## 25,000 Return to Classrooms

School days are here again for more than 25,000 boys and girls in the Mid Island area. Classes for Jericho resume on Wednesday, Sept. 4, and for Plainview-Old Bethpage on Thursday, Sept. 5. For Hicksville and Bethpage children, school opens officially on Monday, Sept. 9.

Registration dates for the Adult Education program given in Hicksville have been set for Monday and Tuesday evenings, Sept. 16 and 17, from 7:30 to 9 P.M.

An estimated 8000 elementary and high school students will receive their school bus passes in Hicksville district during the week prior to opening of school. Enrollment in public schools will exceed 11,000. Most school bus stops are the same as in previous years.

Hicksville Board of Education this week determined as a matter of policy that out of district transportation, except that which is legally required and for physically handicapped children, will be limited to the cost of such transportation per child in relation to the cost of educating the child in local public schools.

The school administration also requests that all parents of children

who have been accepted by out-of-district private or parochial schools on the list approved by the Board of Education, make known

### TO BUY VACCINE

County Executive A. Holly Patterson has authorized the Nassau County Dept. of Health to purchase 100,000 ccs of vaccine to protect local residents against the threatened epidemic of Asiatic influenza. Dr. Earle G. Brown, health commissioner, announced.

**HICKSVILLE** — The 29th annual firemen's parade and drill, here, next Monday promises to top all previous records for attendance. The parade will take place in the morning, starting at 9 o'clock, rain or shine. Contests will be staged on a racing course at Mid Island Plaza beginning at 1 o'clock in the afternoon.

With the biggest racing area ever available for the traditional Labor Day competition on the 8000-car parking field of the Plaza, the local volunteers are preparing for a record-breaking turnout of spectators and participants.

The trophies for parade and drill competitions are more numerous and bigger than ever before. Judging will be conducted by officials of the Nassau County Firemen's Assoc.

### GO UP BROADWAY

While the parade will be shorter in distances walked this year by a half mile, it will return the marching units including 50 bands to Broadway which has not felt the tramp of the volunteers in their uniforms and the heavy fire fighting apparatus in recent years. For the past couple of years the drill was held on Levittown Parkway, a generous two miles from E. Marie St headquarters and measures were taken to keep the distance at a minimum by skipping Broadway.

Stanford Weiss, general chairman and grand marshal, reports that the LI Rail Road has been contacted with an urgent request to limit the number of freight trains thru Hicksville during the morning of Sept. 2 to eliminate breaks in the parade.

The six divisions of the parade will line up on W. Marie, W. Nicholas and W. Cherry Streets, east and west of Jerusalem Ave (see map). Ex-Chiefs of the fire dept. who will be divisional marshals and the units they will lead are as follows:

**PARADE ROUTE** for the visiting firemen and their auxiliary members on Labor Day will be up Broadway for the first time in recent years. Arrows indicate path of parade for best locations for observers. Six divisions of parade will form on W. Marie, W. Nicholas and W. Cherry St., east and west of Jerusalem Ave. Parade starts at 9 AM sharp, rain or shine, with the sounding of two blasts on the fire signals. Course and judging arch is on Mid Island Plaza parking field, north side.

## Fire Auxiliary Is Winner Of State Parade Trophy

**HICKSVILLE** - The local fire dept. and ladies auxiliary came back from the New York State tournament at Elmira with three trophies. The ladies auxiliary won their first award in state competition, tying for second position in parade appearance.

The fire dept. racing team had better success than competition earlier this year, winning fourth place in motor hose class c and hook & ladder class c.

Chief B. Medard Offenloch led 43 men in the parade which received widespread coverage in Elmira newspapers. There were 15 members of the Ladies Auxiliary at the tournament and convention. The following, marching in the parade, won the parade trophy: Catherine Courtier, Dorothea Mc-

## Europeans Give American Scouts Royal Welcome on Tour Abroad

by EXPLORER SCOUT LEO KANAWADA

**MONTREUX, Switzerland** -- Aug. 23, Via Air Mail -- As you know, we left the Jubilee last week and are now on tour of Europe. I hope I can give you all a good idea of what some of these countries look like. I also hope I can give you the idea that the people from other countries of the world are as nice and courteous as the people of the United States.

We started our tour of Europe with our first stop at Brussels, Belgium. In Belgium, we slept in the University which was just built and had beautiful rooms along with good food. Brussels is a big city and we made sure we saw all of it. The language of Belgium is French, and boy did we have a hard time asking directions.

The SS Fairsea was due to sail from France this week and will dock at Pier 42, North River, at 1 PM on Wednesday Sept. 4. Returning from the World Jubilee Jamboree held in England earlier this month, and the European tour will be Bill Waff, Joseph Reilly and Melvin Reich of Plainview, Arthur Gulden of Bethpage and the HERALD's own foreign correspondent, Eagle Scout Leo of Hicksville. --- Editor's Note.

It is shown with his tomato bushes which stand about 9 feet tall. The snapshot was prompted by a picture in a New York newspaper which showed tomato plants in Georgia had grown to 13 feet.

## Dear Jean:

We understand that Miss AMELIA FEEBLEBRAIN of Hicksville is all "shook up" over CAPT. HOWLEY of Rockaway after reading of his kind deeds in DEAR JEAN, but we hate to have to tell you Amelia that Capt. Jim is married... it would have been quite a match come to think of it. He's thirtyish, she's seventyish... Speaking of Capt. JIM and marriage, his youngest brother, John, took the plunge into the sea of matrimony on Sept. 17.

