BUSINESS MEN COMPLAIN

Box-Breaking Rule Adds to Overhead

HICKSVILLE --- New regulations accompanying the start of garbage collection in this community with town trucks and town employees, rather than by contract with private collectors, were charged today with causing "unnecessary expense and inconvenience" for the public. Collections in the business section, previously made six days a week, are now reduced to three times weekly. At the same time it was learned that refuse pickup at local schools, formerly on a daily basis, is also three times weekly and may force the employment of private cartmen.

Johnny Vail, manager of Walters' Liquor Shop on W. Marie St., told the HERALD that the enforcement of an ordinance requiring storekeepers to smash and flatten cardboard boxes and containers since the new pickup began is adding a new expense. He said several other shopkeepers have become concerned and they are registering protests. In the case of Walters, it cost \$8 in labor on two nights to have boxes broken down before the municipal collectors would take them away.

Some Chamber of Commerce officials when questioned about the complaints were inclined to be disinterested in the problem although the subject has not been a matter of official decision by the Chamber. The Sanitation Supervisor, Chandler Henn, finds himself in the position of being obliged to enforce the ordinance enacted by the town fathers.

Estimate Plaza Does \$5 Million Monthly

HICKSVILLE---At least 60 million Nassau-Suffolk consumer dollars are expected to be spent during 1957 in the retail and service establishments in Mid-Island Plaza here, and an estimated \$10 million of this will stay in the two-county area in the form of wages and salaries. The estimate averages out to five million dollars a month in retail trade for the Plaza.

This prediction was made today by Walter G. Stackler and Leonard L. Frank, builders and owners of the shopping center which opened last October.

Their estimate of \$60 million business during this year was based on combined sales figures of the Mid-Island Plaza stores during the past four months. "If anything, the estimate is very much on the conservative side," Stackler said.

Pointing out that some \$200 million annually has been spent during recent years by Nassau and Suffolk County residents outside of the two-county area, Frank declared:

"Through the operations of Mid-Island Plaza as an intimate, integrated, functional shopping center, this flight of consumer dollars to points outside the area will be substantially reduced, and the economic prosperity of the two counties will be increased in the same ratio."

"Since practically all of the employees of establishments in Mid-Island Plaza are residents of Nassau and Suffolk Counties, the \$10 million annual payroll to these employees will constitute a tremendous contribution to the economy of the area."

Referendum Gets Near May Meeting

HICKSVILLE - The special referendum of the School District, originally tentatively set for Mar. 16, became a five-part question this week and it appeared likely the balloting may take place April 6 or later. With the annual school district meeting set by law for the first week in May, a growing group of opinion in the community appeared to favor delaying the special vote until the annual May meeting in the interests of economy and efficiency.

The School Board at a special meeting on Monday of this week decided to ask the voters if the so-called Wildwood Road site should be sold to Holy Family Parish for \$50,000, and if the

sum of \$11,500 should be spent now for improvement of school grounds, as specific questions in the special referendum.

Other questions scheduled for the special vote include: transfer of property near Burns Ave. School with Stackler & Frank, appropriation of \$12,500 to meet the deficiency in student transportation, and election of a library trustee.

LIBRARY CANDIDATE
Mrs. Joseph J. Ulmer, who had been a trustee of the Public Library for seven years having succeeded to the unexpired term of the late Mrs. Charles Voigt, will be a candidate for the library trustee position. She has served as

HICKSVILLE -- The establishment of sanitary sewers is a major project for the future in this community it was disclosed recently by Laurence E. Andrews, assistant to the Commissioner of Public Works in Nassau County, speaking before the Chamber of Commerce at a luncheon meeting.

While he gave no indication as to the date when sewers may be started for this area, he noted that sewers were started in the western part of the County in 1946 and will be completed around 1960. Regarding the mid-Island area, he pointed out that "basic data is now being prepared in the nature of a topographical aerial photo map."

"This will provide the guide for laying out a disposal district, and the design of disposal plant, trunk line sewers; then the laying out of collection districts and the design of lateral sewers and appurtenances."

TO CONSOLIDATE
"It is the hope of engineers that sanitary sewers in the eastern part of the County will include all areas which do not have municipal sewerage. Wherever possible, it is planned to consolidate existing disposal plants into the County system."

Regarding the present construction in the county, he said the annual cost to taxpayers during the life of the serial bond issues is about \$1 per \$100 of property valuation, including construction, operation and maintenance.

