinion regarding a joint library. The impression we received from the schools was that they did not particularly favor this proposition.

The Civic Assoc. Board then voted to expend its energies towards

obtaining a library in each of the school districts with concentration mainly upon the Jericho School District. However, it was further decided that our campaign be delayed until after the Jericho School District voted on the Contiguo School. As soon as the Contiguo School was approved, our Civic Board gave permission to our Library Committee to participate and encourage other Jericho organizations to obtain a Jericho Library.

The information obtained by our library committee was turned over to the Joint Library Coordinating Group. All necessary steps to obtain a library are being taken. The library committee in the joint council will report and recommend its findings to our Board of Directors.

A separate Syosset Library Committee is now being formed and will, in a like manner, start its campaign to obtain a library in Syosset School District in cooperation with other organizations. Our residents must understand that after many months of research, it was felt by our Civic Association that the only feasible way of obtaining a library was to work within the school districts. The present New York Education Laws make it extremely cumbersome and very impractical to attempt to obtain a library outside the jurisdiction of a school district.

Interview Jericho School Candidates

By JOSEPH GENNA
The Jericho Education Committee of the Birchwood Civic Association met on April 4 at Ruth Koppelman's house. The three candidates running for the Board of Education will be interviewed and recommendations will be made to the Civic Board of Directors.

The motion was carried to recommend to the Board of Education that the Summer recreation program be expanded to a full day program and that provision for this be made in the budget.

The motion was also carried that a letter be written to the principal of Jericho H. S. expressing the committee's appreciation for the new program put on at the High School for the parents on the night of March 30th.

The voters of Birchwood Park will have an opportunity to vote on Tuesday, May 3rd, 1960 for (1) Two vacancies for members of the Board of Education (2) The budget for the school year 1960-61, (3) Adult Education Program, (4) Li-

brary appropriation—\$30,000.

Voters who registered for the Cantigue School - Administration Building vote need not register again. Other voters must register on Thursday, April 21, 4-10 p.m. or Saturday, April 23, 2-10 p.m. at the High School.

The Committee urges everyone to vote in this important election! Citizens of the community are also urged to attend the following curriculum meetings at the Jericho High School auditorium - Tuesday, April 26th at 8:30 SECOND GRADE and Tuesday, May 10th at 8:30 THIRD AND FOURTH GRADES.

Pioneer Women Aid Jewish Appeal

The United Jewish Appeal, through its various agencies, aids refugees in transportation, provides relief and rehabilitation for needy people in Israel, helps newcomers become integrated when they reach New York, conducts morale and welfare programs for the 150,000 Jewish men and women in the Armed Forces and in Veterans Hospitals, fights the battle against bigotry and intolerance, and provides an international Jewish migration service that works with governmental and other national bodies to promote increased immigration opportunities. This year, they are also faced with the problem of wiping out the "Ma-abarot".

In Israel today, 60,000 recent immigrants are still existing in squalid transition camps called "ma-abarot," where they have languished for years. These dwellings are spartan one-room slacks made of tin and canvas, where families with as many as eight or nine members live in sub-standard conditions.

The United Jewish Appeal needs your help. They are being represented here in Birchwood Park, by the Pioneer Women. On April 25 there will be a luncheon held at the Midway Jewish Centre. The \$5 admission charge will go as a full contribution to U.J.A. Tickets can be obtained through Pioneer Women, by calling Sylvia Talacoff, OV 1-4567.

President's Corner

By IRWIN BAUMEL
As the Voice of the Turtle is heard in the land, Birchwood becomes aware of its lack of Park greenery. Your Civic Association, recently focused its full attention on this problem with encouraging results.

The Civic Association's Park Committee was alerted to the fact that the Town of Oyster Bay was preparing to award contracts for the improvement of Jericho parks. At your request, Councilman Edward J. Poulos delayed the contract awards for one week.

Last Thursday night a special meeting of the Board of Directors was called to review the park plans. The merit of these plans was debated and alterations were suggested. Mr. Poulos was notified and the Town Council will make the contract awards on Tuesday, April 12, at their regular meeting.

