AWARD LEE AVE. SCHOOL CONTRACTS

Board Gets 5-Year Plan; Another Referendum Soon

HICKSVILLE—The Board of Education is scheduled to receive a report on local public school building requirements, spanning the next five years at a special open meeting this Friday night, Feb. 8 in the new high school on Division Ave. Preliminary action upon the preparation of questions to be submitted to public referendum, including the proposed purchase of the property on Willett Ave. in the north side of the district, is anticipated.

A committee of the School Board with the cooperation of school administrators has been developing data on anticipated student enrollment. Milton Leavitt and Emil J. Seendy, trustees, are members of this special committee which was scheduled to complete its studies last Tuesday night in preparation for the meeting this Friday.

The committee came into being following two referenda last year when proposals for permanent school buildings were rejected by the voters.

At the regular monthly meeting last week, construction contracts were awarded totaling \$417,536 for additions to Lee Ave. School. Voters in March of 1955 approved the expenditure of \$488,000 for the work.

John Simon, Inc. won the general contract with a bid of \$296,850, with an additional \$16,567 for selected extras such as plaster walls, terrazzo for vestibules and corridors. Heating, plumbing and electrical contracts were won by Wilmer Heating Co., Braun Bros. and Bana Electric Co.

Meanwhile, work was expected to start this week upon the erection of the temporary addition units at the Woodland Ave. School site where 4x9 pre-fabricated sections have been delivered.

Parents Seeking Library Service

JERICHO — The P-T-A here decided recently to recommend the purchase of library books and employ a librarian's services for the district schools.

The association will recommend that the School Board include this item in next year's budget. It also decided to contribute money for a portable public address system for the schools.

Miss Grace Stanistreet told the meeting that children's creativity did not necessarily need lessons in some instrument, dancing or painting to express itself. Miss Stanistreet, the director of the Children's Theatre of Adelphi College, Garden City, said that the youngsters' creativity may be expressed in many other ways, every day.

Eisemann Celebrates With Thousand Friends

HICKSVILLE—More than a thousand persons, representing every level of county and local government, leaders of commerce and industry, utility officials and many neighbors and friends turned out Wednesday to help Henry G. Eisemann celebrate the opening of his new office building at 167 Broadway. Those attending agreed it was the "biggest party of its kind" in community history, celebrating Mr. Eisemann's 35 years with Seaman and Eisemann. The guest list read like "who's who" for every profession and business. Leonard W. Hall, chairman of the National Republican Committee, was among the many friends of the host who inspected the modern building and its facilities.

Bethpage To Talk High School Plans

BETHPAGE — The initial step toward building a new High School here was taken at Tuesday's School Board meeting, when it was decided to meet with architect Frederic Weidensum.

Weidensum has designed previous structures for the district. He is to talk to the Board next Tuesday, about drawing up plans for the new high school. The Broadway school is intended for junior high school use.

Just how far the district can go with the plans for the new building is uncertain now, because of the State Dept. of Education's refusal to give the high school program an official charter. It may also refuse to approve structural plans for a new building.

However the problem of the centralization of the Old Bethpage School district, which is the basis for the state's holding back approval of local plans, may be resolved. It has been the subject of recent discussion and may be solved without causing great delay, officials believe.

So many citizens came to the meeting Tuesday that the School Board moved from its usual meeting room in the Broadway school office upstairs to the library. About 30 persons attended.

Ten of the spectators presented their wishes to have an eighth

grade graduation this year, complete with an evening ceremony, diploma or certificate and valedictorian and salutatorian.

Led by Mrs. Evelyn Krans, they told the Board that the children now in the eighth grade deserve these marks of achievement because they have borne the brunt of every growing pain the school district has had.

The board overruled some recommendations of Ernest Sechrist, high school principal, in according to the demands for an evening rather than a daytime ceremony for these children, and in designating a guest speaker from the administrator's proposed program. They also specified that special awards would be made at the same ceremony.

EDUCATIONAL PHILOSOPHY
Sechrist said that giving diplomas to 8th graders when the grade no longer marked a division in the district's course of study, would violate the present philosophy of the educational program. The district now adheres to a 6-3-3 course of study, he said, six years elementary, three Junior high and three senior high grades, and the tradition of an eighth grade ceremony. Chlamsky Host To Fund Helpers

JERICHO — Frank Chlamsky, chairman of the Hicksville unit of the Salvation Army, was host on Tuesday to 30 women who canvassed for the Salvation Army fund drive. The women heard comments by Jack Peters of the Salvation Army, who also showed a film; and Mrs. Edith Ackerman, who is in charge of Salvation Army welfare activities in Nassau and Suffolk. The luncheon gathering was held at the Milleridge Inn, here.