Andrews said that one-family home construction is now passed its zenith and emphasis is shifting to multifamily apartment houses, improved mercantile areas and light industrial expansion.

He also discussed the other activities of the Public Works Dept, particularly storm drain basins.

The County maintains 29 basins in Hicksville area, not including a number on the borderline. Of these, 23 have been planted along road frontages with either evergreen Arbor Vitae or Black Pines. Two thousand fifty-seven trees have been used by the county to date in this planting.

He also reported there are several basins which have not been completed by the developer and accepted by the County. Three include: Parkway Village, north side of Woodbury Road 1/4 mile

Talk of embarrassing moments, -- a friend, not too well known to us, but one who we held in esteem had been ill for several months. I had been sending get well cards every so often with little messages of good cheer, the last one sent during the past week. What a surprise when a mutual friend informed me Friday that the person had passed away in January. My only consolation in not being able to pay my respects is that, I hope my friend knows that I was thinking of her. Claims Trustees Harass Staff

HICKSVILLE-- The smoothly functioning local school administration is now "endangered". It was charged this week by Board President Emil J. Szendy by School Board members who give administrators a "hard time."

Szendy's statement follows:

"It is a pity that an improved and relatively smoothly functioning school administration should now be endangered by board members who give administrators a 'hard time', seemingly to show them who is boss."

"There have been reports of harassment and badgering, sometimes verging on abuse, by certain board members, of staff members and employees; there was public evidence of it at the Board meeting on Monday, Feb. 25."

"Trustee Eaton tried to 'pin' somebody for having bid openings at the Board meeting that night. It was in violation of the by-laws, he said. His tirade was aimed first at me, then at Dr. Lamb. There was no stopping him," Szendy recalls.

"Bids had been opened at the meeting in accordance with a Board resolution passed Dec. 14, calling for bid openings at regular meetings. The recommendation had been made by Attorney Goebel, the motion by Mr. Elrich, the seconded by Mr. Kent, and Mr. Eaton had voted for it. Nefder Goebel, nor Elrich, nor Kent interrupted Mr. Eaton to set him right. Did they consider his targets fair game under any conditions?"

DAMAGE TO MORALE

"Later, Director of Buildings and Grounds Cairns mentioned that he had asked the architects when the Lee Ave permanent addition would be completed. That set off another round of unwarranted badgering, this time by Cawley and Elrich. Their targets were Cairns and Gorchycki, and eventually, Aft and Lamb. By what right was Cairns acting as clerk-of-the-works, which of course he was not. After each staff member had been told off in varying degrees, the by-laws were found to apply. The whole matter was dropped like a hot potato, but the damage to morale had been done."

"Somewhere along the line I mentioned that I too had called the architects. In the same matter, that really infuriated Mr. Elrich; he became abusive of me personally, and of my qualifications as an architect."

"The potential destructive effects of such badgering, already discernable, have given concern to many who have attended Board meetings. Bad behavior by members of the ruling quartet is condoned and even abetted by other members of the quartet. If necessary, the chair can be overruled by majority vote."

Mr. Elrich, one of the major offenders against decorum at Board meetings, is also reputed to be one of the principal exponents of the 'give-'em-a-hard-time' technique. In my own case, he has been both abusive and slanderous."

YOU CAN'T TAKE IT WITH YOU is the title of the comedy which Hicksville High Seniors will present Mar 22 and 23 in the High School Auditorium. Members of the unique Sycamore family rehearsing are, from the left, Rita Bianchi, Martin Watkins, Dorothy Sell and Eugene Nye. (Photo by Gardiner Gregory)

In the case of previous staff members and District employees, objections were most vociferous. Present staff members and District employees are in no position to talk publicly.

SUGGESTS OUSTER

"After the Board meeting on Feb. 25 one spectator expressed his dread of what will happen to the District in the next two years if 'Mr. Elrich is permitted to persist. In my opinion, it is not necessary to permit him to persist, even if he continues to have four votes in his pocket. Enough people have seen and heard him now to bring charges against him now to the Commissioner of Education as a 'common scold,' and to either eliminate him from the Board or curb him effectively. The wages of service should not be abuse."

"If the Board members will not place controls upon Mr. Elrich, perhaps the taxpayers will. I already have useful 'statements' in my possession. Additional 'statements' are solicited," Szendy concluded.

