

# Plainview Board Proposes Merger With Hicksville School District

Vol. I, No. 15      Wednesday, April 20, 1949      Single Copy 5c

## Handful Present to Discuss Budget

Less than fifty persons appeared at the preliminary hearing on Hicksville's \$473,575 school budget for 1949-50 at the high school, Monday night.

During a discussion of school problems, following an item-by-item consideration of the budget, there was an interest expressed by those attending in having a professional study of present and future educational needs of the district made at a cost of about \$5,000. Interest was also shown in the employment of a vocational guidance counselor and a psychiatrist by the district.

**Increments for Teachers**  
It was brought out in the budget study, led by President Henry C. Brengel who read comparative figures for 1948-49, that the 69 district teachers will receive increments of from \$170 to \$1,000 each; that the Superintendent and Principals, except one who is not yet on tenure, will each receive \$1,000 more.

John Herzog reported that repairs for the three tennis courts at the high school are estimated at \$12,000, including \$2,000 for new backstops. It was noted that a contingency fund them (\$5,000 last year) has been dropped because state auditors objected but that a \$10,000 item for other expenses of maintenance has been

added for no specific purpose except "emergencies."

The budget, which comes up for a public vote on May 8, includes an allowance of \$1,500 for a pickup truck,

\$900 for new drapes in the high school auditorium, increases for athletic equipment and other supplies.

Edna Sutton suggested the approval of \$15,000 for new drapes in the high school auditorium, increases for athletic equipment and other supplies. (Continued on Page Four)

## McCaffrey Enters School Race Opposing Herzog

A contest for election of a trustee of Hicksville Board of Education for a three-year term was assured today as Lawrence C. McCaffrey announced his candidacy opposing John Herzog, incumbent. Monday was the last date for filing of nominating petitions with District Clerk Andrew B. Heberer for a position on the ballot which goes before the voters on Wednesday, May 4.

### EXEMPTS TO DEDICATE PLAQUE NEXT MONDAY

Dedication of a bronze plaque inscribed with the names of more than 20 deceased members of the Hicksville Exempt Volunteer Firemen's Association will take place next Monday evening, Apr. 25, at the firehouse, according to President Vincent W. Braun. The plaque will hang at the head of the main stairs of the firehouse, replacing a framed parchment document which had been filled with names.

The Exempts held a regular meeting the same evening.

Herzog, who has been unopposed since first elected to the Board in 1928, is a candidate to succeed himself for another three years. He has been vice-president of the Board for the past several years. McCaffrey is a World War II Army veteran and has his own insurance and real estate business in Hicksville. (Continued on Page 13)

### CANCER DRIVE HITS 60 PER CENT OF GOAL

The Cancer Fund drive in Hicksville-Jericho area under the chairmanship of James Neumann has reached 60 per cent of the \$1,800 quota set for this area, it was announced Monday.

Contributions may be mailed to Mr. Neumann at 15 West Marie St., Hicksville. A house-to-house canvass and business concerns canvass are being conducted by volunteer workers.

### TOWN SETS WILLIAMS DAY; TO EXTEND GARBAGE SERVICE

Oyster Bay Town Board on Tuesday adopted a resolution setting May 20th as Robert Williams Day for Hicksville, marking the 301st birthday of the community, at the request of Councilman Frank Chlonsky. No objections were voiced at a public hearing upon enlargement of the Hicksville garbage district to include the Frank Homes and the extension is expected to follow through without delay.

Consolidation of Plainview and Hicksville School Districts "as a long range plan," possibly within the next few years, was proposed this week. The proposal was advanced by the three members of Plainview School Board at a special meeting of the Hicksville Board. The advocates hope to have a plan to offer at the Plainview annual meeting the first week of May.

William Schwarz of the Plainview Board carried the bulk of the presentation in favor of a merger. The Plainview two-room schoolhouse is now filled to capacity with an enrollment of 70 pupils. "We have a low tax rate and a low cost per pupil, but we can't keep it up. If we have to build a school for students up to the sixth grade, the cost will make our tax rate excessively high. On the other hand, if we join with Hicksville, our rate may go up only half as much and we'll still get a better education for our children," Schwarz asserted.

### START FIRST 15 HOUSES OF PLAINVIEW PROJECT

Construction of the first 15 houses of a 200-home development to be known as Wrenwood Inc. formerly marked on the maps as Hicksville Lawns, was started Monday at the corner of Old Country and South Oyster Bay Rds., Plainview. The first houses will front on Old Country Rd.

Farrell and Rosenberg are the developers of Wrenwood, which embraces approximately 60 acres of former farmland.

The Hicksville Board listened to the Plainview trustees and asked questions but reserved comment until another date. The special meeting was held last week on Wednesday night at the suggestion of Plainview.

**Expect Home Building**  
The problem confronting Plainview, as explained by Trustees Schwarz, John Harbes and John Hartmann, is briefly this: The present frame school situated on five acres of ground can't be enlarged to accommodate more pupils. Over the years, Plainview has partially met the problem of increasing enrollments by sending more and more classes to Hicksville.

At the same time, certain home developments are anticipated in Plainview, especially along So. Oyster Bay Rd. A new school would cost a minimum of \$500,000, but that would not be all. A larger school would require janitor, custodian services, increased maintenance cost, etc. The Plainview district at present is debt-free, has an assessment of about \$2,000,000 and a tax rate of \$1.25. If Plainview does build to accommodate, for example, an expected 500 more pupils and the building developments stop short, the district would (Continued on Page Four)

## Gaslight Gaieties Friday, Saturday At Parochial Hall

The curtain rises this Friday night at 8:30 for the first of two performances of "Gaslight Gaieties" in St. Ignatius Parochial Hall, E. Nicholas St., Hicksville. The "Gaieties" will be repeated Saturday night.

The performance is being given by members of the Court Queen of Angels, Catholic Daughters, and Joseph Barry Council, Knights of Columbus.

A special performance for children up to the age of 14 will be held tomorrow (Thursday) night at 8:30 with admission 25 cents. Members of the ticket committee include Mrs. Anna Guckenberger of 119 4th St. and (Continued on Page Four)

### JERICHO TO ELECT TWO TRUSTEES MAY 3

Voters of Jericho School District will elect two trustees each for three-year terms at the annual meeting in the Jericho School Tuesday night, May 3, starting at 7:30 P.M., according to Doris Kaye, District Clerk. The terms of Wm. H. Scoble and Thomas Samuelson expire this year.

## Commissioners Look at Albrecht Tract

The three condemnation commissioners named by the court to set a value upon the Albrecht property on Burns Ave., proposed 10-acre site of a new school for Hicksville District, were scheduled to make an inspection of the property yesterday (Tuesday) afternoon.

Theodore Velsor, East Norwich attorney, is chairman of the commissioners. The other members are Edward Crawford of Glen Cove and Harold R. Young of Upper Brookville. They are expected to hear testimony of witnesses and experts during the next several weeks and then report their findings to County Judge Henry J. A. Collins.

The Hicksville School District has engaged Charles E. C. Clark of Mineola as its real estate expert, according to Charles H. Stoll, attorney for the School Board. The District asserts the property is worth only \$1,500 an

acre, while the Albrechts seek \$2,500 an acre.

Stoll has rendered a bill to the district for \$779.80 for legal services in connection with closing the title on the Bergold property, another proposed school site, in the south section of the district, which has already been bought. The Board of Education has not taken action on Stoll's bill as yet.

### SPINACH READY EARLY

Among the first local green growers to move spinach to market was Pierre B. DeLallo of Hicksville Rd., Bethpage, who began moving his crop on Monday. The spinach was ready even before, but shipment was delayed because of Easter. The DeLallo 24-acres are planted with a variety of green vegetable crops. The shipment Monday was much earlier than the date of their first marketable crop last year.

# Seek 300th Birthday Films For Movie Night

A call to all home movie producers and camera fans was issued today by the Hicksville Tercentennial Committee. The Committee is planning an evening of motion pictures recalling the big 300th birthday celebration of last May. The showing will be free and open to the public. It will take place in Nicholai St. School auditorium on Thursday night, May 19, which is the eve of Founder's Day.

