

HERALD READERS CONTRIBUTE \$440:

Donations Roll in For Bing Fund

HICKSVILLE—With \$440 contributed by organizations and residents through the appeal of the Mid Island Herald and \$710 earned on the TV program, Strike It Rich, Bing Keung Jew who lost everything in a tragic fire on Feb. 13, today has \$1150. coming to him to help him rebuild his home and business as a laundryman here. The Herald is continuing to receive contributions for the fund and all donations will be published as received, according to Frank Chlumsky, fund chairman.

The members and guests of Hicksville Rotary at their luncheon meeting today (Thurs.), contributed \$42.50 to the fund and the club voted to make the donation an even \$100 with their organization funds. The Charles Wagner American Legion Post contributed \$29 and the Hicksville Democratic Club \$40.

During the past 7 days a total of \$265 was received locally and added to the \$175 reported in the first appeal.

Phil's French Cleaner in the store adjoining Bing's Laundry at 146 Broadway told the Herald that he plans to locate at 56 Woodbury Road, starting Saturday, and Phil's customers may pick up their garments there as they are cleaned. It has not been determined where Bing will set up his shop. Some shirts had been out for wet wash at the time of the fire and may get back to their owners.

Speaking in halting English on the Strike It Rich program, Wednesday, Bing said he came to the United States in 1940 from Hong Kong. He served in the US Army Medical Corps.

Besides the cash awards of \$710 earned on the Warrent Hull show, his little daughter was presented with a CBS TV set and a wardrobe of lovely frocks. Bing received a sewing machine and washer to aid him in his work when he reestablishes his laundry.

The story of the tragic fire, with news photos flashed on the TV screen, was told by Arthur Lem, official police interpreter. The wonderful way the community has come to Bing's aid was also told.

Rev. Edward Stammel, pastor of Trinity Lutheran Church, also participated, explaining that Mrs. Stammel had been godmother for the little Chinese

girl when she was christened.

Status of Two Trustees Becomes Big Legal Issue

HICKSVILLE—The Board of Education is scheduled to meet again this Friday night, Feb. 24 in Room 104 of the new high school on Division Ave. at 8:30. William Yocum and A. O. Soininen, whose June 25 election by plurality vote is disputed, did not appear last Friday night. Board President Edna Sutton read statements from each man saying their absence was not to be considered as surrendering any rights to their positions on the Board.

In the absence of "evidence" that the order of Supreme Court Justice Herbert Hannu has been filed in Albany County, although the order itself is effective Feb. 13, School Attorney Crane ruled that the two men are "still on the board" but that "it is proper that they do not participate". He insisted that the board consists of 7 members, requiring four votes for affirmative action.

Harry Goebel, attorney for Robert Eaton, told the Board he was assured that the Court's order had been filed, last Thursday. Goebel told the Herald early this week that he received this certified copy at his office on Saturday.

Residents Contribute to Aid Family with Personal Trouble

HICKSVILLE—Organizations, householders and business concerns have been generously contributing to what has become the "Angel Fund" without fan fare and publicity for the benefit of a local family which has deep personal trouble and difficulties. A spokesman for the fund told the Herald yesterday that more than \$1,200 has been contributed, not including the proceeds of a benefit card party which was to be held at St. Ignatius School this week on Thursday. The Duffy Park Civic Assoc. has also pledged the entire proceeds of its Spring Dance at Henningsen's on Mar. 17 to the cause. Sponsors of the fund said they were overwhelmed at the tremendous response to the quiet appeal.

Jericho Vets to Sponsor Troop

JERICHO—Jericho Post, No. 1032, VFW, voted Monday, Feb. 20, to take necessary steps to sponsor a Boy Scout Troop here. Harry Stewart, Post Adjutant, was delegated to contact the Nassau County Boy Scout organization for information on applying for a charter.

The Post has also agreed to sponsor a Soft Ball team if the other local organizations will cooperate. Contact will be made to them to see how they respond to the idea.

Officers for 1956-57 will be elected on Mar. 19, and although the slate of officers has not been made as yet, the Nominating Committee, composed of all the Past Commanders, will meet early in March to propose names for presentation to the membership at their regular meeting on Mar. 19 at the Jericho Firehouse.

BING STRIKES IT RICH to the tune of \$710 on Warren Hull's TV program, Wednesday. Hull, at right, holds a picture showing the destruction wrought by fire to the Chinese laundry while Bing Keung Jew and his little daughter, Helen, answer questions. Roger Price, cartoonist creator of "Droodles" appeared on the program to help Bing win \$500. Heartline calls added \$100 from Upper Main St. Merchants of Hempstead, \$100 from

Mannetto Lodge of Hicksville and \$10 from Empire Storage Warehouse. Also appearing on the program were the Rev. Edward Stammel, pastor of Trinity Lutheran Church; Arthur Lem, official police interpreter; and Mrs. Elizabeth Sakaris of 11 Herzog Place with whom the little girl has been making her home. This picture was taken for the Herald by Frank Mallett in his home during the reception in Hicksville.

GUEST EDITORIAL:

The Story of \$29 and \$4,000,000 Budget

By HARRY GOEBEL

On Sept. 16, of last year School Trustees Mrs. Edna K. Sutton and Mr. Arthur L. Eirich attended the argument before Dr. James E. Allen, Jr., Commissioner of Education, in Albany. They officially represented the School Board on the Eaton and Stephan Appeals by its authorization voted Sept. 8, 1955. The appeals contested the election of Messrs. Soininen and Yocum and Mr. Leavitt's appointment.

Trustees, by law, are entitled to be reimbursed for expenses incurred while on official business. They receive no salary. Prior to Sept. 16, 1955, a personal automobile could be used when traveling on official business. The same rule applies today. In lieu of auditing the actual consumption of

gasoline, the car's wear and tear, insurance, etc., a mileage allowance is given.

Mr. Eirich travelled to Albany in his own car. He invited Mr. Fred Noeth, Mrs. Dorothy Stephan and Mr. Harry H. Goebel to drive home with him. Mr. Noeth is the editor of this paper. He has criticized the actions of the Board majority on occasions. Mr. Goebel is the attorney for Mrs. Stephan and Mr. Eaton. Mr. Eirich graciously and properly refused his guests' offer to contribute the expenses of the trip home. Had he done so, he could have been charged with carrying passengers for hire, and thereby have jeopardized his public liability car insurance.

At a meeting of the Board, held after the Albany trip, Mrs. Sutton and Mr. Eirich submitted their separate bills for expenses. Mr.

