AIRMAIL FROM ENGLAND

Scouts See Icebergs On Rough Crossing

By SCOUT LEO KANA WADA

First report from Eagle Scout Leo Kanawada of Troop 64, Hicksville, since he left the United States with the contingent of Boy Scouts and Explorers attending the World Jubilee Jamboree of Scouting in England reached the HERALD office this week and is published as follows in full. The jamboree was scheduled to open on Aug. 1, and will continue until next Monday, Aug. 12. The following day the Boys will set off on tours of Europe, continuing until they sail for home from LeHavre, France on Aug. 26. --Editor.

PLYMOUTH, England -- Via Air Mail -- This past week has been the week all the fellows in the United States contingent of scouts to World Jubilee Jamboree have been looking forward to -- the ship ride across the ocean.

We left Valley Forge Sunday, July 21 on a train to Quebec. We had a great time on the train, especially at night. A lot of fellows weren't used to the berths and the train's food, so the aisles of the train were filled with fellows running back and forth, slightly ill all at ease. I was one of them.

CANADA IS DIFFERENT

The scenery through the New England States was beautiful. There were many rivers and mountains which had us sort of looking out the window all day. We came into Canada at 10 Tuesday morning, crossing the St. Lawrence River. Canada is much different than our America. As we crossed the border, we saw how lucky we lived. They were living in small houses separated by fields of wheat, hay and grass. They live far away from supermarkets, Gerts' and places of entertainment. The St. Lawrence Seaway is under construction and locks are being built all along the river. The River is low near Montreal and this seaway should make Canada a seelike country.

We got to the ship at 4 P. M. on Monday. She's a beautiful ship which is owned by the Stimer lines,

or Italian line, which is manned by a German crew. My cabin is in the bow on the first class deck. On the way home we will be down below on deck D. We sailed at 11:30 and I saw Quebec at night. We saw the famous hotel Chateau Frontenac and the City which was lit up made a beautiful sight. So, now we are on our voyage across the ocean. Now the fun began.

SEA SICKNESS

All the fellows were looking forward to the trip across the ocean on the ship as a pleasure trip, but they found out different. The next day the ship began to rock up and down and back and forth, and the guys' stomachs began to go up and down and back and forth. The fellows had gotten seasick including me. I never thought I would watch that delicious food go pass but we did. We ate bread and water to keep something under our belts. We are beginning to feel better, although the ship is still rocking.

There are games aboard ship such as shuffle board, deck tennis, ping pong and also movies every night. The fellows from Plainview and Bethpage have organized chess

(Continued on Page 14)

Push Work On Junior High Project

READY FOR START of the fall term is the goal of the school administration and contractors working on the Jerusalem Ave. Junior High School which will provide facilities for nearly 2,000 students. Upper photo shows the front of the old high school which is being completely

renovated. Lower picture shows early stages of work on the three-story addition in the rear of the building. The building will contain more than 70 classrooms and a cornerstone laying ceremony is being planned for early September. (Herald photos by Frank Mallett)

Interview Director Candidates For Year-Round Recreation Plan

HICKSVILLE -- The first formal step toward the establishment of a year-round school district-financed recreation program has been taken. The Board of Education, acting upon the recommendation of its Citizens Advisory Committee, on Recreation headed by George Winsor has called for applicants for the position of recreation director at a salary not to exceed \$9000.

Dr. Wallace E. Lamb, superintendent of schools has been directed to interview candidates for the position "to coordinate existing school recreation activities and prepare a year-round program for submission to the School Board."

Winsor and members of the Recreation Advisory Committee, appeared before the School Board last Friday night, recommended the employment of a director.

Voters of the School District at the annual meeting last May by a vote of 87 in favor and 85 opposed added \$20,000 to the district budget for 1957-58 for a recreation program.

Winsor in his report noted that "Over a period of four months, the Committee met every two weeks to study this problem. The committee had the opportunity to listen to and ask questions of a number of qualified people actively engaged in the field of recreation."

He also said, "It would be the duty of the recreational director to plan and coordinate all existing activities and develop new activities wherever the need exists. This Director would be hired by School District 17 and should work closely with the Coordinating Committee."

The Board meets again this Friday night, Aug. 9, at 8:30 PM

Block Party to Benefit PBC

HICKSVILLE -- An outdoor dance is being sponsored by the Robert O. Ulmer Amvets Post 44 in the Parking Field opposite the Firehouse on E. Marie St. on Saturday night, Aug. 31, for the benefit of the Police Boys Club, according to Post Commander Franklin Hamilton. Members of the Amvets will start a door-to-door solicitation of funds for the PBC this week.

Tickets for the block dance are \$1 per person and a door prize will be awarded. Music will be furnished by Tommy Connors Orchestra. In event of rain, the party will be held the following Saturday night.

Children Help Fight Leukemia

The back yard of 14 Herman Ave., Hicksville, was the scene last Monday afternoon of the B. Jelly Carnival. Prize booths, a slideshow and rides in a wagon or fire truck (fr. size) attracted the neighborhood small fry who gladly parted with their precious pennies, nickels and dimes for the twofold purpose of fun and a donation for "Leukemia", as the young managers of the affair told us at the HERALD office, as he turned over the net for the day, \$4.18. The money has been forwarded to the Leukemia Society at 27 William Street, New York.

Those who participated to make the Carnival such a gigantic success were Majorie Wagner, Robert Krywak, Judy Wagner, Cathy DeGaldane, Linda Perkins, Triccia Helden and Rudy Maas.

Church Bazaar Opens Friday

HICKSVILLE -- The Annual Bazaar of St. Ignatius Loyola R.C. Church begins this Friday, Aug. 9. It will run two consecutive weekends. The hours on Aug. 9, 15, and 16 are 7 to 11 PM. On Aug. 10, 11, 17 and 18 the hours are 2

to 11 PM.

This year, as last, the affair will be held outdoors on the school grounds. There will be rides and refreshments in addition to the booths which each society will set up. On the last evening a 1957 Chrysler will be awarded.

Hicksville Night Ducats Available One More Week

Tickets are still on sale at the Mid Island Herald office, 98 North Broadway, next to the Hicksville Post Office for Hicksville Night at Ebbets Field on Tuesday Aug. 20.

The Brooklyn Dodgers are playing Cincinnati. Reserved seats Tickets are \$2.25 and you had better hurry if you want to get good seats. The Hicksville fans this year will be seated on the third base side of the field. All tickets remaining unsold will be returned to the Dodgers next week. Community youth organizations will benefit from a portion of the ticket sales.

THE EAST NASSAU Medical Center, 350 South Broadway in Hicksville was featured in the July issue of Architectural Forum, a magazine with nationwide circulation.

In an article entitled, New Types of Health Buildings, the center is described as a "Group practice center that comes close to the ideal in both function and atmospheric intangibles". The Group

consists of Family Physicians and Specialists in all major surgical and medical specialties and is completely equipped to provide X-ray, Laboratory and Physical Therapy diagnostic and therapeutic services.

The Group has received visits from architects and physicians throughout the country since the publication of the article, according to Marvin M. Leeds, Administrator.

Emily Marie Korzen dorfer

Mr. and Mrs. Charles Korzen dorfer of 249 Rudolf Road, Mineola, have announced the engagement of their daughter, Emily Marie, to Joseph C. Tucker of Flushing.

The future bride conducts her own Dancing School at 25 East Marie St in Hicksville. Her fiancé, the son of Mr. and Mrs. Joseph Tucker is a Senior at Hofstra College, and will receive his B.S. in Education in June.

New Arrivals

Mr. and Mrs. Arthur McCormick of Kinsley Rd., Huntington, are the proud parents of a daughter, Loretta Anne, born July 27th at Mercy Hospital, Rockville Centre.

Mrs. A. McCormick is the former Anne McGinnile, the daughter of Mr. and Mrs. Vincent McGinnile of 66 Park Ave., Hicksville.