Six Graduates From Adelphi

GARDEN CITY-- Six Mid-Island students completed requirements for degrees at Adelphi as of February and will get their diplomas formally next June. They are: Anita Rojas, 73 Nassau Ave.; John P. Collins, 17 Chadwick Rd.; William Galante, 132 Dean St.; and Victoria Uss, 76 Sixth St., all Hicksville; George B. Bowne, 17 Clark St., and Ernest Oppenheimer, 10 Barnum Ave., both Bethpage.

CURRENT COMMENT: Giving Time To Community

By Fred J. Noeth

THE PICTURE published else where in this issue of the HERALD showing the men of Trinity Lutheran Church of Hicksville responding to an appeal of Pastor Stammel and redecorating their church auditorium is a refreshing display of getting a job done by doing it yourself.

In this day and age we are all too inclined to seek out some agency which will do what is required. Too many of us are inclined to gripe orally about conditions which require improvement but fail to devote a little portion of our time to the execution of a task.

The project at Trinity Lutheran recalls for us the service rendered by the men of the Hicksville Methodist Church when their handsome new edifice was under construction on Old Country Road, a few years ago. It also recalls the mental picture of teams of farm horses and skid buckets digging out the basement area for the St. Ignatius School when it was built in the mid 1920s. Some of our brawnier classmates at the time, such as Bill Dwyer, were permitted to handle the reins during a fleeting but important moment at lunch hour, being well acquainted with the family's team.

We also recall the noble work of the Hicksville Lions who emphasized the need for proper curb and road painting on Broadway some time back by getting out on a frosty cold morning and smearing paint. A picture of that activity, by the way, eventually was published in a European magazine and a clipping was sent us by Mrs. Bahrenburg, a former resident.

We realize these few examples do not cover a fraction of the self-help projects which have been accomplished by united volunteer, physical effort. However, we feel they demonstrate that which is not often enough undertaken.

Our volunteer firemen, of course, represent an excellent demonstration of such service as they risk their lives and even jeopardize their livelihood by racing to answer a call for help -- whether it be a fire or any kind of emergency.

Another opportunity for community service which is general misunderstood by the average citizen is that of membership on our local Boards of Education, Boards of Fire Commissioners, etc.

We can't all serve personally in all these activities. We can, however, do our selves and the community the service of being interested and informed. One of the ways this can be done most effectively is by attendance at meetings of public bodies, or failing in that by a faithful reading about problems which face these people and the progress made by them through the columns of this, your community newspaper. Active membership in your Parent Teacher Assoc. your neighborhood Civic Association and other organizations is another direct method of contact and participation.

Reader Opinions

To the Editor:
I'm waiting for a dog food maker to follow your suggestion and come forward with a sponsorship proposal. So far none has.
Anyway I assure you that my bark is worse than my bite. That little quip about Hickville and its famous dog, Shikhan of Grandeur, was really not intended as a "knock." I'm sure a lot of nice people live in Hickville.
But I'd be Shikhan my duty if I didn't say I'm sorry if I offended Hickville.

To the Editor:
We are making a school-wide classroom project on the study of the old-fashioned street as used at the turn of the century in our U.S. mass transportation system.
We have been informed that on Long Island there was a town called TOONERVILLE and that there was a small street car there that along with the town was supposed to have inspired the newspaper cartoonist Mountain Fox to create his now

quite famous though in-active cartoon strip.

It occurred to us that perhaps some of your readers might have some information on this town and the street car, photos, exact location, descriptive material, and any and all other information that might be pertinent to this study we are making. We shall of course return all material sent to us and in the same condition as when received by us.

Thank you very much and meanwhile an increasing success to you, your staff and the Mid Island HERALD readers with each succeeding issue of the newspaper.

To the Editor:
Would like to have you change my address on my subscription. I am also sending some news that you might like to put in the paper. I read some things about people that have left Hickville and I would like everyone of our friends to know how we are getting along. William, my younger son, was a pupil in the Dutch Lane School.

He is now attending the Mesilla Park School here in Las Cruces and is a member of the Boy Scouts. He is also in the Church Choir and a member of the Football team at the Church.

Roy, my older son, is a former pupil of Hickville High and has graduated from The Las Cruces High in Jan. He is now a student of The New Mexico College of Agriculture and Mechanical Arts. He is taking a course in Aeronautical Engineering and Mechanical Drawing. He is also in the Air Force R.O.T.C. and a member of their Rifle Team.