Bertram R. Crane, School Attorney, also submitted his bill for expenses. Mr. Crane receives from the District a yearly retainer of \$10,000.00; also \$100.00 for each appearance in Albany. Mr. Eirich's bill was for \$29.80 of which \$27.20 was for mileage allowance and \$2.60 for food. The bills of Mrs. Sutton and Mr. Crane were paid without objection. Mr. Cawley objected to Mr. Eirich's bill. According to the official minutes of October 28, 1955, Mr. Cawley said:

"I do not question the mileage basis but I do feel that it is improper for the trustees to bill the district in full on a mileage basis for an authorized trip on which transportation was furnished for unauthorized persons."

Paris In Hicksville

By YVONNE LEMESNAGER

Miss Lemesnager, a resident of Hempstead, teaches music in the East St. School, Hicksville. She is a clarinet major.

HICKSVILLE—Those who attended the concert which was sponsored by the Mid-Island Concert Association at the new High School auditorium Thursday, Feb. 9, were greatly impressed by the finesse of the Woodwind Ensemble of Paris.

Each member of the ensemble is an outstanding soloist in his own right. Their superb performance clearly demonstrated to what extent each instrument had been mastered.

Anton Reicha's "Wind Quintet No. 9 in D Minor" was executed with such perfection and purity of tone that one understands why this ensemble has been recognized as outstanding throughout Europe and the Americas.

The other selections on the program, which mirrored the calibre of the first, were "The Quartet Number 2 for Flute, Clarinet, French Horn and Bassoon," by Rossini; Mozart's "Divertimento Number 16," "Quartet for Flute, Oboe, Clarinet and Bassoon," written by J. Francais, and closing with J. Jongen's "Concerto".

Burns P-TA Wants College Here

By LIBBIE KOZMA
WE 5-2293

HICKSVILLE—An enthusiastic Burns Ave. P-TA membership signed a petition to the Board of Regents in Albany, Thursday, Feb. 16, endorsing the resolution adopted by the School Board in January seeking to establish a four-year college here.

"Reading in the schools" highlighted the evening's program,

11 Accidents In Single Day

Eleven automobile accidents were reported by the second precinct police for the mid-Island area, Friday. Driving conditions were particularly poor that day because of snow and ice.

One of two accidents in Bethpage was at Hempstead Turnpike and Cedar Dr. when an automobile hit a pole on the north side of the turnpike. George Schneider, 26, of Westbury, the driver, was still in Meadowbrook Hospital yesterday, his condition listed as "Fair but on the danger list." His companion, Patricia Schineller, 20, of Massapequa, was taken to the hospital and subsequently discharged.

Seven accidents occurred in Hicksville four within three quarters of an hour.

The first of these, at 7 P.M., was at Bway and New South Rd., a two car collision. The operators were George Vallen, 46, of 11 Bridle Lane, Hicksville, and Vivian Gragnaniello, 23, of 120 Central Ave., Bethpage.

Twenty minutes later there was another two-car crash, this time at Woodbury and South Oyster Bay Rds., Hicksville. The operators of the cars were Naomi R. Gili, 39, of Woodbury and Harry D. Paige, 37, of 6 Gerald Ave., Hicksville.

About 7:30 P. M., another collision occurred, at Old Country Rd. and St. Johns Ave., Hicksville. The drivers were Samuel C. Christie, 37, of 3 Arnold Ave., Hicksville, and Nancy D. Nelson, 21, of 97 Floral Ave., Bethpage.

At 7:45 a moving car collided with a parked one at Old Country Rd. west of Jonathan Ave. The driver was John J. Bannan, 36, of 104 Hillwood Ave., Plainview. His car collided with that owned by Carl Nelson, of 91 Floral Ave., Bethpage.

PRE-SCHOOL MEETING

There will be a meeting of the Preschool Section of the Powell Ave. PTA in Room 206, Powell Ave. School at 8:15 p.m. Wednesday, Feb. 29th. There will be a discussion based on magazine articles dealing with the young child, such as teaching independence, how to get along with others and sharing.

with an extensive book collection displayed in the library and gym both before and after the meeting.

Miss Rachel C. Johnson, Supervisor of Language Arts, paralleled the changing approach to reading with growth in other phases of our civilization. "Wouldn't it be strange if with all the advances in science education stood still?"

Basing their philosophy on long years of research and observation modern educators have formulated principles upon which reading education is based, continued Miss Johnson, namely:

(1) Reading is not merely a process of word calling. It is an integrated experience. "Reading is meaning; you take to it your own experiences."

(2) "Growth in reading is continuous." It begins before school age and continues throughout an individual's life time. A baby's language development follows a definite sequence: (a) experiencing—warmth, cold, hunger, etc., (b) listening and responding, (c) speaking, (d) reading, (e) writing.

(3) While children develop along the same general pattern each child does so at his own individual rate of speed. When the child enters school "we try to meet him where he is at this point."

Miss Johnson noted also that the school develops different methods of word attack. "We do teach phonics," she said, "but phonics is not the only way." First the "whole word" or "sight" system is used, then phonetic analysis.

"Your school is just as anxious for your child to succeed as you are!" concluded Miss Johnson.

Frank Burke, Burns Ave. Asst. Principal, spoke briefly of the standardized national tests given the children at set intervals: (1) Mental Maturity test—to judge a child's potential, and (2) Achievement Test—to see what the child has accomplished in the school year.

Mrs. Ruth Dorman, Burns Ave. Librarian, familiarized the assembly with the library program to establish "balanced reading" habits; cooperate with teachers in class projects; stimulate interest in reading.

First and second grades, said Mrs. Dorman, go to the library for a story hour and to learn proper library behavior. Fourth and fifth grades begin to know how to use the library. Sixth graders learn to prepare for Jr. High.

NOMINATING COMMITTEE

Immediately preceding the speakers President William Hayes asked for volunteers to serve on the Nominating Committee for next year's officers. The committee now consists of: Principal Allen E. Davis, Jr., Helen Lafferty, Sylvia Gorlin, Lillian Buckmann, and Doris Lunau.

Mrs. John Bartels, 6 Marion St., co-chairman of the Ways and Means Committee reported that plans for the May Carnival are

well under way, and introduced the Booth chairman: Grab Bag, Marge Morabito; Aprons and Handmade, Alice Spinella; White Elephant, Margaret Dierker; Plants, Sylvia Gorlin; Bazaar, Gertrude Paul; Food, Nettie Kapsol; Cake, Kay Portman; Refreshments, Chris Albers.

