Concert Membership Drive Starts Monday

A dinner meeting of more than 100 volunteers will open the Hicksville Community Concerts Association membership campaign in the mid-island area next Monday night, Jan. 24. For the next six days a community-wide drive to enroll 800 adult members at \$5 each (plus \$1 federal tax) and student members at \$3 including tax, will be under way.

Captains have been named to lead the efforts of 100 volunteers who will seek to obtain the memberships before the drive ends at 6 o'clock Saturday night.

Wide Area Invited

Levittown, Bethpage, Jericho, Westbury, Plainview, Hicksville and vicinity are represented on the Board of Directors of the Association and have loyal captains andunteers. The membership goal is fixed by the seating capacity of Hicksville High School.

A membership, according to Miss Harriet Spink, who is president of the Concert Association and director of music in Hicksville schools, entitles the subscriber to attend the three concerts a season. (See editorial on page four.)

Hazel L. MacPherson is campaign director and headquarters will be established in the showroom of Eisemann Motors on West Marie Street. Mrs. William Botto is in charge of the office volunteers.

Captains of the campaign are Norman Seip of Harrow Lane, Levittown; Mrs. Mildred Morsell, Bethpage; Mrs. Martin Halleran, Jericho; Mrs. Roy Tatem, Newton Avenue, Westbury; and the following from Hicksville; which has been zoned; Mrs. Charles Hodges, Harding Avenue; Mrs. Arthur Ferro, East Street; (Continued on Page Four)

Knights To Honor Charter Members

The silver jubilee celebration of the Joseph Barry Council, Knights of Columbus, is in full swing this week with an Old Timers' Night and Supper tomorrow (Thursday) night at the East John Street Clubhouse and a Grand Finale and Buffet Supper for members and their ladies set for Saturday.

About 150 members and their guests attended the breakfast served in the Parochial School, Sunday morning, by members of the Court Queen of Angels, Catholic Daughters, following corporate communion at St. Ignatius R. C. Church. Dermot Dunne of Locust Valley presided at the breakfast, during which the Rev. George M. Bittermann, pastor, lauded the Council for its invaluable help and assistance in affairs of the parish over the quarter century.

List Charter Members

Charter members of the Council who will be honored at the program tomorrow night, directed by John A. Dooley, include F. J. Allgeier, Jr., Edward Barry, Clarence Braun, Fred. (Continued on Page Four)

VINCENT W. BRAUN

Chairman of the Board of Hicksville Fire Commissioners for the current year, Braun is a former chief of the department. He has the unique distinction of presiding over the board of which his father, William, is also a commissioner.

Histories Ready For Subscribers

Copies of the 52-page "Hicksville Story," a history of the community covering the 300 years since the Rouver Williams Purchase in 1648, are scheduled for distribution starting this week. Delivery of the printed books to the office of the Mid-Island Herald at 162 Broadway, Hicksville, is promised by the printer for today (Wednesday).

Subscribers, including patrons of the Tercentennial celebration, may claim their copies by presenting their receipts at the Herald office. The deluxe, hard-cover editions will not be ready for several weeks. A limited number of copies will be available for sale in both the regular and de luxe editions, priced at \$1 and \$1.75.

VFW To Celebrate 50th Anniversary

Members of the William M. Gouse, Jr., VFW Post of Hicksville will observe the national 50th anniversary of Veterans of Foreign Wars with a dinner dance on February 12 at the Five Corners Restaurant, Bethpage. Garrett Korfitzen is in charge of arrangements.

Focus Zone Revision Study On Town Area South Of Turnpike

Revision of land zoning in Oyster Bay Township to keep abreast of changing trends and growth is expected to be focused upon the unincorporated portion of the town south of Jericho Turnpike. It is this area that is experiencing the greatest development and providing the majority of the recurring demands for zone changes, town officials explain.

The initial step in the modernization of the town's zoning was undertaken during the week at a conference of town councilmen, the board of zoning appeals, attorneys, officials of the building department and the citizen's advisory committee on zone revision held in Oyster Bay Town Hall.

It was the first session held with John M. Muddeman & Associates, zoning consultant of Stony Brook, who have been engaged by the town to make studies and recommendations. Also present besides Town Attorney Theodore V. Summers of Syosset was Robert Richter, attorney engaged to draw up the anticipated changes in the code.

Crystallize Thinking

Councilman Frank Chlunsky described the conference as a meeting to "crystallize efforts" of the various groups and units concerned. The Muddeman firm is expected to start its work immediately with the preparation of a base map and studies of present-day land uses.

The town's program is expected to dovetail with a project among incorporated villages in the north section of the township, since Muddeman has been retained by the Association of Villages which has already launched general planning studies of municipalities in that area.

