Sell Wildwood Rd. Site Pending Vote

HICKSVILLE --- The contract of sale on the Wildwood Road 5-acre tract, off Newbridge Rd. with Holy Family Church and the Roman Catholic Diocese of Brooklyn, will be signed by Emil J. Szendy as president of the Board of Education with the authority of the School Board. The contract is subject to a referendum vote of the district which will probably take place on May 7, the annual meeting date.

The Board of Education, Monday night, following an executive session passed the motion to authorize the signing of the contract for the sale for \$50,000. A rider to the agreement states that the purchaser intends to erect educational facilities in the form of a parochial school of Holy Family RC Church.

The property was bought by the district for \$39,964.32 plus TGT and taxes, or a total of \$40,706.89 following voter approval at a referendum held on April 26, 1954. The voters authorized expenditure of not more than \$42,000.

Twice in 1955 the Board of Education offered the voters proposals for the erection of a permanent elementary school building on the property which is directly south of Glenbrook Homes and north of Holy Family Church. Both propositions called for the expenditure of \$767,000.

On March 26, 1955, the proposal was defeated by 20 no votes, 1116 yes to 1136 no. On Nov. 5, 1955, the vote was 1800 yes to 1730 no, a margin of 70 votes.

Rev. Martin O'Dea, pastor of Holy Family Church, made the offer to the school board early this month to buy the land for \$50,000 for the purpose of erecting a parochial school on the site which would serve a number of children of the district.

The Board of Education had appraisals made of the present "market value" of the property by two local appraisers. The appraised amount was not publicly disclosed.

Budget Plans Almost Crawl

HICKSVILLE --- Little progress was made on the 1957-58 School District budget, Tuesday night, with only two spectators in the audience. The special meeting began at 8:30 PM with consideration of Code 2-71, Assistant Superintendent's Salary, and concluded at 11 PM without formal adoption of a motion. Several motions were offered and considerable discussion was held on the Summer High School and Summer Reading and Speech programs, which are in other codes.

An opening motion to act on the monthly bills, which had not been reached the previous evening at the regular meeting, lost with the vote Cawley, Farley, Kent, voting no; Szendy and Carpenter, yes.

A motion to set the superintendent's salary at \$15,500 and his assistant superintendent at \$12,000 also lost with Eaton, Carpenter and Szendy, yes; Cawley, Farley no. Four "yes" votes are necessary to carry a motion.

Delicatessen Matter: Taxpayers Feed VIPs?

HICKSVILLE---A "delicate" matter became "delicatessen" at the School Board meeting this week. The local Board was host last night (Wed) to five neighboring boards of education at the high school. When Hicksville trustees have attended these 5-Board sessions in other communities, they have been refreshed by the hosts.

Here, however, the question of the legality of using taxpayers' money for such social feeding has been raised.

Monday night, as Board President Emil J. Szendy suggested the local trustees "chip in" to defray

Units Unopposed

OYSTER BAY --- No opposition was voiced at a public hearing Tuesday morning before the Town Board when an application for permission to erect four 2-family dwellings on the south side of Broadway, opposite Cherry Dr., Bethpage, was considered.

15 Classrooms Ready April 4

HICKSVILLE --- Pupils of Lee Ave. School will join other students of the public school system in single class sessions, starting next Thursday, April 4, when the addition to their school is ready.

A total of 11 permanent and four temporary type classrooms will be occupied by April 4, the administration hopes. Construction of the 11-room permanent addition which was authorized by the voters in 1955 is scheduled for completion by Monday, April 1, with the exception of the gym.

Furniture will be moved into the new classes during the forepart of the week. Only kindergarten classes will continue on split session.

the cost of light refreshments. Trustee Joseph Cawley asked Attorney Harry Goebel for his legal opinion. Goebel responded ponderously with the comment that "It is a delicate matter". Cawley retorted: "you mean delicatessen".

When the matter came up a few weeks ago and someone said that fillet mignon had been offered elsewhere, K rationals were suggested for the local menu.

Expected to be represented at the session were trustees of East Meadow, Levittown, Westbury, Uniondale and Hicksville School Districts.

DRIFTING--WITHOUT DREAMS

PLAZA EXPOSITION area of the Mid Island Core showing the location of various facilities. In the upper left hand corner is the Hicksville School District area with the "Core" definite in a grey zone and the plaza in a darker shade. Identified on the Exposition area are (1) coliseum, (2) exhibition,

(3) dance pavilion-cafe, (4) industrial museum, (5) cinema, (6) theatre, (7) cinema, (8) theatre, (9) cinema, (10) restaurant, (11) cinema, (12) auditorium, (13) heliport, and (14) restaurant. Location suggested is present day portion of Hillside Terrace and Cedar-Cliff, Hicksville.

Exhibit Area Is 'Core' Feature

The Mid Island Core, as visualized for Hicksville a quarter century in the future, is the area which today is bounded by Old Country Road and John Street to the west of today's Broadway and by Woodbury Road and Old Country to the east of Broadway. "In our solution" assert the Cooper Union architectural students who developed the Mid Island Core, "we have been

visionary. Twenty-five years is a long period of time and many changes will take place. If these years are not used with wisdom and foresight, they will pass quietly with the inadequacies of everyday living, piling up in geometric progression."