Class Mothers Chairman, Mrs. Bernard Paul, reported that fourth grade mothers had been selected at the last committee meeting with their program geared to maximum cooperation between mothers and teachers.

In addition to its own books the School Library exhibited several displays compiled with the cooperation of Kenneth Barnes, Public Library Director. Jr. librarians who helped out during the evening were: Sally Smith, 12 Myers Ave.; Jo Ann Sorvillo, 11 California St.; Ann Prazier, 177 Ohio St.; Janice A. Oehler, 17 Kuhl Ave.; Roberta Coles, 196 Ohio St.; Jereyn Dobbs, 58 Nevada St.

In the new gym several leading publishers' representatives enticed P-TA members into purchasing many beautiful children's books, a good number of them at discount prices.

The entire program was under the direction of Mrs. Harold H. Gregg of 7 California St.

When its Paper and Rag time in Hicksville. That's our theme for March 3rd. On this day the post will conduct a paper and rag drive. Trucks bearing a C.W.V. sign will cover most (or all if possible) of Hicksville. Purpose of this drive is to raise money for the purchase of our National and Post Colors. Any money raised above the cost of these colors will go into the Post Welfare Fund. Please save your old rags and papers. Donate them to a worthy cause; it will certainly be appreciated. Mr. Clifford Schnepf has kindly given us consent to use his trucks in the drive. So put those papers and rags aside. We'll see you March 3rd.

Congratulations are in order to our Commander Frank Eschbach who was elected to the post of County Welfare Officer. Any veteran who is seeking aid may contact him at WE 5-7374. He'll be glad to help you out.

Leonard Enny of 277 Jackson Ave., Syosset, was chosen as the Post Honor Boy last week. He is now in the contest for County Honor Boy, and we're all on pins and needles waiting to hear the board's decision. Leonard goes to St. Dominic's High School in Oyster Bay. He is an honor student. Here's a few of his marks in Regents Exams: 100%, Trigonometry: 90%, Latin: 90%, Chemistry and Physics, and many more all in the 90's. I wish we had the space to write his entire essay. It is really excellent. Lots of luck, Leonard, we're all rooting for you. We usually read about the juvenile delinquents in the paper, so it's a real pleasure to write about one of the many fine teenagers who are seldom heard about.

We are sorry to hear that 1st Vice Commander Murphy must enter the hospital for an operation. Remember him in your prayers, for a speedy recovery. (Don't get used to taking it easy Murphy. We need you as Chairman of the May 26th dance.)

March will be Membership Month. We'd like to see every Catholic Veteran a member of C.W.V. So come on you present members let's sign "4 for C.W.V." That's the quota for each member. Any one wanting any information

may contact F. Eschbach WE 5-7374 or Nick Lucerna WE 1-0678. Meetings are held on the 1st, Tuesday and 3rd Wednesday of each month at the AMVETS Hall 25 E. Marie St. at 8:30 P.M. You are welcome to attend. Welcome to new members—George Diskant, Everett Loesch.

A reminder from the Alcohol and Tobacco Tax Office. War Trophy firearms are dangerous. "Souvenir Machine Gun, Explodes Killing Mother and Child"—"Gangster shoots Officer and Bystander with a Trophy Gun". These are some of the things that have already happened. War trophies are dangerous. It can be made safe by the U. S. Treasury Dept. without any cost to you or damage to your trophy. Do it now! Call WA 4-1000 for further information.

We are proud to say that for the Holy Season of Lent many of the members have pledged to receive Communion each week. Arrangements are being made to make the Stations of the Cross several evenings a month. Contact Bob Galvin who is taking over in Neil Murphy's absence.)

Congratulations to our President Evelyn Eschbach who was elected to the Office of County 3rd Vice President, Welfare Officer Jean Gordon to Office of County 2nd Vice President and 1st Vice President Peggy Murphy to Office of County Trustee.

Thanks to the many who made contributions of clothes to send to Maryknoll for distribution to the many missions.

For the season of Lent many have pledged to receive communion each week. Group rosary's will be arranged by 1st Vice President Peggy Murphy. Each week it will be at a different home.

A reminder that the 3rd Sunday of each month is Nassau C. W. V. Aux. day to serve breakfast to the men at the Cathedral Canteen at Lexington Ave. and 53rd St. in N. Y. C.

Anyone interested in joining the Ladies Auxiliary may call WE 5-7374 or WE 5-8461 for information.

If you wish to donate, make checks payable to the Bing Keung Jew Fund and send checks or cash to the Mid-Island Herald at P.O. Box 95, Hicksville (98 North Broadway, next to Post Office) or the Meadow Brook National Bank, Hicksville office.

We Thank You, Jack

Plug for Hicksville Fire Dept. which did a tremendous job early yesterday (Feb. 13) in saving part of a tinderbox two-story building that housed a Chinese laundry, dry cleaner and a couple of apartments. The Hicksville department is one of the crack outfits hereabouts and because of its prompt and efficient action, a repetition of last week's million dollar Patehogue fire was averted. The damaged building was sandwiched in between several other places of business.—Jack Altshul

\$29 and \$4,000,000 Budget

(Continued from Page 1)

The board majority refused to pay the bill. Mr. Eirich wrote to Mr. Charles A. Brind, Jr., counsel to Commissioner Allen, as to his rights. So did Mr. Crane. By letter dated February 2, 1956, Mr. Brind wrote Mr. Crane as follows:—

"... under the rules of the board, the traveler is expected to use the most economical method of transportation and if an automobile is used in preference to train transportation, the reason therefore must be stated. Mr. Eirich traveled by his own car, stating that business reasons made it impossible to meet train schedules.

"The mileage rate fixed is 8¢ per mile, so that the dispute involves the amount of \$27.20 for 340 miles of travel....

"... since the board authorized Mr. Eirich's attendance, it seems to me that the questions involved will need to be resolved by the board. If the board is not satisfied that the reasons for using his automobile in preference to train are insufficient, they may determine under the board's rule not to reimburse him on the basis of railroad fare. IF THE REASONS FOR NOT USING THE RAILROAD ARE DEEMED SUFFICIENT, in my opinion, THE INCIDENTAL BENEFIT TO OTHER PERSONS THROUGH RIDING IN HIS AUTOMOBILE HAS NO BEARING ON THE MATTER."

On Friday evening, Feb. 17, 1956, Mr. Crane reported Mr. Brind's opinion to the board. Its majority, reduced to three as a result of Supreme Court Justice Hamm's decision in the Eaton case, again voted not to pay Mr. Eirich in spite of Mr. Brind's opinion.