Our sincerest sympathy to Dr. JACK MULHAUSER and family of Second St., Hicksville, on the death last Thursday of his mother... Birthday greetings to little JOAN YATRAS of Twinlawn ave, Hicksville who was 8 years old on Monday. Also belated greetings to Mrs. CHAS. Sharatt of Centre St, Hicksville, who let it slip that she celebrated her last week... Have you taken advantage of the special offer that the Hicksville Sweet Shop is specializing this week? Knowing GEORGE and his sons, JOHN and GUS, as long as we have, we know that the offer is sure a good one. So stop in and take your pick and enjoy really delicious "George" home made ice-cream... Congrats to JUDY PATCHELL and OTTOLE BUONAGURA both of Hicksville on acquiring their Junior licenses and who are driving around town in the family car... Sorry to hear that "SARGE" SKELLY of Pine St, Hicksville met with an accident last week. He slipped in the hallway of his home and his head hit the door. He tells of the pretty young lady doctor at Meadowbrook that gave him four stitches. He is much better at this writing but you should see the door....

When it rained last Sunday, it washed out plans for the annual corn festival of the Plainview Republican Club. Confronted with 2,000 ears of corn picked for the big affair, the committee peddled it house to house and came out only a \$1.93 short on the deal. The big festival will go on this Sunday, Sept. 1... When the fireman came back from Elmira and other upstate points last week, they brought along a sheep. JIM MATIENZO says that if "we had 80 bucks more we would have gotten a horse". Beyond that, Jim is not talking. The present whereabouts of the animal is unknown but we understood SAM WEISS may be riding in the big Labor Day firemen's parade next Monday in stead of walking. Sam is grand marshal. Be sure to display your American Flag on Monday. We will have thousands of visitors in town for the tournament... Registration dates for the fall Adult Education program in Hicksville have been set for Sept. 16 and 17 at the High School on Division Ave... Hicksville School Board last Friday night when they finished at 1:15 AM. It was the earliest closing in weeks... There will be no cornerstone laying ceremony for the Jerusalem Ave Jr High School addition, it was decided this week. The stone is dated 1956 (year the project began) and was only uncovered recently as the building progressed. The stone will be quietly slipped into position without fan and fanfare... ARTHUR EAKSEN, the beer baron, will be in charge of the Red Cross emergency station at the Firemen's Tournament racing course on Monday....

Some people have some nerve. Three years ago FRANK (Bow and Arrow) MALLETT loaned the editor his fishing pole. This week Frank came in and demanded it back... There are no contests among Republican committeemen in Hicksville in the primaries on Sept 10, although several had been gossiped... The Glen Cove-Hicksville League of Mercy Hospital will hold its first fall meeting at the home of Mrs. HENRY KOEHLER of 10th St., Jericho, on Sept 3 at 1:30 PM. Mrs. HERBERT PURICK, president, will preside at the meeting... In case you wondered what ever became of DOUG KING, he was out at the Bethpage GOP picnic last week where he handed out \$1 coupons for FIRST NATIONAL STORES which if spent would represent \$3,000... A candidate in the last school board election in Hicksville is looking at houses in Suffolk county. Reason: He says taxes are too high....

DOLORES HAWKINS, popular young recording artist was at Gertz record dept on Tuesday to autograph her new record album, Dolores... TERRI STEVENS was there on Monday... J.J. NEWBERRY, also of Mid Island Plaza, frequently has recording artists at their store... We don't know if it is true or not, but we hear BILL at Joe Fife is going to provide a grandstand for his special friends for the Labor Day parade....

Hicksville Rotarians will have a beach dinner at Reinhard's Pavilion Bayville this evening at 6 o'clock... If you are now a resident and have not registered, you can do so (personally, only) at the Board of Elections in Mineola any day from 9 AM to 4:45 PM or Saturdays from 9 to noon until Sept 9. Then on Oct 10 or 12 you will be able to register locally. You must be registered in order to vote in November... The HERALD is one of the few newspapers on Long Island to give as complete coverage on the Scout World jamboree, thanks to the diligence of Scout LEO KANAWADA. Requests for copies of issues carrying his reports have come from all over the county... The HICKSVILLE YACHT CLUB is being organized with JOHN JEANSON as organizer and CLIFF PLACE as treasurer... FERN YOUNG will attend West Virginia Wesleyan College... this fall... School opens on Sept 29 and someone has already figured out there are 16 school days in the month. First holiday comes Oct 22 for teachers conference day... If you are parents of a child attending school for the first time this fall in Hicksville, enroll him or her at the High School on Division Ave... Orchestra Leader PAUL DRAKE has a new assignment. He is Gum Ball Czar for the Kiwanis Club... A happy, happy anniversary to CHARLES E. COLTHURST who this month celebrates his 46th month with the Meadow Brook National Bank, Hicksville office (formerly Bank of Hicksville)....

Hicksville Fire Dept is still looking for the names and addresses of persons interested in playing in a marching band being organized. Just drop a card to E Marie St. Headquarters and tell them why you play... The AMVETS stage a block party this Saturday night opposite the Fire house (E Marie St) for the benefit of the PBC. Come on down and join the fun... The PBC is raising money to build a clubhouse if we can believe the word broadcast over loudspeakers on Broadway in front of the Banks last Friday night....