Mr. and Mrs. Paul Kirdahy of 4 Clinton St., Hicksville, welcomed a daughter, Carol Joan, on Aug. 1st, at Mercy Hospital. Mrs. Kirdahy is the former Joan McGinnile, also the daughter of Mr. and Mrs. Vincent McGinnile.

Dear Jean:

JAMES V. KAVANAGH of Babylon has been elected head of the Long Island Chapter, Knights of Columbus which comprises 86 councils... Community Hospital at Glen Cove reports that 12 per cent of its total admissions of 10,472 in 1956 are from Hicksville-Bethpage and mid-island area... All WACS are invited to the 11th annual WAC-Vet Assoc convention at Los Angeles, Calif., Aug. 9 to 11. All interested are invited to call MRS ELIAS FOX at 10 Bamboo Lane, Hicksville, WE 1-6628a... When Bethpage Fire Dept spokesmen, led by WILLIAM DOYLE, gave North Bethpage Civic Assoc a talk on fire prevention and rescue work, Civic President EDWARD SCHREIBER suddenly found himself flat on his back, serving as a patient for artificial respiration...

When the Oyster Bay Town lifeguards won over Hempstead Town at Levittown Playway Pool this week, they were so overjoyed they tossed Superintendent SID PELLEY in the pool, clothes and all... Emergency Co. No. 5 went fishing (yes, in all the rain storm) on Sunday and didn't get a single fish. They almost split the pool over sea robins and crabs... Horse and Ladder Co. 1 was luckier with about a dozen fluke, right out of the same Great South Bay... SHANA COHEN of Hicksville is a member of the Commemoration Month Committee for Nassau Division of Pioneer Women. They will have a special program at Roosevelt Field Flight Auditorium on Sept. 11...

Get well wishes to Mrs. AGNES MOORE of Scooter Lane, Hicksville, who underwent a serious operation last week in a New York Hospital. Friends and neighbors wish her a speedy recovery... Miss HELEN SCOFIELD of Sleepy Lane, Hicksville was guest of honor at a surprise dinner party at her home Friday evening to celebrate her birthday. Among those present with members of the family were classmates Penny Moore, Lynde Noeth and Ann Marie Callione all of Hicksville... Mrs. MARTHA MARTINO, East St, Hicksville was guest of honor at a dinner party at the Candlelight, Manhasset, celebrating her birthday, Saturday evening... Arthur Noeth, Joseph Abramowski and Douglas Brandt all of Twinald Ave, Hicksville enjoyed the wonders at Dodge City, out in Pechogue, Friday. The three boys took part in rounding up the Bad Horse's when they robbed the City bank. Sure was a dusty place, but the boys had fun. See that the former 'Mad Bog' MAC MCCORMACK and his charming spouse, Pine St, Hicksville, are on vacation this week. Wonder what the old boy will find to hide in the trunk of that new Ford now that he has time to loaf?.....

Members of Emergency Co. 5 will hereafter be known as the BA MERMAIDS... CHARLIE HIGGS, manager of the town building dept, has invited all firms doing building in the Township to attend a meeting at Oyster Bay Town Hall on Wednesday, Aug. 14, at 2 o'clock to call attention to regulations and ordinances of the town... FRED RUENHIAUSER of 709 So. Oyster Bay Rd., Hicksville, is a member of the LI Industry Labor Fund for Hospitals Committee which is staging "Star Night" at the Roosevelt Raceway on Sept. 8... Mrs. STANLEY MRUZ has returned from her flying trip to Europe... Also back from an air trip to Germany, where he visited his son in the service, is JOHN PETE GASSER of the Hicksville School system... Col. ELKINS, commander of Mitchell Air Force Base, was guest speaker at Hicksville Kiwanis meeting yesterday. The Kiwanis, due to the wonderful cooperation of MAL PIERCE, will award a brand new car in November. FRANK CHLUMSKY is chairman and BOB STACKER is treasurer of the project... Don't delay getting your tickets for HICKSVILLE NITE, Aug. 20, at Ebbets Field. Tickets unsold will be going back to the Dodgers next week!!... Youngsters being sent to Camp Grant for a vacation by Hicksville Rotarian will leave Monday, Aug. 12. The Rotarians won the golf tournament by skinning the Chamber out of low score by four-tenths of a point...

OBITUARY

Arrangements under the direction of the Thomas F. Dalton Funeral Home.

Elderly Resident Still Missing

by Irene Gilchrist

EAST DURHAM, N. Y. 4-After one of the longest and most intensive searches of this heavily wooded area in the Catskills, the police authorities are convinced that 78 year old Charles Wullin of 174 Princess Ave., Hicksville, who has been missing since July 19, has left the woods and wandered away. They have listed him as a "Missing Person."

Wullin, who makes his home with his daughter and son in law, Viola and John Spielman at the Hicksville address was on a two-week vacation at Joseph's Farmhouse, here, when he decided to go for a dip in the nearby creek. He has not been seen since. Ruling out drowning, since his clothes were not found hanging on a bush where a youngster had seen them earlier as the elderly man was wading, the police authorities and members of the local Civil Defense, aided by helicopters and blood hounds, scoured the area for over a week in the vain attempt to find the lost man. Since being listed as a Missing Person here, and with the New York City police a few leads as to his supposed whereabouts have proved to be false.

His daughter, Viola, is convinced that he has suffered a loss of memory and is wandering somewhere. He had his wallet and a

ticket back to Hicksville in his possession when he disappeared. When last seen, Wullin, who is described by Mrs. Spielman, as 5 ft. 7 in., average weight, blue eyes and grey hair, wears gold rimmed spectacles, was wearing grey chino pants over his trunks, an undershirt, sneakers and a straw peaked cap.

Becomes Bride

Mr. and Mrs. Sterling Thomas Drew of Crown Lane, Westbury, announce the recent marriage of their daughter, Norma E., to William E. Davis, son of the late Mr. and Mrs. William Davis of E. John St., Hicksville. The ceremony took place at St. Bridgid's R.C. Church, Westbury. The couple are residing in Farmingdale, after a wedding trip to the Poconos.

Mrs. Davis is a graduate of the East Meadow High School. Mr. Davis graduated from Hicksville High School and is an Army veteran.

FASHION SHOW

The Rosary Altar Society of St. Ignatius R.C. Church of Hicksville, are having a Fashion Show and Card Party on Friday Sept. 13 at the school hall.

CHOW LINE before the rains came at the Bathpage State Park on Sunday found Town Republican candidates served by Dominic Baronello, president of the host Robert A. Taft Republican Club of North Massapequa. From the left are Edmond

Ocker and Louis Sisto, candidates for Town Councilmen; and Edwin Fehrenbach, deputy town supervisor, who has been designated to be the GOP candidate for Assemblyman. More than 300 attended the outing. (Jim Healy Photo)

Easier Living with "LIL"

STOP DAMPNESS DAMAGE
with an

ELECTRIC DEHUMIDIFIER

Wonderful what a modern electric dehumidifier does for a few cents a day! It can transform your basement into a dry, useful, livable area—free of dampness, rust, mildew.

You know what the Dampness Demon can do—he can rust out furnaces, ruin tools, drip water from pipes and cause widespread moisture damage, warp woodwork and loosen plaster—cause thousands of dollars of damage in homes and businesses every year.

An electric dehumidifier starts to work immediately! It literally wrings moisture out of the air—up to 3 gallons every 24 hours—just plug it in, moisture problems disappear!