Amvets Ready To Solicit Here

HICKSVILLE — Malcolm Gertson, commander of Robert O. Under Post, Amvets, today announced that members of the post with proper identification will be conducting a drive in the community this week. The announcement was made to advise the community that an authorized drive is underway. Persons in doubt as to the identity of post members are invited to call Gertson at WE 5-4027.

Methodists to Enlarge Church and Facilities

HICKSVILLE—A three-year campaign to raise \$150,000 was begun last week by the Methodist Church.

The money is for a planned extension on the church, which is on Old Country Rd. at Nelson Ave. The addition will include religious education facilities in addition to an addition to the sanctuary.

An initial two-week canvass was begun Monday, Jan. 28. Rev. Cranston Clayton, pastor, said that the church officials would be collecting money pledged now for three years.

The Hicksville Methodist Church moved to its present church building in April, 1950. Before that it was located on Broadway, since its organization in 1900. In 1900 the organization consisted of 14 members; last week Pastor Clayton estimated the number of churchgoers to be 1,700.

Hospital Auxiliary Marks Quarter Century Of Service

HICKSVILLE—The local branch of the Women's Auxiliary to Nassau Hospital, organized 25 years ago on Jan. 14, held its annual meeting and election at the home of Mrs. Elwood A. Curtis, chairman, in Wantagh Thursday. Others elected were Mrs. Wm. Kroemer, vice chairman; Mrs. Eugene Staehle, secretary and Mrs. Joseph Frohneffer, treasurer. Mrs. Curtis and Mrs. Staehle have held the same offices during the entire quarter century. Others who joined the first year and are still members include Mrs. Louis Ruppel, Mrs. Otto Rettberg and Mrs. Charles Baumgardner.

The Auxiliary which is now planning its annual card party for Friday night, Apr. 27 at the Masonic Temple, has worked on 96,085 articles during sewing meetings at the hospital and over the years has contributed \$7,566 to the hospital, including \$61.07 remaining in the Choral Society treasury when it discontinued rehearsals.

"May I thank everyone who has helped us in the past and hope they will help us with their kindness in the future", Mrs. Curtis said this week.

Board Acts on Insurance Plan

HICKSVILLE—The school board voted, Friday night, to place its Workmen's Compensation Insurance with the State Insurance Fund, on the recommendation of Dr. Wallace E. Lamb and W. Donald W. Walling, since there would be an approximate \$1,500 saving on the premium; and the assurance that the Fund was reliable to deal with.

Before voting, there was considerable discussion on the subject, with Board President Edna Sutton commenting that if the Board separated this insurance from its other insurance other companies may not want to underwrite the other insurance.

Lamb also recommended that only the insurance on the High School be awarded on bids at present to see how it works. Trustee Joseph Cawley presented a motion, seconded by Arthur L. Eirich, that the school administration be authorized to secure "Informal Competitive Quotations" from brokers on the High School insurance.

Ingenious Real Estate Deals Nothing New For T. F. Appel

HICKSVILLE—The "most unusual and ingenious real estate transaction on Long Island during the year" brought a prize \$750 government bond as a reward to Thomas F. Appel, real estate broker here.

The deal which involved three buyers and about \$300,000 was complicated but not the largest transaction he has handled, according to the winner.

Appel's firm of Lahey and Appel, Realtors, at 146 Newbridge Rd., here, were the brokers who handled the sale of property on North Broadway which is being turned into the \$40,000,000 Mid-Island Shopping Center by Stackler and Frank. The price of that tract was almost a million dollars, Appel said.

The 1955 winning deal began with 90 acres in Smithtown belonging to a farmer, Peter Nowick. It ended with the purchase by Hillard Man, builder of Seton Hills in Bethpage. Man bought the property for another housing development.

Problems began a few hours before the signing of the contract between the first buyer that Appel found and the farmer. The first buyer couldn't buy after all. Appel was able to find a second buyer in short order.

To keep the confidence of the farmer, Appel had the first buyer sign the contract anyway, using the second buyer's money for the deposit. Later the second buyer took over the contract.

The property was then resold, at a profit to the second buyer, to the third buyer, Hillard Man.

According to Appel, there are about half a dozen brokers on Long Island such as he, who specialize in transactions involving only land.

