Hopes Fade for Fast Action In Szendy Suit

Hopes for a speedy disposition of the taxpayers' suit brought by Emily J. Szendy and nine other taxpayers which has knotted up the school building program of the District approved by the voters last November appeared dismal today. Both sides were ready to proceed last Thursday and again yesterday (Wed) but because of other cases on the Special Term calendar which have not been reached, a delay until September seemed inevitable unless the School District seeks other means of disposition thru motions.

Supreme Court Justice Howard Hogan had several other ready cases to hear before the Hicksville School District matter when both parties were present this week. Harry S. Goebel was in court with his principal client, Szendy, seeking to have the courts declare the Nov. 19 referendum void and illegal, yesterday. Also present and ready was Michael J. Sullivan, attorney for the School District.

If the prior cases on the calendar could be disposed of, the Hicksville matter might be heard before the end of the week. If not reached, the case could be held over until September unless the attorney for the District seeks disposition of the action by motions.

WANTS' FAIR PRESS

Objecting to previous reports in the Mid Island HERALD regarding the case, Szendy addressed a sarcastic letter to the editor recently. The full text of the letter will not appear in the HERALD because Szendy insists upon character assault. A concluding comment was this "Taxpayers Szendy and Goebel are attempting to render a service to the community. They should, at least, receive a fair press."

The progress of the litigation and other related matters may receive the attention of the Board of Education at a special meeting tonight (Thurs.) when various year-end fiscal actions are con-

2,000 Return To Classrooms

About 2,000 boys and girls will return to their books and studies next Tuesday morning, July 5, as the Hicksville Summer Elementary and High School classes start. Galoway and another 500 are signed up for sessions at Lee Ave School according to Frank Burke, summer principal. Lee Ave sessions are 8 to 10 AM and 10:30 to 12:30, running thru Aug 19.

The Board will hold another special meeting next Tuesday night, July 5, as required by law for the purpose of "reorganizing" Committee "Neil" McCormack, elected to the Board last May, will officially take his seat on the Board succeeding Robert E. Goodrich who

was an unsuccessful candidate for re-election. At the same meeting, Jerome Zetler and Herbert Johnson, re-elected for their second three-year terms, will reoccupy their seats.

The formal business of the meeting next Tuesday will include the election of Board officers; i.e. President, Vice President and Secretary; the designation of such District officials as District Clerk, District Treasurer, Auditor and Attorney.

Mailmen Collect 13 Tons for Chilean Relief

TWO GIANT POSTAL Transport System tractor-trailers carted off a total of 13 tons of clothing for the relief of earthquake victims in Chile after being loaded with the items collected by local mail men during an 11-hour collection, Sunday. Here is part of the collection being loaded. Thirty carriers on their own time made the round up in Hicksville-Plainview. Another load will be shipped this Saturday and residents with items to donate are asked to bring them to the Post Office on North Broadway. (Herald photo by Frank Mallett)

Each Vote Cast in Democrats' Contest Cost Taxpayers \$3.40

The Primary Election contest for the Democratic leadership in the Fourth Assembly District, which includes the Town of Oyster Bay and City of Glen Cove, cost the taxpayers \$3.40 for each of the 6,164 votes cast in 165 Districts.

The County Board of Elections this week reported to County Executive A. Holly Patterson there were 25 Districts with less than 10 votes each. A total of 36,230 voters were eligible to vote. The cost of setting up the polls for the Mankiewicz-Cassidy contest for Democrat leadership was \$20,955.

County-wide, the change in the law permitting the closing of polls on Primary Day where there were no contests saved the taxpayers a sum of \$57,658. Nassau has 737 election districts and there were contests in 283 on June 7th.

Dear Jean:

Just a year ago this week, the boys downtown were polling the public to select an Honorary Mayor Hickville. We never did hear who won... A boy's white jacket was found in the vicinity of Hickville Junior High. The owner can claim it by calling WElls 1-3004.

