Return To Hicksville

Col. and Mrs. William C. Godfrey have returned to their residence at 29 Willet Ave., Hicksville, after a two-year stay in Mexico and Haiti. Col. Godfrey had served the community for several years as the director of Civil Defense before leaving to supervise a hydraulic installation in Central America.

Hicksville Schools Score Another First

The installation of the Language Laboratory at the Hicksville Junior High School was completed last month with the aid of the National Defense Education Act funds. So far as is known this is the first junior high school in the nation to have this equipment installed. A similar installation is planned for the Senior High School this fall, according to Wallace E. Lamb, Superintendent.

Installations of mechanical and electronic equipment to facilitate language learning, generally known as: language laboratories, came into use during and after the specialized language training programs of World War II. Their effectiveness in providing increased experience in hearing and speaking a foreign language is being widely recognized now that the international responsibilities of the United States have intensified the need for Americans to communicate directly with many other peoples of the world.

According to a survey made during the 1957-58 school year there

are language laboratories in 240 colleges and universities (distributed among 41 states, the District of Columbia, Hawaii and Puerto Rico) and 61 secondary schools in 23 states (46 public; 15 private).

The language laboratory at the Junior High School is "audio passive" (the student can listen only) AND "audio active" (the student can record his own voice and then listen to it) and "evaluatively audio

active" (the student can record and listen to his own voice and that of a master simultaneously).

The laboratory will be used in the following ways: pronunciation and phonetics; grammar and sentence structure; aural comprehension; oral self-expression; cultural material; dictation; review; and aural-oral tests and examinations. It is evident that the laboratory is designed to meet the individual linguistic needs of the students.

Railroad Elimination, Aaron L. Rochman and Mal Pierce; Parking, William Payoski; Highway and Traffic, Francis Anderson; Merchants, Helmut Kraft; Promotional, Pat Caputo; Chamber meetings, Francis Anderson; Public Relations and Information, Lou Kapstatter; Post Office, John Barry; Christmas Lighting, Irwin Goldmann; Information Booklet, Larry McCaffrey.

Major Problem Facing Commuters Next Week

About 2,000 daily commuters who travel to New York City and other points from Hicksville Station face the prospect of getting other means of transportation to work Monday morning. The Brotherhood of Railroad Trainmen, including conductors and ticket collectors, have announced their intention of going off the job at 12:01 AM Sunday, June 19 and the LI Rail Road says, "We'll have to close down the railroad if this threat is carried out". Tom Goodfellow, LIRR president, confirmed this in an interview with the HERALD, Tuesday afternoon.

The basic issue, the RR says, is the so-called five-day week for trainmen. A Presidential Fact-Find Board has recommended the trainmen withdraw their local demands. If found the LI trainmen in 1959 averaged \$7,965 a year and some conductors made between \$12,000 and \$15,000 last year.

Show Antique Americana at Plaza

Harkening back even beyond the days when people were shouting "Hello Central!" into the box telephone, lighting their way with colorful oil lamps, and peering at shadows cast upon the wall by a candlelit projector, is the Antique Americana Exposition to appear at the Mid-Island Plaza today thru Saturday, June 25.

Ten different glass enclosed display cases illustrate the authentic old-time products and inventions that heralded America's entry into the "golden age" of industry and productivity. Each unit has been loaned by a major American company in an effort to bring their history to the American public. The early telephones of Alexander Graham Bell make up one display area submitted by the American Telephone and Telegraph Co. The first telephone book ever printed will also be on display with Edison's electric fire alarm box. The gradual evolution in design and engineering of these items is most graphically portrayed via the working models, antique printed literature and early advertising.

There is an exciting collection of the "Guns That Won The Golden West." The craftsmanship of these hand-wrought original models illustrates the significant role they were made to play in their day.

The entire Exposition will be located directly on the mall of Mid-Island Plaza and will be housed in striped "cafe-type" tents.

CYO Day Camp Enrolls Youngsters

Registrations to attend the new Marydale CYO Day Camp are now being accepted, according to an announcement made by Rev. Gerald J. Ryan, Director of the Catholic Youth Organization in the Diocese of Rockville Centre. The camp will open a summer play program on June 27th for boys and girls, age-6-14 years, from Nassau and Suffolk Counties. It is located on Rindled Road and Route 110 in Melville.