BIRD NAMES MARK MILLSHIRE PK. STREETS

The names of birds have been set to the 15 streets in the 69.5 acre Millshire Park development of Island Trees, locally known as the "Miller Homes" section.

The Herald will publish other lists of the street names of new developments from time to time. Older residents find it difficult to locate addresses with so many new streets established in recent months. Millshire Park names include: Oriole, Cardinal, Wren, Hawk, Loon, Martin, Mallard, Lark, Condor, Crane, Swan, Owl and Robin.

ship will be given the fullest opportunity to study and be heard on any revisions in zoning which may be proposed, authorities promise. It is expected the piece-meal revision of sections where changes are deemed advisable will be submitted to public hearings.

Ernest Francke, member of the board of zoning appeals, and Henry G. Eisenmann, chairman of the citizen's advisory committee, were among the Hicksville residents present at the initial conference.

THE MACHINERY in the potato washing plant of Produce Growers Inc., of Miller Road, Hicksville, has been idle since the start of the new year when the supply of produce for the operation was exhausted. In nearly four months of production approximately 19 million pounds of potatoes were washed. Here Peter J. Klein, Hempstead grower (hatless) with the Danislowich brothers of Calverton, examines the washed spuds going up the elevator into the drying chamber. The picture was taken shortly after the operation started in August. The quarter-million dollar plant will resume work with the next local crop, probably in July. (Bowman & Brown Photo)

PSC Hearing on Hike in Phone Rates Starts

Dear Jean . . .

If you are a graduate of St. Ignatius Parochial School, Hicksville, I'm sure you'll be interested in the Pilgrimage Fund for SISTER ROSARITA, SISTER IRMENGARD and SISTER ROSE CONCEPTA which is now under way. A fund is being raised by former pupils of the three nuns who were transferred to Brooklyn in September, after about 35 years of teaching in Hicksville. The fund will enable the sisters to make a trip to one of the shrines in Canada, Mexico or some other shrine. The trip will be a gift from the children of St. Ignatius Parish "in appreciation of long and patient service." Envelopes should be returned to the rectory before February 15. . . . Regent exams start at the high school on Monday and continue during the week. . . .

Welcome to these new neighbors in Hicksville in their new homes: MR. and MRS. JAMES SKELLY and baby daughter, from Jamaica. . . . MR. and MRS. JOSEPH RAKOWSKI and their baby daughter, from Brooklyn. . . . MR. and MRS. LOUIS FIORE and their two daughters and two sons here from Brooklyn; MR. and MRS. LOUIS BRAUN and son and daughter, from Woodmere; and MR. and MRS. ANDREW GUAIRGLIO and baby son, from Brooklyn. . . .

EDWARD KAREN of Grove Street, Hicksville, was installed Saturday night as commodore of the Seaford Harbor Yacht Club. HAROLD HOLDER is rear commodore. Creation of a yacht basin on the bay side at Tobay Beach is one of the major current ambitions of the club this year. . . . SIDNEY VOLK is now treasurer of Hicksville School District. He succeeds CHARLES COLTHURST, who held the office for more than a score of years.

We made our share of boners last week and kind friends have offered many fine suggestions which we are attempting to put into effect as soon as practical. . . . MRS. SARAH HUETTNER has been named chairman of disaster relief for Hicksville Red Cross, according to MRS. JANET MAGILL, branch chairman. The disaster set-up was under the leadership of F. N. TALIAPERO until he relinquished it due to illness. His initial plan, by the way, was widely accepted as a model by other Nassau communities back in the early days of the national emergency. . . . JACK BRANDT of Fourth Street, Hicksville, who is town highway superintendent, flies tomorrow (Thursday) to Columbus, Ohio, where he will speak before the Ohio State Association of Towns. JACK is president of the Town Highway Superintendents of New York State this year. He is expected back Saturday. . . . Marriages in the township numbered 217 in 1948. The peak of 348 was hit in 1946, dropping to 251 in 1947. . . . The historic old CHRIST barn on the corner of Herzog Place and Jerusalem Avenue, Hicksville, is gone. The load of snow on the roof from the last storm was too much for the aged, weather-beaten timbers and it collapsed. A row of modern stores are scheduled for construction there soon. . . .

The Telephone Company is operating under a 1930 rate schedule and attempting to pay 1948 prices, Manager William Billmeyer told the members of the Hicksville Lions Club last week on Wednesday when they met at the Rainbow Restaurant. The Public Service Commission hearing upon the increase in rates sought by the phone company starts in New York City tomorrow (Jan. 20).

Admitting that Levittown (Leland Trees) is not getting the service it should get, Billmeyer explained some of the problems which confronted the company when a "potato field became an up and coming town" within a matter of months.

