## BMA to Bring Santa Here Dec 3

**HICKSVILLE**—Santa Claus is coming to Hicksville on Saturday morning, Dec. 3, and the Business Men's Association Inc. is making plans to welcome him with a parade and great celebration starting at 10 o'clock. The BMA Christmas electrical street decorations on Broadway are scheduled to go into operation on the same day.

Arrangements for Santa's grand arrival, with gifts for all boys and girls on hand for the event, were discussed at the BMA meeting held Thursday night at the Rainbow Restaurant. It is hoped to make the program even bigger than the demonstration which took place before Christmas last year.

### To Distribute Gifts

More than 1,000 boxes of candies are being packed by the BMA for youngsters who turn out to welcome Santa. President Charles Schwartz said Santa will be in all BMA stores several days each week thereafter.

The Hicksville stores will remain open until 9 evenings before Christmas starting on Friday night, December 9, it was also announced at the meeting.

This week Benjamin Smith, chairman in charge, announced the Hicksville Civic Association 20-

Coming to Hicksville

**PLAINVIEW**—A special meeting of the qualified voters of Plainview School District to vote upon the question of merger of their district with Hicksville will be held here on Friday night, December 16. However, a special meeting will first take place on Friday night, December 2, to "further discuss the question and consider costs of proposed local building sites and construction of a local elementary school.

The twin-decision was made last Friday night at a special district meeting. William Schwarz, School Board president, at the opening of the session described the meeting as a roundtable discussion. He reported upon conversations and meetings with Dr. E. H. LeBaron, Hicksville school superintendent, and John W. Chisholm, district superintendent. Chisholm was present at the meeting.

### At Saturation Point

"We feel," Schwarz reported for the Board, "that we cannot go along as we have been. We have no facilities to educate children who are moving in right now. Our school has reached the saturation point."

He explained Hicksville can accommodate 15 more Plainview pupils in East Street School before being obliged to open a new classroom. Seventy-three Plainview students are now in Hicksville schools. The first pupil from the new Briar Park homes, he added, was expected to report for school last Monday and before June, 1950 there will be another 45 children in the district.

"The people of this district have been very lax," Schwarz continued, "in providing educational facilities. We've got to do something. We can't hope things will get better."

"Even if we did build a school, we still would not be providing for

## No Adult Courses Wednesday Night

**HICKSVILLE**—No adult education courses will be given tonight (Wednesday) at the high school because of the Thanksgiving holiday, it was announced yesterday by Elery Bean, director.

A full enrollment of students for the second sessions in automobile driving has been obtained, Bean added, with 48 registered for the new series of courses. The first series also numbered 48 students, mostly women.

He regretted that it was found impossible to accommodate about 24 adults who finished the first course and wanted to take repeat series immediately.

Plans for registration of the second term in other subjects, during the first part of January, are now being made. Any adults of the area who desire a special course of training are invited to communicate with Bean. They must provide a minimum enrollment of 12 students, however, before an instructor can be assigned.

## Glasfloss Sues For 9 Million

**NEW YORK**—A nine million dollar anti-trust suit against the Owens-Corning Fiberglas Corp. of Toledo has been brought by Glasfloss Corp. of Stratford, Conn. The action was filed in Federal Court here. Glasfloss has a manufacturing plant on New South Road, Hicksville.

## PSC Gets Broadway Bus Franchise Plea

**HEMPSTEAD**—Application has been made by the Levittown Bus Corp. for a franchise to operate bus service along South Broadway, Hicksville, from the Rail Road station south to the Miller Homes section at Island Trees, it was learned last night.

Almost 1,200 persons in Hicksville and Island Trees have signed petitions to the Public Service Commission asking for such service. In addition, most local civic organizations have gone on record in favor of such a schedule which would serve hundreds of new homes as well as industries along the route, including Glasfloss and Grumman's.

## Crossing Gates Delay Firemen

**HICKSVILLE**—A fire truck was delayed at the E. Marie St. grade crossing of the LIRR eight minutes last Wednesday evening until the gates were raised to permit motor vehicles to pass, it was claimed this week. The truck was on its way to a grass fire on Bethpage Rd. and has just rolled out of the firehouse when the gates went down.