Among the newly constructed facilities at the camp are 3 large, well-equipped swimming pools where daily swimming for each camper will be featured, under the supervision of the qualified American Red Cross instructors. 4,000 children are expected to attend the program, 800 in each of five two-week sessions.

William E. Barr of Huntington, will direct the program, he will be assisted by Sisters of St. Dominic, seminarians and college students who will act as counselors.

\$44 a Day Is Cost For Family of Four

Motorists looking ahead to their summer vacations should count on spending an average of about \$44 a day for a family of four while on the road, according to Alfred J. Starger, travel manager of the Automobile Club of New York.

This figure is for driving for overnight accommodations, \$18 for meals, \$6 for gas and oil and \$6 for tolls, admissions and miscellaneous expenses.

A daily budget for two persons is estimated at \$30, with \$10 of this amount allotted for food, \$11 for lodgings and \$3 for miscellaneous items. Auto expenses of \$6 per day remain the same.

To take care of unplanned incidents and emergency needs, the auto club official recommends adding an extra 15 per cent to the vacation budget. The vacation figures do not include car or tire depreciation or insurance costs.

WEST BIRCHWOOD—JERICHO CIVIC ASSOCIATION

June 16, 1960

Jericho Lodge Sponsors Operation Mercy

In order to aid the victims of recent earthquakes and disaster in Chile B'nai B'rith Jericho Lodge is establishing a depot in the Birchwood Park Shopping Center, for the collection of blankets and warm clothing. The depot will be open from 9 a.m. to 2 p.m. on Sundays, June 19th and June 26th.

Besides the depot the Lodge has

set up a flying squad of trucks and station wagons which will collect these articles not only in Jericho, but anywhere in Nassau and Suffolk counties.

Thirty-six cars and trucks will tour the Birchwood community, assisted by Boy Scouts, at 11 a.m. this Sunday, collecting items. Cars will display the "Operation Mer-

cy" stickers. B'nai B'rith Lodge urges all residents to support this project by either dropping off their merchandise at the depot or calling traffic managers Murray Oatscher WE1s 1-3364, Dave Brown Overbrook 1-3364, or Howard Turkell Overbrook 1-5448 for a pickup at your home.

Suburban Gardener

by Ralph Pignatone

The most trying season, summer, will soon be here. It is a difficult season for lawns, trees, and shrubs. Any tree or shrub that has not yet gone through its first summer in its new location will show a definite adverse reaction if not given proper care. If your Red Maple leaves are turning brown and curling, if your Dogwood leaves are turning red and browning at the edges they are suffering from lack of water. If you have gray green areas in your lawn or areas turning brown, this is also a sign of a lack of water.

Water now if you haven't watered in the past week. Water any trees or shrubs that are showing symptoms of drying by allowing water to run slowly around the base of them for 2 to 3 hours. Most of all be sure of water newly planted or transplanted trees or shrubs.

PEONIES

Many of the West Birchwood citizens have purchased Peonies this year. Peony blossoms have been magnificent this year. To maintain the plants at top vigor and in good health, post flowering care should continue until the ground freezes.

When removing withered buds or cutting flowers for indoor arrangements the more food the plant will be able to generate before it becomes dormant.

Leaves the turn brown should be removed immediately. Foliage from even the healthiest peony is never saved for composting but should be destroyed as well as brown leaves during the course of the year.

Peonies used regularly will keep Peonies healthy, but the spraying cannot be neglected. As soon as the red shoots show at the ground level, begin weekly spraying the next spring until buds break. Peonies will respond very nicely to Bone meal and a top dressing of cow manure. Peonies have been known to live for years and with a reasonable amount of care they will reward you with a bonny of their many flowers each year.

In the past three weeks, many new homeowners in the West Birchwood area have been blessed with 8 shrubs and a tree from the builder. Although these shrubs may not seem the best in the world, and unless they were dead when given to you, with a little care these shrubs have proved to become nice plants in a few years.