NOEL DENNIS, a first class scout of Troop 64, is the first scout in this area to receive the NER TAMID medal, the equivalent to the God and Country medal for scouting. Noel received the award for achievement in the 12th scout law. "A scout is reverent." Sunday, the day of his Bar Mitzvah. His parents, Mr. and Mrs. Martin Dennis, of 92 Ketcham Rd., Hicksville, held a reception in their home. The celebration also commemorated the golden wedding anniversary of Noel's maternal grandparents, Mr. and Mrs. Louis Reiskin of Brooklyn. The ceremony was at the Midway Jewish Community Center. Rabbi Morris Appleman presenting the award which he instituted. Discuss Code Of Behavior

HICKSVILLE.—Some parents and teachers in the junior high school will meet this Monday to discuss a "Code of Social Behavior."

The group will endeavor to compose a set of standards for parents to guide students. The meeting is at 8:15 in the Division Ave. school.

Pre School Group Holds Work Shop

By LIBBIE KOZMA

Handling behavior problems among very small children was the theme of the recent Burns Ave. Pre-School meeting, directed by temporary chairman, Mrs. Stanley Chaner of 132 Ohio St., Hicksville.

A movie, "The Terrible Two's and Trusting Three's", pointed out characteristic, normal behavior of these two age groups and how parents can deal intelligently with perplexing problems that are really not so perplexing once they're

analyzed.

Mrs. Mary Brigandi, director of Sunnyside Nursery School, let the group in an informal discussion of pre-school situations, drawings from her experience with small people. Prominent among her techniques when arguments arise among the children are: (1) distraction—immediately placing the "aggressor" in another part of the room, or with an entirely different toy; (2) separation of children into similar age groups because "the older they are the rougher they play"; only in singing or musical activity are they able to work together without friction; (3) no spanking for little misdeeds—"lifting them on a chair is a more effective punishment than spanking", Mrs. Brigandi commented.

Mrs. Chaner announced that a permanent Pre-School chairman has been chosen—Mrs. Eileen Grippo, of 83 Kuhl Ave. The Refreshment Committee consists of Mrs. Helen McLean and Mrs. Priscilla Burnside, who prepared the coffee and cake for this particular meeting.

Dear Jean:

A new gimmick is being used around town to sell an item. First, a slip is put in your mail box stating that in a couple of days the representative of a well known company will call and deliver a free Anchor-Hocking glass dish with a 22 karat gold border to you just for listening to him. When he calls he hands you the dish, then brings in a Kirby vacuum cleaner, and attempts to sell it to you. When you refuse to buy it, he takes back the dish. . . .

Baker Saw Growth In 33 Years

HICKSVILLE —The history of the Broadway Bakery, as told by its owner and former operator, William Feirstein, has much in it of the recent history of the community. The former is closing, however, and to most observers that of Hicksville is just beginning to boom.

The bakery is now closed because of Mr. Feirstein's recent illness which makes it impossible for him to work. After 33 years of operation the store is now for rent, and Mr. Feirstein is due for rest and convalescence, in his home above the store.

Mr. Feirstein has spent 33 of his 73 years here. He came here from New York in 1922, with his wife and five children. He began a bakery shop in the store which is now Smith's Drug Store on North Broadway near John St.

Thirty four years ago in 1922 North Broadway had only about four houses, Mr. Feirstein remembers. It was a street lined with empty lots. Later, his son-in-law, Sam Kellner, was to build some of the houses and structures later located on the street.

Methods of transportation were old-fashioned but not so very inconvenient, according to Mr. Feirstein's account of his travel from

New York to Hicksville. He took a train to Mineola, but at Mineola the wait for a train was too long and Mr. Feirstein took a trolley from Mineola to Hicksville. Many a commuter standing on the Jamaica railroad platform, wishes he could do the same these days.

Nine years after he first arrived, Mr. Feirstein moved his Broadway Bakery from the original location to a house and store he had built farther up the street, opposite what is now the Hicksville Post Office.

The Broadway Bakery had a history of good baking behind it. Mr. Feirstein had been a baker all his life, and had worked at his profession in New York. His father before him had been a baker, too, even in "the old country" which is how Mr. Feirstein refers to Austria.

The fact that Hicksville was relatively undeveloped in 1922 made it as inviting to Mr. Feirstein as the development of Hicksville is to businessmen today. He knew that he would find two or three bakeries here then, while in New York there were thousands. And he knew in Hicksville he would have a better chance to be successful and to grow, "to make something of myself."