ELECTRIC DEHUMIDIFIERS ON DISPLAY—SEE THEM TODAY!**

LONG ISLAND LIGHTING COMPANY

Chiropractic Day Sept. 18

The chiropractic profession -- described as the Nation's second largest profession of healing -- will observe its annual Chiropractic Day on Sept. 18. Dr. George Loucks of South Broadway, Hicksville, this week called attention to remarks of US Senator Karl E. Mundt of South Dakota entered into the Congressional Record regarding the profession:

Senator Mundt quoted Dr. Emmett J. Murphy who said "chiropractic is the second largest healing profession in America. It is classified as 1 of the four major healing professions along with medicine, dentistry and osteopathy by the executive office of the President of the US, Bureau of the Budget. ***

"A fresh concept in the art of healing based upon the neurological, physical and mechanical approach, rather than the chemical, was given to the world 62 years ago. For it was in 1895 that Dr. Palmer brought to the modern world the benefits of chiropractic principles. ***

"The specific function by which the chiropractor is distinguished from other modes of healing is his adjustment of vertebral subluxation of the spinal column to restore normal nerve function.

Another Accident Occurs at Merry Lane

by Bernard Schmierer MD and Martin Lawrence DC

In the past two months there have been three major automobile accidents at Merry Lane and Jericho Turnpike. These have resulted in severe damage to five motor vehicles and one truck.

LESLIE AND SUSAN BABBET ages 5 and 8, recently involved in auto accident at Merry Lane.

More important, they resulted in bodily injury of consequence to five adults and three children. This means that action is imperative.

Your Committee has written to Mr. J. Truex in Albany, requesting the installation of traffic lights.

At the same time, we urge anyone who may be unfortunate enough to have an accident to report it at once to us. We shall wage a campaign of publicity through the newspapers.

If possible, report your accidents also to the VILLAGER so that reporters and photographers may come to the scene.

If all else fails and we see no effort made to give us lights at Merry Lane as well as at Marginal Road, we shall then wage an active campaign to our State Senator and Assemblymen.

Please be very careful travelling west on the Jericho Turnpike, attempting to turn left into Merry Lane. This is how all these accidents happened. In each instance, cars driven by residents of our Village were struck by cars coming up the Turnpike from behind.

Your committee has taken the steps pertaining to Traffic Control at our Village with the Township of Oyster Bay. We have requested Stop Signs, Caution Signs as well as the lowering of speed limits.

We appeal to the residents of Birchwood Park at Jericho to be extremely careful of cross streets. Remember: The life you save... may be your own.

GEORGE F. JACKSON Elementary School, being built in the Village of Birchwood Park, designed for 500 pupils is inspected by Toby Sue Weintraub, 4 years old, of 11 Maytime Drive, Jericho.

Notice To All Organizations

Contact Florence Berger, 114 Maytime Dr. OV 1-0073, with your newsreleases. Be sure to send in your calendar of events for August and September to be included in our next issue.

Exhibit \$150,000 in Furs

FUR FASHION SHOW of "mink and sables" valued at \$150,000 was presented at the Jericho Country Club by Seymour Friedman of the firm, J. Weinig & Son on Sunday, July 21. Above are Lou Strauss, left, president of the club and Mr. Friedman, surrounded by the glamorous models who wore the furs. Joan Solomon, extreme right and Mr. Friedman, are both residents of Birchwood as well as members of the club.

Junior High at Seaman School This Fall, Board Head Reports

Beginning in September of this year a Junior High School program will be established in the Robert Seaman School of Jericho, sharing the school's facilities along with the elementary program, Martin Penn, President of the Board of Education, announced in an interview today.

The current move, Mr. Penn said, has been made because of the acute shortage of space in neighboring schools that have been accommodating Jericho's students. Mr. Penn said, "but because of swollen enrollments they have been unable to take any additional students, including seventh, eighth and ninth grades."

John D. Heller, former principal of the Bridgehampton school, will be the new principal at the Seaman School and he is now at work assembling the finest available staff for the new Junior High.

Mr. Penn indicated that a secondary school population of 900 can be expected within the next five years, and this figure, he said, does not include additional pupils that will move into the district in the near future. "The need for a combined Junior-Senior high school will be acute in the next several years," Mr. Penn said, and he went on to outline future plans for building one. The district now owns a high school site adjoining the Cedar Swamp Rd elementary school, and current plans call for transportation of that school into the high school. The firm of Kappe and Johnson, who have been retained as architects, believe it will be possible to carry over the Cedar Swamp school's colonial design into the new addition, thus retaining the original charm of the Cedar Swamp building.

The Jericho Board of Education expects to have enough data available late in September to be able to bring to a vote the subject of approval of funds for the school.

Robbins Lane School Delayed By Strikes

by George Frankel

The three wing, twenty-room Robbins Lane Elementary School, now being erected on the east side of Robbins Lane will probably not be completed on schedule, it was learned today.

King Harvie, Clerk of Works for Central School Dist. 2, Syosset, predicted that the original completion date of late October would probably not be met. He pointed out that the metal workers were on strike for 2 1/2 weeks, and that even now, after the cement strike settlement, due to uncertainty of daily cement deliveries, the supply is still limited.

Mr. Harvie asserted that the "Double M" Construction has shown excellent foresight by having most of the necessary material such as brick, window frames, cement blocks etc. delivered well in advance of actual need, thus avoiding even longer delays. The use of the Fenster roof panel type of construction in the building has done much to reduce the necessity for employ-

ment of skilled craftsmen and to expedite completion.

J. George Oestreicher, Clerk of Works for School Dist. #15, Jericho, has hopes that the three wing, 18-room George A. Jackson Elementary School now being erected in Birchwood Park, will be ready in September for the limited use of some classrooms. He stated that the cement strike had no bearing on construction schedules since all the necessary cement had been stockpiled well in advance of actual need.

Mr. Oestreicher asserted that excellent jobs done by both the Fred P. Wiedersum Assoc. of Valley Stream, the architects, and Gilbert Olson & Co. of Rockville Centre, the contractor, have combined to give us an extremely substantial school building with a minimum of required maintenance.

The Village of Birchwood Park is situated in both school districts, buildings sections one through five being in Jericho, and sections six through nine being in Syosset.

From Tough Guy To Friendly Neighbor

By Al Ross

According to all popular concepts on the influence of background and environment, Birchwoodite, Carl Flore could today be considered a real tough guy instead of the good friend and wonderful neighbor so many of us living here know him to be. Too often, men of similar experience have never outgrown the hard guy attitude developed in their younger years.

Carl, growing up during the depression, found a career in boxing after a good showing in the 1937 Golden Gloves. He followed this up with fifty amateur fights in the next two years, won 47, twenty-two by K.O.'s, from which he picked up both the Bronx and Metropolitan Welterweight Championships.

Going pro in 1939, Carl continued his promising career under the management of Al Weill, who had managed Lou Ambers. With Weill to guide him, Carl in two years, rolled up the imposing record of 25 wins out of 32 bouts, against a roster of well known opponents, 10 of which were K.O.'s. He also helped train Ambers for his victory over Henry Armstrong. All this came to an abrupt end in 1941 when Carl was thrown through the windshield of an automobile in an accident that scarred his nose and forehead, affected his eyesight and put a finish to his boxing days. In telling me about this, he said, "Don't forget to mention the accident, as I sometimes feel that people think I got these scars from being badly beaten up."

"We had good fighters in those days," he told me, "because they were hungry fighters. They had to win to eat."

After becoming Pvt. Carmine Flore in 1941, Carl, the name he took because "I like it," became a boxing instructor at Camp Lee, Va., and Camp Edwards, Mass., following this with an 18 month stint as Sgt. in the M.P.'s in France, all of which should have contributed to his "Hard guy" education. After service with both the 35th and 95th Divisions and participation in the rough days of the Battle of the Bulge, he was discharged in 1945.

His post-war years, like many of us, were spent in the everyday battle of earning a livelihood, marrying his sweet wife Joan, raising two boys Carl Jr. and Robert (who incidentally, don't like boxing), and indulging in his hobbies

of listening to good music, (no rock'n'roll), swimming and dancing, even Cha-Cha! In his spare time after a days work at an installation man at the Alpine Air Conditioning Co., Carl gives private boxing lessons. He has also devoted many hours to instructing boys in the "manly art of self-defense" and swimming, in connection with various church organizations.

