State Says 14,000 Is Our Population

Hicksville today has a population of more than 40,000 persons, according to two authoritative studies. But according to the State of New York, thru its Department of Commerce, almost two-thirds of the people who call Hicksville their home are not really living here.

The State of New York insists our community population is only 14,000.

The Nassau County Planning Commission this week released school census figures which shows that as of Jan. 1 of this year, Hicksville had a population of 40,167, an increase of 286 percent from the 10,405 residents of five years ago.

The Long Island Lighting Co. in a new estimate of populations as of Jan. 1, puts the Hicksville total at 40,991 inhabitants. The Lighting Co. reaches its estimate by taking the number of residential meter services.

LILCO estimated Hicksville population two years ago at 35,649, and four years ago in 1952 at 27,502. The utility company says the 1950 census gave Hicksville a population of 12,070.

In January of this year when the State Dept. of Commerce at Albany published its "newly revised Physical Map of New York State and Adjacent Areas" it was noted that Hicksville was not indicated as a place. Levittown was on the map, Glen Cove, Garden City, Hempstead, Mineola, Floral Park, Valley Stream and Freeport.

The Herald wrote to the State Dept. and called the oversight to the attention of Commissioner Edward T. Dickerson.

He replied "census data for unincorporated communities are difficult, if not impossible to ascertain. In the case of unincorporated communities in metropolitan areas, including Nassau, we used as the basis for population, data appearing in Rand McNally's 1955 commercial Atlas."

He then quoted McNally as giving Levittown 60,000 persons, Baldwin 24,000, Elmont 22,000, Wantagh 21,000, Bellmore 16,000, Oceanside 15,000 and Hicksville 14,000.

"On this basis," Dickerson added, "you will note that there are six unincorporated communities in the county with populations greater than that given for Hicksville. Of these, only Levittown was included on the map on the arbitrary basis that any community of 50,000 population or more would be so included."

"I know you will realize that the rapid growth your fine community, as well as most of Nassau County, is enjoying, makes the task of keeping population data current particularly difficult. I can assure you that Hicksville or any other incorporated community which reaches 50,000 population will be included in the next revision of our map."

He also mentioned that all incorporated places of 500 or more, except those in metropolitan areas of under 10,000, have been omitted "for lack of space."

The map, which is "Copyright 1956 by the State of New York," clearly shows where the Long Island Rail Road branches at Hicksville without identifying the location. There is a wide open space on the map in the Hicksville location where the community name could have been printed.

The Hicksville School District population was determined by actual house-to-house census in 1955 for the first time. Previously school district census figures counted only children up to 18 years of age.

According to the Planning Commission the Hicksville District percentage growth was second greatest for the Township (which itself gained 174.8 per cent), next to Massapequa with 386.8 increase from 8,794 to 42,803.

Monetary Gifts Biggest Need Of Fire Victims

HICKSVILLE—A. J. Pionki of 61 Myers Ave. today revealed that \$120.00 has been contributed to the Goscinski Family Fund to help the victims of a disastrous fire which gutted their home recently. All contributions are being publicly acknowledged and may be sent to Pionki at his home or left at the Herald office, 98 North Broadway. Checks should be made payable to the Goscinski Family Fund.

Teachers of Burns Ave. School made a contribution of \$20 directly to the family for the purchase of food. There have also been generous offers of furniture and fixtures for the family for their home at 36 Gardner Ave., but the real pressing need at this time is for monetary gifts, Pionki said.

CHAMBER AS HOST:

Invite State Official To See Crossing Mess First Hand

HICKSVILLE—Assemblyman John J. Burns is arranging to have John Johnson, superintendent of the State Dept. of Public Works at Albany, tour the community during peak auto and rail traffic movement to show the head of the Public Works organization in the state the urgent need for Rail Road Crossing elimination, it was learned today.

Michael J. Sullivan, chairman of the Chamber of Commerce RR crossing elimination committee, was authorized by the Chamber directors this week to invite Johnson and to have him look over the local situation first hand as the guest of the Chamber.

As a result of such invitation, dramatizing the urgency of the local conditions, the Chamber hopes to obtain the allocation of state funds for preparation of plans.

Plan preparation would be a preliminary to actual bid taking and awarding of contracts for the job which it is estimated would cost over eight million dollars.

As the result of efforts by the Chamber and its special committee, the priority position of the local crossings involved has raised and the work ordered by the Public Service Commission last year.

Girl Scouts Look Ahead Ten Years

HICKSVILLE—At the February Town Committee meeting of the local Girl Scouts, it was decided that the first Hicksville girl born on the annual birthday of Girl Scouting, March 12, would be chosen as "Miss Hicksville Girl Scout of 1964," according to Mrs. Robert Goodrich, Town Chairman. The hospitals checked in this program were Nassau, South Nassau Communities, Mercy, Meadowbrook and Mid-Island.

Patricia Helena Gamble, daughter of Mr. and Mrs. Raymond Gamble, 27 Bamboo Lane, here, born at 8:30 P.M. at the Nassau Hospital in Mineola, fulfilled the above requirements and thus became "Miss Girl Scout of 1964."

The Girl Scout troops are pleased to present to "Miss Hicksville of 1964" a scroll showing her registration for the year 1964, a \$25 savings bond and other gifts.

Snow Storm Prevents Helicopter Landing In ARC Disaster Drill

HICKSVILLE—The grounds of the Jerusalem Ave. Junior High School, which have served for all kinds of community gatherings, stood ready for about three hours last Saturday to receive a Sikorsky H-56 helicopter sent to this "isolated disaster area" by the American Red Cross.

The helicopter did not land however, because of bad weather. It was snowing most of the time. The stunt was intended to dramatize the Red Cross' part in relieving areas victimized by disasters. "Operation Helicopter" was scheduled in conjunction with this year's drive for funds which continues until the end of this month.