And now that he has, and no longer can work at it, the community wishes Mr. Feirstein a quick recovery and many, many pleasant days ahead.

Bethpage Vamps Get Week's Rest

Nine fires were reported last week by the Hicksville Fire Dept. and one by the Jericho Fire Dept. There were no fire alarms in Bethpage, but there were two ambulance calls.

George Lutz 52, of 137 Herman Ave., Bethpage, is reported by hospital authorities to be in satisfactory condition this morning. Lutz, who has lived in Bethpage for about 30 years, had a stroke and was taken to the Brunswick Hospital, Amityville, this morning. According to a member of his family he had not been feeling well lately.

The Hicksville Fire Dept. ambulance records for the week were unavailable.

Operation VFW

By HOWARD W. DARLING

The VFW is a good outfit. There are three basic requirements governing eligibility for membership in the VFW: First, citizenship; second, honorable service with the armed forces of the United States; third, service entitling the applicant to the award of a recognized campaign medal. If you qualify get in touch with George Falden at 66 Briggs St.

Sometime during this month the members and friends of Alfred and Phyllis Wangenheim, will bid them adieu for they are leaving the shores of the United States to take up residence at Liverpool, England, for at least two years. Al's new position is taking him away from us for that length of time. Post 3211 could never ask for a more congenial, ambitious and loyal member than Al. During his brief membership in the Post, he has advanced to the position of Junior Vice Commander, and in which position he was becoming known as the best activities chairman we have ever had in this particular spot.

I am sure that Al will be more than willing to take up, where he left off when he returns to 3211 again. All of us will miss you and your family Al, and sincerely hope and pray that God will guide and keep you safe from all harm and danger, while you are away from

us. God speed and come back as soon as you can.

Two new members were added to our rolls at the last regular meeting. Namely, George W. Safford and Curtis Fitzgerald. Welcome fellows and here's hoping your stay with us will be most profitable and enjoyable.

Good seeing Joseph Pentola out at the last meeting. Haven't seen Joe in months due to night work.

At the first annual meeting of the Board of Directors, Hicksville Veterans Assoc., William Frobenhofer was elected President; Frank Sutter, Vice President; James Kleug, Secretary; and Joseph Reinhardt, Treasurer.

Bob Obermeyer told me that the VFW is now bowling down at the Five Belles Alley's in Westbury on Friday nights. Drop down any Friday evening about nine and they will be more than pleased to sign you up.

What is Gene Intropelli trying to do? First his foot now his finger. Speedy recovery, Gene.

Has anyone seen Harry Lambert, Chester Owczarek, Arthur Retzberg, John Hanlan or Louis Rowehl? If you do, tell them that they have a 3211 Clubhouse date come Monday, Feb. 13.

Don't forget our Annual Dinner Dance at Henningsen's Restaurant on Saturday night Feb. 18th. Tickets are \$9 per couple. Call

Veterans of Foreign Wars William M. Gouse Jr. Post

George Walden or John Mulligan for tickets and/or reservations.

Reader Opinion

To the Editor:

How can anyone be surprised at the failure of a P-TA unit at Fork Lane School? It takes only a visit to a meeting such as the one in November to see what's wrong—nothing's right. Never has there been such a loosely run collection of people and it had no resemblance to PTA whatsoever.

An ineffectual leader, holding to no order or form, hurrying through the business of the Association to reach the entertainment (which is all this group seems to care for) was pathetic to watch.

We have news for these people: they fell into a neat trap—very plain to an outside observer. This was triggered by a very weak suggestion from the chair to have a P-TA Christmas party for the children. This was the cue for a line-perfect teacher to suggest, instead, a "gift". Forthwith all idea of the children's party was abandoned—without discussion. The "business" of selecting a committee was dispatched with patness possible only by pre-arrangement.

When this much can be seen in one visit, then anything is possible, and the question is—Does Fork Lane School deserve a P.T.A.?

The time schedule follows: Faculty Dinner at 6 P.M.; Back-To-School Night at 8:15; Cake Sale at 10.

Disaster Hits Family 2nd Time

BETHPAGE — Three members of the Douglas A. Willoughby family are now able to live in part of their house, at 869 B'way here, which suffered about \$2,800 damage in a fire recently.

Mr. Willoughby, his wife and three year old daughter, Megan, are now living at home, but Willoughby says it may be several weeks until the house is repaired. However, the chiropractor has been able to use his office, in the house, in spite of the water-soaked walls.

