Bethpage Gets Express June 13

The popular evening commuter train (No. 244) is being made an express from Jamaica, with its first stop at Bethpage, commencing June 13, to "eliminate standees," it was disclosed this week by David B. Smucker, trustee and chief operating officer of the Long Island Rail Road.

The proposed change is being vigorously opposed by Hicksville commuters, led by Lawrence A. Roman, president of the civic association.

With the new summer timetable, Smucker revealed, train No. 244 will express from Jamaica (5:40

p. m.) to Bethpage, to be followed by a new train from Jamaica at 5:45 p. m., stopping at Mineola, Carle Place, Westbury and Hicksville. The new train will terminate at Hicksville.

LIRR Made Study

"We have conducted a thorough study of traffic using No. 244," he adds, "and developed that this train normally handles 1,050 passengers, including 262 standees, of which 505 are for points east of Hicksville, with a combined total of 645 detraining at Mineola, Westbury and Hicksville."

Roman, in his protest to Smucker, said his Association made a count of passengers on May 11, and found 343 left the train at Hicksville and 125 at Mineola.

"Many of the Hicksville commuters," Roman continued, "now miss train 214 by a matter of a few minutes and have to wait every evening 15 or more minutes for train 244. Under the proposed new schedule, it would mean that they would have to wait about 25 minutes for their train at Penn station."

However, if the LIRR insists on (continued on page 15)

Legion Clubhouse Dedication Highlights Memorial Weekend

Dedication of the enlarged and remodeled clubhouse of the Charles Wagner American Legion Post at E. Nicholas St., Hicksville, will highlight the Memorial Day weekend in this section. Prominent personalities in veterans' affairs will be present for the festivities.

The public is cordially invited by the Legion Post officials to inspect the clubhouse on Saturday, May 28, between 12 noon and 6 p. m. A dedication dance will take place in the evening at 8:30 for local veterans, their wives and guests. A Green's orchestra will provide the music.

Dedication ceremonies are set for Friday night, May 27, at 8:30 when all stockholders of the clubhouse, members of the post and honored guests are being invited. Speakers will include Mrs. Doris

Corwith, past national president of the American Legion Auxiliary, and Edward J. Neary, former Nassau County District Attorney and former State Legion Commander. Neary was also director of Veterans' Affairs for New York State under Gov. Thomas E. Dewey.

Parades on Monday

Memorial Day parades will be held in Mid-Island communities next Monday morning, sponsored by veteran groups in the respective communities.

Hicksville organizations will assemble at 9 a. m. at the Legion clubhouse on East Nicholas St. The parade will start at 9:30 a. m. with Legion Commander Fred Bregel as the marshal. The line of march will be as follows: north on Broadway to Herzog Pl. over to Jerusalem Ave., south on Jeru-

salem Ave. to the Memorial Mall at the high school.

Fred J. Sutter will be the master of ceremonies at the outdoor ceremony at the mall. In case of rain the program will be held in the high school auditorium.

BETHPAGE PROGRAM

Bethpage's Memorial Day parade will assemble at the old firehouse on Stewart Ave., at 9 a. m. The parade will start at 9:30 a. m. and march to the Bethpage School and Plainedge Cemetery for services. After the services refreshments will be served back at the firehouse.

The Jericho VFW will sponsor Memorial services in Jericho, (continued on page 15)

Denied Variance For Farm Stand

A request for a variance to build a gas and service station at the corner of Jerusalem Ave. and Herzog Pl., Hicksville, was held over until the next meeting of the Zoning Board of Appeals, it was learned, following the regular board meeting last Thursday. The request was made by Sam J. Kellner of Field Ave., Hicksville.

The board approved the request of Henry C. Stolz for a variance to build with less rear and side yards, provided he receives the approval of his neighbors.

Paul Sardello of S. Oyster Bay Rd., Hicksville, was denied his request for a variance to build a farm stand at the south-west corner of South Oyster Bay Rd. and Walters Ave., Hicksville.

BMA Protests Move to Close Down Airpark

The Hicksville Business Men's Association believes that the Hicksville Airpark should be permitted to continue operating as a sportsmen's flying center on Robbins Lane. The Board of Directors this week adopted a resolution requesting that the Oyster Bay Town Board spend no town funds for legal fees in attempts to close down the Airpark.