## Rosewood Civics Elect Officers

## Tilley Fills Remaining Seat

BETHPAGE--Richard E. Tilley of 3 Barbey St., was elected to the Board of Education for a two-year term in last Saturday's election. He defeated Leon Lunden 481 to 438. His election brings the total board members to seven. It previously numbered five and then in

last May's annual meeting the residents voted to increase the number to seven. A special election held June 22 seated Anthony LaFase on the board for a one-year term. There had to be an additional run off election since Tilley, Lunden nor Mrs. Lorraine Carter, who ran for the two year term in the June election, failed to receive a majority vote.

Tilley took office immediately upon his election. The regular monthly meetings of the Board are held the last Tuesday of each month at the Broadway School at 8:15 PM.

## Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N.Y.  
by Artie Ruiz

Plans for the installation of our new officers for the 1957-58 term of office are now quite complete and you can look forward to very satisfying evening on Sept. 14th. Among the many guests expected is our new State Commander who hails from Bayville; the County Staff headed by Commander Fred Savas; officers of the neighboring Legion Posts; representatives of all local veterans' organizations and local dignitaries. We are also putting out a special edition of our Post paper for this date which will contain quite a lot of information that each member should have. Sorry to hear that John Spinella required surgery at Flower Hospital, but am happy to report he is on his way towards recovery. A pleasant evening was had by all at our open house social at the clubhouse a week ago, Saturday. If you weren't there, you should have been. We expect to hear a report on Boys' State from this year's representative, Dick Stillman, at our installation also. Am informed that a meeting scheduled for the local veterans' organizations Memorial Day committee last week was attended only by the American Legion representatives. Can't accomplish very much that way, fellows. Stay out of the movies, huh? Don't forget that our annual visit to Kings Park will take place on October 27th, so plan now to attend this visitation. Have you seen the clubhouse kitchen since Bob painted it with gleaming white enamel. It looks much larger than it did before. Nice job, Bob, thanks from all the Legionnaires for your wonderful work. Understand that our County organization's newspaper is having difficulties with some of the County staff. I would like to see that paper reach

every Nassau Legionnaire instead of just a copy to each post. There's so much information in that that is just necessary for the rank and file to know about. I like to hammer away at the membership theme at every opportunity and here is today's bit in that direction. Minor, North Dakota, a city of 25,000 has the 38th largest American Legion Post with a membership of 2,118 and Hicksville, N.Y. with a population exceeding 40,000 does not even come close to these figures. What makes our mid western and western veterans so eager to join The American Legion? Maybe it's the air or perhaps they have better foresight than us Easterners.

Have you any realization just how much money changes hands at a convention? For example, take the Legion's 38th annual convocation scheduled for Atlantic City in September. On the basis of previous conventions, the amount will be in excess of \$11,000,000 for the period Sept. 14 to 19th. Is it any wonder then why conventions are always welcomed by the business people of a city or town? President of Boys' Nation this year is Thomas N. Peake, a 17 year old senior student at John L. Burton High School, Norton, Va. On the distaff side, Miss Judith Qualls of Athens, Tennessee, won the Presidency of Girls' Nation for 1957. Seems the youngsters from the South had things all their way this year. Again a reminder that next meeting will be on TUESDAY, Sept. 3rd, due to the Labor Day holiday on Monday, Sept. 2nd. Remember there'll also be the usual free eats after the meeting and the cash drawing during the meeting. So come, fill your mind, fill your stomachs, and maybe fill your pockets.

WILLIAM A. GESLER of 5 Henry Place, Hicksville, is candidate for re-election as a commissioner of the Hicksville Water District. He is seeking re-election for his third term. Voting takes place tomorrow (Fri) night at the Courthouse, Heits Pl. and Bay Ave. with polls open from 7 P.M. to 9 P.M. No advance voter registration is required. Mr. Gesler has been a resident since 1926 and has long been active in the Hicksville Fire Dept.

#### AMENDMENT TO THE PLUMBING CODE OF THE TOWN OF OYSTER BAY

BE IT ORDAINED by the Town Board of the Town of Oyster Bay, County of Nassau, State of New York, that the Plumbing Code of the Town of Oyster Bay, adopted December 18, 1956, be amended in the following form:

Amend Article I by adding new subsection 1.12.1 to read as follows:

1.12.1: FIXTURE: A fixture shall be any device using or having a connection to either a Water Supply Line, Waste Line, House Drain, Vent Line, or Soil Line of a Plumbing System or Drainage System.

Amend Article II by adding a new subsection 2.10.1 to read as follows:

2.10.1: WATER DISTRICTS MUNICIPAL WATER SUPPLIES, PRIVATE WATER COMPANIES, RIGHTS DEFINED: The right of all water districts or other municipal water suppliers and of private water companies to control the sizes and types of materials to be used for water supply purposes between the original source of supply and the "house side" of the meter which measures water consumption by any individual consumer of water is hereby recognized. Any repair or replacement of such materials, performed between the original source of supply and the "curb cock" on a line leading to an individual consumer may be done by such water district, other municipal water supplier or private water company, or their respective agents,

### LEGAL NOTICE

without obtaining the permit required by this ordinance. However, the foregoing provision shall not excuse failure to obtain any other permit or license otherwise required, and nothing contained in this subsection shall be construed to excuse a plumber or person employed by any person, firm or corporation other than a water district, other municipal water supplier or private water company from compliance with the provisions of this ordinance.

Amend Article IX, Section 9.15.5, MANHOLES By deleting the last three words, "with proper covers" and inserting the words, "constructed with metal frames and metal covers of sufficient strength for the loading conditions to be encountered."

Amend Article XI subsection 11.2.5 by adding a new paragraph to read as follows:

"When the lateral branches of any municipal sewer system shall have house connections (4") four inches in diameter, then the house sewer may be of the same size."

