Scouts Set Up Camp For World Jamboree

WARWICKSHIRE, England--Eight miles north of Birmingham, the second largest city of Great Britain, Sutton Coldfield is the location for the Jubilee Jamboree of the Boy Scouts which opens today (Aug. 1) and continues thru Aug. 12. This event marks the 100th anniversary of the birth of the late Lord Baden-Powell of Gillingham, Chief Scout of the World, and the 50th anniversary of the movement he founded.

The Steam Ship Fair Sea bringing 1,460 Scouts and leaders from the United States was scheduled to dock at Plymouth on Tuesday of this week. In the group is Explorer Scout Leo Kanawada of Troop 64, Hicksville, who is the special reporter for the HERALD on this exciting World Jamboree.

The site of the Jamboree is a 2,400 acre natural park and wildlife sanctuary that was once a royal hunting ground.

The camp will accommodate 35,000 Scouts and leaders under canvas. The BSA contingent comprises 50 troops of 32 Scouts and leaders each assigned to five sub-camps.

Nine Entrants For Contest

BETHPAGE--This community will crown a Queen during its celebration of "coming of age" in the fall. Bethpage will mark the 21st anniversary of its name change from Central Park.

A contest to select the Queen is now underway with nine girls in the running. Prospective contestants are asked to get in touch with Paul Dana, WE 5-4004 for prizes, rules, etc. A cocktail party for all prospective candidates will take place this Saturday, Aug. 3, at the home of James "Happy" Norman on Stewart Ave.

Entrants to date include: Virginia Cloonan of 106 Bway, sponsored by Democratic club; Frances Daum, 7 Barbara St., sponsored by Alpha Sigma Psi Sorority; Heidi Verity of 32 Longshot Lane, sponsored by Photo News staff; Gladys Olliver of 1 Derby Lane, sponsored by American Legion; Bernice Guthrie of 26 Steuben Ave., sponsored by VFW; Helen Roode of 80 Stewart Ave., sponsored by Republican Committee; Pat Schimoller of 4217 Ludwig Lane, sponsored by GOP Club; Barbara Swanson of 409 Boundary Ave., sponsored by Kiwanis Club; and "Mystery Girl" sponsored by North Bethpage Civic Assoc.

Any historical data readers may have, which can be included in the journal, will be welcomed. Call Bill Benintendi at WE 1-5140. This journal will be published in connection with the Birthday Party and is being prepared by a group of interested citizens who are presently contacting local merchants for assistance in the project.

ALBANY--Bids will be received by the State Dept. of Public Works, here, upon the widening of North Broadway in Hicksville on Thursday, Aug. 29, it was learned today. The project is estimated to cost \$2,273,000, according to State Engineers, and includes the section from the LIRR crossing north for two and a half miles, to Jericho Turnpike, as a six-lane highway.

The call for public bids on the project ends speculation about the project which will slice about 50 feet off properties on the east side between John St. and Lenox Ave., North Broadway, opposite the Post Office.

BURNS DELIGHTED
Assemblyman John J. Burns, representing the Town of Oyster Bay, said he was delighted to find that the State Dept. of Public Works is proceeding at once with the project which ties in with the development of work to ease traffic congestion.

Burns told the HERALD that he has been in close touch with John W. Johnson, superintendent of the State Public Works Dept., about the urgency of the Hicksville problems on traffic and RR grade crossing elimination and that the taking of bids indicates the work may be undertaken at an early day, possibly this fall.

He had carried the story of Hicksville's need and problems to the Public Works Dept. at the request of the Chamber of Commerce and business and civic leaders of Hicksville.

The formal notice of bid taking on the project, the only job in Nassau Co. among 15 proposed jobs for bid taking on Aug. 29, states "reconstruction of 2.47-mile section of 6-lane divided Route 107, and 1.29 mile of access roads, from Herzig Pl. near the LIRR crossing in Hicksville northwestward to Jericho Turnpike, including widening of the bridge at Northern State Parkway."

The North Broadway section, locally known as Hicksville-Jericho Road above the Northern State Parkway, is now a two-lane highway.

Bids will be publicly opened at 10:30 AM, DST, in Hearing Room No. 1 of the Gov. Alfred E. Smith Office Building, here, on Aug. 29.

Following a study of the bids received, which may take two to four weeks, it is hoped the contract for the job will be awarded and work progressed.

Sponsoring Bus To Hear Billy

HICKSVILLE - The First Baptist Church is sponsoring a bus to Madison Square Garden to hear Billy Graham on Aug. 3 and 10. The church has reserved seats for both dates.

The bus will leave from 57 Broadway at 5 o'clock. Anyone interested may reserve bus seating by calling Mrs. LeRoy C. Brown Jr., at WE 5-0128 for either date.

Library Reopens on Monday

HICKSVILLE - The Public Library on Jerusalem Ave. corner of Second St., will reopen its doors in the adult section of the original building next Monday, Aug. 5. The children's building is still undergoing alterations and will reopen about Monday, Aug. 19, according to Kenneth Barnes, library director.

It is expected the new extension of the library will be ready for use in the early fall upon the delivery of new furniture and fixtures. The library had been closed to use of the public since July 1.

McCaffrey Runs for Assembly

PLAINVIEW --- William H. McCaffrey, Jr., of 19 Hope Dr., here, will be the Democratic candidate for Assemblyman if and when a vacancy in that office occurs. The incumbent, John J. Burns, is expected to resign this month since he is Republican candidate for supervisor of the Township and Edwin J. Fehrenbach of Bethpage has the support of the Town GOP to become Burns' successor. McCaffrey was designated by the 4th Assembly District Democrat organization this week. He ran unsuccessfully against Burns for Assembly in 1954, received 24,610 votes as against 39,081 for Burns. McCaffrey is an attorney and Fehrenbach is deputy supervisor of the Township.

Sees Reduction On Insurance

HICKSVILLE--Substantial reductions in the fire insurance rates on district schools were forecast by School Board President Emil J. Szendy at the weekly Board meeting, last Friday, as the result of a minor structural improvements in school buildings. The Board gave its approval to a list of change orders worked out by Knappe & Johnsen, school architects, in accordance with recommendations of the Fire Insurance Rating Organization.

Szendy said he was unwilling to state specifically how much might be saved by the district, but felt certain the savings would more than justify the work at each building.

He also reported that every effort is being directed by the School Administration, the contractors and School Architects to have the Jerusalem Ave. Jr. High new addition ready for classes with the fall term.

MAY SELL BONDS

The Board, last Friday night, also conferred with Fredric T. Tiney of Govt. Statistical Corp. regarding the advisability of selling bonds upon the public library, the junior high and the portable-type classrooms. Tiney reported on efforts to improve the financial rating of the district from BAA classification to AA rating. If this can be achieved, the district will be able to command a lower interest rate on bonds sold.