The house, between Plainview Rd. and Cherry Ave., had been up for sale before the fire, and the family had planned to move somewhere else in the vicinity. Now, however, Willoughby says their plans of moving will have to wait until the house is "squared away." The five other Willoughby children are "farmed out" as their father puts it, for the second time in the year and a half that they have lived in the house. The first time was last August, when the house was flooded.

Mr. and Mrs. Otto Krueger, of

Silver Lane here, are caring for Pat; Mrs. Guggan, of 33 Parkview Circle here, is taking care of Katherine and Sue; Mr. and Mrs. G. Bruges, of 37 Linden Ave. here, have Ben; and Douglas Jr. is being taken care of by Mr. and Mrs. W. Robinson of Uniondale.

The fire, Saturday night, Jan. 21, began in a barbecue pit located in the breezeway of the house. Willoughby was turning surplus firewood when the fire broke out in the chimney. After checking the oil burner, the chiropractor finally located the fire and he and his wife got the six children outside.

However, the was 11 at night, late for seven year old Sue, who decided to go back to bed. Willoughby was back in the house getting the dog and calling the Fire Dept., when his wife, outside, called to him that one of their brood of six was missing. When he went to look, there was Sue, in bed under the covers, asleep.

450 Adults Enroll For Spring Term

BETHPAGE — About 50 additional students are expected to register during the next two weeks for the spring term of the Adult Education program, bringing the total to about 450.

This is 100 less than last term, according to Rodman Hartjen, director of the program. Registration usually falls off every January compared to the previous September, he said.

All courses except two are still open to new students. The two which are filled are Beginning Ceramics and Upholstery.

These courses will be discontinued after Feb. 15 unless additional students register for them: Red Cross Class in Home Nursing, Charm Course, Beginning Dressmaking, Woodworking and Beginning Piano.

Special Event at Civic Session

By DOROTHY E. BROWN
Wells 5-0128
Civic meeting at Lee Ave. Wed-nesday, Feb. 8, at 8 o'clock P.M. All Millwood Gaters please attend! After several matters of business which will be very interesting to all of you there will be a speaker and demonstration. It will be someone from Bobo Bros. who will speak to us on "Minor Repairs a-round your home" in regard to

household plumbing. Also there will be an open question period for individual problems. This topic should be of utmost interest to all of our members and also be useful in helping us save. Let's show the officers who are working very hard to get some very interesting meetings for us that we appreciate their work and be present at this meeting. 1956 Dues are due and payable at this meeting.

Birthday's this month are rather few and far between. In fact there are only five children with birthdays this month. They are Dennis Donlon who was six on the fifth of the month. Then the two previously reported ones who had parties are Pat Bowdridge who was nine on 17 and Carol Ann McVay who was three on the 18 of the month. James Szymanski of 4 Greenbriar Lane was 11 years old, on the 22 of the month. Last but not least was my own daughter's Susan who was three on the 23. We had a birthday dinner party for her with her friends and their parents for dinner. Lynn and Billy Wyman enjoyed the spaghetti dinner with the fresh fruit salad and usual ice cream and cake for dessert.

NORTH WEST NOTES:

Thieves Enter Kuhl Ave Home

By JAMES J. CUMMINGS
The home of Mr. and Mrs. Frank Gilligan at 63 Kuhl Ave. was broken into by burglars, Friday night. The prowlers entered by breaking a rear door window and proceeded to search the house using matches so as not to arouse suspicion of neighbors. In the bedroom a chair was found next to the closet door; it is possible that burglar was short or that youngsters might be involved. This is the first known incident in the area and we hope the last.

Residents are urged to take precautions in locking doors etc. before leaving the house, even if just stopping next door or a quick trip to town.

CIVICS MEET FEB. 7TH
The regular monthly meeting of the North West Civic Assoc. will be held on Tuesday evening, Feb-

ruary 7th at the Burns Avenue School at 8 P.M. All members are urged to attend this and every other meeting, as business discussed concerns you and our community in general.

BETWEEN ISSUES

Ray and Virginia Nyvall riding in style with their new '56 Dodge, just returned from a trip out to Detroit with family — loose dogs still making the rounds in the development, remember there are stiff fines imposed upon owners. Please keep your dog on a leash.