Amend Article XV by deleting the present sections 15.1.1, 15.2.1, 15.4.1, and adding new sections 15.1.1, 15.2.1 and 15.4.1, to read as follows:

15.1.1: REQUIREMENTS: No "burning unit" used to produce heat from SOLID FUELS; LIQUID FUELS OR GAS FUELS, shall be installed without a permit issued by the Building Department and in accordance with rules, regulations or ordinances of the County of Nassau, Town

## Rotary Clubs Battle

THE OFFICIAL publication of Hicksville Rotary Club truthfully reports the score was 96-2 in favor of Plainview when Rotarians of both communities played baseball (?) at Jamaica Ave School, Plainview on Thursday night. At bat is John Marapodi with the Rev. Douglas MacDonald of The Parkway Community Church behind home plate. Rotary Photograph Frank (I Saw It) Mallett says the score was tied 3-3 and that a playoff must be held. Aaron Rachman is calling the strikes and balls from behind the catcher. Rev. MacDonald was also scorekeeper and disallowed the first two innings of the game because Hicksville Club only had 14 men on the field. (Next week: Plainview's version).

## Youth Seminar

There is to be week's Seminar for youths from 14 to 17 years of age, to be held at Camp Monroe, Monroe, N. Y. and sponsored by Yeshiva University. Four young members of Congregation Shaari Zedek Hicksville are to take part in the Seminar, which will feature camp activities and ideas for youth leadership. The lucky youngsters chosen to represent the Synagogue are Rosalind Kolin, Gail Goebel, Howard Goldstein and Billy Goebel, who will be at the camp from Aug. 26 to Sept. 2.

*It's a warm summer night, but the Spriggs are feeling no pain. The young ones are stuffed. Sally has stopped worrying about her figure. Even Spot, the Spriggs dog, is completely contented. Sam certainly has a way with a charcoal grill and a nice juicy steak...*

To create a happy family scene like this takes a lot more than a knack for broiling steaks.

Actually Sam started on it almost ten years ago.

It was about that time that he and Sally decided to talk to a Long Island builder, well known for his good-looking, modern houses and wonderful values.

The Spriggs went over plans, costs, development maps. They chose a site that was just right for them and their young family.

One reason their Long Island builder was able to offer outstanding value was the support he got from the local commercial bank. Without such an extension of credit (from the bank to the builder) there would have been no house for Sam and Sally to buy.

Having selected the house they wanted, Sam was able, through the builder, to arrange for a mortgage loan with the local commercial bank. So it was that the Spriggs moved into a wonderful new home of their own.

*Man, that steak smells good tonight...*

Your local commercial bank working with your Long Island builder is ready, able and willing to help you get the home of your dreams.

## Elaine Lent Becomes Bride

Miss Elaine Lent, daughter of Mr. and Mrs. John Lent of 20 Harding Ave., Hicksville, became the bride of Lawrence Davidson, son of Mr. and Mrs. Lester Davidson of 40 Lowell St., Hicksville, in a ceremony performed by Rev. Edward Stammel at Trinity Lutheran Church on Sunday afternoon Aug. 18 at 3 PM.

The bride was given away in marriage by her father. She wore a ballerina length gown of white taffeta. Her slightly shorter than shoulder length veil fell from a rhinestone encrusted crown. She carried an old fashioned bouquet made of white roses and daisies.

Mr. and Mrs. James Larson served as best man and matron of honor. Mrs. Larson wore a shrimp colored chiffon gown with a matching picture hat. She carried shrimp tinted roses and daisies.

A reception followed at the Lent residence.

After a trip to Canada, which will include a visit to the Thousand Islands, the couple will take up residence in Bethpage. Mr. and Mrs. Davidson are both graduates of Hicksville High School. Mr. Davidson is employed by the LI Lighting Co.

## Gives Recital

Leona Ackerman, daughter of Mr. and Mrs. Sol Ackerman of 14 Elm Lane, Hicksville, entertained a group of her family and friends at the home of her accompanist and teacher, Miss Harriet Spink at 168 Plainville Rd., recently.

Miss Ackerman, an honor student and 1956 graduate of Hicksville High, won 4 A ratings in the All-State Solo Festivals and played leading roles in "Chimes of Normandy" and Victor Hubert's "Fortune Teller" as well as the annual school variety shows.

All thru high school she was active in the high school choir and soloist at graduation. Since leaving School, she has continued her voice studies with Miss Spink and won a competition at Doubleday Dozen in Garden City in the Spring.

The recital was occasioned by the family moving to Florida where Miss Ackerman will study voice and drama at the University of Miami.

Her program included numbers of Handel, Mozart and Hyden, two Puccini arias and a French group. The program closed with an English group including two Irish folk songs and three songs by contemporary American composers. As an encore she sang "I Could Have Danced All Night" from "My Fair Lady".

**ST. JAMES WINS**  
Competition was keenest between Long Island fire units, many of which will be competing here on Labor Day. St. James took first place with 19 points, nosing out Oyster Bay which received 17.

There were 20 bands in the parade on Aug. 22. By comparison, there will be 50 bands in the Hicksville Labor Day parade.

The local vamps got their share of excitement early in the week when a two story frame school house at South Waverly was gutted by flames during the early morning hours of Aug. 20.

Location of the blaze was just two miles over the state line in Pennsylvania. Two hours after the alarm was turned in for the school building, another call came thru for a fire at a creamery in South Waverly also.

