Cantiague Rd Homeowners Ready To Fight Industrial Zone Change

Homeowners along Cantiague Rd., Hicksville, are preparing to battle an application for a change of zoning on some Press Wireless acreage from residential to industrial. A delegation of residents, armed with petitions, is expected to appear at the Town Board public hearing on the question at 10 o'clock next Tuesday morning in Oyster Bay.

Isaac Penner, one of 30-odd resident property owners, left no doubt

in anyone's mind how he stands on the question when he appeared at the Hicksville Civic Assoc. meeting on Thursday night. He roundly denounced the current application of the Jefferson Standard Life Insurance Co. of North Carolina and the wartime growth of the manufacturing operation in his neighborhood.

See Factory District

He charged the application would convert a residential district of farms and "little estates" into a factory district. Speaking at the meeting in the firehouse, he said that since 1936

Press Wireless has received numerous variances of the zoning laws to permit erection of towers and expansion of operations.

Between 1942 and 1945, as war emergency measures, permission to build several buildings for manufacture of radio transmitters was granted by the Zoning Appeals Board. The structures are located on the east side of Cantiague Rd. on the property for which a zone change is being sought.

Penner told the Civic group that Press Wireless Inc. conveyed the

Thrift Day Prizes Await Lucky Shoppers

A 10-inch television set and 10 other valuable prizes are today awaiting shoppers who were lucky during the Hicksville BMA Thrift Days held Thursday to Saturday. The holder of the ticket for the top award was still unknown last night with four days remaining in which to come forward and claim the big prize.

Coupon No. 20237 issued at Hicksville Chemists was the first drawn from the thousands collected Saturday night as Thrift Days came to a successful close. Five-year-old Karen Walters, daughter of Mr. and Mrs.

Frederick Walters, pulled the ticket out of the box in a public ceremony at the corner of Broadway and Marie St.

The holder of ticket No. 20237 has until 6 p.m. this Saturday, Mar. 5, to present the matching ticket at the BMA office, 162 Broadway. All other winning coupon holders must report before that time also. The complete list appears on page 6 in this issue and is posted by all BMA stores which participated in the sale. If the first chosen number is not claimed, the television set goes to the second on

the list, etc. The rest of the claimants will share the other valuable awards.

Businessmen were generally as enthusiastic as the thousands of shoppers who took advantage of Thrift Days and the Business Men's Association is considering a repeat event, possibly in late summer.

Inclement weather cut somewhat into sales activity on Friday; however, Saturday's business appeared to compensate for the Friday lag noted by some shops, according to Fred Eberhardt, chairman of the committee in charge.

Telephone Answering Great Success

The telephone answering feature was one of the most successful side light activities during Hicksville BMA Thrift Days. Hundreds of persons were called during the three days before the winners were located. In some cases there was no answer to the number called at that particular moment, numbers being picked at random from the local directory.

Some folks came very close. After being told why they were called, they exclaimed: "Oh, I've been answering 'Today Is Thrift Day' all morning long. This is the first time I failed to say it."

Those who have been mailed five-dollar checks by the BMA are: Mrs. Allen Carpenter, 8 Herman Ave.; Mrs. Jean Cardella, 67 Notre Dame Ave.; Mrs. Clinton Wilbur, 165 Plainview Rd.; Geraldine McGinnigle, 66 Park Ave.; Mrs. E. H. LeBarron, 115 Halsey Ave.; Ruth Davidson, 3rd St. and Gardner Ave.; H. Pearson, Bloomingdale Ave.; Mrs. Charles Iehle, 35 McKinley Ave.; all of Hicksville, and J. Archiello, 7 Pine Tree Lane, Island Trees.

28 VEHICLES FIGHT SNOW IN TOWNSHIP

Oyster Bay town highway department had every available piece of equipment rolling Monday to keep 250 miles of town and 55 miles of state highways in the township open to traffic. Eighteen trucks of private owners were engaged to push town plows in addition to the 10 highway department vehicles. Superintendent John R. Brandt explained.

