INSIDE OUR SCHOOLS:
The 3-Track Math Program

Editor's Note — This is another in a series of articles on Hicksville School System written by members of the staff and administration. This article discusses the Three-Track Mathematics Program in Hicksville Public Schools.

The Committee on Mathematics of the College Entrance Board has expressed itself on the need for curricular revision in high school mathematics as follows: "The fundamental reason for curricular revision is that high school mathematics programs may be oriented to the needs of the second half of the twentieth century...The curriculum contains much obsolete material...designed to meet the needs of science and technology as these needs existed 75 years ago...The basic concepts of the sciences have been revolutionized...entirely new fields have been added to each...the applications of research have revolutionized our lives...New fields have been added to mathe-

matics also mathematical logic, mathematical statistics, topology, theory of games, information theory and others...The number of mathematicians in industrial employment today is at an all time high; indeed it is fantastically greater than the best estimates made by the best informed and most knowledgeable experts less than 20 years ago...One of the defects of the present traditional college preparatory curriculum is that it does not pay nearly enough attention to mathematics as general liberal education..."

In view of the above we have attempted to revise our curriculum in the most practical way possible, to serve the needs of the children of our community. In order to better serve the personal needs and desires of each individual student we have set up a three track curriculum.

Track one for the superior and gifted student, track two for the average student planning to go to college, track three to provide basic fundamentals, for the student not planning to attend college.

Our reasons for including a full year course in Modern Mathematics constitutes a reasonable compromise between the facts and speculation in the field. They may be briefly summarized as follows:

Select Jr Baby For Year 1960

The Junior Baby of 1960 at Court Queens of Angels #260, Junior Catholic Daughters has been chosen.

He is Sean Mulligan of 20 Rose St., Plainview. He was presented with a Christmas outfit from the Junior Court and was visited by Junior Babies of 1957, Lorraine Smith, 1958; 1958, Jane Sweeney and 1959, Diane Niccola.

RICHARD M. NIXON and his wife, Pat, are no strangers to Nassau County and the Town of Oyster Bay. The Vice President, scheduled to be the Republican candidate for President this fall, is shown with Town Clerk Henry M. Curran who was out in Chicago this week for the convention. This picture was taken at Garden City Hotel three years ago when Mr. Nixon was principal speaker at the Oyster Bay Republican Club dinner honoring Theodore Roosevelt. Curran, who is Republican candidate for State Senator in November, was chairman.

537 Scouts Go to Colorado

By Chris Tylicki, Boy Scout Correspondent

The months of worry and preparation are over. After sending off ceremonies at Roosevelt Field, 537 boy scouts and their leaders are on their way to the 5th National Jamboree. The Nassau Boy Scouts, second largest contingent in the nation, will join 55,100 other scouts from 40 other nations and the United States, at Colorado Springs.

The send-off ceremony on July 19 was really impressive. All 537 scouts were in the special troops formed for the jamboree. County Executive A. Holly Patterson presented the County Flag. The officials from Nassau's three towns and two cities presented their respective flags. State Assemblyman Joseph Carino gave the state flag and Congressman Frank J. Becker and Steven B. Dershowitz each gave a 50-star American flag to the scouts.

Strike Cuts Depot Trade 25 to 65 Pct.

The Long Island Rail Road strike, which for the first time in recent memory has halted the movement all traffic on the tracks, is really beginning to bite into the economy of the community, the HERALD learned today. A survey of business establishments in the vicinity of the depot which depend heavily upon commuter trade have felt a slash of business ranging from 25 to 65 per cent as the shutdown enters its 4th week. (Continued on page 12)

QUIETEST PLACE in town these days is the Hicksville RR station which, in normal times, handles more than 2,000 commuters daily. (Photo by Frank Mallett)

COMMUTER PARKING FIELD on north side of LIRR station at Hicksville looks like a Sunday morning with the RR strike heading into its fourth week. This picture was taken at about 11 o'clock on a weekday morning. Normally this field and the curbsides for blocks around the depot are jammed with cars of commuters. When the Hicksville RR grade crossing project gets underway, this area will be occupied by temporary tracks and a station. The section was formerly the freight yards. Tracks have been removed and the area graded by the Town of Oyster Bay. (Herald photo by Frank Mallett)

Dear Jean:

First person to call me and advise that he is giving blood needed by two-year-old JANET STUMPF of Old Bethpage who is undergoing heart surgery is September, was CHARLES TERJAM of Sunset Ave., Hicksville, formerly president of Bedpage Kiwanis. Little Janet needs 36 pints, Monday thru Friday between 10 AM and 10 PM; Saturdays between 10 AM and 5 PM. We hear the Hicksville Fire Dept is planning an unusual and interesting spectacle for their Labor Day Firemen's Parade this year. Details later. State Dept of Public Works is opening bids Aug 29 on a number of projects, including the installation of traffic signs on Route 107 from Jericho Type to Woodbury Rd. Hicksville signs on Route 107 are calling a special meeting of Residents on Friday morning, Aug 5. Christmas lighting will be among the topics as well as plans for the holiday season. And we thought it was a long, long wait until the snow flies.