The Board is also entering into a contract with Mr. Siderits, consultant on improvement of grounds. He will receive six per cent of the cost of ground improvement projects and in return will draw up

specifications, supervise receipt of bids and make recommendations to the Board.

The motion to employ Siderits was carried, four to three. Voting for the motion were Alan Carpenter, Jerry Zettler, Robert Goodrich, and President Szendy. Opposed were Herb Johnson, Arthur L. Ehrlich and Robert Eaton. It provides that Siderits will receive \$250 for work performed to date, cancelling out the balance of the original \$300 arrangement with the district entered into last fall.

A report from George Winsor, chairman of the Citizens Advisory Committee on Recreation, is anticipated when the Board meets tomorrow (Fri.) night at the Senior High School Faculty Cafeteria at the Senior High School Faculty Cafeteria at 5:30 PM.

Civics Request Time to Know

HICKSVILLE --- Candidates for school board positions should be required, be amendment of the State Education Law, to file their intentions at least 30 days prior to the annual meeting and election, in the opinion of members of the North Hicksville Civic Assoc.

Irwin L. Goldman, president, reports that the Civic group has written to State Senator William Hults and Assemblyman John J. Burns at Albany suggesting the change in the law. At the present time candidates may wait until 10 days prior to the election to file.

"Until the local weeklies were published," Civic Society Elinor Chernok wrote, "the general public did not know who the candidates were, and there was no time at all for the voters to acquaint themselves with the candidates. Neither was there time for any campaigning."

"The result was that most voters could not vote intelligently for candidates who were only names to them and whose qualifications for these important administrative posts were unknown," according to the civic organization.

Annual school elections are held in May.

The Villager In Next Issue

THE VILLAGER, published for the residents of Jericho as a special section of the MID-ISLAND HERALD, is scheduled to appear again in next week's edition. Joe Schwartz is editor with Gilbert B. Stein as managing editor and Al Ross as assistant editor.

WILLIAM R. STAHLEY, who retired July 31 as superintendent of mails of Hicksville Post Office, was honored by fellow employees of the office at a surprise testimonial dinner at the Lowview Restaurant on So. Bway, Hicksville, Saturday night. More than 75 postal workers and their guests attended. Left to right are Carmine D'Amico, co-chairman of the affair; Mrs. Stahley, Postal Inspector Louis Bader, Mr. Stahley, Postal Inspector Richard Shea, Postmaster

Harry Cotler who made the presentation of letters of commendation from the Postmaster General and Regional Director; and John Mattinson, co-chairman of arrangements. Mary Bloss (not pictured) presented the guest of honor with a motion picture camera as a gift from the PO staff. Mr. Stahley worked for the local Post Office for 31 years. WEST JOHN ST.
HICKSVILLE
WELLS 1-0500

Dear Jean:

Hicksville-Jericho Civil Defense director CHAS. W. WARD calling a meeting at East St. School on July 22 and invited the press and the local service organizations to send representatives. NOT A SINGLE invited person showed up. Another meeting is scheduled for the near future. Post card Dept. JOHN AND RITA HANFAN and family of Hicksville, send a note from Down East: "Enjoying our vacation at Bonney Eagle Lake, Maine. Days hot and nites cool for sleeping." Just back from Maine are the GEORGE WINSTONS. That reminds us, Hicksville Recreation Advisory Committee is due to present its report at the School Board this Friday night at the High School. When the Board of Education met in East St. School, back in the dear old days, they had an air conditioner in the window. No such luck in the faculty cafeteria where the long, long sessions are now held. A survey reported by Hofstra College Bureau of Business shows that teenagers in Nassau generally prefer specialty and dept. stores to other types. Teen girls, 79 percent go to dept stores while boys go to dept stores 35 percent of the time. Surveyed were 1000 students 14 to 16, none from Hicksville. Emergency Co 5 will try again this Sunday. They go fishing out of Babylon on Capt. Alex's cruiser. The emergency boys will dig claims on Aug 9 for their family picnic on Aug 11. MARK MADDEN, DICK SOLLNER and WEL STARK are the clam bake committee of Hicksville Rotary. SOPHIA AND ROSA daughters of Mr. and Mrs. EMIL J. SZENDY of Walnut Lane, Hicksville, are on a New England tour, including Cape Cod. Arrangements were made by Travel Service Mart of Hicksville. Tanned and singing the praises of fishing, successes out in Southold, Suffolk, is WALTER LUYSTER, manager of Town Republic Headwaters in the Centre Shop, just back from vacation. Meadow Brook National Bank has acquired more property in that block bounded by Jerusalem Ave., Newbridge and Marie St. where their new three-story building is fast taking shape. Robert Ulmer Post, AMVETS, hold a past commanders' dinner at BEL DANDA's on Woodbury Rd on Aug 17. Supervisor LEWIS N. WATERS was in Manhasset Hospital earlier this week for ex-rays. Several readers have called asking about the MASTER BARBERS. They are the independent barbers in Hicksville. Not just one shop, but a organization of most of them. That 75¢ price for children's haircuts was short-lived. Young fry will be charged \$1.25 for their trimming with the arrival of Aug 5 and shops are closed again on Wednesdays. The 17-year-old CUNNINGHAM twins of Hicksville, Jim and John, are signed a recording contract with RCA-Victor. They sing a duet. Last week's report on the Hicksville championship golf tourney at Brookville neglected to mention CHARLES BARVELS as the man assigned to the job of turning on the floodlights. Hicksville Night at EBerts Field is Aug 20 and we have excellent reserved seats on sale at the HERALD office. First come, best served.

BEL STABLEY, who retired officially this week after 31 years with the Hicksville Post Office, told us the other day he held only two jobs in his life: First with the LRR for a decade and then with the PO. WILLIAM J. AHERN of 210 Central Ave., Bethpage, was not a winner in the oldtimer photo contest (because his entry came in after more complete returns) but he offers an interesting comment. That might be HENRY EISEMANN down the road. He walked to work in those days. WILLIAM (Spoke) FROHNHOEFER, who is said to be Hicksville's most eligible bachelor, took ANN STOLZ water skiing on LISound while "Miss Cypress Gardens" was a visitor to the home of the HAP HOLDENS in Hicksville over the weekend.

Birthday congratulations to Mrs. MARTHA MARTINO of East St. and JOHN NELSON of Twinklams Ave., Hicksville, who both celebrate on Sat., Aug. 3. Ho Ho Ho -- Hicksville finally went to New Jersey. Miss LYNDA NOETH of Twinklams Ave., Hicksville spent the week end at the Summit, N.J. home of "Jorrey" JOYCE McLAUGHLIN. The McLaughlins are former residents of Hicksville. Miss KATHY SMITH, daughter of Mr. and Mrs. William Smith of Willoughby Ave., Hicksville celebrates her birthday with a party at her home on Sat. evening. Many Happy returns, Kathy.