Roy was very active in 4H in Hickville he is in it out here, also DeMolay, and belong to the Canterbury Club of the church that is for College Boys. They both like it out here; in fact, we all do and the weather here is beautiful all the trees and flowers are starting to bloom and summer will be here in another month. I hear we have a back East is not so good this time. Say hello to all our many friends. Hope that you will be able to make something out of these facts that I have sent to you.

SCHOOL BOARD

president of the library board and is currently the chairman of the Hickville Branch of the American Red Cross.

The decision to sell the Wildwood Rd. site of about five acres to Holy Family Parish was made following a brief executive session. The property was bought, with approval of the voters, in 1954 for \$39,984.32. The total voter approval was for the sum of \$42,000.

The motion to offer the site for sale at \$50,000 (which is the sum offered by Rev. Martin O'Dea for Holy Family Parish) was made by Joseph Cawley who noted, in his motion, that the appraised market value is \$60,000. It was also noted that Holy Family plans to build a school on the site which is adjacent to the present church property.

Meet Again Monday

The School Board will hold a regular meeting this Monday night, Mar. 8, at 8:30 PM in the High School Faculty Cafeteria.

Other action taken by the Board last Monday night included approval of bid taking on large equipment for the Lee Ave School cafeteria at a cost not to exceed \$2600, failed to approve a move to hold an executive session on the Woodland Ave. School Bus incident which had been hanging fire for sometime, referred to the Special Board Committee on Employee Relations the matter of a salary schedule for clerical personnel, and directed School Attorney Harry Goebel to prepare a listing of records which may be studied by the public and the procedure to be followed by interested taxpayers to obtaining access to such records.

The agreement permitting Stackler & Frank to use a section of school property near Burns Ave. School for a right-of-way to their Mid Island Plaza parking field was extended another week until Midnight Monday, Mar. 11.

The Board also voted to have copies of approved minutes of the School Board meetings since the first of July placed in the Public Library for examination by interested citizens.

Trustees Arthur L. Elrich and Robert D. P. Eaton were not present for the session, Monday night. Only six spectators attended the meeting.

OPERATION VFW

William M. Gause Jr. Post 3211 VFW

Hickville VFW Post 3211 has been quite active of late in various affairs of benefit to the community. Among other things, the Post and Ladies Auxiliary, were very much in evidence at the recent Telethon to combat Multiple Sclerosis. Immediately thereafter, the Post voted to assume sponsorship of a baseball team in the American Little League.

These are but two examples of the contributions to community life which are being made regularly by our post and of which we may be justly proud. In a similar vein, it is extremely rewarding to realize that the recipient of the VFW citizenship award this year is our own Frank Sutter who has been one of the guiding lights in the formation and development of Post 3211. Congratulations, Frank!

Members attending the next meeting will be pleasantly surprised to find our National Colors gleaming in pristine glory, result of Vern Wagner commenting on the appearance of colors and one of our membership in dry cleaning business.

Also at our next meeting, we shall have an explanation of the scope of Veterans Benefits and Privileges with special emphasis on requirements and procedures of obtaining veterans real estate tax exemption. The "answer man" will be Joe McCarthy who is Veterans Administration representative for the Hickville area. Anyone having V.A. problems or questions therefore, can receive desired information, "direct from the horse's mouth", so to speak, merely by attending the Mar. 11th meeting.

Commander Lou Klein asks that his thanks be extended to post and auxiliary members for their fine showing at the recent Brotherhood Week program which was scheduled at the High School.

The Ladies Auxiliary which is planning a social and dance to be held May 18, informs us that following the Post's Annual Dinner Dance on Feb. 16 and bowing to the many favorable comments on the meal and offerings, it immediately contracted to have the same aggregation at its affair as aforementioned.

Jim Rock who has literally been doing the work of two Frohnhoefer of late, adjutant and quartermaster, will probably be quite relieved at the expected return this week of Spike Frohnhoefer from a Florida vacation. We join in hoping that he will not require an additional two weeks of recuperation. Oh! The scarce remembered blessings of bachelorhood.

School Board Goes 'On Road' Again

HICKVILLE--The Board of Education is taking its "show" on the road again, starting with the meeting of Monday, May 13. A motion adopted Monday night provides that the regular meetings held on the second Monday of the month will be rotated among the district schools as they were several months ago. The second regular meeting of the month and all special sessions will continue to take place at the High School.