He's a good guy, our neighbor Carl Carmine Flore. Not the tough guy he could have very easily become. "I don't like bullies, and I can't stand guys that push people around," he says. So be good neighbors, neighbors, for while Carl is a nice guy, he still knows how to box.

Facts You Should Know on Transportation

According to the New York State Education Law, a school district is not legally required to furnish transportation to school children (Elementary Grade) who live less than two miles from the school they attend.

Never-the-less the Board of Education in its discretion, may provide such transportation to students, who live less than those distances, provided the cost is within its budget allowance. Such School Budget allowances will affect the

taxes we have to pay.

The current mileage limitations of the Jericho School District provides transportation to only those pupils residing more than 3/4 of a mile (elementary) and 1 1/4 miles (high school) from their respective schools.

As the resolution now stands, not a single child of our community attending the New Jackson School, and only some attending the Robert Seaman School will receive transportation.

THE WALLS OF JERICHO

By Herb Shapiro

All tickets to the Civic Association Dance at the Roslyn Country Club have been sold out. It promises to be a delightful do. Formal clothes-optional. People wearing spats will be ejected.

Some drivers are still under the impression that the streets of Birchwood can be used as a speedway, despite many signs all over the place. Not only their eyes but their heads should be examined.

Jericho crashed headlines all over the country. We're famous. Barbara Nichols, Hollywood starlet was involved in a crashup on Jericho Tpke. We'll live forever in newspaper morgues coast-to-coast.

Larry Resnick of Hamletwood Dr. has a slight grading problem. Seems he can't take sudden attitude changes. He gets a notebled each time he walks in his backyard.

Our bit of fluff last time out in our dog program, seems to have had some effect. Lawn mowing hours have now been changed to 6-8 AM, and Midnight-2 AM.

News story in our last issue announcing a Bikini Bathing Suit contest for our young women was a phoney, false, not to be taken seriously. This is the real story. This contest is for Grandmothers only.

According to a story originating with one of the builder's staff, a female type resident of Birchwood walked into an unoccupied home, chinked her way up to the attic via an overhead trapdoor, dismantled and carried away an article fan. We fail to understand why this matter was not publicized. We have in our midst either a Lady Mountain Dean, or a Baron Munchausen.

There has been some talk in the community about getting our name changed. Seems as though there are more communities in this vicinity named Birchwood than there are trees. We would like suggestions. Aside to the gentleman from Mellow Lane—"Control yourself. We can understand your patriotism, but don't think that 'Brooklyn' would be acceptable to the community at large."

Suggestion to the Tax and Zoning Committee who are seeking ways and means of attracting light industry to our area to cut our tax burden. Offer free skiing rights down the mountains between Hedgerow Lane and Maytime Dr. to all prospective developers.

The Education Committee called a meeting last week, 10 parents showed up. We are gratified to learn that the 1200 other families have no questions or problems regarding their children's education.

Open letter to the Williamsburgh Savings Bank; Gentlemen, We would consider it right neighborly of you if you would start totting up the score on our escrow money. Many people have been complaining that you have more of their money in escrow than they have in their bank accounts. Please make your adjustments in time for fall planting.

Explanation Given On Student Transportation

Rumors have been flying thick and thin about the current status of bus transportation for our children in the Jericho School District. The Villager has uncovered these facts:

During the 1956-1957 school year, the bus routes fixed by the Board for the School District had no specific mileage limitation, and appear to have worked out generally satisfactorily. However, last April this Board adopted a resolution, effective this coming school year, which will make available transportation only to those students in the elementary grade who live more than 3/4 of a mile from the school and those students of high school age who live more than 1 1/4 miles from the school. This resolution was put into effect prior to the election of our Sam Hecht and Irving Brand to the School Board.

The new transportation resolution was put into operation when the summer recreation program started. The inadequate transportation afforded the children of our community aroused strong protests from our parents. Mainly through

the efforts of Sam Hecht the School Board rescinded the buses and additional stops were made.

At a hearing held July 18, at the Robert Seaman School, School Board President Martin Penna stated that the transportation program commencing next September was not finalized, therefore bus routes were not definitely fixed. His further statement that this matter will come up for study and consideration at the next regular monthly meeting of the Board to be held on Aug 22, at the Robert Seaman School. This reporter was assured that all recommendations from parents and others should be submitted in writing to the Board and that they will receive careful consideration.

The July 18 School Board meeting was attended by many members of our Civic Assoc and we suggest that many more of our residents attend the Aug 22 meeting thereby aiding the efforts now being made to correct the transportation problem. Our Board member Sam Hecht advised this reporter he favors and will fight for such adequate transportation that will best

LEGAL NOTICE

JERICHO FIRE DISTRICT OF THE TOWN OF OYSTER BAY, NEW YORK

NOTICE OF \$295,000 BOND SALE

SEALED PROPOSALS will be received by the Board of Fire Commissioners of Jericho Fire District of the Town of Oyster Bay, County of Nassau, New York, at the Jericho Fire House, intersection of Jericho Turnpike and Oyster Bay Road, Jericho, New York, on AUGUST 15, 1957 until 4:00 o'clock P.M. (D.S.T.) at which time they will be publicly opened and announced for the purchase of \$295,000 Fire District Serial Bonds-1957 of said Fire District. The bonds will be dated July 1, 1957, and will mature (without option of prior redemption) in the principal amount of \$295,000 on April 1 in each of the years 1958 to 1976, both inclusive, and \$10,000 on April 1, 1977. Interest payable April 1 and October 1 in each year commencing October 1, 1957.

The bonds will be issued in bearer form with coupons and will be of the denomination of \$1000 each, and will be convertible into fully registered bonds, and payable as to both principal and interest at the West Hempstead office of The Meadow Brook National Bank of Nassau County, West Hempstead, New York.

Each proposal must be a bid of not less than \$295,000 for all of the bonds and must state in a multiple of 1/4 or 1/10 of 1% a single rate of interest not exceeding 5% per annum which all of the bonds are to bear. Each proposal must be enclosed in a sealed envelope and should be addressed to: Harry J. Stewart, Fire District Secretary, Jericho Fire House, intersection of Jericho Turnpike and Oyster Bay Road, Jericho, New York, and marked on the outside "Proposal for Bonds". As a condition precedent to the consideration of his proposal, each bidder must deposit with the said Fire District Secretary a certified or cashier's check drawn upon an incorporated bank or trust company to the order of "Jericho Fire District, Town of Oyster Bay, New York" for \$5,900 as a good faith deposit, and such check should be enclosed with the proposal.

The bonds will be awarded and sold to the bidder complying with the terms of sale and offering to purchase said bonds at the lowest rate of interest, and if two or more such bidders offer the same lowest rate of interest, then to the one of such bidders offering to pay therefor the highest price.

The successful bidder must also pay an amount equal to the interest on the bonds accrued to the date of payment of the purchase price.

When the successful bidder has been ascertained, the Fire District Secretary will promptly return all deposits made to the persons making the same, except the deposit made by such bidder. Such successful bidder will be promptly notified of the award to him, and if he refuses or neglects to pay the agreed price for the bonds less the amount deposited by him, he shall be forfeited to and retained by the Fire District as liquidated damages

LEGAL NOTICE

for such neglect or refusal. The bonds will be delivered on or about September 10, 1957 at the office of Hawkins, Delfield & Wood, 67 Wall Street, New York City, or at such place as may be agreed upon with the successful bidder.

The successful bidder may at his option refuse to accept the bonds if prior to their delivery any income tax law of the United States of America shall provide that the interest on such bonds is taxable, or shall be taxable at a future date, for federal income tax purposes, and in such case the deposit made by him will be returned and he will be relieved of his contractual obligations arising from the acceptance of his proposal.

The right is reserved to reject all bids and any bid not complying with the terms of this notice will be rejected.