### Deadline Is May 19

All persons who have footage in 8 or 16 mm. film of the Tercentennial parade or other Robert Williams' Day events are invited to get in touch with either Bernard Braun of Halsey Ave. (phone: Hicksville 3-1138) or Miss Phebe Seaman of Jericho (phone: Hicksville 3-0115) not later than May 19th, so that arrangements for showing the films can be made.

Camera fans who have Kodachrome colored slides to show are also encouraged to get in touch with the committee in charge.

The movie night will be held to keep alive the tradition of Robert Williams' Day for the community. May 20th marks the 301st birthday of the community. The Hicksville Civic and Community Assoc. is sponsoring a

costume dance in the high school gym on Saturday night, May 21.

Charles Schwartz, president of the Business Men's Assoc., said yesterday that all merchants and business places are being urged to display their American flags on May 20 and 21 in observance of Founder's Day.

A meeting of all organization delegates who formed the general Tercentennial Committee is being scheduled for Monday night, May 16, at Nicholai School auditorium to receive a final report on the 1948 celebration and program, according to Chairman Gertrude Wetterauer.

Arrangements for the motion picture night and general meeting were made at a meeting of the Tercentennial Committee division chairmen held last Tuesday night in the Children's Room of the Public Library. Present were Miss Wetterauer, Miss Seaman, Miss Louise Augustin, Leon Galloway, Edna K. Sutton, Bernard Braun, Fred Noth and Mrs. Arthur Huettnner.

## Dear Jean...

Why go to Washington? The cherry tree in bloom on the St. Ignatius Rectory property at the corner of Broadway and Nicholai St., Hicksville, was a very pretty sight this week. . . . Businessmen report pre-Easter business was excellent this year, with most of the rush on Saturday, cleaning out stocks of holiday goods and items. Blue handbags were in great demand this season. . . . It hailed and then rained bucketfuls late Friday afternoon, passing over almost as suddenly as it hit. . . . Chess players attention: Local players interested in forming a chess club are asked to get in touch with **WALTER DUNBAR** at Hicksville 3-1199-J. . . .

We heard this week that a traffic circle is being planned for the five-corner intersection of Plainview, Old Country and South Oyster Bay Rds. at the Hicksville-Plainview intersection. . . . We are told that "smog" blanketed Hicksville on Thursday, drifting this way from the vicinity of the town incinerator. . . . **ISAAC PENNER** of Cantiague Rd., Hicksville, filed the petition with the Town Board Friday, requesting the Town Fathers to order the removal of Press Wireless towers and buildings. . . . **TURN YOUR CLOCK AHEAD** before retiring this Saturday night because daylight saving time begins at 2 a.m. Sunday. . . .

Welcome to these new neighbors who are in brand new homes off South Broadway: **MR. and MRS. WILLIAM BELL** and daughter, Carol Ann, from Flushing. . . . **MR. and MRS. ALFRED KOCK** and 3-year-old and 6-year-old daughter, from the Bronx. . . . **MR. and MRS. STEPHEN AMODEO** and daughters, 6 and 8 years and infant son, from New York. . . . **MR. and MRS. FRANCIS DI LORENZO**, their infant son and 10-year-old daughter. . . . **MR. and MRS. JOHN WHARTON** and 6-year-old daughter and 1-year-old son. . . .

A reader inquires: "When are the responsible officials going to eliminate the 'fishing pond' on Halsey Ave. at First St., Hicksville?" . . . It's **GASLIGHT GAITIES** this Friday and Saturday nights at the Parochial Hall and many novel surprises are in store, according to rehearsal chatter. The **Bathing Beauty** number will be worth the price of admission alone, it is said. . . . An exhibit of creative arts by employees of **G. M. JOHNSON Co.** of Bethpage, featuring the work of 25 or more, will be held at Bethpage State Park on May 12 through 15. . . . **JACK BRANDT**, highway superintendent, says he and other town officials have conferred with County Attorney **MARCUS CHRIST** regarding the question of who is responsible for improvement and maintenance of bumpy-bump Jerusalem Ave. south of the high school. . . . The Attorney will render an opinion.

**AFTERNOON MEETING**  
 A meeting of the Nicholai St. School P-T.A. will be held Thursday afternoon, Apr. 28, at 3:30 p. m., in the Nicholai St. School.  
**James A. Farley**, former postmas-

ter general, and the Rev. Robert I. Gannon, S. J., former president of Fordham University, will be heard on **WHLI** and **WHLI-FM**, Hempstead, at 2:45 p. m. Thursday, Apr. 21 on the program, "Long Islanders in the News."

# Expect Heavy School Registration Saturday

A heavy registration of voters for the Hicksville School District election and annual meeting is expected during the final five-hour period this Saturday, Apr. 23, starting at 4 o'clock at Nicholai St. School. This is the last registration day for the May 8 and 4 district meeting and election.

One hundred and thirty voters registered last Saturday with the Board of Registration and Canvass. Personal registration of voters is required in Hicksville District. There are

about 1,000 qualified voters in the district.

Bulk of the registration last Saturday was in the evening hours with only 83 signed up in the 4 to 6 p.m. period.

Members of the Board are Robert Lindemann, John J. Fitzing, Fred Schaeffer and George McMunn.

### Voter Qualifications

To vote at the Hicksville school meeting and election, a person must be a citizen, 21 years of age and a resident of the district for 30 days

prior to the meeting (must be resident since Apr. 5); ALSO, must hold one of the following qualifications: (1) owns, leases, hires or is in possession under contract of property liable to taxation; (2) is the parent of a child of school age, provided such child has attended district school for at least eight weeks during the year preceding the meeting—both may vote; or (3) not being a parent, has a child of school age residing with him who has attended district school eight weeks—one may vote.

## OPPOSE BUSINESS ZONE FOR NEW SOUTH ROAD

Opposition to the creation of a 500-foot Business H zone along New South Rd., Hicksville, between Plainview and Old Country Rds., was registered with Oyster Bay Town Board at a public hearing in Oyster Bay on Tuesday morning. The Board reserved decision upon the application of Benvil Homes Inc.

A petition signed by property owners in the area was presented to the Board, objecting to the zone change from Residential D. The property in question is on the west side of New South Rd. and has a depth of 170 feet. It is part of the Benvil development property.

# Age of Ingenuity Is Not Dead

By NICK ECONOPOULY

There are cynics, debunkers, rascals, and reprobates large in the world. And these self-same cynics, debunkers, rascals, and reprobates would have you believe that the Age of American Ingenuity is no more, that the Age of the American Frontier is at an end, and that the Age of Cynics, Debunkers, Rascals, and Reprobates is upon us. Those of this tribe are no good, are up to no good, and we mean to point this out to the public.

And then there is the other side, the optimists, believers, paragons, and men-among-men. These believe in the Age of American Ingenuity and the Age of the American Frontier, and point out that it is precisely because of this ingenuity, aided incidentally by the ability to eat, sleep, and procreate, that the hardy American stock has managed to survive.

And you think there are no optimists, believers, paragons, and men-among-men in Hicksville? You bet your life there are. And after a lot of thought this thoughtful lot has come up with a few suggestions on what to do with that melancholy enigma, the concrete slab. Any number of pretty snappy and intellectual sessions in the ballroom halls of Peter Breen's emporium, often until as late as 3:00 in the morning, have resulted in some pretty shrewd propositions, now ready to be divulged to the public. All of which goes to prove that the Age of American Ingenuity and Frontier is not yet dead.

And no after a great deal of considered thought and thoughtful consideration, and with a sense of reverence and humility, here they are:

**SUGGESTION NO. ONE:** That the slab be used to meet Hicksville's need for sidewalks, brought about by the construction of new housing now going on. One member pointed out that for \$15,000 a highly efficient and shiny blue and gold slicing machine could be purchased, more than adequate to the task of slicing the slab into sidewalk-size strips. Another member suggested that a committee be appointed to consult Braun's Meat Market about the possibility of using the slicing machine there.

**SUGGESTION NO. TWO:** Suspended over Robert Williams Parking Field the concrete slab would very effectively transform it into a modern double-deck field. And by giving the slab a thick coating or two of extra-heavy tar it could be made waterproof as well, affording extra protection from the elements for the vehicles in the bottom tier. One member, on the other hand, suggested that hundreds of small buckets be suspended on the underside of the slab, to catch the rain water that would seep through. "This would be more than enough to solve Hicksville's pure water problem for the next hundred years, and tests prove the water would even be pure enough for use in automobile batteries," he pointed out.