LEAGUE TO MEET

On the convalescent list we have little Susan Brown and Mrs. Edith Szymanski from a virus recuperating. Also Denise Dedgin is still on the recuperating list with some good days and then others not so good. Hear that Denise Murrery was scheduled for a tonsillectomy on this Thursday, Feb. 2. We hope that she is all Ok and home again today.

Vacations! Ah! yes, we hear that Mrs. Caracappa has her husband home for a week on his winter vacation. Hope you got the needed rest and didn't have to work too hard Salvatore Caracappa.

Let this be a lesson to you dog owners. Put your tags on the collar in such a way that they will not drop off if the dog gets loose (only by mistake we hope—Dogs are not allowed loose in Hicksville.) Since his family moved here only a month ago James W. Doris of 22 Mayflower Dr. continued a-long in his school in Whitestone where he has lived before. Last Sunday, Jan. 29 he graduated with his class of 75 from St. Luke's Grammar School. The pastor Magr. Francis Dillon gave them all a catered communion breakfast. At 8 in the evening at a regular ceremony where the boys wore their blue dress suits and the girls fancy dresses they received their diplomas. The class president gave a short talk. James will now resume his studies here.

High School Plans

(Continued from Page 1)
 many should not be continued for another year.

The Board was asked to agree to a change in a proposed parking field at the Powell Ave. School. Mrs. Simmons, owner of property at Broadway and Powell Ave. which the Oyster Bay Town Board selected for the parking field, wants the change to make possible future use of the rest of the property as a shopping center and parking area.

Mrs. Simmons' lawyer, Mr. Katzman, told the Board that if the Oyster Bay Town Board agreed to change the position of the parking field and if a zone change were granted, Mrs. Simmons might freely give the field to the district. Plans were made to recruit 50 more teachers for next year. Mrs. Elvira Melone, Trustee, asked Victor L. Miller, supervising principal, why the district had so many young and inexperienced teachers. Over 50 per cent of the staff is inexperienced, she said, while the salary scale was made up to attract more mature and experienced teachers.

A committee was authorized to study further the request of veterans who are teachers, that they be given extra benefits. The veterans want to be moved higher in the salary scale. Mrs. Melone heard their requests from a Veteran's Adjustment Committee of the Teachers Assoc.

William V. Benintendi, president of the board, reported the successful procurement of steel for the Broadway school addition and the Kramer Lane school. A possible cut in supply because of higher priority areas hit by last fall's floods, had threatened to seriously delay the school construction. The district will get the steel, however, he reported, and the delay will not be more than a few weeks, if any.

Benintendi said that criticism of the Heald Commission report has been too much on the basis of local districts' dissatisfactions with the money they stand to receive. "No one has come up with a better recommendation covering the entire state," he said.

Coast-to-Coast Dialing

Coast-to-coast dialing by users of 248,000 telephones in Long Island and Staten Island began Wednesday, Feb. 1. "This dramatic expansion of direct distance dialing range affects individual and two-party line customers served from 30 central offices in Nassau and Suffolk Counties, four in Brooklyn, and one in Staten Island," according to Walter A. Giles, vice-president and general manager of the Long Island Area of the New York Telephone Co.

These users will be able to reach eight million telephones in 14 major cities: Akron, Boston, Chicago, Cincinnati, Cleveland, Denver, Detroit, Kansas City, Milwaukee,

Oakland, Portland, Sacramento, St. Louis and San Francisco. This is in addition to the nine million telephones that already can be dialed direct in downstate and parts of upstate New York, all of Connecticut, parts of northern New Jersey and Pennsylvania.

"Nationwide dialing is almost as simple as dialing a neighbor up the street. For example, a customer wishing to call a number in San Francisco merely has to dial 415, which is the area code for that city, then the telephone number," Mr. Giles explained.

Present facilities do not permit four-party line users to dial these distant points.

MONTGOMERY ETTINGER has not been a "good Jew" and a jury of one woman and 11 men awarded \$250,000 to the Plainview Community Centre in a mock trial conducted Sunday night at the Centre. Invitations to the affair, sponsored by the men's club under President Bob Oppenheim, were in the form of legal-looking summonses. Judge Paul Widlitz is on the bench in the back ground while Murray Weingarten is on the stand as a witness for the defense. At the left are Landon Zukerman and Maldwin Felig, Plainview attorney, who took real-life roles in the proceedings which were thoroughly enjoyed by more than 200 present. The defendant, Ettinger, is not a real person. (Jim Healy photo).

