Entered as Second Class Matter at Hicksville, N. Y., Post Office

Jr High P-TA Remains Intact

HICKSVILLE—The Junior High School P-TA voted not to split up into two associations last week, although junior high school students are attending classes in two different school buildings at present.

Only a few hands were raised in favor of having the two P-TA's, one for the Division Ave. school and another for the Jerusalem Ave. school. A good deal of discussion preceded the vote, which was brought before the Assoc. by the executive committee.

Workman Blown Off Platform

HICKSVILLE—A carpenter fell from the roof of a Mid-Island Shopping Center, taxpayer structure, here, to the cellar, suffering internal injuries yesterday (Wednesday) morning.

Izzy Moskowitz, 64, of 1766 Park Pl., Brooklyn, was taken in a police ambulance to Meadowbrook Hospital, where he was reported to be in "fair" condition yesterday afternoon.

Moskowitz, an employee of Prince Carpentry Contracting Corp. of Roslyn, was walking down a platform when the wind apparently caught him, it was reported by some of the workmen nearby. Building No. 2 which he fell from will house ten stores in the completed center, between Gertz and North Bway.

Reunion Soon For Class Of 39

HICKSVILLE—Members of the High School graduating class of 1939 are reminded to save their pennies for the coming class reunion, that will be held sometime after Easter. The committee will be announced in later issues of the Herald. Graduates and their dates. This will be a good chance to meet all your former school chums, 1939ers. Future plans of the committee will be announced in later issue of the Herald.

Hicksville Driver Sets New Mark

DAYTONA BEACH, Fla.—The new 240 horsepower Plymouth Fury broke all U. S. stock car acceleration records for a measured mile here, Tuesday, in runs sanctioned by NASCAR. The new Plymouth, driven by Hicksville race driver Phil Walters, averaged 82.54 miles per hour in a two-way run from a standing start.

Police Car In Highway Crash

HICKSVILLE—A County Police car, driven by Orlando Prevedello of 28 Wethury Lane, Plainview, and an auto driven by a man from Lindenhurst, were in collision on Woodbury Rd., here, last night. Prevedello was taken to Meadowbrook Hospital and has since been discharged.

Teen Club Resumes Sessions

HICKSVILLE—The Teen Club has resumed sessions at the Burns Ave. School, after the Christmas holiday. The sessions will continue until the end of the school term in June, according to Mrs. Edward Kist. In making the announcement, Mrs. Kist emphasized the fact that the Club has not nor does it intend to close down, despite the many rumors to the contrary.

The Club will meet as usual, 7:50 to 10 P.M., Monday evenings. Tentative plans for a dance in February have been worked out.

Local Hopeful For 56 Olympics

HICKSVILLE—Alex Pravednekow, son of Mr. and Mrs. Nick Nick Pravednekow, of 56 Harrison Ave., here, is a 1956 Olympics hopeful in discus-throwing and the quarter mile.

Nineteen year old Alex is in the Air Force and is stationed in Oklahoma. He reports that he will know in a month whether or not he will be chosen to attend trials for the U. S. team in June. If he is chosen, and does qualify at the trials, he will represent the U. S. next September in the Olympics, held in Melbourne, Australia.

According to Alex, he first learned discus throwing and first ran races in Hicksville High School, under the direction of Mr. Schoolfield. He really trained, however, in the service, he said. He has reached 170 in the discus and has gone below 49 seconds in the quarter mile.

Pravednekow has been in the Air Force for about 18 months and will be discharged in 1958. Then, he plans to go to college, probably a local one.

The last Olympic Games were held in Helsinki, Finland in 1952. That year the United States won the quarter mile but lost in the discus competition.

SET FORTH PRINCIPLES:

HICKSVILLE—A group of School District taxpayers who have become alarmed at the manner in which the affairs of the district are being handled have announced the formation of a group known as "Hicksville Citizens for Better Government in School Affairs."

"Public funds used only for educational purposes and not to promote any controversial issues.

ANOTHER SESSION THIS FRIDAY:

Majority vs Minority on Board? No Such Thing, Cawley Insists

HICKSVILLE—"There is no such thing" as a concrete "majority" or "minority" on the School Board, Trustee Joseph Cawley asserted last week, and he wants the board to stop talking as if there were.

According to Cawley, a "majority" and "minority" appear separately on each vote. He objected to other members of the board talking about them as if they were continuing things, as they discussed the By-Laws at last Friday's meeting. The Board spent a major portion of the meeting revising the By-Laws.

Dr. Wallace E. Lamb, Superintendent of Schools, reported that the Township wants to discuss recreation program possibilities with the School Board. Peter Hussey, of the Park and Parking District, had contacted him, the superintendent said, and suggested a meeting. It

LEONARD W. HALL, (at right) Town of Oyster Bay Republican Committee chairman and leader, will officiate at the installation this Friday night, Jan. 13, of Michael J. Sullivan, town attorney, as president of Hicksville Republican Club. The program will be held in the Hicksville Masonic Temple. Sullivan succeeds County Clerk Ernest F. Francke who served the club nearly 25 years. Francke continues as Hicksville GOP leader. This recent picture of Hall and Sullivan was taken in the office of the National Republican Committee in Washington. Hall heads the National Committee also.