PHIL RUBINSTEIN, corresponding secretary of Hicksville Kiwanis Club, is on a trip to Europe. During his absence HAP HOLDEN is writing the weekly Bulletin. Hicksville Board of Education holds a regular meeting this Friday night, July 29, at 8:15 PM in the Hicksville Senior High School. A high police official told us recently that (1) no one has come forward as yet to claim that hot ball of paper currency uncovered off Castagna Road recently, and (2) legal action has been started already by the building operator and the property owner, each getting in a claim for it although they will have to wait at least 3 years to see if the owner does come forward. Hicksville Firemen are scheduled to march at Rockaway this Saturday night in the annual parade. Next Saturday, Aug 6 they go to Floral Park and on Aug 19 out to Riverhead for the State Tournament.

Meeting room of Hicksville Fire Commissioners has been air-conditioned at E. Marie St. President ANTHONY EDWIN PERSPENBACH spoke at Hicksville Rotary Club last week at the Mid-July Dinner. Discussion: State Aid to Education. He noted that Hicksville District is getting \$3,500,000 for the state. Tom Clark HENRY M. CURRAN is attending the National Republican Convention in Chicago, assisting LEONARD W. HALL, former national Chairman. Member FLEM HARDING was guest speaker at Hicksville Kiwanis Club last week, discussing TV. VERA VILLEGAS, in charge of the foreign language program in Hicksville Schools, was recently offered the position of Foreign Language Supervisor in the State Education Dept at Albany. She has declined in order to remain in Hicksville. Her commissioner said this week on TV that New York City schools will get language laboratories next term. Hicksville got its first earlier this year in Junior High and will have one in the Senior High during the year.

Belated greeting to Patrick O. Glickrist of Frances Lane, who celebrated a birthday (77) on Sunday. Miss Linda Noth of Tivoliway Ave. would like to thank all her friends and neighbors for their kind remembrances while she was ill. She would also like to thank the many friends of her parents, Mr. and Mrs. Fred J. Noth, who remembered her with cards and gifts. The next time you are in the Hicksville P. O., ask Smiley to tell you why a woman is like a candy bar. It's real cute. Mr. and Mrs. Charles Stolz of Water Haven, Florida, have been spending the past few weeks with the Hag Holders of Herman Ave. Charles is Mrs. Holden's brother and the son of Mrs. Ann Stolz of Hicksville. Talking about the Holders, we found out what Hag's middle name is - Wade. How would you, Esmeria Dolores Crawford, Gary Schilling, Richard Dunlop, Douglas Brandt and Arthur Noth, all of Tivoliway Ave., enjoy Wednesday at Coney Island on the guests of Gary's Dad. Belated anniversary greetings to the Ed Quinn's of E. Carl St. who celebrated 15 years of wedded bliss on Saturday. We all had a good time at the party. The Quinn's are parents of 5 sons, who: all help Dad run the Quinn Fuel Services. Our best wishes to Miss Frederica E. Godeaux of Old Bethpage whose engagement to Lawrence E. Sullivan of Huntington Station was recently announced.

MARIA BIANCO

HICKSVILLE — Maria Bianco of 96 New South Road, here, died suddenly on Saturday, July 23. She is survived by her husband, Mario; and two children, William and Peter Paris, and four grandchildren.

Burial was held Wednesday, July 27, at St. John's Cemetery under the direction of the Wagner Funeral Home.

LUCY ROTONDO

BETHPAGE — Mrs. Lucy Rotondo of 164 Floral Ave., died here on July 24th. She is survived by children, Dr. Anthony Rotondo, Mary and Frank Rotondo, Josephine Savarino, Joseph Rotondo, and Zita Matara. Seven grandchildren also survive.

Mrs. Rotondo reposed at the Krass Funeral Home in Franklin Square until yesterday (Wed.) when a solemn Mass of Requiem was sung at St. Vincent de Paul R.C. Church, Elmont at 9:30 a.m. Interment followed at St. John's Cemetery.

HENRY LEO WALDECK

HICKSVILLE — Henry Leo Waldeck of 103 West Ave., here, died on Tuesday, July 26. He is survived by his wife, Bertha F. (nee Flann) two sons, John of Hicksville, Fred of Westbury, and Charles of North Babylon; four daughters, Beverly, Elizabeth of Hicksville, Elsie Smith of Westbury, Corinne Fitzky of Copiague, and Jean Dalton of Hicksville; two brothers, Louis and Edward; and five grandchildren.

Mr. Waldeck was a former Republican Commissioner and a member of the Hempstead Lodge No. 1485 B.P.O. E.L.R. Funeral services will be held tonight, (Thursday, July 28), at 8:30, at the Henry J. Stock Funeral Home. Burial services will be held tomorrow, (Friday), at 2 p.m. at the funeral home with the Rev. Edward H. Samuel officiating. Interment will follow at Plainlawn Cemetery, Hicksville.

