'BATTLE' OF CANTIAGUE ROAD: Residents Protest Additional Poles; FCC Clears Press Wireless on TV

HICKSVILLE—While Cantiague Rd. residents prepared to go in a body to the Zoning Appeals Board hearing tomorrow (Thursday) night and oppose the erection of any further poles and antennae on the Press Wireless acreage here, the radio concern today made public a statement denying responsibility for faulty television reception in the mid-Island area. The Press Wireless Statement is published in this issue of the Herald on page three.

Town Budget at \$998,352 Without Tax, Highway Rate Up 12 Cents for Next Year

OYSTER BAY — The office of town engineer will be created and funds for the new department are provided in the tentative 1950 Town Budget which comes up for a public hearing here Thursday, morning, October 27.

The township needs an engineer full time to enable the town to keep abreast with public projects and programs as former farm lands become the sites for thousands of new homes. Supervisor Harry Tappen pointed out today. The budget includes an item of \$400,000 for acquisition of lands, planning and supervision, labor and materials on proposed town projects.

Another new item in the budget is the sum of \$150,000 representing the towns' share for the ac-

quisition of lands and construction of parking fields in the parking districts of the township.

Almost Million Dollars

The total amount of the budget for 1950 is \$998,352.30 as compared with \$565,021.80 for the current year. Again in 1950 there will be no general town tax levied, the amount of money needed to operate the town being obtained from estimated revenues, state-shared revenues, fees collected and from invested town surplus funds.

Literacy Tests Set

HICKSVILLE—Literacy tests for first voters who are not in possession of a diploma indicating completion of grammar school instruction will be held at the high school three days next month, including Election Day. Tests will be given in Room 101 on Tuesday, Nov. 1, at 7:30 a. m.; Thursday, Nov. 3, at 7:30 p. m., and Election Day from 9 a. m. to 6 p. m.

Press Wireless has an application up for hearing tomorrow night in Oyster Bay Town Hall, starting at 7:30 o'clock, for a variance to permit the erection of additional poles.

Counts 367 Poles

Isaac Penner, Cantiague Rd. resident and FW neighbor, who has led a determined campaign to oust the radio transmitter station, told the Herald the people along the road are going to the hearing in an effort to prevent the expansion of the station. He said a recent count showed there are 181 high antennae poles on the property, 90 poles up to 105 feet high and 148 transmission poles 15 to 35 feet high.

Penner added that he is instituting legal action against the Town of Oyster Bay, Press Wireless, Inc., and Jefferson Standard Insurance Co. to compel the township to act upon filed petitions re-

Break Ground For New School

ISLAND TREES—Ground was broken Saturday at Farm Edge Rd. and Boone St. for a modern public school in School District 26. The structure is expected to be ready for the fall term in 1950. It will consist of 12 classrooms and two kindergartens. Taking part in the ceremony were Michael F. Stokes, president of the school board; Louis Blodgett principal; Mrs. Thomas Zinzi, P-TA president and George Marthen, Civic Assoc. president.

Last Opportunity On Adult Classes

HICKSVILLE—Final registration for adult education courses takes place tomorrow (Thursday) night between 7 and 9 p. m. at the high school. See page 14 for full story.

HICKSVILLE—Recommendations of the Citizens' Advisory Committee on Parking and Traffic to serve immediate and future needs were presented at the public hearing of Oyster Bay Town Board held in Nicholas St. School auditorium last night (Tuesday). The four-page report was unanimously adopted by the five-man committee, representing the BMA, Civic Association, Lions and Kiwanis.

Keynote of the report is the expression that the committee "feels certain the Town Board is aware of what lies immediately ahead for Hicksville with the plans that the Levitt firm has for home construction within our community," and the "hope the Board will speed these recommendations into reality without delay."

The text of the report follows:

"The Committee which consists of representatives of the Hicksville Business Men's Association Inc., Hicksville Kiwanis Club, Hicksville Lions Club and Hicksville Civic and Community Association met Oct. 13 and prepared the following statement and recommendations:

"The Committee appreciates the interest of the Oyster Bay Town Board in calling a special public hearing on local parking field sites (continued on page 11)

Bethpage Parking Faces Opposition

BETHPAGE—Vocal opposition to the proposed creation of a park and parking district is anticipated tonight (Wednesday) when the Oyster Bay Town Board holds a public hearing at the firehouse. The hearing has been called to consider formation of a special district, such as Hicksville's and to levy a local tax for acquisition and improvement of property for auto parking.

The notice of the hearing states it is proposed to spend up to \$30,000 on such a program for Bethpage, one half (up to \$15,000) to be contributed by the township from surplus funds and the balance to be raised by a local real estate tax.

A survey by the Herald made yesterday indicated little support for the proposal. One civic leader said he knew of "no community demand" for parking fields except possibly from the few merchants in the community. Pointing to the present fiscal obligations on Bethpage taxpayers with a projected new school and recent construction of a firehouse-library, he asserted he would go to the hearing and protest the proposal.

Another prominent resident charged that Bethpage has already missed the boat as a potential shopping centre. New businesses are springing up along Hempstead Turnpike and will soon draw off whatever local shopping exists today.

No vote will be taken tonight at the hearing

Road Workers Give Alarm, House Burns

HICKSVILLE — "Considerable damage" was caused to a two-story frame dwelling at Jerusalem Ave. and 10th st. Thursday shortly after 12 noon when a fire broke out in the attic and on the roof. Local firemen under Assistant Chief Stanford Weiss responded to the alarm and were on the scene for more than an hour until the blaze was brought under control.

The house is owned and occupied by Marion Johnson. Nearby highway workers first observed the fire, turned in the alarm and notified the woman who was in the building at the time.

10 CASES OF POLIO

MINEOLA—The 10th case of polio in Hicksville was reported by the County Health Department this week, a six-year-old boy. There are 35 cases in Levittown, eight in Bethpage.