Boy Scout Fund Committee Meets To Arrange Drive

HICKSVILLE—There will be a meeting of the Central Committee of the Tri-Parkway District; Hicksville Boy Scout Campaign Fund next Tuesday, Jan. 17 at 12 noon at Henning's Restaurant, here.

Members of this Committee include: William E. Koutensky, president of the Long Island National Bank of Hicksville, Chairman; Charles I. Montana and John Ehmman, Co-Chairmen; George Gros, in charge of Scout Unit Coordination; and Allen Carpenter, Secretary and Publicity Chairman.

"Also, there will be a Kick-Off Dinner for the Central Committee, Area Chairmen, Team Captains, etc. on Jan. 30 at 7 P.M. also at Henning's, at which we hope to have Hon. Paul J. Widlitz, Community Solicitation Committee Chairman, as guest speaker, and it is also hoped that James Davenport, in charge of campaign publicity, will also attend this meeting," Mr. Koutensky said.

Chamber Does Not Sponsor

HICKSVILLE—The Chamber of Commerce today said it is not sponsoring, sanctioning or approving a so-called "Treasure Chest" being sold by telephone solicitors in this area. The Mid-Island HERALD has also received numerous inquiries. The HERALD has not published any advertisement on this same promotional plan.

The Chamber will hold a general meeting on Monday, Feb. 6, when plans for an auto show, dinner-dance and committee reports will be discussed.

was decided that Dr. Lamb investigate the matter further before any meeting be set.

The Youth Coordinating Council has not yet requested the use of school facilities. Dr. Lamb reported, despite newspaper reports of their interest. The policy of the board in case of such request would be to allow the use of the facilities.

Final working drawings of the recreation construction planned for the Jerusalem Ave. Junior High School, and the set of specifications have been presented to the District. Dr. Lamb reported. Milton G. Leavitt, noted that the architects' presentation is three weeks behind schedule.

Trustee Emil J. Szendy called attention to the Fork Lane construction, which he said is being

delayed by the general contractor, Gunderson, who has not laid the foundation yet. Szendy said Gunderson ought to have made use of the mild weather last week to unfreeze the ground which is already "crusty."

In a short interchange about construction progress, Leavitt, a New York City teacher, agreed to vote with Szendy an architect, on all matters of construction if Szendy would vote with him on all matters of education. Szendy did not agree. "You are a teacher in a certain area and that's that," he said.

The Board's next meeting is this Friday, in Room 104 of the New high school, on Division Ave. The following Friday, Jan. 20, however, the meeting will be held in the East Hk. school cafeteria, because a bid opening was scheduled there in public notices.

Some Echoes of Year End Activity

By SHIRLEY HUENLICH
Wells 5-2327

Well, how are you making out with all those New Year Resolutions? Time to start the new year right and to also carry out one of my own New Year's resolutions, which is to keep this column interesting and more informative.

Have to go back awhile to get caught up, so let's start with Dec. 18th. On that day, little Joyce Roebert, of 15 Albert St., was all of one year old.

A Christmas party for the women of the neighborhood was held at Mrs. J. Taylor's home at 27 Albert St. on Dec. 20. Among those present were: Mrs. A. Esagro, Mrs. A. Mandalla, Mrs. W. Koebler, Mrs. R. Capelutto, Mrs. G. Buck, Mrs. W. Krauss, Mrs. A. Tereseo and Mrs. W. Krauss. Needless to say, a

merry time was had by all.

Everyone really did an extra fine job of Christmas decorating this year. Especially attractive was the Santa Claus face on the living room window of the Mandalla home, truly showing the artistic creativeness of one, August Mandalla.

A little Christmas doll, Carol Carman, of 5 Somerset Ave., was all of two years old on Christmas Day. Alan Price, of Ferney St., was also two years old on the 29th.

Our sympathy to the Stork family, of 10 Power St., on the death of Mrs. Stork on Dec. 24. Sympathy also to Jack Taylor and family of 27 Albert St. on the death of Mr. Taylor's brother on Dec. 26.

Now for the happier news. Mr. and Mrs. Philip Raggasino of 5 Marvin Ave. are happy to announce

the birth of a son on Dec. 31st at Nassau General Hospital. The baby, to be named Thomas Michael, weighed in at 7 lbs. 8 ozs. and joins a brother, Philip, who was three years old on Jan. 3rd.

The children of the morning Kindergarten class in the Lee Ave. School welcomed a new teacher after the holidays. Mrs. Heedles, their former teacher, will soon have her very own pupil. Mr. Heedles, also at the Lee Ave. School, is a sixth grade teacher.

Eva Gladsky of 9 Gerald Ave. celebrated her 12th birthday on Jan. 2. Mrs. R. Capelutto of 29 Albert St. celebrated her birthday that same day by having dinner at her sister and brother-in-law's home. Mr. and Mrs. Erchall in East Northport. Also present were her mother and father, Mr. and Mrs. Ring of Mineola.