We are indeed sorry to hear that our very good friend, HENRY GERHARDT is still a patient at St. John's Hospital. Everyone we understand from his hospital, Mrs. VINCE BILLO, says he is still in serious condition. All his friends and neighbors are praying for his speedy recovery and return home. Daughter, MRS. CHARLES SAURER is also on the sick list this week—with a case of the measles or is it a nervous rash, Ruthie? Get well, quick; your Dad needs your cheerful smile now... Also get well wishes to another good friend and neighbor, MRS. MAE GELLWEILER who is a patient at Meadowbrook Hospital... Have you seen the inside of the Hickville P.O. lately? It has a new coat of paint and the floor has been sanded and polished. Looks real nice... The RICHARD MCLAUGHLINs have moved from their Twilans Ave. home and are now residing at 9 Barbary St., Bethpage. Good luck to your new home folks... Moving from Hickville to Florida are the ROBERT BOGARTs of Chestnut St. The Bogarts have been the guests of honor at several neighbors' hood parties...

Congratulations to STUART LEE KASSAN, son of Mr. and Mrs. David Kassan of Flower Lane, Jericho who on Sat. June 18th, celebrated his Bar Mitzvah. We sincerely thank his parents for the nice invitation to attend the ceremonies and reception following... Again our congratulations to all our school graduates and for their kind and very thoughtful invitations to their parties. We attended all we could, time allowing — GERRY LOONEY of Twilans Ave, GERRY GILCHRIST of Frances Lane, PATRICIA DOWLING of Hicks Circle, etc. We wish all the best of luck and a very happy and successful future... Our sincere sympathy to the FRANK BRUNDI family of Twilans Ave. on the death over the past week-end of Mr. Brundi's Dad. We met Mr. Brundi on several occasions and were indeed saddened on his tragic and sudden death. See that JOE KELLER is making some new and very nice changes in his garage on the corner of Bethpage and Woodbury Roads. Good Luck, Joe... Good to see Jimmy Val back at his old stand, Walters Liquor Store, W. Marie St., after a few weeks vacation (?) taking care of his little one while Mom was at Nassau Hospital presenting the family with a new little brother...

A stone or rock lifted off the roadbed by an auto tire was believed the cause of that broken window in the Down Town Annex of the School Ann Bldg, Tuesday afternoon. The vibration of passing trucks caused the window to shatter further and the area was boarded up... A fellow in Franklin Square has come up with a sifter for lawn mower motors "so you will not disturb your neighbor's Sunday morning sleep"... Syosset-Jericho Democratic Club holds a picnic at Allen Park State Park on Sunday, July 10... Mr. and Mrs. ALLEN BROWN of 2 Clifford Dr., Farmingdale, were the winners of the "Typical Young Adult Party" contest at Mid-Island Plaza... Hickville Chamber of Commerce Directors will meet tomorrow (Fri) morning at office of Seaman & Eisenman... PETER STINK of Mt. Library Plans Summer Program Buchman Goes To Whiteface Mt.

The Hicksville Public Library will again present a children's program for the summer months. This year because of popular demand the Library expanded the painting classes into four sessions to be held on each Wednesday and Thursday of the four weeks in the month of July.

As in previous years the painting classes will be conducted by Mme Emmy Lichtwitz-Krasso. To register for this program a child must be at least five years old and must have a library card. Children of non-resident borrowers must present the family card when registering. To cover the cost of the supplies each child must pay \$1.50 at the time of registration. The classes will begin on July 6th and 7th from 10:30 - 12:00 noon and 1:15 to 2:45 P.M. and will end on July 27th and 28th. The time is subject to change.

The theme for this year's Summer Reading Club is the route of the St. Lawrence Seaway. Children to be eligible must have completed third grade of elementary school and as usual, a hundred children will be able to register. The program will begin on Tuesday, July 5th, and will run for six weeks. On Aug. 17th the Library is planning a special program with a professional entertainer and refreshments for those children who will have completed the reading requirements. At this time the children will also receive their "Summer Reading Club" diplomas.