The company is asking a 15 per cent increase on its gross income, which might result in the average household bill going up or going down. Household bills will pay \$4.25 for private party service which now costs \$2.75. However, the calling area will be increased and has, in fact, spurred in Hicksville exchanges (3 and 5) from 1600 phones in 1930 to 8200 phones today. This extended area rate of today would become the flat rate under the new plan.

Business phones will be boosted perhaps even more since "business

phones are of more value and should carry the freight." Those rates are now "inadequate," Billmeyer said, and it is planned to eliminate the present \$4.50 charge for unlimited calling. Instead a new plan calling for a limit of 75 calls a month (with a 5c charge per call over that number) would be offered for about \$6 a month.

Vice President Louis Millevoite presided in the absence of President Fred C. Birk. Billmeyer was the guest of Roland Heberer, who was in charge of the program.

FIRST PUBLIC SHOWING OF NEW CHEVROLET HERE THIS SATURDAY

Hazelle L. MacPherson, of the MacPherson Motor Sales, has just returned from New York City where she attended a dealer meeting and preview of the upcoming new 1949 Chevrolet passenger cars.

The new cars will first be shown to the public at the dealer's show-rooms in Hicksville this Saturday. Plans are completed for making

Chevrolet announcement day a gala affair for this area.

"The new Chevrolet marks a high point in the development of modern styling and beauty," said Mrs. MacPherson. "I know it is going to be accepted enthusiastically in the field. We are looking forward to announcement day, because I know that prospective Chevrolet buyers will be as eager to see the new car as I was."

Zone for Loading Snags 13 More

Paul Huckstein, an employee of the Kantor Brothers on Broadway, Hicksville, got a ticket for parking his Plymouth coupe in a loading zone in front of Kantor Brothers recently. He received a suspended sentence from Judge Albert C. Moore in the Fourth District Court, Hicksville, last Wednesday morning.

Two of the 13 cases of violations of the loading zone received suspended sentences. The others were fined \$2. each.

ON JURY DUTY

William F. Crook of Hicksville was among the jurors sworn in for the January panel of the Nassau County Grand Jurors at County Court.

Legion Social Night Proves Big Success

The Charles Wagner Post No. 421 of Hicksville held a social night for its members Friday evening, January 14, in hopes that it would help the newer members meet those members that they hadn't met before. With the new neighbors moving into town and joining up, the older fellows can't seem to keep up with the changes.

Eddie Becker, who is Entertainment Officer of the Post, had a program arranged, but "Tex and His Guitar," which was the main attraction, was unable to attend due to illness. Those members who were present wish that he will be well on his way to recovery before this bit of news is in print.

To Legionnaires Fred Brunget, Bob Beard and Eddie Becker goes the vote of the Post for a grand job well done. If this is an example of what the other members will have to enjoy then all the luck in the world. The Post hopes to hold another affair in February on St. Valentine's eve. All those Legionnaires who could not attend this January social try and be there for the next one. That's all for this week. Your correspondent in Jimmy Cooley.

Fred C. Birk, president of Hicksville Lions Club: "Good luck and best wishes for success to the Herald; a new and independent voice for our community, which we are pleased to note will be under the capable direction of our fellow Lion."

ERNEST FRANCKE
He Was Surprised

Ship's Clock Gift Given President

A handsome ship's clock which rings the bell, nautically, every half hour, was presented to Ernest Francke, president of the Robert L. Bacon Republican Club, Friday night as he began his 16th term in office. The gift presentation by Congressman Leonard W. Hall, town GOP chairman, for the club, was a complete surprise. Almost 250 persons attended the meeting in the Hicksville Masonic Temple.

Francke was obviously delighted with his gift and Mrs. Francke, who knew in advance of the proposed presentation, was understandingly pleased because the surprise was so complete for her husband.

Hall also installed the new slate of officers. The meeting marked the first public appearance of W. Kingsland Macy of Islip, as Congressman for the 1st District, which includes Hicksville, at a gathering here. Macy spoke of his activities in Washington and in Europe, particularly in regard to the nematode legislation and the grey market in scrap steel.

Among those introduced to the group were: Frank G. Scholl, town tax receiver; Councilmen Charles Boutillier and Lewis Waters, Leslie C. Distrow; town clerk; John R. Brandt, highway superintendent; George Freir, deputy county executive; Joseph P. Lebkuuecher, district court judge; and David Welach, president of Farmingdale Club.

During Macy's address the gift clock chimed 8 bells to signal the hour of 10, much to the amusement of the audience. Lebkuuecher suggested, when he was introduced, that the Republicans give Francke a ship to go with the clock when he starts his 25th term as president.

Refreshments were served following the business session.