THE HICKS, racing team of Hicksville Fire Dept., poses proudly—and with good reason—in front of the firehouse with the 36 trophies they brought home from various tournaments during the current year. The best team on Long Island, which automatically includes the state crown, they will be in action Sunday afternoon at Rockville Centre in a benefit tourney of Nassau racing teams for the polio fund. Members of the team, front row, left to right, are Medard Ofenloch, Buddy Pelcher, Capt. Lawrence Small, Co-Capt. Gerard Ofenloch, Ed Eisemann. Standing, Clifford Davis, Fred Masters Jr., Ralph Straub, Ed Dwyer, Ed Kessler and H. Hubert Ofenloch. (Webber Photo).

OYSTER BAY TOWN BOARD will receive bids Nov. 1 upon construction of this new garage for Town Highway equipment on the north side of Miller Rd., adjacent to the incinerator property, Locust Grove. The engineer's estimate on the cost of construction is \$80,000. The structure will be set back 80 feet from Miller Road with concrete ramps from the highway to the building. It is 174 feet long and the centre garage section is 100 feet long and 33 feet deep. Five truck room entrances

have overhead type doors 16 feet wide and 12 feet high. The east section (at right) contains the office, stock room and repair shop. The latter has a hoist and 12 feet high doors. The building will be constructed with concrete lower walls and floor. The front wall will be finished in brick with concrete copings. Steel window sash will be used and the steel girders support wood roof beams with asphalt-felt roofing and slag finish. (H. G. Holm-macher Engineer).

Firemen Parade Saturday Night

HICKSVILLE — The members of the fire department will be on public parade and inspection this Saturday night, Oct. 22, starting at 7:30 o'clock, according to Chief Daniel Munch.

The parade, led by the high school band and followed by the apparatus of the department, will take the following route: leaving the firehouse on East Marie St., north on Broadway to John St. corner, south on Jerusalem-Ave. to Old Country Rd., east on Old Country to Broadway, north on Broadway to Marie St. and return to the firehouse.

At fire headquarters the volunteers will be inspected by the Board of Fire Commissioners led by Chairman Vincent W. Braun. Present as a special guest of the evening will be Assemblyman David S. Hill Jr. of Glen Cove.

Special Attorney Probes Sandpits

OYSTER BAY — William E. Jackson, Jr., Glen Head lawyer, has been appointed to assist Town Attorney Theodore Summers in the matter of the Old Bethpage sand pits where residents claim there are alleged violations of the town ordinances. The appointment has been made by the town board "due to the other heavy legal work at this time."

An Open Letter To the Residents of the Mid-Island Area

Since the advent of public television reception, many of the residents of the Mid-Island area have been disappointed with the results obtained from their TV sets.

Some of the poor reception has been attributed to the operations of Press Wireless, Incorporated, located on Cantiague Road in Hicksville. Therefore, the purpose of this letter is to acquaint the Mid-Island residents with the nature of the business conducted by Press Wireless, Inc. and its possible relationship to problems of television interference in this vicinity.

Press Wireless, Inc. was organized by leading American newspaper and press associations in 1929 for the purpose of handling press messages between the United States and foreign countries. A number of years ago, one of its transmitting plants was built on the present site on Cantiague Road, this station being but one of the essential links in the Company's world-wide communications system. As the radio arts developed, Press Wireless added to its services radio-photo and international broadcast transmissions to and from foreign countries. In addition, we are transmitting a large volume of press traffic for the United States Government.

In rendering the above-mentioned services, a large number of transmitters and antennas are necessary. These transmitters are now operating in the building on the west side of Cantiague Road (the buildings on the east side are not owned by Press Wireless, Inc.)

The signals are sent out into space by the extensive system of antenna wires which are supported by the familiar towers and poles. It might interest the reader to know that the type of electrical energy handled by these wires is of an entirely different nature from the energy carried on the public utility power lines, and would not be lethal in the event of accidental bodily contact.

Our transmitters, and the frequencies used are licensed by the Federal Communications Commission, which U. S. Government agency maintains a constant check on all phases of our operations. The frequencies for which we are

licensed are very much lower than those employed by the television stations and any interference that might occur as a result of Press Wireless operation is not due to our main-wave signals (that is, signals on assigned operating frequencies) arriving at the TV receiver on television channel frequencies. It is emphasized here that a television receiver will admit and reproduce as noise or as a distorted picture many types of electrical impulses sent into the ether. These may emanate from household appliances, other television receivers, diathermy machines, leaking power lines, automobiles ignition systems, and various radio signals transmitted by land, mobile, and aeronautical stations. This is due to various inherent receiver design features and largely to the fact that the television receiver has, as it were, a large open door where its antenna is connected. That is to say, the receiver is not selective. It, for instance, is designed to admit in normal operation a band of frequencies 6,000 kilocycles wide, whereas the inexpensive midget broadcast set admits a band of frequencies ordinarily not more than 10 kilocycles in width; hence the TV set will admit many random electrical impulses which compete with a signal from the television station that is weak as compared with the signal from a standard broadcast station. This is particularly true in areas approaching, in distance, the limits of the "service range" of the TV stations, these being known as "fringe areas." Hicksville is in a fringe area for all metropolitan New York stations.

The technical nature of the subject does not permit full discussion, in this space, of the causes of interference to neighboring TV sets by the Press Wireless transmitters, therefore we publish here a reply by the Engineer in Charge, Federal Communications Commission, to a letter complaining of TV interference by Press Wireless. Interference of this type, however, does not present a hopeless situation and can be cured. We here quote from the letter of the Engineer in Charge:

This Is What FCC Says:

"As a result of your complaint of interference to television reception believed to be caused by the operation of radio point to point transmitters operated by Press Wireless at Hicksville, L. I., N. Y., you are being advised of the findings of a recent survey made by engineers from this office.

