Mother of 4 Dies in Collision

BROOKLYN -- Requiem mass was offered at St. Thomas Aquinas Catholic Church, here, yesterday (Wed) for Mrs. Catherine Rabbit, 32, of 44 Fordham Rd., Hicksville, who was killed Saturday afternoon in a five-car collision on Belt Parkway, So. Ozone Park. Her four small children, with her in the car at the time, suffered only cuts and bruises. Interment was in Pinelawn National Cemetery.

Bd. Approves Second Theatre

OYSTER BAY - A second theatre for Hicksville is in prospect. Granting a zone change from residential to business for a parcel on the west side of South Oyster Bay Road, 200 feet north of Meran Pl., the Town Board ruled "that a theatre may be constructed on said premises with provision for off street parking for not less than 100 cars."

Stock's Funeral Home until Thursday, Jan. 10, when a Requiem Mass was celebrated at 10 A. M. at Holy Family R. C. Church. Interment will be in Long Island National Cemetery.

To Settle \$50,000 Claim

A resolution will be considered by the Board of Supervisors, Monday, to settle for \$16,000 the \$50,000 action of Joseph S. Ellinger of 30 Central Blvd., Bethpage, who was injured in a fall from the steps of the Old Courthouse, here on Oct. 31, 1951. He lost the use of a leg. Ellinger, a member of Bethpage School Board, is an insurance representative. The fall occurred five years ago outside the Board of Supervisors meeting room.

WILLIAM E. KOUTENSKY (centre) re-elected as President of the Long Island National Bank of Hicksville for a seventh time, was presented with a Sterling Silver Plate signed by the Bank's nine officers. Presentation was made by Cashier and Director, Joseph A. Reinhardt. Assistant Cashier Gertrude A. Proctor is on the right. The plate is inscribed: "Best wishes to President William E. Koutensky, our inspiration, guiding light and beloved Boss." It is signed by Joseph A. Reinhardt, Gertrude A. Proctor, Joseph F. Bayer, John Proctor, Thomas E. O'Brien, Arthur J. Mangon, Stephen P. Timosuk, John E. Switlyk and William H. Ward.

SCHOOL BOARD MEETS 'ON TAPE'

THE TAPE RECORDER, in the foreground, as a device for recording the Hicksville Board of Education meetings was approved by the School Board early in July when this picture was taken. Board members in this picture, from the left, are Allen Carpenter, Arthur L. Eirich, Emil J. Szendy and Robert D.P. Eaton. An item on the agenda

of meetings for the past month has been the "tape recorder" and it is scheduled to be discussed next Monday night, Jan 14, at a special meeting in the Lee Ave School Kindergarten room. Elimination of the recorder is said to be goal of several members.

SETTLE NON-RESIDENT BUS QUESTION MONDAY

HICKSVILLE --- A resident of Westbury, living in East Meadow School District, continued to ride a bus for district pupils to Amityville this week as steps were taken to call a special meeting of the Board of Education for next Monday night, Jan 14, at the Lee Ave School. First item on the agenda for the special meeting, called at the request of Trustees Elwood S. Kent Sr., Robert D. P. Eaton and Arthur L. Eirich, is "ratification of action to transport the Farrell child." A meeting called for last Monday night could not be held due to the absence of a quorum.

Helene Farrell of 30 Flagstone Lane, Westbury, resumed her place as a passenger on the School District bus to Amityville, Monday morning, following a "poll of the Board" by telephone over the telephone over the weekend by Trustee Kent. President Emil Szendy declined to "vote" and Trustee Eirich abstained. The other Board members indicated their approval of the temporary arrangement pending ratification at a Board meeting.

At least one trustee said he was given to understand the ratification was scheduled for last Monday's meeting which could not be held. Present at the scheduled starting time were President Szendy, Trustees Joseph Cawley and Mabel R. Farley. When it was determined that a quorum was not

present, Cawley and Miss Farley left. Szendy had announced that Trustee Allen Carpenter was delayed and would be late. He arrived at a few minutes to 9, after Cawley and Miss Farley had left.

Kent had informed Board members by memo that he "would not attend an illegally called meeting." Eaton was recuperating from his recent operation and Eirich was unable to attend for business reasons.

Monday night's session was also a bid opening on cafeteria and classroom furniture for the temporaries which open in February. At a meeting last month, setting Board meetings for Mondays instead of Fridays, it was decided to have bid openings at Board

meetings.

The meeting for next Monday has been called for Lee Ave Kindergarten room, Kent explained, for the convenience of Eaton who lives nearby.

The week was also highlighted by the disclosure that five board members had "met" and agreed to seek, with State Education Dept approval, the ouster of Szendy as President. The matter had not come up at a formal Board meeting although an executive session on undisclosed topics was held Dec. 10. Kent, who has been quoted on the ouster move, declines to state when the members met. Named in newspapers as associated with Kent in this move

OUT-OF-DISTRICT TRANSPORTATION

Opposing Views of 2 Trustees

by Emil J. Szendy

Two questions have been raised regarding statements made by me which appeared in last week's HERALD, one regarding the over-all scope of out-of-district transportation, and the other regarding the extent to which the bus to the Queen of the Rosary Academy in Amityville is "overcrowding".