Fork La Ends Year With Assembly

DR. ROBERT STIHLER, a Physical Science Administrator with the National Bureau of Standards, was one of the 32 members of the Washington staff to receive an "outstanding" rating for the annual performance rating period ending March 31.

Dr. Stihler is the son of John Stihler of 218 Park Avenue Hicksville. He was salutatorian of the twelfth annual commencement exercises of Hicksville High School in 1926. At that time, he was recipient of the Math, Physics and Chemistry awards.

As Chief of the Testing and Specifications Section, Dr. Stihler has been a member of the staff since 1946. He received a Ph.D. in Chemistry at Johns Hopkins University, after completing his master's thesis at the Polytechnic Institute. Work by his staff covers the gamut of organic materials within the scope of the Division's assignment. They develop and improve physical and chemical test methods, sampling procedures and statistical design.

At present, Dr. Stihler resides with his wife, Grace, and two children, in Washington, D.C.

The Fork Lane School's End of Year Assembly was held on June 23, at 2:30 P.M. in the Gymnasium. The program started with the processional, "Pomp and Circumstance." This was followed by a welcome speech by Kathy Kallio, the Bible reading by Paul Bonazzi and the Prayer by Mary Aha. Other events on the program were choral reading selections, "The Flag Goes By" and "Patriotism." The "Pomp and Circumstance" was sung by the Sixth Grade Girls Ensemble, and "God Bless America" by the entire Sixth Grade. Ann Thompson sang a vocal solo.

The program was concluded with the Awards Presentation by the Principal, the "Victory Overseas" by the Band and "Flag Salute and National Anthem led by Joan Connaughton.

Plaza Offers Free Meeting Place

At a recent meeting held at the Mid Island Plaza Advertising and Promotion Committee, the representatives and managers of all unincorporated stores in the Plaza to members of local civic and community groups. The unincorporated stores will be offered free of charge to clubs, societies and other charitable organizations who do not have a meeting place of their own or space for exhibits during any fund raising drives.

The store fronts have a minimum dimensions of 15 to 21 feet in width and a length from 75 to 120 feet. Each store will seat approximately 100 to 150 people comfortably and on some occasions the Plaza Merchants Assoc. have offered free coffee and donuts.

Organizations interested may

with arrangements for the use of the unincorporated store fronts may be made through the Mid-Island Plaza Merchants Assoc. office or by writing to: "Exhibit Hall", Mid-Island Plaza, Hicksville.

Square Dancing At Kollners

The fourth annual square dance and barbecue, sponsored by the Sisterhood of Congregation Shalom Zedek is all set for Saturday night, Aug. 6. It will once again be held on the beautiful and spacious grounds of the home of Mr. and Mrs. Sam J. Kollner, 30 Field Ave., Hicksville.

Mrs. Murray Kollner, the chairman, reports that there has been, as always, an overwhelming response to this affair. She has arranged for an elaborate barbecue supper, and dance music is to be furnished by the popular canteen, Frank Knappebach.

For reservations and information, call Mrs. Kollner at WElls 3172.

BETWEEN DEADLINES

We don't pretend to know all the facts involved, but we have the smacking feeling that the LIRR shutdown has been fullheartedly planned and is being coolly conducted - we suppose. We suspect that the crucial actions will be the (a) commencing and (b) the resumption.

In the first place, the RR was just a little too ready to shut-down. They had press releases out presenting a clean down before the critics began - in fact, a week or so ahead of it. In the second place, they presented that it will take a 10 to 14 hours to get rolling again, even before a catastrophe is reached.

The whole thing is too cold-blooded, too well organized. Remember, the critics began with commencing; not the engineers, not the signal men. The RR could not wait out a system of successive or other gimmicks at random to handle this chore? It seems unbelievable.

The RR has received no permission on its ownable property. The RR is willing to let the municipalities develop parking fields (to which it would like) at taxpayers' expense.

We suggest the state fill up the space between the rails with concrete and give the carpooling ex-commuters a few more decent Expressways.

Seek Auditor For School Dist.

The Board of Education of Hicksville School District seeks the application for the position of Auditor of the School District. To be considered, an applicant must be a Certified Public Accountant and a resident of the District. Applications should be received in the office of Dr. Wallace Lamb, Superintendent of Schools, at the Administration Building on Hempstead Road on or before Aug. 12.

They should include information concerning the applicant's experience and qualifications.

CARD OF THANKS

I would like to take this opportunity to extend my thanks to Mrs. John Horvath, the Hicksville Fire Dept., and the policemen for their quick action following my recent accident.

Supervisor John J. Burns of Town of Oyster Bay told the WEST BIRCHWOOD NEWS last week that the responsibility of a service road leading to the expressway overpass develops upon Sosnow and Schwartz

This was in answer to a letter from J. Burch McMorran, New York State Superintendent of Public Works, to West Birchwood Civic Assoc. President David Serp in which he stated that the State was not constructing the south service road.

Mr. Burns said, "I have been advised by the Nassau County Planning Commission that any road on the vacant property contiguous to the Expressway overpass owned by the builder (Sosnow and Schwartz) is the responsibility of the builder."

