Busy Week for Volunteer Firemen Mostly After Dark

It was a busy week for Hicksville volunteer firemen under Chief Charles Saurer, including a Smokey fire at the Food Fire Super market in Mid Island Plaza and an assist to Jericho FC in fighting a fire at the old Kent Mason on Jericho Tpke.

Seventy men responded to a call at Mid Island Plaza at 5:55 PM Tuesday evening when burning rubbish and debris in the stock room called out the vamps. The fire was declared under control at 8:21 PM and the store was open for business "as usual" the next morning. There was no damage to the store proper.

The Nassau County Fire Marshall's office and Nassau County Health Dept were asked by the Hicksville Fire Dept to investigate gas conditions surrounding the alarm.

At 11:05 PM Tuesday the Hicksville vamps were called by Jericho Fire Dept to assist in fighting a fire in the old Kent mansion on Jericho Tpke. Sixty men and four pieces of Hicksville apparatus responded and remained on the scene until 3 o'clock Wednesday (yesterday) morning.

Damage estimated at \$5500 was caused to the Gerard L. Sandler home at 23 Balsam Dr, Hicksville, early Monday morning when it was

apparently struck by lightning. The alarm was sounded at 3:30 AM, Monday and eighty men answered the call. The fire was declared under control a little over two hours later. The roof and top floor of the residence was damaged by fire.

During the past several days the Hicksville Fire Dept ambulance answered the following calls:

Oct 23, Mrs. Schneft, 707 of 12 W Cherry St was taken to Meadowbrook Hospital after a fall down the stairs.

Oct 20 Richard Patwell of 154 East St was removed to Mid Island Hospital, Bethpage, after suffering a stroke.

Oct 14, Mr. Ewackuck, 50, of 94 Seventh St. was taken to Mid Island Hospital with leg injury.

Oct 11, Helen Karlson, 76, of 4 Evans St. was removed to Nassau Hospital, Mineola, after suffering a stroke.

Oct 23, Mrs. Maude of 19 Murray Rd., age 90, was taken to Nassau Hospital, after suffering a heart attack.

Welcomes College Help

Dr. Wallace E. Lamb, Superintendent of Schools in Hicksville, said this week he is delighted with the extensive support he is getting for his plan to increase college facilities in Nassau County. He is receiving pledges of support from leading public figures of both major political parties.

Part of the plan was concerned with changing the present two-year county community college at Mineola into a four-year college. Three days after the plan was formally made public, news was received that Speaker Carlino and

the entire county delegation to the State legislature will actively support this change.

The other part of Dr. Lamb's plan calls for the establishment of from four to six additional community colleges in Nassau County to provide for the 8,000 to 10,000 potential college students who would be otherwise unprovided for by 1970. This idea is also receiving close study from educators and public officials, and it is expected that formal action will soon result from the mounting support, Lamb said.

Town Adopts 1961 Budget

The Town Board adopted a \$3,479,787.71 budget for the 1961 fiscal year, Tuesday, calling for a tax rate of only 10 cents per \$100 of assessed valuation, the same as the previous year. The 1960 budget, adopted Oct. 27, reduced the Town tax for that year by 28 per cent.

Supervisor John J. Burns, who presided over the public meeting, said "the Town Board's planned programs, covering all departments, are a major factor in enabling us to present a fiscally sound budget without an increase in the Town tax."

"We are holding the line on taxes without curtailing needed services for our growing Town", Burns asserted.

Factors aiding the Board in presenting a "hold-the-line-budget" include the Town's planned industrial program which has seen the assessed valuation rise more than \$30,500,000 for 1961; departmental economies without hindering efficiency of operation; a new fiscal planning program; centralized purchasing and consolidation of Special Districts, in which tax

Plainview Democrat Leader Supports Republican Slate

Guy Susi, Plainview Democratic Chairman, member of the Town of Oyster Bay and County of Nassau Democratic Executive Committee, today announced that he and several of his Plainview Democrat Committeemen and supporters and friends of his throughout the Town, are endorsing the entire Republican slate for election on Nov. 8th.