Mr. and Mrs. Herbert Brewster of 30 Charles St., Hicksville are the proud parents of a son, Donald William, born on June 6th at Mid Island Hospital, Bedpage. Mr. Brewster is the former Miss Ellen Boos of Hicksville.

AHRC Welcomes New Members Sr Citizens

From time to time the general public has doubtless read a bit here and there about the Levittown-Hicksville Auxiliary of the Assoc. for the Help of Retarded Children. Today the Auxiliary would like to write in greater detail. Here is a group of really dedicated people who has done an astonishing job in carrying out the objectives of the organization. Our meetings have been interesting, informative and entertaining. We have run beautiful functions - Christmas parties, luncheons, a supper dance at the AHRC Training Center in Brookville and a card party - all extremely successful both financially and socially. Many lasting and enjoyable friendships have been made within the membership. As a result of contributing their time and effort, our members have, we know, in return gained "a warmer feeling" in knowing that retarded children are being helped. The Levittown-Hicksville Auxiliary of the Assoc. for the Help of Retarded Children needs members! Joining this most worthy organization means leaning about

the problem of mental retardation. Since we believe it wrong to make human beings the objects of continuous charity, the service program provided by the Nassau County Chapter and which we support, has been and is being used to demonstrate the need for changes in our laws that would insure equal opportunity for health, education, and welfare to the mentally retarded. Your membership means swelling the numbers of people interested in securing the necessary legislative measures which will insure them of their inalienable rights guaranteed equally by law, and of course it means meeting with very nice people who have these objectives at heart. June starts a new fiscal year. Won't you help the Levittown-Hicksville Auxiliary of AHRC make the ensuing year even more successful than the past by joining with them to further the aims of this association? For more information, please call Mrs. R. Karl, V.P. of the L-H Aux. - We 8-2527, or Mrs. E.R. King, We 8-7866. Each of these

Hasler, area representative of the American Red Cross from Washington, D.C. talking on Red Cross activities, which might be of interest to the Senior citizens as club projects. All are welcome to attend this meeting and may join the organization, which is jointly sponsored by the Bethpage Board of Education and the Rotary Club.

Instruments for Industry Inc. of Hicksville has been awarded a \$395,029 Army Signal Corps contract. It was announced at the Fort Monmouth Procurement Office.

The Fire Horn

Prepared by the publicity committee for the Hicksville Fire Department

With the possibility of sounding too repetitive, we again ask, "Any Fire Traps In Your Home?"

It seems that the best way to reach any subject is by repetition. By saying it again and again, it is felt the point will be made. The point to be made of course is, why every day, should we gamble with FIRE! Do you know for example that each year we have over 550,000 home fires (more than 1500 daily), over 5,500 people perish in home fires and over \$300,000,000 home property loss. Every 60 seconds of every day, another home is "Fire Trapped".

How can these terrible facts and figures be reduced or changed? Do away with matches? Fine people who have fires? Ban smoking indoors? Or have a bigger fire department? Instead of guessing, let the expert tell you.

In previous Fire Horn Editions, the expert, your Fireman told you, "the best way to stop a fire is to prevent it before it starts by getting rid of home "Fire Traps".

Do you recall the article that recommended cleaning out old newspapers, boxes, rags or other related material no longer needed, and have you done so as yet? Do you recall having been told to keep your electrical appliances in good repair, and use no larger than 15 amp fuses in your electrical circuits? When was the last time you checked the wiring on your lamps or appliances for signs of wear?

As far as your heating system, I'm sure we all have had it cleaned and inspected by a competent service man lately. And those cans of paint, varnish and flammable cleaning fluids no longer used have been discarded or properly stored. And of course, all matches have been removed out of the reach of Little Janie or Johnny, haven't they? Or can the little ones still reach them, and even get to the beach for beach matches? Children plus matches are a dangerous combination. One out of three fire deaths are the naturally curious children who experiment with matches.