After the builder plants them in front of your home you will be very wise to remove them to the back or any side of your property and replant them in a mixture of good top soil and peat moss. Water well and fertilize and you will be surprised at the results.

West of B'way

by Mary Ellen Lazare

Derwood Guy III's stubborn tenacity, sprouting like weeds, had to be removed for the second time in a year. He is recuperating nicely at his home on Orange Drive.

The first wedding to be held in West Birchwood was appropriately enough held at the home of our civic association President Dave Serko on Craig St. Dave and his charming wife, Joan, were hosts to 55 guests at the marriage of Dave's sister, Trudy, to Charles Umansky. The bride's parents flew up from their home in Panama for the festivities. The newlyweds are honeymooning in the Florida Keys.

Among the recent birthday celebrations were Ricky Simmons of Saratoga Drive who reached his fourth birthday on June 12th and Steven Harzantz who was five years old. Pamela Winstrop, Janice Grabin and Joey Hertzinger all celebrated their fourth birthday last week.

The Sixth Grade class at the Cedar Swamp School held a graduation in honor of their "graduates."

June is the month of weddings, and West Birchwood has its share of nuptials. The Keavy's of Saratoga Drive tied the knot eight years ago. Dr. Larry Marden sent his wife, Barbara, ten long-stemmed roses in honor of their anniversary. Rommie and Charles Auerbach of Orange Dr. will celebrate their seventeenth anniversary on June 20th.

Mary Ellen Lazare and her young son took a quick flying trip to Florida to visit her father for Decoration Day week-end.

Janice Hayflick is attending a wedding in Washington.

The Bonagrat family of Orange Drive is entertaining ideas for two suits from New Orleans, Louisiana.

Allen Revit will have his Bar Mitzvah at the Jericho Jewish Center on June 25th. He will be host to his friends and relatives at a reception at the Salisbury Country Club following the services at the Temple.

We regret to report the untimely death of David Bergman of Craig St. on Sunday, June 12th. Our sincere condolences to the bereaved family.

PICTORIAL HISTORY

For the next two weeks, the Meadow Brook National Bank in Jericho will have a display in its lobby on the pictorial history of Jericho. The collection of pictures was donated by Harry Stewart.

Community Welfare Group Report

UNSOLD HOMES: The matter of the empty, unsold houses will be investigated by the committee. The opinion was expressed that they are becoming a definite problem in the community. Their appearance is unsightly, and made worse by the dumping of grass clippings, and other debris on the property. Very often, young children are attracted to them, inviting injury from the many broken windows in most of these houses. Dr. Harold Pilsbry stated that the buildings pose a definite health hazard if, as suspected, mice and rats inhabit the cellars. The committee plans to ask the builder to remedy the situation. If no relief is forthcoming, the neglect will be brought to the attention of the proper county and town authorities.

STREET DEDICATION: For over a year the committee has been working for the day when the streets would become public property. The Town of Oyster Bay has been moving somewhat more slowly. The necessary legal paperwork has been submitted. The Superintendent of Highways with a listing of proposed streets and sidewalks defects. The machinery is now in motion. The Committee decided to once again assume an active role in the problem and will bend every effort toward the day when the community has the benefits of street lights, police protection and all else that will follow acceptance of the streets by the Town.

TUESDAY RUBBISH REMOVAL: Saturday is not the ideal day for rubbish removal, inasmuch as the weekend grass clippings, etc., must wait a full week before being picked up by the sanitation crew. If such service could be moved to the Tuesday pick-up, all residents would benefit. (A present solution — but definitely not recommended — is dumping such material behind the unoccupied houses or in the area when new construction is going on. However, this is not the long term answer to the problem.) Several months ago, the Town Sanitation Dept. was asked about this and replied that it was not possible "at this time." The Committee will now petition the Town once more.

BIRCHWOOD ENTRANCE ROAD: What will the entrance to West Birchwood be like when the L.I. Expressway is completed? What will the condition of this road be while work is going on? These two questions assumed renewed importance recently when construction at the entrance narrowed the road to two slim lanes, which poses certain safety problems — particularly when negot-

ating a right hand turn into the community. The Committee will seek to find out the answers. From available maps of the planned road sites, the Committee will try to interpret the information in terms of Birchwood streets.