Observations were made near homes on Dogwood Lane and Floral Lane, Westbury, L. I. Observations were made with field intensity equipment and communications receivers mounted in a mobile unit capable of making monitoring observations on all television channels. During the time interference was observed on the various channels of the television receivers, the television frequencies were monitored on the communications receivers and no excessive harmonic emissions were observed. Some of these observations were made approximately three thousand feet from the transmitting site of Press Wireless. However, there was considerable interference observed on television receiver screens on all channels as a result of radio frequency energy being transmitted on Press Wireless assigned fundamental frequencies between 20.8 mc and 23.45 mc. Press Wireless utilizes directive array antennas in order to accomplish beam transmissions and are operating transmitters ranging in power from 3 to 50 kw. Press Wireless cannot be held responsible for interference to television reception as a result of radio frequency energy being transmitted on their assigned frequencies entering the intermediate frequency circuits of the television receivers due to inadequate design fea-

tures, such as insufficient shielding and poor intermediate frequency selectivity. This apparent interference is due to insufficient shielding or poor selectivity of the intermediate frequency circuits of the television receivers.

Most television receivers have an intermediate video frequency of 26.4 mc and an intermediate audio frequency of 21.9 mc. This frequency remains the same regardless of which channel is being observed. Interference will be observed on all channels if radio frequency energy being transmitted on Press Wireless assigned frequencies between 20.8 and 23.45 mc enters intermediate frequency circuits of the television receiver.

This technical information is being furnished you since it may be of some assistance should you desire to enlist the services of an engineer with a view of improving the shielding and intermediate frequency selectivity of the television receiver.

Press Wireless has advised this office that they are making every effort to suppress spurious harmonic emissions feasible within the limits of good engineering, and are willing to cooperate to the fullest extent in attenuating or completely eliminating the interference, if such is caused by excessive spurious or harmonic radiation.

Your cooperation in reporting this matter to the Commission is every much appreciated.

Very truly yours,
S/ Walter J. Howell
Acting Engineer in Charge
Federal Communications Commission"

After receipt of this report from the Commission, one of the complainants called in an engineer from the company which manufactured his set. The engineer installed a device known as an m-derived filter in the receiver's intermediate frequency amplifier. It is reported that this cured the trouble in the set, this pointing to a shortcoming in the design of the television set, ostensibly with respect to insufficient shielding against off-channel signals.

Press Wireless is anxious to be of any assistance it can by avoiding television interference in the neighborhood which may be caused by its operations. It is sympathetic with the

desires of the people of the community for good television reception. The Federal Communications Commission prescribes conditions under which the Company shall operate to prevent interference and to accomplish this end Press Wireless utilizes from amongst its employees the best technical skill in the radio field. Every precaution, as far as the state of the art permits, is applied to prevent such interference.

HICKSVILLE — The Junior Red Cross unit of the Nicholai St. School began its activity for the current season by electing the following room representatives: Carol Kelley, Lucille Gruber, Carol Krumenacker, Linda Kulbaba, Robert Muller, Emily Kennedy, Jacqueline Dempsey, Erick Schumacher, Jessica Wettereau, Judy Wycoff, Elaine Brownell, Billy Fink, Carol Sakaris and George Rinne.

Officers for 1949-50 were elected Oct. 6. Robert Muller was chosen for president; Jessica Wettereau is vice-president; Emily Kennedy is treasurer, and Jacqueline Dempsey is secretary.

The group decided to provide an opportunity for Nicholai students to contribute money to help fight polio, and a collection bank was made available in the main hall. Christmas boxes to be sent overseas are being prepared.

Miss Mabel Harris is in charge of the group.

The Nicholai Student Council will sponsor the 4-H Garden Show awards assembly tomorrow (Oct. 20).

Plans are being made for the Halloween Parade and Party on Thursday, October 27.

Annual Luncheon Tomorrow

The annual luncheon sponsored by the Ladies' Aid Society of the Trinity Lutheran Church will be held tomorrow (Thursday) in the church basement on West Nicholai St., Hicksville. The public is invited to the luncheon from 11:30 a. m. to 2:30 p. m.

All home made foods, coffee, tea and desserts will be served. There will be a free-will offering, as no admission will be charged. Mrs. Charles Sharratt and Mrs. Carl Karlson are co-chairmen.

Dan Rohrback, of Elm St., Hicksville, is a patient at Brunswick Hospital, Amityville. He operates a plate glass business on Herzog Pl.

A Hallowe'en party for members of the Hicksville Catholic Daughters has been planned for Monday, Oct. 31, at the K. of C. clubhouse. The ladies will attend in costumes and old clothing.

Motorcade Starts GOP Rally Oct 25

BETHPAGE—A motorcade of surrounding communities will precede an "old fashioned" Republican rally at the Washington St. clubhouse here next Tuesday night, Oct. 25. GOP candidates for election will be present from the town and county. There will be entertainment and refreshments for those attending.

A large committee of the Theodore Roosevelt Republican Club has been named to work on the program. Jack Strong is general chairman and James "Happy" Norman will be master of cere-

monies. Paul Dana and Harvey Nylund are in charge of the motorcade, which may include the life-size Hicksville GOP Club's elephant.

Other committee assignments include John J. Gifford, receptionist; Nick Arceci, music and entertainment; Richard Rabas and Joseph Leo, house; Robert Glasser, Louis Agiasta and Irene Sokolski, publicity; Marie Arceci, May Strong, Mary Campagna, Emma Kassinger, Charles Campaign, and Gus Diebert, refreshments; Rose Maggi and Louis Sisia, new

voters; and Henry Spindler, sergeant-at-arms.

Nick Arceci and his Harmony Rangers will provide the music.

Plans for the rally and motorcade were made at a recent meeting of the club. Among those present were Ernest Franke and Sidney Pally of the Hicksville Club.

Accepted for membership at the meeting were Kurt Fels, Rudolph Grumminger, James Horton, Irene Sokolski, and Michael Kalinyak. Regular meetings are held the 2nd Monday of the month.