Red Cross units, county police and local firemen stood by from about 11 A.M. until 2 P.M. waiting for the helicopter to set down. Lawrence McCaffrey, Disaster Chairman of the local branch of the Red Cross, estimated that about 50 persons were collected on the school grounds. The plane appeared, hovered above, and flew on. The helicopter, a U.S. Coast Guard plane, had come from Floyd Bennett Field in Brooklyn, and had landed in South Hempstead, Hicksville was its second scheduled stop and Manhasset next. At each stop the plane was to deliver "needed" medical supplies to the local emergency forces. The local people were then set to demonstrate first aid procedures and other local relief methods, in conjunction with

Boy Scouts Arrange Big Exposition Here May 5

HICKSVILLE—Cub, Boy and Explorer Scouts of the Tri-Parkway District, Boy Scouts, will hold the first Scout Exposition of its kind on the Island, here on May 5.

Army To Make Appeal In April

MINEOLA—It was announced today that Mrs. Peter Curcio of Bethpage and Frank Chlumsky of Hicksville have been appointed Chairmen of their respective communities for the Salvation Army Annual Appeal. Chlumsky will also serve as overall Chairman of the Town of Oyster Bay. The appeal will start in April.

"I look forward to generous co-operation from our communities," Chlumsky said. "The role of the Salvation Army in our community is important, providing as it does, comfort and help in any emergency to distressed families and individuals on a round-the-clock basis."

"Contributions to the Annual Appeal support a many sided program: Emergency family care, the Nursery Home for Infants and foster care for older children, the Men's Social Service Centers, the Wayside Home for young girls, rehabilitation work in jails and an endless list of other services, always available to the discouraged and needy."

The total budget for the Salvation Army's program in Nassau and Suffolk Counties for this fiscal year is \$827,000. At least one third of this must be raised during the Annual Appeal.

The LI Lighting Company on Old Country Road, here, will convert their huge garage into an indoor exposition hall. Booths will be provided for Scouts to exhibit and demonstrate every phase of Scouting. A Center Arena and Little Theater will be constructed for special entertainment.

Tri-Parkway District is comprised of more than 100 Scout Units from Hicksville, Levittown, Bethpage, Plainville, Island Trees, Plainville and Farmingdale, totaling well over 5,000 Scouts and Leaders.

The idea of this Exposition was conceived by a group of Scout Leaders together with William Lippert, District Executive Tri-Parkway District, to show the public the skills of Scouting and to thank them for their contributions towards the 1956 Finance Campaign, which will help build "Better Americans for Tomorrow."

Board To Meet This Evening

HICKSVILLE—The School Board will probably meet tonight (Thursday) at the new high school on Division Ave. for its regular monthly session. Normally the session would be held on Friday, Mar. 30. However, due to the Good Friday observance the change to Thursday was announced. The attendance of all four "official" members will be necessary to conduct business.

local fire and police units.

The Red Cross had an ambulance and a canteen truck at the school, in addition to a first aid unit. Miss Louise Augustine, Miss Mildred Clark and Mrs. William Way, of

Hicksville, manned the canteen truck.

Chief Lawrence Huttie of the fire department, together with the ambulance and a pumper truck stood by.

Civics Set Some Future Events

By DOROTHY R. BROWN
Wells 1-0128

After a very interesting demonstration of Uses of Oil in By-Products by T.J. Hurley, a representative from the Oil Industries Committee, we had our regular business meeting of the Millwood Gate Civic Assoc.

He showed buterite which is used as safety glass center, rubber milk or latex used as sponge rubber. Another new product he showed was nylon which has 1-10 tensile strength of steel and is used in baking pans etc.

Oil was first discovered for commercial use in 1859 by Drake. Where would we be today if oil had never been discovered. Or perhaps another by-product we have come to use extensively in clothes and other products.

At the business meeting we had two officers to be filled because of resignation. The recording secretary, Mrs. Pat Dergin, resigned and Mrs. Laure McVay of Fern-

dale Dr. was elected to fill this position. On the Board of directors, Jack Flaherty was elected to fill the resignation of Mrs. K. McCusker. The Assoc. has sent letters to the proper authorities in regard to use of the play area, traffic light and signs at New South Road, Broadway and end of Millwood Gate. (Hope something is done here before it is too late and we have a serious accident.)

The picnic is scheduled for July 28 at the Chateau in Wantagh where it was held last year and everyone had such a good time. The kiddie party will again be part of this affair. There was discussion of a block party to be held with no definite date set. It was announced that one of our group had just become a volunteer Fireman in Hicksville. Jack Henn. Congratulations.

Next meeting will be held on April 11 at Lee Ave. Just what the program is for then wait and see. Save the date

and we know you will have a good time.

Eight Mayflower Dr. was the scene of a very happy bunch Saturday night March 10. Event: a surprise dinner birthday Party with Karen Cucciolli the guest of honor. She was eight years old on March 2. Her friends who shared in this affair were Patsy Brittain, Patsy McNeely, Diana Schmidt, Virginia Winkelman, Kathy Mann, Caroline Ann Hellrigel, Linda Kosbeck, and Mary Tomaszewski. Kathy Brady was invited but disappointed due to a case of Mumps. (There seem to be several cases of these around now). For dinner they had Fruit cup, frankfurters, baked beans, and green salad. After a few more games they had ice cream and cake which was inscribed "Happy Birthday Karen". Karen received many very nice gifts.

Did you know that both Mrs. Hellrigel and her daughter were invested as scout-2 Mrs. Hellrigel is an assistant leader of Brownie Troop No. 367 which meets Friday afternoons at Nicholas School. Carol Ann is a member of this new troop. They combined the investment of these brownies with the birthday of Girl Scouting which celebrated its 44 year on March 12. With Easter this week we hope each and every one will attend the church of their choice and celebrate the Crucifixion on Friday especially during 12 and 3 when many churches will be opened. On Easter Sunday, we all celebrate the rising of Christ who overcame sin that we might have everlasting life without offering the blood of live animals as some of our friends still do as they rejected Christ as their King, since He came as such a humble being and would not claim His Crown at that time.