ROBERT BERLINO and VINCENT YANUCHI are the new owners of the Lawview at 355 South Broadway, Hicksville, which has its grand opening today, Friday and Saturday from 9 to 12. They have a real treat in store for you on each evening. GEORGE W. KUNZ of Arcadia Lane, Hicksville, recently won 3rd prize for his essay in a contest sponsored by JOHNSON & HIGGINS, a long established brokerage firm in New York. George is employed by the Shipowners Claims Bureau at 25 Broad St., New York. Last Friday night's Hicksville School board meeting concluded at 3:45AM, Saturday. There was a decline in the Nassau-Suffolk business index from 128.2 in April to 125.9 in May, according to Hofstra College. BOB SEEVERS of Plainview, who is the artist preparing our new weekly comic strip on the want ad page, was born in Florida and is the son of a retired Methodist minister. He is with the art dept for International Business Machines. He has a 2 1/2 year old son.

Long Distance Winner In Spree
HICKSVILLE---A visitor from South America was a winner in the second shopping spree awards of J. J. Newberry in Mid Island Shopping Plaza, here. Dr. A. Badley, visiting with H. Winand of 1 Michigan Ave., North Massapequa, won one of the \$25 awards. Virginia Fox of 51 Anvil Lane, Levittown, won the top prize of \$100 in merchandising. J. Cavello of 2415 Post Ave., \$45, and Helen Leachner of Babylon, \$50. Other \$25 winners were Sylvia Bloom of East Meadow and Florence Berk of 22 Boat Lane, Levittown.

Toddler Program

A novel and interesting programme is planned for toddlers by Congregation Shaare Zedek of Hicksville. At 10 sessions throughout the coming year, children from 3 to 5 years will participate in songs, stories, arts and crafts, the central theme of which will be each Jewish holiday as it is about to be celebrated. Mrs. Eli Skalist, wife of the Rabbi of Congregation Shaare Zedek, will be in charge of the group. For information regarding registration call Mrs. Skalist at WE 5-2363 or Mrs. Howard Goldman at WE 1-8138.

NEWEST TOWN BEACH is the area on the bay side at Tobay, adjacent to the Jones Beach State Park. It has become one of the most popular of the 11 town beaches, according to Beach Superintendent Sidney Pelley of Hicksville. (Jim Healy photo)

Improved Beaches Draw Crowds

Improvements at the 11 Town of Oyster Bay beaches on the north and south shores of Long Island and the warm weather have combined this season to boost attendance to all-time records, according to Sidney Pelley, town superintendent of beaches.

An estimated 100,000 bathers enjoyed all the town beaches and pool at Sea Cliff over the past weekend to top even the staggering crowds for the Fourth of July.

The improvements at the beaches in sanitary and safety facilities have been applauded by the County Dept. of Health. James J. Cutter, supervising sanitary inspector for the Health Dept., wrote Pelley complimenting the Town Board and Beach Dept. "on the vast improvements made in the sanitary and safety facilities at the Town of Oyster Bay beaches in the past two years. I am sure it will be reflected by the appreciation of

by the appreciation of the residents of your township."

Among the new facilities this season is the expansion of parking for thousands of cars at Tobay on the Atlantic Ocean, adjacent to Jones Beach State Park. The Town has also developed quiet water bathing on the Bay side at Tobay.

Oyster Bay has about four miles of waterfront property, owned by the people of township, developed for summer recreation and bathing.

Town GOP Names Slate; 8 Candidates for Nov. Vote

Assemblyman John J. Burns, life-long resident of Sea Cliff where he served as mayor four years, said today "it will be a honor and privilege to continue to serve the people of Oyster Bay Township" as he has for the past six years as a member of the New York State Legislature. He looks forward, he said, to the challenge and opportunity to continue public service as Supervisor of the Township.

Burns will resign his position as Assemblyman shortly. He has been designated by the Oyster Bay Town GOP Executive Committee to be the Republican candidate for Supervisor in the Nov. 5th election. He will succeed Lewis N. Waters who had previously announced that he preferred not to be a candidate for re-election.

Also designated by the GOP Executive Committee were the following: Henry M. Curran of Oyster Bay, for Town Clerk; Thomas R. Pynchon of East Norwich, for Highway Superintendent.

Councilmen for four-year terms: Louis Sisia of Bethpage, Marjorie Post of Massapequa, and Peter Allsopp of Locust Valley; for two-year terms: Benjamin Zipser of Syosset and Edmund Ocker of Plainville.

For Jones Fund Trustees: Leroy Wells of Hicksville, Bertha M. Gifford of Bethpage and Freeman Davis of Glen Cove.

Leonard W. Hall, former Chairman of the National Republican Committee, as the GOP leader and chairman of the Oyster Bay Town Committee announced the designations of the Executive Committee.

Hall told the press that "John Burns is one of the finest public officials we have ever had in the Town of Oyster Bay." He noted that the designations were the unanimous decision of the executive committee.

SEACLIFF NATIVE

Burns was born in Sea Cliff on April 3, 1913. He graduated from Sea Cliff High in 1931.

He was elected mayor of the Sea Cliff in 1947, from which office he resigned following his election to the Assembly on Nov. 6, 1951. He was re-elected in the 1952, 1954 and 1958 general elections.

He was president and is a life member of the Nassau County Village Officials Association, a member of the Nassau County Grand Jurors Association, St. Boniface Holy Name Society, North Shore Firemen's Holy Name Society, American Legion Post

JOHN J. BURNS

No. 456, Sea Cliff Fire Dept., Manhasset Bay Sportsmen's Club, Sea Cliff Yacht Club and the Executive Board of the Nassau County Council, Boy Scouts of America.

He served as a first sergeant in the 304th Signal Operations Battalion with the 8th Army in the Pacific in World War II, and was awarded the Bronze Star Medal for meritorious service.

Following his formal education, he was employed for a short period by the State Bank in Sea Cliff. He then became engaged in the petroleum business and is vice president of a distributor, Nassau Utilities Fuel Corp in Roslyn.

His committee assignments in Albany as Assemblyman of the 4th Assembly District embracing the Town of Oyster Bay and City of Glen Cove, include: Public Printing, Revision, Villages and the important Ways and Means Committee.

Mrs. Burns is the former Norah Patterson.

Felton Chosen For Training

Lawrence B. Felton, of 9 Hillvale Road, Hicksville, has been chosen to attend the Management Assistant School to be held in the home office of the Penn Mutual Life Insurance Co. in Philadelphia. The intensive one-week course, which will start on Aug. 5, has been designed to train better assistant managers and thereby increase the effectiveness of the general agency organization. Special study will be given to the recruiting, training, and supervision of new underwriters. Mr. Felton is a member of the Charles E. Cape Agency, with headquarters located at Hempstead.

Extend Refuse Service Jan 1

OYSTER BAY—Eleven thousand more homeowners in the Township will benefit by municipal garbage collection, Sanitation Superintendent Louis E. Kappstatter reported today when municipal operation is extended to serve the North Massapequa-Plainville area beginning Jan. 1.