The first A. Velling date will probably be Burns Ave School followed by East St. on June 10, Woodland, Lee Ave, Fork Lane, Dutch Lane and Old Country road in succeeding months.

Outstanding Midshipman

ANNAPOLIS, Md. -- Frank J. Aragona, son of Mr. and Mrs. Dominick F. Aragona of 15 Jerome Ave., Hickville, has been appointed to the Superintendent's List at the U.S. Naval Academy. In order to be placed on the List, a midshipman must be outstanding in academic subjects, be above average in aptitude and have a record of conduct satisfactory to the Commandant.

Some Progress at RR Depot

HICKVILLE -- A constant campaign for improvement of conditions for LIRR commuters at the local station has begun to make progress. It was noted this week by A. Allen Goldstein of 3 Sunnyfield Rd., chairman of civic affairs for the Glenbrook Civic Assoc. The westbound platform pavement is being fixed up with low spots eliminated. The east bound platform, he reported, is being lengthened to accommodate the longer commuter trains and he has been informed that lighting on the platform will be improved. Pictures taken by Goldstein of commuters alighting from an evening train, published in the HERALD on Dec 13, were credited with speeding the improvements.

FIRST INDUSTRY for Plainview had its beginning this week when ground breaking took place on Monday at noon for the new plant of Potter Instrument Co. in the Plainview Industrial Park on Sunnyside Blvd. There was plenty of help present to swing the shovels. The plant will employ 400 when completed. Left to right are Town Supervisor Lewis N. Waters, Plainview Civic Assoc. President Edward Callahan, Mrs.

THE GREEN THUMB

by Alma W. Craib

Someone has asked what annuals do well in our community, and how many seeds will nicely plant the average development-house garden. To answer the last question first: the amount of seed you will need depends, of course, on how much of the garden area is devoted to flower beds. Of most things, one package will be plenty—often more than you can use if germination is good—but if you want to edge a long border with alyssum, lobelia or ageratum, or if you plan to cover a sun-baked strip with portulaca, you will need several packets.

Ordering from a catalog or choosing your seeds from a rack in your local store will give equally

good results, altho you have a wider choice in buying from a large form such as Burpee or Harris. Ferry-Morse seeds, which are sold everywhere, are excellent.

As to what annuals put on the best show during our unpredictable summers, those that can take high temperatures and humidity are best for us. Marigolds are almost fool-proof, and there is an endless variety of them. If you don't like the characteristic marigold odor, there are now several varieties that do not smell at all. The tall Africans are rather late in coming into bloom and there seems to be no way of hurrying them. One year I planted some very early, indoors, in a flat, and later the rest of the

packet in open ground. They blossomed at just about the same time! There is now one tall form called carnation-flowered that blooms earlier.

Zinnias also come in many forms and sizes. They grow rapidly and are best planted in open ground. The large zinnias are subject to mildew in humid weather. This can be controlled by sulphur or Midex.

Petunias are a joyous riot of color all summer long. If you want early bloom you can start them in a flat, now, or buy the plants later. Annual pinks are also a good low-growing annual that blossoms all summer.

Everyone seems to know red salvia, but there is a less-known blue variety, farinacea, which is not so showy but, to my taste, much prettier. It combines well with dwarf snapdragons, and like the latter, is apt to live several years. Asters, in their many forms, make good neighbors for these two.

For that difficult back-of-the-border spot, try thionias, but give it lots of room. It has a striking orange daisy-like flower. Cleome and cosmos are also good for the back row, but be sure to get an early variety of cosmos or the frost will cut them down at their loveliest.

All poppies are beautiful, with their exquisite satin petals in vivid colors, but California poppies are especially satisfactory. Try planting them, as soon as the ground can be worked, around a tree, where you have spring bulbs. Their lacy blue-gray foliage will hide the dying bulb leaves.

Datura and castor oil bean are much in favor with arrangers, but remember, they are both deadly poisons.

The catalog will give you lots of ideas, but avoid those that say, "does well where summers are cool. Ours are not. Try a few new things, but remember that the ones found in everyone's garden are the "old faithfuls" that have proved dependable.

CHARLES WAGNER, Post 421, Hicksville, N.Y.
by Arlie Ruiz

It's always pleasant to see a prediction come true, especially if it's one that doesn't hurt anyone, and in the column of Jan. 10, you'll find the prediction of Gene Hye going to the state finals. I have heard Gene speak on three occasions, the last two being the district and zone finals and I have noticed his improvement with each delivery. This can be attributed to Gene's two coaches, Mrs. Kay Fletcher, and Mrs. Viola Milligan, who persist in striving to perfect Gene's delivery, and Gene's own diligence to achieve perfection.