With April we hope that Spring is really here. This article was snowbound as was most of us for a day or so last week. How was your Street? We had one taxi cab at one end and another just around the corner on the same end and neither car at the other end of the street. Considering all the streets in this village and that they are not in the habit of starting to plow until they have four inches or more of snow and also that this storm drifted so badly in many sections, I feel that the Township of Oyster Bay did very well in clearing our streets and scraping them. Many

The P-TA of Nicholas School is sponsoring a White Elephant Sale on April 26 and it would be very helpful if anyone with any object as a usable toy, china, bric-a-brac, unused wool, etc. (no clothing please) would get in touch with Mrs. Jacob Hellrigel at WE 5-1525. I know that many of you in our midst have children at this school please make an attempt to find some article which they may use and contribute to this worthy cause. Anyone without children there may also contribute if they care too. Grandjean Will Seek Election

BETHPAGE — Robert F. Feuss announced this week that Howard A. Grandjean of 46 Berkshire Rd. will be a candidate for School Trustee to fill the vacancy left open by the expiration of the term of Fred Kramer. Feuss, a past President of the North Bethpage Civic Assoc., will act as campaign manager for Grandjean.

A resident for the past five years, Grandjean has been constantly active in civic and school affairs. As a member of the North Bethpage Civic Assoc., he was twice chairman of the Little League Committee and was instrumental in the Association's sponsoring of a Little League team. He has also served as coach and manager. Grandjean was also instrumental in the organization of the Cub Scout Pack now sponsored by the organization. He is currently Vice President of the association.

In school affairs, Feuss continued in his announcement, Grandjean was appointed by the School Board in 1955 and again in 1956 as a member of the Citizens Advisory Committee preparing the school budget. He was also a member of the Citizens Committee selected by the P-TA and approved by the School Board, to recommend a solution to the teachers' Veterans Preference problem. He is currently acting as Coordinator of the School Survey Study Group studying the recommendations of the NYU Survey for the improvement of the school system.

Grandjean was educated in the schools of Harrison, N. J. He is employed as Terminal Manager of a prominent New York City transportation company. A veteran of three years in the Air Corps, he served with the 20th Air Force as a Radar Operator on a B 29 in the bombing of Japan.

Churches Arrange Easter Services

BETHPAGE — Churches in this community have planned special services and programs to mark Holy Week and Easter Sunday.

ROMAN CATHOLIC

St. Martin of Tours R.C. Church, at Central and Seaman Aves. here, will mark Holy Thursday, Mar. 29, with Solemn Ceremonies at 5 P.M. Communion Masses are scheduled for 6:30 and 7:30 P.M., and an Adoration of the Blessed Sacrament will begin at 8 P.M. and last until 3 P.M. on Good Friday, Mar. 30.

On Friday, at 3 P.M., there will be Solemn Services of the Adoration of the Cross and the Passion and Communion Service. In the evening at 8 the observances will be the Stations of the Cross, a Passion Sermon and a Veneration of the Cross.

The Easter Vigil Service at St. Martin of Tours Church will begin on Holy Saturday, Mar. 31, at 10:30 P.M. A Mass of the Resurrection will be said at midnight. The other Easter Sunday Masses, on Apr. 1, follow the usual schedule.

METHODIST

About 20 confirmation children will be received into the church by the Bethpage Methodists on Wednesday, in an 8 P.M. Holy Communion Service. New members will be received into the church, at 192 Broadway here, in a similar service at the same time Thursday.

The Choir at the Methodist Church will present a sacred cantata at 8 P.M. on Good Friday. Carl Grozah will direct the Choir, and Mrs. Ruby Kloss will accompany it, in Maunders' "From Olivet to Calvary."

The church has announced the Easter Sunrise Service at 5:30 A.M. Sunday which will be at Bethpage State Park Polo Grounds. Everyone in the community is invited to this service which is sponsored by the Methodist Youth Fellowship.

Pine Ave P-TA Sponsors Troop

BETHPAGE — The Pine Ave. P-TA is sponsoring a new boy scout troop, which is in the organizational stages.

Any person who is interested can call Michael Kronberg, at WE 8-1768.

Parents of future scouts must attend the first organizational meeting, scheduled for Tuesday, Apr. 3, 8:30 P.M., at the North Bethpage Civic Association on Stewart Ave. here. The boys themselves may also attend.

When a minimum of ten boys have applied, the troop can be registered.

This will be the second troop sponsored by a Bethpage P-TA. The Powell Ave. school also sponsors a scout troop.

lowships. The usual two services are scheduled later Sunday morning, with an additional early service at 8:20 A.M.

ASSEMBLY OF GOD

The Assembly of God Church, at Stewart Ave. and Emma St. here, has planned to have four or five canaries sing their accompaniment to the morning services and programs on Easter Sunday. The music, canaries and organ, will begin at 9:15 and continue through the 10:40 service. This is the first time such an "Earlybird Concert," as it is called, has been attempted by the church, but it has been done in other churches, according to Mrs. Walter Radawski, the wife of the pastor. The canaries are pets of members of the church.

During the Easter Sunday service, scales will weigh the offerings brought by church-goers, who have been asked to bring change rather than bills. The weighing of these gifts will commemorate them as offerings of love as contrasted with the 30 pieces of silver weighed into the hand of Judas Iscariot as the purchase price of Christ.

All the offerings on Sunday have been slated for the sanctuary construction fund. The building is expected to be complete by the fall of 1956, about one year after the completion of the church's school building. The school building is presently being used for all church activities. It was first occupied on Thanksgiving, 1955.

Communion will be held both in the morning and the evening, this Sunday, at the church.

School Voters Must Enroll

BETHPAGE — All residents were today reminded that three registration dates have been slated for the annual school meeting and election in May. All voters are required to register in person on either Friday, Apr. 13, 2 to 9 P.M.; Saturday, Apr. 21, 9 A.M. to 6 P.M. or Wednesday, Apr. 25, 2 to 9 P.M.