Pick-ups will be made on a three-day-a-week basis and one additional day for rubbish collection. This will supplant the present two-day-a-week pick-up now being made by some private collectors.

Summer Band Festival On Sunday

HICKSVILLE--Early in the morning, throughout town it's possible to hear the summer bands and orchestras of the School district hard at work. At 8 A.M., High School's 60 piece summer band begins rehearsal under the direction of Charles Grouse, instrumental supervisor of the District. Later in the morning, the junior high training band and the orchestra work out for an hour and 20 minutes each.

Gerard Pellerin, director of instrumental music at the Division Ave Junior High School has charge of a summer band camp at the Old Country Rd. School. There over 140 grammar school students take lessons and participate in band playing every

day.

A similar program runs concurrently at the East St. School under the direction of Valerien LaGuerux, who last year taught music at the East St. School and conducted the All Hicksville Elementary Band.

Thomas Buttice, who is the String specialist and orchestra conductor, has been working not only with the advanced group at the High School, but also with many string classes at the East St. School.

All told, there are approximately 450 students active in the summer program of music this year. Their talents and progress will be evident for all to hear on Sunday, Aug. 4 when a summer

music festival will be held at the High School. The time will be 4:30 P.M. The public is cordially invited to attend.

'Round Bend Once Again

BY FRED J. NOETH

SHOW BOAT is back at Jones Beach Marine Stadium this summer and, if it's possible, even better than last season. We seldom go into raves over things of this sort, but we urge you to spend a delightful evening at this show place of the nation before the summer has expired. Many vacation travellers are making this their goal, driving hundreds of miles; for us it is only a 15-minute hop.

Andy Devine as Cap'n Andy is a definite improvement this season and his appearance on the top deck of show boat causes the small fry visitors to wonder "if Jingles brought along his guns." We especially enjoyed Lou Willis Jr as Frank. Last year this role was presented by Hal LeRoy.

The dancing numbers on the levee are colorful and exciting. Our program notes indicate a special preference for "Life Upon the Wicked Stage" presented by Ellie (Marie Foster) and the dancing girls. We still have some reservation, however, about that Dahomey villager sheebang.

The personal appearance of Guy Lombardo conducting his orchestra for the overturn beats anything on TV. We saw Mr Lombardo chatting during the evening with Gus Weller, president of Meadow Brook National Bank, and his son, Don.

The Jones Beach "Show Boat" tops anything that could be produced on any indoor stage. That 'ole boat comes chugging "round the bend" several times during the performance to give a realism which would be difficult to duplicate anywhere except at our own Jones Beach.

There are only about four weeks of the season left, so if you want to do something different, take a run down to Jones Beach and get aboard the "Show Boat" some evening real soon.

25 Boy Scouts Go To Camp

Twenty five boys from Troop 64 left for Camp Wauwepex, Wading River, for a two week camping period. Scoutmaster Bob Hughes and assistant Scoutmaster Howie Von Grettchen went with the boys. Troop #64 won the beauty contest again this year for the third year. This year the winner was Bill Hughes for the troop.

Thursday night the board of Revue went out to Camp Wauwepex and the following boys passed first class: Michael DeFeria, John

Bagley and Joseph LaRocca; Second Class, Robert Brown, Howard Hamm, Robert Klerman and Fred Duncan; Merit Badges: Soll and Water Conservation, Peter Sherbo, Tom Duncan and Noel Dennis. Swimming: Noel Dennis, Tom Duncan and Bill Hughes.

Mr. and Mrs. Lawrence Ritt of 8 Story Lane, Hicksville, are the proud parents of a son, David Lawrence, born to them July 15 at North Shore Hospital.

How Close Did You Come?

Arnold Fricke of 83 E John St., Hicksville, is the winner of the MID ISLAND HERALD old time photograph contest. The picture was published in the July 11 issue and efforts to date to obtain a duplicate view of the same location have been unsuccessful --- principally because it was taken off the edge of the roof of the old three-story Pickle Works building which has since burned to the ground. Several readers who submitted answers thought the picture was taken from the Hicksville Water Tower near Bethpage Rd. However, the water tank was erected many years after the old time picture had been taken.

Fricke commented: "The tiny clue which you mention is the steeple of the Catholic Church. The two buildings to the right of the picture were once the ice cream store of my grandfather, Fred Fricke and the ice house in the rear. The house next to what seems to be corn growing is the old Funfgeld home. The home just to the right of the Lawrence home is the present home of the McCues. The railroad tracks leaving the main line is the siding for the old pickle works."

The picture was taken looking from the north east. Woodbury Road can be seen off to the left. Another old-time photo will be published in an early issue.

School Reports Increase Here

At a School Board Meeting of the Levittown Jewish School of Workmen's Circle, it was reported that because of the steadily increasing registration during the two years of the school's existence, (it has been necessary to add to the number of classes and to engage additional teachers. Registration for the fall term has been in progress for several weeks and the registrar, Mrs. Libby Hildes, reported that registration rolls are rapidly filling but she did indicate that there were a limited number of openings still available in several of the classes. Additional information may be obtained by calling the registrar at PE rshing 5-2451.

The Levittown Jewish School is one of over 100 Workmen's Circle Schools in the United States. The Schools provide children with a modern Jewish identification through the study of Jewish history and customs, the Yiddish language and literature, and festivals, songs and traditions.

The Levittown School which meets at Levittown Hall, Hicksville, will start its fall term with classes on Sunday, Sept. 22.

Active Month For Troop 64

HICKSVILLE - Boy Scout Troop 64 has had a very active month as usual. In the middle of the month five boys from Troop 64 went to Valley Forge, to the Scout Jamboree. They were: William Butler, Frederick Richom, Leo Kanawada, John Neglia and Francis Sheridan.

Troop 64 boys were assigned to Tri-Parkway Jamboree Troop 8. There were 38 boys in this troop with Fred Hofshied as scout master and Mr. Ott and Mr. Wilson as assistants. The gateway designed for this troop by Bob Hughes and the boys were honorable mentioned and shown on TV.

While there the boys went to Philadelphia and went through all the memorable buildings, like Independence Hall etc. The boys returned with a large number of swap items from almost every state in the 48. While there they were entertained by some of the largest T.V. stars, had an enormous community sing, attended the church of their choice, and associated with boys from several countries, an experience they will never have again.

Bill Butler and Francis Sheridan left Sunday morning, July 21, for Schiff Reservation at Mendham, N.J., for a course in Junior Leader Training. They report it a beautiful place and they are having a fine time, even though they are working at learning more scout craft and sharpening their abilities to help other boy scouts in the Tri-Parkway District as well as their own Troop.

PAT MENDOLA ENGAGED

Mr. and Mrs. William Best of Massapequa announce the engagement of their daughter, Joan Dorothy, to Pat Mendola, son of Mr. and Mrs. John Mendola of Hicksville.