So far as is known, Sosnow and Schwartz have not filed any plans for construction of a service road leading to the overpass. Thus, with both the state and the Town of Oyster Bay disclaiming responsibility for the service road, there are no plans for school children to use the overpass.

Upon being apprised of the latest developments in the overpass situation, Sam Hecht, School Board President, issued the following statement to the WEST BIRCHWOOD NEWS.

"Unless there is proper and adequate access to the overpass I do not assume that the children will be required to walk over fields to reach the overpass. The School Board will look into all phases of a safe and proper access to the overpass hearing in mind, however, that based upon present available information construction of an access is the responsibility of Messrs Sosnow and Schwartz."

Reinhardt Battles Insect Invaders

A Sycamore tree (now completely bare of foliage) on the sidewalk strip of 4 Saratoga Drive, residence of Irving and Annette Reinhardt, was the scene for a grim struggle between man and caterpillar last Sunday evening.

Residents of Saratoga Drive flocked in droves to the scene of conflict. The commotion attracted spectators from such far flung corners of the development as Warren and Yates Lanes. The contenders in this stark drama: Irving and Annette Reinhardt vs. an army of caterpillars, which had in a few hours, decimated their trees.

Undaunted by the spectators' cheers (for the caterpillars) Irving (armed with spray gun) waded into the hostile horde. Annette (armed with a grass rake) provided liaison support and swept the hairy worm-like creatures from the scene of battle.

In the heat of the conflict Irving was seen emerging from the mist with a victorious smile and a

Personality Spotlight

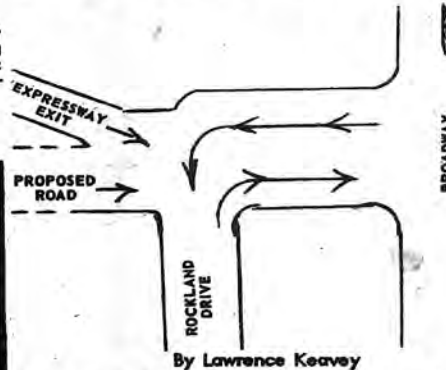

John J. Burns of the Town of Oyster Bay was elected Supervisor in Nov. 1957. He has been serving as Town Supervisor since January, 1958. Supervisor Burns came to the position after representing the people of the Town of Oyster Bay and the City of Glen Cove as New York State Assemblyman and as Mayor of the Village of Sea Cliff.

Supervisor Burns' forward-looking approach to Town Government and its problems have been acclaimed by the Town's homeowners and taxpayers. Upon assuming the position of Town Supervisor he immediately set out on a program designed to afford the Town's homeowners with the greatest protection as well as promoting full economic growth and stability for the Town as a whole.

Achievements of Supervisor Burns' administration include: (1) Balancing the town so as to have industry and residential areas each in their proper place. (2) Effecting State Legislation so that the Town could move ahead with its plans for consolidation of special districts including parking and garbage districts in the interest of efficiency and greater economy for the Townpeople. (3) A forward looking program of conservation and recreational areas, particularly the town's eleven beaches.

Presently President of the Nassau County Council Bay Scouts of America, Supervisor Burns is also prominent in the St. Boniface Holy Name Society; the American Legion; Sea Cliff Fire Department; Nassau County Grand Jurors Assn; Sea Cliff Yacht Club and was President and is a life member of the Nassau County Village Officials Assn.

The entrance to West Birchwood has finally begun to take shape. The completion of the roadway from Broadway to Rockland Drive will, however, bring with it a serious and possibly hazardous traffic control problem.

As it now stands, Broadway bound traffic will be leaving the Expressway and intersect with both exiting and entering cars from this community at Rockland Drive. It appears that there will be no formal entrance to this community if present plans are followed.

It has been learned by this paper that present plans call for a two lane undivided roadway from Broadway to Rockland Drive. To complicate matters, traffic leaving the expressway will have to cross from left to right lanes at the intersection of Rockland Drive, while cars entering West Birchwood will have to turn left crossing in front of the expressway exit.

The News has at this time been unable to determine the exact method of traffic control planned. It seems safe to report, however, that the traffic situation at this point could become very dangerous if proper control methods are not installed.

In regards to another aspect of the Expressway, there will be access to both east and westbound lanes from West Birchwood.

Suburban Gardener By Ralph Pignaturo

By the time you read this column it will be time for those of you who are contemplating on installing a new lawn to begin making preparations. There are many ways to install a lawn. The newest recommendations are as follows:

1. Spread evenly three to four bags of peat moss per thousand square feet.

2. Next apply a minimum of 75 lbs of limestone per thousand square feet.

3. Rototill peat moss and lime into the soil.

4. Rake and grade ground as even as possible.

5. This is very important... spread cyanamid at the rate of 60 to 75 lbs per thousand square feet and let it remain on the surface for at least three weeks... watering it every day. This will assure you of a weed free lawn.