The 24th is one of two American divisions stationed in Korea. It was the first U. S. unit to fight in the Korean conflict. PFC Fitzgerald, a clerk in the postal section at division headquarters, entered the Army in April, 1954 and received basic training at Fort Dix, N. J. He arrived in the Far East the following October. Fitzgerald is a 1952 graduate of Cardinal Hayes High School, New York City.

Pre-School Unit Holds Session
 HICKSVILLE — Parents would be less annoyed by children if they would heighten their tolerance of the children's actions by examining their own feelings in connection with the children's development, an authority told the Dutch Lane Pre-School Group recently. Dr. Lisa Kuhmerker spoke at a well-attended workshop of the group, their third workshop this year. She said that a constant re-examination of the parents' own feelings about their children, rather than what they read in the magazines, will enable them to balance this with their children's developmental stages. Then they can better help their children to attain the standards toward which they aim. The pendulum has been swinging away from extreme permissiveness in dealings with children, Dr. Kuhmerker told the parents. Parents are important, too, in themselves, and their feelings should carry weight. Dr. Kuhmerker, mother of two young children, is co-ordinator of Parent Education in Levittown School District, nursery school, and Kindergarten teacher. The discussion conducted by Dr. Kuhmerker after her talk was very successful, according to Mrs. Louis Kates, Pre-School Section Chairman. Everybody participated in an active, unrestrained way, she said. Mrs. Kates said, after the meeting, that she would like to see the organization of pre-school sections in other P-TA's here. The Dutch Lane is the only association that has one at present, she said, but she will gladly give information and advice to parents who want to start one. Her telephone number is WE 1-5010.

THE GREEN THUMB:

Don't Be Rushed To Planting

By ALMA W. CRAIB
 About the first of February the Sunday papers break out in a rash of ads for seeds, plant bands, plant foods, etc., that advise you to plant your indoor seed-flats NOW, and be the envy of all your gardening friends next summer, with blossoms months ahead of time.
 Don't let them fool you! Even the professional growers do not plant most of their annuals this early. The latest frost date for our area is April 15, which would give seedlings ten weeks to grow before

they can be set out in the open, and it is often advisable not to put baby plants out even then, because strong, chilly winds tend the tender tissue and turn them blue with cold.

Most annuals need about six weeks to grow to the size for transplanting into the open garden. You may do it a little early if you care to bother with Hotcaps, but if seedlings are left in the flat too long, they grow leggy and spindly, and are never as robust and well-shaped as if grown under proper conditions. Moreover, you will get very tired of having them around, demanding constant attention.

There are a few annuals, however, that develop very slowly, and should be planted now. They take about ten weeks to grow to proper size for transplanting into the flower border, and are well worth the extra trouble, to have early bloom. Lobelias, petunias, snapdragons, and vinca minor (myrtle or periwinkle) are in this class.

Lobelias makes a fine edging plant; it grows into compact little mounds that cover themselves with blue flowers of varying hues, and will make a continuous ribbon of color along the front of your border. It is pretty, combined with petunias, which may be started in the same flat. The new petunia hybrids make a wonderful show in the border, and if they are started early, will give a long season of bloom before the frost cuts them down.

Many people pronounce the word hybrid as if it were "high bred". They are, in a sense, high bred, and are definitely superior, but the word means the mixture of two species. That is, the mother plant is carefully protected from natural pollination by insects, and then fertilized by hand with the pollen of another species that has qualities that might make a better plant. This is how many of our flowers have been improved in size, color, and habit, until one would scarcely recognize their ancestors, but, strange to say, fragrance has decreased in nearly all hybrids.

Two perennials that may also be shown now, along with the annuals, are pansies and delphiniums. Pansies should bloom by June, if sown during February. Delphinium will bloom this year in Sept., but next year and thereafter, in July.

Next week we will discuss just how to start your spring garden, indoors.

Enjoy Benefit

Several hundred youngsters attended a recent showing of cartoons and shorts sponsored by the Burns Ave. PTA to help defray some of the expenses incurred by purchase of Safety Equipment for the school. Despite the fact that it was a last minute idea the committee on hand reported approximately \$40 had been collected toward the equipment expenses.

Bill Hayes and Paul Garcia were at the door collecting and seating the youngsters, while Kurt Maler secured the film for the show and was projectionist. Films included "Abbott and Costello", "Mickey Mouse" and many others for a run of about 90 minutes. Plans are being discussed to run alternate Saturday schedule of films for PTA and Cub Scouts according to Hayes.