The statement given to the HERALD spoke of the liberality of Hicksville out-of-district transportation with the majority going to Catholic Schools. Transportation is, of course, also provided to parochial schools of other denominations, and to some private schools. Schools to which transportation is provided, and the number transported in each case, are as follows:

Non-Catholic Schools	Elem.	Second
Advent Tuller, Westbury	5	1
Cathedral of St. Paul, Garden City		3
Friends Academy, Locust Valley		3
Hebrew Academy, West Hempstead	9	
Nassau Christian Day School, Mineola	5	
The Waldorf School, Garden City	3	
	22	4
Catholic Schools		
Chaminade, Mineola		21
Our Lady of Mercy, Syosset		10
Queen of the Rosary, Amityville		50
Sacred Heart Academy, Hemp.	14	2
St. Barnabas, Bellmore	5	
St. Dominic, Oyster Bay	6	65
St. Francis de Chantal, Wantagh	1	
St. Martin of Tours, Bethpage	1	
St. Patrick, Glen Cove	1	
	39	148

The bus that carries 50 students to Amityville also carries five to St. Barnabas in Bellmore and one to St. Francis de Chantal, Wantagh. There are there-

by Elwood S. Kent Sr.

Recently the president of the School Board wrote an article stating his views about transportation and it bore a similarity to other statements and articles by him in that it only "painted half of the picture". No doubt, it was intentional and deliberate but it did not have the official sanction of the remaining "Board Trustees" -- nor does this article have the sanction of the other trustees -- but it will try and "paint the picture" clearly and fairly.

The law does provide transportation "out of district" up to eight miles and this district has by vote of their Trustees seen fit to extend the distance to 12 miles. The motion was initiated by a previous "board" under a motion by Joseph F. Cawley, trustee, who should be commended for his action in this connection.

Mr. Szendy's article states that Hicksville transports to nine Catholic schools and to a maximum distance of 12 miles; the intent here was obviously deliberate as it did not mention all the "out of district schools" -- there are 16 in all and the list follows:

1. Advent Tuller, Westbury.
2. Cathedral of St. Paul, Garden City.
3. Chaminade, Mineola
4. Friends Academy, Locust Valley.
5. Hebrew Academy, West Hempstead.
6. Nassau Christian Day School, Mineola.
7. Our Lady of Mercy, Syosset.
8. Queen of the Rosary, Amityville.
9. Sacred Heart Academy, Hempstead.
10. St. Barnabas, Bellmore
11. St. Dominic, Oyster Bay.
12. St. Francis DeChantal, Wantagh.
13. St. Martin of Tours, Bethpage.
14. St. Patrick's, Glen Cove
15. The Waldorf School, Garden City.
16. St. Regis, Westbury.

Amvets Offer College Scholarships

HICKSVILLE - Four-year college scholarships ranging in value from \$1,000 to \$2,000 are available from the AMVETS National Service Foundation to high school seniors who are totally disabled as a result of their military service in World War II or Korea - or who

served in World War II or Korea and are now deceased. Commander Frank Hamilton of AMVETS Post 44, here, explained that the AMVETS Memorial Scholarships, awarded by the AMVETS National Service Foundation in

Washington, D. C., may be used for undergraduate study at any accredited college.

Application forms are available from Commander Hamilton at 25 Ketchikan Ave. The deadline for candidates to submit applications to the AMVETS Foundation in Washington is Feb. 29. In March, a competitive college aptitude examination will be given in all high schools where there are eligible applicants for the scholarships, Commander Hamilton said.

The winners will be selected on the basis of financial need, high school records and results of the March examination. The amount of each scholarship will be determined according to the winner's needs.

The 1957 scholarship program marks the sixth consecutive year in which the AMVETS National Service Foundation has awarded grants to children of World War II Korean Conflict veterans.

Commander Hamilton also announced that a 4-year \$1,000 scholarship is available to a high school senior whose father was killed or totally disabled in the Burma campaigns of World War II. This scholarship is based on a gift of the Burmese nation to assist children of American servicemen who participated in the Burma campaigns. The AMVETS National Service Foundation supplemented the gift in order to provide two \$1,000 scholarships -- one to be awarded this year and one in 1958. Application procedures are the same as for the AMVETS Memorial Scholarships.

Dear Jean:

MCGUNNIGLE's Stationery Store on Jerusalem Ave near W. Marie St., Hicksville, closed its doors last week. It was opened seven years ago and for the past year and a half has been under the ownership of Mrs. A. JOHNSON. . . .

County Executive A. HOLLY PATTERSON has been named Nassau County Brotherhood Week Chairman. School Attorney HARRY H. GOEBEL is chairman for Hicksville-Plainview. The week will be observed Feb 17 to 24. Someone has suggested that the local program be sponsored by the Board of Education. . . .

Traditionally the Oyster Bay Town Board has met on New Year's Day to reorganize for the new year. This is no longer required, so the reorganization session was held this week on Tuesday. Supervisor LEWIS N. WATERS returned from a brief stay in Florida in time for the session. . . . Traffic signal on Old Country Road, Hicksville, which was the subject of so much energy by the Duffy Civic Park Civic is now in operation. School board has authorized a new sidewalk from the School to the new gate in the fence at the location of the signal. . . . In case you are interested in the coming week (of Jan 14) is Chicken rice soup and egg salad sandwich on Monday, American lasagna on Tuesday, hamburger on bun with mashed potatoes for Wednesday, bologna and cheese heroes on Thursday and baked macaroni with tomato and cheese, Friday. . . .

Hicksville School Board attempted to meet, Monday night, a change from Fridays. The member who proposed the change of night and the trustee who seconded the motion and the one who urged the change did not appear. Two trustees who "went along" for the change and two trustees who opposed the change managed to be present. . . . ROBERT E. CANNAVA, GEORGE BALAKHAIN AND DANIEL B. DEPONTE, all of Hicksville, have earned membership in the Mutual of New York honor groups for 1956. . . . ATTENTION MEN OF HICKSVILLE: The Police Boys Club needs your help, one night a week. Call Ptl D. RYAN at OV 1-0024, WILLIAM STAKER at WE 5-7907 or ARTHUR F. WOOD at WE 8-2495. No experience is needed but adult supervision is required for the basketball teams of the PBC which opened their schedule Monday night. . . . Almost 10,000 leaflets are going in the mails this week to residence giving the listing of courses offered in the Hicksville Adult Education program. Enrollment takes place next Monday and Tuesday night, Jan 14 and 15, at the high school, 7:30 to 9:30 PM. . . . A legal controversy is brewing regarding the field of authority between the library district and the school district. . . .

