Board Repeats Plea For College Here

The Hicksville Board of Education voted Friday night to ask Nassau County to establish a community college in Hicksville. The resolution was supported unanimously by all six members who were present. Superintendent Wallace E. Lamb was authorized to make the request on behalf of the Board; to offer the facilities of the Senior High School daily after 4 P.M. if a college was established here; and to investigate other possibilities of getting a college here if by any chance the County should turn down Hicksville's request.

Dr. Lamb's memorandum to the Board of Education upon which the authorization was based stated in part as follows:

"The need for community colleges has been demonstrated beyond reasonable controversy. Each year the demand for college facilities becomes more grave. Out-of-state colleges find it increasingly difficult to accept students from New York; and our present state institutions cannot possibly meet the need. Also because of the rapid increases in the cost of college education fewer and fewer families can afford to send boys and girls to college away from home. In this era of world-wide civil war between freedom and slavery our failure to provide opportunities for the education of capable young people is a real denial. Nowhere in New York State is the need for college facilities so severe as on Long Island. It was evident from the beginning that one community college in Nassau County would not be enough. Extensive research by the State Education Department had made that point clear. Already the community college at Mineola is crowded to capacity and has had to turn deserving students away."

"We cannot quarrel with the fact that a community college was established at Mineola. One was needed there even though it is almost in the shadow of Hofstra and Adelphi. Neither can we

Silver Beaver For Carpenter

Allen S. Carpenter, president of the Hicksville Board of Education, was presented with the Silver Beaver Award, the highest honor for Scouters in the Boy Scout movement at the annual fellowship barbecue at Harkness Training Centre on Sept. 24.

Mr. Carpenter became a Boy Scout at the age of 12 and achieved the Life Scout Rank. He has served as Cubmaster in East Williston and in Hicksville. As an Institutional Representative he has become active in District and Council activities. He has been a vital force in giving leadership to the Annual Council Finance Campaign. He has strengthened many Scouting Units in guiding them in a good finance procedure.

County activities other than Scouting place great demands upon his time and ability. Besides being president of the Board of Education, he is Past Commander of American Legion and Chairman of the Hicksville Park Committee. As an active member of the Hicksville Methodist Church, he serves as Chairman of the Finance Committee and Building Fund Committee.

Needlework Requests Garments

"NEW Clothing for the Needy" is the slogan of the Needlework Guild of America, a volunteer organization which provides more than a million new garments a year for children and adults in hundreds of American towns and cities.

Now making its annual appeal for members, the Hicksville Branch asks residents to add to the collection of new articles which will bring comfort and cheer this winter to so many in need of a helping hand. Anyone can join... a gift of two or more new items of clothing or household linen is the only membership requirement. 300 articles were given out locally by the Hicksville Branch last year. Many more are needed.

To have a part in this unique program of community service, contact Mrs. Jesse Ulmer, 14 Field Ave., WE 1-0020 or Mrs. Florence Manning, 306 Old Country Rd., - WE 5-1356.

HICKSVILLE HIGH SCHOOL band, 97-members strong, was on hand at Mid Island Plaza yesterday to greet Vice President Richard M. Nixon when he arrived.

Lt. Edna Sutz, son of Mr. and Mrs. E. Sutz of Spruce St., Hicksville, formerly stationed at Quantico, Rhode Island, is now at the South Pole. He is expected to return to Rhode Island within 5 or 6 months.

Urges Voters To Register

Thomas R. Pynchon, Republican leader of the Town of Oyster Bay, today urged all new voters and new residents to be sure they are registered next weekend, Oct. 6, 7 and 8, so they can vote on Nov. 8th to elect Richard M. Nixon and Henry Cabot Lodge as President and Vice President of the United States.

"Some persons who have moved since the last election, even if within the same district, community or county, may not be aware of the necessity for re-registering," Pynchon said. He urges all voters to be certain they are registered and thus protect their right to vote on election day.