Parents Of Four Boys Get Girl

BETHPAGE—Mr. and Mrs. Frank Tendel, the parents of four boys, were greeted by their fifth child, a daughter, on March 15.

Patricia Ann Tendel weighed 7 lbs. 14 oz. and was 20½ inches long when she was born in Mid-Island Hospital here. Her brothers are Richard, 1; Clifford, 2; Douglas, 4; and Thomas, 5. Frank Tendel is a fireman here.

Report To Taxpayers:

By SOL ZIMMERMAN

The Hicksville School Board meeting scheduled for Friday, March 23, was postponed because of the unavoidable absence of a Trustee. Board action on "Transportation and Teachers' Salaries" are set for the next board meeting. Inability of the Board to function with one Trustee absent emphasizes the necessity for either an immediate election or stop-gap appointments until an election is held.

Bid openings for an addition to the old High School were held last Friday night. This construction was authorized by the taxpayers about one year ago. It has been delayed. Now that the Bids have been opened, it is hoped that construction will proceed at full speed. The additional rooms will be sorely needed in Sept., 1957.

The ousted Trustees—Leavitt, Yocum and Soiminen—members of the former Board Majority, have announced their candidacy for the School Board. The next regular School Election will be held on Wednesday, May 2. Last week, Dr. Joseph Maloney, organizer of the much-publicized "motorcade" to Albany, announced that he was joining the ousted trio. The quartette will campaign as an organized and unified group. If elected, the four will join Trustees Sutton and Cawley in the formation of a team to achieve their common purpose.

Dr. Maloney's announcement clears up some of the mystery concerning the good doctor's

role in staging the one-car "motorcade" and petition to the Commissioner of Education. It is axiomatic that aspirants to public office cannot get enough publicity.

Of course, any qualified citizen has a right to run for the School Board. Taxpayers have the right to know where the candidates stand on school affairs; their educational philosophy and background. Between now and election time, we should take a good look at the record.

Mrs. Edna K. Sutton, President of the Board, is a former school teacher. Candidates Leavitt and Maloney are, at present, working teachers. The election of these two to the School Board would result in three teachers on a board of seven. This would be a severe blow to the principles of objectivity and impartiality that are required of the School Board. The School Administration is thoroughly capable of presenting and defending the rights and prerogatives of the school teachers. An organized group of proponents on the School Board would not be in the best interests of good school government.

The best interests of the teachers are not always coincident with the best interests of the pupils and/or the taxpayers. During Mr. Leavitt's short term as Trustee, there was abundant evidence of his pre-eminent concern for the teachers. We recall his unsuccessful attempt to abolish Board approval of teacher promotions; his unsuccessful

ful attempt to grant Tenure rights to pregnant, probationary teachers; his successful establishment of a pupil dossier; his advocacy of small class sizes in order to lighten the teachers' load; and many others.

If this quartette slips past the taxpayers and onto the School Board, it would be very harmful to the District. More so than the harm which would result, nationwide, if almost all the Senators in the U. S. Senate were from one political party. Remember, there is no one to veto the Board's acts. Gone would be the critical scrutiny which enlightened opposition provides. A solid bloc of six on a seven man Board would be a calamity for the District.

Reader Opinion

by CHARLES DE SHAW
TIME MUST MAKE A DIFFERENCE. Last July, when the Hicksville School Board comprised six members, with one vacancy, the business of the district was so pressing that to withhold the appointment of a seventh member, Milton Leavitt, was unthinkable. Consequently, at 4:30 A.M. the appointment was made. Now we find the same Milton Leavitt along with Adolph G. Soiminen (who voted for the appointment) of the opinion that present district business isn't so important that a special election should be held to fill their vacant seats.

Can it not be considered strange then, that these men consider themselves capable of providing for our children's educational welfare? How can we parents successfully teach our children that selfishness, spite, and disregard of community welfare is wrong, when those who

HERALD READER OPINION:

Leavitt Claims 'Omission'

By MILTON LEAVITT

To the Editor:

I think there is a notable omission in all your articles, news columns, guest editorials and opinion of last Wednesday's paper. Goebel, Zimmerman, Stephan, Rubinstein and yourself all failed to mention that Messrs. Yocum, Soiminen and I were resigning unconditionally on the dates we stated.

An unconditional resignation is not a deal. You, of course, know that.

You also know that we are resigning for a specific reason—to end all litigation, and to give the Board the opportunity to have a full 7-man Board on May 2nd—if it wishes to.

Your staff of commentators passed lightly over our reasons for not resigning instantaneously. We pointed out that confusion would result. They obviously do not object to such confusion.

Here's a picture. A "special" election would take place between April 7th and April 16th. The calendar would have to read something like this:

1. Special registration, April 7th
 2. Special election, April 14th
 3. Regular registration April 21st
- Everyone must re-register.

4. Second regular registration April 28th.
5. Annual Budget Meeting, May 1st.
6. Regular Elections, May 2nd.

All this within 3½ weeks! Is this the type of thing you are in favor of? Is your staff in favor of deliberately created confusion? Let's have one election, a campaign devoted to educational issues and a clean-cut decision.

The voters will decide who will be the Board members from July 1st on. The Board may accept these winners as the choice of the voters and appoint them immediately for the period from May 2nd to July 1st.

When Mr. Szendy stated that he would probably not favor the appointments, he was simply implying that he would not vote for the winners unless they were his candidates. Let him now state unequivocally that he will or will not vote to appoint the elected candidates so we will know he isn't playing politics. And if he says "no", then he alone will be responsible for leaving the Board without its full complement from May to July.

Tantalus And The Ousted Trustees

By HARRY H. GOEBEL

Greek mythology is responsible for the story of Tantalus, a son of Zeus. For his offenses against the gods he was condemned to stand through eternity in a pool of water up to his chin. Whenever he lowered his mouth to quench his thirst, the waters would be lowered below his reach. Whenever he stretched forth his neck to put his teeth into the fruits hanging temptingly above his head, they would be raised high out of his reach. As to a proper hunger the story of Tantalus' punishment comes from the story of the gods.