Park Superintendent Peter S. Hussey assured us that this year would see significant improvements in both parks. The Town Council action is sufficiently early in the season for the planting of trees and shrubs that we will be able to enjoy this summer.

Our Park Committee, chaired by Larry Gibbs, also addressed a letter to the Syosset District No. 2 School Board suggesting a possible leasing of the ten acre tract of land bordering on Forsythia Lane to the Park Department for improvement and usage. It is hoped that we will receive a favorable answer.

The Library Committee has been extremely active. May 3 is the voting date on the Library question. Your attention is directed to Ralph Diamond's article appearing in this issue.

Both Education Committees are awaiting the formal presentation of the school budgets. At that time they will make recommendations to our Board of Directors. These will be published in the Villager. I urge you to give the question of School Board candidates and budgets a great deal of thought and attention. There are few things that affect the well being of our children as directly as the type of education we provide for them.

Jericho After Dark

By GILBERT B. STEIN

Our first assignment concerned itself with Jericho's youngest organization known as the FRIENDS OF THE JERICHO LIBRARY. Organized just over a month ago, this committee of dedicated people from all the corners of our village is the result of years of effort and planning by such groups as the Birchwood Civic Association at Jericho and, of late, the West Birchwood Civic Association. Mrs. Dan Sirotka of 20 Merry Lane, Jericho, is the chairman of the FRIENDS. She is receiving splendid cooperation from the Jericho School District, Superintendent Laut, in particular.

This reporter arrived at the Sirotka home on Feb. 28, well after 9 p.m. while a meeting of the FRIENDS was in session.

The evening was devoted to earnest planning by this group of devoted locals engaged in a noble community effort. The growing and bustling community of Jericho is presently without a public library. The need for one is obvious. A tax supported public library here will add a slight amount to the homeowner's tax burden but the benefits to the children and adults of our community, of course, far outweigh this. In fact a public library seems at this moment our civic need number one. The FRIENDS OF THE JERICHO LIBRARY will shortly publicize all facts and figures pertaining to the financing of this venture and individual residents of Jericho who feel qualified are asked to

Here and There

By Florence Berger
Happy Anniversary to Mimi and George Frankel of 23 Fountain Lane, April 15th is the date.

Sincere condolences to Jerry Barnett of Forsythia Lane on the loss of his beloved Father.

Get well wishes to Bernice Blaker of 139 Forest Dr. home from hospital.

279 women attended a fabulous luncheon and fashion show at the Golden Slipper sponsored by Jericho Jewish Center Sisterhood. Andrea Bicks of Villages Drive won the Week for two at a Florida Hotel (air transportation both ways) and her mother Sylvia won a 2 day stay at the Fallsview Hotel in Ellenville. Hews that for a lucky family. Both attended same luncheon.

Sincere Condolences to the family of Betty Gollen of Merry Lane on their tragic loss of wife and mother, Betty Gollen.

Jericho was well represented Saturday night April 2nd on the Ted Steele dance band TV program. The couples were the Gansles of Hazelwood Dr., Birnbaum, Horns, Sachs of Hightop Lane, The Schmeicers of Hazelwood Dr., Friedmans and Gibbs of Hedgecove Lane, the Davis of Woodbury. There friends started a club that meets once a month and goes out with the rulling that no more than 10 dollars per couple may be spent on that evening and the host or hostess has to think of a place to go for that nite. The dance party was it for host and hostess Morris and Alice Garlick. Heard that Claire and Seymour Friedman were interviewed that evening on TV. All photographed beautifully.

Bruce Margolies of Merrit Lane is in the hospital again with a bad Hip. Just as they were about to leave for Florida too. Tough luck Bruce. Get well quickly and I'm sure Florida will still be waiting.