Far too few people ever get to hear an oratorical contest and too many wouldn't even think of doing so because they feel that it's too dry and dull. How wrong they are, because a good orator can really keep them interested even if they know nothing about the subject he's talking about. In the case of Gene Hye, one has a definite interest, he being the local entry in the contest and gives you someone to root for, and I think that Americans are the best all around rooters anywhere. I was quite surprised to find myself on my feet applauding Gene when he was announced the

winner of the district finals and I'm sure my behavior wasn't quite sedate.

Again at the zone finals, I found myself timing each contestant, making notes of each's errors and drawing my own conclusion of the probable winner. Despite all my notes showing Gene to be the winner, I again had to give Gene a standing ovation for his splendid and inspiring oration that was well nigh tops of any he had delivered previously. I find that one can enjoy a good oratorical contest as well as a good ball game if one has someone to root for. All Hicksville will be backing Gene when he appears on the Johnson City platform on the 16th of March. Though I cannot make the trip personally, I'll be rooting for him to bring home the title to Hicksville, W. of the Legion, also are Hicksvilleites and every member will be rooting doubly hard for Gene and his continued progress into the national finals. Good luck to Gene with all our hopes and prayers.

Things Popping

Things are beginning to pop once more around the old Legion Hall as we make ready for our St. Party's Dance on Saturday night, March 16th which will be followed by another dance on April 13th. This dance is sponsored by the past commanders of the Post and is under the guidance of Henry C. Brengel. In between these two dances, so you can test your weary feet, the Auxiliary will hold its Annual Card Party on April 12th at Legion Hall. Our picnic will soon be forth coming.

The request we have received for membership applications are astounding according to our Membership Officer Guy Smith.

Our Post newspaper is being very nicely received by all and the staff will shortly be increased by the addition of a cartoonist, a photographer, a Auxiliary columnist and a feature writer.

Many thanks to Henry Brengel for securing the use of an addressing machine for the Post, now if only someone had a small postal scale they didn't have any further use for. Our usual donation has gone to the Heart Fund as voted at the last meeting.

The Picnic Committee is under the chairmanship of Ed Hodgkinson

Homework Is Powell Topic

BETHPAGE-A lively discussion on subjects from homework and interpretation of report cards to filling emotional needs took place at the panel discussion on "The Parents' Responsibility for the Child's Work in School" on Wednesday evening, Jan. 30, at the first of several parent-education activities planned for this year by Mrs. John Griffin and Mrs. Grover Corde, Powell Ave. PTA Parent Education Chairman.

The panel consisted of: teachers—Mrs. John Griffin, first grade; Mrs. Grover Corde, 4th grade; Mrs. Lois Ashbury, special class; and PTA members Mrs. Margaret Carvo and Mrs. S. M. Merin. Mrs. Sam Rozzi, 3rd grade teacher—acting as moderator—capably summarized the wealth of material presented in the short talks by the panel members, and led the general questioning afterwards.

In brief, the parents' responsibility was found to be: See that the child is in good health with no eye or ear defects, has ample rest undisturbed by late viewing, and has a good breakfast and sufficient time to get to school without rushing. Provide a suitable place to study and a background of enjoyable learning at home through reading, word and number games, and trips. Develop independence through meaningful responsibilities. Realize that pressure on a child makes him nervous and emotional, sometimes evidenced by nail-biting.

Accept him as he is and refrain from comparing him or his report card with other children or their report cards. Look for opportunities to praise him and instill self-confidence in him. See that he learns how to play with others and tolerate others' faults. Provide good music in the home and utilize any foreign culture available such as language, folk songs and dances. Teach him at an early age how to enjoy games for fun, not just to win. Find the cause for a lack of interest in school. Teach him politeness. Do not categorize jobs into boys' and girls'—boys can cook and girls can do carpentry work. Visit the teacher as often as necessary.

Gardeners Talk About Roses

"Roses and House Plants" was the topic at the February meeting of the Plainview Garden Club. A film by Jackson and Perkins on the care and growing of roses was shown. This was followed by a group discussion on house plants led by Maryanne Castellana, one of the members of the Club and formerly associated with the Brooklyn Botanical Gardens.