**SUGGESTION NO. THREE:** A member of the Legion suggested that the slab be stood on end and that the names of veterans of World Wars I and II be inscribed on the side. "The trend in building lately has been toward height, toward soaring lines—note the lines of the buildings in the pro-

posed UN headquarters. With such a monument as a war memorial Hicksville would soon draw the envy of all our buddies in other parts of the country," he stated.

**SUGGESTION NO. FOUR:** A lady member of the group, a resident living near the high school, pointed out that she has found the slab most practical and efficient for cracking nuts on. "It does the job in a most admirable fashion with a minimum of starting and crushing of the nuts," she said. The lady suggested that the slab be broken into small six-inch by six-inch squares, sold at a smacking profit through a mail order house set up for the purpose. "It would be a wonderful opportunity to make a little pocket money on the side," she said, "and I'm sure people in other parts of the country would be just crazy about it."

**SUGGESTION NO. FIVE:** A local library enthusiast, disappointed over the failure of the recent proposition to get the approval of the voters, suggested that the slab be broken up into two-foot by two-foot squares and that pictures and writing be inscribed on them. "We're going back into the stone age anyhow—we might just as well replace our books with something more fitting for the times," he commented. The other members, upon discovering that a cynic, rascal, debunker, and reprobate had infiltrated into their midst, promptly voted to curtail his quota of book beer.

**MISCELLANEOUS SUGGESTIONS:** Other members suggested that it be used as an extra landing strip for Mitchell Air Force Base; that it be extended to provide a modern super-highway between Second and Fourth Sts.; that it be converted into a giant shuffle-board concession; that a layer of dirt and grass be put over it so that it might be used as a football field. One member suggested that it be used to roller skate on—he was promptly voted out of the organization.

Whenever a crisis arises, there are always enough optimists, believers, paragons, and men-among-men to step into the breach. See what we mean?

## Fine Opportunity, Fellows

The Hicksville Sportsman's Club Inc. is to be complimented for its interest in the youth of the community and the subject of conservation by offering to sponsor some local boy for a ten-day period at the New York State Conservation Dept. Camp at DeBruce, New York.

Any boy between the ages of 12 and 16 who resides in Hicksville, Jericho and Plainview and has a genuine interest in conservation is eligible if his parents consent. An entry form which may be used by candidates will be found printed on the sports page of the Herald.

Camp Willowemoc, the site of the new fish hatchery in Sullivan County, is operated by the New York State Department of Conservation. It is open for four ten-day periods accommodating only 40 boys in each period. The state, in cooperation with the Sportsmen, is providing the opportunity for a local boy to be sponsored by the club, which will provide carfare and cover all expenses.

The Camp has a director, cook, doctor, counselors. Field trips are made by bus. Sports and games are not neglected. Since the local boy sponsored will attend between Aug. 1 and 10, time is running out and any young men interested is therefore urged to make application without delay. To help the Club select its guest, candidates are asked to write a short statement on why they would like to go to Camp Willowemoc for this period.

It would seem like an opportunity with special attraction to Boy Scouts because of their interest in the outdoors and because they fall in the 12 to 16 age group. However, applicants are not limited to Scouts.

Well, fellows, it's up to you, but you had better get busy with your application.

## CIVIC ASSOCIATION POLICY

T3 "An Interested Taxpayer:" We have read with interest your letter in the Herald of Apr. 6 and although you say you "would rather be right than wrong," you do seem to have some of the facts slightly incorrect.

You ask of the Civic Association—"Just what is your policy?"

Our policy or purpose is clearly stated in the constitution of the organization: "The purpose of this organization shall be to bring together as provided herein those residents of the community of Hicksville in the Town of Oyster Bay, State of New York, who are interested in civic betterment of any nature, with the purpose of promoting the cause of good citizenship and the general welfare of the residents and community of Hicksville. For this purpose we shall study those topics which may improve local conditions and we shall take such practical action as may seem wise and desirable to us after such study."

Your letter indicates that you have confused the Civic group with the Parent-Teacher Association of Junior and Senior High Schools.

Meetings of the Civic Association are held the fourth Thursday of each month, except in July and August, in the Hicksville Firehouse auditorium and you are always welcome. All interested residents are welcomed and if you live within the boundaries of the school district you are cordially invited to join nearly 150 other residents who are already members of this group.

(Signed)  
Hicksville Civic and Community Association.

## MORE PAINTING SUGGESTED

To the Editor:

The Lions Club performed a real public service in applying some paint to the curbs and thus saving motorists from getting fined because they could not see the loading zones on Broadway. Perhaps this will give our officials a hint and get some more painting done. How about painting the pedestrian walks at the corners of Broadway and Marie St., Nicholas St., etc., before someone gets run down and killed?

(Signed) PEDESTRIAN.

## PLAINVIEW SEEKING MERGER OF DISTRICT

(Continued from Page One)

be over-built with school facilities. On the other hand, with the present facilities, "another 50 pupils would kill us," it was stated.

It has been suggested, the Plainview Board said, that 10 acres be purchased in the west end of the district and that a school be erected when the enrollment reaches 300 students. State authorities advise Plainview that it should then close the present old building and transport all students to a new proposed school. And at that point, Plainview believes it would have an unbearable \$4 tax rate.

### No Temporary Buildings

What complicates the future for Plainview is the complete absence of any structures in the community which could be rented for temporary school facilities during a transition period. The district is largely farmland. There are 900 inhabitants living in 250 houses in the district.

Today about 50 Plainview students attend High School and East St. School, paying Hicksville \$150 tuition per pupil. It is felt that Hicksville system is in a better position to absorb extra pupils than Plainview.

Henry C. Brengel, president, and other Hicksville members noted that Hicksville voters would probably have to give their verdict on a proposed merger at a special election. Questions were raised about transportation costs, and it was pointed out that East St. School is rapidly filling up.

The Hicksville Board expects to consider the question further before the end of April.

## 50 ATTEND HEARING ON PROPOSED BUDGET

provision of funds for a thorough study of future needs of the district, to determine what kinds of facilities may be required as the community grows.

The tax rate under the proposed budget is estimated at \$1.84 as compared with the present rate of \$1.63 per \$100.

# 25 Group Delegates Favor Blood Bank Plan

Twenty-five organizations sent representatives to a meeting, this week and set the wheels in motion for the organization of the Hicksville Community Blood Bank. While Hicksville will be the second Nassau community to organize a blood bank, it was the first to propose such a plan. The original announcement was made in the Mid-Island Herald early in January.

Garrett Korfitzen, past commander of the Wm. M. Gouse, Jr., VFW Post, who has been acting as temporary chairman for the organization, was named leader of the new community group. Miss Ruth Holder and Dr. William Saunmer were elected directors and Fred J. Noeth, temporary secretary-treasurer. Another meeting is planned for May, after the delegates report back to their various associations.

C. H. Jewell of the Blood Bank of Queens Co. Inc., spoke at the session and answered questions. Korfitzen explained the plan followed by the VFW and how it could be adapted to Hicksville through the establishment of a credit with the Queens Blood Bank which serves all Nassau hospitals.

Levittown, Island Trees, has already started its blood bank with donations of blood made at Nassau Hospital. Anyone wishing to establish the Hicksville credit, pending a decision on a local mass blood-letting session, can go to Nassau Hospital any Wednesday or Friday night between 7 and 8:30 and make a donation of a pint of blood, stating it is for the Hicksville Bank.

Among the representatives of local groups present for the meeting held last week on Tuesday night in Nicholas School were: Clifford Freitag and Dr. Wm. Saunmer, Lions Club; Ruth A. Holder, representing Dr. E. H. LeBarron, superintendent of schools; W. Luhmann, Nicholai P-TA; Mrs. August Jud and Mrs. M. Giannelli, East St. P-TA; Stephen Smatlak, Joseph Barry, K. of C. Council; Mrs. August Jud and Dorothy Glaser, Fire Dept. Ladies Auxiliary; Janet A. Maggill, Hicksville Red Cross Branch; Bertha Kanto, Ladies Auxiliary of Congregation Shaari Zedek; Luica McIntosh, Legion Ladies Auxiliary; Lilly Korbman, Home Bureau; Mrs.