Voter information centers are

open or will open this weekend in at least 10 major population centers of the Town of Oyster Bay, Pynchon reported. These headquarters are staffed by volunteers, anxious and willing to provide information about voting and the candidates.

Announcing the 1961 Ford... Beautifully proportioned to the

CLASSIC FORD LOOK

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

An honor to be proud of, this is the model presented by the International Fashion Authority, Centro per l'Alta Moda Italiana, to the 1961 Ford for functional expression of classic luxury.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you... and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Good-bye grease rack! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford... beautifully proportioned to the Classic Ford Look... beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN BOWLER. Ford's smaller are double-mapped and aluminized—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN SHINE. New Diamond Lustre Finish never needs wax.

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Vol. 5 No. 6

Civic Profile

By DAVID A. MARK

Dale Berg makes a good cup of coffee. This important talent has a salutary effect upon anyone who may enjoy the hospitality of her home, particularly when we learn that Dale herself is not strongly addicted to the brew.

While one's eyes are soothed by the almost completely hazy decor of her living room, the conclusion is drawn that this must be her favorite color. Actually, Dale declines having any favorites, either in colors or in anything else, and herein lies a key to her personality. Dale is a person who is "concerned with growth and change" — she is not a creature of habit and routine. She enjoys the spontaneity of new ideas, impulses, and enthusiasms. Dale also knows the value of hard work and preparation in order to achieve something worth while within her particular interests.

The theater captured Dale's fancy as a young girl, and it has been her major avocation ever since. Those people who have seen her star in the Jericho Players' productions of "Anniversary Waltz", "Happy Time", and "All My Sons" can recognize that a talent such as hers is the result of a continuing devotion to a most difficult art. If time would allow it, Dale would play the same devotion to a more recently discovered interest, oil painting. But in addition to her work with the Jericho Players and one of the workshops, she serves as a member of the Board of Directors of our Civic Association. Her husband, Milton, and two children, Peter and Lancia, require some of her time, says Dale, and there is little left to give away anywhere else.

At one time, Dale hoped for a theatrical career. But the uncertainty and difficulties inherent in a heartbreaking business, plus the disinclination to be a doorknocker, brought about a change of mind — if not of heart. Dale believes in proper preparation for any serious undertaking, and while her ambitions for the theater were strong, she studied at the Dramatic Workshop of the New School. Staying in character, she went to school to study child psychology while awaiting the birth of her first child. Dale claims that in either role, as mother or actress, she uses the lessons she has learned.

This is a girl who has no do something well if she is going to do it at all. She is most proud of a tribute from her husband, who says that she is a good driver. Her pride extends from the fact that she had been most nervous while learning, and it was a big thrill to conquer her fear of driving. She is proud, too, of her "colorful vocabulary," used only while driving in tight situations, of course.

Dale likes the community in which she lives, and takes seriously her work on the Board of Directors. She would like to see the creation, one day, of a local community chest — a community pool for all charities rather than the divided efforts of a multitude of splinter groups.

She likes people who are stimulating, on different levels, but feels that people are very much alike no matter where one lives. Dale admits to a normal amount of nervousness in different social situations but knows how to overcome her difficulty. In fact, her training as an actress in a great old house

Dale and Milton will occasion-

David Mark interviews Dale Berg

ally spend a gala weekend in New York City. It is Dale's birthplace and she finds it difficult to envision living anywhere too distant from it. She impresses one as a feet-on-the-ground, practical type of person, but claims to be very emotional and high strung. Dale has empathy, often sensed by strangers who will pour out their troubles in her ear, and has dif-

ficulty in avoiding emotional involvement with the problems of other people.

Her own major problem? A simple and somewhat enviable one. Dale struggles to keep her weight up, for her tendency is to be thin. But thin or otherwise, Dale is a star on stage or at home, and it was a pleasure to be an audience of one for this interview.