The wet, heavy snow provided snow fighters with special problems. It costs the town approximately \$250 an hour to fight snow.

Students of Hicksville, Island Trees, Bethpage, Jericho, Plainview and vicinity were given notice over WHLI yesterday morning that schools would be closed because of the snow storm.

Among the activities cancelled by the storm was the White Elephant Sale of the Nicholas St. School P.T.A. set for Monday night. It had originally been cancelled in December—also by a snow storm.

Special Meeting Set On \$175,000 Library Bond Issue, Mar. 29

A special meeting of qualified voters of Hicksville School District will be held Tuesday night, Mar. 29, to consider the issuance of \$175,000 in bonds to cover the cost of a new public library for the community. The meeting will be held at 8 o'clock in the evening on that date in the high school auditorium.

The date for the meeting, at which time a vote on the proposition will take place, was set this week when the Board of Education received a petition to that effect. The sum of \$175,000 is estimated as the total cost of purchasing property, erecting the library building, buying fixtures, furnishings, paying fees, etc.

Since the amount to be raised by taxation would be spread over 10 or more years on a bond issue, the annual cost to the average homeowner will be four or five dollars or the equivalent to the price of a good book once a year, according to Joseph Heim, president of the Public Library Board of Trustees.

The Free Public Library, which has approximately 8,000 borrowers, is desperately in need of quarters. It is now crowded into two classrooms in Nicholas St. School building, using space which the Board of Education needs almost immediately to accommodate the climbing school enrollment.

The library had a circulation of

RED CROSS CAMPAIGN FOR FUNDS UNDER WAY

Red Cross fund raising drives in the mid-island area start this week as local chairmen were named from the Garden City headquarters.

Fred J. Sutter of 16 Duffy Ave., Hicksville, leads the drive in Hicksville with a quota of \$2,250. Plainview is included in the Hicksville drive.

Mrs. Charles Melone of Broadway, Bethpage, will conduct the Bethpage drive to meet a \$225 quota. Mrs. A. D. Watkins of Syosset Downs is chairman of the Jericho drive. No quota has been set.

Albert F. Pearsall of 41 Buttercup Lane, Island Trees, is chairman of the Levittown drive, where an \$800 quota has been set for that community.

SMASHES SKYLIGHT TO ROB HARDWARE STORE

Sausmer's Hardware at Broadway, Hicksville, was entered when a thief broke a skylight in the roof of the store, Tuesday night, Feb. 22. Risking possible serious injury, the burglar apparently broke through a double set of glass windows and dropped into the store. About \$3 in cash was taken from the register and two Remington rifles. The burglar then left by jimmying a rear door.

The damage and loss was discovered the morning of Feb. 23 and Myron Sausmer notified the second precinct. Det. William Garrett of the Second Precinct Squad is investigating the case.

YOU MUST REGISTER TO VOTE ON LIBRARY

Qualified voters of Hicksville School District must be registered to cast their ballots on the library proposition, Mar. 29, District Clerk Andrew B. Heberer stated last night. However, most of the voters are already on the rolls for the school year 1949-50. More than 800 persons are qualified at present, having registered either for the annual meeting last May or the special school land-purchase meeting last November.

Persons who are yet registered will have their opportunity at Nicholas St. School building on Saturday, Mar. 19, between the hours of 4 and 9 p.m. New residents who have moved into Hicksville on or before Monday, Feb. 28, if they were residents of Nassau for 3 months and N. Y. State for one year will generally qualify.

Voter qualifications will be published in detail by the HERALD prior to Mar. 10.

Hicksville Taxes Up Less Than Most Areas In County

Hicksville's tax bill of \$4.34 per \$100 of assessed real estate valuation has increased about 25 per cent since 1945, which is one of the smallest gains in community tax bills in the county, E. M. Podyen told the audience at the Civic and Community Association meeting, Thursday night.

Taxes, for most sections of the county have leaped 50 and 60 per cent, the Chairman of the Nassau County Board of Assessors told the group. Since the county, state and town rates have not changed, he found most of the gain in the charges for special municipal services (compared with 1945 rates) such as fire, police, refuse collection, water and street lighting.