WHY DO MRS. SUTTON, MR. CRAWLEY AND MR. LEAVITT REFUSE TO PAY MR. EIRICH'S BILL? They authorized his trip. They have never expressed dissatisfaction with his having used his car instead of the train so as to reach Albany in time for the argument. Round-trip railroad fare, Hicksville to Albany, approximates the \$27 mileage allocation on Mr. Eirich's bill. THE REAL OBJECTION TO PAYMENT WAS, AND CONTINUES TO BE, THE MAJORITY'S PIQUE AND ANNOYANCE WITH MR. EIRICH FOR HAVING BEEN COURTEOUS TO CERTAIN INDIVIDUALS WHO, IN EXERCISING THEIR RIGHT TO DIFFER, HAD COMMITTED "LESE MAJESTE" AGAINST THE MAJORITY. Their refusal to pay Mr. Eirich's bill is a dictatorial exercise of economic coercion to compel him to conform to their thoughts and policies. It is brazen censorship and subjection to thought-control. If the majority analyzed

their own behavior they would find this the motivating force for their objection. Their attitude is immature, childish and not becoming the guardian of a public trust. Hicksville has some of age. Its schools operate on a budget of over \$4,000,000 per year. Its schools are big business. Hicksville has no room for pettiness.

The tragic aspect of their refusal to pay Mr. Eirich his \$29.80 reflects:

1. A flagrant disregard of the opinion of lawfully constituted authority.

2. A wanton willingness to use their office to vent their personal spite and pique upon a fellow trustee who has exercised independence of judgment and who has refused to kow-tow to their will.

3. A distorted conception of the value of time, that of both the Board and the taxpayers who attend its meetings. They have gone into endless discussions at unwarranted hours, including after midnight, over the piquant sum of \$27, while important business involving thousands of the \$4,000,000 budget awaits consideration and action.

Their treatment of Mr. Eirich, with this minuscule bill of \$27, can well be contrasted with that accorded the \$770.00 bill of Mr. Stanton H. Miller, Assistant Superintendent in Charge of Elementary Education, in the District. Mr. Miller submitted a bill for use of his car from August 1953 through June 30, 1954, in July 1955, after Dr. LeBarron, former Superintendent of Schools, was out of office. He alleged he had covered 11,000 miles in a 10 month period. His bill was paid. Mr. Szendy and Mr. Eirich both objected when it was presented. They also attempted to secure its reimbursement after the State Auditors report. The report stated that the payment was an illegal expenditure because it was originally unauthorized and unapproved by Dr. LeBarron, then Superintendent.

A sad commentary must be added as a post-script to the situation described.

On Dec. 9, 1955, the conclusion of the argument on the Eaton and Stephan petitions before Mr. Justice Hamm in Albany, Mrs. Sutton and Mr. Crane hurried out of the Courtroom. Well-knowing that Mr. Goebel, their neighbor, had to travel also to Hicksville, they could have extended to him a gracious invitation to travel home together with them; but they did not. The reader can only surmise the reason they did not do so. Undoubtedly they feared that if they did, the School Board—their own School Board—would not have reimbursed either of them for their expenses because of his presence on their return trip.

COMMENTS BY SZENDY:

Delay, Deny, Disparage

By EMIL J. SZENDY

Should anyone have doubted in the past that a solid-bloc majority existed on the Board with Yokum and Soininen part of that bloc, all doubts should now be dispelled. Sincere efforts are being made to retain them on the Board, with Attorney Crane taking advantage of every technicality and delaying tactic.

On Friday, Feb. 10, Attorney Crane had in his possession a photostatic copy of the Court decision which said, "the purported election of the new members by plurality was nugatory and invalid." Nevertheless, for over an hour, he refused to take any action toward preventing their participation, claiming that they could continue to sit as no "ORDER" from the Court under the decision had been received.

On Friday last Attorney Crane took advantage of another technicality to avoid ruling Yokum and Soininen off the Board. He knew that the Court ORDER had been signed and issued, and he knew the contents of the ORDER. But as a copy of the ORDER certified by the County Clerk had not been served upon him it was not mandatory upon him to act, and he would not do so.

Attorney Crane said, in effect, that technicalities are tools of the

legal profession. Granted, but should they also be tools of the School Board elected to serve the taxpayers in the best interests of the District?

Who gains by all this? Certainly not the taxpayers nor the School District, with one meeting abruptly terminated and the Board in a lurch. The situation demands a quick cure so that business can again be transacted with the full number of Board members determined by the taxpayers. That quick cure is an election which can be held within 30 days. It seems obvious that the majority members intend to deny the taxpayers the right to that quick cure.

Instead, the majority seems determined to let the Board stagger along with five members, or even four. All appeals to the Commissioner of Education are decided over a period which might stretch to six months or more, or until some legal authority coerces the Board into holding an election.

Attorney Crane and some Board members have attempted to disparage the validity of protest. In spite of the crystal clarity of the Supreme Court decision, Attorney Crane counters rational and reasonable interpretations of it with reason or rational argument but with slurring appraisals of the competency of the source of such

interpretations.

Of course, judging from the Supreme Court decision, Attorney Crane's initial ruling seating Yokum and Soininen seems to have been neither rational nor reasonable in the light of the meaning of the statute. The decision states, "The statute is clear and unmistakable"; and again, "There is nothing ambiguous in the wording of the statute here under consideration." Yet Attorney Crane was able to reach a decision directly contrary, in the opinion of the Supreme Court, to the "clear and unmistakable" meaning of the statute. As a layman, I bow to that achievement; I admit that I do not have equal competency.

Why disregard the "clear and unmistakable" meaning of the statute? At the time of his initial ruling, Attorney Crane provided an explanation. When the time comes, what he said will be repeated under oath.

Right now, let's dispense with delaying tactics and hold another election. Yokum and Soininen can run again and, perhaps, secure a majority vote this time, and be firmly-footed on the Board. Or be defeated because of their record of voting with the majority bloc during the "trial marriage" period. At least the voters will have a chance to decide in accordance with legal procedure established thereof. The taxpayers have every right to demand that the matter be resolved with dispatch, in accordance with democratic, not relaying autocratic, processes.

Taxpayers Like Arabs?

By WILLIAM H. JACK

To the Editor:

It would seem that the founding fathers of the Hicksville Taxpayers Assoc., like the fabled Arabs, have folded their tents and silently crept away. At least, that is the impression one gets from a perusal of your news columns. For no more do we see in the pages of the Mid-Island Herald extended accounts of Association philosophy, always adding up to the idea that the almighty dollar is of greater importance than valid educational needs.