Oil Institute Answers LIL

HICKSVILLE-The Oil Heat Institute of Long Island, through its president, Patrick F. Caputo, said this week that L.I.L. Lighting Co. sales manager Crosby Breese possibly misinterpreted and distorted facts in his recent report on gas heating efficiency. Caputo also scored LILCO for making statements which, as reported in the Herald, were on the basis of "incomplete heating engineering studies."

In the OHIL answer, Caputo referred specifically to LILCO's report that gas burns 30 percent more efficiently than oil. According to engineering statistics and manufacturers' specifications in Oil Heat Institute files, the public statement by Breese could not be sustained, Caputo charged. Recent studies on comparable heating efficiency of gas versus oil by the California Research Corp., said that "oil burns more efficiently in larger power plants where accurate records are kept."

In addition, the OHIL report stated that most manufacturers of heating equipment make oil as well as gas burners. Each manufacturer lists the B.T.U. input and output for efficiency. Both are designed to operate at 80 percent efficiency.

CUSTOM TUDOR SEDAN by FORD

The low price tag makes the picture perfect

Ford is every inch the fine car of your dreams... at half the fine-car price! Inside, outside, in every last detail, Ford has that luxury look and feel that used to be the private property of only the most expensive cars. Now it's yours... at low Ford prices. It's new, through and through! From wheels to roof, the '57 Ford is loaded with new and improved features. That goes for the frame, the front and rear suspension, the body, the insulation, the differential... the works! It's Thunderbird V-8 powered! Here's power that melts the miles. Ford's not only the liveliest, it's the smoothest, too. Only Ford V-8's are electronically "mass-balanced" while running

under their own power before they're put in your car.

It's soundly built to be worth more when you buy it, and when you sell it, too! Compare the long list of Ford features with the competition, and you'll find that only cars way out of Ford's modest price range can match it. No wonder this fine car traditionally outvalues 'em all at trade-in time!

LEGAL NOTICE

PUBLIC NOTICE
NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Town Board of the Town of Oyster Bay on Tuesday, August 13th, 1957 at 10 o'clock A. M. (EDST) in the Hearing Room, Town Hall, Oyster Bay, New York, at which hearing citizens and parties interested will have an opportunity to be heard upon the proposed amendment to the Plumbing Code of the Town of Oyster Bay, as amended and revised:

Amend Article I by adding new subsection 1.21.1 to read as follows:

1.21.1: FUTURE: A fixture shall be any device using or having a connection to either a Water Supply Line, Waste Line, House Drain, Vent Line, or Soil Line of a Plumbing System or Drainage System.

Amend Article II by adding a new subsection 2.10.1 to read as follows:

2.10.1: WATER DISTRICTS MUNICIPAL WATER SUPPLIES, PRIVATE WATER COMPANIES, RIGHTS DEFINED: The right of water districts or other municipal water suppliers and of private water companies to control the sizes and types of materials to be used for water supply purposes between the original source of supply and the "house side" of the meter which measures water consumption by any individual consumer of water is hereby recognized. Any repair or replacement of such materials, performed between the original source of supply and the "curb cock" on a line leading to an individual consumer may be done by such water district, other municipal water supplier or private water company, as their respective agents, without obtaining the permit required by this ordinance. However, the foregoing provision shall not excuse failure to obtain any other permit or license otherwise required, and nothing contained in this subsection shall be construed to excuse a plumber or person employed by any person, firm or corporation other than a water district, other municipal water supplier or private water company from compliance with the provisions of this ordinance.

Amend Article IV Section 4.7.2 by deleting therefrom the first sentence and inserting the following:

Every Master Plumber shall file with the Building Department a certificate of insurance covering himself, herself, the corporation or company operating under such Master Plumber's License in the amounts of Public Liability \$100,000, and Property Damage \$50,000, and an additional policy of insurance in the amounts of Public Liability \$100,000,000 and Property Damage \$50,000 covering the Town of Oyster Bay against any liability that may accrue by reason of the issuance of any license or permit to carry on plumbing operations.

Amend Article IX, Section 9.15.5, MANHOLES: By deleting the last three words, "with proper covers" and inserting the words, "constructed with metal frames and metal covers of sufficient strength for the loading conditions to be encountered."

Amend Article XI subsection 11.2.5 by adding a new paragraph to read as follows: "When the lateral branches of any municipal sewer system shall have house connections (4") four inches in diameter, then the house sewer may be of the same size."

Amend Article XV by deleting the present sections 15.1.1, 15.2.1, 15.4.1, and adding new sections 15.1.1, 15.2.1 and 15.4.1, to read as follows: 15.1.1: REQUIREMENTS: No "burning unit" used to

produce heat from SOLID FUELS; LIQUID FUELS OR GAS FUELS, shall be installed without a permit issued by the Building Department and in accordance with rules, regulations or ordinances of the County of Nassau, Town of Oyster Bay and the National Board of Fire Underwriters.

15.2.1: FEES: The fee for each unit installed shall be Five Dollars (\$5.00) which shall include the necessary piping and fuel storage tanks within the building. In any private residence when the installation of additional heat producing units, such as domestic hot water heaters, ranges, etc., is made at the same time as the main space heating unit is installed, each additional unit may be covered by the same application and permit issued to cover the main space heating unit, at no extra charge.

15.4.1: TANKS: All tanks shall have permanently affixed thereto a metal plate certifying that it has been tested and approved by the "Underwriters Laboratory." Said certification shall include the name of the tank maker, the gauge thickness of the steel plate of which manufactured and the minimum weight of the tank and its capacity. Underground tanks shall be constructed of material at least equal to that in table 15.4.2.

Tanks installed inside a building not larger than 275 gallon capacity must be constructed of not less than 12 gauge steel.

Amend Article XV section 15.4.2 by adding to the first line the word "UNDERGROUND". Amend Article XVI section 16.6.1 by adding a new paragraph to read as follows:

Any other fixture shall be sized as to Fixture Units by a lavatory or wash basin.

Amend Article XIX section 19.1.1 by changing the figures 20.2.1, 20.2.2 and 19.5.1 to read 19.2.1, 19.2.2 and 19.5.1.

Amend Article XIX by adding a new section 19.2.5 and deleting present section 19.7.1 and adding new section 19.7.1 to read as follows:

19.2.5: SPRINKLER PIPING: No system of piping having fixed sprinkler heads installed in a system in a building for fire protection shall be installed unless a permit has been obtained from the building department. The fee shall be (\$10.00) Ten Dollars for a (2") two inch supply main or less, plus (\$10.00) Ten Dollars for each additional (1") one inch or fraction thereof in the size of the supply main.

19.2.6: STOPCOCKS: Each water line less than (1 1/2") one and one-half inches in diameter shall have a bronze ground seat stopcock installed just inside the foundation wall of all buildings.