School Taxes Held
The Hicksville School tax of \$1.63 per \$100 is exactly the same as 1945, a fact which Podyen found to be very unusual since school taxes have been

Dear Jean . . .

Hicksville Fire Department's new tournament racing car arrived last Sunday. Oyster Bay, probably the hottest team in the tourney circuit this year, is really concerned about the HICKS' as competition this year. . . . En route to Tegucigalpa, Honduras, are MR. and MRS. JAMES J. SHORT and their two children, from Miami. MRS. SHORT is the former RUTH STOLL, daughter of MR. and MRS. CHARLES H. STOLL of Dix Hills. . . . Practical jokers were busy during Thrift Days. At least two parties tried to claim the \$5 prize jokers promised for saying the right words on the telephone. . . . Twinklawn Ave. Civics have erected a bulletin board for members' info near the corner of Bethpage Rd. They are expected to oppose plans for an auto junking yard in their neighborhood at the Zoning Appeals Board hearing tomorrow (Thursday) night. . . . Hicksville commuters who take the 5:15 home evenings from Penn Station will be surveyed by LARRY ROMAN on the proposal to replace train No. 244 with a Bethpage-first-stop express, followed by slower train ending run here. . . . Boy Scouts were supposed to have an all-out fund drive in Hicksville, Saturday and Sunday, but somebody forgot to notify the press for an advance build-up. . . . JOHN JONTA was around with sample packs of Old Golds last week. . . . If ROVER will sign his (or her) name we'd be interested in printing correspondence offered. We can keep a secret. . . . Are those planes flying out Robbins Lane way????

The trouble with radio (and television) is that if you don't catch it the first time, you miss it. We understand that Donals James Mothers Inc. program on channel 2 last week presented MRS. ANNA ARLISS of Hicksville as "Mother of the Week" on the basis of a letter submitted by her daughter. . . . We did a double take the other day when we saw MRS. MacPHERSON drive up to the post office on Herzog Pl. At first we thought that we had developed X-ray vision. Then it became apparent that the engine hood is plastic, permitting a look at the car's power plant. . . . Uck Uck Dept.: Guess who got a ticket for parking in a loading zone? The writer whose prose has not been too gentle with certain phases of police work. . . .

Belated birthday greetings to LEE EAKER of Jack and Lee's, North Broadway, Hicksville. His birthday was Feb. 10. . . .

Welcome to the community to the following new Hicksville residents, all in brand new homes in the developments on Lee Ave. and just off Lee: MR. and MRS. WILLIAM ROBBINS and their 6-year-old son and 3-year-old daughter formerly of Mineola. . . . MR. and MRS. ADRIAN DALLAS and their year-old daughter are here from Boston, Mass. . . . MR. and MRS. HAROLD KELLEY and 8-year-old daughter are here from Uniondale. . . . MR. and MRS. LOUIS SULLO and sons 7 and 11 and daughter 14 are here from Elmont. . . . MR. and MRS. MICHAEL DELPERCIO and 3-year-old son are from Massapequa. . . . MR. and MRS. ALBERT LAUMENEDE and their two sons and infant daughter are here from Lynbrook. . . . MR. and MRS. MARVIN BALNIS and sons, 1 and 3 years, are from Jamaica. . . . MR. and MRS. THOMAS KIDBY and infant son are also from Jamaica. . . .

I hear the ROBERT L. BACON GOP Club is tentatively scheduling another young people's dance in May. The last one in February was a great success. . . . ERNEST FRANCKE conducted the installation of North Bethpage Civic Association officials this week. . . .