Here are a few of the New Year's Eve parties that I have heard of: Mr. and Mrs. W. Koebler of 23 Albert St. gave a party in their newly finished recreation room attended by Mr. and Mrs. Gene Crispino of Westbury, Mr. and Mrs. Greg Wutisk of Garden City, Mr. and Mrs. A. Tereseo, Mr. and Mrs. H. Antonowich, Mr. and Mrs. G. Bleck, Mr. and Mrs. W. Krauss, all of Hicksville, and Mr. and Mrs. Warren Becker of Bethpage.

Another party here on Albert St. and this time at No. 29, the home of Mr. and Mrs. R. Capelutto, also in a newly finished playroom, was attended by Mr. and Mrs. Donald Frank of North Bellmore, Mr. and Mrs. Wilbur Frank, also of North Bellmore, Mr. and Mrs. William Nerba of Farmingdale and by Mr. and Mrs. G. Taylor and Mr. and Mrs. A. Mandalla, their neighbors. Another party girl, this time it's little Karen Esagro, of 11 Somerset Ave. who celebrated her fourth birthday on Tuesday, Jan. 3rd, with a party. Her little playmates on hand to sing Happy Birthday were: John Mandalla, Mary and Jack Taylor, Gary and Diane Huennlich and Karen's cousin, Michael Esagro. The children played games and Karen's mother took moving pictures of the party.

Birthday greetings also to Judith Ellen Tenry of 25 Power St. who celebrated her ninth birthday on Jan. 10th and to Danny Moscato of 5 Mineola Ave. who celebrated his fourteenth birthday on the 11th.

Have a Friday the 13th birthday to note for Mrs. A. Manasea of Albert St.

Get a certain George Buck of Mineola Ave. is finding it hard to get back in harness again after his two weeks of vacation.

Something new—the Downey-flake Doughnut Co. is having (you guessed it) a "Doughnut Drive-in" built on Hempstead Turnpike, to be opened sometime soon.

Dear Jean:

There is talk of organizing a Rotary Club for Plainview. . . . The Hicksville Rotary distributed Christmas baskets to 22 families, according to GEORGE DALTON, chairman of the project. . . . REV. HOWARD (SKIPPER) ROGERS was a guest of ERNEST FRANK at the Hicksville Kiwanis meeting last week. SKIPPER has become a Rotarian since he moved to Naugatuck, Conn. . . . State Senator WM. HULTS has introduced a bill at Albany to make registration fees on suburban the same as passenger cars, provided they are not used as commercial vehicles. . . . A supreme court justice ruled this week that pickets outside a bakery in Hicksville must have on their signs "this is no strike". The union members were also told to stop interfering with customers, employees and suppliers. . . . Old Country Road P.T.A. of Hicksville with MILDRED POLSENSKI as president has a record-breaking membership of 592. . . . Fog cancelled the Citizens Advisory meeting last week. . . . Members of Twin Lanes Civic Assoc. attending their association's meeting, Tuesday night at East St. School, had to show proof of identity before CD auxiliary policemen would permit them inside the building. The CD was holding a special exercise in another part of the school the same evening. . . . Hicksville Girl Scouts will hold installation of officers on Jan. 25. . . . LEONARD FRANK, partner of WALTER STACKLER, the developers of the \$40 million shopping centre on North Broadway, has been proposed for the office of first vice president of the 33,000-member National Assoc. of Home Builders. The NAHBA convenes in Chicago, Jan. 22-26. . . . Chemical Co. 3 holds its installation dinner-dance at the Wheatley Hills Tavern in Westbury on Saturday night, Jan. 28. . . . Emergency Co. 5 has its affair the same night at the Hicksville Firehouse, making a double-date for fire commissioners, fire chiefs and other special guests expected at both affairs. . . .

Proposal is being advanced to select a president of the fire dept. who will preside at meetings and be in charge of social and business functions, leaving the Fire Chief in charge of fire operations. . . .

Heading south on Jerusalem Ave., Hicksville, can be a damaging experience especially with a brand new Plymouth sedan, like new Fire Commissioner HAROLD MANASKE has. He was doing just that last Thursday evening and got his rear bumper damaged in a collision with a car driven by FLOYD EDICK of Long Beach.

The 73rd anniversary of the signing of the Federal Civil Service Act of 1883 will be celebrated next Monday, Jan. 16, according to Postmaster HARRY COTTER. . . . LINDEN AVE. EAST is no more. The Town Board has changed the name of it back to BRUCE AVE., a move which upset some folks who have found their mail temporarily delayed as a result. . . . The Centre Island Women's Republican Club will have Town Clerk HENRY CURRAN, Councilman McINNES and Judge EDWIN LYNDE as guests at its meeting next Monday night, Jan. 16, at the Republican Headquarters in Hicksville. ELSA MARTENS is the newly appointed publicity chairman of the club. . . . Recent issue of PRINTER'S INK showed a picture of THELMA ROTONDI of the Hicksville Corset Shop. . . . Midland Civic Assoc. has elected ERIC McINTYRE of 62 Belmont Lane as president succeeding ROBERT McGRATH. . . . Out of consideration for his family, who is well-known and respected in the community, the Herald is not publishing the story about the 16-year-old who is charged with firing a shot-gun at his parents this week. . . . LEON GALLOWAY, Junior high school principal, was presented with a tab for 18-years of perfect attendance as a Hicksville Kiwanis Club member this week. . . . RICHARD RICE, former high school student and resident of Admiral Lane, Hicksville, is the author of "Gloom to Glory", an article in the hot rod fans' magazine, Rodding and Restyling. Dick is now in Florida on a jaunt. . . . Publication of the second article in our series "Industries of Hicksville" was withheld from this issue at the request of O. E. McINTYRE plant officials. . . .