Pictures published in Waverly and Elmira newspapers included members of the local fire dept. handling hose lines in the school house fire. A picture was also printed of the Our Lady of Loretto Band of Brooklyn, brought to Elmira by Hicksville Fire Dept., in an impromptu early morning concert.

AMENDMENTS TO THE BUILDING CODE  
OF THE TOWN  
OF OYSTER BAY

BE IT ORDAINED by the Town Board of the Town of Oyster Bay, County of Nassau, State of New York, that the Building Code of the Town of Oyster Bay, adopted May 4th, 1948, be amended in the following form:

Amend Article V, Section I, by deleting present subsection 1 (a) and adding a new subsection 1a to read as follows:

(a) LUMBER:

A.1.1: The grades and quality of lumber and timber used structurally, shall conform to commercial grades and species for Stress Grade Lumber in accordance with Wood Structural Design Data publications of National Lumber Manufacturers Association, as listed herein. The grades, species, allowable stresses, together with all information set forth in Supplement No. 1 "Working Stresses - for Stress Grade Lumber Issues of 1956" shall be incorporated in the Building Code as if its complete "text" was written therein.

No material having a stress grade lower than 1200 "F" shall be used. All material delivered to the job site shall be grade marked by the listed associated agency or if delivered without grade marks, the official lumber grader of such association shall be employed by the contractor or builder to grade mark the material on the site.

A.1.2: MAXIMUM SPANS FOR JOISTS AND RAFTERS:

These shall be determined by using the tables as shown in Supplement No. 3 of Wood Structural Design Data Issue of 1956.

A.1.3: OTHER MEMBERS:

When members to be used cannot be sized under A.1.2, then reference shall be made to Wood Structural Design Data, Volume I, Third Edition.

A.1.4: MINIMUM THICKNESS:

In any building erected in any business or industrial zone or any building which will be used as a place of public assembly, club, church, organization meeting place or multiple family dwelling, all floor, ceiling or roof joists or rafters shall be not less than (3) three inch nominal thickness. One and two family dwellings in a residential zone may use not less than (2) two inch nominal thickness for any member described in this section.

A.1.5: INFORMATION REQUIRED:

Every plan submitted shall show complete data as to the stress grade of materials to be used.

A.1.6: SPACING OF MEMBERS:

All framing members shall be spaced not less than (16) sixteen inches center to center, except wider spacing as may be permitted by special resolution of the Town Board when recommended by the Manager of the Building Department.

A.1.7: MODIFICATION:

Whenever the information in any of the foregoing publications is changed and in the opinion of the Manager of the Building Department, such changes are beneficial to the interest of the public, due notice shall be given to the public of the change but such change shall not become mandatory until at least 120 days after posting of such notice in the building department.

A.1.8: CHANGE IN OCCUPANCY:

Whenever the "Occupancy" of a building or structure shall change and the structural requirements of the new occupancy are greater, then modification of the structure shall be made before occupancy is allowed.

Amend Article V, Section 12 by deleting the present subsection 2 (b) Amend Article V by deleting present Section 9, and adding a new Section 9 to read as follows:

## SECTION 9: CONCRETE PLAIN AND REINFORCED:

9.1.1: MATERIALS:

9.1.2: The size and grading of fine and coarse aggregates shall conform to the requirements of the American Society of Testing Materials C-33-55T (Tentative Specifications for Concrete Aggregates) or ASTM C-330-55T (Tentative Specifications for Lightweight Aggregates for Structural Concrete) or latest revisions thereof.

9.1.3: Fine and coarse aggregates for concrete shall be furnished and batched as separate materials.

9.1.4: Fine aggregates, for concrete: natural sand or sand prepared from stone, gravel, or blast furnace slag free of excessive organic and other deleterious substances.

9.1.5: Coarse aggregates for concrete: crushed stone, gravel, blast furnace slag or other inert materials of similar characteristics free from excessive amounts of deleterious substances.

9.1.6: Portland Cement shall comply with standard specifications of the American Society of Testing Materials. (ASTM C-150-55, ASTM C-175-55)

9.1.7: Quick lime and Hydrated lime shall conform to ASTM standards.

9.1.8: The maximum size of coarse aggregate shall be not less than 3/4 inch or greater than:

(1) 3/4 of minimum clear spacing between reinforcing bars.

(2) 3/4 of the clear space between main reinforcing and forms.

(3) 1/5 of the narrowest dimension between sides of form.

9.2.1: CONCRETE:

9.2.2: Reinforced concrete work shall comply with Building Code requirements for reinforced concrete (ACT-318-56) of the American Concrete Institute.

9.2.3: Air-entrained concrete may be used and is desirable for exposed concrete work. Unless plant or transit-mix concrete is used, air-entrained concrete shall be obtained by the use of cement to which an air-entraining agent has been added by the cement manufacturer. All air-entraining agents used in concrete shall meet ASTM C-680-54 (A.E. Admixtures for Concrete).

9.2.4: Retempering of concrete that has partially hardened by mixing with or without additional cement or water will not be permitted.

9.2.5: All plain concrete shall have a compressive strength of at least 2000 pounds per square inch and a cement content of not less than 5 sacks per cubic yard.

9.2.6: Mixing water shall in no case exceed 7 1/2 gallons per bag of cement, including the free moisture contained in the aggregates and not produce a slump of more than six inches when tested with a standard slump cone (ASTM C-143-52) whichever is less.

## Jamboree Scouts Sail Home

(Continued from page 1)

claimed to be a bigger building than St. Peter's in Rome, and this building was one of the highlights. Also, the trolley car is used and there are no buses. In most of the cities we have been in, this was the main way that people would travel around the city.