Bethpage Council Seeks Bldg. Set-Back Law

The Bethpage Council of United Organizations will submit a proposal to the Oyster Bay Town Board that an ordinance be adopted to require all new buildings in Bethpage be setback at least 10 feet from the building line. Plans for the proposal were discussed at a meeting Wednesday night, Feb. 23, at the Bethpage School which was attended by

delegates from all the home organizations. Proponents of the measure indicated that it would provide for the future widening of the streets and permit attractive store expansion in the business area. Broadway, north of the railroad tracks, was pointed out as an illustration of congestion resulting from narrow streets. It was suggested that the delegates take the information

back to their individual organizations for action. H. G. Holzmaier briefly outlined the building developments in Bethpage. Mrs. Marie Arceti, secretary, will contact the Bethpage postmaster for information on the cause of delay on Bethpage home mail delivery. A letter from the Council will be sent to the LLER requesting interior and exterior improvements of the Bethpage railroad depot

TO PICK PLAY
The playfinding committee headed by Mrs. Betty Chesire of Plainville will submit suggestions for the next production of the Little Theatre shop at a meeting tomorrow night (Thursday) at the Roosevelt Field Inn at 8 p.m.

Municipal Fields Are Best

In attempting to solve the parking problems of Hicksville, various proposals have been offered (and tried) involving the use of privately owned land. The use of privately owned vacant lots can never be more than a temporary solution. An example of what can happen is found in the latest Huntington Chamber of Commerce Bulletin: "The owners of land at Huntington Station which has been leased to the Town of Huntington for parking purposes for some time and used intensively by Huntington Station merchants, businessmen and their patrons, have announced that the land will be no longer available after March 1st." An auto showroom will be erected of the site.

A private owner of land, unless he gets an appropriate rental under lease, cannot be expected to provide free, public auto spaces while at the same time being responsible for the taxes collectable. Municipally owned property for off-street auto parking is the most desirable method in the long run. Hicksville's problem, however, is attempting to provide such fields (bought from private owners) without loading a lot of taxes on homeowners who get only a proportionate benefit from public fields.

Baby Joins the Family

Child development specialists have done a turn-about in their recommendations on how to treat the new baby. There was a time when baby was a little creature apart, banished from the family to a sterile room where he ate and slept according to the clock and bowled in dismal solitude when unhappy. No one dared touch him but mother—and then only when the book said so.

That's all changed now, among the enlightened. Today's baby eats when he's hungry and sleeps when he's tired. He's "self-regulatory." He coos in his bassinet in the living room where the rest of the family is, and when he cries, he's picked up and cuddled. And—shades of our grandmothers!—if he's restless, he gets a pacifier to suck!

VOTE ON BOND ISSUE FOR LIBRARY MAR. 29

(Continued from Page One)

66,901 volumes in 1948, an all time peak, according to Heim, and the Trustees are convinced that greater use would be made of the library if housed in adequate quarters.

The site selected for the proposed building is the south-east corner of Jerusalem Ave. and W. Cherry St. The plot has a frontage of 151.25 feet on Cherry St. and 107 feet along Jerusalem Ave. It consists of two parcels, one owned by Dr. Walter F. Stillinger and the other by the Heitz estate.

The land will cost approximately \$18,000, embracing roughly eight building lots. The Library Board has taken an option on the property which expires Aug. 1.

The building itself will cost an estimated \$150,000 and Philip Goodwin, internationally known architect of public buildings and Syosset summer resident, who has been engaged, believes that contractor costs may have

dropped off even more by the time the project gets under way. It will be a one-story structure of concrete, brick and glass of modern design set back 15 feet and facing Cherry St. The plot size will allow room for future expansion.

It will be an oblong building about 100 by 80 with a basement under half the library. The main floor will consist of adult and children's reading rooms, plus an assembly room with a seating capacity of 75. This clubroom will have a separate entrance from Jerusalem Ave. and be available for community group use.

The building will have a capacity of 25,000 volumes. The Hicksville library now has 13,252 volumes in its collection. A picture of the structure will be publicly displayed before the public vote takes place Mar. 29, Heim stated.

The text of the proposal offered voters of Hicksville School District is published in this issue of the Herald as a legal advertisement on page 10. Further details regarding the proposition will be published in subsequent issues

property to the insurance firm for \$167,500. The insurance firm, then leased the property to the Press Wireless Mfg. Corp. for 20 years at \$16,750 a year. These transactions, he asserted, were publicly recorded last July.