19.7.1: ASPIRATORS, WATER SIPHONES AND LAWN SPRINKLERS: Water supply connections for aspirators, water siphones, lawn sprinklers or similar apparatus shall be equipped with an approved vacuum breaker and check valve to be located between the fixture and vacuum breaker. The waste pipe for this type of apparatus shall not connect directly with any drainage system but shall discharge above an open water supply, trapped and vented fixture. Lawn sprinklers must have adequate means of preventing back siphonage of water into the watermain of the Water Supply System.

Amend Article XXI by deleting present section 21.1.1 and adding a new section 21.1.1 to read as follows:

21.1.1: STORM WATER: Storm water disposal systems shall be separate and apart from house sewage and drain-

In any residential zone, storm water may be discharged on the surface of the land provided that none of such storm water shall flow over land of an adjacent property owner. In the event said storm water cannot be discharged on the surface of the land without flowing over land of an adjacent property owner, then ditches or other means of disposal, satisfactory to the Town Engineer and Manager of the Building Department shall be employed.

Amend Article XXIII by adding new sections 23.1.6, 23.1.7 and 23.1.8 to read as follows:

23.1.6: FROST PROTECTION: Whenever any water supply line, heating line, waste line, house drain or soil line, house drain or soil line shall be exposed to the possibility of freezing because of its being installed in an unheated space within any building, it shall be mandatory that all such lines shall be wrapped with sufficient "Hot Felt" or other approved insulation to the satisfaction of the Plumbing Inspector.

23.1.7: FLUES FOR HEATING DEVICES: Each flue installed shall be suitable for all fuel types and shall conform to the requirements of all the ordinances or codes of the Town of Oyster Bay, Nassau County and the National Board of Fire Underwriters, except Type "B" flues may be used for venting gas heating appliances when installed as follows: Each flue shall be in the open for its entire length or if enclosed, then within a one hour fire retarded enclosure having an access door suitable for visual inspection. No flue shall pass through any floor, nor more than one ceiling and roof structure before reaching the outside. Except when a flue starts (5') feet above the floor line, protection approved by the Building Department must be installed around the flue or device to prevent accidental damage. In addition, thereto, at the start of each flue where it leaves the heating unit, there shall be affixed to the flue by means of either welding or selftapping metal screws, a metal tag, red in color which indicates that the flue is to be used only for gas heating appliances having a temperature in the flue gas of not over 550 degrees Fahrenheit and that any change of the fuel type requires the changing of the flue itself.

23.1.8: SUSPENDED HEATING UNITS: When installed on wood joists or rafters every such unit shall be mounted on

Y., at which hearing citizens and parties interested will have an opportunity to be heard upon the following proposed amendment to the Building Code Ordinance of the Town of Oyster Bay, as amended and revised:

Amend Article V, Section C-13, Article VI, Section D-13 and Article VII, Section E-13 by deleting the present subsection (d) and adding a new subsection (d) and a new subsection (e) to read as follows:

(d) In any case where the Board of Appeals has diminished the required yard by a variance, none of the encroachments as set forth in subsections (b) and (c) of this section, shall be permitted into such diminished yard.

(e) An unroofed platform or steps projecting not more than forty two (42) inches into any side yard having a width of not less than five (5) feet, shall be allowed for access to a residence. This sub-section shall not be effected by sub-section (d) of this section.

Amend Article XXI by deleting present Sections 15, 16, and 17 and 18 to read as follows:

Section 15: Where a residence exists on a corner plot having a width greater than fifty (50) feet, a detached garage may be erected in the innermost corner, not nearer to the street than the setback of the existing residence but in no case closer to the street than twenty-five (25) feet and not nearer than five (5) feet to any other lot lines. However on a corner plot having a width of less than fifty (50) feet a detached garage may be erected on the innermost corner of the plot two (2) feet from the side or rear lot lines.

Section 16: On any plot on which a residence exists and the side yard is not greater than fifteen (15) feet a detached garage may be erected not closer than two (2) feet to the side or rear lot lines.

Section 17: On any plot having a width of not more than sixty-five (65) feet on which a residence exists, an attached garage may be erected with a total side yards of not less than fifteen (15) feet and neither side yard not less than three (3) feet.

Section 18: On any plot which cannot comply with the present zoning restrictions and which was held in single and separate ownership at the date of the enactment of this ordinance, viz, January 27, 1953, a residence may be erected or altered with the zoning restrictions which were in effect on the land on the 26th day of January 1953, in so far as the following conditions apply:

- (a) Area of lot or plot.
- (b) Width of lot or plot.
- (c) Front yards, except that no residence shall have

Plaza Prepares for Tournament

HICKSVILLE--The 29th annual Labor Day Firemen's Tournament will be staged this year on the vast parking field of Mid Island Shopping Plaza on North Broadway, it was announced today jointly by officials of the Fire Dept. and the owners of Mid Island Plaza.

Stanford Weiss, Ex-Chief of Hicksville Fire Dept., is chairman of the Firemen's Parade and Drill this year. Last year more than 25,000 spectators attended.

The Labor Day competition between the volunteer fire companies of Long Island and upstate New York is renowned for the number and size of trophies awarded. More than 50 bands of musicians will be heard in the parade on Labor Day morning. The parade will move from fire headquarters on E. Marie St. up Broadway to Mid Island Plaza. In the parade will be more than 3,000 uniformed firemen and ladies auxiliary members as well as hundreds of pieces of fire apparatus.

The drill will start promptly at one o'clock in the afternoon with judging under the Nassau County Firemen's Assoc., Weiss said.

A special racing course with grandstand seating for thousands will be erected on the north section of the 8,000 car Mid Island Plaza parking field.

For the past several years the Labor Day competition at Hicksville had been staged on Levittown Parkway, off Old Country Road.

491 Enjoys Camp Stay

HICKSVILLE - Troop 491, sponsored by the Pius Tenth Society of St. Ignatius Loyola, had some of their Scouts camping out at Wading River for two weeks. The weather was ideal and the boys enjoyed camping out under the stars.

Scouts Edward McGafferty and Matthew Mangano advanced to second class. Michael Bergin to first class. John Giamanco hauled the Merit Badges in Citizenship in the Nation and as Junior Aves. Scoutmaster Chris Reimeis gathered one more Merit Badge in Poultry. Michael Bergin also secured a Cooking Merit Badge.

The highly praised "Order of the Arrow" was given to Chris Reimeis who is all deserving of the honor. Scoutmaster Fred Evans was well satisfied with the advancement secured by his scouts. He has a "Beach Project" coming up and will spill the news at the next meeting.

Scouters Sam McGafferty, Gene Waters and Elwood Kent, Sr., plus Scoutmaster Evans motored out to camp last Thursday to conduct a "board of review." The results were satisfying and pleasant. All the scouts were primed and ready for action accordingly. The review was smooth moving and not time consuming.