## ON TO HOLLAND

We left Brussels and traveled across Holland until we came to Amsterdam. There we got the best hotel in the city. Even had a balcony. We walked around the city at night and is this City Beautiful. Instead of having street

lights, they shine lights on the houses. This, along with the canal and canal boats lit up, makes a beautiful sight in this beautiful city. The city itself is very clean, perhaps the cleanest in Europe. There are no papers of any kind of rubbish in the streets. We had a tour of Amsterdam and saw the harbor which is the second largest in Europe. Amsterdam was one of the most beautiful cities so far on this trip.

We then took a Rhine steamer down the Rhine River to Wiesbaden. We slept here at a hotel which is about 1,000 feet above

the Rhine. There was a chair lift from the Rhine right to our hotel on which you could see as far as the eye could see. Guna, with its beautiful hills and mountains, was a beautiful country also.

From Wiesbaden, we traveled to Heidelberg. Here we also had a tour. It might seem that I am using the word "beautiful" too much but that is the only word I can find to describe the things that I see. The whole town is just terrific. From Heidelberg, we traveled through the mountains of Switzerland. The country here is just beautiful. Snowcapped mountains with streams flowing along in the valleys. We went by bus to Lucerne, Switzerland. The scenery is unbelievable.

There are snow capped mountains outside my window, here in Montreaux, with fellows swimming in Lake Geneva which is just below my window. This is the ideal place to live.

The people who have seen us waiting through their cities are polite and courteous. They help us and are friendly and understanding when we ask directions or are in trouble. They take pride in their cities and make sure their city is kept clean and make sure people take notice of the beauty of their town.

Well, that's the way our tour has progressed up to now. I hope you can get a picture of what these countries look like. I know many of you people have never seen Europe and I intend when I get home that you will see my pictures and hear all about this trip on which so many of you people at home help me, someone you have never seen, go on a trip of a lifetime. I thank you very much for letting me be a part of a trip which will bring together the countries of the world in a time of peace and prosperity.

Thank you again and I'll be writing you from the good ship S.S. Fairsea the following week.

their desire for transportation in writing to Mrs. Caesar, transportation supervisor, at the high school on Division Ave. This does not apply to children attending St. Ignace or Trinity Lutheran Schools in Hicksville.

## CLASS HOURS

School class hours in Hicksville Public Schools were established by the School Board in April as follows: Senior High School, 8 AM to 2:30 PM; Dutch Lane, Old Country East St., riders 1-6, 8:25 AM to 2:40 PM; walkers 1-6, 9:35 AM to 3:50 PM.

Lee Ave. and Nicholas - walkers 1-6, 8:25 AM to 2:40 PM; riders 1-6, 9:35 AM to 3:50 PM. Burns Ave. and Woodland Ave. - walkers 1-6, 8:15 AM to 2:30 PM; riders 1-6, 10:15 AM to 4:30 PM.

Kindergarten sessions are 8:05 to 10:05, 10:05 to 12:05, 12:05 to 2:05, and 2:05 to 4:05. Jerusalem Ave., Jr. High School will operate on double sessions when it opens since renovations in the original portion of the building will not be completed for a month or so. The new portion of the building will be ready for occupancy on opening day. The School Board has approved homeward bound transportation for Junior High late classes when and if dismissal time comes after darkness.

In Hicksville transportation for out of district pupils will be from the north parking field of the Senior High School on Division Ave. Transportation to this point will be provided under the same standards as apply to in-district bus travel as follows:

1. Students in Kindergarten to 3rd living over a 1/2 mile from the school they attend.

2. Fourth to 6th graders living over 3/4 mile from school.

3. Seventh to 8th graders living over one mile from school they attend.

4. Tenth to 12th graders living over 1 1/2 mile from school they attend.

Bethpage School District this year will transport 2,320 students, or more than double the number carried last year, due to a revised mileage policy as follows:

K thru 3rd grade - 1/2 mile  
4th to 6th grade - 3/4 mile  
7th thru 12th grade - 1 mile

## LEGAL NOTICE

9.2.7: Proportions of cement, fine and coarse aggregate and mixing water shall be such as to produce a mixture which will work readily in to the corners and angles of the forms and around the reinforcement with the methods of placing employed on the work, but without permitting materials to segregate or excess free water to collect on the surface.

9.2.8: For field mixing operations, where aggregates are measured by volume, in a damp loose condition, the following approximate proportions will produce plain concrete meeting minimum requirements:

Maximum Size of Coarse Aggregates	Approx. Cement Sacks per C.Y.	*Approx. Water Gal. per Sack Slump	Vol. Proportions in cubic feet
3/4 Inch.	6.0	5	1:2 1/2:3-3/4
1 Inch.	5.8	5	1:2 1/2:3
1 1/2 Inch.	5.4	5	1:2 1/2:3 1/2
2 Inch.	5.2	5	1:2 1/2:4

\*- This amount of water is in addition to water normally contained in damp aggregates.

9.2.9: Admixtures and materials not in conformance with the requirements of this code shall not be used, except when evidence satisfactory to the Building Inspector is submitted, which indicates that the end result will be equal in all respects to that achieved by the above requirements.

9.2.10: Compressive Tests: The Building Inspector may require periodic tests of compressive strength of concrete, made at the expense of the builder, as evidence that concrete meets design strength requirements. When required, compressive tests shall be made, in accordance with applicable Standard Test Methods of the American Society of Testing Materials of at least three 6 x 12 inch test cylinders molded on the job, or three cores drilled from representative construction. The average compressive stress of the test specimens shall not be less than the design strength of the concrete and in no case less than 2000 pounds per square inch.