J. Leckie, Methodist Church WSCS; Wm. Frohnhofer and Korfitzen, VFW Post.

Also, Sidney W. Pelley, Republican Club; Fred Brengal and James C. Cooley, Legion Post; Walter Baldwin, Fire Dept.; Rose Frohnhofer, Hicksville-Nassau Hospital Auxiliary; Madelyn McGunigle, Mercy Hospital League and St. Ignatius Altar Society; Winifred Fitting and P. Wengenheim, VFW Auxiliary; William Nemethy, Masonic Lodge 1025 and Hicksville Square Club; Margaret M. Ofenloch, Catholic Daughters; Mrs. Arthur Huettner, Ladies of First Reformed Church; Noeth, BMA and Civic Association.

## SIX-YEAR ATTENDANCE WINS AWARD FOR MASEK

Dr. H. C. Hardy, vice-president of Save the Children Federation, Inc., was the guest speaker at a meeting of the Hicksville Kiwanis Club last week on Wednesday at the Hicksville Inn. He spoke of the plight of the Navajo Indians. He said that the Federation serves children in disadvantaged rural areas of eight states and through 149 county committees conducts a wide variety of activities for improvement of health, education and welfare of rural children.

Dr. Charles Masek, chairman of the underprivileged children committee, announced that arrangements are being made to send children to the Camp Kiwanis for one week.

Dr. Walter F. Stillger presented Dr. Masek with a 6-year perfect attendance tab.

## THE FARMALL C WILL BE THERE ALL THE WAY!

Grains, grasses, field row crops, vegetables—whatever is planted in this mellow, weed-free seed bed, the new Farmall C Tractor with Touch-Control will be on the job all the way. The Farmall C is shown here with the McCormick-Deering No. 10-A Disk Harrow.

For the Farmall C delivers practical 3-way power: (1) at the drawbar, for pulling trail-behind machines; (2) at its mounting pads, for pushing forward-mounted implements; (3) at the belt pulley; (4) at the power take-off; (5) at the Touch-Control power arms for raising, lowering and regulating mounted implements by hydraulic power. All at surprisingly low operating cost!

Available for the Farmall C is a full line of matched, quick-change implement units. New and simple in design, each low-cost implement mounts on the tractor to form a compact operating unit. Rear-mounted implements, likewise, are quick-change.

Implement for the Farmall C are under the complete, 2-way hydraulic control of the Farmall Touch-Control. The Farmall C pulls one 16-inch or two 12-inch bottoms; cultivates two rows of wide-planted crops. Ask for full information.

A forum on the topic, "What Shall I Be?" was held at the last regular meeting of the Jr. and Sr. High School P.T.A. Monday night, Apr. 4, at the high school. Carl Welton and his staff were re-elected during the business meeting.

A Penny Auction will be held at the high school on Friday night, Apr. 29, for the benefit of the P.T.A. treasury.

Mrs. Elizabeth Nugent, counselor at the N. Y. State Employment office in Hempstead, said that choosing the right career is just as important as choosing the right partner for marriage.

"In order to decide what you shall pick as a career, consider the profession and just how you are different from every other senior in the class," Mrs. Nugent said. She advised the seniors to consider their hobbies for many jobs are similar to a hobby.

"A new aptitude test which would cost from \$30 to \$35 in a private

agency, is now available at the New York State Employment Office in Hempstead," she said. "About four tests are given each week to those young people who are really at a loss in deciding their careers. The applicant must state the reason why he wants the test and may have to wait a few weeks but following the test he will have a very good idea of the type of work for which he is best suited."

Sidney Ginsberg, a salesman, said that many students ask why they should study any of the liberal arts to be a salesman and the reason is because a salesman must first sell himself and then his product.

He said that in order to sell yourself you must have a "know how to attract," with conversation that can only be the product of your education and background.

**Personality Important**

"Personality is one of the most important requisites for the practice of law," Mrs. Carolyn Disosway, a Nassau County attorney said in describing the criminal and evil types of law practices.

"You almost have to have a split personality," she said, "in order to see both sides of the question. You must have an open mind to be able to put yourself in the position of the defendant one day and that of the prosecutor the next."

"Law practice hinges on personal relation. If you can see both sides of any question and with a true sense of the values, and the good which you can render through the proper administration of the law, then it is your vocation," Mrs. Disosway concluded.

Dean Harris of Adelphi College said that the colleges of today are thinking less of high marks and more of personality, the student's "drive."

"This influence has been brought about by the veterans in colleges who do not have the necessary high school credits. These vets have a strong drive by which they can overcome a mediocre high school graduate," he explained.

Dean Harris advised high school graduates to go to college if they have a strong desire to continue their education. He said that college students should not allow others to influence them in deciding a major course of study.

"Work in the direction of arriving at some strong beliefs in life over and above some specific service you may render for your bread," Dean Harris urged. "Go to college to develop your imagination, to develop, to enrich your understanding, to learn how to think and not what to think."

Charles E. Colthurst, cashier of the Bank of Hicksville, said that after high school graduation a student is eligible for a position in a bank but that there are more advantages if the applicant has a higher education.

A message from Paul S. Gilbert of the Grumman Aircraft Corp. personnel department advised high school students to find a job for which they are suited and then do the job at their best. An employer likes the young man who is more interested in the future opportunities of a job rather than the salary and one who is willing to start at the bottom.

### Candidate For Lions Governor Is Guest

Allan Hausrath, candidate for District Governor of Lions International for 20-A, was present with two other members of the Amityville Lions Club when the Hicksville Lions met last Wednesday night at the Near You Cafe. The Hicksville club has endorsed the candidacy of Hausrath.

Dr. Walter F. Stillger will be a guest speaker on "Socialized Medicine" at the Lions regular meeting next week on Wednesday, Apr. 27.

Stanford Weiss is chairman of arrangements for the annual charter night of the club, celebrating its first anniversary, to be held Saturday night, May 7, at the Wagon Wheel, Merrick Rd., Massapequa. Tickets are available from all members of the club.

The Lions recently distributed 1600 booklets bearing a message of safety for small children in the Nichols and East St. Schools. About 400 were previously given to St. Ignatius School, according to President Fred C. Birk.

MAC MORGAN, now in his second season as star of the "Highway in Melody" Cities Service program which is heard weekly over NBC, will appear at the Hicksville High School auditorium Monday night, Apr. 25, at 8:15 o'clock. Mac Morgan's concert will mark the last in a series of three concerts sponsored by the Hicksville Community Concerts Association.

### WEDDING SET FOR APR. 30

### MISS SHIRLEY EINHORN BECOMES BRIDE OF WILLIAM QUINN SUNDAY

Miss Shirley Elyse Einhorn of the Bronx became the bride of William Quinn, 3rd, son of Mr. and Mrs. William Quinn of Belmont Ave., Plainview, Easter Sunday at the First Reformed Church, Hicksville, at 2:30 p. m. The Rev. M. G. Gosselink officiated.

The bride, given in marriage by Maurice Ruelens of Irvington, wore a gown of mousseline de soie over taffeta with a panel of brocaded taffeta from the neckline to the hem. Her finger-tip veil which was edged with lilies of the valley was held in place with a crown of orange blossoms. She carried a white Bible with gardenias and white lilies.

Miss Evelyn Quinn, sister of the groom, was the maid of honor. She wore a gown of peacock blue crepe and a large picture hat in peacock blue with lilacs. She carried a cascade bouquet of lilacs with yellow and pink carnations.

Miss Shirley Euelens of Irvington, N. J., as a bridesmaid wore a dusty pink gown of crepe and a picture hat trimmed with lilacs and pink roses. She carried lilacs and pink carnations. Miss Dorothy Anne Euelens of Irvington, N. J., wore a gown of maize crepe and a picture hat in maize trimmed with lilacs and yellow roses. Her bouquet was of lilacs and yellow carnations.

Elaine Joyce Kessler of Jackson Heights was the flower girl. She wore a lilac taffeta gown and a wreath of roses, lilacs and lilies of the valley as a headpiece.