Jewish Appeal To Honor Rabbis

The newly formed United Jewish Appeal committee for the communities of Jericho, Syosset and Oyster Bay will honor five rabbis, Morris Appelman, Emanuel Green, Simson Kobrinetz, Bernard Rubinstein, and Robert Schenkerman at a social on Sunday evening, June 26 at 8 P.M., at the Jericho Country Club. It was announced by the Judge Bernard Zipper, Campaign Chairman.

Serving as associate chairmen are Daniel Bernstein, David Bernstein, Emanuel Borinstein, Julius Diamond, Ralph Diamond, Ben Rayman and Al Klein.

The members of the sponsoring committee are Albert Aserat, Otto Babich, Horace Bernstein, Nathan Dechter, Victor Karyf, Dr. Morris Kellman, Max Koppelman, Albert Nerkin, Ralph Nierenberg, William Shoshone, Julie Sommers, Gilbert B. Stein, Howard Turkell, Norman Turkell, Dr. Harold Wagner and Marry Welser.

Jericho Blood Bank at School

Today, June 16, the Jericho Community Blood Bank sponsored by the residents of the Town are preparing to give blood at the George A. Jackson School, Maytime Drive, from 5 to 9 P.M.

The Jericho Community Blood Bank was founded in 1959, as a memorial to one of its residents, who died of a blood disorder. The purpose of the blood bank according to Abraham Eismann, Chairman of the committee, "is to ease the burden of its community in time of need and make available the services of a Blood Bank to all within the geographical confines of the town of Jericho, irrespective of color, creed or religion."

Eismann states that "the blood bank collected 275 pints during its first year of operation and dispensed 37 pints to citizens of the community."

William Grant Jr. Post
Veterans of Foreign Wars
No. 11841 St. Rupert

We are still in need of blood for our bank. As you know, to keep the necessary life line of blood moving for our own benefit there must be an ample supply in our own VFW bank to draw upon should circumstances beyond our control demand such. Blood procurement programs are now currently being sponsored by VFW units throughout the country. Cheers and congratulations to Lillian and Myra Litwin and Mary and Tony Sadowski for the very fine way they handled the salads and refreshments after the Memorial Day parade.

In closing, let's not forget to keep up our never ending campaign for new members. In unity there is strength and combining this strength with good fellowship embraces the protection and promotion of Americanism.

Kiwanis Leading Internationals

This week the important game of the first half of Hicksville International Little League Major Division, was played between GOLDMAN BROS. and KIWANIS. KIWANIS came away the winner of the ball game with the score 6 to 1, and also became the winner of the first half of the schedule.

Hobbes and Baranski was the winning battery while Ziegler pitched and Schaffner and Constantine did the catching for the losers. Hobbes had a knock-out going into the last inning, when Hobbes slammed a double to left center followed by two singles to score the only run for GOLDMAN.

The boys had the rest of the week off and practice was the keynote for all teams. The second half of the season promises to show an improved game as all members claim they have the winning team. PERKINS TRUCKING puts their hopes on the strong arm of George Schwarz and power as the plan. Manager Jim Cooper isn't giving out any predictions specially asking with an optimistic smile for us to wait until the end of the season. Ed Messick, pitcher of THE LONG ISLAND NATIONAL BANK, claims his thirteen good men and strong will take the second half. Frank Summers newly installed manager of GOLDMAN BROTHERS, and in charge for only three games has some surprises up his sleeve and with confidence from the Kiwanis support to give the leaders a run for their money. Ben Baranski, the quiet skipper of KIWANIS, as usual has little to say, letting the record speak for itself.

MINOR "A" DIVISION

After a week of rest, the Minor "A" Division resumed activities for the second half of the schedule. This half will be watched with interest as several changes were made in the rosters of various teams which should result in all teams being more evenly matched.

HICKSVILLE RAMBLER got off to a flying start by taking both games of the week with FARMERS FURNITURE by scores of 6 to 5 and 10 to 7. INSTRUMENTS FOR INDUSTRY split with TROLIANO TRUCKING, taking the first game 10 to 2 and dropping the second 15 to 7.

