Tune Radios to 1240 or 640

NASSAU COUNTY CONTROL CENTRE, Sept. 15--Col. Louis M. Merrick, Deputy State Director of the Nassau Target Support Area urged Long Islanders to tune to 1240 or 640 on their radio dials for the latest Civil Defense bulletins. Those Long Island radio stations which are members of the Conelrad system switched to the CD emergency Conelrad network when the attack began and will continue to broadcast until the emergency is ended.

All other radio, and all TV stations, have gone off the air. For the latest CD instructions and news, keep tuned to 1240 or 640 on your dial.

Firemen Go on 24-Hour Duty

HICKSVILLE, Sept. 15--Chief Medard Offenloch today placed the 210 volunteer firemen under his command on 24 hour duty with round the clock shifts stationed at Briggs St., Strong St. and the Marie St. firehouse. The fire dept. radio shortwave system, operating on emergency generators, is in full operation.

Water Officials Issue Warning

Water District Superintendent Frederick Davidson in Hicksville, John Trask in Plainview and officials in neighboring districts today warned residents to boil all water before using it for drinking and food preparation.

Township Swings Into Operation

OYSTER BAY, Sept. 15--Via short wave--Town Highway Superintendent Thomas R. Pynchon and Sanitation Supervisor Lou Kappstatter today put into operation carefully pre-arranged plans for the use of their fleets of mechanized equipment in the two township departments. Town Attorney Michael J. Sullivan and Town Supervisor Lewis N. Waters following a conference on legal problems announced the town stands ready to draw upon its reserves to provide food and shelter for those made homeless in the township by the start of military hostilities.

Issues Plea for CD Volunteers

MINEOLA, Sept. 15--Nassau Target Support Area Commander Merrick broadcast the following message within an hour after the attack: "The need for additional CD volunteers is imperative. As Deputy State Director for the Nassau Area, I direct that all able-bodied persons report to their nearest CD unit and that community CD directors in Nassau, Suffolk and the cities of Long Beach and Glen Cove mobilize all volunteers, equipment, food and other supplies as we have previously planned and stand by for further instructions."

IF IT SHOULD HAPPEN

The front page of this edition is written and presented as if a nuclear bombing attack had been made upon our Eastern seaboard. This emergency edition of the HERALD is published as part of our observance of National Civil Defense Week, September 15 to 21, as designated by the White House. This front page is one we hope and pray will never be published, but as long as the possibilities of a nuclear war or hurricanes exist, we would be foolish not to prepare ourselves.

This presentation is timed to Sunday, September 15, when a special demonstration of Civil Defense and National Preparedness will be staged at the Mid Island Plaza, starting at 3 o'clock. It is appropriate, during CD week, to make a special effort to evaluate our personal knowledge of disaster preparedness techniques as well as our community's emergency capabilities.

We are indebted to Col. Frank Huyler, chief of intelligence of the Nassau CD; Buddy Mazzara, chief of CD for Oyster Bay Township and their staffs, for special cooperation in preparing this material. -- Editor --

HICKSVILLE, Sept. 15--The Mid-Island Plaza on North Broadway with almost a mile of underground tunnels has been converted into a Civil Defense operation headquarters. Occupied by Sector 2, Town of Oyster Bay, under the command of Director Vincent J. Morabito of Hicksville, it is a city in itself.

In its underground shelters may be found the CD command Post, communications and operations centres, as well as sizable accommodations for the Welfare and Medical Units.

Refugees from the metropolitan area who are being sent to the Plaza from the Aid Check Points along the Nassau-Queens line can be fed, clothed and attended medically from the supply inventories normally on hand at the places of business of Plaza tenants.

Helicopters and other means of transportation are able to deliver evacuees at the tunnel entrances, where they will be examined by members of the CD Radiological Service. Once admitted, they receive such medical aid, food and clothing, as they may require and will then either be evacuated by motor transport to receiving areas more distant from the target, or will be held at the Plaza for further care. If evacuation is impossible, the people should be reasonably safe here, CD officials said.

It is estimated that up to 10,000 persons can be housed in the tunnels and adjacent store basement areas.

Air Command Hits Back Fast

by COL. FRANK HUYLER

HDQ., Strategic Air Command, Sept. 15-3:15 PM - Fast B-52s and B-47s of Gen. Thomas S. Power's Strategic Air Command flew deep into Hypothetica today to hit vital military installations, munition factories and railroad marshalling yards.

Airborne at first warning of the Hypothetical attack on the United States, our nuclear bombers headed toward Hypothetica from all of our far flung air bases. Upon receipt of radio advice that the Hypothetical Air Force had actually bombed American territory, our airmen put into effect without delay, previously drawn plans to bomb vital enemy targets, avoiding where possible, civilian residential areas.

It is too early to ascertain the effects of our retaliation, but early reports from formation leaders indicate that our bombs hit their targets with deadly accuracy. As yet there is no report as to our aircraft losses, but indications are that the vast majority of our aircraft reached their assigned targets successfully and are now on their way back to base.