Susi, a former candidate for Town Councilman in 1957 on the Democratic ticket, was one of the best vote getters in the Township Democratic party history. He stated today:

"The wonderful job accomplished by Republican office holders from this area as compared to the inexperience of our Democrat candidates has proven to me that the party I believed in and worked for over 30 years is fooling the public of Oyster Bay by running for office men and women they do not believe in themselves, for the sole purpose of fostering the ego and aims of a few 'higher ups' in the party for their own selfish reasons."

Susi pointed out that the present Town Democrat Chairman, Don Mankiewicz was forced upon the workers and is a "do nothing town leader very seldom present at our town meetings." He said Mankiewicz uses most of his time travelling to Hollywood, Susi supported Dan Cassidy for Town Leader in July, during a hotly contested leadership race in Oyster Bay.

Susi also said: "We have been forced to accept the poorest of political candidates time and time again because of what the candidate had to offer the leaders rather than what the qualifications of the candidate were. A good example was Fred Suttar of Hicksville who boasted he could carry Oyster Bay in the last town election and was duped into so believing by Democrat 'Big Brass' who needed his money to finance their campaign. "I want the people of this County to know that they are not dealing with the same high-caliber Democrats of years ago, but with a system not aimed at good government but at what is best for a chosen few. I have come to know the Republican candidates from my own experiences as a candidate myself and in comparing them, year after year, I must in good conscience place my support behind not only

GUY SUSI

the National ticket of Nixon and Lodge, but strongly urge the reelection of Assemblyman Ed Fehrenbach who kept his pledge to give local school districts more State Aid to Education; my full support to Town Clerk Henry M. Curran, an experienced and capable administrator, for State Senator and Judge Willis Carman who deserves to remain on the District Court Bench.

"In addition, the Democrat party has done all in its power to discredit Congressman Sty Wainwright, who has been a fearless fighter in Washington for all people of this area, regardless of race, creed or political party."

Susi asked that all Democrats and Liberals rise up against this "do nothing" and "forget the people" attitude and elect all Republican candidates on Nov. 8th to show the "big shots of the Democrat party" that they cannot continue to "fool the people for their own selfish interests. We, as Democrats, have tried for years by investigation and searching of records to find any one thing to pin our hopes upon for a possibility

of scandal in this Township to help us win elections. Needless to say, we have nothing and I hate to think what would happen if some of our Democrat candidates were in charge of these same departments. "My disappointment in our party is not an exception to the rule. Just ask our leaders where our old-time true Democrats are now? They have gotten as disgusted as myself and retired from politics

after holding such active capacities as State Committeemen, local committeemen, candidates for office and co-leader. This isn't because of bad health, I was on the 'inside' and know of their disgust as good people for the tactics of a few in charge."

Civic Profile

By DAVID A. MARK

Lotte C. Stein, Ph.D., B.S., M.S., is undoubtedly a leader of the degree which she is privileged to place after her name. The degree of Mrs. Stein, was conferred on Lotte 10 years ago by Gilbert B., a veritable dynamo who just barely outpaces Lotte in the service of his community.

We picked a particularly troublesome Sunday noon to interview Lotte, who was in the midst of preparing a dinner for ten, straightening her straightening her household, and mentally juggling a half-dozen plans for her many community activities. We followed Lotte from son Richard's room (he's 6) to son Claude's room (he's 4) to the master bedroom and elsewhere, surrounded by music everywhere, and enveloped in the succulent odors of a dinner in the making.

The household music was enjoyed by courtesy of Gil, who for Lotte's last birthday had installed a hi-fi system throughout the house. Music is one of Lotte's early loves. She has studied and played the piano throughout most of her life. "A project for next year," says Lotte, "is to begin studying the piano again." Raising two young boys has left her little time for her former serious application to music.