During a four week period starting Feb. 28 the Garden Club will sponsor a workshop on flower arrangements, it was announced by President Marilyn Wander. Mrs. C. Thach of Manhattan will lead these sessions.

Horray! The Carvel on South Broadway opened on Feb. 22 and seems to be doing quite a steady stream of business. And speaking about the Carvel, which is located quite near a new lumber yard, I wonder how many parents would be surprised to learn that their boys seem to have quite a gay time

Hicksville High School, standard bearer of the NSAL Eastern Division as a result of a heartstopping 49-48 victory over Farmingdale, could not withstand the South Shore Tidal Wave that washed out every North Shore team from the Nassau County Public School basketball tourney, Tuesday night.

Mephram High eliminated the Comets in the first round with a non-descript 52-45 victory. It was a harsh blow for the Orange and Black which summoned a game rally to beat Farmingdale four nights before for the school's third Eastern pennant in 33 years.

Hitting with just one shot on 15 attempts from the floor in the first period, Hicksville found itself trailing 12-2 after eight minutes. Coach Ed Petro held the boys together and they fought back to 27-24 and 35-31 but some unthinking fouling turned the Comets back.

In truth Petro did an excellent job in getting an 11 won and 7 lost mileage out of the club this year. It must have been a strain for he was not endowed with the greatest of material.

Each of the ten or eleven players he called upon had just their own job to do and in retrospect they did it well. But it was a demanding, patient Chess game.

The mid-season surge of blue hit swept the club for three weeks brought the unmistakable signs of fatigue and much of the sharpness departed entirely.

Tuesday night the pieces did not fall together until the middle of the second period and from there on in the unit was well knit, but that taunt shooting in the first period killed off the Comet hopes.

The pressure became frightful in the Nassau Amateur League this week.

Currently one game up in the Eastern Sector race, The Hicksville Alumni turned the speed in the third period to wrench free of the Westbury Penguins 69-65. However, Oyster Bay produced a big thunder-clap at Freeport, with an unexpected 89-80 victory, to move its record to 11-4. Hicksville leads with 10-3.

Freeport and Westbury are embroiled in a frantic battle with Carlos Jewels for a playoff berth in the supposedly stronger Western Division. The prestige of the Eastern division zoomed appreciatively by virtue of the crucial wins. They did, however, serve to envelope Hicksville's championship hopes with many cloudy aspects, Lincoln House, Carlos, and Freeport, remain on the schedule.

While the Orange and Black goes to Freeport this Monday night for an extremely difficult engagement, Oyster Bay concludes the season at home playing Carlos.

The book calls for the race to be all tied up sometime around Mid-night, Monday.

We don't think it will be!

Wisely heeding his physician's advice not to extend a strained back muscle, Hicksville High's star grappler, Ted Greve, withdrew from the sectional wrestling championship. It unfortunately brought to an abrupt conclusion the season for the stalwart Comet with the keen competitive edge. He backboned Coach Bill Robert's young team, which won eight matches this 1957 season.

Bob Otten waded through a large field in the North Shore meet to finish in the Top Four in the 130 lb. class. He was ousted 6-0 in the first round of the sectionals where experience cost him, but he was three more campaign remaining with the Comets.

Unranked in the 157 lb. class in the North Shore field, Greve showed his grit, to dump the second ranked Mineola entry in a major first round upset.

The neutrals couldn't help but pull for him as he won two other arduous matches - one in overtime - to gain the finals.

Don Black of Manhasset, had an edge in rest, but the match was still very fast with Greve finally bowing 5-4 in an overtime match.

We are tickled that in our HERALD 1957 Crystal Ball back in December, we tabbed Ted as a prime athlete for the coming year. He was surpassed everyone's expectations.

The Booster Club has worked earnestly for its basketball date with the high school faculty, scheduled for the high school boards this Saturday night.

Funds gained from this affair will go to the scholarship fund. It's rumored that the Boosters are loading up for this encounter, but our spies inform that the Faculty is not going into the fray unprepared.

The football film show, featuring the old Hicksville Field Club, staged by the Hicksville Alumni, proved so successful that in response to many requests an additional show will be staged - with additional footage not previously shown - in two weeks.

Time and place of showing will be announced in the HERALD next week.