What is a photographer without a camera? FRANK MALLETT had his camera stolen from his parked car on Broadway just before the New Year began. It was a second for Frank. He previously had his camera stolen in Northport a few months ago. . . . The January issue of "The Dude" which is described as "the magazine devoted to pleasure", features a four-page spread on AILENE ROGERS of Hicksville who has been chosen as "Miss Dude for the month". Miss ROGERS was the Hicksville Baseball Queen in July of 1955. The magazine article announces that "fate struck in Hicksville, LI, this month and fastened on the person of 21-year-old AILENE ROGERS. In everyday life she's a secretary in a large New York office, with ambitions for a theatrical career. . . . The HERALD published her picture with PEE WEE REESE, Dodger captain, taken at Ebbets Field home plate. It could not compare with the portfolio printed in "The Dude". . . .

GEORGE H. HAUSER of Garden City, executive vice president of Liberty products Corp of Farmingdale, and former Hicksville resident, is first vice president of the Long Island Assoc. . . .

GEORGE EISEMANN on one of his annual trips to the East Coast and former neighbors on Long Island stopped at the HERALD office. His home is out in Big Fork, Montana. . . . I. J. SANOSSIAN Business Machine has moved from 113 Broadway to 87 Old Country Road, Hicksville, as the firm starts its fourth year in the community. . . . Motor Vehicle office on Jerusalem Ave., Hicksville, will be open Saturday mornings from 9 AM to 12 noon for the rest of the month while you got your new 1957 plates. Station wagons need their plates by Jan 15. . . . Better not delay in getting your tickets for the MABEL FAIRLEY testimonial dinner-dance on Jan 24. We have them at the HERALD office next to the PO or you can apply at SEAMAN & EISEMANN at 167 Bway, Hicksville. It promises to be a memorable affair. . . . Mr. and Mrs. CLIFF PLACE recently returned from a motor trip to New Orleans. CLIFF has a certificate dated 1929 which testifies he was named a special deputy sheriff. It is signed by LEONARD W. HALL, now national GOP Chairman, who was then county sheriff. . . .

When the 13th annual convention of the National Assoc. of Home Builders opens in Chicago on Jan. 20, LEONARD L. FRANK of Stackler & Frank, will be serving his second consecutive year as General Chairman of the gigantic convention-exposition. The operation is so large that all facilities of three convention centres in Chicago are required to accommodate the meetings, discussions and provide space for nearly 800 exhibits. The five-day event closes Jan. 24. . . . A public hearing will be held by the Nassau County Planning Commission at Mineola next Tuesday night, Jan. 15, upon the final map for Herman states, a small development on Miller Rd., Hicksville. Important fact is that the development map provides for the opening of Twinlawn Ave. into Miller Rd. and many people on Twinlawn are opposed. . . .

Our sincere sympathy to the family of JOHN H. VANDOHLAN of Hicksville on the death the past week of their mother, MRS. ELIZABETH VAN DOHLAN of W. Hempstead. . . . Mr. and Mrs. TED SOKOLAUF of Hicksville leave by plane on Saturday for a few weeks vacation in Mexico. Ted, who owns Ted's Superette on No. Bway, Hicksville, tells me it is his Christmas present to his wife, Irene. The store will be opened during the week but closed on the next two Sundays. Have a good time, folks. . . . Sorry to hear that the infant daughter of Mr. and Mrs. BERNARD SCHUSTER of Twinlawn Ave, Hicksville is a patient at the Nassau Hospital, Mineola. Friends and neighbors wish her a speedy recovery and a fast return home. . . .

Get well wishes to RAY BONAZZI of Danvers Ave, Hicksville who is a patient at Midland Hospital, Bethpage. He is the owner of Ray Television Service, Broadway, Hicksville. . . . CARL F. LEHMANN lost his Catholic Prayer Book on Sunday, Dec. 30, in the vicinity of Stock's Funeral Home, W. Cherry St. and Newbridge Rd., Hicksville. It is a man's black prayer book with his name imprinted on the front cover in gold. He would appreciate its return for the sentimental value. Please call WE 1-1117.

Missile Graduate

FORT SILL, OKLA. -- Pvt. Alfonso DeAngelis, son of Mr. and Mrs. Dominick DeAngelis, 16 Field Ave., Hicksville, recently was graduated from the Army's Artillery and Guided Missile School here.

DeAngelis completed the school's enlisted communications course in the operation and maintenance of radios used by Army units.

He entered the Army in May 1956 and completed basic training at Fort Dix, N.J.

Discusses Art

The Parent Education Committee of the York Lane P. T. A. of Hicksville will present a round table discussion led by Leon Frankston, Art Consultant at the school on "You and Your Child's Art Work" to be held in the school Playroom on Jan. 16 at 8:15 P.M.

Art today (especially in children) is regarded as a means of self-expression and personality development, according to the P-T.A. It is an activity through which children have the opportunity to record their observations and experiences according to their individual abilities, interests and feelings. . . . for this very reason it is imperative that art be given its proper place in the lives of young children both at home and in the school.

force a total of 56 on the bus to and from Bellmore. With three children in each seat, the bus would have a seating capacity of 81. With two in a seat, the seating capacity is 41.