This District must have offended the gods. It only voted to postpone the annual election on its second Board from five members to four, a decision of the Supreme Court of the State. Then, that same Board, Messrs. Soininen and Yocum, both of whom are on the Board, and Leavitt, who is not, on March 2, the second Supreme Court again decided that a third individual, Mr. Leavitt, was illegally appointed to the Board and that he be ousted. He was appointed at 4:30 A. M. after a continuous eight-hour session of the Board in spite of pleas on the part of the public in attendance that the filling of the then vacancy be deferred for only one week to enable other names to be submitted for consideration.

This District is and has been entitled to the benefit of the opinions, advices and considered judgments of seven legally instituted Board members. It is and has been denied this right.

Excuses have been advanced for inaction. Notwithstanding the fact that the first Supreme Court decision declared the language of the statute "clear and unmistakable" and therefore their "election" a nullity, Messrs. Soininen and Yocum saw fit to announce that they would continue to sit. At first, this was to be until all appeals would be resolved and a final determination by the highest Court of the State was made. Later, this was changed to await a court order being entered and served. They were in fact permitted to serve for a period of two weeks in spite of the decision, with the contrivance of the then majority on the Board. This procedure was an affront to the dignity of our judicial system and an affront to the residents of this District. Notwithstanding the two Supreme Court decisions, and despite the protests of Messrs. Soininen and Yocum, the name plates of the ousted individuals continued to be placed on the Board table before the eyes of the public. This also constituted a flagrant disregard of the dignity of the Courts and a deliberate affront to the people of the District.

The first precept of Education is to teach respect for the Law as it is interpreted by legally constituted authority. This precept is being flagrantly violated.

The law, as it applies to the three ousted individuals, is fixed until the decisions of Mr. Justice Hamlin are reversed. As good citizens, respectful of the law, they should be the first to have seen that the law which determined their status, followed. That law requires that vacancies be filled promptly and without delay. They have no standing in any proposed appeals to any Appellate Courts. The only party to the Supreme Court proceedings was Dr. James E. Allen, Jr., State Commissioner of Education. They were severally and individually served with all papers in the proceedings. They could have sought to make formal parties to the proceedings. This they chose not to do. They can now complain. Demand for elections to fill these vacancies have been made by Messrs. Soininen and Yocum. The District is still waiting.

Finally, regarding the delays in the processing of appeals which are all in the non-filing of the appeals until after the term would expire. Messrs. Soininen and Yocum continued they will "see" as of May 1 or 2. This is after it would be possible to even attempt to fill these vacancies at the annual election on May 2, for the balance of the unexpired term—June 30. Notice of appeal 21 days is required. Mr. Leavitt, as stated earlier for the first precept of Education—that the individuals elected at the annual meeting are people. He claims that an election would constitute a usurpation and interference with the law.

Mr. Leavitt is seeking to set himself up as high as an emperor. He is in defiance of the law. He is above the law. In a democracy the people are king. The people, if they will, can make a mistake. They usually do not. For him to set himself up as the law is presumptuous. It is not for him to hold out the bait that the vacancies will be filled and then tell it lies. He either unequivocally "resigns" and lets the District work out its own business in the accepted democratic way, and tell me his felicitations as to their democracy, or

Mrs Sutton Expresses Herself

By EDNA KUHN SUTTON

To the Editor:
I wish to compliment and thank Mrs. Libbie Kozma for her complete accuracy and refreshing objectivity in reporting my talk at a recent meeting of the Burns Ave. P.T.A. I am particularly grateful to her because here was the first accurate account of my school board activities to appear in your paper in approximately two years. Almost consistently during that period of time you and some of your writers have been fit to misquote me and malign my work and, actually more important, to misrepresent school board affairs and school connected people in general. You are aware that it is not my policy to write letters to the editor, and, in your own "gentlemanly" fashion, you have taken advantage of this. However, your laceration of me as an individual is of minor concern.

The major concern, as I see them, are your own questionable practice of permitting erroneous accounts written presumably by others to be printed in your paper without so much as an editor's note to indicate that certain points are contrary to fact. It is my opinion that you have done and are doing very serious damage to our school system because you and some of your cohorts make the Mid-Island Herald an instrument for the presentation of slanted reports and unwarranted destructive criticism, instead of an instrument for the presentation of facts and constructive criticism of school board affairs.

Many of us are thankful that our school district now has two local daily papers, the Centre Island News and the Mid-Island Daily Times, both making sincere efforts to present a clear, untarnished school picture—the picture as it really is.

he must stand forever charged as one who defies the sanctity of our Judicial System. So long as Messrs. Soininen and Yocum permit Mr. Leavitt to speak for them they too must stand charged with the same disregard of our accepted judicial process.

A serious question has been permitted to be raised by the attitude of the individuals involved. Section 1703 of the Education Law under which the additional two offices were to be filled, provides:

"3. . . The additional members first elected shall be elected at a special election which shall be called by the Board and be held not less than thirty nor more than sixty days following the annual meeting at which the number was increased, and pending the first election of such additional members no vacancy shall be deemed to exist in the offices thereof except for the purpose of filling the same by election, notwithstanding any inconsistent provision of any law." (emphasis ours)

The problem of the non-filling of the vacancies within the 30 or 60 days from the last May annual meeting can be disregarded in view of the Supreme Court proceedings. The filling of the vacancies within a similar period as extended by the Supreme Court rulings, is very important. The raising or counsel to the Commissioner of the District's right to fill these offices within 30 to 60 days after the Supreme Court decisions, when a special election was asked for, would deny the paramount right of the people to get what they voted for.

It is time that the three gentlemen involved fully appreciated the indecent position in which they are putting this District. They were previously so advised. They then chose to disregard the admonition. The bad situation need not be permitted to grow worse. In view of the express language of the law a special election should be called, if the law is to be adhered to. There is no need to hold out the bread of filling the board with its full complement of seven members, and then to have it taken away by further actions which may challenge the procedure proposed by the ousted trustees. There is no need to speak of slackening the thirst of the District for appropriate action and then to have that thirst quenched by failure to have had the law followed. Messrs. Yocum, Soininen and Leavitt, you should acquiesce in the Supreme Court decisions without further delay and permit the District to go about its business.