Judge Collins Speaks In Jericho

Judge Henry J. A. Collins was the guest speaker at a meeting of the Jericho Parents Assoc. Monday night, Oct. 10, at the Jericho School. Speaking on the topic, "Juvenile Delinquency," he said that the percentage of delinquency has decreased in recent years.

He attributed this decrease to the fine work of the churches, schools and civic organizations. He said that in order to keep the percentage down, these organizations must continue their efforts.

Refreshments were served after the meeting. The next session will be on Nov. 7.

Hostess To Demonstration

Mrs. Ruth Schaeffler of Meadow Lane, Hicksville, was hostess at a House of Regent demonstration held Friday evening, October 14 at her home. Mrs. Mildred Hartig of Hicksville was the demonstrator.

The guests included: Mrs. Edith Borley, Mrs. Katie Bean, Mrs. F. Schaeffler, Mrs. Ann Harmer, Mrs. Charlotte Harvey, Mrs. Olga Heilig, Mrs. Peggy Huttler, Mrs. C. R. Mellish, Mrs. Alice Grether, Mrs. Peggy Auer and Mrs. Helen Schaeffler.

Mrs. Helen Schaeffler was awarded a 26-piece set of silver for having her second follow up party.

The Altar Society of St. Ignatius Church, Hicksville, will hold a meeting tonight (Wednesday) in the Parochial School. The meeting was postponed from last week because of the mission held at the church.

East Street P-TA Hears Traffic Talk

Protection of school crossings near East Street School, Hicksville, was discussed by Deputy Inspector Louis Schneider of the Nassau County Police Department at a meeting of the East Street P-TA Thursday night in the school.

Signs are now in use during school hours in the school area and Inspector Schneider said that he would recommend the painting of white lines at the school crossings.

A film illustrating the proper way to cross a street was shown by Ptl. Edward McCauley.

Councilman Frank Chlumsky announced that he would present a petition to the Oyster Bay Town Board to restrict the speed limit along East St.

It was announced that the P-TA bazaar will be held in the afternoon and evening on Nov. 17 at the school. There will be hand made articles and home made foods on sale. Refreshments will be sold.

Miss Leneth entertained with accordian solos. Refreshments were sold by Mrs. Al Martin and her committee.

The following members will represent the P-TA at the Long Island Conference of Parent-Teacher Association in Lawrence, L. I., today (Wednesday) starting at 8:30 a. m.: Miss Nina Plantz, Mrs. Charles Nygren, Mrs. Clinton Foster and Mrs. Ben Pompa.

Mrs. Fred Kuhne of South Broadway, Hicksville, is a patient at Brunswick Hospital, Amityville.

Successful Democratic Affair

The benefit card party of the Franklin D. Roosevelt Democratic Club held at the Hicksville Legion Hall on October 31 was a social and financial success. Chairman Marie Ramondi reported this week. She wishes to thank all who helped to make it a success. Mrs. William Suppa won a special prize of a ham.

MEET THE LADIES:

Mothers Assist 3 Boy Scouts Units

By **MARY HAUGHEY**
(12th in a Series)

Tending to the material needs of 60 active Boy Scouts in three of the local troops has kept the Hicksville Boy Scout Mothers Auxiliary one of the busiest of local women's organizations for the past 14 years. Mrs. William C. Muhlenbruck, president of the mothers' group, is very enthusiastic in the auxiliary's program and would encourage other Scout mothers to take part in the important work of assisting the Boy Scout program in this community.

Organized in 1935

The Auxiliary has a present membership of 32 mothers, whose sons are Boy Scouts in Troop 64, Explorer Post 64, or Sea Scout Ship 18. It was organized in 1935 to assist both financially and socially the Boy Scouts, to foster civic betterment and to promote scout participation in service to the community. The charter members are: Mrs. Raymond Abrams, Mrs. Gerald Becan, Mrs. Christian Giese, Mrs. John Kerbs, Mrs. Eugene Staehle, Mrs. H. Sailagy, Mrs. Frank Thorman, Mrs. Oscar Berry and the late Mrs. Arthur Cardes.

Mrs. Muhlenbruck first became active in the Auxiliary about 11 years ago, when her son, William, was a Tenderfoot Scout. During the war he served in the European Theater with the Air Force and was a prisoner of war for eight months. He is now married and living in Huntington, but Mrs. Muhlenbruck continues her Scout Auxiliary work and derives just as much pleasure in the club today

Rummage Sale Today

The second day of a two-day rummage sale will be held today (Wednesday) at the Old Parochial School, Broadway, under the auspices of the Altar Society of St. Ignatius Church, Hicksville. Mrs. A. Nerninger and Miss Clara Navrot will be in charge of the sale from 9:30 a. m. to 4 p. m.

as when her own son was a Scout. A resident of this community for 50 years, Mrs. Muhlenbruck attend end the Plainview School. The former Catherine Hoberg, he formerly resided in Brooklyn. Mother of two married daughters, a son, and two younger daughters at home, Mrs. Muhlenbruck goes to business each day, but still finds time to tend to the gardens at her home at 373 Broadway.

Taking an active and sincere interest in all matters that concern her town and home, Mrs. Muhlenbruck is a member of the Hicksville Civic Assoc. and the Ladies' Aid Society of St. Stephen's Lutheran Church. She has been president of the Boy Scout Auxiliary for the past two years.

Funds Aid Activities

The auxiliary's treasury enables the Boy Scout Mothers to fill requests for uniforms, troop flags, American flags, handicraft materials, tents and other supplies needed for the Scouts' frequent camping trips. Each summer at least two Boy Scouts are sent off to camp for a week with all expenses paid by the Auxiliary. The winning scouts are chosen ac-

ording to the number of merits they earn during the year.

Week-end earning trips for the scouts on Labor Day and Decoration Day are also made possible from Auxiliary funds. At Christmas time a big party for the mothers and scouts of the three troops is sponsored by the Auxiliary.