The word "study" applies pertinently to a person like Lotte who attended Queens College, the University of Chicago, and DePaul University. Her major fields of study were mathematics, music, and education, and in the not too distant future when her boys are a little older, Lotte intends to return to teaching at the high school or college level.

Lotte was born in Bonn, Germany, and came to this country in 1937. Gil, born in Mainz, arrived here in 1939. They met on a blind date at a sweet 16 party in Bridgeport, Conn. and were married 8 years later. The route to Birchwood at Jericho has been a somewhat extended one and Lotte feels that she is here to stay. The aim of her varied community efforts is to help create the best community environment for the children in every facet of educational, religious, and social life. It is intrinsic in Lotte's nature that she will begin no project or activity that she can not follow through to a successful conclusion. Give her a worthwhile purpose and her untiring efforts will be devoted to it.

Lotte was the first president of the Sisterhood of Temple Or-Elohim; she is a member of the Temple's Board of Trustees; she is a member of the Board of Directors of the Civic Association; she is an Acting Chairman of the Cultural League; she was chairman of the Library Fact-Finding Committee; she is Area Co-Chairman of the Red Cross Drive, and is a member of ORT, Hadassah, and B'nai B'rith.

Lotte is interested in the "why" of things and events. Her training as a mathematician created a thinking process that insists upon a logical progression of inquiry, ingestion, solution, and proof. She thinks, philosophically, that people are basically good and finds it difficult to sustain an active dislike for anyone. She loves to entertain, to be surrounded by people who have an awareness of life and the good things in it. She enjoys the sharing of thoughts and stimulations to be found in the simple art of good conversation.

On a broader plane, Lotte is cognizant of events that take place outside of the confines of Birch-

David Mark interviews Lotte Stein

wood. "When you're married to a man like Gil," said Lotte, "you must keep abreast of what's happening in the world in order to hold your own." (Anyone who knows Gil will quickly agree with this statement.) The Steins love to travel and plans for many treks depend only upon the time when the children can be left at home with a minimum of concern. Lotte would like to revisit Europe, but not Germany. She and Gil still speak German and hope that their children will become proficient in the language.

Lotte is a collector... the china, silverware, and glassware in her home attest to her innate good taste. She finds it difficult to throw things away and recently some long-stored school notes were unscrutinized in order to refresh her memory on a mathematical problem.

We spent a stimulating hour with a most personable and intelligent lady... a young woman who was able to finish high school in three and a half years; college in three years; who earned her masters degree in night school; and who aided two working parents to establish themselves in a new and strange country. We left as Lotte's dinner company began to arrive. The Stein household was humming, with sons Richard and Claude, and Fritzie the dachshund creating the usual happy confusion that is the special province of two boys and a dog. Sunday dinner coming up.

Thank You Birchwood, 134th Elect. District

Beverly Gellman, Democratic Registration Chairman for the Town of Oyster Bay, (4th Assembly District), quotes the following registration figures: (1) The entire county of Nassau shows a 14.9% increase in registered voters. (2) The Town of Oyster Bay shows a tremendous 33% increase in Registered voters (from 108,000 to 135,000.) (3) Local election district shows a better than 90% registration of all eligible voters.

The VILLAGER has learned that the 134th (Birchwood) election district shows the highest percentage of registered voters in all of Nassau County.

Passing It On

By IRVING HERSKOWITZ

FACTS OF LIFE: Shop lifting has now become big business. Carrying the dignified name of shrinkage, one of the very large chains who reported doing \$5 1/2 million admitted shrinkage of \$50,000 or nearly one per cent. They claim this pilferage will be budgeted right into their store's cost of doing business.

ALMOST UNANIMOUS: At a recent Congregation meeting of the Jericho Jewish Center, the go ahead sign was given to finish the interior of the Temple. The record turnout for this meeting responded affirmatively to the tune of approximately 20 to 1 to proceed with the completion of the Temple immediately.