The resolution was carried by a majority vote at the BMA meeting held Thursday night at the Stockholm Restaurant. The motion was made substantially the same as the petition form published as an advertisement in last week's issue of the Mid-Island Herald.

'Court Entertains Doubt'

Oyster Bay Town Board is seeking a permanent injunction against the Airpark to prevent its operation and to have the structures upon it demolished. Last week Supreme Court Justice L. Barron Hill denied an application for a temporary injunction. In a memorandum, Justice Hill noted "The court entertains doubt as to the sufficiency of the complaint, by reason of the irrelevant and conclusory matter therein contained."

A trial on the permanent injunction proceedings is not expected to take place until the fall. Spohrer has been circulating petitions this week asking that the town "spend no town funds for legal services" on this proceeding.

Charles Schwartz, president of the BMA, presided at the dinner session.

Eugene Hattenbach

Jimmy Rogers

Eugene and Jimmy were among the entertainers at the young people's spring dance held by the Robert L. Bacon Republican Club on May 13. (Story and other picture by Sey on page 6.)

Civic Election Tomorrow Night

Nomination and election of officers of the Hicksville Civic and Community Assoc. will take place tomorrow (Thursday) night, when the group holds its annual May meeting in the Firehouse auditorium, 240 E. Marie St.

Harry Ernenwein is chairman of the nominating committee, assisted by Mrs. Loretta Arnone, Stephen Smatlak and Mrs. Dorothy Geyer.

Lawrence A. Roman is president of the Assoc. Committee chairmen are expected to report on their activities at this session. All meetings of the HCCA are open to the public.

Town Places Signs Limiting Parking

Enforcement of the Hicksville Parking Ordinance, limiting parking on certain local business streets, will begin almost immediately. Signs designating limited parking areas are this week being set in position by the Town Highway Department.

Permanent signs have been placed on one side of Duffy Ave. prohibiting parking for several hundred feet west of Newbridge Rd. Signs have also been installed limiting parking to two hours on Herzog Place. Also scheduled are two-hour signs on East and West Marie Sts., loading zone markers and bus stops, according to Councilman Frank Chlumsky.

Broadway is already marked for one-hour parking.

County to Fix Road

Chlumsky also revealed that the Nassau County Dept. of Public Works will improve Jerusalem Ave. from Fourth St. south to the Hempstead Town line.

Recently Chlumsky, Highway Superintendent John R. Brandt, Town Attorney Theodore V. Summers, as a committee for the town, called upon County Attorney Marcus G. Christ in an effort to solve the question of jurisdiction on Jerusalem Ave. The County has agreed to take over improvement of the street and has already begun a survey.

Post Office Asks Rent Proposals

A strong possibility that the Hicksville Post Office may move from its Herzog Place location within the next few months to another address was seen today.

At the same time it was learned that construction was scheduled to start this week on a building 40x100 to house the Island Trees branch of the Hicksville Post Office. Hempstead Town Board has approved the plans submitted by John A. Seligman, owner and developer of the site, which is on

the north side of Hempstead Tpke. between Jerusalem and Division Aves.

Branch Ready By Sept.

Curtis Ketcham, Farmingdale contractor, predicts the Island Trees branch office will be completed by "the middle of September, 1949."

The Hicksville main office is nearing the end of its current five-year lease on Herzog Place. Post Office Inspector P. J. McNeill, at Jamaica, will receive proposals to "furnish suitable quarters for post office purposes at Hicksville" for a term of 5 or 10 years, up to and including June 18.

A lease of five or 10 years for Hicksville Post Office quarters is contemplated which, according to some local observers, means that construction of a federal post office building in Hicksville is at least five or more years in the future.

Hicksville and Plainview organizations and residents during the past several months have been petitioning congressional representatives from this area with a plea for a federal building. The latest development on this topic, reported by Congressman W. Kingsland Macy, is that Hicksville is now on the "list" for a \$225,000 structure, if and when federal public works funds are appropriated.

Notice that proposals for leasing post office quarters in Hicksville of about 4500 square feet are sought was made this week by posting in the local office. Gen-

eral building requirements, bid forms and other data is available for property owners interested in the Postmaster William G. Molitor or Inspector P. J. McNeill at Room 268, General Post Office Bldg., 28-04 164th St., Jamaica.