Said \$295,000 bonds are a combined issue including 200,000 bonds to be issued for the purpose of financing the acquisition of land and siting of a new fire house, and \$75,000 bonds to be issued for the purpose of financing the construction of a new fire house. The bonds are general obligations of the District payable from ad valorem taxes upon taxable real property in the District which may be levied without limitation as to rate or amount.

The population of the District is estimated to be 3,500. The debt statement to be filed pursuant to §109.06 of the Local Finance Law in connection with the sale of the bonds hereinabove described, prepared as of July 29, 1957, will show the full valuation of real property subject to taxation by the District to be \$38,526,478.72, its debt limit to be \$1,926,323.94 and its total net indebtedness subject to the debt limit (exclusive of such bonds) to be \$295,000. The proceeds of such bonds will be used to retire outstanding indebtedness of \$295,000, evidenced by bond anticipation notes. The indebtedness to be evidenced by such bonds will not increase such net indebtedness.

At the time of delivery of the bonds, the successful bidder will be furnished, without cost, with (a) the approving opinion of Hawkins, Delfield & Wood to the effect that the bonds are valid and legally binding general obligations of said Fire District all the taxable real property within which will be subject to the levy of ad valorem taxes to pay the bonds and interest thereon without limitation as to rate or amount, and (b) certificates in form satisfactory to said firm evidencing the proper execution and delivery of the bonds and receipt of payment therefor, including a statement, dated as of the date of such delivery, to the effect that there is no litigation pending or (to the knowledge of the signer or signers thereof) threatened affecting the validity of the bonds.

A detailed report of essential facts will be furnished to any interested bidder on request. Dated August 6, 1957. HARRY J. STEWART, Fire District Secretary

SYOSSET EDUCATION COMMITTEE FORMED

The education committee of our Civic Assoc. recognizing the unique fact that some of our community is located within the Jericho District while others are located within the Syosset School District has named separate committees, each having its own chairman, to represent each school district.

Many things have perplexed us since becoming residents of Birchwood but none more puzzling than that facing the residents of sections 6, 7, 8 and 9 to find that they were located in Jericho but their children were under the jurisdiction of a different school board. The reason that such a situation exists is at this moment not important, but what is important is that for the first time the Civic Assoc. has formed an Education Committee composed of members sincerely concerned with the problems facing our children going to the Syosset School District.

The Committee is starting from scratch and therefore has to gather certain fundamental knowledge of the Syosset School District before it can start setting up a construc-

tive program. The gathering of such information as already started. Larry Singer as Coordinating Education Chairman is assisting the committee to set up a constructive progressive program. The Committee wishes at this date it could answer all your questions concerning the Syosset School District but frankly being only one week old we are unable to answer every inquiry. A great amount of work has to be done in order to properly protect our children's education and therefore your help is urgently needed.

With your help we hope in the very near future to give you information relating to such problems as the new school on Robbins Lane, transportation, election of School Board members, adult education, recreation, P.T.A. and many other problems concerning our children's education. We have a golden opportunity to create a strong, capable and effective committee to protect and advance the education needs of our children.

RALPH DIAMOND
22 Fountain Lane

Jerome L. Abrams, President:

It May Be Later Than You Think

J. L. Abrams

OV 1-1283
Syosset School Chairman

One of the most striking (and puzzling) aspects of life at Birchwood Park in Jericho is the incontrovertible fact that most of the hard and responsible civic work has been done by the same and relatively few individuals. Most of us have been content to sit back and say: "I can tell you what should be done, but you will have to do it; I would like to help, but I just don't have the time." These same well-meaning but ineffectual persons are quick to suggest, complain and criticize - but not so quick to work or set in motion the plan which they so lightly and, perhaps, irresponsibly, suggest. The odd but actual fact is that the most critical among us are, for the most part, the least informed and the least likely to lend a helping hand.

If, however, this is the actual state of affairs, what can be done? How can the Civic Assoc. make the community affirmatively recognize that each and everyone of us bears some degree of responsibility for the welfare of a community of which we are all an integral part?

As for me, I do not know any magical answer or easy solution, I wish I did. Certainly each of us should feel some degree of responsibility and a disinclination to hide behind the false facade and general community mask of anonymity. Things just don't happen. In a very real sense we can help shape our own destinies.

I hold these truths to be self-evident:

1--That all of us have a stake and should be interested in the education of our own children. If that is true, why have you not or why don't you now join the Education Committee of the Civic Association?

2--That all of us have a stake and should be interested in the cultural development and the recreational aspects of our children's lives. If that is so, why not become a part of the Youth Committee for its Fall Program?

3--That we all want as beautiful, healthful and safe a community as possible. If so, why not join The Town Planning Committee? Or the Community Protection Committee?

4--That all of us are interested in getting the maximum amount of benefit from a minimum amount of benefit from a minimum amount of taxes. Certain light industries in strategic out of the way locations in Jericho may do the trick. But it has to be planned and directed. Why not join the Taxation and Zoning Committee?

I have mentioned only some of the important committees which you may see fit to join. Take my word for it, there is a crying and imperative need for your cooperation and assistance. Please don't depend on the Board Members of the Civic Assoc. to do your job—that is, to assume your rightful responsibility as a participant in our march to a better community. If you do your part, we shall certainly gain and derive great and tangible benefits. But, if you falter or remain blissfully unconcerned about your own problems, then certainly you should not expect too much. At least be forewarned—in respect to your children and your future, it may be later than you think.

Birchwood Park Civic Assoc Reports

Education

Chairman Larry Singer reports that at the last meeting of this committee 10 members were present, 4 from Syosset and 6 from Jericho. The education program is well underway in Syosset but the committee needs additional men and women from Jericho to attend meetings and write reports. Jerry Abrahams, President, undertook to obtain sufficient new committee members to fill the requirements but additional volunteers are welcome.

Town Planning

Ed Joyce, Chairman, reports that the Town Planning Committee has adopted a plan of the following:

- (1) Tree Planting
- (2) Storm waters, sewers and grading
- (3) Entrance landscaping at Merry Lane and Robins Lane
- (4) Emergency wagon and crash truck
- (5) Mobile generator to be on call and stationed at fire house
- (6) Recreation center
- (7) Bus transportation
- (8) New railway station at Landia spur

To carry out this complex program, new members to the Civic Association to take active interest in the town planning committee are required.

Membership

Nat Fischer, Chairman, reports that invoices have been sent to all non-members.

Entertainment

Our proposed outing (picnic) has been postponed until the spring of '58. We were unable to obtain a reservation for the private site that we had selected.

Are you afflicted with "lethargitis"? Here's your opportunity to lick this disease. The entertainment committee is now in the process of formulating plans for a dramatic workshop... to present our own plays. A variety group... to present our own musicals. A musicians group... to form our own band. If you possess the remotest qualifications for the aforementioned groups you will be warmly welcomed. All volunteers are eagerly awaited. Call OV 1-1307 and just day you want to speak with Billy Rose.

Home Ownership Education

Norman Jacobson, Chairman, reports that plans are being made for the first meeting to take place in the fall. There will be guest speakers. Permission has been granted by the builders to hold these meetings at one of the model houses.

Arbitration

Herbert Shapiro, Chairman, reports that the first meeting of the Arbitration Committee was scheduled to be held on July 27. There have been no written complaints received by this committee at this writing. Please forward any complaints for arbitration to the committee chairman in writing for future meetings.

Agricultural Control

Norman Jacobson, Chairman, reports that the Committee now consists of 8 members but one additional member is needed. The Committee is ready to swing into action in the near future.

Youth Committee

Irving Gam, Chairman, reports steps have been taken to obtain a meeting place at the new Jackson School in the fall. Not much can be done at this time until a meeting place has been secured.

Community Protection

Dr. Bernard Schmirer, Chairman, reports that there has been much action to obtain traffic signs and traffic lights.