RADIO vs TV: Latest survey reveals that during the day more radios are turned on than TV. Got something to sell? They claim the best radio time is 7-8 AM - best TV time is 4-6 PM.

THINGS CAN'T BE THIS BAD DEPT: A very charming young woman whom we prefer to be nameless, except for the fact that she happens to be the wife of the President of the Jericho Jewish Center, was shopping in a local kosher butcher shop in Jericho, which also must remain anonymous. While deeply absorbed in her selection of victuals for the family dinner, her young son able to restrain himself no longer (it was close to dinner time) gave vent to his pangs of hunger and started to devour one of the roasted chickens that was on display. Another woman in the store called the boy's mother's attention to this feat of daring and the embarrassed mother offered to purchase the bird. She was politely informed that, "evidence is never sold".

THE CHANGING TIMES: To aid menu planning the Army made an all-out survey to check on the G.I.'s food preferences. To those who remember, S.O.S. it never made the list. Results: Steak, strawberry short cake and biscuits.

HEADS UP: MOTORISTS using Market St. to enter the Birchwood Shopping Center had better use more caution with their speeds. Near head-on collisions are becoming common on the North Side of the bank going east to west and west to east.

Civic Board Names Nominators

By GEORGE J. FRANKEL

At its regular monthly meeting on Tuesday, Oct. 18, the Board of Directors of the Birchwood Civic Assoc. named the following people to serve on the Nominating Committee:

(Presently members of the Board) Ralph Diamond, Morton Koplik, Dale Berg, Leon Newman; alternates - Larry Gibbs, Dr. Walter Sufarman; (presently not members of the Board) Gilbert B. Stein, David A. Mark, Sam Hecht; alternates - Herbert Shapiro, Howard Turkell. Nominated by President Irwin Baumel - Irving Brand and Jerry Abrams.

The Board voted to recommend to the General Membership of the

Civic Assoc. that the constitution be amended to change the fiscal year of the Association so that it coincides with the calendar year. The Board will also recommend that the current membership year, which expires on March 31, 1961, be extended to December 31, 1961. Mrs. Gilbert Stein, Temporary Chairman of the Cultural League, reported to the Board that she had been notified by Mrs. Beverly Fuchs of NYU, that the New York University courses being conducted in Birchwood houses under the sponsorship of the Civic Association are the most successful of all such courses currently being given on Long Island.

Recent School Bus Accident

By RALPH DIAMOND

Recently a school child was seriously injured by a truck while getting off a Snyosset School Bus on South Oyster Bay Road. The accident was caused as a result of the truck driver's failure to stop when he noticed that a school bus was discharging children.

The State of New York has specific traffic laws covering this situation. The law states that the driver of a vehicle overtaking a school bus from either direction, which has stopped for the purpose of receiving or discharging passengers, shall bring his vehicle to a complete stop, and keep it stationary until the school bus shall

resume motion, or until signalled by the driver to proceed. The driver of a school bus, when discharging pupils who must cross the highway or street, must instruct the pupils to cross in front of the bus, and the driver must keep the school bus halted with red signal lights flashing until the pupils have reached the opposite side of the highway or street.

It goes without saying that, we are residents of Birchwood, whenever and wherever we see a school bus stopped to discharge passengers we will remain stationary until the bus has continued its journey.

Education Group to Meet

The next meeting of Snyosset Educ. Comm. of the Birch. PL Civic Assoc. will be held at the home of Leon Newman, 226 Birch Dr., on Tuesday Nov. 1, at 8:30 P.M.

All members are invited to attend. If you have any problems or constructive suggestions to add our children in their school years, we urge you to attend and discuss them with the committee. The committee can then bring these matters to the Snyosset School Board for appropriate action.