SPORTSMEN HONOR GRIDDEES JAN. 21

The Hicksville Sportmen's Club will honor the Hicksville Field Club at a dinner dance in the Wheatly Hills Tavern, Westbury, on the 21st of January.

Tickets for the affair are going very well according to Bill York, central ticket holder of the club, and a big turnout is expected. Anyone who hasn't their tickets yet can obtain them from York or any of the fifty members of the Sportmen's Club.

AN OPEN LETTER . . .

From: Hicksville Civic and Community Association

To: All Residents of Hicksville School District

This organization of your neighbors has been in existence for the past three years and its fundamental purpose is to promote the good and welfare of the community. General meetings are held the fourth Thursday of each month, starting at 8:15 P.M. in the auditorium of Hicksville Firehouse on East Marie Street.

Its activities to date have been directed toward the accomplishment of its civic-minded platform. Its meeting topics have been planned to fit in with this platform and with timely local questions of the day. Round-table discussions are a frequent feature.

It is the ambition of the Hicksville Civic and Community Association to make our community the finest on the Island. It is the H.C.C.A. ambition to obtain a community ambulance service, a new post office building, parks and playgrounds for young and old, encourage planting of trees along our streets, relieve local parking and traffic problems, get improved commuter service, cross-island bus service and many other desirable improvements.

This program can not be achieved without the fullest support of all residents of Hicksville who are proud of their home town and what it stands for.

This open letter then is a cordial invitation to all residents of Hicksville School District to join the Civic and Community Association. All meetings are open to all interested.

Why not come out for the next meeting on Thursday night, January 27th, at the Hicksville Firehouse Auditorium when our speaker will be Don Andrews of the Community Concerts Association? In February the meeting topic will be real estate assessments.

This Deserves Your Support

During the six-day period starting next Monday, January 24, you are being invited to become a member of the Hicksville Community Concerts Association. Membership will cost you \$6 (including federal tax) for the season of three top-flight concerts to be presented in Hicksville High School. If you are a student, the membership is half price.

The Concert Association plan is new in the mid-island area but well-established throughout the nation since 1920. There are over 1,000 groups of this type who have been giving concerts in their communities in the U. S., Mexico and Canada. This is how it operates: A local concert association is formed, officers and directors elected, and a membership drive launched. The number of memberships is limited by the seating capacity of the local auditorium, in this case 800.

When six o'clock January 29 arrives, no more memberships will be sold. In fact, none will be sold beyond the maximum of 800. Immediately after the drive is concluded, the officers will select the artists and schedule them for three concerts during the year. No admissions will be available at any of the concerts, attendance being limited to members only. However, if you own a membership, you can loan your credentials to a neighbor or other member of the family.

Miss Harriet Spink of Plainview Road, Hicksville, is president of the Association. She points out that no announcement can be made at this time regarding the artists to be brought to Hicksville since the answer to that question lies in the success of the forthcoming drive for members (ie, the amount of money available) and the availability of artists who are on tours. However, she gives assurance that the artists selected by the officers of the local Association will be among the greatest in the world, selected from the Columbia Artists Management Inc. of New York. In fact, the local committee will appreciate suggestions from the members as to the types of concerts and artists they would enjoy seeing and hearing.

The Herald gives its fullest support and endorsement to this campaign and joins the committee in urging the cooperation of all citizens. The workers for the drive are putting their hopes for community betterment into action. As neighbors and friends they will appreciate your help and courtesy.

This is not a strictly Hicksville project. Membership is being offered to residents of the mid-island community embracing Island Trees, Bethpage, Jericho, Plainview, Westbury, and vicinity. Each area is represented in the Association with members as directors, officers, or captains.

If you are not approached for a membership, stop in at headquarters in Eisemann Motors on West Marie Street, Hicksville, or telephone the Herald.

Halsey B. Knapp, director of the L. I. Agricultural and Technical Institute of Farmingdale, will take part.

Current Comment

WE HAD THE UNIQUE experience Friday night of telling a group of writers about the business of writing. Steve Canyon of 29 Castle Lane, Island Trees, who is a writer by profession, organized a Writers' Club among Levittown neighbors and he extended the invitation to come over and sit in for a while at the initial session. Steve is publicity representative for Railway Express and has had many short stories and articles published. He also authored that rather sad story of first-person experience with parking in the neighborhood of the Hicksville depot which was printed locally just before Christmas.

There were about 15 people present in the Canyon living room, nearly all of whom had done writing of some sort in the past. All appeared enthusiastic about the possibilities of producing material which will bring home word-rate checks rather than polite rejection notices. Our part in the proceedings was minor: we were asked to say something about the preparation of acceptable newspaper material.

OUR CHEVIE added a few more body clanks and noises the same evening and the urgent need for improvement of Jerusalem Avenue was jafred into us on the round trip to Castle Lane. It seemed to us that the section of road below the motor parkway bridge has suffered greatly from erosion and is even worse, if that can be imagined, than the portion in the Town of Oyster Bay.