The HERALD is publishing in installment form some of the points made by the Cooper Union group in a study last summer not because it agrees with all the conclusions and recommendations (continued on page nine)

More Parking For Shoppers

SEE MAP ON PAGE FOUR

OYSTER BAY--- Parking facilities in Hicksville will be vastly expanded with the construction of two new shopper fields on the west side of Broadway. A total of 261 stalls for vehicle parking is scheduled in two fields which will be the subject of bidding on construction next Tuesday morning, April 2, according to Councilman Henry Malnes.

Field No. 7 is scheduled for the section of property along Jerusalem Ave. between Marie St. and Nicholas with a total capacity of 115. The project will include demolition of the former School of Music and former Youth Centre buildings.

Field No. 8 is planned for the property within the block bounded by Broadway, W. Cherry and W. Carl Streets, with a capacity of 146 vehicles. It will have entrances from the three streets.

MISS HICKSVILLE of 1965 in the arms of Brownie Margaret Jacobson of 118 Vincent Rd, Hicksville, at left, appears to be asleep and unaware of the important things happening as the Hicksville-Jericho Girl Scout District led by Chairman Mary Goodrich "adopts" her. The infant is Kathryn Grace Way, daughter of Mr. and Mrs. Anthony Way of 51 Vincent Rd who was the first baby girl born on March 12, the Girl Scout birthday. She arrived at 5:22 PM at Mercy Hospital. At the right Girl Scout Nancy Englert of 42 Bobwhite Lane holds Patricia Gamble of 27 Bamboo Lane who was "adopted" by the Girl Scouts last year. When each child reaches seven years of age, and provided they still live in the area, they will be automatically registered and enrolled in the Girl Scouts Little Miss Way was also presented with a \$25 savings bond by the Girl Scout Troops of Hicksville.

Old Country P-TA Elects

The Old Country Road P. T. A. of Hicksville held its regular monthly meeting on Wednesday, Mar. 28.

Preceding the meeting a smorgasbord dinner was given by the Class Mothers and Executive Board to the Faculty and their wives and husbands. The faculty demonstrated their appreciation by presenting every mother with a charming corsage of carnations.

At the regular business meeting, conducted by the President, Mrs. Michael Fasullo, election of officers for the term 1957-58 was held and those who will be installed at the April meeting are: President, Mrs. Eleanor Graham; Vice-President, Mrs. Robert Capel; Cor. Secy., Mrs. Mary Barnett; Treasurer, Miss Mary Howell; Council

Del., Mr. Jacobs; Rec. Secy., Mrs. Elizabeth Dobbins.

A Mental Health program was also presented by Mr. Meyer, Guidance Counselor. Mr. Meyer was assisted in his demonstrations by Miss Gillis, Miss Partheymuller and Mr. Godfrey.

Tickets for the Annual Card Party to be held on May 3rd, were also available at the meeting.

Albert Loeffler To Take Bride

The Kentworth Union Church in Kentworth, Ill., will be the scene on Saturday, April 6 of the marriage of Albert Loeffler Jr. of Hicksville, and Sheila Kirk, daughter of Mr. and Mrs. Carl Kirk of Kentworth. Mr. Loeffler is employed as a research scientist for the National Advisory Committee on Aeronautics and received his doctor's degree in chemical engineering at Iowa State University.

Miss Kirk was graduated from Northwestern University a year ago. The couple plan to make their home in Cleveland where Mr. Loeffler is employed.

Peter A. Nygren, son of Mr. and Mrs. Charles A. Nygren, of 2 Dorothy St., Hicksville, a senior at Hicksville High has received honorable mention on the All-Nassau Basketball Squad.

LYNETTE TOPOL in "Say It With Music" will be the featured program when the Hicksville Junior High School sponsors her in original songs about parent child relationship at the Division Ave. School next Tuesday night, April 2. The regular meeting will be held at 8:15 PM. Miss Topol is well known to clubs and P-TAs throughout the Island.

Indian-Lore 291 Theme

Cub Pack 291 of Hicksville had their monthly meeting on March 21. The theme was Indian-Lore and the 5 dens presented the skits they had been working on. All of the boys were in Indian costumes and they presented a very colorful and interesting program. Cubmaster Bill Murphy announced Mrs. Fungfeld's den the winner for their skit and presented them with the Akela flag, although he admitted it was difficult to make a choice.

Two of our 11 year old cubs, Lawrence Denfield and Dwight Rutledge, were presented with a graduation certificate by Mr. Murphy. They were then welcomed into Scout Troop 291. Two of the patrol leaders represented the troop and Scoutmaster Fred Dill gave them their Scout neckerchiefs.

Five new boys joined the Pack during an impressive candle-light ceremony during which the parents were asked to present the Bobcat pins and badges to their sons. The new cubs were: Wm. Kunkander, Chas. DeJulio, James MacLean, Richard Zoefeld and Dennis Fredericks.

The following boys received advancement badges: Wolf badge; Ronald Pinelli, Robert Koch, Kenneth Rothman, and Richard Strick. Bear badge; Karl Birnse in, Allyn Law B, George Neuzig and Randolph Holmes. Lion badge; Richard Quehl and Walter North.