Civics to Oppose Down Zoning

by GEORGE J. FRANKEL

At its regular meeting on Sept. 20, the Board of Directors of the Birchwood Civic Assoc. at Jericho, Inc., voted to oppose a petition before the Town Board to down zone from C to H a 50-acre parcel of land West of Oakwood, and bordered on the North by Jericho Turnpike and on the South by the Long Island Expressway.

The situation was explained to the Civic Board by Martin Penn, prominent resident of Jericho, who appeared before the Board with an aerial photograph of the entire area in question. Mr. Penn pointed out that the 50 acres referred to by the petition are presently zoned residential C (1/4 acre) and that the school district is already geared to handle the children resulting from the homes which would be built on this property. The area North of Jericho Turnpike is zoned North of the Turnpike and two acres and up. The result is that less than 100 children who reside North of the Turnpike attend the public schools at present.

The policy of the Town Planning Committee of TOBAY has been to allow factory buildings on the South side of the Long Island Expressway only, if this policy is broken, and factories are allowed as far North as the Turnpike, the fear is that this would tend to open the floodgates to down-zone property North of the Turnpike, and that the children that would result from more homes North of the Turnpike would force the Jericho School tax to an extremely high figure. As a result of Mr. Penn's report, the Civic Board voted unanimously to oppose the down-zoning of the parcel.

Sid Goodman and Harold Horowitz, of 150 and 154 Forest Drive respectively, appeared before the Board on behalf of themselves and all other residents of Birchwood who find themselves in a similar position. The homes of Messrs. Goodman and Horowitz are considerable below the grade of Jericho Park and Gramercy Gardens, and during the hurricane Donna, water cascaded down the slope of their back yards and flooded their cellars. Since this same thing could happen to many other residents along Forest Drive and also to residents of Maytime Court, the Civic Board agreed to arrange a

meeting between Messrs. Goodman and Horowitz, some members of the Civic Board, and representatives of the Building Dept. of the Town of Oyster Bay. The purpose of this meeting will be to determine what action can be taken to prevent a recurrence of flooded basements.

During the committee report portion of the meeting, the Board of Directors was informed by Pres. Baumel that Dr. Lawrence had been appointed permanent representative of BCA to the Jericho Joint Civic Council; by Joe Gema that after very careful evaluation of all the facts relating to the subject the Jericho Education Committee has voted to recommend the retention of the five member Board of Education as opposed to seven; by Lotze Stein that under the Cultural League's sponsorship one NYU course is definitely under way in Birchwood with two others still pending, and by Ralph Diamond that the CA Youth Group will probably rotate the same youth director it had last year for its very successful season.

The Board of Directors voted to recommend that the Civic Assoc. constitution be amended so as to make the fiscal year run from Jan. 1 to Dec. 31.

When Disaster Strikes

By Gilbert B. Stein

Hurricane Donna by and large treated our community with kid gloves. Our homes stood up well and, aside from small wind and water damage, there was fortunately no loss of life or limb. This writer, who experienced the tremendous snow storm of three winters ago when most of our community was without power for close to three days, found Hurricane Donna quite mild in comparison to it. Firstly, it was still warm enough in the season so that we were able to do without heat. Secondly, our streets were clear, and thirdly, our telephones while experiencing delays, by and large worked well throughout the emergency.

A great number of local residents took their families for dinner the night Donna struck. Long's Chinese-American Restaurant and Rudy's Delicatessen seemed like a gathering of the Jericho clan. Much of lighter vein could be relayed, yet perhaps the residents and the merchants of Jericho should take this latest emergency as a timely warning. Jericho was unprepared for what happened. Many of our residents did not have candles or at least an insufficient supply of them.

Few of us had hurricane lamps or, for that matter, enough kerosene to light them. Fewer yet, had sterno or similar emergency stoves available to hot water, or to prepare a simple meal. Many flashlights were not working due to dead batteries. It might be well if all of us would learn our lesson. Let's store up on these few simple

emergency supplies. Let us be sure to have a supply of canned food at home to last a few days and, of course, let us check our first aid supplies.