Only small children can sit three in a seat, and most of those on the bus are healthy teen-agers. As a result, there are standees on each trip, even with some authorized riders absent.

Much emphasis has been put on the proximity that Hicksville may be put to no additional cost in transporting the Farrell child. He should, therefore, be permitted to ride. On that premise, the control of transportation based on established policy and equitable limitation would be impossible. The sole criteria would be a wish to ride and room on the bus.

What about all the other children in East Meadow who have an equal right to a ride, but don't know Mr. Conroy or Mr. Kent? And the even more deserving cases in Syosset and Jericho? Why has the Farrell child been singled out for preferential treatment?

Or is this just another case of an elected public official or officials dealing out favors or patronage, and should that be countenanced in

a school district where good education and high ideals are to be inculcated?

East Meadow limits transportation to 8 miles, and will not deviate from that policy or exceed its budget without taxpayer approval, except that in the case of the Farrell child, Mr. Conroy of the East Meadow Board is now asking transportation beyond that distance while continuing to deny it to others. The Hicksville District seems to be the intended instrument for circumventing the East Meadow regulations.

Mr. Conroy forwarded the request, presumably for the East Meadow Board. The authority therefore should be Board action, but the East Meadow Board has not met since Dec. 29th. Under the State Law, no individual Board member, whether it be Mr. Conroy or Mr. Kent, has a right to act for the Board except by specific authority in specific cases given by Board action at Board meeting. Incidentally, Mr. Kent is not the "transportation officer" for the Hicksville Board, and he has no right to represent himself as such.

There is more than just transportation in this matter. Should favoritism and patronage be tolerated in school affairs? Those who may benefit by it today may be the victims of it tomorrow, if it becomes an accepted and applauded practice. ALL CHILDREN MUST BE TREATED ALIKE. Inherent rights should not be flouted, nor special favors dispensed, by trustees elected to serve all the people and all the children without discrimination or favor.

HINDLEY R. MENDELSON of 234 Halsey Ave., Jericho, is chairman of the Board of Trustees and one of the founders of the Jericho Jewish Centre, a conservative congregation. He has been elected as president of the Centre. (Fabian Bachbach photo).

Reader Opinion

By Sol Zimmerman

To the Editor:

Before the fog of emotionalism surrounding the District #17 School Board controversy engulfs us, let us pause to reflect on the following facts:

1. Trustee Kent, without Board approval or authorization, ordered the School Transportation Officer, Mrs. Caesar, to use a bus pass to non-resident of this School District. This is ward heel politicking reminiscent of Tammany Hall at its worst.
2. When confronted with this abuse of his official position, Kent did not have the intestinal fortitude to stand up for his act, by disclaiming his responsibility, he put the job of an honest, efficient, and loyal school employee in serious jeopardy.
3. His argument that non-residents should be transported if it involves no additional cost is completely fallacious. Many of us live just inside the transportation distance limit. We see unfilled buses pass our doors, daily, while our children walk to school. We know that if the buses picked up our children, transportation rules and regulations would become a hollow mockery. Anarchy would prevail in our school system.

4. Kent's supporters have proclaimed that refusal to transport a pupil to a private school is equivalent to the denial of the right to an education. Nothing could be further from the truth. Under our system of compulsory education, a child cannot escape an education, let alone be denied one.

We would suggest that Mr. Kent come out from behind the skirt of the East Meadow schoolgirl. The skirt is not big enough to hide, simultaneously, the ineptness and callous indifference of the East Meadow School Board and Trustee Kent's actions!

Civics Conduct Annual Party

The annual Christmas party given for the children by the North Bethpage Civic Assoc. was held on Dec. 23 at the clubhouse. The party is a tradition, having been for many many years.

This year's party was a joyful one--scores of local children attended. Games were played, with Mrs. Adele Grammick and Mrs. Zeldia Plotkin assisting the entertainment chairman, Edward Prinz, in leading the children in the fun.

The highlight of the afternoon was a visit by Santa Claus, who was ably assisted by John Yenzler, a new member of the club. Gifts were presented to all the guests, and judging by the noise and laughter that shook the clubhouse, everyone had a grand time, including many becoming parents.

CODE OF THE ROAD

HE THOUGHT HE WAS RIGHT

Bill had driven over this route so many times he could do it in his sleep.

He suppressed a yawn and wriggled to a more comfortable position in the driver's seat. The party had been enjoyable, but it had lasted a little too long.

Bill yawned again, and shook his head to clear his tired eyes. He'd only a few more miles to go before he would be home and in a comfortable bed. Boy, was he tired!

The quiet hum of the motor and the headlight beams dancing on the road had a sort of hypnotic effect. Bill's eyes became heavier and heavier. It would feel so good to sleep.

In the grey light of early morning, Bill looked as though he were sleeping peacefully as

he slumped over the wheel. The car was well off the road but the crumpled grill and battered tree indicated that Bill hadn't pulled off the road to nap. He dozed off at the wheel and the out-of-control car had hurtled off the highway into the trees.

Bill thought he was right to drive those last few miles home. But he should have recognized the danger that fatigue can bring to a motorist. His proper course, when he realized he was too tired to drive, was to pull off the road, completely off the road, and then sleep. Even though home was only a few miles away, Bill found that he couldn't drive it in his sleep.

This material prepared in the interest of safer driving as part of the Allstate Insurance Company Safety Crusade.

Board to Meet

(continued from page one)

were Cawley, Birch, Eaton and Mrs. Farley, Carpenter and Stendy had not been advised of the "meeting."

Complicating the case of the East Meadow passenger on the Hicksville School Bus to Amityville was a legal memorandum prepared by Attorney Harry H. Goebel regarding "polling the Board."