Another successful meeting came to a close and the boys will return to their dens to begin work on next month's theme.

PRESENT MUSICAL

The ORA Players of the Queen of the Rosary Academy for Girls, Amityville presented "Little Nellie Kelly" last week to enthusiastic audiences.

Hicksville girls who took part in the play were Helen Scofield, Ann Marie Caglione, Lynda Noeth, Virginia Murphy, Carol Reilly, Estelle Francese, and Rosemary Racine.

Dear Jean:

It was not deliberate, but when MARJORIE POST became a member of the Town Board on Tuesday morning, most of the matters before the Board were from Massapequa. Town Board sessions are now being stenographed and the transcribed verbatim record is part of the official town records. Fee for beaches of the township this season will be \$3, we hear, an advance of one buck over last year. ERNEST FRANCIS was guest speaker at an advanced Fordham class in political science last week. He spoke to a group of more than 90 and the entire discussion was recorded on tape. Have you given to the Boy Scout Fund as yet? The drive is closing this weekend and if you have not been a donor, you can send or bring your contribution to ARTHUR MANGAM at the LI National Bank. A former member of our staff is now using the most villainous methods in attempting to tell a weekly he now represents. Most distressing... DONITA LENT, the Bethpage youngster who was a polio victim in 1953, has moved to California with her family.

MESSING BAKERIES which had the contract to supply the school cafeteria with bread and rolls and lost it when glass particles were found in frankfurter roll parcels, has asked to be reinstated on the school bidding list. Board members, Monday night, were in no mood to do so. New contract for the rest of the school year has been awarded to FINK BAKING CORP. Do you plan to offer an insurance survey to the Hicksville School District? Anyone interested has been advised that April 1 is the deadline for such applicants for this year. So far six such surveys are underway. Furniture will be moved into the Lee Ave. School additions, starting Monday. The loose doorknob situation in the new high school is due to be corrected by the contractor during the Easter recess. Whole classes of boys and girls, with their teachers, have found themselves on occasion unable to leave a room when the door knob came off in someone's hand. Hicksville Citizens for Better Government in School Affairs hope to come up with their recommendations for the three school board vacancies this Sunday. Seven people are under consideration. Hicksville's famous dog which won the Madison Sq. Garden Dog Show was a guest at a dog obedience class in Levittown this week. Screams screaming on the toy fire engine around the Mid Island Plaza with free rides for kids has some of the neighborhood screaming too.

Hicksville students will get a holiday on Friday, April 5, when all teachers of the district hold a conference at the high school. The kids won't like the topic: HOMEWORK. Long Island National Bank's new office in Mid Island Plaza is coming along rapidly. The Nassau-Suffolk Business Index fell by 2.3 points from 129.9 in December to 127.1 in January according to Hofstra's bureau of business and community research. GEORGE M. PATON of Hicksville will compete in the finals of the Bowdoin College prize speaking contest April 22 at Brunswick, Maine. HENRY BARTELS, formerly resident who died on Mar. 12 at the age of 78 was at one time custodian of LI National Bank and was employed at Press Wireless before moving to Gilbertsville, N. Y. PETER HUSSEY, town park and recreation director, was the author of an article in the magazine section of the Sunday Herald-Tribune. 13,000 dogs have been licensed so far this year in Oyster-Bay Township according to Town Clerk HENRY M. GUARAN.

The Ladies Auxiliary to the Hicksville Fire Dept. will meet on Tuesday evening, April 2 at the E. Marie St. Firehouse. Word received from Mrs. JEAN ESATTO of Hicksville Farm is that she is feeling much better after her recent operation and after a few more weeks of recuperation she expects to be back at the store.

The mystery finally has been solved. Regular patrons of the Post Office have noticed a decided on their toes attitude of the postal employees. After very intensive investigation, we have found that this is due to the appearance on the scene, lately, of "The Sheriff of William St."

The RAY BONAZZES of Danne Ave., Hicksville have returned home after a three week vacation stay at Miami Beach. Mr. Bonazzi is reported well back to the road to health after a serious illness and has sold his business, Ray TV Service in Hicksville. Our sincere sympathy to Mrs. HARRY DARLING and family of Harrison Ave., Hicksville on the death of Mr. Darling.

Two friends of long standing in the newspaper business died this week: SAM PLATNICK, well-known photographer of Hempstead passed away Tuesday night and AL CAIN, foreman at the Griscum Publications plant in Glen Cove, succumbed to a heart attack at work last week. Al was for a time co-publisher with SEYMOUR MINTZ of the Nassau County Town Topics when it had its plant on Cherry St. in the present location of KIEVANOSKY Body Works.

CHARLES "Butch" REESE, grandson of Mr. Marion Murphy of Walter Ave., Hicksville, is aboard the U.S. Camberra and made the trip to Bermuda with President IKE. Hicksville Fire Dept. won top honors from the Sunday News for its rescue of fire-trapped families during two alarms in February. LORD (ACE) PLUSIBOTTOM, registered pet owned by Mr. and Mrs. EMIL T. SZENDY, will be 15 years old on July 15.