6. After three weeks have passed rake top surface again; seed and roll. Newly seeded lawns should be kept constantly moist. Water lightly but frequently.

CHOICE OF SEED
Merion Blue, Delta Kentucky, Blue and Pencilgrass Pencil are the finest lawns as far as durability and appearance is concerned, but since these seeds germinate very slowly, Kentucky Blue, Chesapeake or Crispwing Fescue, and a small amount of Red Top may be added. But by all means do not use a seed mixture containing Colonial Astoria or Highland Bent or Rye or you will be in for unending trouble.

LATES
Lately the leaves on many trees

have been curling or showing brown spots on them, this is not an insect, its just that this time of year the leaves give off moisture that cannot be replenished fast enough by the roots. If you have a tree with this ailment set your hose at the base of the tree and let it trickle slowly for at least an hour.

NEXT WEEK: TOP DRESSING LAWNS

AN EDITORIAL

We would like to express our thanks to John J. Burns, Supervisor of the Town of Oyster Bay, for his complete cooperation in obtaining the important information contained in this issue concerning the school overpass and street dedication. Without his help these stories would have lacked many of the facts stated.

Thanks also to Mr. Sam Hecht, President of the School Board for helping clarify the school overpass situation.

A proposal by Sosnow & Schwartz to swap the Cantiague Rock Road Jericho school site for another area in West Birchwood was rejected by the School Board at a special meeting held Monday night, July 18th, in the School District.

The request for the swap by Messrs. Sosnow and Schwartz was part of their plan to eventually downsize acres of land in the vicinity of the Cantiague Rock Road for commercial business use.

The proposal by Sosnow and Schwartz called for the District to swap the ten acres presently planned for the school and about five acres for a park in return for ten acres and about 3 1/2 acres in an area southeast of the present school site. This would mean 1 1/2 acres less than presently owned.

In making the survey available to the WEST BIRCHWOOD NEWS, School Board President, Sam Hecht stated that among the various reasons for the Board rejection were the following:

1. It would mean a loss of 1 1/2 acres.

2. The Board wanted all out of pocket expenses including cost of redesigning of school to be borne by Sosnow and Schwartz.

3. The Board also wanted additional monetary consideration for the District because it was felt that Sosnow and Schwartz would gain valueless.

4. The Board also imposed certain requirements and conditions on present site for down-zoning; namely no roads from that area would lead into West Birchwood and adequate buffer zones and shrubbery would separate the site from West Birchwood.

Mr. Hecht stated that Messrs. Sosnow and Schwartz did not want to commit themselves on the matter of out-of-pocket expenses including the cost of redesigning a new school.

Mr. Hecht said that the matter of swapping any school site would have to be approved by the voters of the Jericho School District 15.

Beach Party

A festive beach party is planned for Aug. 6th 9 PM at Zecha Bay Jones Beach. Its going to be a gala community get-together. No tickets will be sold. Bring your own refreshments.

The Social Committee requests that everyone attend. Park at field #5.

casparillar hanging delicately from his cigar. Near riot occurred when spectators realized that Amette was sweeping five casparillars to the south side of Saratoga Drive (they live on the North.)

After the battle vigilance committees were formed to inspect all trees of Saratoga for possible enemies. Several nests were discovered in small rolled leaves. Following this discovery all spectators fled in panic to their homes and began spraying.

A city swelling non-resident who witnessed the drama remarked: "I thought these things only happened in the Congo."

Sees Street Dedications Soon

Dedication of West Birchwood streets may be not too far off, according to reports from John J. Burns, Supervisor of Town of Oyster Bay, and Alfred J. Hicks of the Nassau County Planning Commission.

Acting on a request from the WEST BIRCHWOOD NEWS, Supervisor Burns contacted the Nassau County Planning Commission who advised him that some work is now going on to correct some deficiencies and Highway Superintendent Thomas R. Pynchon will be making a new inspection within three or four weeks. If streets are approved dedication proceedings will be accelerated.

Mr. Hicks told the WEST BIRCHWOOD NEWS that Leonard Schwartz of Sosnow and Schwartz, West Birchwood builders, had assured the Nassau County Planning Commission that necessary repairs were to be started the week of July 25th and would take approximately three weeks, weather permitting.

The Planning Commission will be checking the work as it progresses and when fully completed, Superintendent of Highways Pynchon will make a final inspection. If streets meet complete approval the following is the procedure:

1. Highway department advises builder that streets are ready.
2. Builder prepares legal papers for submission to the Highway Department and the Engineering Department (which checks damage).
3. TOB legal department examines deeds and titles (presumably completed already).
4. With approval by all departments of TOB placed on Town of Highway for TOB to accept streets.
5. If Town Board accepts streets it authorizes Street Lighting Division of TOB to order a survey by L.L.L.C.O.
6. L.L.L.C.O. OF TOB to make a survey and forward results to Street Lighting Division.
7. Street Lighting Division studies survey and recommends approval by the Town Board.
8. Town Board approves survey and order goes to L.L.L.C.O.
9. It will take from 8 weeks to months for lights to be installed by L.L.L.C.O. because of a backlog of orders.