He wrote "While Board commitments may be sought between meetings, and in some emergency situations may appear to be necessary, the emergency nature of a situation can and should be satisfied by a special and emergency meeting of the Board." He goes further that "powers committed by law to the trustees -- must be exercised by them as a Board" as the wording of the law.

And added: "a 'polling' of a Board can result in merely an expression of intent. The poll itself can have no legally binding effect." Other items on the agenda outlined for next Monday night's session by those who called it, include: by-laws, tape recorder, publicity, administration items, and operation of Board committees.

Meanwhile, the Farrell child continued as a passenger on the Amityville bus on Tuesday of this week. It was also disclosed that Mrs. Joseph Rooney of Jericho has asked that her child be transported to Amityville by Hicksville also. The nature of the East Meadow "request" to carry the Farrell child

Set Open House At East Street

The regular January meeting of the East S School PTA of Hicksville will be highlighted by Open House tonight (Thursday) at the school. Parents are invited to visit the individual classrooms attended by their children, and view for themselves the progress their daughters and sons have made in their various grades. The teachers will be present in each classroom to explain the curriculum.

It is hoped that this meeting will be as well attended as was the December Social Evening which featured a Christmas Party for all members of East Street P-TA. Those who attended the Christmas Party were pleasantly entertained by many of PTA members as well as some professional entertainment, and a Community Carol Sing, which all those present took part in. Holiday refreshments were served at the Party.

The Executive Committee of East Street School urges all parents to attend the Open House on Jan. 10, and any parents who are not already members of the East of P-TA to join the ranks.

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville N.Y.
by Arlie Rutz

As I can say is, as predicted, the Hicksville High School will be the oratorical champion at the County Finals last week at Bethpage High School to speed his fourth contest in this year's Nationwide Series of American Legion sponsored oratorical contests to select the ultimate national champion, open to all Sectional Finals and at this contest. In addition to his regular topic, he will be given his choice of thirty topics on which to give a five minute off the cuff speech, thus making the road a little tougher but the winner which we expect of him will not be that much sweeter. We look to come to hurdle this step in stride and make his way to the state finals and we feel confident that Gene will be one of the finalists for the New York State Championship.

Guard, a Citation from the United Veterans Committee for their participation in Veterans Night at Roosevelt Raceway last October during the Mineola Industrial Exhibition and Fair. Get a nice frame for it, Bob.

Don't forget ALL you veterans that under New York State laws you are entitled to tax reduction and exemption on certain monies received in connection with your services rendered to Uncle Sam in the past and if you've never filed on these in the past you had better look into the situation as you can really knock your taxes down a bit. Applications and information can be had at the County Clerk's office in Mineola. The Veterans Administration in Mineola can also give the necessary information.

Earlow was appointed chairman of committee set up to look into all the facts relating to Memorial Library at Hofstra College and he'll probably have a report ready for us at the next meeting.

The annual Donation was voted to the County Legion Gifts to the various food and also the same donation was voted to the Child Welfare Fund.

That time of the year so accordingly an Auditing Committee was appointed which consisted of Jack Dobson, Tony Corri and Arlie Rutz who will gather the membership of the past year together and give the once over.

Require Dozen Officers To Handle Movie Fans

Almost a dozen members of the Nassau County Police force were called to the Hicksville Theatre Saturday at the opening of the matinee performance. A rock and roll picture drew the teen and pre teenagers to such a degree that the management apparently could not control the crowd. Two patrolmen on that beat tried to help, but when the pushing, shoving crowd overflowed into Marie St., additional officers were called to the scene. They manned the entrance, and admitted the crowd in an orderly fashion. When the movie was filled to capacity they disbursed the remaining youngsters and roped off the area. Two patrolmen remained, at a vantage point, in the projection booth, throughout the performance. Thanks to the "boys in blue" the situation was well taken care of and all that happened was a few cases of stepped on toes. Good work boys! All we can say is "Watch out when Elvis' picture gets here"

Traffic Stop Across Myers

OYSTER BAY - Establishment of an arterial stop at Myers Ave for traffic approaching from east and west on California Ave is directed among a series of changes in the Hicoville Park and Parking District ordinances which has been approved by the Town Board following a public hearing.

THE GREEN THUMB

By ALMA W. CRAIB

WINTER BIRDS

This morning our garden is alive with birds. It is a bitter cold day, and some of them have their feathers fluffed out for warmth and they look like little round balls, but they are sitting around so fast that it is impossible to see the eyes to watch them. There is a great flock of white-throated sparrows which always come to roost in large groups. They sit close together and look like a single bird, but you may know them by the stripes on the crown and the patch of white under the chin. They feed on the ground and scratch around like chipmunks, and although they are not the common winter bird, I have never seen them on the feeders. There is deep snow on the ground.

Amongst the birds around among the white throats are a dozen or so of starlings, a few English sparrows, a flock of jays, and three or four blue jays, with their brilliant, gleaming plumage and greedy manners. All the birds are busy looking up food. When we put shrimps in the feeders, they get so excited that the white throats get down on the ground when the jays come down in their eagerness to get it. First, but they do not really need it unless snow or ice covers the earth.

Birds feed most of their waking hours. Often eating their own weight in a day. When they are not busy feeding, they are busy with their nests. It is difficult to tell which, and it doesn't matter, they are doing a fine job of cleaning up and down. A desert of easily gotten meat for the feeders. Even if the birds are allowed no words to go to seed, the wind blows over it, and the insects are always with us. It would be impossible to estimate the number of weed seeds and bugs these little feathered helpers consume during a long winter, saving the gardener hours of spraying and weeding.

He is no help to my gardening, although he usually confines himself to clover and does little harm, but last spring he nibbled the tops of the carrot seeds and when they opened, they were real-looked like morning glories! Anyway, we like him and are willing to share a few points.