Grass Fire Season Here

HICKSVILLE-The Fire Dept., here, is beginning its busy season of putting out grass fires, as every day the number of them increases. During the past week there were 10 such alarms in addition to two ambulance calls and three other small fires. The alarms from Saturday thru Tuesday, March 23 to 26 were as follows:

Mar. 23 - Washing Machine Motor Fire; Old lumber and rubbish at Commercial St.; Grass at Broadway and Somerset Ave.; Grass at Walter and Jonathan St.; Ambulance call - 9:15 p.m. at 111 Scooter La., to carry Pearl Christie to Doctors Hospital in Freeport with a broken hip.

Mar. 24 - Grass and old shack burning at 61 West Ave.; Grass on Violet Ave.; Grass on Ingram Dr. at Jericho borderline; Grass on Kramer St.; Grass on Duffy Ave.

Mar. 25 - Grass on Somerset Ave. and Bloomingdale Rd.; Grass on Old Country Rd. and Underhill St.; Ambulance call - 10:17 p.m. at 57 Narcissus Ave., to take Eleanor Williams to Community Hospital, Glen Cove.

Mar. 26 - Grass at Fifth Ave. and Sixth St.

Custodial Charge

HICKSVILLE---The Board of Education by motion adopted Monday night has ruled that organizations using school facilities during periods when "custodial coverage is not normally provided" shall reimburse the district for expenses incurred in providing such service. It was also voted that "no gratuities" shall be extended to custodians.

9 Volunteers End Studies

HICKSVILLE—Miss Mildred Clark, Canteen chairman of local Branch of American Red Cross, announces that nine local volunteers have completed a course in mass feeding at the high school. The training was conducted by Miss Barbara Fenery, chief dietitian of the public schools.

Those who have completed the course include Mrs. Sophie Turt, Mrs. Kathryn Osborne, Mrs. Olga Lutz, Mrs. Helen Williams, Mrs. Julia LoCicero, Mrs. Nancy Roseberry, Mrs. Dolores Cunningham, Mrs. Lillian Storch and Mrs. Ruth Ahrens.

In the event of a Civil Defense emergency all Red Cross volunteers are encouraged to offer their services at local C D installations.

Board to Face Quiz April 4

The Bethpage Board of Education will be represented in a question and answer period to be conducted at the April 4 meeting of the Powell Ave. PTA following the film, "The School Board in Action." Several questions concerning the scholastics in the local district, adequacy of the facilities, and financial problems, have been submitted by the members of the PTA for clarification.

The answers are prepared in a practical, and easily-understood fashion in an earnest effort by the school board to inform the taxpayers of the problems facing the district today. All members and friends are urged to attend the April 4 meeting, understand and take an active interest in one of the greatest grass roots organizations in our country today, the local school district, the inviting officers stress.

Mercy League Meets on Tuesday

HICKSVILLE--All proceeds will go into the High School Scholarship Fund sponsored by the HS P-TA when a showing of the entire 1956 World Series Games is presented at the High School on Division Ave. on Friday evening, Mar 29 at 8 o'clock, and Saturday afternoon, Mar 30 at 2:30 PM. Traffic Fatal Democrats To Old Folks Hear Leader

HICKSVILLE - "Most unfortunate" was the term used by a spokesman for Jones Institute, a home for the aged, here, in commenting on the death of 85 year old Francis McKendry a resident of the home for the past two years.

On Monday evening Mar 18, McKendry was struck down by a car operated by John G. Kennedy, 20, of 97 Lee Ave., as he crossed West John St. from south to north, near Charlotte Ave.

The accident which threw the elderly man 100 feet occurred about 5:25 P.M. He was removed to Meadowbrook Hospital, where he died at 9:10 PM the same evening. Kennedy, according to Police reports, said McKendry walked into the path of his car and he could not stop in time to avoid hitting him. The youth was not held.

The Institute spokesman cited the fact that both West John St., which borders the Institute on the north, and Charlotte Ave., which runs north and south thru the property are becoming increasingly heavily travelled, and at most times at excessive speeds.

He told the HERALD he wished "something" could be done to protect the elderly residents of the home when crossing the streets. Perhaps a traffic light at the intersection of West John St. and Charlotte Ave. would be the answer. At times, he said, the motorists on Charlotte Ave. refuse to stop to allow the patients to cross even though an employee of the Institute signals that the group want to cross to the fields adjacent to the home. He suggests a stop sign, or a pedestrian crossing white line at the spot.

The failing vision and hearing ability of the elderly necessitate the need for proper safety projects, in the area he added. The Institute cares for over a hundred patients including 20 women; Jones Institute has been in existence for 130 years. The present building was built about 45 years ago.

Wins Scholarship

Miss Loisann Kilduff of 39 Edna Ave. Bethpage, daughter of Mr. and Mrs. Kilduff has been awarded a part scholarship to the Claremont Secretarial School, Miss Kilduff, a senior at the Island Trees High School, will complete the comprehensive business education program this June when she will be graduated with the first class.

HICKSVILLE - Robert English, Democratic Leader of the 1st Assembly District in Nassau, spoke before members and guests of the Democratic Club, here, on Tuesday evening, Mar. 20.