We're making up a list of pet peeves, and the deplorable condition of this road, which is such an important connecting link between Island Trees with its 6,000 homes and Hicksville, must head the list.

Jerusalem Avenue is a county road down to the Oyster Bay-Hempstead town line when it comes under the jurisdiction of the latter's highway department. But the county disclaims responsibility for maintenance until it makes permanent improvements. Meanwhile, Oyster Bay town highwaymen do some minor patching but don't feel at liberty to spend their limited funds on a county road.

BUT HOPE FOR AN EARLY solution to this division of authority was also bright this week. County Executive J. Russel Sprague called together the official families of the three townships for a conference probably without precedent in the county's history Thursday. Keynote of the conference held at Garden City Hotel was the determination to exercise fullest cooperation between towns and county in solving the multiple problems in the fastest growing area in the nation.

The Jerusalem Avenue improvement was not even mentioned at the meeting, but the policy developed at this session might readily be applied to our local problem.

—Fred J. Noeth.

An \$84,000 Mistake

Oyster Bay Township has no intention of spending \$100,000 for snow equipment, despite the headlines published the first week of the new year in several Griscorn Publications. Some imaginative writer apparently let his typewriter get away from him, much to the embarrassment of town officials. The town fathers have called for bids for a grader and four snow plows, not four new trucks, and the total cost is not expected to exceed \$16,000.

The record must be set straight because town residents with that \$100,000 headline in mind will be expecting near-miracles the next time it snows from highway equipment that does not exist.

Where The Money Goes

This policy is not original but the Herald wholeheartedly endorses it: "Every governmental official or body that spends the public money should publish an accounting of it at regular intervals, showing how and where each dollar was spent; this is a fundamental principle of democracy."

Personality Plus

Want to feel better, look better and act better? Well, here are a set of pithy rules to help you:

- Go less, sleep more
- Ride less, walk more
- Talk less, think more
- Scold less, praise more
- Waste less, chew more
- Clothe less, bathe more
- Idle less, play more
- Worry less, laugh more
- Frash less, practice more.

DEWEY WANTS MORE SCHOOL STATE AID

ALBANY—The state Legislature has begun consideration of Gov. Dewey's 1949 program as well as other measures introduced at the opening of the session the first week of the month, according to Assemblyman David S. Hill Jr. of Glen Head. Hill reports that Dewey has recommended outlays for more mental hospitals, highway construction, new

state university and an increase in state aid education. Extension of rent control for another year and modernization of building codes is also urged by the Governor.

ELECTION TONIGHT

Election of officers of the North Bethpage Civic Association will be held tonight (Wednesday) at the clubhouse. Mortimer Husted, president, will preside.

Seeks Variance To Permit Store

A new store at the corner of South Oyster Bay Road and Walter Avenue, Hicksville, is being planned and permission for a variance to erect the building will be sought at a meeting of the Zoning Board of Appeals tomorrow night (Thursday) in the Justice Court Room, Oyster Bay, at 7:30 p. m.

The application for the variance for a two-store building for retail business will be made by Marie Sardella of 1953-77th Street, Jackson Heights.

The Board will also consider the request by Louis and Mae Sisia of Stewart Avenue, Bethpage. They plan to build an addition to a present dwelling to be used for a real estate and insurance office with less set back than the ordinance allows. The building is located on the west side of Stewart Avenue, about 150 feet south of Burkhardt Street, Bethpage.

BETHPAGE LEGION ARRANGES BENEFIT

"Minstrels of Yesteryear" will be presented on February 25 and 26 under the auspices of the Archie McCord American Legion Post Building Committee of Bethpage, it was announced this week.

Mrs. Mae Strong will direct the production. Many of the favorites from the Bethpage Gay Nineties Show of 1848 will appear in the minstrel show.

Carrots, spinach, kale, broccoli, squash, and sweet potatoes are rich sources of vitamin A. Carrots are especially plentiful this year.

POET'S CORNER

IT'S STAR DUST IN HER EYES

She thinks the world just lives for her,
I'm smart, she says, and wise,
But never does she stop to think
It's Star Dust in her eyes.
She tries to make each man a fool
Into the figures that she wants,
Like toys with which to play.
I often wonder what they are
To have secured the key
To Power, and to crush some soul,
What fools these mortals be.
But she smiles and tries to laugh
While
And alone I know she cries,
Perhaps she found she lost the touch,
It's Star Dust in her eyes.