Grossly intemperate language was used before—including unwarranted charges that the taxpayers' money was being wasted, and that, because the actions of the former majority were being challenged, the men so challenging such actions were men of a certain "ilk". These were the words of Mrs. Sutton and Mr. Crane. Whatever the word "ilk" may mean is open to conjecture. If the remaining members of the Board, and the three individuals who were ousted from the Board, desire to avoid being charged with wasting taxpayers' money, and do want to be charged with being "ilk" (whatever that may mean), they will delay no longer. They will demand the holding of elections without further excuse.

It is most amazing that you, a newspaper man of many years, sitting at the same school meetings, hearing exactly the same words others hear, seeing the same people in operation that others see, and presumably equally capable of understanding interpreting, should, almost systematically, produce, or have produced by others, reports that are in variance with the two aforementioned local papers, and opinions that are fantastic. Are not the readers of your paper entitled to honest and accurate reports of school news and school people? Do you feel no moral obligation to give your readers opinions that are sound and reasonable?

Your recent headline was "Ousted Trustees Propose 'Deal' On Special Election". Your opening line pointed out that they "have flatly refused to 'resign' unconditionally", and the second sentence continued along the line that there was a proposal for "an appointment 'deal' with the duly elected four remaining Board members." Ridiculous and absurd, to say the very least! Mr. Soininen, Mr. Yocum and Mr. Leavitt neither suggested a deal nor implied anything of the kind. There was expressed a willingness to resign as of certain dates; there were no conditions and no proposals of an "appointment deal". So much for your main story. A headline and two sentences report and repeat misinterpretations.

Fair to your readers, Mr. Editor?

The dictionary tells us that an editorial is a leading article in a newspaper, "an article expressing the editor's opinions". It is quite reasonable to assume, therefore, and particularly so if an editor does not indicate otherwise, that a "guest editorial" reflects the editor's opinions.

This leads us to the recent spou-

ings of one Harry Goebel, rejected candidate for school attorney, soundly trounced candidate for school trusteeship, and, presently, guest editorial writer for your paper. It is to be noted that his editorials are not accompanied by any comment from you, and, as a consequence, the reader is left free to accept his writings as articles "expressing the editor's opinions".

Mr. Goebel expresses adverse criticism of the Commissioner of Education, Dr. Allen; of the State Education Dept. Legal Division, specifically Drs. Birch and Debur; of Mr. Crane, school attorney, and of all others who choose to differ with him. He talks of "sacred cows" and "dogs in the manger", but mostly he's been busy with promoting a special election. He claims that the Board of Education is autonomous, and he's been recommending in effect that the Board disregard the rules and advice of the Commissioner of Education. He overlooks the fact that school trustees are subordinate to the State Dept. of Education and the Commissioner. He overlooks the point that the Commissioner may remove trustees who willfully disobey any decision, order, rule or regulation of the Education Dept. He does not tell the reader that the district's share of the public money of the state may be withheld if trustees willfully violate and disobey. He fails to point out that there are trustees who feel legal and moral obligations. In brief, he leaves much to be desired.

Why the demands and the urging that this Board flagrantly disregard the considered opinion of the highest officers of the Education Dept.? Why the shouting for something that this Board was repeatedly advised "cannot be done at this time and under these circumstances"? Why the adverse criticism of board action, and of trustees who attempt to perform their duties?

Fair to your readers, Mr. Editor? Fair to anyone, including yourself?

I refer again to my earlier observation, to my opinion that you have done and are doing very serious damage to our school system because you and some of your cohorts make the Mid-Island Herald an instrument for the presentation of slanted reports and unwarranted destructive criticism, instead of an instrument for the presentation of facts and constructive criticism of school board affairs.

He and his wife, Betty, who is a multiple sclerosis patient, are organizing volunteers to solicit donations during the 1956 drive in May. Anyone who wants to volunteer may call them at WE 5-7080.

About ten people have volunteered so far, Vichengrad said that this area can use as many as they can get. He said that a tea will be held to discuss plans with the vol-

Flash bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. The winning Ford threaded its way over the tough and twisting course averaging better than 40 mph. Through the heat of Death Valley and over the chilling height of an 11,000-foot mountain peak... through

the gas-eating stop-and-go of city traffic and over the straight-line open road... Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line and officially impounded until the starter's gun sounded. It was no different than thousands of '56 Fords you see on the road and in dealers' showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chances for all cars in each class regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

Old Country P-TA Elects Mrs. Fasullo

By E. DOBBINS

On Wednesday evening, March 21, the Old Country Road School Parent Teacher Assoc. of Hicksville conducted its regular meeting and it was indeed a most memorable evening.

Preceding the meeting the Classroom Mothers, under the chairmanship of Mrs. Michael Fasullo, entertained the entire faculty and wives and husbands with a most delicious Smorgasbord dinner. The faculty demonstrating their appreciation presented every mother with a charming corsage of pink and white carnations.

At the regular business meeting, conducted by the President, Mrs. Mildred Polsenski, election of officers for the terms of 1956-57 was held and those who will be installed at the April meeting are: President, Mrs. Michael Fasullo; Vice-President, Mrs. Charles Frost; Treasurer, Mrs. Doris Gabris; Recording Secretary, Mrs. Robert Capel; Corresponding Secretary, Mrs. J. Walton Dobbins; and Council Delegate, Mrs. Rudolph Szabados. All are to be congratulated and wished well in the coming school term.

We were most fortunate in having as our guest speaker for the evening, Mrs. Martelle Winant, Guidance Director for the Elementary grades in Hicksville. Mrs. Winant has a vast and varied experience in all elementary school problems and we all benefited considerably from her discussion. She specifically pointed out the four important factors that parents and teachers must have when dealing with their children. They are as follows: Integrity, Depth of Understanding, Intellectual Curiosity and Joy of Living.