English spoke of the proposed referendum at the November elections on whether a Constitutional State Convention shall be held in April 1959. This referendum, which is proposed by the Democrats, would give the populace the opportunity, to decide whether they desire this Convention for the purpose of overhauling existing laws to provide a more equitable distribution of State Senate and Assembly seats, he said.

It is believed by the Democrats that the number of seats should be based entirely on population figures of individual areas, rather than on County population figures. If the vote is in favor of this Constitutional Convention, then in 1958 elections candidates will be selected as Electors to the Convention.

CURRENT COMMENT: You Can Share Trip Abroad

By Fred J. Noeth

THERE IS A DIFFERENT kind of fund raising campaign in progress at this time in both Hicksville and Bethpage. Each community will be represented at the World Jubilee of Scouting in England this summer. Eagle Scout Leo Kanawada of Hicksville and Scout Arthur Gulden of Bethpage have been among the dozen young men from Nassau County chosen to represent the County Council after careful interviewing and selection.

The National and the Local Council of the Boy Scouts are assuming much of the cost for the program which includes three days of training, a week at the National Jamboree at Valley Forge, 10 days at the World Jubilee in England and a four week tour of England and Europe.

About \$1,000 is needed from the boy and his community. In Hicksville the Masonic Lodge has started the ball rolling with a check for \$250. Fred Hoshfield of 52 Raymond St., Hicksville, has sent out letters to local organizations asking for their contributions. Checks should be made payable to him for the Kanawada fund.

In Bethpage a community Jubilee Fund has been started with Buddy Mazzara as honorary chairman and Edward Dejnozka as chairman. Contributions there should be sent to the Fund at PO Box 118, Bethpage.

Cub Pack, Scout Troop and Explorer Post 126 have pledged a contribution of not less than \$100 to the Gulden fund in Bethpage.

The HERALD proposes this assistance: One half of all subscriptions received between April 1st and June 15,⁴⁶ will be turned over to the fund in the respective communities; ie. Hicksville subscriptions to the Kanawda fund and Bethpage subscriptions to the Gulden fund.

A total of 30,000 boys from all over the world will be present, representing 75 countries, at the World Jubilee. This is an opportunity to be personally represented by a fine local young man.

Spring Clean-Up Campaigns Promote Fire Safety, Health

Throughout America each year, a period—usually a week—is devoted to Spring Clean-Up. Some communities conduct a campaign in March, others may prefer to do so in April. But whatever the time, the campaigns result in greater fire safety and better looking and healthier communities.

According to the National Board of Fire Underwriters, these campaigns do much more than promote fire safety. For instance, they help foster community spirit. Streets are cleaned, homes are beautified and repaired, and accumulated waste and rubbish, a major cause of fire, disposed of. In addition, public buildings often are renovated and vacant grounds improved.

Reader's Opinions

By William D. Lozel

To His Grace: As I am a "Hicksvilleman", I am interested in most things happening in, around, or of, Hicksville. I'd like to report on the new exit signs were posted on the new highway, the community being approached, or the humanity being served. If it be the former reason, then the Southbound Exit approaching from the Easternly side of So. Oyster Bay Rd, on the Parkway should read "Hicksville", and not "Plainview" as it does read now. Since it is approached in this manner when approaching from the Westernly side of Exit 36, you approach towards Plainview, and it reads "Plainview". I should correctly name the sign that is incorrect and I am interested to read what you approach. I suggest, let the reasoning be consistent.

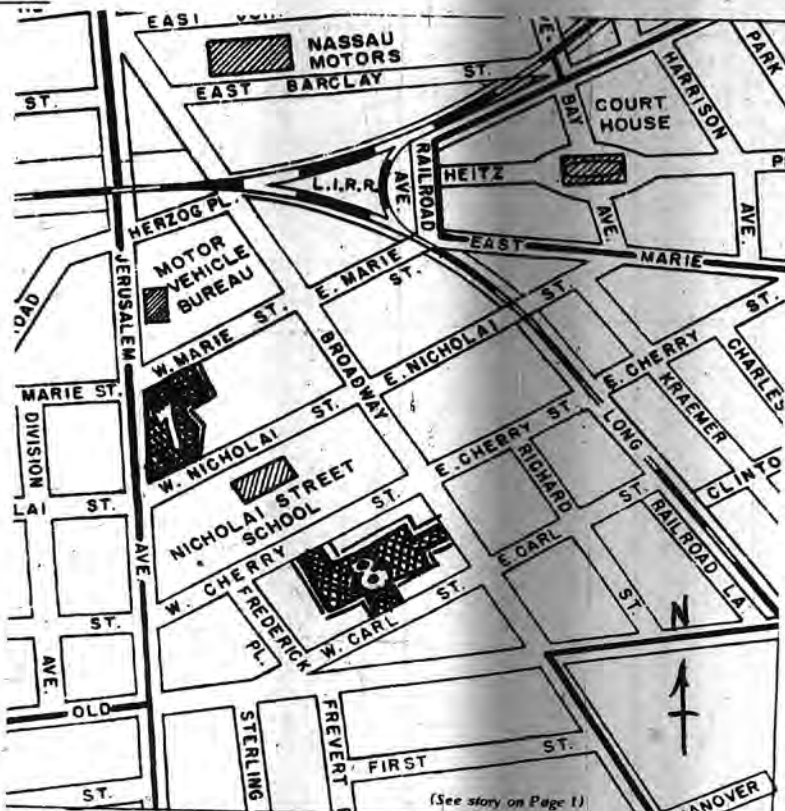

I further hope, that the two openings in the divider separating the lanes of traffic on So. Oyster Bay Rd. over the Parkway at Exit 36 that formerly allowed left hand