The annual card party in February and the members' dues are the sole sources of revenue for the Auxiliary. Local merchants donate the prizes and the ladies bake home made cakes and fix refreshments. The card party enjoys a large attendance each year and results in enough funds to carry on most of the year's activities. During the war, all former scouts received a small check from the Auxiliary every four months.

Membership is open to any mother of a boy who is at least a Tenderfoot Scout in either Troop 64, Explorer Post 64 or Sea Ship 18. The next meeting will be held next Wednesday night, Oct. 26, in the East Street School.

**Lutheranism Theme
in Bethpage Sunday**

A lecture on "Lutheranism and Europe Today" by the Rev. Walter Daib will be held at St. Paul's Lutheran Church, Bethpage, this Sunday at 7:30 p. m. The congregation and public are invited to attend.

Rev. Daib is a former chaplain in the U. S. Army and a recent representative of the Lutheran Church-Missouri Synod during a tour of northern Germany and the Scandinavian countries and the Lutheran Church of those countries.

Representatives from all the societies of the church are making the arrangements.

Sandra Faith, daughter of Mr. and Mrs. Karl Frey of 34 Swan Lane, Levittown, was christened Sunday, Oct. 9, during the 11 a. m. service at the Trinity Lutheran Church, Hicksville. The Rev. Edward Stammel officiated. The godparents were Walter and Hilda Mahnehe.

Linda Ruth, infant daughter of Mr. and Mrs. Harry Grimmer of 390 Elmora Ave., East Meadow, was christened Sunday, Oct. 9, at the Trinity Lutheran Church, Hicksville. The godparents were Agnes Lange and Peter Grimmer.

MR. AND MRS. SCHUECKMAN
Mr. and Mrs. William Schueckman are now residing in Jericho following their marriage on Sept. 17 at the Trinity Lutheran Church, Hicksville. The bride is the former Miss Dorothy Law, daughter of Mr. and Mrs. John Law of 33rd St., Jericho. The groom is the son of Mr. and Mrs. William Schueckman of Sackett St., Hicksville. (Hallock Photo).

Visits Italy
Charles Robert Bradley, seaman apprentice, USN; of Hicksville, recently visited Venice, Italy, as a crew member aboard the radar picket-type destroyer USS Perry, where he toured the many miles of the city's waterways in a gondola.

Elected Class President
Miss Dorothy Herud of West Ave., Hicksville, was elected president of her class at the Dominican Commercial High School in Jamaica. A graduate of St. Ignatius Parochial School, Hicksville, she is also a member of the Leo Honor Society of the high school.

Miss Gertrude Wetterauer of the Hicksville High School faculty has been elected chairman of the New York State Social Studies Council meeting to be held at the Hotel Statler in February.

Mrs. Rose Wegener was awarded a green pitcher and glasses set as the door prize at the card party held Wednesday night by the Rosary Society of St. Martin of Tours Church, Bethpage. High scorers were Mrs. Henry Spindler, pinochle; Mrs. Kay Daum, buncos, and Mrs. Harry Stolz, 500.

The annual card party sponsored by the Jericho VFW Post will be held this Friday at the Jericho School.

**VFW Auxiliary
Has Two Guests**

A meeting of the William M. Gouss, Jr., VFW Auxiliary of Hicksville was held Thursday night at the courthouse with Mrs. Winifred Fitting presiding.

Mrs. Helen Mathews, assistant to the president of the District 1 VFW Auxiliary, and Mrs. Minnie Riesen, past county commander, were guests of the evening.

The Auxiliary will hold its annual card party on Nov. 5, at the Hicksville Masonic Temple. Mrs. Dorothy Mulligan will be the chairman.

Mrs. Fitting and Mrs. Arthur Arceil represented the auxiliary at a district meeting in Elmhurst on Sunday.

Mrs. Mulligan will be hostess at her home on Twinlawn Ave. for a social meeting on Oct. 27.

Plan Christmas Sale

A meeting of the Dorcas Aid Society of St. Paul's Lutheran Church, Bethpage, was held Thursday, Oct. 13, at the church. Mrs. Harold Steele presided. The annual Christmas sale will be held on Dec. 6 in the church basement.

Mrs. Albert will be the chairman, assisted by Mrs. Lorraine Vail and Mrs. Mary Young. There will be stuffed toys, crocheted handiwork, aprons, plants, pies and cakes on sale. Religious articles will also be offered for sale.

Donations were made to the Lutheran Deaconess Assoc. of Port Wayne, Ind., and from the Lutheran Education Society, Bronxville, N. Y.

Caron Margaret, infant daughter of Mr. and Mrs. James O'Connor of 221 Pershing Ave., Bethpage, was christened Saturday, Oct. 8, at the Trinity Lutheran Church, Hicksville, at 4 p. m. The Rev. Edward Stammel officiated. The godparents were Jay Smith and June Smith.

Mrs. Lillian Taylor of St. Paul's Lutheran Church, Bethpage, attended the October meeting of the Concordia Women's Guild of Long Island held at Our Saviour Lutheran Church, Port Washington. The Rev. Herbert Kern, pastor, presented an illustrated lecture of his auto-trailer mission work throughout the New England States in recent summers.

As a result of Rev. Kern's work, three Lutheran congregations have been organized in defunct churches in New Hampshire and Vermont.

Mrs. Taylor is vice-president of the Concordia Women's Guild, and program chairman.

Michael Barone Takes Bride

Stella Elyse Jacob, daughter of Mr. and Mrs. Charles Jacob of 20 Valley Rd., Levittown, became the bride of Michael James Barone, son of Mr. and Mrs. Michael Barone of 106 Morgan St., Hicksville, Sunday, Oct. 2, at the Levittown Baptist Church.

The bride wore a gown of white satin fashioned with long sleeves and decorated with aged pearls. Her fingertip veil fell from a crown of seed pearls and she carried a cascade of white roses.

Mrs. Lynn Harris of Levittown was the matron of honor. Edward Waldeck of Hicksville, was the best man.