Villager Starts Youth Fund

To provide our youngsters with wholesome activities will require funds. Athletic equipment will have to be purchased. Dances, outings, trips, must be financed. A fund is being started by the Editorial Board of The Villager for this purpose. Our board of Editors meets each and every Monday evening and we will make available to our readers at the time the facilities of a notary public. This in itself is a service to our community, all moneys collected in Notarizing Documents, will be contributed to the Youth Fund. The Villager will publish quarterly the total amounts collected and list all expenditures and appropriations given out. For information where Monday meetings take place - phone our managing Editor at OV 1-0338, Gilbert Stein.

Mrs. V. Rappa Needs Volunteers

Catholic ladies who are interested in either of the following organizations contact Mrs. Vincent Rappa, 59 Hedgerow Lane, Birchwood Park, Jericho at Wells 8, 9325.

1. Catholic Daughters of America.

2. Marillac Guild C.M.S.V. - a voluntary association of Catholic ladies who offer their personal service in community activities. This group helps in children's wards, State Mental hospitals, homes for the aged, service to the blind or otherwise handicapped, home hospitality plan for foreign students, parish work, library

church, Civil Defense, and Red Cross.

At home meetings members of the neighborhood group prepare pads for cancer patients.

DANTE'S Looking Glass

The editorial board of The Villager has asked me to write a beauty column, and I am flattered. I will try to pass on to my readers some of the knowledge and experience which I have gathered in 19 years of work in the beauty and makeup field. This column will serve in the future as a clearing house for inquiries sent to me by the women and teenagers of our village.

From Mrs. P. P. C.: Can a dark brunette frost or tip her hair?

Dante's Answer: It can be done, but it is not advisable. The background for tipping or frosting is preferably a light brown. When hair is too dark, frosting or tipping will make it look greyish.

From Mrs. G. B.: I have small, square face. How should I shape my eyebrows?

Dante's Answer: The eyebrows should be as far away from the nose as is permissible, with the end of the eyebrows slanting down as much as possible.

Note to our readers: Please address all your beauty problems to "Dante" c/o The Villager, Jericho, L.I.

Food Preservation By Nuclear Radiation

by Dr. Seymour Baron
Resident of Birchwood Park

One of the most promising developments in the peaceful application of atomic energy is the preservation of food allowing exposure to radiation from nuclear reactors. The time is rapidly approaching when our wives will be able to buy meats and vegetables from the food market shelves rather than the refrigerated displays. Deep freezers will begin to lose its advantages for long time food preservation and our refrigerators will be essentially empty.

Experiments conducted so far have indicated that many foods, for example, bacon, beef, liver, beef, ham, lamb chops, peas, spinach, corn, chicken, codfish cakes, applesauce, halibut and bread can be stored on shelves for many months without refrigeration and still be as fresh as the day they are purchased. In some cases there is slight change in flavor and possibly odor. However, further experiments have shown that these off effects can be minimized. Actually, it is a case of getting used to a new taste as the public apparently did when they went from orange juice to frozen orange juice and from ground coffee to instant coffee.

Certain foods, however, still resist the possibilities of preservation by radiation because of the bad off flavor that they develop. This is particularly true of the milk products, such as butter, cheese, and milk, as well as orange juice, tomato juice, strawberries, cantalope and bananas. However, even in the case of oranges, it was found that irradiating the oranges before squeezing the juice prevents the juice from turning bitter after standing a day.

The problem facing the researchers in this very promising development is that of killing the bacteria with radiation and still not bringing about any off-odors or off-flavors as a result of the breakdown of the tissues of the meats and vegetables. The test results have shown that radiating the food in the frozen state or in the absence of air, it is possible to control the amount of off-odor. Sometimes the addition of inhibitors such as ascorbic acid will reduce the amount of off-flavors and off-odors.

In addition to the prospects of storing perishable foods without refrigeration, is the additional protection that radiation will give by destroying parasites and therefore any possibilities of rickettsiosis. Radiation will also destroy insects which have been so damaging to flour and grain during storage. It will be possible to completely destroy insects in clothes before you store them away for the summer. By subjecting pre-wrapped items such as shoes, leather or

cloth to radiation, it will be possible to prevent mildewing during long storage periods. And, of course, radiation will destroy all those pesky insects that bother us during the summer, particularly those attacking our vegetation. It is very important to appreciate that food that is irradiated will not contain any residual radiation. The radiation passes right through the food when it is exposed, very much like x-rays pass through a person. Those rays which do not penetrate the food or the body simply dissipate their energy in the particular molecule it hits changing that molecule into another molecule whether it is killing the bacteria or generating off-flavor, or producing some other transformation.

All these possibilities are very much in the immediate future, possibly between five and ten years. The methods of packaging will be different, since foods will be sterilized in airtight packages to prevent any insect or bacteria from attacking the material following sterilization. Vegetables will all be pre-packed and there will be no more picking or squeezing of the bananas. Service organizations will spring up throughout the country offering to sterilize your summer clothes and your gardens by means of radioactive sources. Meats will be available on the shelf right next to the corn flakes and baked beans. Canned foods will have much better taste, since they will be sterilized without heating. Cole slaw can be kept in a refrigerator for long periods of time without turning bad. These prospects are not immediate, but results to date all indicate on this threshold of the Atomic Age, that even our basic eating habits are in for some radical changes. Our daily bread might be last year's baking.

Lawrence C. Gibbs Suggest Need Light Industry to Help Reduce Taxes in Future

From the comments heard in our community regarding the quality of our topsoil, it would appear that the only thing that can be raised on our land is taxes. However, that happens to be the one thing we would prefer not to have raised on our land and accordingly, it is of the utmost importance that we in Birchwood closely watch all activities within the Town of Oyster Bay which could affect us in this connection.

Zoning and taxation are more closely tied together than most people realize. For example, the erection of garden apartments immediately south of Northern State Parkway - and within our School District - could well affect the amount of our School Tax. This is so for the reason that generally the number of children of school age living in a garden apartment development will require a greater appropriation of School Taxes than is contributed by the owner of the garden apartments by way of School Tax on his land. Accordingly, the rest of the community is then com-

pressed to make up the difference. Similarly, a breakdown in zoning restrictions on the present two acre some areas north of the Turnpike as to permit homes to be built on small plots would result in many more children of school age coming into the area, necessitating additional new schools, all to our detriment taxwise.

From the foregoing, it would appear to be readily apparent that it is very much to our interest to scrutinize all applications made to the Township for zoning changes in our area.

On the other hand, we should not close our eyes to certain tax benefits which can be derived from an influx of light industry in an area. Many areas have found that having these modern industrial parks into their tax area have substantially lightened the tax burden on the residents.

At the present, four such light industrial parks are operating in the Syosset area, just south of Oyster Bay Road and half a mile

north of Northern State Parkway, while two are in operation and two are under construction in the Jericho area on Brush Hollow Road, a short distance south of the Westbury Drive-In Theatre.

If we in Birchwood can join with other communities in our area to lure additional light industry into the aforementioned sectors or other sectors where the parks will not too closely abut the homes in the vicinity, we will find that over a period of time there will be funds available from the taxes paid by these industries to afford us many community benefits not only without increasing our tax burdens, but possibly even decrease some. Such plants should be attractively landscaped, "architecturally attractive" and built on tracts large enough to allow a reasonable buffer zone between the parks and homes adjoining them.

It is submitted that it is not too soon for us to formulate a positive program to alleviate our tax burden in the years to come.

THE WONDERS OF NATURE

I may be going to Bellevue in beautiful Manhattan adjoining Jericho. This time it's Landscaping, a new "handle" for an old operation commonly known as gardening by common people uncommonly known as pre-Jerichians.

Once, when I was young and unschooled in the ways of man, I thought a nice garden consisted of green grass, some colorful flower beds, and wide-spreading shade trees. Innocent fool that I was, I thought that the walls of Jericho had Biblical significance.