Cub Pack Needs A Scout Master

HICKSVILLE — Cub Scout Pack No. 378, which is sponsored by the PTA of Fork Lane School, is seeking a volunteer to take over as Scoutmaster for the 12 year old boys who have outgrown the cub scout pack. Anyone interested, kindly contact Chairman Emil Mittendorf at WELLS 5-7944.

Pack No. 378 is going full steam ahead with plans for a busy program under Cub Master William Schultz and the new chairmanship of Emil Mittendorf. Right now they are busy with preparations for the "Blue and Gold" dinner, scheduled for February. This will be a family affair, to which both generations are looking forward eagerly.

At the Jan. 18 Committee meeting, it was announced that Dominick Grasso will take over as treasurer, replacing former treasurer Stuart Smith.

Cubs Ready For Big Week With Display And Events

The annual Scout Drive will take place here on Sunday, Feb. 12. Fathers of Scouts and Cubs in 91 are asked to meet at the VFW Hall on Grand St. at 2 p.m. Those men who wish to aid in this canvass may contact any of the committee.

Breakfast Opens Boy Scout Drive

Bethpage will open its community campaign for the Nassau Boy Scout Expansion Drive with a kickoff breakfast on Sunday, Feb. 5, in the Broadway School cafeteria. Sponsored by the Kiwanis the breakfast will begin at 8:30 a.m. Henry Rockhill, who is also co-chairman of the community drive with Morris Chandler, is in charge of arrangements for the breakfast.

All those participating in the drive, as well as local scoutmasters, scout executives and professional people, are expected to attend.

This year, the Boy Scout Drive has a two fold purpose. To obtain \$1,000,000 to expand scouting facilities for all Nassau Boy Scouts and \$250,000 operating expenses for the current year. This \$1,250,000 is to be raised in Nassau alone and to be for the benefit of Nassau Scouts entirely.

Not since 1925 has the Nassau County Boy Scouts conducted a capital fund campaign to provide Camp Wauwepeck for Nassau's then 2,000 boy scouts. The county has today, 28,000 scouts with more than 17,000 cub scouts soon to enter the boy scout program. Camp Wauwepeck has essentially the same facilities today as it had in 1925 when established for 2,000 boys.

The expansion program would provide for the development of a new summer camp in the Catskills, an Explorer Base Camp in the Adirondacks for teen-age scouts and the winterizing and conservation of facilities at Camp Wauwepeck and Harkness Training Center. All this will provide for the boys a year round program in scouting.

Among those volunteering to work on the Community Drive are Harry Kelly, George Williams, Martin Peterson, Michael De Florio, Edward Bummerloh, Alfred Ferraris, Thomas Jones, Fiorante Visconti, William Fairhurst, Philip Kopstein, George Minnick, Bruce Laudig, Thomas Eikhof, Mike Kronberg, Max Baume, Robert Pace, Carl Carter, John Quarry, Bernard Schwartz, Nathan Tucker, Stanley Gontarski, Joseph Sanzone, John O'Connor, Frank Pillgrim.

Also William J. McGovern, George Lumbertson, Peter Della Pietre, Henry Medzewski, John Neuman, Anthony Bambino, James Carter, Anthony Panchini, Ray Doyle, George Dietrich, Mrs. Catharine Gaudin, Mrs. Rae Shanahan, Frank Marangiello, Vincent Muolo, Arthur Affa, and Arthur Affa Jr.

Also George Grady, Thomas Foy, Ralph Krause, Rolf Germann, Oscar Gerke, Frank Erlson, John Donlon, Arthur Kessler, and Andrew Shaw.

The Community Drive chairmen, Henry Rockhill and Morris Chandler have pointed out that the area numbers have been changed: Area 2 is now area 1 and includes all homes west of Stewart Ave., north of the Railroad tracks and that area north of Cherry Ave. from Stewart Ave. to Plainview Road, running north to the Bethpage Fire District Line. Area 2, formerly designated as 1, takes in that section of the town south of Cherry Ave. from the east side of Stewart Ave. to Plainview Road and Bethpage Parkway, south to the old Motor Parkway and west to Hicksville Road.

Also attending the breakfast will be William Doyle, Community chairman, who has been directing all phases of the campaign; Herman Kessler, Vice chairman; Robert Pinkus, Advance Gifts chairman; Mrs. John Mazzie, publicity.

MEETING TUESDAY

Joseph Barry Council, Knights of Columbus, will meet Tuesday night Feb. 7 at St. Ignatius School cafeteria at 8:30.