9.2.11: No admixtures except on air-entraining cement or agent as outlined in above paragraph 9.2.5, may be used without first applying for approval from the Building Inspector, in writing.

9.2.12: Each load of transit mix concrete shall be delivered to the job accompanied by a certificate showing the amount of (1) Portland cement (2) fine aggregate (3) coarse aggregate (4) total mixing water (5) any other admixtures and the strength of the concrete to be developed by said mixture.

9.3.1: All concrete walls, piers and footing, etc., shall be poured in proper forms of sufficient strength and rigidity to hold concrete in place without movement until final set of concrete takes place.

9.3.2: In small houses and other similar minor construction concrete filled foundation trenches, without the use of forms, will be permitted only when approved by the Building Inspector, providing the following regulations are strictly adhered to. Trenches shall be excavated to a straight and true line, 2 inches wider on each side than the regular face of wall, sides shall be neatly trimmed with a batter 3/4 inch per foot of their depth making them wider at the bottom. Trenches shall be filled only so that the top of concrete is at least 6 inches below any adjacent grade level. The top of this concrete shall have an approved key joint and suitable steel dowels to be with the upper portions of the wall as approved by the Building Inspector. All concrete above this joint, all cellar walls and foundation walls, with one side of wall exposed, shall be poured in proper forms as described in this section.

Amend Article VII, Section 1, subsection 6, paragraph (d) iii, by deleting the last sentence thereof and substituting a new sentence to read as follows:

No cesspool shall be built, installed or maintained unless a permit therefor shall have been issued by the Building Department and unless it is constructed in accordance with all of the provisions of this code.

## LEGAL NOTICE

NOTICE OF ADOPTION OF  
VESTING RESOLUTION  
NOTICE IS HEREBY GIVEN that the Board of Education of Union Free School District No. 15 of the Towns of Oyster Bay and North Hempstead, Nassau County, New York, at a Special Meeting held on August 28, 1957, duly adopted the resolution published herewith. Dated: August 28, 1957

JAMES W. SLATTERY  
School District Clerk  
WHEREAS, the Board of Education heretofore and on July 2, 1957, duly adopted a resolution authorizing proceedings to be instituted pursuant to Article 4 of Chapter IV, Title 1 of the Nassau County Civil Divisions Act, and Title 8 of Chapter XI of the Nassau County Administrative Code, for the acquisition by condemnation of certain real property situate at Jericho, Town of Oyster Bay, Nassau County, New York, described on the Land and Tax Map of the County of Nassau as Section 16, Block C, part of Lot 54, and more particularly described in said resolution as an addition to an existing school site, and determined and declared that the acquisition thereof is in the public interest and necessary for public use as an addition to an existing school site, and authorized Bennett & Kaye as counsel for said School District to commence and conduct proceedings to condemn said real property pursuant to the said statute; and that the compensation to be made to the owner of owner of such real property shall be ascertained by the Supreme Court of the State of New York, without a jury, or determined by agreement of the parties subject to the approval of the said Supreme Court; and further that an Acquisition Map in the form provided by law be prepared, a copy of which, together with a certified copy of said resolution adopted July 2, 1957, shall be filed in the office of the Clerk of the County of Nassau, and in the office of the Clerk of the School District before the commencement of proceedings to condemn; and

WHEREAS, said Acquisition Map has been duly prepared in accordance with the aforesaid resolution adopted July 2, 1957, a copy of which said Acquisition Map, together with a certified copy of said resolution, were duly filed in the office of the Clerk of said School District on July 15, 1957, and in the office of the County Clerk of Nassau County on July 23, 1957; and

WHEREAS, public notice dated August 15, 1957, is being given by Toas, Buck & Myers, Bennett & Kaye, of Counsel, attorneys for the Board of Education of Union Free School District No. 15, of the Towns of Oyster Bay and North Hempstead, Nassau County, New York, on behalf of said Board of Education and said School District that they intend to make application pursuant to the provisions of law to the Supreme Court of the State of New York, at a Special Term thereof, to be held at Nassau County Court House, Old Country Road, Mineola, Nassau County, New York, on the 4th day of September 1957, at ten o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order to condemn the aforesaid real property for use as an addition to an existing elementary school site, and that the compensation to be made to the owner or persons interested in the real property described in such notice shall be determined by the Supreme Court, without a jury, or by agreement subject to the approval of the said Supreme Court; and

WHEREAS, the Board of Education deems it for the public interest that the Board of Education of Union Free School District No. 15 of the Towns of Oyster Bay and North Hempstead, Nassau County, New York, shall become vested with the title being acquired in fee upon the date of the entry of the order granting the application to condemn;

NOW THEREFORE, it is RESOLVED, that the Board of Education shall become vested with the title to the following described real property sought to be acquired in fee upon the date of the entry of the order granting the

## WHAT'S YOUR PROBLEM?

Many questions are received by the HERALD, your community newspaper, which are of general interest. For example:

Ques - When do the Indians at the Shinnecock reservation in Suffolk Co. hold their powwow? I have been trying to get out to see it for the past three years.

Ans - Shinnecock Reservation is a State Indian reservation occupying a neck of land adjoining Southampton village and fronting on Shinnecock Bay. An annual Indian pow-wow is held here on the Labor Day weekend of Saturday, Sunday and Monday and attracts many visitors. (Source: Long Island, the "Sunrise" Homestead, 18th edition.)