The cheery little goldfinch and the nutcracker hop around in the pine tree just outside the window, looking for nut and peanut butter. The slow woodpecker goes a-croak over the whole tree, systematically digging out larvae and squirting out contributions unless we tickle him in the crevices of the trunk.

Winter birds appear anywhere where there is food. A sure way to attract them is to plant shrubs and trees that bear winter berries. They love the fruit of holly, hawberry, mountain ash, the six-berry, snowberry, and holly, and if you provide additional food, they will stay when the berries are gone. Most of those who stay with us during the winter will go farther north when the summer birds return in the spring.

Set Garment Collection Here

Clothing is being gathered this week for delivery Sunday to the United HIAS in New York City. The Nassau Branch of the Women's Circle is calling for contributions. BOARD OF DIRECTORS of Long Island National Bank of Hicksville held a reorganization meeting, Tuesday, when William E. Koutensky was re-elected as President of the bank for a seventh time. Left to right are Directors Herbert W. Purick, Norman C. Godfrey, Chairman Charles R. Carroll, President Koutensky, Malcolm E.

Pierce and Cashier Joseph E. Reinhardt. The Directors approved a 25¢ per share cash dividend and Feb 1 and the stockholders approved a 3% Stock dividend and sale of 30,000 shares of stock at \$18 per share. The par value is being reduced from \$10 to \$5 par.

Old Bethpage Meets

The next regular meeting of the Old Bethpage Parent-Teachers Assoc. is scheduled for Jan. 14 at 8:30 p. m. in the General Purpose Room of the new school building on Round Swamp Road. A "Back to School" evening is planned, with President John Jefferys introducing members of the school board and the faculty.

Parents will have their first opportunity to visit the classrooms and discuss their children's progress with the teachers. The Membership Committee will be on hand to extend a last opportunity to those charter members to those

enrolling at this meeting. It is the aim of the organization to gain the participation of everyone in the community in an effort to unite, through the PTA, the forces of home, school and community in behalf of children and youth.

The basket ball game between the Old Bethpage PTA fathers and the men of the Plainview PTA will take place on Feb. 7 at the Jamaica Av. School gymnasium in Plainview. Admission is 50 cents for adults and 25 cents for children. Tickets are now available through Robert Rais at Chapel 9-9374.

Manetto Hill Chapter of B'nai B'rith announces the following changes in meeting dates: The Executive Committee will meet the second Thursday of each month at the Fern Place school in Plainview beginning Jan. 10. at 8:30 p. m.

Harry Dobrin Does His Act

The Manetto Hill Chapter, B'nai B'rith, will amaze and mystify its members and guests, with a performance of the Great Garibaldi, one of the country's renowned hypnotists and mentalists, on Jan. 22.

"The Great Garibaldi", better known to Plainview as Harry Dobrin of 57 Shelter Hill Rd., is a descendant of a long line of magicians. While his first interest was in magic, he eventually found that he possessed the powers of mental concentration, which he has used extensively in shows and theatrical work throughout the country. He has many times worked in leading hospitals, under the guidance of

medical doctors, using hypnosis in the treatment of mental illnesses.

A member of the Society of American Magicians, and the American Guild of Variety Actors, Dobrin has put on many shows for the USO, Red Cross, American Legion, and Merchant Seaman during the war, for which he received letters of citation.

Lumpy gravy? When thickening gravy, try putting milk and flour in screw-top jar. Shake until smooth—then add to meat juices. Substitute water for milk to make brown gravy.

All the neighborhood kids soon learn whose Mom is the best baker around—especially when tantalizing aromas float from her kitchen.

Some of the most popular Moms are baking with Heckers' flour. It's the flour that comes by its snowy whiteness naturally—without bleaching agents. That's why Heckers' reaps consistent high praise with fuller flavor, better texture, and finer appearance, every time.

Heckers' flour will help you stay on the neighborhood "front page" and keep your family and friends happy with the best in home baking.

HEALTH HINTS

By Chiropractic Assoc. of Nassau County

Nerves, Health, And Common Sense

When a fuse "blows" in your home, the result is darkness in a portion or all of the dwelling. Polishing the bulb or tinkering with the switch is useless until the flow of vital current is restored. In the human body, nerve force is carried to every part of the body through the nerves, like electric current. All the senses, every part of the body, must receive this nerve force—pinch or cut a nerve to any part or organ of the body, and that part ceases to function normally and gradually degenerates.

The basic principle of chiropractic is to restore this nerve force. All of the main nerve trunks are housed in the spine, like telephone lines are housed in a cable, and emerge between the vertebrae. Blockages of nerve force happen more between spinal segments because of the complexity of the spine. Swallowing nostrums may temporarily deaden pain, but without manipulation, which restores normal nerve function to the affected part or organ, no permanent cure is possible.

The existence of this nerve energy was emphasized by chiropractic in 1895, and is now universally accepted. This knowledge has enabled doctors of chiropractic to trace sickness to its source and relieve it.

Spinal nerve interference is often the real difference between sparkling health and a debilitated feeling, or serious physical disturbance. Your nervous system is the key to your health. Guard it well.

The 8-passenger Country Squire

The 6-passenger Country Sedan

The 8-passenger Country Sedan

The Del Rio Ranch Wagon

The Ranch Wagon

FIVE NEW FORD glamour wagons long, low and loaded with Go!

Leave it to the station wagon leader to make the big news for '57! And what news! Wagons so big, so full of fine-car prestige that you'll wonder how it can be done at low Ford prices.

If your choice is the Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its wood-like trim.

If your needs call for a 6-passenger wagon with four doors, you'll love the new Country Sedan. It has almost nine feet of loadspace—nearly a foot more than ever before.