Frank Arsen of Astoria was the best man. The ushers were Ronald Lutige of Bethpage, Karl Lang of Merrick.

A reception for friends was held at the Quinn home. A dinner party for the bridal party was held in the evening at Petak's, Hicksville.

The young couple plan to reside on Belmont Ave., Plainview, following a wedding trip through the New England States.

The groom's mother made a black fruit, wedding cake for the reception from a 100-year-old recipe. The recipe belonged to the groom's great-grandmother.

#### FASHION SHOW

A fashion show of summer styles was held at the Wisdom Lane School, Levittown, on Tuesday, Apr. 18, at 8:30 p. m. Styles of the Junior Home of Milwaukee were shown in cooperation with Stonecliff of Garden City. The Levittown B'Nai B'rith sponsored the show.

The models were: Helen Halle, Dorothy Deitchman, Doris Rollman, Jeri Keon, Elizabeth Conway, Dorothy Hefner, Marjorie Parker, Lorraine Cameron, Jean Ann Schoenwels, Frances Talbert, Beatrice Gentry, Dolly Iverson and Pat Lord, all of Levittown.

A House of Regent party will be held at the home of Mrs. E. Irving Jesser, 11 Charles St., Hicksville, on May 5. Proceeds from the party will go to the East Street P.-T.A. treasury.

**Last Week's Answer**  
The Easter Egg is not of Christian origin—In both India and Egypt rabbits and eggs, as the symbols of fertility and reproduction, were closely identified with the spring festival which corresponds with our Easter. Easter was the festival to welcome the return of Geo. W. Stimpson.

## DON'T CHEAT YOUR CHILD!

Low standards of education—shortages of well-qualified teachers — inadequate equipment — mean that your children are cheated of the full share of education they deserve.

You—and every parent—can help in this alarming situation this way: First—Check up on educational conditions in your local schools. Second—Work with civic groups and school boards seeking to improve teachers' working and living conditions.

Start action to improve our schools—TODAY!

# Oversight 'Cut' Fire Tax by 7 Cents This Year

This is the fourth and final installment of the report on town government and problems given by Councilman Chlumsky at the Hicksville Civic meeting on Mar. 24.

Taxpayers of Hicksville Fire District were charged only 13½ cents

per \$100 of assessment on their 1949 town tax bills although it should have been at the rate of 21.25 cents.

"This was due to no fault of the fire commissioners," Councilman Frank Chlumsky explained. "There was an omission in the supervisor's office when a supplementary sheet of the fire district budget was overlooked and no tax was levied for the collection of \$10,000 which had been appropriated by the voters of the district."

### Extra Tax Next Year

Which means that Hicksville taxpayers will have an extra seven or eight cents (.08 per \$100 of assessment, which is \$24 on a \$3,000 house) tax to pay on their bills next year.

Discussing other special assessment and improvement districts of the community, the Councilman asserted that Hicksville is "The best lighted village in the township." He went into details. There are 65 600-cp lights (on Broadway), 30 400-cp lights, four 250-cp lamps, 462 81kts of 100-cp and 387 of 60-cp. The tax this year for street lighting is 14 cents per \$100.

The water district has a tax rate of 15 cents and a budget of \$21,259. There are four wells in the system with a capacity of 2500 gallons per minute. The system has storage capacity of 450,000 gallons, 50 miles of mains, 525 fire hydrants and 2900 metered services.

The Hicksville Water District represents an investment of nearly one million dollars. After payment of \$9,000 in bonds this year, the original district will be free of bonded indebtedness.

With an anticipated community growth to 4,000 meter services by 1951, the water district is having plans drawn to extend mains and increase the storage capacity, Chlumsky stated.

## VFW To Build, Seeks Bids For Project

Bids for a new clubhouse to be created by the Hicksville Veterans Assoc. on South E'way at Fourth St. are now being received. It was announced this week. Plans and specifications may be obtained from the Assoc. Secretary, Joseph McCarthy, 29 East St., Hicksville.

## GREENHOUSE OFFICE AND STORE IN VARIANCE PLEAS TOMORROW

Christian, Gleason of 82 Lee Ave., Hicksville, plans to add an office and display room to his present greenhouses on Lee Ave., about 850 feet south of 9th St., Hicksville. He will seek a variance for the buildings at a meeting of the Town Zoning Board of Appeals tomorrow (Thursday) night in the Justice courtroom, Oyster Bay, at 7:30.

Among other local requests for variances will be: Lawrence Potter of Hempstead Tpke., Bethpage, who wants to build a gas and service sta-

tion at the southeast corner of Massapequa-Hicksville Rd. and the Hempstead-Farmingdale Tpke., Bethpage. Fred Hofstad of 85 Raymond St., Hicksville, and Estate C. Schwarz of Central Ave., Bethpage, want to convert their homes into 2-family dwellings.

Use of the corner of 5th Ave. and 5th St., Hicksville, with less width and area than the ordinance permits is sought by Julius Makowski of 72-53 Calamus Ave., Winfield, Woodside.

Dominick Ruggiero of Second St., Bethpage, plans to build an addition and use present garage for living quarters on the west side of Second St., about 300 feet north of Burchard St., Bethpage.

Rocco Sabino of Stewart and Cypress Ave., Bethpage, plans to build an attached garage with less setback than the ordinance permits at the southeast corner of Stewart and Cypress Ave., Bethpage.

## LEONARD CUCCARO SAVES TO BUILD CLUBHOUSE

Leonard Cuccaro, 10-year-old son of Mr. and Mrs. Robert Cuccaro of 40 Elm St., Hicksville—is one of the newboys who delivers the Herald every Wednesday afternoon to his neighbors. The Herald encourages the boys to build small routes in their own neighborhoods in order to promote neighborliness and community service.

Leonard is saving his Herald delivery money so that he and the other members of his Carpenter's Club can soon buy materials to build a clubhouse. "There's five members in the club," Leonard explained, "including a girl, but that's okay 'cause she's a neighbor, and she draws nice plans for the new clubhouse."

Born in Hicksville, Leonard is in the 5A at the East St. School. His hobby is carpentry.

## ORGANIZED RESERVE SEEKING RECRUITS

A drive to enroll Nassau Ex-Servicemen in the Organized Reserve Corps was announced by the Nassau County Military Manpower Committee and the local U. S. Army and Air Force Recruiting Service at a meeting held this week in Hempstead.

Recent acts of Congress have guaranteed certain new benefits including training pay and retirement pay for reservists.

Periods of active duty training ranging from two to 90 days duration will be available to reservists as on the job training, field training, and command post exercises with opportunity to train with troops and exercise troop leadership.

Social items for the Herald can be phoned in; call Hicksville 8-1400.

### THE PEOPLE OF THE STATE OF NEW YORK

TO: JOSEPH NAVRATIL a/k/a JOSEPH NAVRATIL

SEND GREETINGS: Upon the petition of Barbara Navratil, residing at RFD No. 2 Hempstead Turnpike, Hicksville, County of Nassau, State of New York, as distributee of the estate of Joseph Navratil, Jr., late of same address, deceased;

You and each of you are hereby cited to show cause before our Surrogate of the County of Nassau, at the Surrogate's Court of said County, held at the County Court House, at Mineola, in the County of Nassau, on the 4th day of May, 1949, at ten o'clock in the forenoon of that day, why this court should not establish the value of the estate of said Joseph Navratil, Jr., deceased, as of the time of his death, why this court should not establish petitioner's right of inheritance in the real property owned by said Joseph Navratil, Jr., deceased, and the respective rights, if any, of any other heirs of said Joseph Navratil, Jr., deceased.

IN TESTIMONY WHEREOF, We have caused the seal of the Surrogate's Court of our said County of Nassau to be hereunto affixed.

WITNESS, HON. LEONE D. HOWELL, Surrogate of our said County of Nassau, at the Surrogate's Office, at Mineola, in the said County, on the 18th day of March, one thousand nine hundred and forty-nine.  
J. HENRY DREYER, Deputy Clerk of the Surrogate's Court.

"TO: Josef Navratil a/k/a Joseph Navratil"

"The foregoing citation is served upon you by publication pursuant to an order of Hon. Leone D. Howell, Surrogate of Nassau County, dated 18 March, 1949, and filed with the petition in the office of the Clerk of the Surrogate's Court at the County Court House at Mineola, County of Nassau and State of New York.