We wish to remind you that your children, community, and pocketbook are directly affected by the actions of the Snyosset School Board. It is your duty, both to your children and yourself, to attend these meetings and join in the effort to maintain our fine Snyosset School system.

Civics to Rescue

By MILTON BAGLEY

The aftermath of hurricane Donna left various degrees of damage and problems for the residents of our community. However, for a few homes on Forest Drive, located near Fox Lane, the ravages of the storm reached closer to the brink of calamity. The ferocious storm resulted in almost 7 feet of water in their basements due to a surge that broke through the barriers on the perimeter of Gramercy Gardens development.

Prior to the storm, your town planning committee has been in contact with the builder of Gramercy Gardens and had requested assurance that the drainage situation was under control, and the washouts that had plagued Fox Lane would no longer occur. While admittedly, Hurricane Donna was an extreme situation there was no guarantee that such a storm would occur again being havoc to our community. To preclude such an occurrence your committee contacted Tom Pynchon at Oyster Bay Town Hall and arranged a meeting at the site which was attended by Mr. Pynchon, two of his aides, the homeowners affected and members of your Town Planning Committee. The results were most gratifying. We received assurance that a restraining order had been issued to Gramercy Gardens preventing them from continuing any public improvement work until such time as their sump was opened. Furthermore, the Town officials told the homeowners most seriously affected that serious consideration would be given to requesting that retaining walls be constructed by Gramercy Gardens on the perimeter of the development where the grade exceeded such preventive measures.

At this point the town is in the process of implementing the above recommendations, one more instance of how your Civic Assoc. works for you and your community.

Behind Scenes

By Blanche Karpal

Have you ever had the opportunity to observe "behind the scenes" of a play? It is rare indeed. If you were able to peek behind the production of "THE TENDER TRAP" being given by the Jericho Players of the Birchwood Civic Assoc., this is what you would find.

Under the capable direction of Larry Singer the set designer, you will find Al Ross, Phil Rosenthal, Adela Zorn, Barry Jeffrey, Jerry Neuhaus, Selma Gold and Mildred Gruber busy painting and hammering away. You will find Dave Mark preparing the programs, Selma Gold gathering the props, and Dale Berg in charge of ticket distribution. Not only is Doris Ruzak designing the clothes, but you will find her, Selma and Mildred on their knees in the dressing room assembling the dresses and curtains for the set. Although Mildred Gruber has never set foot on the stage as a performer (she claims no talent), the Players find her quite indispensable. She attends every rehearsal in the capacity of stage manager, script girl (assisted by Isabel Davis, Vera Mark and Fran Leiber) and in general is "chief cook and bottle washer".

The cast of "THE TENDER TRAP," which includes Adolf Leroy, Howard Thomasaur, Jerry Neuhaus, Betty Goldstein, Carolyn Halperin, Beverly Bogan and Blanche Karpal wish to extend their thanks to all these wonderful people for all the time and service they are rendering so that "THE TENDER TRAP" will be one of the most successful productions of the season.

We hope you, the audience, have a delightful evening at the theater on either November 11, or 12 at the Synagogue High School Theater. While you are applauding the performers for a job well done, please don't forget the "behind the scenes" crew who helped make it all possible!

The few remaining tickets may be obtained by calling the Birchwood Civic Ass. at OV 1-4780 or the following participating organizations: Retarded Children, Temple Or-Elohim, Jericho Chapter of Hadassah, Jericho B'nai B'rith Lodge and Chapter, ORT, Pioneer Women, Carefree Palsy and Cystic Fibrosis. Help your favorite organization or charity raise money!

Girl Scouting Aids Community

The Girl Scouts of Intermediates Troop 152, Syneset, served as ushers Saturday at a movie of "Dumbo" shown under the sponsorship of the Robbins Lane P.T.A. in the Robbins Lane School. Over 200 children, including many pre-schoolers, attended the performance.