There's still another 4-door Country Sedan. It has the extra third seat for 9-passenger room. And, as in all Ford wagons for '57, you have the new single-control handle

which opens both the wrap-around liftgate and tailgate with one motion. And they can't be opened from inside!

There's good news, too, about Ford's popular Ranch Wagon. This 6-passenger, 2-door model features Ford's new subdued tones, and smart interiors which defy muddy little shoes and drippy chocolate cones.

In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes beyond the Ranch Wagon in style, fabrics and trim.

Better take a Ford wagon for a spin. You'll agree that for styling it's a sweetheart... for work and power, it's an obedient-alive!

Now '57 Fords have toughest shakedown cruise in history!

The '57 Ford broke 458 national and international records from 1 kilometer to 50,000 miles at Bonneville, Utah. For 50,000 miles, the '57 Fords averaged over 127 and 128 mph respectively. This time included all pit stops... the greatest endurance feat of all time!

Warriors Top Knicks 28-24

Hicksville - Sensational team play and aggressive basketball aided the "Warriors" to defeat the "Knicks" 28 to 24 in the St. Ignatius C.Y.O. league in the first week. Gaylor sank 7 points as he led the "Warriors" to victory. O'Neill and the "Knicks" waged an uphill battle, but could not overcome the "Warriors" edge. O'Neill scored 12 points for the losers.

The "Celtics" finally came into their own with a thrilling win over the "Warriors". There is a fine team that now seems to have emerged from the doldrums, and will probably start changing the league standings considerably. Talbot put on a fine exhibition, with the aid of his team mates, as he dropped 25 points through the basket, Conetto, of the "Warriors" tried valiantly to keep his team in the game as he scored 11, but the "Celtics" were not to be stopped.

The St. Ignatius Bantams traveled to Farmingdale, Tuesday, to meet St. Kilians, where they were hopeful of a win to put them on edge for Saturday's game against the league leading Holy Family. The results of this game were unknown at press time. Stopping Holy Family this year seems to be an insurmountable task, but the teams are equal to it, and eagerly look toward Saturday.

Once again, the Paper Drive comes up - Saturday is the day. George Shanley is hoping everyone has saved those gorgeous Christmas wrappings - It is rumored that they have more weight than the ordinary paper. Come on Folks! Pitch in with your paper! Please!

The Herald Sportlight

By HOWARD FINNEGAN

Hicksville High defeated in its 66-60 triumph over Farmingdale and Tuesday night's victory over Bethpage was on the automatic side. Once the Comets got untracked against the Dalers - and that occurred early in the second period when Dan Van Cise stormed into team with John Magee off the boards - the only question was just how far coach Ed Petro would allow it to go.

To set off the ground he had to show some interested eyes that he has a good press but he quickly substituted freely, thus the resulting apparently close score.

The facts are now clear. Winless in four starts but dangerous as a wounded leopard ready to spring, Oyster Bay comes to Hicksville Friday night.

On the winning side of the ledger following the win over Bethpage with a 4-3 they're Comets oddly enough are not favorites in this one. The reason is clear. The Baymen take a few early season walloping on the chin from other major clubs but historically are tremendous fighters for their own divisional title.

This zeal must be overcome before the Eastern Division pennant nears Hicksville. Of course the winner in this will have a firm grasp on the flag and over 1,000 fans are expected for this annual acid test.

Hicksville has impressed to date even with a green team. We think the experience gained in the losses to Nassau titans, Port Washington, Garden City and Massapequa will hurdle the Comets over this ominous obstacle.

With Harold Manaske having a remarkable second half, the Hicksville Community Club rebounded from an unexpected and unnecessary loss to Westbury to defeat the Hicksville Alumni, 100-83, in an Eastern Sector Nassau Amateur League contest.

Manaske threw in 30 points--13 of them in the third period victory spurt--to dump the Alumni from a first place tie with the Oyster Bay Wonder Five. Master of the Boards the CC trailed 43-42 at half-time as Dick Alcock's first half output of 21 points held the Alumni together. It was 74-62 at the three quarter point however and the Alumni which erased a 16-4 deficit in the first period did not have the gas for such last period heroics.

Clucking on the side of course was the Wonder Five. This group of ex-Oyster Bay stars all glittering annies from the reign of Dick Crawley's championship days of the last decade profit greatly by the division in the Hicksville talent.

The Community Club has a chance to remove that smile to-night (Thursday) when it entertains the Wonder Five at Hicksville. Starting time is 8:30 p. m.

Oyster Bay leads the Eastern pack with a 3-0 mark. The CC is next with 3-1 and the Alumni trail with 2-1.

The Alumni hopes to move back into high gear this Monday night at Hicksville against the Locust Valley Club which gave it such a difficult time in their first meeting. Game time is 8:30 p. m.

The excitement of the Soccer league held this year at the Dutch Lane School hasn't subsided as yet. And it's a little wonder!

In the hard fought championship match Abt's Sixth Grade booters won over Falton's Sixth Grade team 1-0.

The final standings were:

Abt	6th	Won	Lost	Tie	Points
Falton	6th	3	1	0	6
Granville	6th	1	1	1	5
Maddrell-Pressman	5th	1	2	1	4
Delli-Carpini-Lapidus	5th	1	3	0	2

For each day that the intermural program there was one league game. In addition there was a non-league game conducted between the boys of the other three teams. In this manner every boy from the fifth grade up had a chance to play every day and the response was enthusiastic.

Invited to play were fourth graders that demonstrated their skill in Physical Education classes and the high scorer of the year emerged from Mrs. Fay's fourth grade class. The young man was Richard Hohauser.