Look At One Addition To See Elegance Of 4

By EILEEN WOLF

The trend toward the "bigger and better," often attributed to American civilization, in praise or blame, is the outstanding attribute of the recent additions to four Hicksville elementary schools.

Nearly two years ago in March, 1954, Hicksville School District voters were asked to approve a 19-room addition to the Old Country Rd. School, with an appropriation of \$600,000. Over 89% of the voters on that proposition were "Yes".

STEPHEN P. TIMOSZUK

William E. Koutensky, President of Long Island National Bank of Hicksville, announces the appointment of Stephen P. Timoszuk as Assistant Cashier. Timoszuk was born and raised in Hicksville. He was recommended to the Long Island National Bank by the late Dr. Elwood A. Curtis, after serving as Chief Clerk with the local draft board. Timoszuk started at the Long Island National Bank on Feb. 1st, 1944, and now heads the Mortgage Dept.

Allied to Hear About Taxation

HICKSVILLE—The Allied Community Civic Assoc., Inc., will have Gen. Emil M. Podyen, Chairman of the County Board of Assessors, and William M. Brownlee, Jr., as its guest speakers, next Monday night, Jan. 16.

"Property Assessments and Taxes" will be Podyen's topic at the regular meeting, held in the Fork Lane School auditorium. He will explain assessment procedures (including filing of building permits, inspections of finished structures, pricing and reviewing), and veterans' tax exemptions.

Brownlee, manager of the Mortgage Servicing Dept. of Jamaica Savings Bank, will define the underlying major causes for the increases in monthly mortgage payments for 1956, and his bank's policy in estimating and maintaining escrow fund accounts for real estate taxes and insurance coverage on homes.

The meeting begins at 8 P.M.

FIRST MEETING

Rosary Altar Society members of St. Ignatius Loyola R. C. Church of Hicksville, will have their first regular meeting of the new year this Friday. The society meets in the school, Jan. 13, at 8:30 P.M.

As a result, the school is now almost double its previous size. A new kindergarten room and nine new classrooms make the total figure of two kindergarten rooms and 19 classrooms in the entire building.

The additional ten rooms will, with double and overlapping sessions, enable the school to continue handling grades up through the sixth, even with some expected increases in enrollment. Old Country Rd. is now equipped to handle 620 students in regular sessions.

MORE COMING

About 905 students are presently enrolled in the Old Country Rd., according to Principal Murray Duncan and the figure is expected to rise about 100 per year in the immediate future. Duncan regards the nearby Robin Hood and Imperial Gardens new home developments as two probable sources of increased enrollment for his school.

Double and overlapping sessions are in effect now, and will continue even after the addition is completed. Most of the new rooms are being used now; all, in fact, but the gymnasium and the band-practice classroom.

When the wing is completed, Grade 2 will be on a full time schedule, which part of it is on now. Regular, full-time session is from 9:20 to 3:20, with 5 1/4 hours of the time devoted to teaching, 1/4 hour for lunch.

Grades 3, 4, 5 and 6 will continue on the overlapping schedules which most of them are on now. Overlapping sessions provide the desired 5 1/4 hours of teaching time by scheduling the use of classrooms so they will be used every possible period, and by having some students come early as 8:15 and others leave as late as 4:15. Generally, older students are scheduled to come early, because they are the ones who are more likely to stay for extra activities such as sports when their school day ends at 2:15.

Grade 1 will remain on double session, which means that half of (Please Turn to Page 11)

Temporary Quarters for Youth Council Up for Decision Monday

HICKSVILLE — The Executive Board of the Youth Coordinating Council, here, meeting Tuesday evening, Jan. 10, denounced the closing of the Community Center Bldg. by the Town without a "previous evaluation" of the program conducted in the building; and "without due notice", as being "high handed and arbitrary."

Isidore Siegel, Council Vice president said, "The Town Board being representatives of the populace, and being responsible to them, should have given an explanation to both the Council and the Community their reasons for closing the Center." He added, "This should have been done prior to last Friday, Jan. 6."

Mrs. Hope Silvestri, Pres. of the Council reported that to date there had been "no explanation offered by the Town officials", nor had she been able to discover who had ordered the building closed. It was resolved the Council would make an evaluation of the program and publicly report same to the community. Trustee Charles H. De Shaw and Irving Mallon were instructed to draft a report covering the overall program supervised by the Council.