Ques - Where can I get a map of the Birchwood section at Jericho? Ans - We have a supply of several hundred copies at the HERALD office, together with maps of Hicksville, free of charge.

## Dushnick's Stellar Performance

by ELWOOD S. KENT

HICKSVILLE--Dushnick turned in a stellar performance in the St. Ignatius CYO Baseball League as he let the Bombers down with two hits at Dutch Lane Field.

He also carried a big bat as he slammed a triple to deep left field that must have carried at least 350 feet. Germaine who pitched a very fine game threw a change up and Dushnick timed it perfectly and drove it a mile. The final score was 8 to 1.

The jet infield played snappy ball and took away some possible hits from the Bombers. Germaine's pitching was worthy of a win but last Saturday the breaks were going on the opposite direction. Jets now have not lost a game since June 8th, but played a tie game with the Comets on July 6th. Their record stands at 9-2 and one tie. Bulldogs have been raising Cain in the senior league and took the measure of the Comets in a well played ball game which ended in a score of 6 to 5. LaFano was throwing for the Bulldogs and again proved he is tough to beat when he has his control. Warriors outplayed the Terrons to the score of 18 to 5.

### FOOTBALL

The old pigskin keeps sticking its head in to the sports picture and is slowly but surely chasing baseball off the front page. St. Ignatius Loyola will again participate in the Midget Football League and is now tuning up the legs and torso for the heavy practice sessions to come. Father Lawrence F. Ballweg, moderator, is hopeful his coaches will have the boys primed for a successful season.

Any boy between the ages of 9 and 12 and 108 lbs. or less, he can be over 108 providing he can get down to weight, wanting to play football should report to the coaches down at the Jr. High School field any evening. All berths are wide open for the right player.

### BASKETBALL

The basketballers also are chafing at the bit. Don't worry fellows and girls, your time will come. Arrangements are being made to firm up a good seasons' play. Hope the coaches will have team this year, they sure played one heck of a game at the High School when they scored a victory in the last minute of the play. The proceeds of this game was turned over to the "Students Fund".

### SPORTS NIGHT

Progress is reported by Chairman Gremmler and Jerry O'Connell. This year it is expected that each team participating during the year will show a 100% attendance with their Moms and Dads. As usual the awards for winning will be distributed this evening and as usual those that haven't won will be on hand to cheer the winners. All kinds of good family entertainment and refreshments no doubt, will be available. The affair last year was marvelous

## Room for a small Army

Nine's fine in Ford's new Country Squire... one of Ford's 5 best selling wagons.

Like all Ford Wagons, the Country Squire opens up a whole new kind of living on wheels. Thanks to a new wide-base frame, lower seats and other "Inner Ford" features you ride in solid, silent comfort. And with the most safety advances of any car, you ride with far greater peace of mind.

## ...or a small Navy!

With rear seat out and center seat down, there's room for half a ton of freight.

Only Ford in its field offers tailgates and liftgates which open with a single release... a liftgate that stays open in any position. These are only a few of the features that have made Ford the industry's sales leader.

Right now, while we're celebrating Ford's greatest year of wagon leadership, your Ford dealer will make you the highest trade-in allowance and best deal of the season on any new Ford wagon. And he can go higher still if your trade-in is a station wagon.

## Bway Widening Seen Boon to Local Trade

by BILL WINGET

HICKSVILLE--"Man in the street" interviews by a HERALD representative this week revealed that widening of Broadway by the State of New York will probably improve local retail business.

Two out of four thought "it will be tough" while the reconstruction work is underway.

Asked "what effect do you think the widening of Broadway will have on Hicksville?" the replies were:

W. C. Stone of 18 Mead Ave., electronic technician: "I think the end effect will be good, if we can all survive it. It'll probably bring more business into the town, but as to how many customers and businesses the actual construction will drive out, it's hard to say."

Patrolman Robert Demaio answered: "This widening of Broadway is progress. It may hurt while the actual construction is going on, but in the future it will help Hicksville because more people will be drawn in for local merchants. It will definitely clear up the traffic situation which is now very bad and seems to be getting worse all the time."

Mrs. Vernon Johnson of 161 Fifth Ave., housewife: "My husband is a commuter and the widening of Broadway will definitely help us in that it will make the station more accessible in that morning dash for the train. If Broadway were widened I would patronize the local merchants and so would other women who now go to the shopping centers."

Peter Amoroso, 1 South Gate, manager of Central Federal Savings and Loan Assoc. here: "I

think the widening of Broadway will alleviate the traffic problem and tend to bring an influx of new businesses to the general area."

Merchants of Long Island blame the loss of sales on the following (in order of severity), according to a report by Hofstra College Bureau of Business and Community Research: "poor traffic and parking conditions, competition from new shopping centres and under selling by discount houses. Other reasons given for declining business were failure to promote, lack of foot traffic, incompetent help, too high taxes and rentals and others."

A further survey of local retailers finds many here agree with the opinions of their fellow merchants in other sections of the Island.

The Hofstra survey was based on a questionnaire submitted to local Chambers of Commerce in Nassau and Western Suffolk.

### First Meeting

The Holy Name Society of Holy Family R.C. Church, will hold its first meeting of the season on Monday Sept. 9 at 8:30 PM in the church hall. The honorable Charles Murphy will be guest speaker. Mr. Murphy is the czar of the comic book industry, whose job it is to supervise the publications that are read by millions of youngsters, so that they do not contain material offensive to the children's morals. Neil McCormack, President of the Holy Name Society, has issued an invitation to all men interested in this vital subject to attend this meeting.