The Hicksville office in the past several years has had a tremendous increase in business, largely because all the mail for the Levitt development at Island Trees is handled through this office. Its present location on narrow Herzog Place is regarded as a constant reason for traffic snarls on this block. Besides doubling its floor space on Herzog Place, the Hicksville office also has rented a store on Newbridge Rd. for the handling of parcel post.

Levitt Now Selling To Non-Veterans

Levitt and Sons this week published advertisements in the daily press making 1948 Levittown, Island Trees, houses available to non-veterans as well as veterans. Since its start, the 6,000 home area had been exclusively limited to ex-servicemen, and most of the houses are rentals.

"A limited amount of the 1948 Levittown homes are available from time to time," the ads state. Vets need no down payments, others need \$1350. The complete purchase price is \$7,990. Carrying charges are \$58 for vets and \$52 monthly to non-vets.

Levitts announced recently that the community will number 10,000 houses by Christmas of this year. Over 100 of the 1949 Levitt houses have already been occupied.

While there was some local talk that the realty and housing boom was slowing down in this section, sale of the Hohorst farm of 91 acres at Old Country Rd., Hicksville, near the parkway, was disclosed. Max W. Holtz and Jerry Leibowitz, New York investors, said 400 houses will be built in the "medium price range."

Small Attendance At Costume Ball

Less than 100 persons turned out for the Founder's Day Costume Luncheon held Saturday night at the high school auditorium to celebrate the 301st anniversary of Robert Williams Day. The ball was sponsored by the Hicksville Civic and Community Assoc. with Thomas Reilly, chairman of the committee.

Cash awards were made for the most unique costumes to William L. Geyer and Mrs. Benjamin Smith. The judges were Charles Schwartz, Philip Illman and Fred Noeth, who made the selections while the dancers took part in a grand march.

Attendance was small at other Founder's Week activities. About 40 attended the showing of motion pictures, taken during the Tercentennial Celebration of last year, at Nicholas St. School auditorium on Thursday night.

The Fire Dept. open house was held on Friday night with about 100 braving the inclement weather to attend and examine the fire apparatus.

Few of the business places in Hicksville cooperated with the plea of the BMA to display their American flags on Friday and Saturday in honor of Robert Williams.

Miss Gertrude Wetterauer, Tercentennial Committee chairman, and her group attended both the movie night and costume dance.

State Studies Control Of Ticks, Unable To Relieve Local Menace

While the State Department of Health appreciates the concern of Hicksville residents over Rocky Mountain spotted fever, spread by disease carrying ticks, eradication of the tick is not readily accomplished.

"Steps are being made in this direction, however," states Dr. Robert F. Korns, director of the Bureau of Epidemiology and Communicable Disease Control at Albany.

Dr. Korns, in a letter to the Hicksville Civic Community Assoc., disclosed that 87 per cent of the cases of Rocky Mountain spotted fever in Nassau, between 1939 and 1948, occurred in the Town of Oyster Bay.

Liquor Stolen Thru Break In Store Glass

Police are seeking the person who tossed a large flat rock through a plate glass window of Pierce's Liquor Store at 68 Jerusalem Ave., Hicksville, sometime Saturday night and made off with a couple of quarts from the window display.

The hole in the glass, an opening about the size of a football, was discovered about 10 o'clock Sunday morning by a youngster who reported it to John at the stationery store next door. John believes he heard a crack of glass before midnight, Saturday, but thought at the time it was a nearby auto crash.

Detective Reginald Ballard of the second squad is investigating.

ed by residents of the east end of Hicksville, who are gravely concerned over the tick problem, the cities wrote to the county and state health departments and the Oyster Bay Town Board. The County department answered that the county government "is without any authority to undertake any type of insect or pest eradication program."

The Town Board, upon receipt of a copy of the petition, forwarded a letter last week to the County Health Department.

The New York State Health Department wrote this week: "Unfortunately eradication of the American dog tick is not readily accomplished."