Mrs. Silvestri reported that Frank M. Wells of 244 Old Country Rd. had offered the Council use of space in his building at 240 Old Country Rd., near Newbridge Rd., until such time as another building was located in which youth recreation programs could be operated. (Mrs. Helen Hoetzer, Secretary to Frank Wells, was present at the meeting as his representative to confirm his offer.)

Mrs. Silvestri stated, "If the general membership approves this offer when they meet next Monday, Jan. 16, it will be with the understanding that this is only a stop-gap measure, out of sense of loyalty to the youngsters, and until the Town recognizes it's legal and moral obligation to conduct a community

recreation program until such time as the State Legislature changes the law to allow such a program to be operated by local Park districts."

The Exec. Board also heard a report that the Teen-Agers are circulating a petition requesting that the Town provide them with recreation facilities and a program.

Plan Two New Engine Companies

BETHPAGE—The Board of Fire Commissioners held its annual reorganization meeting last week, and Commissioner Robert W. Gillespie was re-elected Chairman for the coming year, with Commissioner William V. Doyle as Vice-chairman.

Robert K. Morgan, newly elected member of the Board, was installed as Commissioner, succeeding the late Edmund W. Thorne.

Daniel T. Conroy was elected Secretary, succeeding James M. Sturtevant, who will continue to serve as District Treasurer. Mr. Sturtevant has held both positions

in recent years, but asked to be relieved due to the pressure of other duties with the Fire Dept. and the Nassau County Fire Commission, of which he is also a member.

The other members of the Board of Fire Commissioners are William DeFania, who was re-elected last month for his fourth 5-year term; and Henry E. Strauber.

Contracts for the purchase of two new pumps and one new floodlight truck have already been let to American-LaFrance Corp. The Commissioners are now studying plans for the construction of two additional fire stations, one on Union Ave. near Hempstead Tpke. and one on Stewart Ave. in North Bethpage. Two additional Engine Companies will be organized by the Fire Department to man the new stations.

BETHPAGE—Three local youths were hurt in an automobile accident here, Tuesday, before noon.

Joseph Zerega, 16, of 11 Adley Ct. here, drove a 1956 Ford convertible, owned by his father, Augustine Zerega, which hit a telephone pole and tree on Central Ave. He and two other boys, Robert Reyes, 21, of 289 Bway, here, and Nicholas Lopez, 19, of 12 Railroad Ave. here, were taken to Meadowbrook Hospital. Zerega, who suffered a fractured left thigh, was reported in "fair" condition and not on the danger list yesterday (Wednesday) morning, by hospital authorities.

The convertible was demolished, the pole broken, and the tree—owned by Thomas Oliver of Central Ave.—uprooted, according to the police reports. Dr. S. Schmeiser of 7 Biltmore Blvd., Massapequa treated the boys at the scene of the accident.

The car was moving south on Central Ave., when it hit the pole, on the west side of the avenue, 500 feet south of Bethpage Pkwy., here, and swung around to hit Oliver's tree with its rear. The road was wet and it was raining, police reported. Zerega was driving with a junior operator's license.

If you're saving for a home...

Where you save does make a difference

Just consider the advantages you get when you put your savings in an insured Savings and Loan Association... Excellent returns from your money. Modern, efficient, forward-looking service.

And, of course, your money is safe because in these Associations your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSLIC—an agency of the U. S. Government.

No wonder Americans are now putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else! Clearly, it pays to save in insured Savings and Loan Associations!

Confraternity Parents Meet Next On Mar 5, Skip February Session

HICKSVILLE — The Pius X Society of Confraternity Parents and Teachers of St. Ignatius Loyola R. C. Church held their regular monthly meeting on Tuesday, Jan. 3, in the school cafeteria. Upon the absence of the Moderator, Father Lawrence Ballweg, Mrs. L. Caponegro, President, opened the meeting with a prayer to St. Pius X.

Mrs. William Giannelli, Ways and Means Chairlady, reported on the success of the Christmas Pageant which took place on Dec. 18. She thanked everyone for their co-operation.

Mrs. R. Nankeville, Chairlady of First Communion Committee, announced that more definite plans regarding dates, etc., will be made at the March meeting.

Mrs. Hoosack, Delegate to the Nassau Council of Catholic Women, distributed circulars to the members which urged United Prayer for United Nations. She asked the membership to place these circulars in places where they will be read by everyone such as subways, offices, beauty parlors, etc. All God-loving Americans are urged to take part in a "Grass Roots" movement called "United Prayer for United Nations".

G. Maguire, Athletics Chairman, announced that the Yellow Jackets Midgets Football team ended their season in 3rd place. Three boys on the team were chosen by all the coaches in the Northern Division of the Midget Football League as All-Star players. The boys who were so honored were Peter Gregorich, Pat DeMonaco and Howie Schack.

The Committee has finally obtained the Fork Lane School gym for practice on Saturday mornings for basketball. All boys of the parish from 8 years of age who are interested are to come to the Confraternity building at 9 a.m. Saturday morning. Mr. Maguire then showed movie film on the midget football games which were enjoyed by all.