Mrs. Martens, Chairman of the Ways and Means Committee announced that our card party will be held on Friday, April 20 at the school and many really beautiful prizes have already been purchased for this affair. Everyone will be contacted shortly by the ticket committee. This has always been a most enjoyable evening for all attending as besides military bridge other types of games are also played.

At the conclusion of the meeting refreshments were served by the Third Grade Mothers.

No Make Up During Vacation

Easter vacations will be observed as planned despite the schools' being closed for two days because of snow last week, according to mid-island public school authorities.

Whether the two missed days will have to be made up is not certain, according to the Bethpage administration. Next week the district expects to announce whether or not the two days have to be added in June.

In Hicksville, Dr. Wallace E. Lamb, superintendent, said that the time will not have to be made up.

COMMENTS BY SZENDY:

Tear Ducts With Spigots

by EMIL J. SZENDY

The tears that were shed only a week before about the sad plight of the School Board and the School District and "the poor children" because the Board was "unable to

function" were abruptly turned off as if at spigots. It had been discovered that a simple solution was available - the "resignation" of Yocum, Soininen and Leavitt and the holding of an immediate election.

No tears were shed and no protest made at the Board meetings of Friday, March 9, and Saturday, March 10, disrupted when the chair called the other Board members "insects" and twice permitted William Jack to speak of Erich and myself as "pigs". But tears were shed immediately thereafter at the "inability of the Board to function."

The Board situation and the unhappy potentialities thereof have not changed one iota since the recent Sunday when numerous signatures were secured to a petition requesting the "positive intervention of the Commissioner of Education to complete necessary business especially preparation of a basic budget". There still exist the same unpleasant possibilities: lack of unanimous agreement necessary for Board action; absence of a Board member for just cause resulting in no meeting; and mismanagement and disruption of meetings by the chair.

But the solution suggested to the petition bearers by Dr. Brind, chief counsel for the State Dept. of Education, was distasteful. It was a solution that had been advocated for a month previous by Erich and myself and repeatedly rejected by Mrs. Sutton and Mr. Cawley on the advice of School Attorney Crane as "illegal" - the holding of a special election. Now, it required only the concurrence of Yocum, Soininen and Leavitt to make it legal and workable.

One would assume that the petition gatherers, still weeping bitterly at the plight of the District, would now approach Yocum, Soininen and Leavitt and demand that they "resign" forthwith. But no, the wailing stopped, the circulation of petitions ceased, nothing further was done by the leaders in the petition drive, Cawley and Joseph Maloney.

Yocum, Soininen and Leavitt have now indicated their intention of "resigning". But even now, when they are not Board members, they wish to dictate to the Board and the District when and how their positions should be filled. Leavitt, their spokesman, has graciously consented that the position on the Board not now occupied by him and which will automatically become vacant in any event on June 30, should be filled by an election which will occur, with or without his consent, on May 2nd. The same is true for Soininen, Yocum, who filled a position having a term extending to June 30th, 1957, is also "Resigning" something he does not hold to permit an election for that position on May 2nd. Soininen and Leavitt are giving nothing - absolutely nothing - to the District. Yocum is yielding only the unlikely possibility that he would be reinstated by reversal of the Supreme Court decision. Yet all of these people, having obstructed reconstitution of a 7-man board on April 7, have the tenacity to instruct the Board and the District how to act - to hold an election May 2nd and appoint those successful to the Board for the interim period from May 2nd to June 30th.

Check of the statutes in connection

Suffers Attack

JERICHO — While working here, Saturday on the Jericho Farm, Jericho Tpk., a 64 year old man suffered a heart attack.

Harold Shaw, of Carle Place, was reported in "poor" condition and on the danger list Monday, at Meadowbrook Hospital.

He had been treated at the farm by Dr. Joseph Wyckoff, of 95 Old Country Rd., Hicksville, according to police reports. He was taken to the hospital in a police ambulance at about 8:20 Saturday morning.

tion with the 4:30 A.M. Leavitt appointment indicated that considerable question can be raised about the legality of any appointment. No Board member could be coerced into making a promised appointment. And, for what if may be worth, school attorney Crane said Friday, Mar. 16, that that kind of implied "deal" should not be made.

Oddly enough, all emphasis is now being placed on filling the Board by appointment after the budget has been voted upon and adopted at the annual meeting. No longer is "preparation of a basic budget" of concern to the petition gatherers. How the Board will function between now and the May 2nd election seems no longer to be of any importance - at least not to those who were weeping bitterly over the prospect only a week ago. Now, it appears, attention will be diverted to after May 2nd and tears shed in advance at the terrible prospect of a four-man Board after May 2nd. All to create a smoke screen around the fact that a 7-man board of unquestioned legality could be created now by vote of the people if Yocum, Soininen, Leavitt, Cawley and Sutton were willing to submit the matter to the electorate. Which obviously they are not.

No more tears please. The spigots are squeaking.

2 Car Crash

HICKSVILLE — A two-car collision at Jerusalem Ave. and Old Country Rd. here, Sunday, resulted in injuries to two occupants. No one was hospitalized.

The accident happened at 5:10 P.M. Rosemarie E. Mullady, 23, of Brooklyn, the driver of one car, was sent home with lacerations and contusions. Kathryn McFadden, 44, of Elmhurst, was also sent home with a possible sprained ankle. She was an occupant of the other car, driven by Thomas McFadden, 52, also of Elmhurst.

Of Legal Interest

By ROBERT V. CORCORAN
Member of the
New York State Bar

It seems to be a generally accepted belief that a wife cannot testify against her husband. This assumption appears to stem from the old-time fictional story, whether presented in the form of mail-order picture or novel, wherein the criminal, desiring to dispose of the danger that some female might testify against him, marries her, and retires safely, smirking at the law-enforcement officials who are frustrated by the rule of evidence cited.