The Girl Scouts were kept busy seating the children, keeping order, taking care of the little ones, and comforting some of them who became frightened when the lights went out. They showed the younger children how to find their way around the school, managed to locate many missing brothers and sisters, and guided a steady procession of tots to the water fountain.

Cat Eats Bird While Fisch Watches

By Gilbert B. Stein

54 Hasbrouck Drive in the home of Mr. and Mrs. Theodore Fisch. Also to be found there is one Siamese Cat, a tank full of little Fishes (no relations), one very much alive baby alligator, and, up till very recently, a colorful parakeet. For some time the bird had been a problem to the Fisch's and their guests. It seems that this strange bird did not like company during the evening. No sooner would the light be turned on in the living room where friend parakeet used to live in his wrought iron split level cage, when the bird would start to howl, scream, screech and holler.

A number of weeks ago, Ted Fisch arrived home of one evening, tired and worn out from his days labors and the congested highways leading to Jericho. It had been just one of "those days" when a man looks forward to getting home, putting on his slippers, sitting down in his easy chair with the paper, to relax from the cares of the day. No sooner had Ted sat down in his favorite easy chair in the living room when the parakeet started his screaming tirade. This time, however, he had screamed once too often! Ted lost

his temper. He opened the cage, grabbed the bird, and, with a healthy curse, released him out the front door to be rid of this pest once and for all.

Our readers no doubt anticipate that a bird, smart enough to roost company in the living room, would be smart enough to take off for the wide blue yonder, where there are no living room spot lights, no visitors and no one to bother him. This bird, truly a master of provocation, had a low I.Q. Instead of flying off, it rested on the lowest branch of the nearest peach tree, no doubt intending to scream and screech, holler and protest to poor Mr. Fisch. While all this took place, a neighbors "friendly" cat arrived at the scene. In just about two seconds flat this hungry feline managed to jump towards the tree and catch the bird. Exit bird.

Mr. Fisch was stunned. Then he got mad. True, the bird fully deserved its fate, but considering all, a member of the Fisch household, his own Siamese cat surely deserved this treat rather than a "roving kitten". Well, Mr. Fisch returned to his easy chair, his newspaper, his family, his alligator, his cat and his fishes (no relations) and thus relaxing he made up his mind to start looking soon for a nice yellow canary, without a voice of course.

Reform Temple Plans Fair

By Gilbert B. Stein

The Management of the Mid Island Shopping Plaza in Hicksville has completed arrangements with Jericho's Reform Temple Or-Elohim for a Giant Country Fair to be held on the Mall of Mid-Island Shopping Plaza on Tuesday Nov. 8th, Wednesday Nov. 9th Thursday Nov. 10th and Veterans' Day Friday Nov. 11. Mid Island Plaza has Elohim to conduct this First Annual Fair which will consist of dozens of exciting games of skill for children, rides, contests and many other surprises to bring joy to the children of the Mid Island Area.

Mrs. Gert Paul, President of Sisterhood of Temple Or-Elohim, conceived this idea and was greatly instrumental in making all final arrangements with Mid Island Plaza. She will act as the overall Chairman of this Country Fair. Congregants of the Temple, members of its Sisterhood and Men's Club will act as volunteer workers and helpers and Mrs. Paul estimates that perhaps up to 200 of these local volunteers will lend their time and talents to this giant venture, proceeds of which will go to the Building Fund of Temple Or-Elohim.

There will be no gambling or games of chance of any kind whatsoever, this being against Temple policy. This Fair will seek to entertain and amuse the children while parents can do their shopping at the various Plaza stores. The merchants of Mid Island Plaza and the management are cooperating enthusiastically.

Pontiac announces the Trophy V-8 Engine

NEW PRECISION AND ECONOMY IN THE ENGINE ROOM OF THE '61 PONTIAC

A completely new fuel induction system gives this new free-breathing V-8 more air... to save you gas. Closer calibration of this big 389-cubic-inch engine gives you maximum thrust at half-throttle without over-carbureting.