Two Theatre Workshops Here

The latest thing in recreation programs comes to Hicksville youngsters the School District Recreation Program - two full scale theatrical workshops on the elementary and teen age levels. They are not the "run-of-the-mill" type dramatic groups which never leave the "recital" stage of development, but are truly self-contained units responsible for everything from publicity, through costumes, makeup, scenery and of course, dancing, singing and acting.

The elementary age children (second through sixth grades) known as the Hicksville Junior Theatre meets in the Junior High School Auditorium on Jerusalem Ave. every morning Monday through Friday 9:00 to 11:30 A.M. This group is currently engaged in rehearsing for this summer's presentation of a Japanese operetta entitled "Princess Chrysanthemum" by C. King Proctor which promises to be a wonderful and exciting show for all who come to see it. This play is due to be presented on Aug. 9.

As an example of how this group

functions, for one facet of publicity they staged a display for the playground youngsters which included everything from kimonos to chopsticks, not to mention 16mm movies on Japanese and Chinese children and cultural backgrounds.

The second grouping includes teenagers from the sixth grade on and known as the Hicksville Teen theatre. This group is staging a unique operetta entitled "The Singer of Naples" by Cynthia & Mary Dodge which displays the talents of some of the finest teenage performers in Hicksville. These boys and girls demonstrate a superlative devotion to the production and are certainly excited over the forthcoming presentation of this operetta on Aug. 10th.

This self-contained unit meets Monday through Thursday from 1:00 until 4:00 in the Senior High School Auditorium. Although the morning group is closed to new registrants for this summer, the afternoon group will be accepting new people for one more week according to Joseph F. Madden, Recreation Director.

Give \$21,691 to Charity

TEMPLE TO BE ERECTED IN JERICO

AT A SPECIAL Congregational Meeting of Temple Or-Klohim, Reform Congregation of Jericho, held on Friday evening, July 15, at the Harlequin Room of the Meadowbrook Motel, the congregation voted to approve plans for the construction of a Temple building on the Temple's property on Jericho Turnpike. Construction is to commence the week of July 18. Pictured above are (left to right): Stan Bier, who designed the sign which was painted by Al Ross (not shown); Morris Garelick of the Building Committee; Irving Weiner, President; Jack Sloan, of the Building Committee; and Gil Steta, Chairman of the Board of Trustees, as they erect a sign at the site of the Temple.

Hadassah To Mark Milestone

Leaders of the Jericho Chapter of Hadassah, The Woman's Zionist Organization of America, will take part on Aug. 3rd, in marking a milestone in Israel's Medical development—the official dedication of the \$25 million Hadassah-Hebrew University Medical Center, in Kiryat Hadassah (Hadassah Town) in the Judean Hills, on the western outskirts of Jerusalem.

The local group left for Israel recently as members of the Hadassah by Mrs. Herman Sulman, former

national president of Hadassah. More than 400 leaders and members of the Hadassah Pilgrimage, the high point of which will be the dedication of the Hadassah-Hebrew University Medical Center.

Principal speakers at the dedication ceremonies will be Prime Minister David Ben-Gurion; Ogden Reid, U.S. Ambassador to Israel; Dr. Miriam K. Fritman, national president of Hadassah, and many more.

New Manager For Softball Team

Bernard (Buddy) Baese has been appointed manager of the softball team, by the Birchwood Civic Assoc. of Jericho.

What is 4-H?

My name is Virginia Johnson. I belong to the 4-H Falls of Hicksville. This is my fourth year in club work. I would like to tell you what 4-H is in Hicksville. When most people think of 4-H they think of pigs, ducks and chickens. This is true of urban areas but not suburban Hicksville.

4-H means learning. In 4-H we learn to think to plan and to reason. We also learn to develop our 4-H's head, heart, hands, and health. We make our best happen. In Hicksville, we can enjoy many projects. Among these are learning to sew, the A-B-C's of cooking, Peter Hue painting, and various crafts such as leather work and wood finishing. To finish I would like to say in 4-H we are preparing to become better citizens for our ever growing America.

400 Boys In Pool As Stunt

"LIFE" is coming to Syosset this Saturday morning July 30, and more than 400 boy members of the Police Boys Club will go to meet it, dripping wet!

A picture stunt that will raise a substantial fund for the PBC and its building, plans is being planned by the Lancer Swimming Pool Corp and LIFE Magazine, picturing a whole pool-ful of splashing youngsters, in the private swimming pool of Mr. and Mrs. Fred Kroccker of Syosset.

The whole town is cooperating in this event with school buses stashed at three major pick-up locations to transport the boys to and from the pool site, volunteer leaders of PBC turning out on buses to shepherd the youngsters, and the Syosset Fire Dept loaning their big hook and ladder truck for a few

minutes to get the photographer high enough to take the pictures. Others cooperating in the plans are the Pepsi Cola Co. who will furnish refreshments for the boys after the event, and the TIMEX Co. which is providing wristwatches for fifteen holders of lucky numbers.