Another disturbing aspect of this emergency was the fact that Birchwood's Shopping Center could not function properly. Of course we feel badly if there is spoilage due to a lack of refrigeration in any of the stores selling perishables. Yet, what will happen if another more serious emergency arises and due to lack of power, neither drug stores, nor foodshops are able to dispense needed supplies to the public?

The answer is obviously that these stores should purchase either separately or jointly, enough power-generating equipment to be able to serve the public should such an emergency arise. Transportation also is of the utmost importance and what good are gas stations during such an emergency if the pumps do not work due to power failure?

This writer seriously suggests that our Birchwood merchants and service businesses get together now to consider the immediate purchase and installation of emergency power generating equipment. Let us hope that we shall never need it, but let us be prepared nevertheless. Surely it is not asking too much of these firms who derive their income from serving the local public, to make certain that the same public is able to obtain food, medical supplies, and gasoline should another extended emergency arise.

Birchwood Flies to Paris in 61

As many members of the Birchwood Civic Assoc. may recall, last January an item appeared in THE VILLAGER dealing with a proposed Civic Assoc. project this past Summer of a chartered round trip flight to Paris at a rate of \$255. per person.

Although there was a satisfactory response, the majority of our residents who were interested first indicated their interest at a time beyond the deadline time for making flight arrangements, and as a result, the plan had to be shelved.

In an effort to obviate the possibility of such a situation occurring again, it is suggested that any of our Civic Assoc. members who

might be at all interested in a European vacation during the Summer of 1961 should communicate with the undersigned so that a meeting of all interested members can be scheduled for some time this Fall and the project discussed at length. Attendance at such meeting will not entail any obligation, whatsoever on anyone's part.

Although the round trip to Paris was \$255. per person this past Summer we may be able to lower the price slashed to about \$235.

At the proposed meeting to be called, a decision can be reached as to whether the majority of the vacationers desire the trip to be scheduled for either July or August and whether the European stay shall be for two or three weeks.

Whichever air line is selected - Pan American, KLM, BOAC and Air France are all available and will take the group from New York to Paris and then have a plane waiting for the return trip on whichever date the group flies. On arrival in Paris, every member of the group is on his own and can travel anywhere in Europe, at his own expense, making certain only that he returns to Paris on the day fixed for the return flight.

This can be an unusual and interesting community project and furnish a most enlightening vacation. Interested members of the Civic Association should not neglect to communicate with the undersigned at an early date so that the experience of this past Spring is not once again repeated, with a substantial number of people postponing for arrangements long after the deadline date to make their arrangements had passed.

Happy to report that our first fall get-together dance was a real success. A well done goes to Andy Sadowski and Myron Litvins and the committee for bringing the guys and dolls a memorable evening. The food was fabulous and hats off to the boys underground Spike, Burns and Fueling who took care of the liquid refreshments, Lou Palladino and his best gal, our Madam President, did some mighty

fancy stepping on the floor to music arranged by our committee. Good food, wonderful entertainment and a beautiful television set to a happy winner of our post raffle was the climax to this past affair. It takes team work to put an affair of this nature over and commending this teamwork with good fellowship to the layman needed to please you and yours. Let us have more of this and at the close you will say truly a good time was had by all. The fall season is under way with new ideas and activities. We are still recruiting for new members. To those who may have forgotten, remember, don't forget to file your tax exemption on real property. You can get these forms at the veterans service agency in Mineola.

REGISTER and VOTE

The next election is one of the most important in our history. How much interest we, as citizens, take in voting may profoundly influence the attitude of the rest of the world - as to whether we are serious about our American way of life.

Republican or Democrat, the next Administration should be selected as near 100% turnout of voters as we can achieve. No matter how the vote may be divided between parties, if every citizen votes, the hand of the elected Administration will be strengthened in international relations.