A reception and dinner for 70 guests was held at the American Legion Hall, Hicksville. After a trip to New Mexico, the newlyweds will reside in Fort Worth, Tex., where the groom is stationed with the Army.

Plainedge P-TA Meets

A meeting of the Plainedge P-TA was held Tuesday night, Oct. 11, at the school, with Mrs. George Vesper presiding.

Mrs. Edward Briggs reported on her talk with Nassau County Police officials about protection for school grade crossings. She said that the police will make a survey of the Hicksville Road and Hempstead Turnpike crossing. "However, because the County is growing so fast and many surveys are required, it will be several weeks before an answer will be received," she said.

An open forum on "How to Make Children Become More Interested in Color Schemes and Furnishings of the Home" was led by Mrs. Edwin Hoffman, assisted by Mrs. Rudolph Grimmer, Mrs. B. F. Reinke and Mrs. Briggs.

The Jericho Fire Auxiliary held a meeting Thursday night at the firehouse. Mrs. Everall Halleran reported on the recent rummage sale which was a financial success.

Mrs. Helen Gurle and Mrs. Mildred Podrue were proposed as new members. Birthday gifts were presented to Mrs. Jinny Proffee and Miss Anne Greggo. Mrs. Marion Walsky was the dark horse winner.

Hostesses for the evening were Miss Greggo and Mrs. Mary Davis.

Parking Proposals

(continued from page 1)

acquisition and improvement on Oct. 18 since this recognizes the problems which confront us in Hicksville and the problems which are ahead of us due to new home building.

"The plan of the Town Board to contribute up to 50 per cent of the cost of purchase and improvement of lands for parking comes as good news to the community of Hicksville since it is a well-known fact that many of those who park in Hicksville are non-taxpayers of Hicksville.

"We appreciate the fact that some of the recommendations of the Committee which follow have been the subject of effort by the Town Board and Councilman Chlumsky. However we also believe they deserve repetition here for extra emphasis.

RR Station Plaza Proposition

"1—That the town board devote every possible effort to arrange for the full use of the area between Jerusalem Avenue and Broadway (known as the Station Plaza Area) for commuter and shopping parking. It has been established that by paving and rearrangement of the spaces here, the utility of this field could be about doubled in auto capacity. The proper lighting of this area should also be considered. While it is expected that this field will get a big play from commuters during the week, it will also be of tremendous value to shoppers on Friday nights and Saturdays. ("A" on Map)

"2—That the town board arrange with the County of Nassau for the designation of the 'island' in the middle of West John Street, from Broadway west to Sackett, Wycoff and perhaps beyond as public parking areas. This space is convenient to the station for commuter use and would be used more fully if marked with signs to indicate that it can be utilized by commuters. ("B" on Map)

"3—That the Committee believes that both 1 and 2 can be achieved with a minimum expense and yet provide convenient parking for commuters who now are forced to use such spaces.

"4—That the town board proceed to acquire through the process at its disposal the so-called Kasten property of approximately four acres which runs west of Newbridge Road and parallels the south side of Duffy Avenue. It is hoped that the town board will acquire this parcel before it becomes the site of buildings and construction. It is also hoped that the town will be able to require commuters to use the westerly end of this parcel, leaving the easterly end fronting on Newbridge Road for shoppers. Expense of improvement of the tract could be kept at a minimum for the present by clearing and leveling the ground and covering it with inexpensive cinders. Lighting should also be provided.

"5—That the town board investigate the possibility of acquiring the property between East Marie and East Nicholas Streets on the east side of the Long Island Rail Road for future parking. This would, in effect, enlarge the present Robert Williams Field with only the LIRR slicing through the middle. ("D" on Map)

Suggest Rear of Professional Bldg.

"6—That the town board investigate the possibility of acquiring the property in the rear of the Professional building east of Broadway and south of Barclay Street for both shopper and commuter parking.

"7—That the town board remain alert to acquire the present site of the Nicholas Street School on West Nicholas Street for parking fields if and when the present school building is no longer used for school purposes.

"8—That the town board attempt to acquire title to the property from West Marie Street south to West Nicholas Street, parallel to and behind the stores on the west side of Broadway for a service road to permit rear delivery to those stores and buildings. This road would start on the property between Huetner's and Big Ben on the north and come out between Peter and Wendy Shop and the Oil Service concern on the south.

Call For Parking Meters

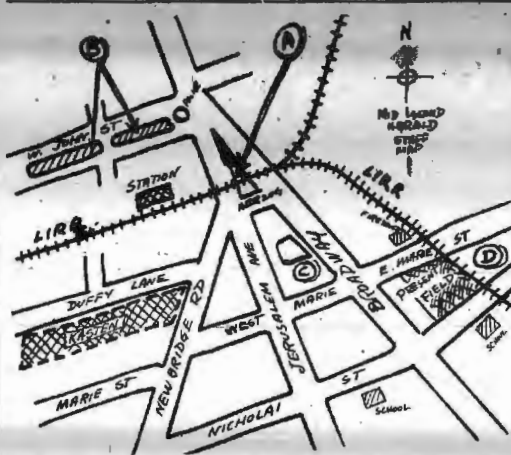

"9—That as soon as possible, coinciding if possible with steps nos. 1, 2 and 3 outlined above, parking meters be installed in Hicksville in the areas where curb space is at a premium. Tentatively suggested, pending further study, are Broadway from the Rail south to Cherry Street; Marie Street from the Rail Road west to Jerusalem Avenue, and Herzog Place.

"10—We also wish at this time to repeat and stress the following recommendations on local parking and traffic conditions which have already been voted individually by some of our respective organizations:

- "I—Installation of stop and go traffic signals at:
 - "a—West Marie Street and Jerusalem Ave.
 - "b—West Marie Street and Newbridge Road.
 - "c—Newbridge Road and Duffy Avenue.