Outstanding players from the sixth grade were Mike Monahan, John Ambrecht, Arnold Yanof, Frank Campisi, George Green, Frank Marasco.

Fifth grade players were Jeffrey Daniell, Lawrence Cassar, Neil Stein, Bobby Jonassen, Steven Schiainan, Ronald Zarczynski and Kenny Streeter.

Voted the most valuable player in the school was George Levandoski.

This program was another part of the physical education and recreation plan now working to make Hicksville one of the outstanding districts in the State of New York both on the elementary and high school levels in that field.

Inside The District Schools

1. St. Ignatius Loyola
2. Trinity Lutheran
"Out of District" transportation students number approximately 209 -- conceivable all of the parents of these students are taxpayers -- they in addition to paying school district taxes are probably paying tuition fees. Their decision in not using the local schools is saving the district a considerable amount of money, using the "current student cost" of \$400 a student per year amounts to \$83,800, quite a tidy sum and this does not include the possible additional cost of hiring new teachers and possible additional buildings to house these students.

In the district the two parochial schools receiving transportation (and of course not all of the students do receive transportation) number approximately 1200. I repeat, conceivably all the parents of "these" children are taxpayers -- they in addition to paying school district taxes are educating their children privately. Their decision in not using the local schools is saving the district a considerable amount of money. Using the "current student cost" of \$400 a year amounts to \$480,000, quite a tidy sum and this does not include the possible additional cost of hiring new teachers and additional buildings to house the students.

In my opinion the "transportation budget problem" is quite minute when consideration is given to the mathematics just presented.

Another questionable statement is made that "transportation and charges" are being added with a free hand by the Board in spite of the budget originally approved. Again the "picture is painted" only half way. The Trustees of the Board voted in the affirmative in these matters and the great "hustle" voted in the negative. It must be added that the budget was inadequately planned in the first instance -- had the taxpayers been publicly apprised of their rights to transportation -- then no doubt they would have come forth at the proper time and requested their rights as taxpayers to transportation. The budget makers would have set up the proper figure.

I am sure this mistake will not be made in the budget now being prepared. Also, taxpayers in the future will not be shunted away with the explanation that the budget money is not available to transport your child. If adequate public mention is made of the rules regarding transportation, then taxpayers can see for themselves what their rights are and act accordingly. In the near future, I intend, with Board approval, to take steps to see that this practice is initiated.

Mr. Szendy also mentions a "transportation cost being unreason-

able for two children". Bids were requested in this connection and the Board voted to accept the lowest of the bids submitted. Here again, the cost was high because of inadequate budget preparation.

In fact, all of the transportation costs both within and without the district could have been lower had the request for bids been submitted in sufficient time to attract more bidders. By the time bids went out, most of the transportation facilities were already committed.

Regarding transportation for an "out of district" child, the Attorney ruled that such a child could be transported if contractual relations were instituted between the districts involved. A motion was made by Trustee Kent and seconded by Trustee Eaton for a vote on this matter -- the motion was lost after Trustees Eaton, Cawley and Kent voted "yes" and Trustees Carpenter and Szendy voted "no". Trustees Ehrlich and Farley were absent.

Incidentally a further request has been made by the East Meadow Board for transportation of one of their children to Amityville. The Board was polled for a vote in this connection -- Trustees Eaton, Cawley, Carpenter, Farley and Kent vote "yes". Trustee Ehrlich abstained and Trustee Szendy refused to vote or be polled by Kent. The assumption is now that the child will receive transportation with reimbursement from the East Meadow Board from the period 1/2/57 to 1/28/57.

Our costs here cannot be increased by decreased only by whatever reimbursement is received. The cost involved in this bit of transportation cannot be very high because of the following:

The bus involved was included in a bid for 5 buses costing \$22,500; the cost of one bus therefore would be \$4500 per bus. For a period of one month, the cost per bus would be \$450. Assuming 50 children are riding the bus, the cost per child per month would be \$9. Approximately \$9 is therefore involved in the recent figure relative to an "unauthorized bus pass and transportation".

Regarding the transportation problem, at a meeting of 5 school district Boards of Education with legislators at East Meadow High School, the following was reported: "East Meadow, Levittown, Uniondale and Westbury requested an amendment to the existing laws whereby state transportation quota aid would be paid for transportation of children attending non-public schools outside the school district when such school facilities are not available within the district, either because there are no actual buildings there or because existing facilities are overcrowded."

Assemblyman Carlino indicated that this matter will definitely be considered by the 1957 State Legislature. The president of this School

HAROLD E. LACK of 18 Amherst Rd., Hicksville, has joined Frackville Pajamas Inc as assistant to the president, George Orenstein. He was with Colony Shirt & Pajama Co for two years as sales manager. Prior to that he was basement furnishings and sport shirt buyer for Gimble's. He was with the store for seven years. Mr. Lack was first president of the Glenbrook Civic Assoc of Hicksville.

Board made a speech indicating that "out of district" transportation was getting out of hand and should be curtailed. I am sure this speech was not approved by the other six trustees and I hope no commitments were made by the speaker regarding curtailment of "out of district" transportation.

Should any taxpayer have a transportation question, put your query in writing, address it to the Board of Education, Hicksville School District, Hicksville, NY and your question or problem will be answered.

The time element is important. Submit your transportation problems and questions now so that adequate attention can be given to these items before completion of the budget.

Regarding a further statement that Mrs. Caesar had been directed to provide unauthorized transportation on a crowded bus by Trustee Kent, such is not the truth. Mr Szendy did not see fit to ask "an elected official" about the matter but accepted the word of a salaried employee. This action is unwarranted; in fact, actions similar to this had so aroused the ire of the five trustees that they requested information from the State Dep of Education at Albany whether the President could be removed from office.