We can preserve our priceless liberties and individual rights by voting in every election in accordance with our convictions. Each of us as a citizen has a patriotic duty to vote and to encourage others to assume that responsibility.

COMMUNITY COLLEGE

(Continued from page 1)

quarrel with the establishment of colleges in the less-populated northern area of Nassau County, for they are needed too. But what of our section of the County? Here in Hicksville, Levittown, East Meadow and Massapequa are the four largest school districts on Long Island. Adjacent to our borders are such rapidly-growing school districts as Plainview, Hicksville alone will have more than 400 graduates this year; 700 in 1965; and 1000 shortly. Are they going to be denied an opportunity to go to college? Our section of the County where the most students live has no college. It is in this area that the need is greatest.

Two years ago the Board of Education indicated its unanimous understanding of the need for more college facilities and petitioned the State University for permission to establish a community college in Hicksville under Hicksville sponsorship. The people of Hicksville also seemed to be overwhelmingly conscious of the need. The momentum generated in, and by, Hicksville undoubtedly persuaded a major reason why Nassau County made its decision to start a community college. The college was finally located in Mineola, because the County had embarked upon the community college program Hicksville's plans were held in abeyance.

Now that the College at Mineola is overcrowded, another community institution is urgently needed. Since the taxpayers of Hicksville are helping to support the community college in Mineola, the Hicksville Board of Education feels that the County should now establish a college in this area. Dr. Lamb has stated, "I think the County cannot avoid establishing such an institution where it is needed most."

Members of the Hicksville Board of Education who were present and who voted in favor of petitioning the County to establish a community college in Hicksville are: Allen S. Carpenter, President; Jerome G. Zentler, Vice-President; Walter W. Schreiber, Director; Robert D. P. Eaton, David Harvitz and Cornelius J. McCormack.

Yellow Jackets Win Opener by Score of 13-0

On Sunday afternoon at the Hicksville Junior High School Field the St. Ignace Yellow Jackets in a Catholic Grammar School League opener tangled with St. Anne's Red Devils of Stewart Manor, Coach Flynn and his staff deserve a great deal of credit in assembling a fine well-coached squad of boys to compete in this traveling league. St. Ignace displayed terrific defensive play in holding St. Anne's to a single first down in the game.

The Yellow Jacket offense both on the ground and thru the air rolled up considerably yardage. The St. Ignace Yellow Jackets led by Co-Captains Charlie Lang and Billy Corrigan were not to be denied scoring two touchdowns, one in each half and making one extra point. Ronnie Reilly scored one touchdown on a sweep around end and Skippy Walsh did likewise also scoring the extra point. Coach Flynn used his entire squad in order to give all the boys the necessary experience in this game.

This game was attended by the St. Ignace Loyola Girls Cade Corp who put on a fine display of precision marching and mazy tunes during the half. There was an estimated 1500 cheering fans in the stands for this opener which bodes well for the booming interest in the Catholic Grammar School Football league which was started by the men of the St. Ignace Catholic Youth Organization. St. Anne (9) St. Ignace (13)

IN MEMORIUM

"In memory of "Mother Alma Knapp", who departed this life", on September 3, 1960.
 God made a wonderful Mother to see,
 And was the most wonderful Mother to me
 She was so sweet, loving and kind,
 A Mother like her, I'll never find.
 Her heart was set of purest gold,
 To my Mother I was never bold,
 To all our Mother we should be nice,
 For they try real hard to sacrifice.
 This was the Mother, whom I still love,
 That God had taken up Above,
 If there is anyone I can ever recall
 She is My Mother, the fairest of all.
 I'll add a few words to ask another
 What good is a home without a mother?
 I'm also sure there's no more space
 For no one can take My Mother's place
 So again, I'd like to say this too
 To love her as much as she loves you
 And appreciate your most wonderful Mother
 Because once she's gone, you'll not find another.