Now I have learned that green grass is a myth—you have a choice of blue-green, yellow-green, crab-grass green, sod green, or ad infinitum green. So much depends on preparation of soil. You have your choice of rototill, rake and fill, sift and hoe and rock and roll. So much for grass.

Some colorful flower beds—simple? Indeed, if you know whether a 2 foot taxus cupidata really belongs next to a 15 inch flex convexus bulata! You must also be able to cope with—Capitata, Cuspidata, Japonica, Chionocarpa, Andromeda, and tranquillizer pills. The Super Market does sell cow seeds for 15¢ a packet but, unfortunately, the names are vulgarly English like Rose, Tulip, etc. That wouldn't be cricket.

Wide-spreading shade trees. Only God can make one. And perhaps only God knows what is the right caliber of bark, what size ball and what shade burlap they should arrive in, where they should be placed and how they should be spaced, how they should be groomed and when they should be pruned, what time they should be laid and when they should be sprayed and—such for trees.

The walls of Jericho—if they should ever come tumbling down now, the seismograph in San Francisco would really bludge! They are erected in blue stone, field stone, white brick, red brick, and brickier brick. Now a new material has gained prominence—marble. But not simply marble,

We were informed by Jericho Voluntary Fire Dept. Chief Ralph Felitz, that while there are presently enough volunteers to assure adequate service, a reserve staff is in need of men who are willing to give some time to our local fire Dept.

Here is an opportunity for some residents of our village to take a lifelong ambition—that to become a fireman... Chief Felitz will be happy to accept all qualified candidates.

When interviewing Chief Felitz, he impressed upon this reporter that burning of trash, refuse, etc. by residents of Jericho is punishable by fines of \$100.00 unless a special permit has been obtained for this purpose. Residents and fellow villagers please note....

Our new fire house on Broadway near Jericho Turnpike, which was scheduled for completion in late fall, will be ready somewhat later due to the recent cement strike.

On Saturday night, August 17, an outdoor Barbecue will be held at the Jericho Jewish Center. Food, fun prizes and entertainment. It is sponsored by the Sisterhood of Jericho Jewish Center. Admission \$5.00. For tickets, call Adele Lubitz at OV 1-2145.

Swimming card party and luncheon at the home of Mrs. Norman Jacobson, 75 Maytime Drive and sponsored by the Sisterhood of Temple El Elohim will be held on Saturday, Aug. 20. Fee: \$2.00 per person. For information call OV 1-0315.

Temple El Elohim elected the following officers at installation and outdoor affair held recently at home of Mr. and Mrs. N. Jacobson. President: Charles Morgenshtern, 1st VP Otto Bahik, 2d VP Louis Markov, Treas. Morris Mishkin, Fin. Sec.: M. Telchman Rec. Sec.: Lillian Singer.

Pink marble, white marble, plaid marble, chertreuse and heather striped marble! And now I think I'm losing my marbles.

Breathes there the man with soul so dead who never to himself hath said— Mistress Mary, quite contrary.

How does your garden grow? With plain green grass Some colorful flower beds And wide-spreading shade trees. There breathes no such man in Jericho.

HERE AND THERE

Trustees elected are: Dr. H. Bernstein, Benjamin Raiber, Dr. George Weston, Dr. George Goldman, Allan Immerman, Lawrence Singer.

A new auxiliary of the Cerebral Palsy Assoc. has been formed here. For information please phone membership chairman Bee Abrams WE 8-7253.

Jericho Country Club on Aug. 4 held a magic lantern and Puppets Show, enjoyed by all members. A gall game was held there also between the teams of the men of the Renaissance Country Club and those of the Jericho Country

Births: Baby Debby born to Mr. and Mrs. Sam Lamhut of Magnolia Lane. Boy at the home of Mr. and Mrs. Aaron Seigel of Magnolia Lane.

IRVING HERSKOWITZ and FLORENCE BERGER

Villager Elects

Members of the Publicity Committee of the Birchwood Park at Jericho Civic Assoc. on July 22, elected Joe Schwartz as temporary Editor of the Villager. He will hand out assignments for feature stories, news items and general coverage. He will supervise the editing of all material submitted and act as the Chairman of the Board of Editors.

Gilbert Stein was elected as temporary Managing Editor of the Villager. He will be charged with administering the operation of this paper. He will handle advertising, subscriptions and relations between the staff of the Villager and the publisher of the Mid-Island Herald. It will be Mr. Stein's further task to direct the budget of this section and administer its funds.

Al Ross was elected temporary Assistant Editor while Ralph Diamond was elected temporary Associate Managing Editor.

A ten-member Board of Editors was also elected on the same three-month basis. It will be the duty of this Board to determine the overall policy of the Villager.

General elections for the term of one year covering all these offices will be held in three months from this date. This being done, to permit many interested members of our community who care to join our staff, to do so by actively participating in the affairs of the Villager. Gilbert A. Stein

FRED ASTAIRE and Cyd Charisse are definitely "fated to be mated" on the dance floor as they step out to the new Cole Porter number written especially for "Silk Stockings" at the Cove Theatre, Glen Cove, now thru Saturday, Aug. 10.

Cloud -Burst Hit Sunday

MINEOLA -- Almost three quarters of an inch of rain (.72 inches) fell on Sunday afternoon during the flash cloud-burst in the afternoon, according to the official rain gauge here.

The heaviest rain fell in July (.49 inches) was recorded on July 29 and that was only one-tenth of an inch above the record low of .39 inches recorded here for the month of July in 1939. The maximum for July was 10.17 inches in 1942 while the average reading for the month in this area is 3.97 inches.

A total of 18.49 inches fell from Jan 1 to July 31 compared with 26.08 inches in the same period in 1956.

Dance, Barbeque Set for Aug. 17

It's not too late to make reservations for the Square-Dance-barbeque which will be held at the home of Mr. and Mrs. Sam Keilner of Field Ave. Hicksville on Saturday Aug 17 at 9 o'clock.

There will be wonderful food all you can eat; square dancing, and conventional dancing, for \$2.50 per person.

The affair is sponsored by Congregation Shaare Zedek of Hicksville, for its members and their

LEGAL NOTICE

SUPREME COURT, NASSAU COUNTY, SARAH LEVINE, Plaintiff against MAX SIMON, NOEL SIMON & ALEX EDELMAN, Defendant. By virtue of an execution issued upon a judgment rendered in the SUPREME COURT, NASSAU COUNTY, a transcript of said judgment having been filed in the Nassau County Clerk's Office on the 1st day of November, 1956 in the above entitled action, in favor of said Plaintiff and against said Defendant, tested on the 20th day of June, 1957, and to me directed and delivered, I hereby give notice that on the 9th day of September, 1957, at 10 o'clock in the forenoon at the front door of the Nassau County Court House, facing Old Country Road, at Mineola, Town of Hempstead, New York, I shall expose for sale as the law directs all the right, title and interest, that the Defendants, Max Simon, Noel Simon & Alex Edelman, had on the 30th day of October 1957, or at any time thereafter of, in and to the following described property:

NOEL SIMON
ALL that certain plot, piece or parcel of land with the buildings and improvements thereon erected, situate, lying and being near Hicksville, in the Town of Oyster Bay, County of Nassau, and State of New York, known and designated as and by Lot No. 1 in Block 459 on a certain map entitled, "Map of Deborah Stone, Section No. 5, situated near Hicksville, Town of