An official of the fire department, remonstrating with the crossing watchman, pointed out the serious consequences which may have resulted if the alarm had been more serious. Badly needed fire apparatus and fire fighters could have been prevented from reaching the scene at a time when their services are needed most, he said.

Experience has shown that the action taken by vamps during the first few minutes after a fire starts may well determine the extent of the damage.

The Mid-Island Herald pointed out last week that blockading of crossings in Hicksville by the passage of trains and trolleys near the depot has increasingly snarled traffic and is menacing life and property.

Police Inspector Louis Schneider, speaking at the Civic and Community Assoc. meeting Wednesday night, pointed out that it is against the law for a crossing to be blockaded by a train for more than five minutes.

## Contests Loom For Dec. 6 Vote

Contests for special district commissioners in Hicksville, Bethpage, Plainview, and other mid-Island communities are in the offing for Tuesday night, Dec. 6. All qualified resident voters may vote for Fire Commissioners, but only resident property owners may cast ballots for Water Commissioners.

Voting hours in most cases are between 7 and 10 o'clock in the evening at the local firehouse (at school in Plainview for water officials), and candidates must file petitions, signed by 25 qualified voters, about a week prior to the election to obtain a place on the printed ballots.

### Hicksville Contest

Vincent W. Braun, Sr., incumbent finishing a three-year term, is a candidate for reelection as a fire commissioner of Hicksville District. The present chairman of the board, he is an ex-chief of the department.

Braun is opposed by William A.

## Church Collects For Foreign News

**HICKSVILLE**—A Thanksgiving clothing and soap collection is being conducted at St. Ignatius R. C. Church this week for the needy and homeless in Europe, the near and far East. The old Parochial School on Broadway is being used as a collection depot for old clothing, shoes and soap.

## Firemen May Consider Purchase Of Land for Future Tournaments

**HICKSVILLE**—A special committee of the fire department has been named to study the possibility of purchasing local property for use in the future for the annual Labor Day tournament, it was learned this week. Former Chief John Leckie is chairman of the committee.

The decision to look into available tracts was made at the recent department meeting, when the final report of Fred Masters, Sr., this year's tournament chairman, was received and accepted with a rising vote of thanks. In recent years the firemen have

had to find a new tournament racing course each year, as formerly available streets became the site of new homes.

The committee consists of a member of each fire company and will report upon the completion of its studies, according to Chief Daniel Munch.

MEET THE LADIES:

# Plainview Fire Ladies Began in 1933

By MARY HAUGHEY  
(17th in a Series)

It was an eventful day for the ladies of the Plainview Fire Department when they won a trophy for a best appearing auxiliary in the Hicksville Labor Day parade this year. It was the first public appearance for the auxiliary as this was the first year the group had uniforms and the trophy was their first award. Although the men of the department good-naturedly tease about all the fussing made over the ladies' trophy, it now stands, the most admired of all among the other awards taken in past years by the men.

**President Three Times**

Mrs. Fred Baumeister, president of the auxiliary, recalls with pride the auxiliary's debut in parading and looks forward to many more parades at tournaments with the firemen next year. Mrs. Baumeister has held the office of president three times during the past 16 years of the organization's existence.

"The pleasure the women of our small group take in cooperating with any of the affairs or projects planned would be heart-warming to any club president," Mrs. Baumeister said. "We only have a membership of about 30 women, yet all of them come out for such meetings."

Formerly of Lindenhurst, Mrs. Baumeister has been living in Plainview for 18 years. Her husband was born in Plainview and has been with the fire department for 17 years. He's now employed at Liberty Aircraft in Farmingdale. They live on Grohman Lane with their three children, Carol, who is one of the twirlers with the band at Hicksville High School, 4-year-old Robert, and Linda, who is two years old.

Naturally interested in affairs relative to her home and family, Mrs. Baumeister has joined the Plainview Civic Assoc. and is also a member of the Mannoletto Hill Parent-Teacher Assoc.