If you and your family have observed all the recommendations of the expert, then your home is reasonably fire safe. If you have not, then maybe you better start agitating for laws to do away with matches, or ban smoking in

doors or fine people that have fires. Please remember however, it is much easier to prevent fires than it is to watch our homes go up in flames, or bear the agony of seeing our loved ones suffer, due to our neglect. Let us all make our homes "FIRE SAFE" and not a "FIRE TRAP". If I may, two closing thoughts in addition to the above. Remember your Fireman's Fund Drive and MAIL YOUR CONTRIBUTION NOW. The others, we are still looking for names and addresses of the households in Hicksville.

Woodland PTA Honors Students

The Woodland Avenue Parent Teacher Assoc. of Hicksville, honored approximately 150 Sixth Graders with a Farewell party, at the Levittown Roller Skating Arena on June 15. The children were to picnic at Salisbury party and served a Chicken Box Lunch, but due to the rats they remained at the Arena for the lunch after which they were returned to the school where a wonderful program was planned by the gym teachers, Ignatius Rienzo and Irving Kaufman, Herbert Cavanagh, Principal and Richard Jennett, Asst. Principal, assisted.

A call to the school from the Manager of the Arena stated that the children were a credit to the school and that they should be commended highly for their behavior. No casualties were reported - except for some tired parents and teachers. Mrs. John Figlia and Mrs. S. Repoli and their committee did a beautiful job in organizing the affair. The Sixth Graders had a very good time and were very appreciative.

Receives Degree

Miss. Mona Marie Neglia of Hicksville was among 1,135 persons who received degrees as the Catholic University of America held its 71st annual graduation. The ceremonies took place at the University in Washington, D.C. June 5.

What's Cooking?

By Mary Ellen Lazare

The hit of a recent luncheon given by B'nai B'rith was a casserole made for the occasion by SHELLY KONNARD of 33 Craig St. I'm very pleased that Shelly was kind enough to pass his recipe along to us as it is an old Italian recipe that has been in the Sonnino family for many years.

SHELLY'S TAGLIATELLE ALLA ROMANA

1 large onion (diced)
4 chicken livers
2 lb. cans peeled Italian tomatoes
1 can B & B chopped mushrooms
1/2 C fresh parsley (chopped)
1/2 C olive oil
2 C parmesan cheese (grated)
3/4 lb. Broad egg noodles
salt, pepper, oregano
Prepare the following ingredients and set aside:
Peel and dice one onion.
Scrape the chicken livers finely with a sharp knife, and discard any vein or skin.
Strain the tomatoes through a fine sieve or ricer into a large bowl.
Drain liquid from the mushrooms and chop the mushrooms to a finer consistency.
Chop the parsley fine.
Put olive oil in a large frying pan and saute the onion in this until transparent. Add the scraped liver and simmer, stirring constantly, until liver is brown. Transfer this mixture to a large saucpan, making sure you don't lose any of the oil. Using high flame under the saucpan, add the tomatoes; stir several times and then add the parsley and mushrooms. Season this mixture with salt and pepper to taste, and a pinch of oregano. Stir again, cover and bring to a boil again ... then lower flame and simmer, covered, for 15 minutes. Remove cover and continue cooking over a low flame for 45 minutes, stirring well occasionally. Turn off heat, cover saucpan and set aside.

Drop noodles in 2 quarts rapidly boiling salted water. Cover pot and bring to a boil again, then uncover and cook noodles over highest heat for about 6 minutes ... they should be (medium cooked). Drain noodles into colander (do not rinse) and return to saucpan in which they were cooked. Add half the sauce to the noodles and mix thoroughly with large spoon, gradually add half of the parmesan cheese, alternately with half of the remaining sauce. Mix well. Place in casserole and sprinkle with a little more cheese. Pour on remaining sauce and top with remainder of

Mike's sister, Linda, enjoyed her 9th natal day with a visit to Freedmanland.

Beth Krieger, daughter of Al and Honey, Yates Lane, celebrated her 8th birthday June 17th with a real good party at Sandy's place.

Congratulations to Alan Ravitz on his recent bar-mitzvah Saturday, June 25th at Jericho Jewish Center. A reception followed at the Salisbury Country Club. Alan is the son of Irving and Selma Ravitz, Orange Drive.