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N.Y.
by Artie Ruiz

Well, here it is time for our annual picnic which will be held at Salisbury Park this Sunday afternoon, Aug. 11th, starting at 1 P.M. --- Don't forget you need a permit to enter this park which is obtainable at the courthouse at Mineola. --- This is also the date of the award of the HPLI set so if you want to get in on this be sure and buy your chances before they are all gone and there aren't very many left now. --- Mike Bellacera is the chairman of the picnic this year, ably assisted by Bob Hazel, John Flury and Gunner Barnett. --- Our membership has now climbed beyond last year's high mark and is still going upwards. --- Of course, vacations always put a dent in our activities, and understandably so. --- But in another month everything should be back to normal again as we look forward to the installation of our new officers on Sept. 14th at the clubhouse. --- Remember this date and attend it. --- Just one word of caution regarding the picnic and that is in the event it should rain, we will hold it at our own clubhouse, as we did last year. --- How many of our members are going to attend the national convention at Atlantic City next month? --- Next year it will be held in Boston. --- Would like to see Hicksville play host to the 1958

Nassau County American Legion Convention as we have all the facilities necessary and we have never done so. --- Perhaps we could show them how to run a convention. --- Still think the deal about the county delegates to the State Convention this year was a doozy. --- Hallelujah, and then some. --- Also among other things, I just love the verbal declaration of intent and the oral recitations of some past accomplishments which seem to grow larger as time dims the memory but for the same amount of energy to be expended for something new seems out of this world. --- Or as that ancient Chinese gentleman once stated, "Big open mouth only good to put big foot in." --- Wish we could match the record of the Naval Post 195 of Philadelphia, Pa., whose colors have been carried in every American Legion national convention parade since its inception. --- Are any of our members going to Europe after the national convention to attend the Legion Pilgrimage to the battlefields of World War I & 2. --- See you Sunday at the picnic and bring the Sun with you.

Mr. and Mrs. Charles Baumgardner of Field Ave., Hicksville were called to the city for the funeral of their brother-in-law, who passed away Aug. 2, at Dunedin, Florida. Their sister is still very ill in a Hospital in Tarpon Springs. Alexander Schmidt was a former resident of Bellerose, Long Island, and died after a brief illness.

LEGAL NOTICE

PUBLIC NOTICE
NOTICE IS HEREBY GIVEN to the qualified electors of the HICKSVILLE WATER DISTRICT in the Towns of Oyster Bay and Hempstead, Nassau County, New York, that an Annual Election will be held within the said Water District, in the Court Room, Hicksville, New York on Friday, AUGUST 30th, 1957 between the hours of seven (7) and nine (9) o'clock P.M. (EDST) for the purpose of the election of a Water Commissioner for a term of three (3) years in place of WILLIAM A. CISLER, whose term of office expires.

Said Annual Election is called pursuant to Section 324.3 of Article 2 of the Nassau County Civil Divisions Act. All qualified electors of the Town who shall have resided in said District for a period of thirty days next preceding the election of Commissioner and are the owners of property within said District assessed upon the last preceding County Assessment Roll, are eligible to vote for Commissioners.

BY ORDER OF THE TOWN BOARDS OF THE TOWNS OF OYSTER BAY AND HEMPSTEAD

MEDAL OF HONOR has been presented to Assemblyman John J. Burns, of Sea Cliff, Republican nominee for Supervisor of the Town of Oyster Bay, by the Polish National Alliance, one of the largest fraternal organization in the Eastern states with a membership of more than 30,000 Americans of Polish extraction. Decoration and diploma was presented to Mr. Burns "In recognition of his many contributions for the Glory of God and Country and for the good of the Polish National Alliance", according to Sigmund F. Samowski, general counsel of the Alliance (at right) Mrs. Burns was a pleased and honored spectator at the presentation, Saturday.

FOOD MARKETS

FIRST IN NASSAU — This Penn Fruit Super-
market, first to be built in the county by the
Philadelphia concern, will be officially opened
Aug. 14. Located in the Eastgate Shopping Center,
Wantagh Ave. and Hempstead Turnpike.
Levittown. The new store, said to be the largest

operation of its kind yet built in Nassau, is the
51st in the company's chain. Another of its super-
markets, now under construction on Manhasset's
Miracle Mile, is scheduled to open in the near
future. (County Photo Service)

Warriors Take Over Comets 9-3

The CYO Warriors took over
first place in the St. Ignatius CYO
Baseball League as they scored a
9 to 3 victory over the Comets.
The game was a nip and tuck
affair until the late innings when
the Warriors took advantage of
some misplays to forge ahead to
win.

checkers and deck tennis tourna-
ments for the guys in our troop who
don't have enough to keep them
busy.

Now, the ship, the M.M. Fair Sea,
is traveling at 16 knots and we are
about half way on our trip. We
are 630 miles south of Greenland
and are about 1200 miles from
Plymouth, England. The weather
has been cloudy, with rough wind
and rough seas. All you can see
is water and more water. The
water temperature is about 50
degrees and the regular temperature
is about 48 degrees.

To give an example of how cold
the water is, we saw 15 icebergs
yesterday, July 26 and five today.

We should be in England by
Monday, July 29. This letter will
probably won't be mailed until
then so as soon as I get time after
the boat docks, I'll write again.
Until then I'll say goodbye and
thanks for letting me talk to you.

Vacation Church School Here

The new Parish Hall at Holy
Trinity Episcopal Church, Jeru-
salem Ave and Old Country Road,
Hicksville will be the scene of
much busy activity starting Mon-
day, Aug 12, when a two-week
Vacation School program gets
under way.

Conducting the school under the
direction of the Rector, the Rev.
David S. Duncombe, will be two

trained workers from the American
Church Union — Miss Susan Sim-
mons, of Milwaukee, Wis., and
Milton Larson, of Norfolk, Va.
The school will be open to chil-
dren, ages five to 12, of all reli-
gious backgrounds. Its program will
include art work, worship, recrea-
tion and play, religious instruc-
tion and handicrafts.

Pagano Moves Into 1st Place

HICKSVILLE - T. Pagano Furniture took a pair of games in the Babe Ruth League, Blue Division, to go into first place this week defeating Dari-Delites 5-2 and 6-3.

In the first game Staller retired the last 15 men in a row after Cotto drove in the only two runs for the Delites with a triple. Rady led the attack for Pagano with three hits.

In the second game Holton went all the way to win. With men on first and third, with two out, Jim doubled to put Pagano ahead to win.

THE SCORES:

				R	H
Pagano	100	121	0	5	7
Delites	200	000	0	2	3
Staller & Jim Rady					
Sanossian and Hess					
Delites	002	100	0	3	7

Annual Clambake

St. Martin of Tours R. C. Church Holy Name Society of Bethpage will hold its 2nd annual clambake in the Parish Hall on Sunday evening, Aug. 11 at 8 P. M. Admission will be \$1.00 per person. All men of the parish are cordially invited to attend and bring along a friend.

Pharmacy Regains 1st Place

BETHPAGE - Hart's Pharmacy, pace setters of the first half of the season, regained their position in the International Little League for the first time since the second half started on July 14. Hart's beat Roys Diner 6 to 2, Rinaldi pitching and striking out 18 giving up two hits. One of these a home run by Femase with one on.

For Hart's Nugent went 2 for 2 and Brummulch got 2 doubles for 3 at bats. The Harts team had a ball beating the Civics 24 to 4; Rinaldi got 5 doubles and Nugent getting a grand slam homer. Total hits for Harts was 20. In another contest between the same teams Harts won 4 to 2. Rinaldi again pitched a 2

hitter and Nugent hit his 3rd homer of the season. Perreca came up with two timely hits to go with the good pitching for Harts. The losing pitchers for the Civics were Novick and Bambino who hasn't been able to beat Harts all season.

The Indians split a pair with Roys Diner losing the first game to Roys 6 - 0 on a forfeit when the Indians could not field 9 men. In a later game The Indians beat Roys 3 - 1 with Marcus pitching.

Team	Standings
Won	6
Lost	2

Indians	5	3
Civics	3	5
Roys	2	6

In the International Minor league the leading Jets beat the Tars 11 - 7, the winning pitcher was 9 year old J. Cross. In another game the Jets picked up their 9th straight win by whipping the Gems 15 - 3. Andrew Walner did the pitching giving up 3 hits while striking out 11 men.