Dated 23 March, 1949

Bay Shore, New York."

# HOMEMAKER'S CORNER

## A "FAMILY" KITCHEN

Is your kitchen a one-family room or does it open its pleasant arms to the whole family? College of Home Economics specialists at Cornell say that the kitchen should be planned so that at least one of its four sides can house the baby's pen, or Junior's study desk and perhaps a chair where father may relax and read the evening paper. And it should accommodate those family activities where Mother, in her food-preparation travels, won't trample them down.

Other factors to be considered in planning the kitchen, say the specialists, include: Lighting to avoid eye strain (statistics show that homemakers are in the class with scholars for poor eyes); good ventilation; arrangement and equipment to save bodily strain and wasted time.

### Marital Advice

This is a warning to newlyweds—and sound advice for married couples of any age. "Marriage is not a reform school nor is it a cure for unhappiness. Marriage is a partnership."

These words come from Edward V. Pope, specialist in family relationships at Cornell, who urges the "democratic-relationship" in marriage. This means to respect differences, take people for what they are, talk over sources of friction, and be able to compromise on things that don't really matter.

"Understanding and consideration of other's wishes and needs is of paramount importance in marriage," Mr. Pope says. "And resentment at lack of understanding is poison to love."

### Check for Cleaning

When you buy a new piece of clothing, it's a good idea to ask the retailer whether the article may be dry cleaned without injury.

Some of the new fabrics and trimmings are damaged by dry-cleaning processes—and it's heart-breaking to have a pretty dress or coat spoiled the first time it's cleaned. So, be careful!

### 160 Varieties

The Food Marketing Bulletin tells us there are more than 160 varieties of fish on the market—canned, frozen or fresh. The bulletin advises homemakers to investigate new kinds; it "may mean money in your pocket and will add interest to your menus."

Fish, incidentally, gives the same amount of protein as meat or poultry and it has some vitamins and minerals. But fish has less iron than meat does, so it should be served with green leafy vegetables and whole wheat or enriched bread.

## SLAUGHTER POUNDAGE OFF 5 PER CENT IN 2 MONTHS

Commercial livestock slaughter in New York in February and March, 1949, totaled 169,350,000 pounds, liveweight. This was 5.4 per cent less than in the same two months of 1948, according to a Federal-State report issued from the New York State Department of Agriculture and Markets. Except in the case of cattle, the number of animals slaughtered was slightly larger in this period of 1949 than a year ago, but the average weight per head, excepting cattle, was smaller.

Killings in the two-month period of 1949 included 75,000 head of cattle with a liveweight of 79,593,000 pounds; 166,000 calves weighing 22,062,000 pounds; 255,000 hogs weighing 48,328,000 pounds and 223,000 sheep and lambs with a weight of 20,867,000 pounds.

T. SGT. ERNEST J. BENEFIEL has been assigned to duty at the Marine Corps recruiting station, Falton St., Hempstead. He was assigned here following his recent graduation from the Marine Corps Recruiter's School, Parris Island, S. C., where he received a comprehensive six-week course in Marine Corps recruiting techniques.

### MOTHER, DARLING

Mother darling, God is calling for you to come  
He says, your life's work on earth is done  
The heaven's mortal gates are open wide

Where your Maker will meet you above on high  
Mother darling you're failing, but what to do?

If only a miracle would see you through  
If you leave us for heaven, I know God wants you there

My heart is aching and cries out in despair

Dear God, won't you hear my fervent prayer?  
Not riches, God, just enough to give her proper care

But if it must be, please take me And spare Mother for the rest of the family.

Mother darling please know my love will always stay  
Deep in my heart to grow each day.  
Mother darling please don't go

In the Matter of Quarantine of a Part of Long Island for the Purpose of Preventing the Spread of the Golden Nematode Disease of Potato

Golden Nematode Quarantine No. 5 Official Order

I, C. Chester Du Mond, Commissioner of Agriculture and Markets of the State of New York, pursuant to the authority conferred on me by Chapter 821 of the Laws of 1949, and in carrying out the purpose and intent of said law,

DO HEREBY DETERMINE that it is necessary to quarantine certain lands on Long Island, New York, in order to prevent the spread of the golden nematode of potato, Heterodera rostochiensis, a dangerous plant pest not widely prevalent or distributed in this State and I therefore

DO HEREBY QUARANTINE all lands within the following boundaries in Nassau and Suffolk Counties: Beginning at the waters of Cold Spring Harbor and the Nassau-Suffolk County line, thence southerly along the county line to Jericho Turnpike, thence easterly along Jericho Turnpike to Old South Path (New York Avenue); thence southerly on Old South Path to Wolf Hill Road; thence easterly on Wolf Hill Road to Carman Road; thence southerly on Carman Road to Half Hollow Road; thence westerly on Half Hollow Road to Pinelawn Road (Wellwood Avenue); thence southerly on Pinelawn Road to Colonial Springs Road (East Neck-Half Hollow Road); thence easterly on Colonial Springs Road to Little Neck Road; thence southerly on Little Neck Road to the Main Line of the Long Island Railroad; thence westerly on the Main Line of the Long Island Railroad to the Nassau-Suffolk County line; thence southerly along the Nassau-Suffolk County line to Sunrise Highway; thence westerly along Sunrise Highway to Whalenack Road (Merrick Avenue); thence northerly along Whalenack Road to Old Country Road; thence westerly along Old Country Road to Beely Road; thence northerly along Beely Road, Station Hill Road, East Broadway, and Willow Avenue to the waters of Hempstead Harbor and continuing along the shore line of Long Island Sound to the point of beginning. This quarantine also covers small areas in Western Suffolk County whose owners have been individually notified by me.

Hereafter (1) No potatoes grown on any property within the quarantined area shall be sold or offered for sale or otherwise disposed of as seed potatoes. No tomato plants grown in the quarantined area shall be moved except when a permit has been issued by an agent of the Department of Agriculture and Markets. No permit will be issued for the movement of tomato plants grown on lands known to be infested or directly exposed to infestation.

(2) The golden nematode in any infested area shall not be sold, transported or transported except by authorized Federal or State Agencies unless a permit has been issued therefor. Such permits will not be issued when the nematode has been tested or processed in such manner

as to render it innocuous.

(3) Agents of the Department of Agriculture and Markets shall serve written notice on owners or operators designating and clearly defining the boundaries of lands known or found to be infested. Similar notices will be served designating as exposed any lands that have been exposed to infestation either by water drainage, proximity to infested lands, or by other means. After such notices have been served, no potatoes or root crops shall be moved from such lands except in accordance with the following conditions and such other regulations as may be prescribed by the Commissioner to prevent spread of the golden nematode:

(a) Potatoes grown on fields or parts of fields designated as infested prior to planting or found to be infested after planting shall be either (1) washed under supervision, packed in paper bags or other approved containers properly and clearly labeled "Restricted Destination," New York State Department of Agriculture and Markets, Order No. 5," and the marketing of such potatoes shall be restricted to approved processing plants, or to designated farmer markets or other approved outlets in New York City, Yonkers or Mt. Vernon, in Nassau County, New York or in the quarantined portion of Suffolk County, New York, for consumption therein. These potatoes must be moved under permits which will provide for maintaining their identity and restricting their destination, or (2) washed in an approved washing plant, submerged and treated under supervision for a period of at least five minutes in water maintained at a temperature not less than 132° F., packed in paper bags or other approved containers; after which they may be marketed without restriction.

(b) Potatoes grown on which no infestation has been found shall be washed under supervision, packaged in paper bags or other approved containers, after which they may be marketed without restriction. In the absence of washing, these potatoes shall be restricted to the same limited markets and all other controls except washing and treatment as required for potatoes grown on infested lands.

(c) Vegetable root crops grown on infested fields or fields designated as exposed shall be thoroughly washed under supervision so as to remove all soil prior to movement from such premises. No further restrictions will be required.

(4) No topsoil, including sod, shall be moved from any property in the quarantined area to points within or outside except when a permit has been issued. Permits may be issued for the movement of topsoil, including sod, except as otherwise provided.