Larry Cooper, son of Mr. and Mrs. Sid Cooper, Sullivan Drive was bar mitzvah June 18th. Reception was at Huntington Town House.

Nursery School Selling Bonds

Bethpage Cooperative Nursery School is currently negotiating for a building of its own in Bethpage. The school is planning to finance the purchase by floating \$50 and \$100 bonds renewable at 3 1/2 per cent interest over a five to ten year period. The Nursery School has demonstrated its value to the community during the past four years since its inception.

In order to insure the continued existence of the school in Bethpage members of the school, alumni, and any interested individuals are urged to invest in this worthy enterprise. In a home of its own the school would continue to develop and enlarge upon its excellent program. Interested persons may contact Mrs. Dolores Samowitz at OV 1-5508.

Miss Barbara Jones of Hicksville and a freshman at Wilmington College, Ohio was among 114 students who were included on the Denn's List, an honor roll of students with outstanding academic achievement during the second semester.

Friedland Resigns From Civic Board

Alan Friedland resigned from the West Jericho Civic Association Board of Directors at the last open meeting on June 17th in the Robert Jackson School.

Friedland told the WEST BIRCHWOOD NEWS that he resigned because of disagreement with certain decisions taken by the Board of Directors.

He was elected to the Board last November and had been active in membership work. He resides at 40 Rockland Drive.

Suburban Gardener

by Ralph Pignataro

Lately many residents with lawns in the West Birchwood area have been confronted with various lawn problems. Homeowners with combination rye and good seed lawns have been plagued with so called burn-out spots. These areas are recognized by their matted and straw-like appearance. This is primarily a fungus. On sod lawns another type of fungus will appear and will affect it by yellowing the entire lawn. This is mainly leaf spot, which attacks Kentucky and Marion blue grass, found in good sod. There are many fungicides on the market. Consult your local nurseryman or gardener for the best type to use on your lawn.

Evergreens may be pruned at the time to help retain a desirable size and shape. Do not prune after the middle of July as it will stimulate new growth which may not have time to harden before cold weather. Be sure to check all plants from insect injury now. It is very important to spray all evergreens between now and the middle of July to control scale, weevils and many other pests.

Rose. You have probably seen many green, black or brown insects feeding on your rose buds. These are called aphids. Your combination sprays containing malathion, lindane, and DDT will give satisfactory results. If you use an aerosol spray bomb to kill these pests, make sure to hold the can more than 18 inches from the foliage or flowers. Serious injury could occur by holding spray bomb close to the plant.

Plan Beach Party

The Social Committee is planning a gala beach party at Jones Beach on the night of Aug. 6. This is just a reminder to keep the date open. Details will appear in later editions.

President's Message

by David Serbo

By the time this edition of our paper is read the overpass issue will have come to a head with the demonstration and picketing of the L. I. Expressway construction which took place on Wednesday, June 29.

The issue is simple. Our Civic Assoc. has demanded that the State and the Jericho School Board remedy the potentially dangerous situation which will unquestionably worry us all if the 400 children from our community who will attend the Robert Seaman School will be required to use the pedestrian overpass being constructed by the state in apparent cooperation with the school board.

The overpass is almost complete and our demands that it cover both side marginal roads has been ignored on the grounds that it is against the policy of the State to encompass marginal roads.

On June 25th Newsday had a story on this issue and by the time this paper is published the press should have carried the results of our protest demonstration. We hope that the authorities will listen to our demands. The local and state authorities have been informed on our problem and the Governor of our State has also been informed. If the overpass is not extended then we must fight for bus transportation for the children who will have to use the Seaman School. We must succeed for if we don't all of us will be sending our children to the Seaman School with an uneasy mind.

MONEY to Open New Sales Unit

Mutual of New York will open a full managing agency in Hicksville tomorrow. It will be located at 146 Newbridge Road.

The agency, MONEY's 157th in the United States and Canada, will be managed by Robert A. Tunkick, CLU, of East Meadow, a 10-year veteran of the company.