Guest speaker Father Vincent Powell, Diocesan Director of the CYO, spoke to the members on juvenile recreation. He stressed the importance of play and recreation for children. Supervision and interest in children's activities from toddler to teen-agers is the duty of each and every parent.

Parents should insist on places

outside the home, such as parks and playgrounds in the community for the children to play, he said. Homes should also be available for children to entertain their friends. Father Powell was very pleased at the interest of the members in the Midget Football team but he said he would like to return here in four or five years to see if the parents were just as interested in the activities of these boys as teen-agers.

Mrs. Caponegro announced that due to fuel conservation week there will be no February meeting. Our next regular meeting will take place on Monday, March 5 at 8:30 P.M. in the cafeteria.

Fireman Hurt As Barn Burns

BETHPAGE — Daniel Jochin, 23, of 201 4th St. here, was fighting a blaze in the Old Grohman Barn with 68 other Bethpage firemen, Tuesday, when a falling beam struck him on the head.

The Fire Dept. ambulance took Jochin to Meadowbrook Hospital with a concussion, according to police. He was examined and discharged the same night, Fire Dept. officials report.

All the Fire Dept. trucks were called out that evening to fight the barn fire, at Skellington Rd. about 1,000 feet west of Gerhard Rd. here. No other fireman was reported injured.

HOMEMAKER'S DISPATCH:

Keeping Food Supply Cool

Perhaps the most frequent question asked by home-freezer owners is, "What is the best temperature for keeping foods?" The answer is zero degrees F. Research shows that foods don't keep their quality well at higher temperatures; and at temperatures below zero they don't keep enough better to warrant the extra operating costs.

Just setting the control at zero isn't foolproof, though. Temperatures vary in different parts of the freezer. To know where to set the control to make sure all food is stored at zero, set a thermometer in various locations inside the freezer and record the temperatures. If you have a chest-type freezer, you'll probably notice that the space under the lid is likely to be warmer than the rest of the interior. In an upright freezer, the space just inside the door will be warmer. The top shelf is likely to be the coldest and the bottom shelf, near the compressor, warmest.

Some manufacturers recommend turning the indicator to its coldest position several hours before a load of food is to be frozen. Then the extra chill of the stored food will offset the warmth of the unfrozen food.

HERALD READER OPINION:

Fork Lane to Quit National Body?

To the Editor: I was a member of a small group attending a P-TA meeting at Fork Lane School, Tuesday evening, Jan. 10. There were not enough members present to constitute a quorum, so the meeting was of unofficial nature. Even so, Mr. Coney, the president, let a lengthy discussion be held regarding disbandment of the Unit.

Mr. James Burke asked that the president serve notice on the members of the P-TA that consideration is being given to ask for a vote to disband. Mrs. Marie Pritchard asked that further consideration be given to this proposal. Another spokesman added that the By-Laws were too binding and that a parent's group could write By-Laws to suit their own ideas.

I wonder if the members of this P-TA realize what this would mean to them? As it stands now with our being a member of the

National Congress of P-TAs, no parent with a child in school, or any person who will uphold the policies of the National Congress, can be denied the right to belong to a P-TA unit and have a voice in its operation.

Through this, a parent has the right to question their child's well being, and to be a part of educational activities, beginning in a legal unit, and reaching as far as State and National level. Without being a member of the National Congress of P-TA, a parent's group can write their By-Laws to include or exclude anyone whom they wish to.

I cannot feel that an organization such as this could serve to as great an advantage to parents and children, as a unit that is a member of the National Congress. Children could be exploited by a group such as is suggested, without any or all parents having a right to lift their voices in their defense.

It is hoped that the Superintendent of Schools and his assistant will try to explain to the Fork Lane P-TA that they are making a grave mistake.

Still Time to Register For Adult Education

HICKSVILLE—Adult Education registration is still open for most of the courses for those people who forgot to sign up earlier this week, or who were deterred by the bad weather.

Elery H. Bean, Director of Adult Education, said that new students may register on the first day of any course except these, which are filled to capacity: Golf, Tailoring scheduled on Monday (Thursday class is open), Speed-Reading, and Ladies' Gym.

About 700 adult students registered, Monday and Tuesday nights, but more are expected to register for Driver Training courses and at the first classes of other courses, Bean said. Last term, 1,372 were enrolled.

A Spring concert is planned for the Community Choral Group, which, it is hoped, will grow into a community tradition from the beginnings as an adult education

course. Raphael Kosakoff, director, was pleased with the registration and attendance this past Monday, it was reported. He invites others to join the group, especially male voices. Meetings are in the Music Room, Monday evenings, 7:30 to 9:30, in the new Division Ave. High School building.

A few requests, but not enough to schedule classes, were received for these courses: Preparation for Insurance Broker's License, Guitar Instruction, Stocks and Investments, and English and Word Study. Director Bean said that 12 requests are adequate to have a course added to the curriculum.

MR. AND MRS. FRED KIMMEL of 106 Broadway, Hicksville, visited Nassau during a three-day cruise from Miami aboard the S. S. Queen of Nassau. Since the ship docks a half block from Bay St., they found the native straw markets and the typical British shops very accessible. New Realty Firm Opens Office

HICKSVILLE — Announcement was made of the opening of a new real estate firm, One Chance Realty, on Jan. 14, located at 1 Chance St., here, by Harold L. Krainin, the head of the organization.