HELEN BAUMEISTER  
(Hallock Photo)

Mrs. B. A. Sattig of Central Ave. organized the auxiliary in 1933 and was its first president. The first meeting was held at her home and for many years, until the present firehouse was built, meetings were held at the members' homes. Present for that first meeting were Mrs. Fred Ruddershausen, Mrs. Josephine Majer, Mrs. Elsie Schwarz, Mrs. Lena Ruel and Mrs. Louis Fleischer.

Ladies Equip Kitchen  
After the firehouse was completed in 1941, the auxiliary completely equipped its kitchen with a stove, linoleum, dishes, silverware and other essentials. Funds were raised for the project by card parties. The auxiliary's financial aid also helped make possible the burning of the mortgage ceremony which was held last month.

Such assistance to the department is made from proceeds of the annual card parties. During the past year several parties have

been held to help defray expenses of the ladies' new uniforms. At each card party there is usually a table of home made cakes and hand made articles for sale.

"Each member most willingly either bakes a cake or donates a piece of her handiwork for the sale, besides giving her time to work the night of the card party," Mrs. Baumeister said. "They're a wonderful group and deserve a lot of individual credit for all that we accomplish during the year."

The annual dinner party held in the firehouse and to which the firemen are invited guests is one of the big social affairs of the year. There is also the annual theatre party to New York for a Broadway show and dinner, the Christmas party in December, and in January a Capenle Friend party (continued on page 11)

**OUT-OF-SIGHT**  
doesn't have to mean  
out-of-mind

**How to telephone out-of-town at bargain rates:**

First, use the fast, low-cost Station-to-Station service — which means you will talk to anyone who answers your call. Secondly, take advantage of low night and Sunday rates, generally in effect after 6 p. m. to 4:30 a. m. weekdays and all day Sunday.

Keep up friendships with out-of-town folks — and have a wonderful time doing it — by calling them long-distance. You can call at regular intervals or enjoy the extra thrill of "surprise" calls.

This is a big country, and many of your friends take out-of-town jobs or move for other reasons. But out-of-town needn't mean out-of-mind — you don't have to let warm friendships grow cold.

Make a note of people you'd like to talk with — and start calling them tonight. Long-distance calls go through quickly — and a look below will show you how little it costs.

STAY MAKE A LANDING near anyone you know? Even if they are out-of-town you can congratulate the proud parents by telephone. They'll appreciate your call heartily.

ARE YOU BARRIED recently — five years today? Call home and congratulate them. An out-of-town call from you will be something they'll be talking about for days.

### 2 Run in Bethpage

There are two candidates in the race for Bethpage Fire Commissioner, seeking to fill a five-year term. The incumbent, John Westby, is not expected to seek reelection.

Fire Chief Edmund Thorne, completing his second term, is seeking the commissioner position and is said to have strong backing among members of the fire department. He is an insurance claim agent for American Fire Insurance.

John J. Gifford of 598 Bway, resident of Bethpage for 25 years, claims the endorsement of Westby on his petition for a place on the ballot. Gifford has been a clerk of the school district and a member of the Board of Education.

Since 1941 Gifford has been an administrative assistant in Gramman's Personnel Department.

### Plainview Candidate

Thomas J. Duffy of Round Swamp Rd., Old Bethpage, is seeking election for a three-year term as a commissioner of Plainview Water Commissioner. The term of Frank Pavlicek expires this time. Duffy was an unsuccessful candidate a year ago, when Pavlicek was elected to fill an unexpired term.

Duffy is past president of the Old Bethpage Civic Assoc. and has served two terms on the School Board. Old Bethpage is within the Plainview Water District.

## Knights Scholarship Closing Date Dec. 1

The local council has application forms. Examination centers will be in Mineola and Rockville Centre and each scholarship entitles the winner to \$400 a year for four years.

## Deny Variance For Gas Station

OYSTER BAY — Josephine Sidoti of Old Country Rd., Plainview, was denied a variance to install an additional tank and pump to the present gas station on Old Country Rd. east of Belmont Ave. by the Zoning Board of Appeals at a meeting Thursday night.

The Board held over the case of Mark Madden of 8 Lewis St., Hicksville, who requested a variance to build an addition to his gas station at the corner of Woodbury Rd. and Park Ave., Hicksville. The case was held over until the next Board meeting on Dec. 1.