At the same time it was announced that Dennis J. Murphy, of 15 Balsam Drive, Hicksville, will become manager of a second new MONEY agency opening tomorrow, at Huntington.

Murphy and Tunkick are former assistant managers of MONEY's Richard E. Myer agency in New York City, and have been receiving special managerial training in the home office since February.

Murphy has been active in Hicksville civic affairs, and has worked with baseball and football Little Leagues. Before joining MONEY in 1952 as a field underwriter, he was employed by the U.S. Post Office and customs brokers office.

Bus to Link Shopping Centers

Star Bus Lines Inc. has the authority of the New York State Public Service Commission to establish a route from Mid Island Shopping Plaza in Hicksville to Roosevelt Field Shopping Centre, via Old Country Rd and Broadway Hicksville, it was disclosed in a PSC order this week.

At a hearing on the proposal, four company witnesses said the establishment of the new route extension had been sought by area residents and officials to provide omnibus service in an area presently lacking direct transportation to the shopping centers.

HONOR GRADUATE

The Lincoln-Mercury Division of Ford Motor Co. announced that Paul Zela, salesman for Hicksville Motors in Hicksville, graduated with honors from the Salesmen's Workshop held this June at the Westbury Manor in Westbury. Salesmen from Lincoln-Mercury dealerships in Nassau and Suffolk were invited to attend this workshop which was aimed at improving each salesman's selling and customer service techniques.

SUPPORT YOUR CIVIC ASSOCIATION

An Editorial: Action Now!

The safety of 400 children has become a matter of prime importance at this time. The picketing at the overpass leading to the Seaman School has dramatically pointed up the dire need for a more sane approach to this problem.

As the principal spokesman for the West Birchwood Civic Assoc. and the parents of the 400 children involved WE DEMAND:

- 1) That the overpass be extended to span the two service roads.
- 2) That bus transportation be provided for the children attending the Seaman School.

The safety of children should never be neglected.

Jericho Cider Mill Back In Business Next Sept.

The old Jericho Cider Mill, which goes back 88 years, will reopen for business in September on a new location out of the path of the widened Jericho-Oyster Bay Road. The entire structure, dating back to 1872, has been moved back out of the path of the new highway.

The next issue of the Mid Island HERALD will feature a report on a new book recalling the history of Jericho and its post office in particular which has just been published by Linda E. Brainer of 111 Leahy St., Jericho. Graduation news has made it necessary to delay publication of the HERALD commentary on this fine publication, "The Mailman Cometh to Jericho."

JERICO LODGE, B'nai Brith, earned the "District Membership Award" for the Lodge attaining the greatest net increase during the year. The presentation was made at the meeting attended by delegates from 350 lodges in District 1, comprising New York State and Central New England. The District includes 64 lodges in Nassau and Suffolk. 'Hit The Deck' Makes A Hit

By Fred J. Noeth

WE FIND IT no problem to recommend most heartily the current offering of Guy Lombardo at the Jones Beach Marine Theatre, "Hit the Deck". We were honored to be present at the opening night last week. We haven't missed a Marine Theatre Show since they started the series and this one is far superior to anything to date. For one thing, more of the action is on the front stage, the sound system is good, the music singable and some of the features are spectacular. The concluding motor boat race is exciting, even if it is a little rigged (the hero wins every night, to fit the script). The presence of these fast outboards probably explains the absence of the swimming ballet, a long-time standby feature.

At one point Guy Lombardo, in person, and his Royal Canadians come drifting around the bend -- complete with two grand Steinway pianos.

On opening night even a rolling fog failed to spoil the performance for us. The only thing the fog covered up was the fireworks finale. We could hear it, but some of the colored rockets just barely glowed thru the mist.

The songs are humable favorites: "Rise and Shine", "Join the Navy", "Time on My Hands", "Sometimes I'm Happy" and "Hallelujah" among others.

We're going again before this season is over.