Krainin, an attorney, the head of a local civic association, and active in the community for many years, stated that this firm would specialize in the "custom resale" of homes in the Mid-Island area. In explaining "custom resale", he pointed out it meant "the endeavor to bring only serious minded, financially responsible purchasers into a prospective seller's home. We don't intend to clutter the seller's home with 'shoppers' just in for a 'look-around'."

The location of the new offices is on Old Country Road just one block east of the Levittown Pkwy. traffic light, and the phone number is WElls 8-2422.

HAROLD L. KRAININ

Old Country Rd School

(Continued from Page 3)
The grade comes to school at 8:15 and stays until 12:15, going home for lunch and the rest of the day. The remaining half comes at 12:15 and stays until 4:15. This schedule allows for 4 hours of teaching time, as compared with the 5 1/2 hours of a full day.

If the addition had not been provided and enrollment figures had swelled the way they have, Duncan estimated that grades 5 and 6 would have been transferred to Nicholas St. School, and the rest of the children would have been on double session.

The Old Country Rd. addition is fundamentally the same as the additions on the Burns Ave., Fork Lane and Dutch Lane schools, according to Duncan, except that the shape of the three-wing Old Country Rd. school is now step-like, whereas the others are now U-shaped, their wings forming three sides of a rectangle.

The new addition does not look very different from the original structure at first glance, and the "break" would pass unnoticed except for the terrazzo flooring, rather than asphalt tile, and the smell of new plastics, paint, etc. Added facilities, however, are expensive. There is a new gym, a new combination band practice-stage-classroom, a new arts-and-crafts room, a new teachers' room, a new visit-teacher's consultation room, a new public address system throughout the building, and, in the original wing, a new dental hygiene examination room. The specialized facilities are loaned under the classification "classroom" in the total figure.

The ordinary classroom in the new wing has minor changes from the original, although the original classrooms also are modern.

A library room and an arts-and-crafts room, complete with kiln, are in the new addition. These rooms are partly used for their particular subject and partly as regular classrooms.

Until now, all indoor physical education activities were held in the "all-purpose room," a combination gymnasium, cafeteria, and auditorium. Extensive new physical education facilities will relieve the strain on this room.

The new gym has, on a smaller scale, two features found in the new high school gym. A motor-driven folding partition divides one large room into two teaching "stations" when desirable. The floor, too, has the same cork base and small, inlaid wood strips which are in the beautiful floor in the high school gym.

Adjoining the gymnasium is the boys' locker room, complete with showers, and across the hall the same, though less extensive, facilities are provided for the girls. The shower rooms are appropriately tiled in pink and blue.

Looking onto the gym, the combination classroom and stage is

particularly useful. Another folding partition, soundproof, separates it from the gym and makes it, too, a complete teaching unit. The stage, gymnasium and locker rooms are the only unfinished portions of the new wing.

Also unfinished are the macadam tennis courts which will not be finished until next spring. According to the principal, the courts will be used by neighborhood adults as well as students of the school.

The new public address system will be used to pipe educational programs into particular classrooms as well as for announcements, Duncan says. WNYC, New York City station, he says, specializes in producing 15-minute programs specially suited for this use. The system installed in the school can carry messages one way only, from the office to the other parts of the building, and not back. The principal plans to have students enrolled in the Dramatics Club operate the formidable gadget.

The appropriation for the addition was, like the other three elementary school additions, \$600,000. About \$500,000 has been spent so far and it is estimated that the expenditures will about equal the appropriation, according to W. Donald Walling, Asst. Superintendent of Schools for Business Administration in the School District.

Federal construction aid, received by the district on the basis of number of students whose parents are engaged in defense or federal projects, amounting to \$488,960 has been applied to the Old Country Rd. School construction cost.

Architect Draws Working Plans For New Addition To Library

HICKSVILLE — The children's division of the Public Library here will be open on Friday evenings from 7 to 9 beginning Friday, Jan. 13. Judging by the great popularity of the Tuesday family nights, which will be continued, this is a service desired by the community.

John Savage, a graduate of the University of Michigan and the University of Michigan School of Library Service, is the new Reference Librarian at the Public Library. He has been employed as reference assistant at Cornell University since 1951.

All choirs and choral groups are urged to look in on the collection of choral sheet music donated by Mrs. Elwood A. Curtis, former president of the Choral Society.

"We have over 275 selections with from 6 to 25 copies of each selection available for loan. The collection has been fully cataloged and includes patriotic selections, rounds, standards for barber-shop

quartets, some popular selections and a great deal of sacred music that can be utilized by church choirs," according to Kenneth Barnes, library director.

"Many people have inquired about the progress of our new extension. The architect is now in the process of drawing up the final plans, which will be ready in about a month. After the plans are finished, bids will follow, which will take about 6 weeks to complete. After that, construction will begin. We hope to have our new extension in operation by early 1957," Barnes added.