In the Association's place, with much the same moral and active leadership, and with identically the same spiritual architects, there has blossomed forth an organization which calls itself by a loftier and nobler title, namely, the Citizens

for Better Government in School Affairs.

Among the propositions to which this group is dedicated is the idea that the 4 AM appointment of Milton Leavitt by the Board majority was not consistent with the high principles of democracy. The good Citizens are of a mind that Mr. Leavitt's appointment was illegal, and that it should be voided at the bar of justice.

All of which makes the good Citizens look somewhat silly. Their vice president, Mr. Allen Carpenter, if memory serves, became a School Trustee under substantially similar circumstances in the spring of 1952, accepting without qualm an appointment by the Board majority to fill a vacancy created by the resignation of an elected member.

On this occasion—again, if memory serves—Mr. Szendy did not see the with indignation. Mr. Zimmermann did not point with pride, nor even with alarm. Not a peep was heard from Mr. Goebel. Even the newspapers of our community let the appointment pass without challenge.

So it follows that the Good Citizens, in beefing about the Leavitt appointment, place themselves on record as saying (in effect) that what was right and proper in 1952 is wrong and immoral as of the present.

Interestingly, the good Citizens have endorsed the forthcoming candidacy of Robert Goodrich, husband of Mary Goodrich, whose recent appointment to fill an unexpected term on the Hicksville Public Library Board brought forth no screams of anguish from either the good Citizens, the Mid-Island Herald nor Mr. Goodrich himself.

This would appear to warrant a few words of public explanation from Mr. Goodrich. Does he really feel that Mr. Leavitt's appointment was illegal? If so, how does he explain his own wife's acceptance of a similar post under similar circumstances?

As almost goes without saying, the good Citizens will protest that Mr. Leavitt's appointment was a "different," inasmuch as a petition for a special election was presented just before the appointment was made. Very true. But, curiously, there were but 26 names on the petition.

Even more curious is the fact that 26 people probably represent the total, aggregate, overall and ultimate voting strength of the little group which then called themselves the Hicksville Taxpayers Assoc. and which now operates as the Citizens for Better Government in School Affairs.

My suggestion is that this group is nothing more than a letterhead organization which may well represent a cross-section of the thinking of about a half-dozen people, and a dues-paying and meeting-attending strength of maybe 26 people, or roughly one-eighth of 1 per cent of the adult population.

The Mid-Island Herald would be doing a fine community service to let us know precisely how many people the good Citizens claim to represent, or, better still, to publish a photograph letting us see

what a meeting looks like.

Perfect Line Is Truly Home Town Industry

By EILEEN WOLF

HICKSVILLE—The Perfect-Line Manufacturing Corp. is unique, in at least one respect, among our local industries—it originated here.

In contrast to many of the other concerns who came here in search of more room from a crowded New York City, Perfect-Line started here nine years ago, in the same building it now occupies on Old Country Rd. and Railroad Ave. Six years later it moved part of its operation into an additional building, in the Hicksville Industrial Park, Commercial St., off New South Rd.

The founders picked Hicksville for Perfect-Line because they thought it would be the center of building and construction in this area. Last year, the majority of housing developments built in Nassau and Suffolk Counties installed Perfect-Line electrical devices.

Nine years ago according to Alfred Robbins, president of the company, Perfect-Line was the only industrial outpost in this area except for the aircraft factories.

Robbins was one of the founders of the company. Another founder is John Goettlemann, a native of Hicksville and a member of the fire dept. here. From gold leaf to metal electrical devices in three generations has been the Goettlemann history. The founder's grandfather was one of the men who introduced the gold leaf industry to Hicksville, where it was prominent from 1850 until 1940. When the second world war broke out gold leaf stamping was discontinued in favor of more essential industries.

The other founders, besides Goettlemann and Robbins, were Sidney Melnick, who has since died, and Harry Broadwin.

Other local residents own part of the Perfect-Line company. Three years ago, voting shares of Perfect-Line stock was sold publicly, 10,000 of which were bought by about 20 people in the Hicksville—Levittown—Massapequa area.

while it takes a loss of 50 per cent of the gas to cause a failure, he said. At a typical leakage rate, he estimated, Refrigertron would give warning two to five days before the equipment stopped operating and the temperature began to rise.

A thermometer warning device will give this advance warning. Refrigertron detects the leak before a temperature is reached which endangers the contents of the refrigerator.

If more than ten per cent of the refrigerator escapes, an alarm rings and/or a light goes on. Refrigertron's alarm can be hooked up to ring a telephone number for the owner or serviceman.

If refrigeration is equipped with Refrigertron, the owner can now get insurance on the contents of

this unit, and in some cases on the gas which has leaked. Freon, the "refrigerant" gas, is expensive and air conditioning systems use a lot of it. A year's warranty insuring the contents and the gas up to \$10,000 is sold with each Refrigertron unit, covered by the General Fire and Casualty Company, of New York.

Did You Ever Hear of Paint Party?

By SHIRLEY HUENLICH

WEELS 2-2327

Mr. and Mrs. Owen McGee of Marvin Ave. were the guests of honor at a surprise anniversary party on Monday, Jan. 30. The guests included: Helen and Joe Yonick, Olive and Jim Skelly, Bob and Esther Walsh and Cora Marrow. After the happy couple were presented with a gift from the group in honor of the occasion, coffee and cake were served to all.

Barbara Strauss of Somerset

Ave., as assistant Girl Scout troop leader, was among those that attended a Girl Scout Dinner at the Milleridge Inn on Jan. 18.

Birthday greetings to Master Thomas Moscato of Mineola Ave. who was all of one year old on Saturday, Feb. 4. Also to Jimmie Boyd of 18 Marvin Ave. who was nine years old on Sunday, Feb. 5. His friends, Wesley Yonick, Johnnie Layne, Marty Bode, Skipper Walsh and John Regan were present to help him celebrate with a party of cake and ice cream. Mrs.

A. Esgro of Somerset Avenue celebrated her birthday, Feb. 9th.

Ever watch championship bowling on television on Saturday afternoon? Don't know whether the Mandala family ever sees it or not, but something inspired them and their club members, namely the Lo Piccolos, the Baumanns and brother Mandala and his wife to try their hand at bowling at the Hempstead alleys a few Fridays ago. From all reports they had a swell time and intend to "knock them down again" real soon.