A special random platform is being built for the deep end of the pool so that youngsters may stand and not have to tread water.

This is the second time LIFE has attempted to get this unusual and interesting picture, and the second time LANCER has donated to the PBC to help them with their building funds.

PERSONAL MENTION
 Army Pvt. Gary M. DeFelice, son of Mr. and Mrs. Michael DeFelice, 113 Fourth St., Hicksville, recently completed the eight-week offset press operation course at the Engineer School, Fort Belvoir, Va.
 DeFelice was trained in platemaking, process photography and in the operation of offset presses used to duplicate maps and charts.
 The 19-year-old soldier entered the Army in January 1960 and completed basic training at Fort Benning, Ga. He was graduated from Hicksville High School in 1958 and was employed by the Passantino Printing Co., New York City, before entering the Army.

VINCENT A. PRYBYLSKI, son of Mr. and Mrs. Al Prybylski of 29 Boulder Lane, Hicksville, received his commission and wings June 30 at Elyson Field, Fla., after completing four months training. Vincent, a Navy helicopter pilot reported to his assignment in Labrador, N.J., this week. Also, Vincent and his family would like to extend their appreciation to all those who gave him good recommendations for his Naval clearance. (Official U.S. Navy Photograph)

Legionnaires' Log
 CHARLES WAGNER, Post 421, Hicksville, N. Y.
 By JERRY CONNOLLY

As of this writing, plans for the annual Post 421 Picnic have been made concrete. Plans for the picnic area. Our site is at Salisbury Park on Aug. 16th at 1 P.M. Just so you won't forget it, we'll have our this column after reading it and put it in your wallet for ready reference!
 Rules for admission have been issued on by the Picnic Committee and are as follows: The Picnic this year is open to Legion members of Post 421 only, and their families and relatives. This means that neighborhood groups or friends cannot accompany you unless they are Legion members of Post 421 or qualify as relatives.
 Now is a good time to propose membership to your neighborhood friends. Let them know where we stand on membership activities. Let them know that we have no restrictions on membership other than an applicant must have received an Honorable Discharge after service during any war including the Korean War.

Kiwanis Champs

Kiwanis behind the parking of Killer Kongy, scored a 6 to 5 victory over Perkins Trucking to win the Major District Championship in the Hicksville International Little League. This was a two out of three series, won by a ball playing team. With Smiley Holmes pitching the first game, Perkins was an easy victim. As the game neared the end, Holmes was harder to hit, and Kiwanis was a sure winner. The second game was fast and furious with the ball being hit by both teams, fielding plays were spectacular, and de-

ceptive playing by Mike Toomey helped Kiwanis to hold on to the Crown.

Best ball hit since the start of the season was a home run by Steve Cooper, the Milky Mistle of Lee Ave. Steve hit a 200 footer that put Perkins in a threatening position, but Perkins failed in their bid.

Although Kiwanis is now the Champions in winning the Crown for the league, Perkins Trucking should win the crown for sportsmanship in losing their two games, as they lost like champs lose. Best of luck fellows for next year.

All Stars Win 4th Straight

BULLETIN

The Hicksville International All-Stars won their second game, Tuesday night, defeating Plainville West at Syosset 4 to 1.

The Hicksville International Little League All Star scored their first victory over Syosset, Monday night, at Syosset field by a score of 9 to 5. Behind the power hitting of Dennis La Rosa, who hit two home runs to keep his team in the game, and the cool, calm pitching of Neil Ziegler, Hicksville marched on to victory.

Syosset played well, hit well, but they just couldn't stand up to the power as the bats with the Stars. Hits by Slack, a walk to Pepp, followed by a two home smash of big Ogile, and a single by Wheatley, had our boys on the ropes the first inning.

Three solid hits, a walk, had the score 3 to 0. In the second inning Hicksville played too tight, resulting in errors. A single by Smith, scored two more runs, and Hicksville found themselves behind 5 to 0. A quick pep talk by Manager George Jackson and Hicksville came alive.

In the third inning, a hit by Schwartz, a walk to Ziegler, and a homer by La Rosa, gave our All Stars three runs. As Ziegler went to the mound determination was set in him. Syosset did not score for the remaining four innings, and Ziegler gave them three hits. The fifth inning proved disastrous to Syosset as Hicksville blasted them right out of the ball park. Hits by Killer Kongy, La Rosa's second homer, a walk to Slemmons, singles by Baranski, and a perfecting line-up bust by our boy Joe Calavacca, all but sealed the game. Solid hits by Bergblom, an intentional walk to Ziegler, and a base on balls to Kongy for his second time around, put us on ice for Hicksville.

From then on, Syosset didn't figure in the game. As the sixth inning came Ziegler could not be touched. His calmness that carried him through the season, paid off that night, with plenty of time, a master at his job, Neil had no trouble putting Syosset down in one, two, three orders, to win the game for Hicksville. Final Score: Hicksville 9, Syosset 5.

Champs for the day. Dennis La Rosa—Two home runs out of the ball park to keep his team in the game, even though he waved to Mom while playing first base.