Arlene Livinston of Maytime Dr., is quite busy this time of year handing out her little dime banks for Hadassah's Fall luncheon at the Swan Club in Roslyn Harbour. Save your dime girls and you'll be helping a child to see again in Israel

Jericho Lodge, B'nai B'Rith, has selected the winner of its first annual Brotherhood Essay Award. The bright young lady, to whom the Award was made, is Edna Hauschild—a tenth grade student in Jericho Junior High School. Each year Dr. Kenneth Lant and a committee of the Lodge, will present the Award to that student in the tenth grade of the Jericho School System whose essay most adequately expresses the ideals of Brotherhood. Dr. Lant, Jericho School Superintendent, is to be congratulated, as is the Jericho Lodge, for making this Award possible.

It's Your Problem Too!

By ALLEN S. CARPENTER
President, Hicksville School Board

School Board members work for what they believe to be the best for the education of the children of their District. Good ones also work extensively to maintain the proper direction in all school matters.

For the past four years our school board has worked to remove our District from unnecessary controversy, foolish bickering and tried to restore the respect and confidence once normal to our community.

We have succeeded to such an extent that I am both amazed and proud. For the past two years, harmony on the Board has become the expected rule, not the exception.

Good business practices are used in every business office in our district. The tax rate reflects this: 1957—\$4.81 per \$100; 1958—\$4.82; 1959—\$4.75 and 1960—\$4.55, while surrounding District tax rates are climbing, ours has been held stable by a hard working School Board and an excellent team of School administrators.

While the tax rate has been held well within bounds, we have made excellent educational advances. We are the 14th largest public school system in the entire State of New York (including New York City), but we are in my opinion, the FIRST public school district in this great state insofar as modern, sound education is concerned.

We have pioneered and proven that education for modern day needs in science, math, language and vocational areas can be taught to all our children at reasonable cost. The people of Hicksville, when talking about public school education, do not need to "doff" their hats to any other community. We have equaled and passed Garden City, Great Neck, Port Washington, Roslyn, Manhasset, and all other first rate districts in our state. Hicksville's total cost of all public school functions is only \$815.39 per pupil for the current 1959-60 school year. Consider these: Roslyn \$1,200, Great Neck \$962, Westbury \$699, Bethpage \$695 and Levittown \$646.

Of our \$615.39 per pupil, \$335.42 goes for teachers salaries, Social Security, and pension payments. Seventy-seven dollars goes for school building (principal and interest). The remaining \$213 per pupil pays for all other school costs.

We have been able to make this progress for several reasons including:

- 1—We have a community that will support a good school program.
- 2—We have replaced "soft headed" educational administrators with educational realists—men who are "doers" not "dreamers."
- 3—We have gotten rid of "know it all" business directors and replaced them with hard-headed, experienced business men.
- 4—We have the best teaching staff in the state, well-paid, well-trained, cooperative and devoted (almost without exception) to their profession of teaching our children.

Boy Scout Activities

91 EVENTS

After all points were tallied "JASM" Mike Fassilo reported that Jobu Matern's "RON KON KAMA" patrol was the winner in the recent intra-troop scouting contest held during the troops regular weekly meetings at St. Ignatius. Congratulations to scouts J. and F. Martorn, Berg, Lege, Kay and Dargan, all of whom helped make it possible.

Advancement seems to be the keynote of the troop lately. Scouts Kapinski, Esgro, and B. Wagner passed their tenderfoot requirements; J. Franco advanced to 2nd class and Clarke Giannelli obtained his physical fitness merit badge. (His 21st M. B., by the way.)

Assistant Scoutmaster John Clinka reported that the troop "roller-skate" outing held at Jones Beach, Mar. 19th, when off as planned. About 50% of the troop attended and the following scouts rolled a little closer to their accomplishment of their physical fitness merit badge: Arnold, R. and W. Healy, McGreevy, Clinka, J. and F. Matern, Berg, Kay, Dargan, Brummer, G. Franco, Studer, Kilgallon, and N. Reid. (Arnold's "Apache" patrol had the best attendance.)

Thanks to Messrs. Brummer and Kay, they helped make it possible by supplying the necessary transportation. While there, the troop had the unusual distinction of being observed by Mr. Robert Moses, N. Y. S. Park Commissioner. It really was quite a day.