The radio transmitter station is located on the west side of Cantiague Rd. The zone change is proposed for property across the road and is said to involve a seven-acre tract with a frontage of 450 feet on the highway.

Opponents of the application declare that manufacturing at the site is now restricted by variance to radio transmitters. Under a zone change, other types of industrial operation would be permitted.

Mrs. Henry Koehler of Sackett St., Hicksville, will be hostess to the Hicksville-Glen Cove League for Mercy Hospital this afternoon (Wednesday) at her home at 2:30 p.m.

Current Comment:

A Phoney Crusade

LET IT BE PERFECTLY clear, to begin, that we are not in the pay of the bookies and have bet on a nag only once. But let it also be absolutely clear that we strongly oppose the current steam-roller move to put across so-called "state-controlled off-course betting."

We are disturbed to find leaders of our county administration speak out in favor of such legislation in the State of New York, particularly the District Attorney.

Newsday with its typical disregard for fine points and details, has been beating the drum constantly for weeks now to get off-course betting enacted into state law. We don't understand the reason for Newsday's pressure behind such a law but we think they are applying questionable tactics in trying to win a point. The Hemptated daily modestly refers to the off-track betting bill as the "Newsday Bill."

Every issue screams at the readers: "If you don't support this bill, state income taxes will increase." Further, we are told, bookies can't be controlled by the police and the only way to eliminate bookmakers is to put them out of business by enacting the off-track betting law. Baloney.

The state budget is higher and therefore more taxes must be collected. As Gov. Dewey said Sunday night, "you can cut taxes by eliminating services. If you want to pay less taxes, spend less. Off-track betting would, the advocates claim, provide another source of revenue, if the state took its cut or percentage.

And, we might add, there would also be revenue from state-controlled prostitution if the state took a percentage.

As we understand this proposal, which has the unblushing endorsement of our DA, a shop for taking bets on horses would be set up in a community like Hicksville. You could walk into such a store (like the state-controlled liquor stores in some states) during business hours and put \$2 on So-and-So running in the 8th at Jamaica. You would get a receipt and then wait to see if So-and-So was everything the depoters claimed.

No need to go to Jamaica and stand in line for the \$2 window. No need to seek out a bookie or to phone that Certain Number. Just make your morning stop at the betting office just as you now fight traffic to stop at the Post Office on Horvot Place or to make a deposit at the Bank.

The advocates also reason that when placing of bets is made easy then no one will do business with the bookies and those individuals will go broke and have to put in unemployment insurance claims. Nobody says anything about the bookies who now take a little wager, if you're so inclined, on football results, the outcome of a fight, the elections, etc.

We give the State Legislature and Gov. Dewey credit for sufficient good sense to promptly dump such a proposal as the "off-track betting plan."

—FRED J. NOETH.

For the last four years I have received several proposals of marriage. Some have come in during recent weeks. I guess they haven't heard of the election.—Rep. Joseph W. Martin, Jr.

Thrift Days, sponsored by the Hicksville BMA, offered shoppers an amazing array of specials and values. Rainy weather on Friday cut down the crowds, but shoppers were out in force on Saturday to reap the harvest of values.

As of Saturday, Harry Gruber is the sole owner of Bahrenburg's Bake Shop at Broadway and Marie St., Hicksville. He bought out his partner, Philip Sommerstein of Shore Rd., Brooklyn.

Sinetar Cleaners of 82 North Broadway, Hicksville, is the place to go when time is short... they offer a three-hour garment cleaning service, having installed a modern cleaning unit on the premises. Same day service is a regular thing if you call them before 12 noon.

Bakecraft on North Broadway, Hicksville, also has a large wholesale business serving restaurants, delicatessens and other outlets in the Mid-Island area. The other day Harold Braun showed us some of their automatic machinery. There is a gadget which turns out 80 rolls a minute, three dozen hamburger rolls every three seconds.

Braun, an ex-Army captain in the quartermaster corps, was five years in service, three of which were spent overseas. He saw duty through six campaigns in the Pacific. His home is on Centre St.