We made the engine lighter; mounted it lower for better balance. An oil refill now takes only 4 quarts. Tailor your Pontiac power plant to

your needs. There are 11 versions to choose from. Horsepowers range from 215 to 348. (For best economy, specify the Trophy Economy V-8. Its lower compression lets you use regular gas.)

If this sounds a bit technical, just try a new Trophy engine soon. It's in all four Pontiac series. In one block, it will become clear why we've called this '61... all Pontiac!

THE ONLY V-8... PONTIAC... Pontiac has the added benefit of low oil. Body weight balanced to reduce side swaying. More weight between the wheels for sure-footed driving stability.

W for WIN

UNITED "W's for victory" from Republican presidential candidate, Vice President Richard M. Nixon and industrialist Henry Blackstone form a "W for WIN", to launch the "WIN with Nixon-Lodge" program on L. I. WIN is an organized campaign aimed at the "undecided vote" in the seven key states with the highest electorate. WIN works on a person-to-person approach within business and industry, seeking to mobilize voters by job occupations. It was adopted from a program used by Republican Senator Hiram L. Fong in recent elections in the country's newest state, Hawaii. Henry Blackstone, president of Servo Corp. of America, Hicksville, was appointed State Director for WIN in the wake of the vice president's campaign swing through Nassau and Suffolk Counties. According to Mr. Blackstone WIN is already gaining momentum here with campaigns working in the "business and industrial wards" of banking, construction, public utilities, defense and education. WIN headquarters was established on Long Island at 111 New South Rd., Hicksville.

UNICEF Receives Aid from Red Rubies

Unicef, the United Nations International Children's Emergency Fund is a very needy organization. It provides everything from milk to soap to penicillin. The 4-H Red Rubies club of Hicksville, a newly formed 4-H club thought that they should take up a collection for this worthy organization.
So under the supervision of Mrs. Rita Forte and Virginia Johnson they took up a collection of \$56.79. This is an amazing sum you must admit since only one penny will buy five glasses of milk for hungry children. Five cents the cost of a candy bar will care a child of seven. All six girls helped collect for Unicef. However, outstanding collecting was done by Susan Klaus and Pat Forte. Others who helped were Sharon Soroko, Pat Guidone, Noreen McCormack, and Janet Mesger. All Hicksville residents who did wonderful work.

Plan County Fair At Parkway Church

The Women's Guild of the Parkway Community Church, Hempstead Ave., Hicksville, will hold a County Fair on Nov. 5, 10 A.M. to 5 P.M. at the church. A luncheon will be served from 11 A.M. until 2 P.M.
Booths will feature aprons, gifts, toys, games, candy, food, used juvenile furniture, and attic treasures.
Akela Bill will provide exciting games with prizes for the children.
Mrs. Lawrence Olmstead of Westbury and her committee hope that everyone will come to enjoy the County Fair.

HIGHWAY SUPERINTENDENT Thomas R. Fynchon (left) and Councilman Henry J. McInnes plant the first of several hundred trees that were placed along Bethpage Road, Hicksville under the Town's tree restoration program which provides for the planting of trees where highways have been widened and improved, necessitating the removal of foliage. Open House Week for Lutherans

Preparations have been completed for "Lutheran Open House" week to be held Oct. 30 to Nov. 3 here at St. Stephen's Lutheran Church, South Broadway, Hicksville. The Rev. Frederick Reising of Atamesset Lutheran Church, Rochester, has accepted an invitation to come and be guest Missioner during this period. Services will be held each evening Sunday through Thursday, at 8:00 P.M.

The theme of the mission project is "Christ Invites You" and the purpose is to win the unchurched of the community to Christ. Prior to "Open House" week teams of lay visitors have been calling in the homes of prospective members.

Offers Panel

Would you like to visit Sweden and Switzerland, Hong Kong or Morocco?