Greener Lawns Don't Just Happen

That's the man who swore he'd never do a thing to the grass but mow it! First time he saw me walking the Scotts Spreader he *laughed*—you know the way they do. But when he actually saw the way the grass got greener and thicker, and how easy it is to put TURF BUILDER® on, he took to it *himself*. Now you should hear *him* brag about the lawn!

More and more folks are coming to us for advice on improving their lawns through an easy-to-follow Scotts Program. Come in anytime. We'll be glad to prescribe the correct Program for your lawn.

Save *5! Scotts Spreader (16.95) plus Turf Builder (4.75) both only 16.70!

Drop 2 Sidings From RR Project

The State Public Service Commission has approved a change in plans for the Hicksville RR Elimination program, removing two freight sidings between Bethpage Rd. and Bay Ave., which will add six weeks to the project time but save the State of New York one million dollars on the total cost.

The PSC held a hearing on the suggestion of the LIRR on May 5 when property owners objected to the elimination of the sidings. The RR testified that the spurs handled 1,004 carload shipments in 1955 but only 58 carloads in 1959.

Rich in Iron

Pork liver outranks all other foods as a source of iron, the mineral which builds and maintains healthy blood and prevents anemia.

THE VENICE-BUILT gondola with an authentic gondolier made a "dry run" around Long Island last week. It was the top prize in the recent Bohack Italian Food Festival and was won by a Brooklyn apartment dweller, Mrs. Maribel White, above, with her family and gondolier, Enrico Penzo. She took \$2,000 instead, so Bohack mounted the 36-foot elaborately carved canal boat on a trailer to show it off, complete with gondolier. Gondola anyone?

Operation VFW

William Gandy Jr. Post
Veterans of Foreign Wars
By JOSEPH R. TURNER

The Madam President of our post auxiliary, Esther Palladino, informed me that the auxiliary is suspending their meetings during the summer months and will resume in September.

A salute to Meyer Wagner in stopping the miniature "Führer" from spreading a fungus and cancerous un-American talk in Union Square on a day that is held as our nation's birthday July 4. We of the VFW, do not condone idiots who roam publicly under the cloak of free speech to slander Jews, Catholics, and Negroes, for in the many American cemeteries here and on the far flung battlefields under white crosses sleep those who had a common share of the peace we as Americans behold. It took the many races, creeds, and colors to win the peace and let no idiotic "Führer" speak against those who made it possible for him to live, sleep, and breathe under a free sky. To him we say, "Hell, hell and good riddance!" Remember that you have a three-day weekend ahead of you so let's make it a safe and sane holiday and on the highways and by-ways take it easy. We enjoy seeing you around.

Fireworks Tonight At Mid Island Plaza

While the purchase and use of fireworks by homeowners is outlawed, there will be several local opportunities to see pyrotechnic displays over the weekend, starting tonight. Mid-Island Plaza will have a display on the east side of North Broadway, Hicksville between 9:30 PM and 10:30 PM this evening. Every half hour during the day an aerial display of comic salutes will announce tonight's grand finale.

men. Despite such glamorous names as "Zsa Zsa", "Montique", "Cassandra", "Destree", etc., their rugged masculinity shone through especially one beautiful lady with a large torso on "Red" arm. As they wiggled across the stage, their beautiful gowns and accessories were poetically described by the "Maitre de Cuisine" Henri du Hicques Ville. The models' efforts were greeted with gales of laughter and thunderous applause.

A group of very talented youngsters from the Peggy Collins School of Dancing went through some intricate dance patterns like true professionals.

The musical portion of the program was ably handled by the chorus of the Mid Island Chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc. This group recently placed second in the annual chorus competition among the five chapters on Long Island.

"AMERICA THE BEAUTIFUL"

July 4, 1960 is the 65th anniversary of this best-loved American Song. Here we reprint the less-frequently sung 3rd verse, which seems thought provoking in these troubled times:

*"Oh beautiful for Pilgrim seat
Whose stern impassioned stress
A thoroughfare for freedom beat
Across the wilderness!"*

*America! America!
God mend thine every flaw,
Confirm thy soul in self-control
Thy liberty in law!"*