Architect Fee Given Approval

HICKSVILLE — A \$17,640 architect fee for the Public Library addition was approved for payment by the School Board at last Friday's meeting.

The fee, which is included in the \$252,000 appropriation, is 7 per cent of that figure, a customary charge for a structure costing that amount, according to Mrs. Joseph J. Ulmer, President of the Board of Library Trustees. The Trustees had approved the fee last March and paid \$1,000 of it as a retainer. The architects are Chapman, Evans and Delehanty of New York.

By HOWARD FINNEGAN

Chet Jaworski stands much the same as a diligent mid-western farmer surveying a small but healthy field of grain sprouting in a bed where most said nought could be produced. Overshadowing pride in concern for the crop is very definitely threatened skyward by a swarming mass bent directly at destroying it.

And so it is as undefeated Oyster Bay invades the Hicksville gym to face the undefeated Comets, in what has become an annual drama of the Eastern Division basketball race, that Jaworski must hold together his team's budding ambitions in a test that has come much too early.

For a capacity house of 1,500 fans will see tonight (Friday) in the Orange gym a contest that was not slated to have such importance in 1956.

It has been acknowledged that this was the year that Bethpage just might disturb the Baymen but Hicksville could not perturb them.

This Oyster Bay team is the club, a year older, that Hicksville edged last season for the championship. It has improved in every phase over its '55 club which many persons, including this reporter, felt was the best in the County last year.

Hicksville has lost five from the group that excelled in the pennant grab but has soundly worked its way past Port Washington, Garden City, Levittown, Great Neck, Westbury and Farmingdale.

The last two clubs were engaged in league contests and were each held to 28 points, an unheard of low score even for a loser in this day of give-and-go, by a sturdy zone defense.

Oyster Bay will have all the edge in height but the Comets look for John Magee to win them some balance with another splendid game off the boards.

The varsity had to sit out almost 13 minutes in Tuesday's 52-28 win over the Dalers but Jaworski may have found some reserve help from the performance of Dick Muller and possibly that of Daniel Van Sise.

The great weapon of Oyster Bay will be its awesome and precisely executed press. The greater question is can Hicksville overcome it?

That can only be decided by poise, the officiating and the degree of pressing allowed plus coolness from the foul stripe. On that line the work of even the best presser can be overcome by converting the free throws it must relinquish in its zeal.

Hicksville was very good from the foul marker earlier in the campaign but has slipped off a little lately.

Oyster Bay rocked Roslyn this week but the losers had 22 successful conversions. If Hicksville can knock home 30 to 35 it will be a scramble.

It is to be remembered in figuring this one that the visitors won by 30 points at the Hicksville court, which was of course the old bandbox, last year but could not turn back the Comets and their usual late season improvement in the payoff game.

Hicksville will be a better, stronger club a month from today but early or not the issue is tonight.

Provided the Comets are concerned only with the directions of their coach tonight we lean to the coupe of the season: Hicksville 76, Oyster Bay 70.

Despite the fact that it lost a good deal of manpower when it was decided that Hicksville have two Junior Highs competing in interscholastic sports, the old Junior High continues to retain its high position in the athletic world.

Following the undefeated football season coach Carmen Girolomo and his boys have gotten off winging in basketball.

Three hard-earned victories have been earned in as many starts. Oyster Bay was defeated 28-27 and a 26-20 verdict was notched over Garden City. In the first league game Westbury bowed 40-36.

The team has nine more league games to go and even though a unit front would have meant a sure championship the Orange and Black still stands a very good chance.

Girolomo is glad that more boys will be able to play the game and he isn't concerned that the split may have taken some strength from him. He is very pleased with his club and the work of the boys.

The tempo of team scoring is very well balanced and the major of work has been handled by Larry Slofkin, Richard Dileo, Fitz Pawlitschek, Richard McKenna, Tom Boyuka, Phillip Lomenzo and William Schrimpe.

The boys were guests of Mr. Girolomo and the Jr. High athletic department at Madison Square Garden, last Saturday night. They witnessed the collegiate double header in the eighth avenue arena and saw either the number one or two team in the nation, depending on individual judgment, in Dayton University.

Mr. Slofkin helped transport the boys to New York.

teur Baseball Assoc., aimed at furthering baseball education at the pre-teen level. Holmes explained that in addition to his own demonstrations, the Association holds "clinics" for managers in the hopes of relaying baseball fundamentals to young boys. The program is on a scale similar to that of the Dodgers in Vero Beach.

Mr. Holmes hopes to demonstrate to as many local school children as possible before reporting for spring training to the West Coast where he is now manager of Portland in the Pacific Coast League.

"We are hoping that this thing will multiply if possible," added Mr. Holmes.

Allen E. Davis, Jr., principal of Burns Ave. School, said that this demonstration by Tommy Holmes is the first in a program designed to bring professionals and experts before the children. More of the same will follow now that the gym has been completed.

Meanwhile William A. Hayes, president of the Burns Ave. P.T.A., reports that plans are under way for a square dance at the next scheduled meeting of the P.T.A. on Thursday, Jan. 19 at 8:15 PM, to