"One must bear in mind," Dr. Korns continued, "that the reported cases of Rocky Mountain

spotted fever from Nassau County are few indeed, there being 2 in 1939, 1 in 1941, 1 in 1946, 3 in 1947, and 1 in 1948. All except one of these occurred in the Town of Oyster Bay.

"With the development of the powerful antibiotics, aureomycin and chloromycetin, both very effective in the treatment of Rocky Mountain spotted fever, some of the hazard is removed from this disease. You will be interested to know, however, that a study is in progress at the present time on Shelter Island near the tip of Long Island, directed toward the eradication of ticks on the island."

"Plans for further control in other areas depend somewhat on the success of this experiment conducted under the auspices of the State Entomologist."

The progress of the anti-tick campaign will be considered at the Hicksville Civic and Community Assoc. meeting tomorrow (Thursday) night at the Hicksville firehouse.

What can we do to better this situation? Certainly, at a very minimum, you can care for your own health and the health of your family. In the end, most problems are resolved in the individual's sense of personal responsibility. Observe common health rules. Consult your physician in case of illness. Bethpage Kiwanis Sees Film At Club Session

A film, "Helping the Blind to Help Themselves," was shown at a recent meeting of the Bethpage Kiwanis Club held at Anselmi's.
 The cast in the technicolor film included Miss Helen Keller, Eddie Nugent and personnel of the Industrial Home for the Blind. The film tells the story of an average American, moderately successful, living in a comfortable home with his wife and young son, and living an average life until he loses his sight. He suffers the desolation most newly-blind people do until someone gives a helping hand. The Industrial Home for the Blind has been operating since 1893.

A BETTER AMERICA
We hear a great deal nowadays
about making America a better
nation than it has ever been. Our
country needs to be full of good
citizens, young and old, who lead
the kind of lives that will help
to make America a happy home
for all.

CHURCHES OF CHRIST SCIENTIST
"Soul and Body" is the Lesson-
Sermon subject for Sunday, May 22.
GOLDEN TEXT: "The light of the
body is the eye; if therefore thine eye
be single, thy whole body shall be full
of light" (Matthew 6:22)
SERMON: From the King James ver-
sion of the Bible: II Corinthians (5:1-
8): "For we know that if our earthly
house of this tabernacle were dissolved,
we have a building of God, an house
not made with hands, eternal in the
heaven. For in this we groan, earnestly
desiring to be clothed upon with our
house which is from heaven: If so be
that being clothed we shall not be found
naked. For we that are in this taber-
nacle do groan, being burdened: not for
that we would be unclothed, but clothed
upon, that mortally might be swallowed
up of life. Now he that hath wrought
us for the selfsame thing is God, who
also hath given unto us the earnest of
the Spirit. Therefore we are always con-
fident, knowing that, whilst we are at
home in the body, we are absent from
the Lord. . . . We are confident, I say,
and willing rather to be absent from
the body, and to be present with the Lord."
Correlative passages from "Science and
Health with Key to the Scriptures" by
Mary Baker Eddy include: "When you
say, 'Man's body is material,' I say with
Paul: Be willing rather to be absent
from the body, and to be present with
the Lord. . . . The belief that a material
body is man is a false conception of man.
The time has come for a finite conception
of the infinite, and of a material body as
the seat of Mind to give place to a divin-
er sense of intelligence and its manifes-
tations,—to the better understanding that
Science is not of the Supreme Being,
or divine Principle, and Ideas" (pp.
216, 288).

I will own one like her.

MY HOBBY
My hobby is stamp collecting. I
have about 588 stamps gathered
from many countries. I took over
my father's collection a few
months ago. My father bought me
a new book. I have 118 United
States stamps. I have one stamp
of Washington on bluish paper
which is worth \$225 without an
overprint, which I am sorry to
say mine has.
I have 71 German stamps and
more to put in. On the German
stamp it says, "Deutsches Reich"
instead of Germany. On Austrian
stamps is printed "Oesterich." On
Swiss stamps it says "Helvetia."
Those are a few of the odd
names some countries have.
I am going to keep collecting
stamps until my book is full. I
like stamp collecting, not only be-
cause it is extremely interesting,
but it also helps me in the study
of geography.

Swim For Health — In Safety

The Memorial Day weekend brings the official opening of public swimming and bathing beaches for Long Island, but of course the cooperation of the weather man will be a factor.