1500 At Meeting Of Chiropractors

The Long Island Chiropractors held their annual Laymen's Gathering Tuesday evening, January 11, in the Grand Ballroom of the Garden City Hotel, Cameron Balston, of Harrisburg, Pa., Public Relations Counsel for the chiropractors of New York, Illinois, Ohio and Pennsylvania, spoke to an overflow audience. More than 1500 patients and friends attended.

Ralston discussed the need for chiropractic in the fields of industry, commerce and education. He claimed that it was "a tragic mistake that our heroic wounded in the Veterans' hospitals were denied the services of chiropractors. When they went to war we promised them everything. Now we deny them the simplest yet most profound healing art the world has ever known—Chiropractic."

This is one of the many unique, antique toys on public display at the Hobby Horse, Jericho Turnpike and Oyster Bay Road, Jericho.

TOYS OF EARLIER DAYS INTEREST VISITORS TO JERICHO HOBBY HORSE

By LEON CUTLER

Unusual things have been happening lately in the 200-year-old building at the intersection of Jericho Turnpike and Oyster Bay Road, Jericho, which houses a unique antique shop known as "The Hobby Horse." And there has been an unmistakable air of mystery with it all.

Many of Long Island's noted collectors have long been in the habit of dropping in here, just to look around, only to depart with some rarity of yesteryear, but not until they have experienced one of the collateral joys of their pastime, like a friendly chat with Emily Gibson Mitchell, the shop's charming owner.

Grandma Is Business

There's a lady for you. Already a grandmother when she decided upon a business career, her numerous activities in its conduct are amazingly incredible. As Mrs. Mitchell puts it, "I'm not yet ready to resign myself to the comforts of the rocking chair. There is more interest and fun getting out and around, meeting people, seeing things." Her day starts and ends with an automobile trip (she loves to drive) to and from business, which takes her clear across Long Island and back.

To get back to the original point of this story, I thought it might be worthwhile to learn the cause of the present excitement and activity at The Hobby Horse, so I peeked behind the scenes. What I saw, a veritable wonder world of make-believe, gave me quite a thrill. In the midst of hundreds of antique toys of every variety and description, there stood an imposing doll house completely filled with authentic antique furniture and furnishings in miniature. It has eleven rooms, including an old-fashioned kitchen and tool shed and measures about twelve feet long by six feet high. I've seen doll houses before, including one at the world's fair, but the elegance and quiet grandeur of this one makes you feel like moving in at once.

Among the toys of the past were elephants and pigs that walk; dolls that dance; minstrels and clowns that play musical instruments; mechanical banks that hoot pennies across space into receptacles; a wooden humming top here, a cap pistol of Punch and Judy there, and miniature music boxes, fire engines, toy dancers, acrobats, etc., everywhere. Can

you picture an eighteen inch merry-go-round with all the trappings operated by a doll? Or chicks, ducks and birds that feed themselves. Yet these and countless other fantastic playthings were in lively evidence.

Is it any wonder that Mrs. Mitchell is being besieged by visitors like myself, who want to peek? Well, peeking will not be necessary after today for the entire collection is being officially opened to public view.

We inherit much from the past and if you want to endow your future with a memorable experience, here is your opportunity.

OLD CHURCH MODERNIZES

New lighting and heating in the historic Presbyterian Church of Sweet Hollow, Old Country Road in Melville, has been completed. New lighting fixtures were selected with an eye to keeping the colonial atmosphere. The old chandelier of kerosene lamps still hangs in the center of the sanctuary surrounded by four new chandeliers.

DDT is expected to be the main insecticide for potatoes in 1949 with the possible use of parathion, a Cornell entomologist advises.

Nematode Orders Continue In 1949

Golden nematode quarantine regulations of the State of New York will be practically the same in 1949 as they were last year, local potato growers learned this week. No major changes in the program are anticipated. As of December 31, there were 5,971 acres of Long Island known to be infested with the potato plant pest, including 206 acres in Suffolk.

A comforter, quilt or puff that is too short to stay tucked in may often be made usable by sewing a strip of cloth the same color across the bottom. The cloth can be tucked in where it won't show.

Eggs will lose as much "freshness" in four days at room temperature as they will in several weeks in the refrigerator.

STUDENT COUNCIL NEWS
The Student Council sponsored the Christmas Program Design Contest. Each child in the upper grades designed a cover for the program. The Student Council selected the designs which would reproduce best. Billy Collins and Eric Schumacher's designs were chosen for reproduction, and Andrew Grimes carried out their ideas in the finished product.

The Student Council decorated the Christmas tree in the main hall of the school. It also sponsored the Carol Singing around the Christmas tree. Mr. Seip conducted the carols and Mrs. H. Miller—accompanied on the piano.

The Student Council provided ushers for the Christmas program, and the following people served: Barbara Steck, Penny Masak, Sue Garrett, Jane Tweedale, Joan Burello, Betty Irons, Pierre Swick Patricia Paton, Lynn Smith, Willie Hunter, and Dianne Eiseaman. All the ushers wore tags that said "Merry Christmas."