Secretary Wright hopes to call a Committee meeting on Wednesday Aug. 14. All committeemen and prospective committeemen are asked to attend.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Town Board of the Town of Oyster Bay on Tuesday, August 13th, 1957 at 10 o'clock A.M. (EDST) in the Hearing Room, Town Hall, Oyster Bay, New York, at which hearing citizens and parties interested will have an opportunity to be heard upon the following proposed amendment to the Building Code of the Town of Oyster Bay:

Amend Article V, Section 1, by deleting present subsection 1 (a) and adding a new subsection 1a to read as follows:

(a) LUMBER:

A.1.1: The grades and quality of lumber and timber used structurally, shall conform to commercial grades and species for Stress Grade Lumber in accordance with Wood Structural Design Data publications of National Lumber Manufacturers Association, as listed herein. The grades, species, allowable stresses, together with all information set forth in Supplement No. 1 "Working Stresses - for Stress Grade Lumber Issues of 1956" shall be incorporated in the Building Code as if its complete "text" was written therein.

No material having a stress grade lower than 1200 "F" shall be used. All material delivered to the job site shall be grade marked by the listed associated agency or if delivered without grade marks, the official lumber grader of such association shall be employed by the contractor or builder to grade mark the material on the site.

A.1.2: MAXIMUM SPANS FOR JOISTS AND RAFTERS:

These shall be determined by using the tables as shown in Supplement No. 3 of Wood Structural Design Data Issue of 1955.

A.1.3: OTHER MEMBERS:

When members to be used cannot be sized under A.1.2, then reference shall be made to Wood Structural Design Data, Volume I, Third Edition.

A.1.4: MINIMUM THICKNESS:

In any building erected in any business or industrial zone or any building which will be used as a place of public assembly, club, church, organization meeting place or multiple family dwelling, all floor, ceiling or roof joists or rafters shall be not less than (3) three inch nominal thickness. One and two family dwellings in a residential zone may use not less than (2) two inch nominal thickness for any member described in this section.

A.1.5: INFORMATION REQUIRED:

Every plan submitted shall show complete data as to the stress grade of materials to be used.

A.1.6: SPACING OF MEMBERS:

All framing members shall be spaced not less than (16) sixteen inches center to center, except wider spacing as may be permitted by special resolution of the Town Board when recommended by the Manager of the Building Department.

A.1.7: MODIFICATION:

Whenever the information in any of the foregoing publications is changed and in the opinion of the Manager of the Building Department, such changes are beneficial to the interest of the public, due notice shall be given to the public of the change but such change shall not become mandatory until at least 120 days after posting of such notice in the building department.

A.1.8: CHANGE IN OCCUPANCY:

Whenever the "Occupancy" of a building or structure shall change and the structural requirements of the newer occupancy are greater, then modification of the structure shall be made before occupancy is allowed.

Amend Article V, Section 12 by deleting the present subsection 2 (b) Amending Article V by deleting present Section 9, and adding a new Section 9 to read as follows:

SECTION 9: CONCRETE PLAIN AND REINFORCED:

9.1.1: MATERIALS:

9.1.1.1: The size and grading of fine and coarse aggregates shall conform to the requirements of the American Society of Testing Materials C-39-55T (Tentative Specifications for Concrete Aggregates) or ASTM C 390-53T (Tentative Specifications for Lightweight Aggregates for Structural Concrete) or latest revisions thereof.

9.1.1.2: Fine and coarse aggregates for concrete shall be furnished and batched as separate materials.

9.1.1.3: Fine aggregates for concrete: natural sand or sand prepared from stone, gravel, or blast furnace slag free of excessive organic and other deleterious substances.

9.1.1.4: Coarse aggregates for concrete: crushed stone, gravel, blast furnace slag or other inert materials of similar characteristics free from excessive amounts of deleterious substances.

9.1.1.5: Portland Cement shall comply with standard specifications of the American Society of Testing Materials. (ASTM C-150-55, ASTM C-175-55)

9.1.1.6: Quick lime and Hydrated lime shall conform to ASTM standards.

9.1.1.7: The maximum size of coarse aggregate shall be not less than 3/4 inch not greater than:

- (1) 3/4 of minimum clear spacing between reinforcing bars.
- (2) 3/4 of the clear space between main reinforcing and forms.
- (3) 1/5 of the narrowest dimension between sides of forms.

9.2.1: CONCRETE:

9.2.1.1: Reinforced concrete work shall comply with Building Code requirements for reinforced concrete (ATC 318-56) of the American Concrete Institute.

9.2.1.2: Air-entrained concrete may be used and is desirable for exposed concrete work. Unless plant or transit-mix concrete is used, air-entrained concrete shall be obtained by the use of cement to which an air-entraining agent has been added by the cement manufacturer. All air-entraining agents used in concrete shall meet ASTM C260-54 (A.E. Admixtures for Concrete).

9.2.1.3: Retempering of concrete that has partially hardened by mixing with or without additional cement or water will not be permitted.

9.2.1.4: All plain concrete shall have a compressive strength of at least 2000 pounds per square inch and a cement content of not less than 5 sacks per cubic yard.

9.2.1.5: Mixing water shall in no case exceed 7 1/2 gallons per bag of cement, including the free moisture contained in the aggregates and not produce a slump of more than six inches when tested with a standard slump cone (ASTM C 143-52) whichever is less.

9.2.1.6: Proportions of cement, fine and coarse aggregate and

Plastic Clips Are Not Ours

We have received a number of complaints from subscribers who are under the misapprehension that the HERALD is associated with a firm that sends plastic laminated news clippings and pictures from the HERALD and other publications to families of the parties involved soliciting orders of the same. Some people have sent money to order the clips and have not received the merchandise.

The HERALD is in no way connected with this organization. Anyone who cares to have additional copies of interest are invited to stop in at our office at 98 N. Bway, Hicksville, next to the Post Office and purchase additional copies of the paper. When money is paid for merchandise, through the mails, and not received, the Postmaster should be contacted.

mixing water shall be such as to produce a mixture which will work readily in to the corners and angles of the forms and around the reinforcement with the methods of placing employed on the work, but without permitting materials to segregate or excess free water to collect on the surface.

9.2.8: For field mixing operations, where aggregates are measured by volume, in a damp loose condition, the following approximate proportions will produce plain concrete meeting minimum requirements:

Maximum Size of Coarse Aggregates	Approx. Cement Sacks per C. Y.	Approx. Water Gal. per Sack	Vol. Proportions Slump tions in cubic feet
3/4 inch.	6.0	5	1:2 1/2:2-3/4
1 inch.	5.8	5	1:2 1/2:3
1 1/2 inch.	5.4	5	1:2 1/2:3 1/2
2 inch.	5.2	5	1:2 1/2:4

*- This amount of water is in addition to water normally contained in damp aggregates.

9.2.9: Mixes and materials not in conformance with the requirements of this code shall not be used, except when evidence satisfactory to the Building Inspector is submitted, which indicates that the end result will be equal in all respects to that achieved by the above requirements.