The official opening date for the seven Oyster Bay beaches on the north and south shores of the Township has been set for this Saturday by the Town Board. Jones Beach State Park inaugurates its 20th season this Saturday, May 28, when the West Bathhouse, providing heated pools and ocean bathing, and the East Bathhouse, permitting access to both surf bathing and still water bathing at Zachs Bay, will be opened.

And in the mid-Island area, the opening of the swim season this year is scheduled to see the completion of swimming pools in the Levitt development at Island Trees. The pool on the North Village Green is scheduled to open next Monday. While it is expected that these Levitt pools will be restricted to the use of residents, no official announcement as to arrangements has been made.

Mid-Islanders enjoy going to the beaches in summer. It is probably the most popular seasonal recreation of local residents.

But with all the growth and development on the Island, there has been growing concern in recent years over the condition of the waters and the places where public bathing takes place. Last season, there was a great to-do about the fact that township beaches did not receive bathing permits until the season was well underway.

The Nassau County Health Department is responsible for determining whether it is safe to bathe at one location or another in Nassau, except for Jones Beach. It should be remembered that the Health Department issues a "Public Bathing Beach Permit" only when a bathing beach completely qualifies in three ways: (1) satisfactory quality of the bathing water; (2) sufficient number of life guards and adequate and suitable life-saving equipment; and (3) adequate sanitary facilities.

Since the middle of May, the County public health engineers have been collecting samples at 51 stations. A minimum of 10 samples are collected at every station (or beach) at different conditions of tide and wind during the season. The samples are sent to the laboratory, where bacteriological tests are made to show whether or not intestinal bacteria are present, and if so, the estimated number.

Approved beaches are issued a permit which, the law requires, must be posted conspicuously. Twice during the bathing season, the Herald and other newspapers receive a list of beaches under health department permit.

The public takes two risks and suffers inconvenience in bathing at unapproved places. There is the risk of drowning and of illness from swimming in polluted water, and the inconvenience due to the lack of sanitary facilities. Five deaths from drowning occurred at such areas in Nassau County last year. No one drowned at a beach under health department permit.

Health authorities also offer this advice: Avoid creeks and canals—most of them are highly polluted. Protect your health and life. Swim only at bathing beaches which operate under health department permit. —FJN.

The Sportlight

By HOWARD FINNEGAN

They're off and running in the Mid-Island Community Softball League and here is our thumbnail sketches of the teams and their chances:

BOTTO BROS.—Best Bet. Has enough aces to cover a smooth course or a rough one. Joe Smith and Ted Smith are ready to reply to any top-notch pitcher the opposition can muster against them. Stan Smith is more than capable for medium assignments and will be outstanding as a hitting outfielder otherwise. Joe Laskowski, George Karman, Gene Pasta and Ralph Ferrera will rate with the best infields in the league. Have ample depth for replacements or a shifting lineup.

GRINDERS—With talented importations from Oyster Bay, they will be the most compact unit in the loop. Doubtful that they can stack enough power to go all the way.

LIONS—Just lacking enough to be king. Bill Bordick and Frank Ruggiero and Paul Olynik just about the best battery going. Accent on youth will hurt chances. Experienced Ted Murray will help anchor the club, but it is bound to break away into troubled waters. John Econopouly, Pete Zeiher, Dick Scott and Ed Miller are newcomers ready to blossom.

L I NATIONALS—Could be sleeper. Won't be surprised if winds up in playoff. Chances are 50-50 from there on. Danny Wyslowski and George Cheslock give pitching authority. Fred Gauck, Fred Eiseaman, Frank McCue, Tom O'Brien, Jack McCrossen and Ray Herschneider have played together long time and that provides solid foundation.

FARMERS—A power to be reckoned with. Rob Dwyer has scrappy outfit and withdrawal from Jones Beach competition means all out bid for local honors. Bill Kane scheduled for pitching chores along with Jim Barone. Charlie Van Wickler, Jim Hall and Mel Voorhies infield strong points. Odds on chances of winning aren't considered long.

JERICHO—Not in the running. If it can bunch hits and commit less errors, might be able to win four games. Gerald Davis will do well on the mound but otherwise there are no outstanding players.