Junior High Jottings

Congratulations are extended to our new community paper—"The Mid-Island Herald" . . . MISS FARLEY assisted the 8A students, the prospective freshmen of 1949, in preparing their high school schedules. . . MRS. GLECKLER is substituting for MRS. MERRILL, who is ill with pneumonia. . . A 1948 Danish Christmas Seal was brought to 151 social studies class by NINA SIMONSEN, who, only last June, returned from Denmark. She also contributed to the Historical Society a scrapbook, made in Denmark. The historical society letters from Cooperstown will be pasted in the book. . . DORIS MILLS has returned to school after her recent absence. . . Reviews for the "grand slam" which will be held next week are now being held. (In case there is someone who doesn't know the meaning of "grand slam," it is the final examination week) . . . The candidates for the Jr. S. C. A. officers were presented in Assembly last Thursday, on the Blue Ticket are ROBERT STIEHLER, CLAUDETTE SLAVEK, and RICHARD THURER. Their manager is DENWARD COLLINS, and their sponsor, MRS. HEBERER. The Red Ticket with MRS. LOVETT as sponsor, and LAURA COLEMAN, as manager, consists of EMMANUEL CARRERAS, HOMER ROSSERMAN, and WILLIAM OCHS. . . All the candidates offered campaign speeches. . . EUGENE HATTENBACH impersonated several people. . . The selections were held at the homeroom meetings yesterday, but you will have to be patient until next week for the results, as we do not have them as yet. . . The Junior High basketball team played Farmingdale on Saturday. . . EDWARD BRANDIS went to Madison Square Garden to see the Silver Skates last Monday. . . JEAN PALMITER made a trip to New York City. . . Keep your eyes peeled for our column next week!

HOMEMAKER'S CORNER

CARROTS APLENTY

You can eat carrots this winter until they come out of your ears, judging from crops reports in Cornell's Food Marketing Bulletin. The carrot crop in California, Arizona and Texas is the largest on record—54 per cent above average. By the pound, in bunches or canned, raw or cooked carrots supply large amounts of Vitamin A. So do spinach, kale, broccoli, squash, and sweet potatoes. Nutritionists recommend that you eat one vegetable from this group every day.

BUDGET BALANCERS

Here are a couple of suggestions for cutting down the weekly food bill, if your budget is a problem.

1. Patronize stores where you select your own groceries, pay cash and carry your purchases home. Charge accounts, deliveries, and collection of grocery orders by clerks is costly—and you pay for those services in higher prices even when there's no definite extra charge.
2. Buy in large quantities, if you have sufficient need, money ahead and storage space. Quantity purchasing usually is cheaper.
3. Do you baking at one. Bakery goods are tempting—but costly.

"DON'TS" FOR GROOMING

Do you follow basic principles of

good grooming in selecting your wardrobe? Just as a reminder: If you are tall, don't wear vertical stripes or single colors that give you that "long-drink-of-water" look. (And don't slump above the waist!)

If you are thin, don't emphasize it by wearing black and drab colors, and don't choose square necklines.

If you are short, don't wear wide, colorful belts, bold plaids or vivid prints.

If you are stout, don't use square or rounded necklines, shiny finish fabrics, full skirts, puffy sleeves and bosomy ruffles.

EASY CRACKING

You're probably eating a lot of pecans this year because they are so plentiful and so good. And you needn't lose your temper trying to get them out of their shell whole. Commercial shelling plants steam pecans a few minutes before cracking to sterilize them and to soften the shell—and you can too. Then crack them by pressing endwise on the nut-try that system and see how much difference it makes.

A HOT TIP!

Here's a good tip on frozen food cabinets and refrigerators! An excellent investment as a money saver and food conserver, they are now available at BOTTO BROS. Drop in and look at our full line of home appliances.

5 Local Boys Enlist For Army Service

Five local boys have enlisted in the U. S. Army this month, it was announced this week by the U. S. Army Recruiting office in Hempstead. All are graduates of Hicksville High School.

Michael J. Hennerty, 19, of 140 Broadway, Hicksville, enlisted on January 5 for a three-year service with duty in Europe.

Robert Lapid, 20, of 19th Street, Jericho, enlisted on January 18 for three years service in Europe.

Lost - One House

IMPOSSIBLE? . . . NO!

One unfavorable decision against you in a damage claim resulting from an accident can lose your house just as if the earth swallowed it. The daily papers are full of accidents concerning your home and personal activities; a passer-by slips on an icy sidewalk; a gust trips on a rug; you injure someone in any sporting game. These are but a few.