turns before the opening of the full cloverleaf pattern, be closed off immediately to prevent any accidents at these points. I feel, that as long as those openings are there, even though the Parkway sign light at the curb line saying "No Left Turn" exists, someone will do it wrong and endanger others in doing so.

Yesterday (Thurs) afternoon, I saw a car approaching So. Oyster Bay Rd. from the West side, turn left for Syosset (forbidden). Today, going towards the Parkway from the South side, the car ahead of me suddenly stopped, without benefit of signals, to make a left hand turn into the Parkway, to head out East. Immediately at the right hand curb was the proper entrance to the Parkway, heading East.

There must be others who feel
as I do.

Have you gotten your membership in the Tupper Lake Mountaineers yet? Costs only \$1 per year and this is both a vacation retreat and a health camp. See Bob McGreggor, 1000 N. Main St., Nassau County American Legion. There was only 37 members short of being the top membership unit in the state last year in this project, according to the state's Veterans' Spending Money Committee. The state Commanders have sent telegrams to Assembly Speaker Oswald Heck and State Senate Majority Leader Walter Mahoney protesting the state's failure to provide convalescent home at Camp McGregor. This home is the only state veterans' facility equipped of post-operative care and the budget for this year is cut from \$212,000 to \$280,000. Unless the funds are restored, the home will close on June 30th. Last year 185 Legionnaires made use of this home and 1000 were treated. All the state's veterans' groups are also protesting this false economy action on the part of the state. This is on the subject of the state economy. It is to consider the fact that the state government continually side tracks all the suggestions regarding the payment of state aid for

of the Korean was although it still has its kids \$150,000,000 left over from the state bonus appropriation for the World War 2 veterans. This is a good "must" to start with. The first, write your congressman, Senator and Assemblyman about the Korean bonus, the boys deserve it, let's help them attain their rights.

Asking for money makes me think of one thing we don't have to ask for money for again---that's the VET VAN which is now completely paid for. We can pass it over to the Kings Park Hospital any weekend now with appropriate ceremonies by the Nassau County Legislature. Let's also elect the County Legion---funny how thoughts and things follow---The Nassau County American Legion Americanism Committee, which comprises of the 633 Americanism Officers who hold office on April 10 meeting at our clubhouse and will have as a guest speaker, Congressman Becker, according to the Chairman, Bill Bruno, a member of our committee.

Talking about meetings---Chairman Henry Bengel called a meeting of the Americanism Officers on Past, Present and Future.

"Can't afford the 'Business Man's Lunch.' Couldn't you fix me up with a 'Taxpayer's Salad'?"

April 13th dance, last Friday night---the response was very gratifying as 14 past post commanders were able to attend---on coming all the way from Massachusetts---that's real Legion spirit isn't it?---the dance will be a huge success when the "elder statesmen" of the Post think enough of the project to gather like that at practically a moment's notice---I for one would like to see this gathering made into an annual affair, so that we may all get to know the old timers and founders of our post.

The Past Port Commanders present were Joe Kayel, Fred Bengel, and Ed LeBaron. The Past Port Commodore was Emanuel Smolik. Bob Mangels, Eddie Becker, Walter Banert, Forrest Mason, Ed LeBaron, Al Carter, and Walter Bengel were also present.

Henry C. Bengel—'Don't forget the date of this dance—April 13th—come out and meet all the past port commanders.

If you're a fisherman, you have a date—June 9th—the boys have gotten up a fishing party—see Chairman Tony Corrieri for reservations. Remember the word or two about the coming Poppy Day—give all the help you can to the Auxiliary who handle the Red Cross fund-raising in any way you can—this is a big town and needs lots of coverage, talk to your neighbors and tell them about it. Remember that the Red Cross is an incriminated hospitalized veteran —let 'em know Poppy Day is coming in May—let them know that only the AUXILIARY sells the Poppies. Remember that the Poppies—Let them know that the Poppy is a personal living tribute to those who didn't return home—let them know that the meeting—Are I—no fooling.

Nicholai P-TA Hears Psychologist

The Nicholai St. School PTA of Hicksville had its guest speaker, Miss Louise Cameron, the school psychologist, Mar. 21.

In her speech Miss Cameron pointed out how some children come to school prepared to learn, while others have to learn certain things before they are ready to start to learn to read, and write. She told of the school specialists who come in contact with the child, and what their jobs were. First of these is the Teacher, whom she felt was one of the best trained in understanding the child. Then there is the Nurse Teacher, the Dental Hygienist, Reading Consultant and Therapist, Guidance Counselors, of which the elementary schools have two, School Psychologists and last but not least, the Principal.