(a) After adequate sterilization or after application of other approved treatments under supervision,

(b) For movement to approved destinations within New York City, Nassau County, or the quarantined portion of Suffolk County, for purposes authorized on the permit, provided that topsoil moved from properties designated as infested or exposed to infestation shall be covered or protected while en route, in

manner approved by an inspector of the Department of Agriculture and Markets.

(c) Cultivated sod grown on fields which are not designated as infested or exposed to infestation may be moved to authorized destinations in New York State under such conditions as may be prescribed by an inspector of the Department of Agriculture and Markets in an agreement signed by the owners or operators of such premises.

(5) There shall be no movement from the quarantined area of ornamental or vegetable plants, including nursery or greenhouse grown plants, or bulbs, corns, or tubers, except under permit. No permits will be issued for tomato plants grown on infested fields (see regulation 1). Permits for other plants or nursery stock that have been grown or stored on designated infested or exposed lands will be issued under any one of the following conditions:

(a) When they have been freed of soil.

(b) When they have been grown exclusively inside of a greenhouse in non-infested soil;

(c) When two inches of topsoil has been removed from the soil ball of any nursery plants grown on lands designated as exposed; or

(d) When moved to approved destinations in Nassau County, in the quarantined portion of Suffolk County or in New York City, for the particular use authorized in the permit.

Whenever satisfactory methods of disinfecting products or articles restricted by the regulations of this quarantine are found, they may be moved from the quarantined area under such treatment and permit requirements as the Commissioner may prescribe.

No permits will be required for the movement of portions of plants without roots and soil.

There shall be no movement from designated infested or exposed lands to non-infested lands of used farm machinery or equipment, such as farm trucks, plows, harrows, planters, diggers, graders, used bags, or other containers, and other such equipment, unless such used machinery or equipment shall have been adequately disinfested under supervision following a procedure prescribed by the Commissioner.

Whenever, in his judgment, such action is deemed necessary, the Commissioner of the New York State Department of Agriculture and Markets may require signed agreements from any or all growers of potatoes or tomatoes, or from owners or operators of other restricted articles, specifying conditions that will apply in connection with any or all quarantine requirements.

This order shall take effect immediately and shall supersede Quarantine No. 4 relating to the spread of the golden nematode of potato, dated April 24, 1948.

C. CHESTER DU MOND, Commissioner of Agriculture and Markets of the State of New York. Dated and Sealed at the City of Albany on this 6th day of April, 1949.

## FARMINGDALE LAUNDRY STARTS SELLING ITS SPRING SERVICES

A meeting of the sales force of Farmingdale Individual Laundry Service, Inc., this week launched the spring storage campaign of the firm which has been serving this area since 1921. Howard S. Jaisle, sales manager and secretary of the laundry, conducted the meeting.

Following a talk to the salesmen on selling technique, Jaisle cited improvements which have taken place in the organization in the past 28 years. The laundry today has a fleet of 15 trucks. In its cleaning service, a new solvent is being used which makes "dry cleaned garments brighter. This is a big factor in cleaning furniture covers," Jaisle explained.

He reminded the sales force that "many cloth and fur trimmed coats are entrusted to Farmingdale each season for cleaning and storage. This season the Storage Dept. has added another feature called 'box storage.' This allows the housewife to protect many items such as blankets, slacks, drapes, snow suits, dresses, sweaters,

gloves, socks, etc., against moth damage, fire, theft, summer heat and at the same time allows more closet space in the home."

A complete service is also being offered for cleaning, repairing, altering and dyeing rugs.

#### 4th Grade Visits Fairway Farm

Last week our class had the pleasure of visiting Fairway Farms, Burns Ave., Hicksville. Mr. John Staryk greeted us and took us through the barn. We saw the clean cows chewing their cud. Then we visited the pasteurizing plant. The milk was strained twice. Then it was boiled and quickly cooled. We saw the bottles washed and capped.

After we had seen everything we were treated to delicious chocolate milk and crackers. On the way out Gale King said, "I'm going to be a milk man too—but oh, the work!"

Miss Knecht, our teacher, Mrs. Kleas, Mrs. Hartig, Mrs. Foster and Mrs. A. Arthofer took us.

Chester Nichols.

#### 6-A News

(Mrs. Beamer's Room)

The 6-A sale is April 28th, at 2:00 P.M. Our Praying Mantis hatched out in our room. We watched them hatch and grow bigger.

We finished our Easter border and our Easter stories.

Richard Adams.

#### 2-A News

The 2-A Grade visited the Fire House. Mrs. Holst and Mrs. Foran went with us. Mr. Gebhardt was very nice to answer our questions about the fire engines. Some of the boys in our class want to be firemen when they grow up. We are making a book about our trip.

#### Jr. Red Cross News

The children from Miss Knecht's, Mrs. Beamer's and Miss Griffin's rooms are making lovely Easter baskets to take to Jones Institute. The baskets made by the children in Miss Griffin's room are exceptionally lovely, because they are hand-painted and trimmed with paper lace doilies.

Marion Arthofer.

### Nicholai St. School

First and Second Grade children welcomed new students who have moved here this month from other schools.

A bulletin board display made by second graders has been enjoyed and appreciated by all. It is entitled, "Welcome to Spring." Susan Wigglesworth, Elizabeth Herzog, Helen Baden, George Stewart and Kenneth Werneburg painted the figures used in the display.

Mrs. Talbot's Fifth Grade recently visited the Keystone Glass Factory and saw how glass was heated, shaped, blown and cooled.

Mrs. Gross's Third Grade is studying housing. This activity includes writing, collection and drawing.

#### ASSEMBLY

The Nicholai staff provides experience in speech activities through its weekly assembly program. Mrs. O'Donnell's first grade presented a play, "Spring Awakening" Apr. 1. All the children had some part in the program.

Mrs. Talbot's 5th grade had a hobby program on Mar. 25. Patricia Kozuik was the M.C. John Holm, James Barton, Richard Proffe, Richard Hartmaier and Richard Masse

## Easter Bunny Hop Concludes P-T-A Series

The Easter Bunny Hop held at the high school gym Saturday night by the Jr. and Sr. High School P.T.A. of Hicksville was attended by 127 young people. Elery Bean, chairman, extends his thanks to all those who helped him in staging the series of dances which were ended Saturday.

His particular thanks go to Miss Mabel Farley and the student council members who provided novel ideas for the dances, prepared advertising posters and otherwise aided in the series' success.

The gym was gaily decorated by the boys and girls with brightly colored balloons and streamers.

First prize for the most cleverly decorated Easter Egg was awarded to Laureen Glass and Stanley Kellner. Barbara Ahrens and Joe Ryan took second prize.

Door prizes were awarded to: Aline Botto, Jeanne Conklin, Maureen Mc-

exhibited model planes. Dolls were exhibited by Barbara Steck, Ann Poma, Jean Neuman, and Florence Maxey.

Morley Smith showed Indian relics. Barbara Steck entertained with a piano selection. Ione Werneberg showed us puppets from Germany. Lester Arson exhibited truck and tractor models. Andrew Josephitz showed war souvenirs. Richard Kraft's outline maps of the U. S. were interesting as were William Fehr's baseball scrapbook. Eleanor Kubernac, a stamp collector, showed many commemorative first day covers. Patricia Kozuik has been collecting costume and antique jewelry for several years. Fred Irons' favorite hobby is watching hockey games. Billy Horne entertained with a dancing puppet. A group of girls sang songs and a duet was rendered by Garfield Holbrook and Robert Sucharski. Robert Miller and Morley Smith gave an art demonstration. Edward Keating and Robert Knapp had charge of the flag salute

Quaid, Joan Krier, June Sawyer and Bob Gerard.

Prizes were awarded by Boslet's, Smith's Drug Store, Hicksville Firestone, Rogers' 5 and 10, Town & Country, Charles Beatty & Son, and Mrs. Kuhne, florist.

Home-made cookies and punch were made by the P.T.A. mothers and served without charge. The committee for the night included: Elsie Lerner, Mr. and Mrs. Victor Magg, Len Weickman, Mr. and Mrs. William Botto, Mr. and Mrs. Elery Bean.