The Story of a Scout: A young scout was waiting in a dentist's office one day. He had a bad tooth that needed pulling. The dentist noticed that he was nervous. To help calm him down, the dentist offered the boy scout, a drink of soda—which he readily accepted. After 2 or 3 sodas, with that the scout replied, "Yes, I have, as a matter of fact, I'd like to see anyone touch my teeth now."

In brief: Congratulations to Scoutmaster John Sholl on the new addition to his family—the little one's name is Peter John.

The troop initiated its current program to assist all scouts in obtaining the "Ad Altare Dei" award. —Don't fail to get in on it, boys—it a fulfillment you'll carry through out your life.

In closing: Phil, the old scout, would like to say, "Nothing ventured, nothing gained—this a good scout knows."

Scouts All. Folks!

The Fire Horn

prepared by the publicity committee for bureau of fire prevention and inspection of the Hicksville Fire Department

"I want to report a fire. My address . . ."

Whether via the telephone or by use of the corner fire alarm box, the sounding of the Fire Horn immediately sends your Hicksville Fire Department into action. The response to the first station by the men and the dispatching of the equipment to the scene, all take place in the matter of minutes. But, all this could be for naught. The reasons are simple. The first secret of safe and efficient fire suppression is early discovery and the rapid alert of the fire fighting forces. It is in this respect that the average home owner is sometimes negligent. It is quite understandable that our first actions are those of self-preservation of both our family and property. We feel we must do something, so we attempt to fight the fire. This is all well and good—the home owner can help in the first early minutes of discovery, but only after:

- 1) Removal of his family, to safety, and
- 2) Immediate notification of the Fire Department.

Then the homeowner can ask himself "What can I do until the Firemen come?"

Although of great interest, this question can be better answered by devoting the total of this column to the subject. This, however, must be done at a latter date. Of utmost importance at the moment is stressing the point again and again . . . call your department. Your safety

and the safety of your family and property is the primary concern of your Fire Department . . . help them to do their job. The fire service does not mind a dry run nearly so much as one where they are too late to do anything.

Again, may we ask your cooperation in submitting names and addresses of bed-ridden invalids. Merely drop a card or call your Hicksville Fire Department.

SPRING

Today I couldn't find fault at all. Each grievance seemed so very small.

My personal gripes don't mean a thing. Because you see, today is Spring. The sun sends forth its healing glow. Somehow you just have to know. All winter's troubles will disappear. Now that friendly Spring is here. Cookies' smile is all that's charming. The children's noise seems less alarming.

Nothing seems to matter when you know that Spring is here again. The women flaunt a bloom that's new. And even nature's looking pretty too.

Of course that's easy to explain. It's just because it's Spring again! Betty A. Starke

Internationals Get Into Shape

The 16 teams comprising the Major and Minor Divisions of the International Little League are rapidly rounding into shape. While the cold weather has to some extent hampered practices, the managers nevertheless find their charges enthusiastic and ready and willing to work to place their teams in contention.

Boys who have been assigned to the Farms Division will be informed this week the names of the teams on which they will play and will shortly thereafter be called for their practice sessions.

The sponsorship committee reported last week that all teams with the exception of one Farm Team is

now sponsored and the remaining team will probably have its sponsor before the season starts. This committee headed by Ed. Fazzoli and ably assisted by Sam Bergolitz has done an outstanding job and the League extends their deepest thanks to those two willing workers.

We might also add a few words of praise for our Executive Vice-President, Archie Rosica, who has labored long and hard for many weeks to assign boys to teams that will make each team a contender. Archie has always had the good of Little League at heart and has on many occasions declined personal glory for the good of his Little Leaguers. Archie is extremely well liked by the boys which is always an indication of a man's character. We congratulate Archie for his splendid work and his untiring efforts on behalf of the International Little League.

Sees More Growth In Decade Ahead

Nassau and Suffolk Counties can expect "a far greater proportionate increase in population than the nation as a whole" in the coming decade, according to Leonard L. Frank, partner with Walter G. Stackler in the ownership of Mid-Island Plaza. Frank, recently elected vice president of the National Assoc. of Home Builders and a L. I. building for 37 years, made the statement this week.