Miss Cameron explained that most often the teacher or the guidance counselor was the one who referred the children to her. She is able to take only the children that are referred to her by school personnel. Unfortunately, she can't take those the parents are having problems with at home. However, she will refer them to agencies, or other reputable help, if so requested.

The meeting ended with the serving of refreshments.

Recaps Youth Centre Story

By Alfred T. Surprise

For more than a year a certain individual has made it a personal project to try his best to impede the progress of the Bethpage Youth Memorial Center, Inc., with public statements and news releases to the various newspapers. In my opinion his reasons are purely selfish and political.

In my statements here I refer to him as an individual and in no way intend reflection upon or toward the men and women who have done and are doing a splendid job with the youth of Bethpage.

Let us briefly recap the PBC-Youth Memorial Center, Inc., relationship story in simple and direct fact without confusing the issue as has been done in the past.

The clubhouse and property that the Bethpage Unit of the Nassau County Police Boys Clubs, Inc., occupied until nearly two years ago, was then and still is owned by a membership corporation made up of, as provided in the corporation charter issued by the State of New York, 21 trustees and a general membership governed by the members of membership organizations.

CHALLENGES PBC

This person would have believed that there were many reasons for the Bethpage Unit of the Nassau County Boys Clubs, Inc., and

the owners of the property for severing relations. In the fiscal analysis and basically there was but one reason...there was not and it is doubted if there is at the present time any provision in the operating policy of the Nassau County Police Boys Clubs Inc., for the complete operation and maintenance of the clubhouse in Bethpage or any other community where PBC units exist. If there is, it has come into being recently.

Because of the lack of funds for the continuance of the clubhouse and property, on request of the athletic instructors and the patrolman director in charge, the clubhouse was closed as a health hazard because of lack of heat.

After much discussion the corporation members and trustees decided that it should be turned into a Bethpage Community project to be operated by and for the residents of Bethpage...open to any organized group operating a youth group of 25 youngsters or more.

The Bethpage Youth Memorial Center, Inc. in its short history and limited funds has been of service to the following organizations of Bethpage: Civil Defense, Baseball, Inc., Drama Group, Talent Group, Little League Ladies Auxiliary, Jewish Religious Group, Amateur Radio Club, Rifle and Pistol Club, Explorer Scouts, Explorer Rifle Club, Junior Gun Club, Choral Group.

OFFER TO TOWN

With the acceptance of this service to the above groups and organizations who are a vital part of the recreational picture of Bethpage, the Youth Memorial Center has requested the Town Board of the Township of Oyster Bay to accept in dedication the building, property, and all assets of the Bethpage Youth Memorial Center corporation into the Bethpage Park and Parking District on behalf of the residents of Bethpage free and without reservation so that it may be further developed as a Bethpage recreational project. It is felt that under the town government the youth center will gain once and for all time a permanent status, continued and expanded recreational service of an almost unlimited type for Bethpage.

As is proven by his statements to the press over the past year and most recently in the Newgram, this individual has tried to impress the readers of these various papers that the youth center would fare well and better under individual organizational ownership...namely the organization he is connected with...the Bethpage Unit of the Nassau County Police Boys Clubs Inc.

Actually, to satisfy his own political ambitions he has gained some publicity by news releases that he has hoped would hinder the operation and public recognition of the Bethpage Youth Memorial Center Inc. Now in his latest

release he would also try to deprive the residents of Bethpage, by way of public opinion, of one very important project that until now has not been in evidence...A successfully operated community controlled recreation center.

To enlighten him and anyone who may have accepted his statements, by chance, at fact...take careful note of this LEGAL fact---Even if the owners of the Bethpage Youth Memorial Center property wanted to, they can not sell or give to another organization. Under the charter it very clearly points out...that upon dissolution of the corporation, all assets after all debts are paid will be divided among all other charity organizations in Bethpage as may be decided by the trustees and in accordance with a ruling of the Supreme Court of the State of New York.

The assets of the Bethpage Youth Memorial Center, Inc. were accumulated through fund drives and donations...monies donated by the residents of Bethpage.

The members, trustees and officers of the Bethpage youth center corporation feel that the assets of the project rightfully belong to the people of Bethpage and so shall be rightfully returned to them...with regrets that their plans and hopes could not be realized, yet being thankful that they had the opportunity to try.

There is but one avenue open for this action...Dedication into the Park and Parking District on behalf of the residents of Bethpage.

"One of the problems inherent in this project was the necessity of making a projection into the future. Five years, 10 years, 50 years. We chose 25 years," the design students point out, "as being a reasonable time in which to work, in which to charge the forces in effect at the present time and follow and guide them to a satisfactory conclusion. In our solution we have tried to indicate a direction that will result in the enrichment of the individual and the society he lives in."

NOT PIECE MEAL

"In the initial stages of this project there was, as could be expected, much discussion. We tried many approaches and for the most part they were piece-meal; clearing land here, putting a building there, rerouting traffic, making this a one-way street, that a thoroughfare. Actually, this is how much city planning is done, stopgap measures at best, accepting the ills of our society as normal, alleviating symptoms and applying bandages when the patient becomes too sick. It soon became evident that what was needed was a concept, a vision of what it might be."