Plainview Vamps, Vets Want New P. O.

The Plainview Volunteer Fire Co. and the Wm. M. Gouse, Jr., VFW Post of Hicksville are today on record with Washington authorities, requesting a new post office in Hicksville.

The Plainview vamps at their Feb. 14 meeting discussed the question and Secretary Robert Berry reports "all members were in agreement with the plea for a new post office in Hicksville. We feel Hicksville does very badly need a new post office building to serve its citizens as well as those in the outlying district."

Cite Tremendous Growth
In letters to Congressman W.

Kingland Macy, U.S. Senator Irving M. Ives and the Postmaster General, the firemen asserted "that Hicksville, due to the tremendous increase in population, warrants and needs a new post office building very badly." Action was taken as the result of a plea, addressed to all local organizations, by the Hicksville Civic and Community Association.

The VFW Post voted support of the plea for a new post office at its Feb. 14 meeting. "It has become increasingly apparent," wrote Post Adjutant Marcus T. Dodge to Congressman Macy, "that the present post office building is not large enough to handle the enormous volume of mail caused

by the rapid growth, in the last few years, of the Town of Hicksville and surrounding districts."

The Hicksville Lions Club has also gone on record in support of the demand for a Federal building in the community.

LOADING ZONE CASES DROP OFF SHARPLY

VERY UPSETTING—No one was injured but there was a giant-size order of ham and scrambled eggs prepared when the Swift Co. truck skidded and overturned (above) on South Broadway near Bloomingdale Ave., Hicksville, recently. Photographer Ray Bowman was right on the job and got this shot before the top-side front wheel of the truck stopped spinning. Slight damage was done to the car on the left, operated by a couple from Island Trees when it collided lightly with the roof of the truck, which was loaded with eggs (which broke) and meat products. A few days before (pix at right) a heavy truck of Preferred Sand and Gravel Co., Hicksville, overturned down near Massapequa on Hicksville Rd. Bowman got that shot also. —Bowman & Brown photos).

HICKSVILLE TAX RATE GAIN FOUND SLOWER

(Continued From Page One)

climbing everywhere else in the county.

His discussion of taxes was part of a very informative and interesting talk on real estate assessing given about 50 members and guests at the meeting held in the Firehouse auditorium. He compared today's assessing procedure with the unsatisfactory "horseback opinion" method, under the towns and cities, prior to Jan. 1, 1938.

Real Estate Peak Passed

Values set upon properties in the county today are based upon replacement costs in 1938-39; i.e., about 50 per cent of today's valuations. He expressed the opinion that the peak in real estate values was passed about six months ago and that the market is now leveling off.

He cited a typical home in the Frank development, quoting from an office record card, to illustrate the method used in setting valuations. New homes standing on May 1st go on the tax rolls for the current year. Explaining that all assessments are open records, he invited all interested to visit his office in Mincola and satisfy themselves regarding the valuations established on their own and neighbor's properties.

A lively question and answer period followed his remarks. Gen. Pudeyn was introduced by Stephen Smiatlak, program chairman of the Association.

During the business session conducted by President Lawrence A. Roman, the secretary was instructed to write police asking for patrolmen in the vicinity of the high school during lunch hour and after school sessions to stop wild, cowboy driving by non-students.

The HCCA went on record as supporting the establishment of a community blood bank as proposed recently by the Wm. M. Gouse, Jr., VFW Post.

DO YOU WASTE HEAT?

If you regulate your furnace with a thermostat, here's some advice from the Federal Housing and Home Finance Agency:

"When thermostats are set at 75 degrees instead of 68, as much as 10 per cent of home heating fuel is wasted. . . . Still more unnecessary waste results from placing thermostats on cold outside walls or in drafts. Such location cause constant starting and stopping of the burner. . . ."

THE HERALD SPORTLITE

By HOWARD FINNEGAN

Attempting to nail down the regular season championship of the LIGBL with a skeleton crew, the Hicksville Dodgerettes were shaken by the Valley Stream Gems until their bones fairly rattled at Woodmere.