When the Ounce of Prevention Fails

★ Warning against accidents in the home and on the highways is old stuff to most of us. Many industries have made real progress in accident prevention, but our homes continue to produce minor and major injuries on an ever-increasing scale.

In spite of every precaution, accidents will occur. When the "ounce of prevention" fails, it is wise to have "the pound of cure" ready and at hand. See that your medicine cabinet is amply stocked with standard first-aid materials. Keep a first-aid kit in the pocket of your car. We shall be pleased to help you select the essential items from our complete stock.

# HAPPY HITCHHIKERS Tonight's Match Decides PO Title

## THE SPORTLITE

By HOWARD FINNEGAN

Our contacts in the Post Office Bowling League inform us that Floral Park has the best chance of winning Blue Division laurels tonight.

In the 80 per cent handicap league, Floral Park won't be required to spot Port Washington a great number of pins since both are fairly evenly matched in their team averages.

On the other hand, however, it is expected that Hicksville will have to give a considerable number to Garden City because in the entire season the locals have rolled much better than their opponents and have a much better average.

Prime reason for the late season Hicksville collapse has been that the PO keepers haven't been up to their averages and consequently haven't been able to make up the handicaps they are required to give away.

If that be the case tonight the championship is figured to go to Floral Park in a walk.

\* \* \* \*

Hicksville baseball fans who for years have been praising the talents of pitcher George Lehmann are swelling with pride these days.

The Hicksville High alumnus recorded three of the four Hofstra College wins achieved before the Easter Vacation. Lehmann took decisions over Manhattan, which was a 10-0 one-hit victory; Pratt and St. Francis.

\* \* \* \*

Unity of purpose is the first fundamental of team effort.

It would seem almost impossible for the members of the St. Ignatius Hustlers to get much closer together in their efforts in the 15-team Central CYO League.

The latest averages handed to us show Steve Ruggiero with 156, Teddy Sokoloff 156, Pete Vitale 156, Ralph Caccaro 156, Mike Greggo 155 and Frank La Marca 149.

\* \* \* \*

Those of you who have difficulty in getting tickets to the night games at Yankee Stadium, will be interested to know it is possible to buy tickets for any game during the entire season now.

You may order by mail for any game, as far in advance as you like, and the tickets will be mailed out to you eight days before the game. Box seats are \$2.50 and \$3.00 and reserved seats are \$1.75 and \$2.00 for the coming season.

### BETHPAGE PBC READY FOR COUNTY LEAGUE

Under the direction of Pit Robert Reynolds, the Bethpage PBC opened its baseball practice on Friday, April 22, in preparation for the County-wide PBC league which will start May 7.

Seaford won the County title last year and represented Nassau in the Eastern Seaboard PAL playoffs which were won by Philadelphia.

Returning from last season's Bethpage team and seeking a berth on this year's squad are Anthony Lombardi, Michael Seunto, Paul Danna, Paul Cramer, Carl Nilsson, Obet Olsen, Roger Opdahl, John Lea and Jimmy Maher.

Newcomers are Al Hultz, Joe Buggiere, Michael Cornicelli, Lawrence Panzerio, Francis Masino, Richard DeFrancis, Gerald Croan and John Skofin of Hicksville. The latter may be employed as a catcher.

### REDUCE FISHING TIME ON CAUSEWAY BRIDGES

The L. I. State Park Commission announces that fishing from the Causeway bridges will be limited to the period from October 1 to May 1.

Under this ruling, due mainly to the heavy increase in traffic on the causeways leading to Jones Beach, fishing will be permitted only through Saturday, Apr. 30, and not permitted again until Saturday, Oct. 1, 1949.

In the past fishing from the Jones Beach Causeway bridges was permitted from Labor Day to Decoration Day each year.

### CLOSING DATE IS SET ON FREE CAMP STAY

Sunday, May 15, is the last day for filing of applications by boys 12 to 16 for a free 10-day, all expense paid vacation at Camp Willowemoc, it was announced today by the Hicksville Sportsman's Club Inc. An application form appears on the sports page of the HERALD.

The Sportsmen are asking boys of Hicksville, Jericho and Plainview to write a short statement why they would like to be the club's guest at the camp which is operated by the N. Y. State Conservation Dept. from Aug. 1 to 10. The statement will help the club select its guest.

The staggering journey of Hicksville Post Office Team Number Two to the finish line in the Blue Division race of the Nassau County Post Office Bowling League did not have enough strength to allow the mid-island keepers to stumble into the winner's circle and they must outdo the efforts of Floral Park on the Heisman alleys, tonight (Wednesday), to take the championship.

With the final night of competition on tap the standings find Hicksville and Floral Park deadlocked for first place, with 88 points won and 57 points lost. Their title aspirations are entirely dependent on what they accomplish against Port Washington and Garden City respectively tonight.

The fight is strictly a two-way struggle with second place already assured the loser. Hempstead Number Two suffered elimination last week and can't even use its present 82-83 record as a springboard to overtake the runner-up spot.

#### Locals Slip

Six weeks ago Hicksville was rolling smoothly and had a lead adjudged safe enough to carry it home in front. However, the locals went into a spin and slipped badly.

Two weeks back five desperately needed points were picked up in a

match with Freshport but in the semi-final round Franklin Square blanked Hicksville 5-0, the third such reversal in four outings, and Floral Park gained two points to tie for the top rung.

If a champion cannot be determined from tonight's final round a special rolloff will have to be held before the all-league championship match which is scheduled for Sunday afternoon.

## Herald Softball Loop Closes on Friday

Representatives of seven teams attended the first organizational meeting of the Mid-Island Herald Community Softball League held in Pete Breen's Restaurant last Thursday night.

Attending were Merrill Yartofkey for Botto Bros., Bill Cheslock for the Rustlers, Pat Naso for the All-Stars, Frank McCue for the Long Island Nationals, George Halleran for the Jericho Fire Dept., Len Smith for the

Gridders and Eddie Owens for the Hicksville Post Office club.

The league will be conducted under the auspices and guidance of the Mid-Island Herald and for the actual operations of the loop the delegates voted Bernard McGunnigle, who is manager of the Metropolitan champion Hicksville Loyolas, and Howard Finnegan, Herald Sports-Editor, to a two-man board of control.

The board is empowered to act in

all matters concerning the schedule, umpiring assignments, expenditures, awards and other supervisory matters.

The league adopted a resolution wherein the standings of the teams in the pennant race would be kept on a point rather than percentage basis. Under this rule a win will count two points, a tie one and a loss nothing.

The delegates also voted this Friday, Apr. 22, as the deadline for additional applications for entry in the league. All intentions of entry must be filed in the office of the Herald at 162 Broadway, Hicksville, on or before that date.

## Comets Win Opener 8-1

Billy DeVine pitched Hicksville High to its traditional opening day baseball triumph, Wednesday, as he allowed Manhasset only four hits in an easy 8-1 victory on the losers' field.

The Comets found the offerings of Lou Finally and Turner Austin good pickings and they slashed out eight singles in the game. The Indian moundsmen gave up six bases on balls and had six errors behind them add to their troubles.

DeVine, who had a 6-0 lead after three innings, walked four batters and struck out ten as he went the distance.

In the hitting department Jack McDonald spanked 3 for 4, Eddie Miller went 2 for 3 and Pete Zeiser, Pickering, Schaff and Stetz each hit safely once.

### AA IN EXHIBITION GAME NEXT SUNDAY

"Play ball" will be the cry heard at 2 o'clock next Sunday afternoon, Apr. 24, when the Hicksville AA plays its first exhibition game with Hempstead at the Hicksville High School field. The AA has joined the Long Island Baseball League, according to Manager Anthony Fucio.

The Hicksville AA plays its first official league game at the high school field at 2 o'clock on May 1.

#### HURLS ONE-HITTER

George Lehmann pitched a 1-hitter for Hofstra College recently as the Dutchmen downed St. Francis 10-0. Mel Einsidler, right fielder, lost the ball in the sun in the top of the 8th inning to deny a no-hitter for Lehmann.

Mr. and Mrs. Harry Mittleman of 50 James St., Hicksville, returned Sunday from a two-months stay in Florida.

The telephone number of the Mid-Island Herald for news or classified ads is Hicksville 3-1400.