"Backed by some research, the outlines of a potential future Hicksville began to take shape. As is necessary in all projections of this sort, certain basic assumptions, based on present day fact, were made. They were as follows:

"The first was the present Township of Oyster Bay would be split into three townships which Hicksville becoming the seat of government for the Mid-Island area."

"For the purposes of this project we have limited ourselves to

Hicksville proper, the outlines of which are more or less defined by the present school district. This is the area on which our presentation is based, but it relates to the rest of the future township and, as further outlined, to the rest of Long Island and the whole of the Eastern seaboard."

1982 POPULATION

"Assumption two is that Hicksville's population will continue to grow. There is land available outside of Hicksville, in Bethpage and Plainville, for instance, and these areas will be next exploited. We predict that within the limits of the present town (school district area) population will jump from 40,000 to 100,000 and within the total area of the future township the increase will be from 100,000 to 500,000."

"The third assumption concerns Hicksville as an educational centre. This, too, is based on present-day possibility. New York State University is planning several branches for Long Island with Hicksville one of the possible locations."

"The fourth assumption relates to industry, not only in Hicksville, but in the outlying areas and in the rest of Long Island. The original postwar migration was for living space, but industry invariably follows population. Once established, industry, in turn, attracts more people, who, in turn, attract more industry. This step-double-step pattern is apparent in Long Island today. It is our belief it will continue and that in time the Island will become an important industrial community. There will probably be several heavy industries, but the bulk of job opportunities will be in small to medium size fabrication plants and service organizations."

ISOLATED ISLAND

"Our last assumption concerns Long Island as a whole. Today, limited by geography, it is a water-locked appendage to New York City. Until there is a land connection at both ends of the Island, it will remain, in a sense, isolated. Growing population and increased industrialization will force this to happen."

Coordinator of the Mid Island Core development was William G. Harvey Jr. with George Klett and Hugh Kelsner as site planners.

(Continued Next Week)

THE COLISEUM of the Mid Island Core in 1981 provides permanent seating for 60,000 embraces an arena of nearly 3 acres with no visual barriers at all. Designer Arsenicos says it will become the hub of activity and focal centre of the entire exposition area to which will come events and spectators not only from the county but from all Eastern states. Parking areas are at normal grade level below the "Living" level of the Core. Spectators come from the parking fields up escalators and ramps. "This building, as immense

and predominate as it is in the whole concept of the Core, would be outstanding in any setting. "Each of 32 prefabricated trusses made of tubular aluminum struts welded together cantilever over 350 feet to a central compression ring 50 feet in diameter. The actual enclosing material will be a translucent plastic which will provide a warm diffuse light during the day and at night will be seen from a great distance as an overall luminescent structure."

MEN WILL WEAR suits like these in 1980, the year when Hicksville may become the centre for Long Island, according to this picture in a Sunday newspaper magazine supplement.

THIS IS LITTLE LEAGUE . . Major League Choices 1st

by Mary Blust

With the new season only two weeks old, the tryouts for Hicksville National Little League are progressing rapidly due to the wonderful weather and the hard working managers and coaches. The managers and coaches have been giving their Saturdays in order to

process the boys. If the weather remains as it has been for the next two weeks we will be able to make our major league selections.

The major league selections will be a very difficult one. The reason for this being that we have six major league teams and each team is only permitted to have six year olds, five eleven year olds and four ten and twelve nine year olds.

At the conclusion of the major selections, we will select twelve minor league teams. The minor selections are not as difficult because there is no age restrictions except that no twelve year old boy can be a pitcher in the minor league.

As we mentioned in our last article the Herald we had to add two additional minor league sponsors, due to the large late registrations.

JWV to Visit Northport Vets.

The Northport Hospital visit this month by members of the Sgt. Ben Levitt Post JWV 655, will be made on Sunday, March 31. Usual meeting place.

There will be a joint installation of the new officers for the Post and Auxiliary on Saturday, April 6, to 9 PM at the Congregation Shaarei Zedek, E. Barclay St., Hicksville.

BASEBALL TRYOUTS

The Junior High school facilities were overrun Saturday by the potential future baseball greats. Initial tryouts were staged. The system functioned like a well oiled machine, with the boys reporting to the starting off point with their notice to report. Then they received two cards-one to attach to their person for identification and one for the results of their efforts.

Infielders, Outfielders, Pitchers and Catchers were segregated into groups as the boys indicated their preference for position. After receiving tests in their respective positions for fielding and throwing they reported for Speed Trials of 40 yds. on the track under clocking; the time being reported on their cards. Then on to the Barring Cages for determination of their hitting ability.

The cards were collected and the process of selection was begun. Further trials will be needed, no teams have yet been definitely ascertained and cards will be mailed to all for the next practise. Commissioners Hanley and Baroletti were well satisfied with the results and were loud in their praise for the St. Ignatius CYO men who assisted in the program. President George Maguire eyed the proceedings with approval commenting to the effect that the tests were the best yet. Every boy in the group (11 and up) performed creditably and they will receive cards in the mail with further instructions. Last Friday, the St. Ignatius girls