It is expected that the heavy bombing to which Hypothetica has been subjected will reduce the country's will to fight to zero, and that as we step up our retaliatory raids, the Hypotheticians will request an Armistice which will be followed by Peace throughout this freedom loving world.

HYDROGEN BOMB, dropped by aircraft of Hypothetica, as it appeared from photo plane flying over Suffolk County, 50 miles from Ground Zero. This photo was taken from a height of 12,000 feet. Two minutes after the bomb went off, the cloud rose to 40,000 feet --- the height of 32 Empire State Buildings. Ten minutes later as it neared its maximum, the cloud had pushed upward about 25 miles, deep into the stratosphere. The mushroom portion went up to ten miles and spread out for 100 miles. Due to the prevailing winds from the North, the Hicksville area is in no immediate danger from fallout. (Mid Island Herald Photo)

H-Bomb Socks Harbor, Hypo Ace Shot Down

PLAZA CD HDQ, Sept. 15 - A "H" bomb of undetermined intensity exploded over the New York area shortly after three o'clock this afternoon. Three bombers, presumably those of the nation of Hypothetica came in from the Atlantic at low altitude and passed directly over the Mid-Island Plaza at Hicksville. The approach of the aircraft was reported by the Freeport observation post of the GOC as well as by the early warning aircraft and picket ships far out to sea. An interception was effected by fighter aircraft based at Suffolk Air Force Base, but at least one of the Hypothetical bombers must

have gotten through to its target. Examination of the wreckage of one of the bombers shot down in the vicinity of Manhasset proved it to be the command ship of Brig. Gen. Claytlovitch, one of Hypothetica's leading airmen. There is no doubt that Hypothetica was desirous of delivering a knockout blow when they decided to risk their foremost airmen in the initial attempt. The aircraft used by the invaders proved to be C-119s. Though propeller driven, they are the latest type aircraft known to be in the possession of Hypothetica. Markings indicated that they belonged to the 514th Bomb Wing.

Dear Jean:

Mr. and Mrs. PAUL YURA and children, Paul Jr. and Jennifer of W. Marie St. Hickville returned on Monday from a flying trip to Toronto, Canada, where they attended the wedding of a relative. They made the round trip on the Trans-Canada Airlines from Hickville. Boy Scout Troop 91 starts their fall meetings this evening at St. Ignatius school. Mr. and Mrs. ROBERT BOGAART of Chestnut St., Hickville celebrated their 12th wedding anniversary on Sun. Sept. 8. Congratulations. Sorry to hear that Mrs. W. MUEBACH of W. Cherry St. Hickville, is a patient at Brunswick General Hospital in Amityville. Hope that at this writing, she is feeling much better.

If you are a patriotic HICKSVILLE booster you will want one of those handsome orange and black pins available at HOLDEN'S STATIONERY, Bway near Marie St. You can buy 'em or get one free with a purchase of school supplies.

After the Labor Day tournament, 17 1/2 tons of debris and rubbish was carted away from the Mid Island Plaza, thanks to the cooperation of Sanitation Supervisor LOU KAYFETTER. JOHN J. BURNS, GOP candidate for Supervisor of the Township, was speaker at the Theodore Roosevelt Republican Club in Bethpage on Monday night. At about the same time, ED FEHRENBACH, who will be candidate to succeed JOHN in the assembly, was speaking before the John W. Anderson GOP Club in Massapequa. Before the evening was out, they had switched locations and BURNS spoke at Massapequa and EDDIE returned to his home club.

Coming up at Mid Island Plaza is a ten-day Industrial Exposition opening on Sept. 20. The tape recorder used at Board of Education meetings made it possible for FRED J. NORTON, district clerk, to be in two places "at once", Tuesday night. Scheduled to speak at the North West Civic Assoc. meeting in Burns Ave. School, a special meeting of the School Board was also called for the same evening. Setting the recorder in motion, with Board Secretary HERR JOHNSON acting as clerk, he dashed over to the school, made his little talk, and got back to the high school before the two-hour tape was run out. Motion pictures showing broken windows and other vandalism at our school buildings are scheduled to be shown Tuesday night at Dutch Lane P-TA and Thursday night at Lee Ave. Board members had a preview of the 10-minute film after their meeting, last Tuesday night. Broken windows at Woodland Ave. School run up a bill of \$2600, for example. And someone started a fire at the front door of East St. School, burned part of the wood. When Hickville Fire Dept. decided to draw for the winner of the portable TV, awarded to a ticket holder in connection with the house to house canvass, they decided to have a non-fireman draw the winner. FRANK (Demon Photographer) MALETTE was present. He pulled out the ticket of BILL CRAWFORD of 212 Plainview Rd. who lives across the road from MALETTE. Explorer Scout LEO KANAWADA, home from his two-month trip to England and other European countries, stopped at the office this week.