Things getting dull and you feel you could really go for a weekend away from it all. Well, I have it on good authority that a weekend in the Berkshire Mountains in South Egremont, Mass. is just the thing. Adelphi College had their winter carnival there a few weeks ago and Barbara Strauss was among those who enjoyed ice skating, tobogganing, hay rides, sleigh rides and dancing. Speaking of dancing she and her partner, J. Poggiali of Hicksville, won a rumba contest and were awarded a bottle of champagne.

Ever hear of a "paint party"?—no, it is not a demonstration party of some sort. Well, apparently Mr. and Mrs. B. Walsh and Mr. and Mrs. Yonick hadn't either. On Saturday, Feb. 4, they were invited out for the evening and told to wear dungarees for comfort. When they arrived at the home of their host, Mr. Schultz of Huntington, they really found out what the dungarees were for—it was a paint party.

Mr. Schultz's cellar needed a coat of paint and he had decided he could use some help. Well, all the guests got busy painting the old paint brushes and you guessed it, the cellar got painted and everyone had a splashing good time. There was, to quote, "plenty of paint, plenty of liquor, plenty of food and plenty of fun."

Mr. and Mrs. McCann of 19 Mineola Ave. gave a "Farewell party" for Mrs. McCann's sister and her husband, Mr. and Mrs. James Stewart, on Sunday, Feb. 5. The party was attended by friends and relatives who wanted to wish the couple good luck on their move to Florida.

While everyone else received the traditional heart of candy for Valentine's day, Mrs. Cora Marrow

of Marvin Avenue was pleasantly surprised with a valentine present in the form of a telephone call from her daughter, Helen, in Maryland.

Another one year old, this time Joseph Hachadorian of 26 Mineola Avenue who celebrated the happy event on Sunday, Feb. 5th, with all his friends and relatives.

Troop 91 Scouts Assist Fund Drive, Explore Woods

By ELWOOD S. KENT
HICKSVILLE — Father and sons of St. Ignatius Boy Scout Troop 91 participated in the Nassau County Council Boy Scout Expansion Fund Drive covering Election District 85. The results were excellent with contributions in excess of last year.

Approximately 500 homes were solicited by the 24 fathers and sons; and those persons not at home can still make contributions if they so desire.

Fathers and sons attended the 2nd Annual Communion Breakfast at Frank's Alibi Restaurant, together with Cub Packs 91 and 491. Father Ballweg, Moderator, attended with George Rens, Pres. of the Holy Name Society, and George Maguire, representative of the Pius X Society. These societies sponsor the Scout Troop and Cub Packs.

The committee of the Troop extended a hearty welcome to the new committeeman, John Emmel, of Lee Ave., and the next step is to smother him with assignments.

The Tri-Parkway District of the Scouts advised Troop 91 that they were tops in "Advancement Efforts" with 49 Merit Badges and 59 other advancements. Congratulations to the boys for such an excellent showing.

the following: Summer Camp for Troop 91 will be at Camp Wauwepex, Wading River, and the period will be the last two weeks in July. The boys may attend for one or two weeks, and the treasurer is accepting weekly payments in advance from anyone so inclined.

The Nassau County Archbishop Committee in Scouting for Catholics has completed the preliminary planning for this year's Annual Catholic Retreat for Boy Scouts of Nassau. The time is April 14 and 15 at Camp Wauwepex at Wading River, and begins Saturday morning and ends Sunday afternoon. Registration fee is 75 cents per scout. Werner Rompell, Committeeman, will furnish any details upon request.

Two patrols of scouts explored the nearby terrain on Lincoln's birthday. Patrol Leader Billy McKee led the "Flaming Arrows" on a full day hike to the Woodbury woods. The Scouts cooked out for two meals and all carried their little packages of Tums to ease the pain.

Tom McCarthy sponsored the Scouts on the Hike, and successfully dodged all automotive transportation.

Patrol Leader Tucker Riley led the Pioneer Patrol on a hike to the Jericho Woods, where they also cooked out, and also enjoyed the benefits of Tums. Somewhere along the trail, a bunch of poison ivy attacked the Pioneers, and only the Patrol Leader was unaffected by the dastardly weed. The result was only he of this Patrol attended the usual Thursday Scout meeting.

By the way, the Boy Scouts were incorporated Feb. 8, 1910, and chartered by Congress, June 15, 1916, and at present there are over three million scouts.

Strike Comes Close To Home

BETHPAGE — The Republic Aviation strike in Farmingdale has come close to home for a local couple—Mr. and Mrs. Robert E. Du Verney of 3812 Dianne St. here. Du Verney, a Republic employee has been sleeping at the Republic plant since Saturday, after being promoted to a labor relations post not over a month ago. Mrs. Du Verney has not seen her husband, whose job it is to deal with the strikers, since that day.

Du Verney finished a course for a bachelor's degree in business administration at Hofstra College last month, shortly after he received his new appointment. The 30-year-old student completed the course in four years, going to school at night and working at Republic during the day. Before graduation this February he was named to the Dean's List, in recognition of his high academic record. Mrs. Du Verney is the former Antoinette Franz, daughter of the late Mr. and Mrs. Alexander Franz, who were local residents. The Du Vernys were married Aug. 2, 1953.

Du Verney served with the United States Marine Corps during World War II and the Korean War. Now that he had a bachelor's degree in business administration, he is considering beginning work on a master's degree in the fall at another college than Hofstra. His college expenses will be shared by Republic Aviation.

Commence Youth Program Mar 4

HICKSVILLE — The Church of Christ, here, is about to begin a Youth Program, which is designed for young people, ages 9 through High School, on Sunday, Mar. 4, at 7:30 p.m. This hour of Youth Fellowship will meet in the downstairs dept. at the same time as the Regular Evening Fellowship Hour.

A youth program of this nature has been needed for a very long time, but many difficulties have prevented one. Now, four of the older young people, three of whom have had Bible College Training, have volunteered to sponsor this program. They are Dorothea Parker, Muriel Chamberlain, and Ruth Ann and Patti Roberts.

They have planned a program which includes flannelgraph and object lessons, studies in Christian Worship and in Christian Living, with an open forum each Sun. nite to discuss any teen-age problem.

All young people in that age group are urged to attend, regardless of church affiliation. Transportation to and from these meetings will be provided for those who have none.

The March meeting of the Women's Council will be held at the home of Mrs. Donald Topliffe, 70 Cambridge Dr., Hicksville, Fri., Mar. 2, at 8 p.m. New officers will be elected and a program for the year planned at this meeting.

This meeting marks the 3rd year of the Council's existence.