The next meeting of the Dutch Lane P.T.A. at 8:15 p.m. Tuesday, Nov. 1 will present a panel discussion on international education and World understanding. The participants will be Farhad Mechkar of Switzerland, Sam Safwat of Sweden, Miss Joan Lin of Hong Kong and Miss Turia Ben Ollal of Morocco. These young people are exchange students, now at Adelphi College. The meeting will be moderated by Richard Leuci and Mrs. Peter Seper, teachers at Dutch Lane School.

More than 100,000 Lutherans in the Metropolitan area and nearby states will be taking part in this week-long program. Here is an opportunity for prospective members to get acquainted with St. Stephen's and to learn of the Lutheran Church and its doctrines. All interested persons in the community are invited to come and participate in this series of services.

Desserts with an international flavor - baked by the mothers of the school - will be served at the close of the meeting.

A VOICE FOR THE VOICELESS

You take it for granted today that you can send your voice to San Francisco or the corner store in seconds - and that it will arrive without fail and clear as a bell. Bringing you that kind of service and making it better every day is the main job of our Bell Telephone Laboratories.

again. Pressed against the throat, it substitutes for vocal chords. This artificial voice is available at cost to those who need it.

But along this research road our scientists have discovered many by-products that benefit the few who have special needs.

This is one of many examples of how telephone research has led to by-products of help in the medical field. Others include a method to transmit live heartbeats and X rays by telephone circuit for remote analysis and a Braille switchboard for blind people to operate.

For instance, at the request of the medical profession, Bell Labs has created an electronic larynx that enables persons whose voices have been stifled by surgery to speak

All are extra dividends from our effort to bring you the kind of phone service you want. No wonder your telephone gives you so much value for so little cost.

Seek Drummers and Buglers

It has been announced this week that the Sgt. Robt. G. Uimer AMVETS Post 44 are seeking Drummers and Buglers for their new Corps, that they are hoping to put into operation on Memorial Day next year. Jimmy Cooley who has charge of the Buglers, asks that all those who are from the ages

of 10 years and up and may be interested in joining AMVETS Drum & Bugle Corp contact him at AMVETS meeting, Friday evening Nov. 4th, between the hours of 8:30 and 9 p.m. or call OV. 1-0779 Saturdays between 12 noon and 5 o'clock.

Said Cooley, "If you like parades, affairs and conventions come on out and sign the roster. We are interested enough to help you out if you are just a beginner. Call us at the meeting hall across from the Hicksville Fire House where we meet. If you have a friend bring him along. The post has three drums and two bugles at present and the post is in line for 8 more. So come on out and JOIN AMVETS CORPS."

Burns Ave PTA Hears Dr Ames

On Oct. 19, the Burns Ave. PTA held its first meeting at the Burns Ave. School.

A full house heard Dr. Louise Bates Ames, Director of Research of the Gesell Institute of Child Development, speak on "Parent-Child Relationship in the Elementary School Years". Dr. Ames, an extremely articulate and charming speaker, held that parents should accept their children for what they are, and not try to make them over. She further stated that a child's behavior is directly related to his environment, that the parents can have a great influence in the growth patterns of a child. During the business part of the meeting, Frank E. Burke, Principal, welcomed the parents and guests and introduced the faculty. The new slate of officers was presented by Mrs. Blance Titman, Vice-President of the PTA.

On Nov. 16, the traditional "Open House" meeting will be held.

Earns Promotion

Hicksville resident Robert Dengler has been promoted by The Port of New York Authority to architectural designer for the Transportation Section of the 1964-65 World's Fair. In his new position Mr. Dengler will assist in planning and developing buildings and exhibits which will be erected on an 80 acre site in Flushing Meadow Park and bring together in one area all exhibitors primarily concerned with transportation.

Dengler joined the Port Authority in 1948 and has served in a variety of positions since then. Most recently he was an architectural draftsman in the Marine Terminals Dept.