Without wishing to disturb the peace of mind of anyone who may have married for such a reason, I must report that the generally accepted belief is unfounded; that a wife may testify against her husband; and, that, consequently, he is still in danger. This state of the law may be of interest, too, to those women who have not heretofore reported the short-comings of their respective spouses, believing that they would not be permitted to take the witness stand against them.

Actually, there was a time when the rule referred to was followed. But, it has been undergoing, in recent years, a gradual revision, so that today, in most jurisdictions, one spouse is competent to testify against the other, subject to certain statutory limitations.

In practically all states, however, including New York, a husband or wife cannot be compelled, or without the consent of the other, if living, cannot be permitted to disclose confidential communications made by the other during the marriage. The reason for this rule is based upon the sound public policy of protecting the sacredness of confidential communication between persons standing in close relationship to one another. The same protection is afforded to communications made by a patient to his doctor; by a communicant to his priest, minister or rabbi; and, by a client to his attorney.

It must be noted, with respect to this latter rule of evidence, that

the disability is extended only to testimony concerning communications of a confidential nature, and does not necessarily extend to all knowledge possessed by a spouse.

The significance of this point escaped one gentleman, who divulged some very damaging facts to his wife, apparently believing that she would not be permitted to testify with respect thereto. Although his revelation of these facts by letter caused him no difficulty, the fact that he had dictated the letter to his secretary was his downfall. It was decided by the court, that having chosen such a means of communicating with his wife, the subject matter of the communication could hardly have been considered by him to have been confidential, and hence that his wife's testimony, with respect to the contents of the letter, was admissible.

Furthermore, the rule appears not to preclude a person from testifying as to matters which were not communicated to him or her by the spouse. Thus, facts gathered, or acts observed by anyone, other than as a result of communication by him or her spouse, are not within the protection of the rule, and may be revealed.

Special Playoff In Senior Loop

HICKSVILLE—The Yellow Rebels, led by Talbot with 14 points, upset the Iguvas at Burns Ave. School, Saturday. The victory by the Rebels forces a special playoff to determine the championship in the Senior Division of the St. Ignace Interscholastic Basketball League. This game will have to be played off on Saturday, Apr. 14.

Dooley, Tyliniski and Talbot were the driving force that enabled the Rebels to upset the Devils. Bergin and Baroletti are to be commended for their defensive play. Dolan and Cagliore were high scorers for the Red Devils.

The Green Arrows, although they have lost a good part of their games by two or three points, moved into third place in the final standings by defeating the Blue Lakers 24-23 in a hotly contested battle.

With Devine, Himberger and Calzetta feeding Fettes and Burns, the Arrows were able to overcome the highly touted scoring combination of the Lakers, Shanley and Douglas. Fettes (12 points) and Burns (10 points) were high scorers for the Arrows while Douglas with 14 points was high scorer for the Lakers and the game.

All the boys and the men who worked with them are to be commended for their teamwork, cooperation and above all the sportsmanship they showed throughout the season.

seek to guide the educational destinies of the children do just the opposite. Can anyone deny that the children are bound to become confused by the present situation? They are taught at home that certain things are wrong, and then they hear of elected and pseudo elected officials preaching and doing those very things.

The big question on this filling the board vacancies is simply, "What business was more compelling in July, that a full board complement must be secured at that time, than the present business confronting the board?"

The latest move of these men and the group they represent in trying to split the community still further was the inducing of Joseph Maloney to campaign with them for a seat on the board. Maloney, who proudly holds a doctorate degree, and doesn't care who knows it, is that man of profound wisdom and vision who boldly and proudly declared during the political campaign of last Fall that the Democrats would sweep the Republicans from office, that Operation Break-through could not fail.

Geslak Assists On Experiments

HICKSVILLE — Frank Geslak, a senior at Albany State Teachers' College, has been a student assistant there in government-sponsored experiments to remove salt from sea water.

Geslak, the son of Mr. and Mrs. Frank Geslak of 55 Lenox Ave., here, is a chemical research major at the school. He graduated from the St. Ignatius School and, in 1952, from the High School. His wife, the former Nadine Watson of New Hyde Park, is an English teacher in an Albany high school.

Recently, Geslak was awarded a fellowship for two years' graduate study at the Albany school, to continue his chemical research. As a freshman, he had planned to be a teacher, but his aptitude in chemistry changed his plans toward majoring in chemical research.

Geslak is assisting members of the Chemistry Department of the state college in experiments to remove salt from sea water economically by means of passing the water through membranes. The federal government is financing the study in hopes that the chemists will develop a cheap water supply for municipalities.

The college has also announced that Geslak was named to the Dean's List for the fall semester grades, in which he maintained at least a "B" average. Geslak is a candidate for a B. S. degree this June, with a major in chemistry and a minor in mathematics.

Lamb Sees Our Chances For College Improving

HICKSVILLE — All organizations and residents who have not already acted in support of the proposal to have a four-year State Teachers College located here were today urged by Dr. Wallace E. Lamb, superintendent of schools, to "make their view known so that information can be passed on the Board of Regents."

Lamb also said: "More and more of the citizens of Hicksville are becoming impressed with the tremendous advantage to our community which would follow the location of the four-year New York State Teachers College in Hicksville. Their petitions are being sent on to the Board of Regents are received and the state is manifesting more and more interest in Hicksville as a possible location."

Joseph Cawley, Chairman of the school board committee which has been spear-heading the attempt to

have the college located here has expressed himself as very much encouraged by developments. If the college is to serve the maximum number of boys and girls it would clearly be located in Hicksville because this community is not only the center of population on Long Island but the center of transportation routes. "And, of course, Hicksville together with East Meadow and Levittown which are our neighbors have the three largest public school systems on Long Island," Lamb said.

FORT JAY, N. Y.—Army Pvt. Stanley Rauch, 20, son of Mr. and Mrs. Max Rauch, 92 Acre Lane, Hicksville, recently was assigned to the First Army's Headquarters Company here.

Rauch, assigned to the intelligence section, entered the Army in October 1955 and was last stationed at Fort Dix, N. J., where he completed basic training.