The meeting of the Board of Elders and Deacons will be held Sunday evening, Mar. 4, following the evening service.

Gerald breaks the "sound barrier"

1. Somebody's in there! I can hear him talking.

2. Very confusing. I can hear you but I can't see you.

3. You can hear me, too? Okay, then, let's talk.

4. You sound just like somebody I know... but who?

5. Daddy! What are you doing here? You're supposed to be in Chicago!

6. Gee, it's magic! You're a million miles away and you sound right here!

In these pictures, Gerald Wait of Wyncottskill, N. Y., is discovering something most of us take for granted — the magic of the telephone!

The magic of going all over town without leaving your house. Or visiting friends across the street or across the country with equal ease. Doing the shopping and other chores quickly

and easily. Getting help fast in any emergency, big or little.

The telephone has become so much a part of our daily lives it's not surprising that we take it for granted. But when you stop to think about it, is there anything that serves so well, yet costs so very little?

Concert To Honor His Son's Memory

The fourth annual Steven Estrin Memorial Concert will be presented Mar. 17 by Morton Estrin, noted pianist and teacher, to perpetuate the memory of his son who died in a tragic jump accident in 1952.

An announcement issued this week by the Memorial Concert Committee of the Levittown Reform Temple, where Estrin is Choir Director, said tickets are available for the March concert. Funds will go to the Steven Estrin Memorial Fund, to provide special classroom families for the temple on Carman Ave., Westbury.

The Memorial Concerts have been attended by hundreds of music lovers in past years. The committee urges all interested persons to obtain their tickets early, because of the limited seating facilities and increasing demand, by calling Janet Wolff, at LE 3-7266.

Estrin, who lives at 33 Picture Lane, Hicksville, started his concert career while still a child. Town Hall recitals and numerous other New York appearances have brought him wide acclaim. Locally he has appeared this season with the West Hempstead Symphony Orchestra and was also a participant in the Composers' Forum at Columbia University.

By HOWARD FINNEGAN

Hicksville High walked the thinnest strand on the tight-rope of elimination at Roslyn this week and reached safer ground with a rock-ribbed defense.

The 43-41 victory over the Hilltoppers not only brought them back within reach but also gained unexpected ground on Bethpage. Both Roslyn and the Golden Eagles are tied with a mark of 7-4 for the second place in the Eastern Division NSAA race and the Comets are knotted with Westbury at 6-5.

At stake is a playoff berth in the Nassau County tournament.

Limping, but capable of delivering the telling blow to the Comets, is Sea Cliff which saunters into the Hicksville lair this Friday night for a repeat of the 72-70 match of a month ago.

The Cliffmen still are interested since their 5-6 record could be converted in a tournament berth if a sweep of the final three games can be accomplished.

Hicksville must improve upon its last home showing in which Bethpage skipped home by eight points in the last two minutes.

A win over Sea Cliff will be followed by a visit from winless Island Trees and the final game calls for a visit to Westbury.

Important factor for the Comets at Roslyn was the sustaining play of Marty Watkins. Coach Chel Jaworski brought Marty up from intra-mural play to augment the reserve power of his squad. He performed creditably against Bethpage and a major role fell to him against the Hilltoppers.

Playing it close to the vest Hicksville held a 38-32 lead going into the last period and did not score until Roslyn had tied it up with less than two minutes to go. Charlie Horton and Bob Zembraski belted home field goals and Frank Estrada added a foul to wrap it up.

Hard charging Sea Cliff cannot be expected to be slowed down altogether but the Comets are smoldering to apply brakes if only on three wheels.

HICKSVILLE 56, SEA CLIFF 53.

One of the hardest scholastic sports to build up, most people tell us, is wrestling. This first year for Hicksville has been one in which the school is feeling its way. No banner headlines or performances have been forth coming but the boys are pioneering the sport for the Orange and Black and should be proud of that fact.

Despite the hard knocks in starting out there are encouraging signs here and there.

A couple of indications occurred the other day in a Jayvee match between the Comets and Farmingdale. The Dalers were set for a complete sweep but Ted Greve, Hicksville, pinned George Smith with a body press in 1:26 in the 148 pound class and in an unlimited match Tony Toscano drew with the Dalers Bob Celentano.

The final score was 36-8 but the efforts were there.

On the losers side for the Comets all was not dark. Ray Luzzio hung right in and was decisioned 7-6 and in another narrow 115 pound match Walt Lehman bowed 8-4.

The intra-mural playoffs have started at Hicksville High and the Celtics reaffirmed their pennant winning authority with a 40-31 win over the Chiefs.

Pat Sarle scored 22 points and Hal Dunfiesky flipped in 10. George Weeks controlled the backboards for the Celtics. In another Senior division play off Gene Hall scored 14 points as the Lakers rolled over the Warriors 76-32. Bill Borham and Ed Maura had 14 points each also.

The champions of the Senior and Sophomore sectors will be decided today and the finale is carded between the winners for Monday.

Divide PBC Teams at Half

The Police Boys Club Basketball Leagues in the Junior and Intermediate Divisions of the mid-Island area will be divided in half according to standing, it has been announced.

The top teams in each division will play A ball and the bottom will play B ball. This arrangement has been adopted, according to the PBC leaders, in order to equalize the few games to be played in the remainder of the season.

Top teams in the A ball divisions will, after playoff games, represent the Second Precinct in the County Playoffs. Top teams in the B ball divisions will not enter into County Playoffs, according to this plan, but will play in Precinct Playoffs, and medals will be awarded to winning teams.

Team standings in the leagues remained much the same this week as last.

In Section One (intra-Hicksville) the Braves still lead the Junior Division and the Robins the Intermediate Division. The one

change in all the standings was the Intermediate Owls' move from sixth to fifth position, displacing the Hawks.

In Section Two (Syosset, Plainview, Locust Valley and Oyster Bay) the Junior Syosset Colts and the Intermediate Syosset Arrows still lead, with all other positions constant.

Hicksville is still on top in the Senior Division, with Oyster Bay Irishmen still in second place.

Train Arrives —With Helper

HICKSVILLE —Two engines were needed to pull one train in last Friday morning's snow, rain and hail.

The train pulled into the local station, late, that morning. "We're lucky to have made it this far," one conductor said. "It's a tough day all over," he philosophized, as he regarded the automobile traffic.

'A' Bantams Win Spot In Playoff

HICKSVILLE — Paved by the 13 point output of Chris Reimels and the 12 point output of R. McGinnigle, the St. Ignatius "A" Bantam team defeated the St. Ignatius "B" Bantam team 53-20. The victory for the "A" team earned them the playoff spot in the Northern Nassau CYO Bantam Division Basketball league.