Peter Abramowski of 70 Jerusalem Ave., Hicksville, was granted a variance to use the northeast corner of Central and Walter Aves., Hicksville, with less area than the ordinance allows. The Board also approved of the request for a variance by Concetta Simoes of 88 Ellen St., Bethpage, who plans to build an addition to the rear of the present non-conforming two-car garage.

A Herald Want-Ad can do a job for you.

It is not known as yet if Pavlicek will be a candidate for reelection, since he has not announced his intentions.

# Sound Off . . .

I was indeed sorry to learn that the majority of voters on Election Day gave their approval to do away with the ten point preference for disabled veterans in reference to Civil Service jobs. A guy who fought in the WW and came back with all his faculties can make his way in the world insofar as a job is concerned, but when a guy comes home from war physically disabled, he certainly deserves preference, especially when his livelihood is at stake. You very seldom hear of a disabled vet going around begging for aid because most of those fellows, in spite of their handicaps, have plenty of ambition and guts. I heard of a case recently where a disabled World War vet devised a procedure that mechanized a former manual operation at a New England casket and box mfg. firm and because of this new idea their production jumped 400 per cent. The veteran, James Day, of Milford, N. H., lost his right hand, right eye, two fingers of his left hand and most of his hearing when a German hand grenade exploded & he picked it up to deactivate it. This fellow is only one example of the fine type and character of the swell bunch of guys we call disabled vets. They have conquered obstacles before and will certainly survive this one.

While a great many of you fellows will be enjoying turkey, chicken or your favorite dish on Thanksgiving Day, our good friend Garrett Mortensen should be having a delicious venison steak dinner because this past week he has been to the Pocomo hunting for the biggest and best deer in existence. Have any luck Garrett?

This past week someone in the office handed me a leaflet entitled "The Value of a Smile." I don't know why, but maybe it was because they knew I was an old sarge in the Army. Anyway it had some pretty good stuff in it, so I'm passing it along. A SMILE COSTS nothing, but creates much. IT ENRICHES those who receive without impoverishing those who give. IT HAPPENS in a flash and the memory of it sometimes lasts forever. NONE are so rich they can get along without it, and none so poor but are richer for its benefits. IT CREATES happiness in the home, fosters good will in business, and is the counter-agent of friends. IT IS REST to the weary, DAYLIGHT to the discouraged. SUNSHINE to the sad, and NATURE'S BEST ANTIDOTE for trouble. YET IS CANNOT be bought, begged, borrowed, or stolen, for it is something that is no earthly good to anybody until it is given away.

I wish all you guys and gals a very Happy Thanksgiving, and may it be the best one ever. At least this year I'll get some white meat from the turkey, because in the Army all I ever got was the neck and the part that went over the fence last. I guess a lot of you fellows can say AMEN to that.

THE OLD SARGE.

the secondary education of our children . . . and it will be a long time before Plainview can afford a high school."

John G. Herbes, another board member asserted "there are over 100 empty houses in the district right now which will be occupied by February 1."

**One Site Withdrawn**

Anthony Ocker Jr. was elected chairman of the special meeting. He reported that the Building Site Committee had information on two possible school locations but that one had since been withdrawn. Richard Bergman, owner of one site, confirmed this. No costs were stated.

It was forecast at the meeting that a large building development is being considered for the west side of South Oyster Bay Road in the Hicksville District. Further, that Hicksville is planning its educational future with an anticipated 3,700 Levitt houses and other developments and may soon have to refuse additional Plainview pupils.

George Ohrtmann offered the motion to hold a vote on December 16 so that final expression of district opinion could be obtained. After some discussion, the motion was carried.

If Plainview votes favorably upon a merger, it will still be necessary to get an expression of opinion by vote in Hicksville.

### Estimate Population Of Hicksville 12,000

**HICKSVILLE**—The growth of this community in the past three years is reflected in the fact that there are now 2,800 metered services of the water district, a 100 per cent increase in that span of time.

Since each service represents a household (and also includes commercial and industrial users) it is approximated that there are some 3300 dwellings in the community and placing 2.7 persons in each dwelling brings Hicksville population today above 12,000.