THIS IS LITTLE LEAGUE: Salute to Our Sponsors

By MARY BLUST

Local sponsorship is the backbone of Little League. The program could not exist without this support. Funds for uniforms, baseballs, bats, and other equipment are furnished by the sponsors. In the unselfish service to the neighborhood or community, the sponsor accepts his financial obligation without voice in the operation of the league or management of the team.

We would like at this time to make you familiar with the Hicksville National Little League sponsors for 1957 season:

Edwards & Hanly, Pencil Drugs, Hardt & Reid, Levco Drugs, Frank's Alibi, Meadow Brook National Bank, McCaffrey Agency, Seaman & Elsmann, Henningsens Restaurant, Elsmann Buick, Bob's Esso Service Center, Professional Men, Fred's Gulf Service Center, Tallafaro Boosters, Tolly's and Empire Storage.

The 16 farm teams are sponsored by the women's auxiliary. They raise the funds required to outfit, insure, and equip the boys to enable them to play Little League.

Want Meetings on Tape

HICKSVILLE--The Hicksville Citizens for Better Government in School Affairs at a general membership meeting held Sunday night at the Legion Hall voted to request the Board of Education to reinstate the use of a tape recorder at regular and special meetings of the School Board.

The use of a tape recorder as an official record, with duplicate tapes placed in the Public Library for the listening convenience of residents, was begun in early July and was discontinued by a split vote of the Board at a meeting on Jan. 14.

Vice Chairman John McFadden presided at the meeting in the absence of Chairman Ernest Gospy.

HICKSVILLE--Registration for the St. Ignatius CYO Baseball season may top 800, it was indicated today, with another registration at the Confraternity Building on Broadway, between Nicholas and Cherry Sts., this Saturday, March 9.

Father Lawrence Ballweg, moderator of the St. Ignatius CYO Sports Assoc., said he is pleased with the extraordinary turnout to date. All boys will register this Saturday from 1 to 3 who have not done so previously.

Those teaching their seventh birthday before April 28, and who will not be 19 before June 1, are eligible to register.

Plans have been tentatively set to enter a Bantam, Grammar, Junior, and senior division teams in the Northern Nassau CYO League. In addition, 32 intraparty teams, divided among the American, National, Indian, and International Leagues, providing facilities are available, will battle it out for league championships.

The highly successful 1956 is expected to be surpassed even though we won the Bantam CYO championship for the third consecutive year, and the Grammar Nassau County championship. The Junior and Senior teams placed third in their respective divisions.

plete the schedules, as the Warriors once again caught up with the Knicks to the tune of 95-30. Costello excelled for 22 Warriors with 14, while Harmon dropped a near 10 for the Knicks.

In the second game, the Celtics were unable to hold the Knicks, as once again led his team to victory with 14 points. Kowalski of the Celtics, sank a dazzling 14 points, but couldn't bring the Celtics to close enough, as the final score revealed the Knicks on the winner's end 42-28.

The girls' basketball teams, the Northerners and the Southerners, split a two game series, with the Southerners winning the first 16-18. The second game did not see the entire period, but was called before completion, as the Northerners reversed the tables and beat the Southerners.

BIG EVENT

Everyone is hoping for a victory when the Holy Family - St. Ignatius girls start their basketball series Tuesday night. This is a big event of the season, and the teams, well coached, should give a splendid exhibition of basketball.

Participating in the girls' basketball are the Bennett, Christine Darwin, Jerry Glick, Pat Stephenson, Mary Horan, Virginia Huff, Miss Harmon, and one other young lady to be named by Coach Harmon. Good luck Girls! Bring back some firsts!

Each year the teams entered in the CYO competition are bringing greater honors to St. Ignatius parish; and this year the girls are also endeavoring to add to these honors. Once again it must be pointed out, each of these programs are supervised by our own men and women; and the supervision takes time and patience. Any assistance you can render in the form of coaching, umpiring, transportation, and many other details, are most welcome. Your efforts and help will be most appreciated - SO PARENTS - how about some registration from you also. - Get those old bones oiled up and get out in the sun.

By the way - over the weekend, a certain well known lady and her husband celebrated the lady's birthday over an excellent dinner. When last seen, the gentleman, who is never without his pipe, upon arrival of the check decided it was time to secure the tobacco pouch and fill his pipe. To many onlookers, it seemed like a new and effective way of "checking" fumbling, and the procedure was still going on as the restaurant was closing. Will let you know next week who won the contest.

Incidentally, the lady said she was "over 21" when inquiry was made as to the number of times she had blessed with her presence.