HICKSVILLE LIONS and AMERICAN LEGION staged two slugfests for a split-off in their series. The LIONS taking the first game 10 to 4 and American Legion bouncing back in the second by 11 to 5.

MID-ISLAND HERALD and MADDEN'S wouldn't concede anything to each other and split by scores of 8 to 2 and 11 to 9. MADDEN staged a last-inning comeback scoring six runs and over-

coming the HERALD in the second game.

All the boys seem to have found their batting eyes lately and everyone seems to be getting their share of hits. The pitchers are beating down batters to try and hold them in check. The fielding of the boys shows great improvement as a result of the practice sessions the managers and coaches have been giving them.

We believe the managers and coaches run a sound of applause from all for the time and effort they devote to the boys. We would like the parents of the boys to show their appreciation of what is being done for their sons by coming out to the games and cheering their teams on. All the boys respond to a rooting section, so how about you coming out and help cheer them on to victory.

MINOR "B" DIVISION

In the Minor "B" Division, the first half of the week saw TIRECRAFT snap a four game losing streak and clobber the ISLAND A.C. by a 15 to 5 score. As can be imagined, solid hitting by the team as a whole and strong pitching by Murphy and Schmik was the magic combination needed to knock TIRECRAFT out of the dilemma.

On the same night, ALL STATE BUSINESS PRODUCTS, taking a clue from TIRECRAFT put on the heat and knocked 3 DYNAMAGNETIC pitchers around at the tune of 11-0. ALL STATE'S trio of pitchers, Messa, Aston and Giachetti allowed just one hit with Messa picking up the victory. The second half of the week saw TIRECRAFT revert to form and lost to DYNAMAGNETICS 9 to 8. The winners picked up their 9 runs in the 3rd inning while staving off a rally in the fourth by TIRECRAFT when they scored 6 runs.

In the other game of the night, the ISLAND A.C. scoring all their runs in the first two innings beat out ALL STATE BUSINESS 8 to 5.

FARMS DIVISION

The race for the championship

of the Farm Division has narrowed down to a two way battle for first place between the HICKSVILLE LIONS and MARDER SHELL. The LIONS continued their winning way by defeating CARVEL 15 to 6. They were led by Arthur Paladino and Andy Lee who homered and also pitched the LIONS to the victory. Donald Parker got the only hit for CARVEL.

MARDER SHELL defeated the CARPENTER'S UNION 9 to 8 to take over undisputed possession of second place. After jumping off to an early lead, MARDER SHELL almost lost the game in the last inning. Hoyle Silverst in relief manager to retire the side with the winning run on base. Bob Schwarz homered for MARDER SHELL. For the losers, John Zeldinski and Craig Hazel homered. Outstanding plays were made by Joseph Beltram and Nate Jacobus. On the preceding Wednesday, CARPENTER'S UNION had defeated CARVEL by a score of 4 to 2. Zeldinski for the winners and Pagano for the losers played outstanding games.

The AMVETS struggling to win a game finally broke thru and won two games on Saturday. The first game, a continuation of a tie game with CARVEL was won in the seventh inning when the AMVETS scored 6 runs to win 9 to 3. In the regularly scheduled game the AMVETS came from behind twice to defeat PERFECT LINE 11 to 10. The AMVETS led going into the sixth inning 4 to 3 when PERFECT LINE rallied for 3 runs to lead 6 to 4. The AMVETS, finally starting to hit rallied to tie the game. In the seventh PERFECT LINE scored 3 runs only to have the AMVETS come back strong with a 4 run rally to win the game. All the AMVETS played an outstanding game, a team effort all the way. Bob Brady hit one of the longest home runs of the year for the AMVETS, PERFECT LINE lost their fourth game, all on one run defeats. All in all, this was the game of the day.

The Herald Sportlite

By Howard Finnegan

Our few notes last week on the activity at Hicksville Junior High created some interest. With one baseball campaign over many folks are naturally asking about what is coming up for future years.