**Barn Dance Success**

The first barn dance sponsored by the Hicksville Girl Scout Auxiliary Saturday night, Nov. 19, in the Legion clubhouse, was a social and financial success, according to the committee. Turkeys were awarded during the evening to Miss Dolly Sauers of Amityville and Mrs. Grosse of 81 Harrison Ave., Hicksville. Mr. A. Muench of 17 Kroemer St., Hicksville, was awarded a bottle of liquor as the door prize.

A meeting of the auxiliary will be held on Tuesday, Nov. 29, at the home of Mrs. Anton Morschner, 2 Howard St.

# Many Reserve Book Week Exhibit

HICKSVILLE—An exhibit of about 800 books for young people held during Book Week at the Public Library was enthusiastically received by local school children from the kindergarten to tenth grade classes. Reading diplomas earned by the boys and girls who read 10 books during the summer were awarded during Book Week.

"The most outstanding feature of the week was the young people's interest in the new books," Mrs. Cecil said. "We have from 500 to 1,000 requested reserves on them."

"The children crowded into the Children's Reading Room for the exhibit during the school lunch hour and after school," she said. "In the evenings, the parents were just as interested and spent much of their time looking over the books their children will read."

### Group Visitation

Group visits were made to the Library by the following classes from Nicholas St. School: Miss Bertalotti's third grade, Miss Miller's 4th grade, Mrs. Feldman kindergarten, Mrs. Gross' 3rd grade, Mrs. Krimp's 2nd grade, Mrs. Miller's 4th grade, Mrs. O'Donnell's 1st grade and Mrs. Talbot's 5th grade.

## In Our Opinion:

# Youth Programs Require Adult Aid

AROUND THIS TIME of year the subject of a "Youth Centre" usually works its way into the news-columns. Young people, desiring a place they can call their own and develop their own individual brands of fun and enjoyment, are inclined to beef about the absence of such facilities.

And some adults, who are perhaps a little overfond of complaining but short in performance, also get into the picture and say "why don't you start something in the paper to provide our town with a youth centre?"

Our favorite answer is to the effect that we like the youth centre idea as much as anyone else but don't believe it is practical. We point out that Hicksville — and every other town — is short-handed when it comes to finding adults willing to assist any program beyond the front porch of their own home.

And we have concrete evidence of just how scarce such support can be in the case of the Hicksville Police Boys Club. Harold Manasse Sr., president of the sponsoring adult group for the PBC, is getting to be a discouraged man. At the moment the PBC is trying to raise funds

to finance a basketball league for local boys 10 to 13 years of age. Actually, the PBC is interested in boys from 10 to 18, but a recent survey showed that 80 per cent of the interested Hicksville youngsters fall in the 10 to 13 age groups.

In an effort to raise money, the PBC has been peddling chances on a couple of bicycles. Returns have thus far been disappointing.

The prizes will be awarded at a public drawing on November 30 which is just about a week off. If you want to help this program and at the same time get the opportunity to win a fine bicycle for your son or daughter (for Christmas, maybe?) we have books at the HERALD office.

But so much for the financial support. It is in the field of volunteering time and effort that the picture gets black indeed. The same experience is encountered by almost every other youth organization in this community — Boy Scouts, Girl Scouts, etc., all need adult leaders and advisors.

So we ask you: How can it be possible to provide and maintain a Youth Centre — which would be a new kind of endeavor yet would in some respects duplicate the programs of already established groups — if the present organizations are unable to whip up enough support, physically and financially?

## Shop Early, Shop at Home

SAVE YOURSELF from frantic, last-minute crowd-bucking by doing your Christmas shopping early. If you're sending a present to someone who lives out of town, wrap the package securely and address it plainly. To be sure it reaches its destination by Christmas, send it before December 10th.

And when you shop, shop at home. Hicksville merchants can give you just as good value, better service and quality merchandise.

And may we suggest you trade with your home town merchants all the year round? Maybe you never thought about it this way, but local business people help provide schools and maintain other institutions because they pay local taxes. They provide local employment and through their contributions 12 months of the year support our various charities and civic and fraternal affairs.