"II—Extension of the parking limit to include the EAST side as well as the WEST side of Jerusalem Avenue between Marie and Nicholas Streets. Further extension to include Jerusalem Avenue down to Herzog Place when arrangements for more off-street facilities have been achieved. (See 1 and 2).

"III—Further designation of areas near the Rail Road Station for bus stops. There are now three busses arriving at this point and application for a franchise for a fourth along Newbridge Road is now before your Board. There is also the possibility of a fifth bus coming in along Broadway from Island Trees. There is only one official bus stop at the depot. The designation of an area on the north side of Herzog Place in front of the new service station has already been recommended to you. This Committee more than a year ago recom-

THIS MAP shows areas recommended for consideration of the Town Board by the Citizens' Advisory Committee on local parking and traffic made last night (Tuesday). "A" is the RR plaza, "B" is the "island" in the middle of John Street, behind the police booth; "C" is the property in the rear of stores but is not available; and "D" is the property across the tracks from the present public field. The location of the Kasten parcel at Newbridge and Duffy can be noted and its relation to the station and business centre. (Herald Staff Map).

recommended also installation of a stop on Newbridge Road (north side) 50 feet west from the corner of Jerusalem Avenue.

Want Taxi Regulation Ordinance

"IV—In the public interest and in the interest of highway safety, we also recommend that efforts be made to regulate the operation of taxi cabs in Hicksville and particularly in the area near the depot. The public deserves the protection of registered drivers, posted fares and rates in the cabs, etc. such as have been established for Port Washington and other progressive communities.

"V—That U-Turns on Broadway be prohibited by local ordinance or State Traffic Commission order, as the law may require, and that the street be posted to give notice of such regulation.

"VI—That the truck loading zone in front of the Professional Building, Broadway, be eliminated as unnecessary.

"VII—That commercial traffic be prohibited by local ordinance from using Underhill Ave. where there are complaints of residents regarding the constant movement of heavy trucks.

Signal Light For Lee Avenue

"VIII—That efforts be made to have a trip-signal light installed at the corner of South Broadway and Lee Avenue, the signal to be activated by traffic coming out of Lee Avenue. Lee Avenue is the main point of entrance for this large new development which has few other exit or entrance points.

"IX—That cooperation of the State be obtained in having Newbridge Road from Old Country Road south widened to handle the vastly increased traffic along here.

"We feel certain that the Town Board is aware of what lies immediately ahead for Hicksville with the plans that the Levitt firm has for home construction within our community. We hope the Board will speed those recommendations into reality without delay."

Legion Membership Drive Goes Strong

HICKSVILLE — Elias Jahour is chairman of arrangements for a Halloween Party to be given for members of the Charles Wagner Legion Post and their friends on Saturday night, Oct. 29, at the clubhouse. All ex-servicemen in the area are being invited to join in the fun.

The post is now conducting its annual membership campaign under the leadership of Bob Beard. Twenty new members have enrolled in recent weeks and all new residents are being urged to become members. Regular Post meetings are held the 1st and 3rd Monday nights.

Present Legionnaires are reminded that 1950 dues were due on October 1.

Kiwanis and Lions To Meet on Nov. 9

HICKSVILLE — The Lions Club will have members of the Kiwanis Club as guests at a joint dinner meeting on Wednesday night, Nov. 9, at the Rainbow Restaurant, according to Lions President Roland Heberer.

Peter Lynch of the county fire marshal's office was guest speaker at a fire prevention week program of the Lions held last Wednesday evening. Chief Daniel Munch was a special guest of the club. Lynch was introduced by Vincent W. Braun, chairman of the fire commissioners.

During the past year, Lynch said, there have been fewer fires which children admitted setting. He believes the fact that mothers are no longer working in war industries and are thus able to take care of their youngsters may be a reason for the decline in juvenile delinquency.

Munch invited the Lions to see the local ramps on parade and inspection on Oct. 22.

Oyster Bay Wacks Comets 27 - 6

OYSTER BAY—The proud and the feared gridiron power it once represented was mutilated in the dust here Saturday, as eleven ground out at 27-6 win. Nearly 600 fans saw the worst defeat a Hicksville team has suffered at the hands of a strictly Class B opponent in over a decade administered by the unbeaten Baymen.

Romps 80 Yards

Causing the Comets considerable pain was fleet-footed half-back Gene Floyd. In the second period he slipped over the left side on a fake reverse which momentarily deployed the Hicksville defense to the right, and romped 80 yards for the first score. He then went wide on an open sweep for the extra point.

Floyd's third period pass interception and 15-yard return set up the second Baymen score, which Ray Gibbons accomplished on a 24-yard run around right end. Meehan passed to Floyd for the 14th point.

The third Oyster Bay touchdown was the personal property of Len Genter. He bulled 15 yards to the Hicksville 25 and followed a 5 yard offside gain with a 16-yard dash to the four. He slammed over on the first play. Meehan passed to Harnosky for the 21st point.

Taking the kickoff on its own 36, Hicksville drove 64 yards for its only score. An Elias Stetz pass to Cyril Rumens gained 28 yards and a George Cheslock pass to Stetz chalked off 11 more to the winners' 28. Cheslock ran for four and Pete Zeiher for 6.

A 15-yard roughing penalty against Oyster Bay put the ball

banner of the Orange and Black once represented was mutilated Oyster Bay's superbly conditioned over Hicksville's pathetic Comets.

on the one, and Stetz threw a short pass to Zeiher for the score. A pass for the extra point failed and the score was 21-6.

Floyd was quick to improve on it for Oyster Bay.

Lou Zirk kicked off to the Oyster Bay 15, where Genter caught the ball. He started to his right but handed off to Floyd, who ran up the sideline 85 yards to another touchdown. That made it the 27-6 final.

First Quarter Team

Hicksville was a first quarter team, and after Floyd escaped with his 80-yard run in the second period, the Comets were through.

With Cheslock doing the running and a 14-yard pass from Stetz to Zeiher thrown in, Hicksville moved from its own 35 to the Oyster Bay 20 in the opening minutes, before losing on downs.