With surprising authority, the Gems tied for the lead with a 35-11 victory.

Out from under the watchful eye of their vacationing coach, Frank Ruggiero, and operating without Jo Wysloviski, Ann Frey and Elsie Bartels, the Dodgerettes never made a fight of it. They trailed 20-8 at half-time and tallied only 3 points in the last half.

This frankly unexpected reversal left both teams with a 6-1 record. Each team had one game to go: Hicksville's schedule called for weak Baldwin at home while the Gems had to face Port Washington at Port. The latter only lost by one point to the Gems in their first meeting.

Awaiting the outcome of the two games the LIGBL has decided not to formulate any playoff plans as yet.

Hicksville High concludes its 1949 basketball campaign this coming Friday night against a visiting Farmingdale squad. It would be a grand keynote for the future if the Comets could get back in the old habit of whipping the Dalers at home and there is just a chance that they might.

The poor won-and-lost record doesn't show the fine job Chet Jaworski has done in coaching the Comets. Actually no won-and-lost record could show just how much of a ponderous task he had facing him when he took over the coaching reins.

The genuinely fine game the Comets gave experienced Roslyn was heartening regardless of the outcome. The Comets were involved in and had a chance to win a first class struggle.

Quite definitely there is something to look forward to next year. And if the Comets hold to the form they exhibited against Roslyn there is something to look forward to Friday night.

The Mineola-Hicks of the Police Boys Club League have taken under advisement the possibility of protesting their 50-44 loss to first place Port Washington.

In the second period George Cheslock of the Hicks was in the motion of taking a shot when one of the Port players fell injured to the floor. Cheslock's shot went in but the official had blown the whistle for the injured player and would not allow the goal to count.

Regulation play ended 40-40 and had the goal been counted the Hicks would have won 42-40 instead of losing in overtime.

The Hicks are a group of local boys who migrated to the County Seat to play in the PBC loop. Among them are Mathew Tringali, John Slofkin, Eugene and Louis Stepkowski, George Cheslock, Stan Gajewski and Edwin Miller. The last mentioned threw in 22 points against the then unbeaten Portsters.

There were many distinguished features in the first triumph of the Kiwanis at Manhasset. All are next to impossible to describe in order to get the full enjoyment out of them as did those who saw them.

One such was a second period basket by Bill Byrnes that he dropped in from underneath by twisting into a pretzel while moving at top speed.

For those fans who were at Oyster Bay three years ago it was comparable to the shot Jim Valentine dumped in to send the battle into a second overtime. That was the one in which Mr. "V" collapsed like an uncontrolled beachchair but to the astonishment of all never-the-less hit for the goal.

* * * *

Our selection for the crucial second place battle between Roslyn and Jericho in the NVABL is Jericho by 7. We like HHS over Farmingdale by 4 and Manhasset over Jericho by 3. Locust Valley should take the Kiwanis by 10 without Jawroski.

SATURDAY IS DATE TO JOIN IN FUN

Are you a newcomer to Hicksville who would like to meet the other people of the community? Or are you an old resident who would like to make some new acquaintances? Then write the date "March 5" in your engagement book and plan to attend the square dance at the Hicksville High School gym at 8:30 p.m. Saturday.

Don Darbacher, son of the well-known square dance caller, Ed Dur-

lacher, will be on hand to call the sets. His orchestra will supply the square dance music. Everyone is invited to attend and learn square dancing.

The Hicksville Classroom Teachers Association, sponsors of the dances, is attempting to further wholesome community recreation. The 60c admission price is made to cover expenses.

Jaworski, Byrnes Outstanding As Kiwanis Tops Manhasset, 52-49

An All-American from Rhode Island State and a left-handed favorite from another era, when Hicksville High was a court power, pooled their talents at Manhasset on Thursday night to provide the Hicksville Kiwanis with its first sweet taste of victory in the bitter '49 campaign.

Chet Jaworski and Bill Byrnes combined for 45 points as the Blue and White rocked the NCABL with a 52-49 upset of the high-flying Manhasset Alumni.