LOCUST GROVE—Could improve over other years but there isn't much room in which to advance in the loop. Hardly could be expected even to lead the second division.

POST OFFICE—Admittedly playing for the fun of it, the Post Office players, nevertheless, could make things uncomfortable for opponents if they hold to the form they displayed in losing 1-0 to Russlers. Jim McCaffrey's progress will be carefully watched on the hill and could be factor by which club escapes cellar.

RUSSLERS—Without pitching, can't be considered. Mostly youngsters without any amount of hitting ability. Harry Adams, Jerry McGunnigle, Stan Gajewski, Bill Cheslock, Monte Cheslock and Pete Haughey may help with a quick, sharp defense, but hardly enough to hold back the tide.

BREEN'S ALL STARS—Well may be the biggest flop of the year. In Bill Byrnes, Jerry Kiesel, Ray Halleran and Ed Coleman they have brilliant names in softball achievement elsewhere, but indifference has let them down for the season. If around, Tom Hart could help a great deal since pitcher Bob Kamunsky is bound to get a few more lumps than he did last year when he was beaten only once. Hitting will be OK, but a fast defense will not always be available. A great deal depends on attitude.

Syosset PBC Nips Port Washington PAL

With the game being decided in the final inning on a well executed "squeeze" play, Syosset PBC topped Port Washington PAL by the slender margin of 5-4, this week.

Outstanding for the winners in a nicely played game was pitcher Paul Cramer, making his first start and batting 2 for 3 at the plate, giving up 5 hits over the route and tallying the game clinching run.

In trouble only in the sixth inning, he received excellent support from his team mates with a timely double play to nip a possible spurge by P. W.

Syosset now has two wins and one loss with the league leading Great Neck aggregation coming to town over the weekend.

Botto Bros. softball team defeated the Farmers, 3-0, in a pre-league game at the high school field on Tuesday night, May 17.

Breen's, Russlers, Win Openers

A loosely played free-swinging contest in which Breen's All Stars bested Jericho FD, 11-6, and a dramatic eight inning 1-0 victory for the Russlers over the Post Office marked opening round play in the Mid-Island Community Softball League.

The scheduled game between Botto Bros. and the Grinders was postponed on account of rain and has been rescheduled for June 30.

Bob Kamunsky (Breen's) and Gerald Davis (Jericho), hurled the season's first game and although their efforts were on a level with

each other, the support of their team mates was not.

The Jericho fielders did much to complicate balls hit to them and their half-dozen errors added the steady stream of Star runs which came after the first inning.

The losers drew first blood when Davis doubled in the first and came home on errors by Bill Byrnes and Jerry Kiesel.

Breen's countered with four in the second and doubles by Kamunsky and Ray Halleran and singles by Ernie Naso and Charlie Arnone.

Valentine Dexter singled over two Jericho runs in the same frame to make it 4-3, but from there on the All Stars pulled away to an 11-4 advantage and a brace of runs for the losers proved harmless in the eleventh.

In the regulation seven innings the Russlers advanced three men as far as third base but couldn't get them over as Jim McCaffrey worked out of the trouble. However, in the eighth frame McCaffrey proved his own undoing, as he let go a wild pitch after Stan Gajewski doubled and advanced to third on a throw from the outfield.

The lone run gave Joe Webnoski his first win.

Dalers Trail Glen Cove In Junior Meet

Larry Giles of Glen Cove skimmed over the high jump crossbar at a height of five feet eight inches, Saturday, to break a triple deadlock for first place and give his team the first annual Junior

High School Track and Field Championships.

The meet was held on the Hicksville High track under the direction of Louis Millevolke.

As the final event was being conducted Farmingdale, Glen Cove and Port Washington were all tied with 19 points, and Giles' feat gave the trophy to the Covers.

Farmingdale was strong in the running events, but after piling up 16 points in them, its lead quickly dwindled when the returns came in from the field events.

Fred Kreskowski won the 75-yard dash for the Dalers, 8.9, and Bob Gray was fourth. Sonny Daniels and Walt Schaefering finished two, three in the 50-yard dash. Ronnie Keller ran third in the 100 and second in the 220. Jack Ketchman and Gray were third in the 8 lb. shot and broad jump respectively.