After that the best advance was to the Oyster Bay 45, until the scoring drive came with the scoreboard showing 21 points against six minutes left.

Sound Off . . .

O. K., you guys of 3211, it's time to FALL IN for five minutes and hear the latest from the old sarge. The last meeting was really an enjoyable one after we finally got underway. One comrade (initials J. H.), a mail carrier, must have gotten lost between the church and temple, because at 10 p. m. he strolled in very calm, cool and collective. Everyone at the meeting seemed wide awake and in spite of the late hour, acted very much like Eager Beavers. Speaking of Eager Beavers, did you hear about our good friend and comrade Al Wangenheim? It seems that he was given a poster advertising the auto races and not having any other place to display it, he stuck it on his car. A mighty fine piece, indeed, but, while riding along the Northern State Parkway, the State Trooper didn't agree with him—and he was flagged over to the side and told to take it off. Needless to say our comrade complied—immediately.

When the discussion came up as to just who the old sarge . . . is, I must say that our Commander took it like a good soldier . . . nice work, Al

Looking about the meeting room and glancing over the faces present, I noticed that our ever faithful and loyal comrade Frank Sutter was the only one of the World War I vets present. If some of Frank's buddies would come out and work as hard as he does, we would really have a fine organization. Frank and his committee on the auto races did a marvelous job and deserve the highest of praises. It couldn't have been placed in better hands.

Say, did you fellows see the Post Historian's—Comrade Frank Hallett's—book on the activities and duties of our Post 3211? It is really done up on grand style, and if you haven't seen it as yet, you are in for a real thrill. Comrade Hallett is bringing to life at last this much neglected office. Good work. Speaking of work, don't forget, fellows, that our Ladies' Auxiliary are have in a card party Nov. 5, in the Masonic Temple, and I'm sure that anything we might do, individually or collectively, for them will be greatly appreciated.

Let's see, I believe Lesson 3 is due on how to bust up a VFW post. Here 'til: "Do nothing more than is absolutely necessary to make the Post a success. But when others roll up their sleeves and devote time and money to the organization, howl like the devil about the post being run by a clique."

That's it—so FALL OUT.

THE OLD SARGE.

—Town Budget

(continued from page 1)
The town highway budget for 1950 also reflects the town growth with miles and miles of new streets. The budget calls for \$406,000.36 as compared with \$256,630.06 for 1948. The highway rate will be 39 cents compared with 27 cents per \$100 this year.
Eighteen years ago the various department heads of the town government took a voluntary pay cut. At the lowest point the pay for the department heads was \$4,500 a year. During the years since there have been small increases. Supervisor Tappen explained, but the pay remained below the \$6,000 pay scale of 1931. The proposed budget restores the salaries for department heads to where it was 18 years ago, allowing an increase for

Last Date to Sign for Adult Courses

HICKSVILLE — Adults will have a final additional opportunity to register for a variety of courses of study at the high school tomorrow (Thursday) night between 7 and 9 p. m., it was announced Monday by Elsey H. Bean, director of the program. Classes are scheduled to begin next week.
Initial registration has been "good," with 186 persons signed up for 188 sessions, as compared with an enrollment of 114 persons

last year.
Invites Other Areas
Residents of Island Trees, Bethpage, Jericho and vicinity are also being encouraged to register and fill-out some of the classes which lack the minimum of 12 persons for each subject. Registration fee is \$2 per course with the exception of Americanism, for which no fee is charged, and \$3 for auto driving. The program is sponsored by the Board of Education.

Seven openings remain in the auto driving course, which is one of the most popular with the women.
There are also openings in woodworking, metal working and leather working in the high school shop," Dr. Bean said.
"The art courses need a few more students, as do contract bridge and social dancing. Public speaking, journalism and creative writing are also worth considering.
"There has been a request for a radio course. A fine instructor has been obtained to teach radio from elementary to television. Another expert is available for photography.
"The general education course with guided tours is expected to prove interesting, with emphasis upon your community and government. All of the 'home' courses such as drapery making, canning of chairs, upholstery, etc., will be forth while."

—Press Wireless

(continued from page 1)
questing ouster of the installations on both sides of Cantiague Road.
Two petitions have been handed to the town fathers. One last April, charges that Press Wireless installations and buildings are "illegal," and a second, filed in June, requests ouster of Jefferson Standard, an insurance firm which acquired the manufacturing plant and some acreage in June, 1948, because its structures "violate the building zone ordinance of the township."
The Civic Association entered the picture in April, when it asked the town board to make "an exhaustive study of the claims of the petitioners" and to "take such action as may be warranted."
The first petitions were circulated community-wide.
Quote FCC Official
The Press Wireless statement is the first issued by the firm since the Cantiague Rd. agitation began. It quotes a letter from the Federal Communications Commission, which states bluntly: "Press Wireless cannot be held responsible for interference to television reception as a result of radio frequency energy being transmitted on their assigned frequencies."
There is a strong inference in the statement that some complaints of TV interference may be due to "shortcomings in the design of the television set, with respect to insufficient shielding against off-channel signals."
The hearing tomorrow (Thursday) night is made, according to PW, at the request of the U. S. Air Force "in furtherance of its national defense." Antennae are required to be in circuits for the Air Force claimed.

In Our Opinion:

Grumman Building Rockets?

THE CURRENT ISSUE of Newsweek carries a full-color front page cover picture of Admiral Denfield, chief of Naval Operations.

What makes the picture of special interest for mid-Islanders is the plastic-base mounted model the Admiral is pictured holding in his hands. It appears to be a slender tube with projecting short wings and a tail or rudder. On the rudder is the famous insignia of Grumman Aircraft Engineering Corp. at Bethpage.

It doesn't look like any kind of a Grumman plane we've ever seen. There is no cockpit. It looks like the generally accepted version of a guided missile.

Newsweek has a circulation of over 700,000, so the picture is no secret today.