Neil Ziegler—His fine pitching, cool attitude and winning smile set Hicksville on the "Champs" list of ball men.

Nearly Upset At Jones Beach Rumping Deuces 4th Straight

3 TRACK PROGRAM

By Henry Uffmann Jr.

The Hicksville School District Recreation Soccer Team almost pulled the major upset of the Junior Soccer League, played at Jones Beach this year. Hicksville with a 3-1 record opposed Massapequa with a 17 - 9 record against Long Island competition.

Hicksville's Ed Caesar put his club ahead after five minutes of play with a long looping shot that caught the Massapequa goalie out of position. A few minutes later Jim Conley scored a goal and Hicksville was off to a 2-0 lead.

Massapequa bounced back with a goal mid way through the first half. Ed Caesar scored his second goal of the game and Howard Schipper scored on a penalty kick to give Hicksville a 4-1 advantage. With 15 seconds left in the first half Massapequa scored to make the score 4-2 at the half.

In the second half the fine conditioning and all round play of Massapequa started to pay off. They proceeded to get stronger and stronger. Before the half was over they had scored four goals and had won a hard fought uphill victory 6-4.

There are new ways of thinking in mathematics. It appears reasonable that liberal and general education, quite apart from scientific and technical relevance, should include at least elementary notions as to what these new thoughts are.

For those definitely planning scientific studies in college, the survey of topics in modern mathematics has a doublevalence: first, it does provide a first contact with topics, some of which will have to be studied in greater detail later; and in this respect, the preview should help to cushion the shock of later work. But also, if the imagination can be stirred by variety and change at all, such variety and change can be found in modern mathematics topics, so that not mathematics alone, but the student's general intellectual development and maturity will be nurtured and encouraged.

Superior and gifted students need new channels of independent exploration and discovery. It is no job to put to use the circumstance that we are here to guide and assist them in every way possible. A surprising number of first rank colleges have, within a relatively short time, come to expect entering students to know something about the words, ideas, and symbols in modern mathematics.

We are following the experimental syllabus set up and approved by New York State covering the following topics, not emphasized in the regular mathematics courses. Symbolic logic, numbers to bases other than ten, sets, groups, fields, statistics and spatial geometry.

STRIKE CUTS

(Continued from page 1)

Julius Schwartz, president of Hicksville Chamber of Commerce, admitted to the HERALD this week that the shut-down of LIRR service is having a tremendous impact on shops and stores located near the Railroad station.

One of the mysteries, since the start of the strike has been partially solved: where have all the taxi cabs gone? It was learned that some are now servicing commuters from their homes to major bus terminals, such as Mid Island Plaza, and others have moved to Jamaica and city-points to ferry riders from bus terminals to places of business. None are in evidence in the vicinity of the depot today whereas in normal times as many as 50 cabs operate around the clock.

A quick-lunch eating place near the station has felt a 70 per cent slash in business. A druggist says business is off \$100 a day. News dealers have been forced to cut back on orders of the daily press by hundreds of copies a day.

The Long Island Assoc. reported this week that on top of everything else, including the loss of freight service to factories and stores, there has been the loss of the LIRR payroll of close of a million dollars a week with the majority of the RR workers residents of Nassau and Suffolk Counties.

The parking area at Mid Island Plaza has begun to show a tremendous gain in all-day parkers, largely commuters who now catch express buses at that point. The parkers have not significantly boosted Plaza business, however.

Among commuters, the HERALD found some who appreciate the strike because it has introduced them to the convenience (and in some case, economy) of car pool operations. Several have indicated they plan to continue carpooling as a result of their forced experience.

Fred Sitzer, owner of a group of stores at the Hicksville RR station, formerly the site of a monumental works owned by his father before him, said he could not recall a time in the past 20 years where the RR actually shut down as completely as it has this time.

"It's worse than a depression", he said. The absence of commuters has been a minor blessing to professional people in the area of the station. Their patrons can now find more than adequate parking.

CANTIAGUE ROCK at Cantiague Road and W. John St. on the boundary line of Oyster Bay and North Hempstead Townships as it appeared some years ago before a motorist knocked down and smashed the metal marker for the historic site. Town Highway Superintendent Thomas R. Pynchon has assured Hicksville residents that the landmark will be preserved during the current widening of Cantiague Road. The Cantiague Woods are mentioned in the Robert Williams purchase of the area from the Indians on May 20, 1648.

The full bite and effect of the strike is now beginning to be felt, a newsdealer told the HERALD. "The first week wasn't so bad. Some folks came down for their paper and tobacco needs as in the past. But now it's beginning to hurt. Folks are just not able to come down because the head of the house is using the car to get to work."

Confer on Strike

Nassau County Executive A. Holly Patterson conferred with Governor Nelson A. Rockefeller for an hour and a half last week on the Long Island Rail Road's crisis. The outcome of the meeting could not be announced by Patterson. Gov. Rockefeller did not reveal it but it is believed that something will soon be forthcoming.