Protect your money and property with a Comprehensive Personal Liability policy. \$10.00 a year buys \$10,000 protection. Our explanatory pamphlet giving complete information is free for the asking.

The force of an explosion is many times lessened if any part of the pressure can be drawn off before it is set in motion.

A Nassau County Amateur League meeting finds the Hicksville Kiwanis at Jericho tonight.

To date there hasn't been any flare up in this backyard rivalry. Affairs between the two clubs and their fans have moved along on a highly civilized level. Even the natural undercurrent of hostility towards a league foe has been nicely restrained.

As they say in the trade something has got to give.

Hicksville, with a few additions along the line, has been improving steadily. The Blue would really like to hit the win column for the first time with a victory over the Firemen. Another loss would be just another loss and would only serve to deprive Steve Ruggiero and his crew of great personal satisfaction.

That Hicksville can make the grade after ten lacings is a question. The Blue had St. Dominic's on the run but couldn't make it stick. Prime trouble is that Kiwanis hasn't found the right combination. And when a fairly decent one is found there seems to be a great reluctance to go along with it for any period of time.

As the favorite, Jericho is in a tough position. Hicksville will be all out for the upset and fire with all barrels. Sometimes even the best of teams cannot hold an underdog when it is hot and having its one big night. For Hicksville this is the one big night.

As things have gone the Firemen haven't much left to win. They have a lot left to lose.

For this department's choice we will go along with the underdog. Our pick: Hicksville 64, Jericho 61.

For coach Chet Jaworski, who comes from the college which is a firm believer in that "to score you must shoot," Friday must have been a harrassing night.

In losing to Westbury 30-25 the Hicksville High Comets, with great disinterest in throwing the ball at the basket, took only 26 shots from the floor. The winners even had a comparatively low total of 40.

Comets Trail Westbury 30-25

Westbury High no longer ranks as the perpetual champion of Eastern Division NSAL basketball, but it continued its stranglehold on the ancient rivalry with Hicksville, Friday, as it won a 30-25 decision on the loser's floor.

The Green Wave forged ahead, 12-12, in the second period on Joe

Piscitelli's basket and maintained a narrow advantage until the finish.

Westbury played its trademark slow, deliberate game made famous for the Green by its more illustrious predecessors.

The issue was decided on field goals since both teams fared poorly at the foul line. Westbury hit with 8 of 18 free throws while the losers could only make 9 out of 21.

Hicksville's coming generation went to town against the Westbury Jay Vee.

With Schwarting and Scott pacing a driving attack Hicksville rang up a 64-17 victory in the Junior Varsity match. It was the younger Comets' fifth win without a loss this season.

KIWANIS MISSES UPSET BY 63-52

The Hicksville Kiwanis, winless in ten starts, almost threw a bombshell into NCABL play Thursday but in the third period the Blue lost its explosive and the threat to St. Dominic's unbeaten record proved to be a dud.

The visiting Saints won 63-52.

With Bill Byrnes, Chet Jaworski and Gus Econopouly scoring Hicksville only lagged 33-29 at the half but in the third period the Blue had difficulty with man-for-man defense and Moran got loose for three baskets and the ball game.

Statistics Give Orange-Black Slight Edge

Figures released to the Mid-Island Herald this week indicate that the 1948 Hicksville High football team enjoyed only a slim statistical edge over its combined opponents. However, in the important column the Comets won five games, tied 1 and lost 1.

The North Shore Athletic League champions recorded 78 first downs to their opponents' 71, gained 860 rushing to 857, completed 38 out of 74 passes for a net gain of 642 yards, lost 280 yards in penalties, averaged 26 yards per punt and 40 yards per kickoff.

The opposition completed 22 of 69 passes for 226 yards, lost 220 in penalties, and averaged 30 yards per punt and 36 yards per kickoff.

Individual leaders in rushing saw George Cheslock gain 396 yards in 110 carries, Pete Zeiber 179 in 39, Elias Stetz 91 in 22 and John Econopouly 111 in 34.

In passing Cheslock completed 25 of 46 for 463 yards Stetz 4 of 13 for 80, Econopouly 4 of 8 for 24 and Zeiber 2 of 8 for 47. Zeiber was the leading aerial grabber with 15 for 266 yards while Lou Kouji had 11 for 162 yards.

Only Cheslock's passing established a new school record. It replaces Ed Coleman's mark of 20 for 45 for 364 yards back in '43. Coleman's rushing total of 1,356 yards in 188 carries remained unchallenged as did his second best effort of 378 yards in 126 rushes.

Zeiber, although a backfield man, moved into second spot in pass receiving. Ray Halleran pulled down 21 passes for 432 yards in '48 and that still is tops.

A pressure canner should be stored with the top off to keep odors from developing in the canner.