Scores 26 Points

After absorbing 12 straight defeats the Kiwanis made the grade as Jaworski flipped in 11 field goals and four fouls for 26 points and set Byrnes up for most of his 19 with a masterful dribbling and passing game.

In the first round meeting between the two clubs, Manhasset won a furious scoring game 99-81. This time Jaworski was on hand and it was a different story. Hicksville moved only at its own choosing and its sone defense slowed the bewildered Town Hallers down to a walk.

At the outset Byrnes gave evidence that it was going to be a battle. Taking passes from Jaworski and Gus Econopouly, he twisted in three hook shots and added a foul. That kept Hicksville even at 7-7. Late in the period Jaworski pulled the Kiwanis in front 15-14.

It was always Jaworski and Byrnes or vice versa. In the second stanza Manhasset had a five-point edge but Hicksville closed it to a point at half-time. In the third period Jaworski dribbled half the length of the floor three straight times for hank shots. With a goal by Byrnes thrown in they tied the game 38-38 after the Blue had fallen behind 38-30.

Ahead in Fourth

Hicksville made its winning rally in the fourth period as it held the losers to just two field goals. Baskets by Bill Bordiuk and Jaworski reduced the Manhasset lead to 47-46. Byrnes popped with a one hand set and Hicksville was ahead with 5:55 left.

With the one point lead, Hicksville moved the ball disinterestedly behind the foul line. Two and a half minutes elapsed before Manhasset tired to take the ball away. When it did, Bordiuk scored a two-pointer from the side and Jaworski and Byrnes produced from the foul line. That gave Hicksville a five-point lead with 45 seconds left and Manhasset couldn't come on.

Bordiuk was the only other Kiwanian to score getting the 7 points on three baskets and a foul. However, the Hicksville success can be directly laid to the fact that the Blue constantly picked the ball off the backboards and Econopouly, Ted Murray, Fritz Dunmire and Wes Moseman did excellent work in that respect.

DRAFT JAWORSKI FOR GLOBETROTTER CLASH

Chet Jaworski has been requested to play for the Nassau County Amateur League all-stars when they face the famous Globetrotters in the Hempstead Garden, Thursday night.

President Dan Belcastro of Greenvale made the request for the loop through the Hicksville Kiwanis Basketball Club. Jaworski performs for the Kiwanis in the league when his coaching duties at Hicksville High permit him to do so.

Avoid conflicting dates for community events. List your club dates in the Herald Coming Events column.

ELIAS STETZ, Hicksville High's No. 16, spanned in the midst of three Sea Cliff players. Shot showing the players painfully waiting for the ball to come off the backboard as taken as the Comets were losing 45-38 on the home boards, Feb. 18. (Joy Photo).

Comet Bid for Upset Denied

Not since that historic night when mighty Chamade was upset within its walls had the ancient rafters of the Hicksville High gym echoed to the roaring plea that it did Friday.

There have been bigger crowds but none set up the earnest commotion that was heard as the Comets, with 19 league defeats in back of them, pushed Roslyn all the way only to lose a heartbreaker 61-52.

Still in line for the '49 Eastern Division pennant, Roslyn couldn't shake Hicksville until the last minute of the second period. George Cheslock, John Econopouly, Charles Rosengren and Al Lynch matched Roslyn shot-for-shot in the first period which ended 19-19. Roslyn scored 7 points late in the second period to take a 32-25 half-time lead.

Twice Recovered

Twice in the second half Roslyn achieved wide leads. Each time Hicksville came flying back. Once it was 41-29 and Hicksville closed it to 44-41. Later, John Econopouly made good a 3-point parlay and the Comets stood one point behind, 52-51.

However, Roslyn put on a 9-point

spurt interrupted only by Rosengren's foul shot and aided greatly by seven foul calls against the Comets to wrap up the decision.

Hicksville made 11 of 19 foul shots and the winners 9 of 23. Econopouly, Rosengren and Cheslock scored 18, 15 and 12 points.

Scores by periods:

Roslyn	19	32	46	61
Hicksville	19	25	41	52