9.2.10: Compressive Tests: The Building Inspector may require periodic tests of compressive strength of concrete, made at the expense of the builder, as evidence that concrete meets design strength requirements. When required, compressive tests shall be made, in accordance with applicable Standard Test Methods of the American Society of Testing Materials of at least three 6 x 12 inch test cylinders molded on the job, or three cores drilled from representative construction. The average compressive stress of the test specimens shall not be less than the design strength of the concrete and in no case less than 2000 pounds per square inch.

9.2.11: No admixtures, except on air-entraining cement or agent as outlined in above paragraph 9.2.3, may be used without first applying for approval from the Building Inspector, in writing.

9.2.12: Each load of transit mix concrete shall be delivered to the job accompanied by a certificate showing the amount of (1) Portland cement; (2) fine aggregate; (3) coarse aggregate; (4) total mixing water; (5) any other admixtures and the strength of the concrete to be developed by said mixture.

9.3.1: All concrete walls, piers and footings, etc., shall be poured in proper forms of sufficient strength and rigidity to hold concrete in place without movement until final set of concrete takes place.

9.3.2: In small houses and other similar minor construction concrete filled foundation trenches, without the use of forms, will be permitted only when approved by the Building Inspector, providing the following regulations are strictly adhered to. Trenches shall be excavated to a straight and true line, 2 inches wider on each side than the regular face of wall, sides shall be neatly trimmed with a batter 3/4 inch per foot of their depth making them wider at the bottom. Trenches shall be filled only so that the top of concrete is at least 8 inches below any adjacent grade level. The top of this concrete shall have an approved key joint and suitable steel dowels to bond with the upper portion of the wall as approved by the Building Inspector. All concrete above this joint, all cellar walls and foundation walls, with one side of wall exposed, shall be poured in proper forms as described in this section.

Amend Article VII, Section 1, subsection 6, paragraph (d) iii, by deleting the last sentence thereof and substituting a new sentence to read as follows:

No cesspool shall be built, installed or maintained unless a permit therefor shall have been issued by the Building Department and unless it is constructed in accordance with all of the provisions of this code.

Bombers Force Extra Innings

by Elwood S. Kent, Sr.

Hicksville-The Bombers forced the league leading Warriors into extra innings as they hustled and played heads up baseball, the type they are capable of playing in the St. Ignatius CYO Baseball League. Final score was 8-7 favor of the Warriors. Brady, Germaine and Lemeroux starred for the Bombers as the team played one of the best seasons.

Jets were subjected to one or more postponement, total now being four, one each with the Terriers, Warriors and Bulldogs plus a tied game to be replayed with the Comets. Looks like a little night work coming up.

Tigers are still outn front and running strong in the American 9-10 group as the Orioles and Red Sox occupy second and third place in that order.

The standings of the National 7-8 group show the Dodgers on top with plenty of opposition stemming from the other teams.

PHYSICALS CONCLUDED

All physicals have now been completed at the Confraternity building; any boy still to be examined must now have his physical.

Ted Attracts Raves Upstate

Ted LeViness, son of Mr. and Mrs. Theodore Wentz LeViness of 102 Blueberry Lane, Hicksville, is a new addition to the Delhi Baseball Team which is a member of the Delaware-Sullivan League in upstate New York. Ted is a counselor at a nearby boys camp where he is instructor in baseball and assistant instructor in rifle.

Ted was an outstanding center-fielder with Hicksville High varsity in 1955 and '56. This spring he was the only freshman on the Adelphi College varsity and won his letter in June. He is now a sophomore at Adelphi.

Ted has received good notices in the Delaware Republican Express, Delaware County paper. At an exhibition game he hit three singles, made sparkling plays at second base and pitched one inning, allowing no hits, no walks and struck out nine. He has been asked to return to the team next year.

Although Ted is a natural science major at College, he would like to enter professional baseball.

completed by his own personal physician. The St. Ignatius Loyola C.Y.O., expresses their heartfelt thanks and gratitude to Dr. Naturo for his most excellent cooperation in conducting the examinations at the Confraternity Building.

Response to man the CYO booths at the coming Bazaar is not up to par. Perhaps the heat wave and the vacation periods have stilled the spirit. Gentlemen, roll out of the hammocks and phone Jim Hood or Frank Vannhauser at WE 5-1483 and WE 5-2318 respectively. Hope our booth tops them all.

SOFTBALL

Names of the teams participating in that game of the century last week have finally been secured. The titles bestowed upon the gallant, hardy, colossal and stupendous band of softballers ever to gather on one field are as follows: "The Mishaps" and "The Haphazards." As to who was the winner. That question will in all probability be answered next week.

Latest rumor is that a question has arisen concerning scoring, quite possible a tie should have ensued instead of a win. Could lead to another game to decide the true winner, to put a body through such a physical strain twice in one year is really going out for the sport and the populace. Your columnist will ferret out the facts and report next week.

MISCELLANEOUS

Considerable praise has been heard of the wonderful work being done by the uncles. Recognition of their efforts is easy, to make mention of that fact in a press-worthy statement is notable and deserving.

Rumor has it that Don McLoughlin, Trustee of the Equipment found a supply of shirts from last year. Some bystander stated that the discovery was made during the Paper Drive. Wonder if the next Paper Drive will uncover any baseballs?

Latest reports from our CYO base at Grand Isle, near Niagara, and manned by Ray Commorata, is that everything in communications is under control. The food out of this world and the french type of service is excellent. Ray being unselfish, wishes some CYO men could share his advantages. What a pal.

Seek Bookings For 5 Teams

Bookings are needed for the following co-sponsored Levittown A.C. Northside Recreation teams: (Girls) 3 Teams, 10 to 11 years old; 1 Team - 11 to 13 years old; and 1 team - 13 to 17 years old. West Green Takes Pair

HICKSVILLE - A spectacular catch in the final play by Richie Simpson of T. Pagano Furniture saved the day, Saturday, as Pagano defeated Island Queen, 5-4, in a Babe Ruth League blue division game.

Bill Holton was pitcher and Richard Rady, catcher, for Pagano. In other blue division games, Island Queen bowed to West Green Drugs 6-5 and 7-2 in a double header.

In the first game, a walk to Tom Nikitas in the 6th inning with the bases loaded forced home the winning run and gave the victory to West Green. Artie Clement who relieved Steve Blust in the 8th was the winning pitcher. Tom Nikitas had three singles in three at bat. Henry Ristow had 2 for 2. Bobby Baer had 2 hits and Larry Werstell tripled in the first innings with 2

on base to drive in two runs and give the Drugmen an early lead.

Bemberis was the batting hero for Island Queen with a bases loaded triple in the second inning. In the second game Henry Ristow struck out 10 men in a 6-inning victory by the West Green. The Drugmen scored three times in the first inning when Bobby Baer walked, Steve Blust singled and Ristow doubled to score two runs. Tom Nikitas filed out but Larry Werstell tripled to score Ristow.

Ristow scored his 4th straight win without a defeat and has struck out 48 men in 25 innings.