Great rebound recoveries by Harmon, Reimels, DeMonaco, and McGuire, enabled the Saints forwards McGinnigle, and Connelly to be in a position for front court supremacy over a sniffer St. Ignatius "B" team. The "B" team had been weakened considerably the previous week by the transfer of DeMonaco and Nassau to the "A" team from the "B" team.

The "B" team of Shell, Brady, Hickey, and Gramaglia, although outscored were not outthought and their teamwork was excellent. Gramaglia was high scorer for the losers with eight points.

NON LEAGUE DATE
Although the "A" team's schedule for the playoffs hasn't been released as yet, they will not be idle as Saturday they will take on the Kivans of Levittown in a non-league game.

With Maier, Powers, and Maguire taking the rebounds and converting them to scores and Doyle and Oliven stealing the ball and bringing up plays, the Blue Eagles by a team effort upset the heavily favored Sparrows in the junior division game of the St. Ignatius intra parish league at Fork Lane School. The loss was the first of the season for the sparrows.

The Red Eagles, not to be outdone by the Blue Eagles, defeated the Sparrows in a closely contested game. The victory places the Red in first place. Although the Sparrows top defensive men Breschard, Dolan and McCafferty were able to hold down the Red Eagles front court men, Cole, McNamee, and Geraghty. They were not able to stop the expert foul shooting of Walsh. Walsh's four straight fouls were the margin of victory for the Red Eagles. This victory clearly was a team effort as the boys all worked together.

SPIDERS IMPROVE
The Spiders who have been getting progressively better each week, took two games, one from the Maroons. Each game was decided by a foul shot in the last few minutes of play. Tierney and McGinnigle were the boys who sunk the last minute fouls, but mention must be made of the excellent work on the defensive of the team-mates Kurtis, Cooper, Cleary, and McGinnigle. For the Yellow Jets, J. Keimels, Allen, and W. Hearty were outstanding, while for the Maroons, K. Bowler, and Wladyska took the honors.

After watching the first half playoffs in the Senior Division at Burns Ave. School, chances for a strong Bantam team for St. Ignatius next year in CYO competition are excellent. These boys have learned the value of teamwork and sportsmanship in addition to playing a hard, fast game, and it will be hard to find boys who learn so quickly.

In the playoffs, the Red Devils won the first half championship by defeating the Rebels 17-26. Using a fast break from a zone defense enabled the front court men Dolan and Tierney to hold an edge on the defensive men Baroletti, Dwyer, and Mandelski of the Rebels. The backcourt and rebound recoveries of Revis, Barry, and Capone prevented the scoring combination of Purick, Tyliniski, and Talbot of the Rebels from scoring that last field goal which would have given the game to the Rebels.

The Lakers by a combination of fast passing, accurate shooting from the outside and excellent teamwork defeated the Arrows 21-17. Roman, Kent and Geraghty, by their sparkling defensive play, prevented Devine, Burns and Yare of the Arrows from breaking thru to score in the final minutes of play. Although all victories were on a team basis, mention should be made of T. Douglas, who scored 11

YMCA to Build in Mid-Island, Including Gym, Swimming Pool

By CHARLES DeSHAW

HICKSVILLE—Plans are under way to erect a YMCA building in the Mid-Island area, and according to a letter from Frank Warner, General Secretary of the YMCA, read at the meeting of the Youth Coordinating Council, Monday evening, Feb. 20, "it was no secret that a committee is presently investigating sites for the building," (which will include a gym and swimming pool) "in the Hicksville area".

The letter stated that the rapid growth of Hicksville influenced the Board of Directors of the "Y" in making their choice. The HYCC voted to support this action of the "Y" and expressed themselves as willing to work in any way possible to bring this about.

Chester Jaworski, Athletic Director for the School District, was the featured speaker of the evening. He said that he had no authority to speak for either the School Board or the School Administration, and that when he had been invited to speak he had said that he would give his own impressions.

"Diversified thinking in the community favors a Recreation Director," he said, "based on examples of other communities who have them. In each case, as programs increased and money was secured a recreation director was also secured."

"The only agency at present," he went on, "who can provide money is the Board of Education, since there is little chance to get money from the State Youth Commission. However, whether the School Board will provide money for a director is questionable; and Hicksville cannot attract a YMCA as Glen Cove, or a Boy's Club as Huntington."

He said that he didn't want to create the impression that when a director is secured that the money has been reached.

"This is only the start, for a director can assist in varying degrees for all organizations," he continued. "He can develop new areas and activities, including evening activities, such as Books, Woodworking, Auto Mechanics, News-papers, and girl activities." He stated that he did not believe that boys and girls should be mixed all week, but that only on designated nights. Jaworski expressed the belief that if only one more school is built, and if areas could be built in the basement of that and some existing schools such as a game room for girls and one for boys, and an area for dancing, from his own experience this was the type of set-up youth would want to come into.

"A lot of kids," he opened, "appearing tough, aren't, and if their interests can be channeled into proper activities there is a complete change."

In commenting upon the much discussed Hutchinson Recreation Survey made for the school district, Jaworski stated that it was okay in that 90% of the information known about recreational needs today came from the survey.

Continuing on the subject of a recreation director, Jaworski stated that there was only one way to secure such a man. "Give him a few months to get acquainted with a budget of around \$15,000. It will give him a chance to set up a Saturday and an evening program," he said.

Jaworski also suggested that the formation of a Lay Advisory Committee on Recreation is necessary to look over the program of the director and recommend to the School Superintendent increased programs, or money, as needed, or

the decrease of same if the evidence shows it is necessary. The Superintendent could then include the recommendations in the school budget. He cited Levittown as a "good example" of the operation of an Advisory Committee. He ventured that while the members on such a committee were undoubtedly "hot on recreation," they also exercised sound judgment in their suggestions. "Such a committee," he went on to say, "is of exceptional value to a director since the committee has the pulse of the public, and while the director may not accept every suggestion, deciding for himself what is best, he nevertheless carefully considers each one."

In the question and answer period that followed, Jaworski stated that he wasn't too disappointed when the recreation proposal of

the school district was defeated at last spring's referendum, since he knew that organizations such as the HYCC would eventually come to the School Board and ask it to take over a recreation program.

He expressed himself as believing the reason the proposal was "knocked down" was because nothing concrete was offered, by the Board as to the program planned for the money. He also stated his belief that all the Board members favor such a program, although he couldn't speak for them.