We have dug out the averages for the HERALD and you can find them compiled elsewhere on the sports page. The team won 5 and lost 3 under the direction of Bob Berg.

It is readily apparent that some very good material is being developed. Frank Van Cise shined at a .447 clip to lead the team. What the cold figures do not show is that he was defensively outstanding at third base and pitched very well.

He and Ray Stranburger gave opponent catchers fits when they were on the bases combining for 53 stolen sacks on the campaign.

The club defeated Farmingdale 10-4, 5-2 and Silk 12-1 and 11-4. Plainville was a 1-0 thriller and came back for a 5-0 conquest. Clarke recorded a 6-4 win but the Hicksville club won the season finale over the same team 3-2 in a well played contest.

The Ninth Grade Basketball campaign at Hicksville Junior High went unnoticed but it will not be too late to get the success of the team into print. Hicksville was 6 games and lost two on the season. Both defeats were administered by Farmingdale 43-25 and 53-48.

It was a harrid night from the free throw line that deprived Hicksville in the latter contest. With bare conversation of 11 of 39 shots to Farmingdale's 19 for 31 the future Coach could not make up the difference from the field.

Frank Van Cise led the club in scoring with 115 points while Mike Pucci had 62. Billy Lutz and Chip Jewell each scored 55 while Vince Hannigan had 42, George Phillipone 32, Barry Lewis 21, Bob Smith 16, Jim Butler 11 and Joe Kussell 10.

The improvement of the team is best noted that in early games Silk and Clark held the club to narrow 25-24 and 38-36 victories. The next time around they were easily disposed of 44-25 and 59-38.

The Hicksville Alumni Assoc. had another overflow crowd for its Country Manor the affair was most happy and everyone had a grand time.

Mrs. Marianne Kuzner was in charge of arrangements and deserves the many plaudits coming her way for the good night.

The Alumni Assoc. has selected Nov. 5th as the date for the 1960 Homecoming when Prospect invades Hicksville.

Even at this early date the odds are that the Red Devils will come in with a three year undefeated streak of 36 games.

Burglary Wave Hits School Bldgs

Hicksville School Board and Administrators are gravely concerned over apparently systematic attempts at burglary in various Hicksville Public School Buildings. Latest victim of vandalism was Woodland Ave. School where 13 windows were broken over the weekend.

The previous weekend entry was made into Old Country Rd. School and some cash and a camera was stolen. The week before that, Burns Ave. School was entered and an amateur effort made to force open a brand new safe.

The Certified Detective Service has been under contract with the School District for weekend patrols of district property. The School Board last Friday night at a regular meeting voted to discontinue its contract with Cert-

ified as of July 1st and may enter into a plan with Donovan's Armed Guard Service of Plainville.

There have been seven burglaries in Hicksville Schools in the past two months. Some items stolen, including a tape recorder, was recovered by police from a New York City pawn shop.

Personal Mention

Girls Scouts of troop 443, Mrs. Rose Smith, the leader, and Elizabeth Hannigan, the assistant leader, spent the weekend of May 21 at Camp Edey finishing the requirements for the Adventurer Badge. The girls worked on the fire building requirements and trail laying. Also, there was a rousing "Indian Powwow" around the campfire.

STRAWBERRY FESTIVAL

The Annual Strawberry Festival sponsored by the Trinity Lutheran Women of Trinity Lutheran Church, Hicksville, will be held Friday evening June 17 between 6:30 and 8:30. Square dancing will be featured. Donation will be \$1. for adults and 50¢ for children.

Going to Convention

President Paul Drake and Vice President Lou Kappstatter of Hicksville Kiwanis Club will attend the 43rd annual convention of Kiwanis International at Miami Beach, June 26 to 30.

Personal Mention

Miss Judith E. Petree, daughter of Mr. and Mrs. Calvin F. Petree, 49 Bobwhite Lane, Hicksville, has been named to the Dean's List for the spring semester at Muhlenberg College, Allentown, Pennsylvania. A Psychology major, Miss Petree lived in Bernheim Honor House with 14 other Junior girls and attended weekly seminars in preparation for her position as a Senior Dormitory Counselor next fall.