Fall Festival At St. Martin's

The Fall Festival of St. Martin of Tours R.C. Church in Bethpage got off to a rousing start on this past weekend. One of the many attractions was the matinee for children on Saturday afternoon, Sept. 7th, when the committee played host to over 800 children. This feature was so enthusiastically received by both the children and parents alike that it will be repeated this Saturday afternoon Sept. 14th, from 2:30 to 4:30.

The final week of the Festival now is getting under way. The big tent on the Church grounds will be open to everyone on Friday and Saturday evenings, Sept. 13 and 14, from 7:30 to 11:00 and on Sunday, Sept. 15, from 3 to midnight, when the big prize awards will take place.

All proceeds of the Fall Festival will go towards completion of the second-floor of the St. Martin of Tours School Building.

Jets Oust Comets in Double

BY ELWOOD S. KENT

HICKSVILLE - In the first double header of the season, the Jets eliminated the Comets from the Senior CYO Baseball League Penmanship of St. Ignatius by beating them in the second of two games. The Comets drubbed the Jets in the morning game, 15-4. Mc Ginnigle hurled a fine game and also batted out three hits. The other Comet hitting stars were Ferrari, Wilson, and Steigerwald, with triples. Dushnick of the Jets gamered himself a triple, and the Comets couldn't keep Flori off the bases as he got two base hits and two walks.

The second game wound up as the best game of the season to date; the Comets took an early

lead and as of the second inning were ahead 7-1. A determined Jet team kept pecking away and scored 1 and 2 runs in every inning until victory was attained. In the meantime, Bobby Harmon was pitching a superb game holding the Comets to three hits, and his relief job from the second inning was a masterpiece.

The final at-bat for the Comets saw them going down in order as the big hitters of the team tried to snatch victory from defeat. Jimmy Baldwin gathered three hits and played a brilliant game in the field as he cut off at least two Comet runs. Dennis McGuire was the bulwark on defense in left field as he caught everything that went into his garden. Comet strategy backfired in the 7th when Dushnick was purposely walked to get at Koelsch. Bill, one of the best hitters on the team, had not been hitting, evidently saving it for the clutch as he came through with a ringing triple that scored two runs and sewed up the ball game.

The courage of the Jets after being on the short end of the count 7 to 1, was marvelous to behold. McGinnigle and Valentino were the star hitters for the Comets as they each sprayed three hits over the diamond. Next week another doubleheader as the Jets take the Warriors and the Bulldogs to close the season.

FOOTBALL

From all reports the team is beginning to take shape, with the backfield being selected and uniforms issued to it. The Linemen will have had their final cut on Tuesday past and in all probability the full complement will be established and ready for its first game away at Syosset.

MISCELLANEOUS

Reports filtering in from the Niagara Falls area indicates all is going well in that sector. Too bad the Army wouldn't permit the presence of Ray at the anniversary party of the R. A.

From all indications the softball season has come to an end, final determination as to the winner will be a topic of dispute all Fall and Winter, whether or not the classic

Lift Ban on Watering

HICKSVILLE -- At a meeting held Sept. 3, the Board of Commissioners of the Water District voted to suspend all restrictions on the use of water by the residents. Water Commissioner Harry Borley, expressed his appreciation to residents who cooperated in the past by using water for sprinkling their lawns only at the times per-

mitted. The Board of Commissioners hope their action will enable homeowners to give proper care to the lawns in the future. The near completion of four new wells has enabled the Board to lift the restrictions. No restrictions on the use of water is likely in the foreseeable future according to a spokesman for the Board.

Write-In Upset in 80th Dist.

HICKSVILLE -- A last minute write-in appeared to have scored an upset in the Republican committee election in the 80th District, Tuesday. Vincent D'Angelo received 25 ballots on a write-in in the 80th election district to nose out incumbents Fred J. Nelbuz and George Marthen by

a single vote. William Bruno was written in with D'Angelo. In Plainview's 118th District, the only contest in the mid-Island area to attract public interest, found Edmund Ocker and Nat Gole victors over Ely Kahn and Williams Selanrich by 130 to 21.

2 Years Work On RR Plans

ALBANY -- Plans for the elimination of grade crossings in Hicksville, now being prepared for the State Dept. of Public Works by a consulting engineer, will probably not be completed in less than 18 months to two years, it was disclosed here this week. Public Service Commission Examiner Sanders Schwartz made the comment in a report to the PSC.

Hicksville is expected to have a new freight terminal next to Jones Institute, off Charlotte Ave., in about six months after the acquisition of the necessary lands.

The new freight terminal will cost \$840,000, less the cost of the property, and will be located about a half mile west of its present location.

By the provisions of the PSC order, issued here on Aug. 9, the State Dept. of Public Works, through its consultant engineer, will continue to prepare plans for the main grade crossing elimination project with the RR preparing plans for the freight terminal relocation.

Under the main project, the grade crossings of the RR tracks and Jerusalem Ave., Bway, Marie St., Nicholas St., Old Country Rd and Bethpage Rd will be eliminated by elevating the roadbed on an earth embankment with a reinforced concrete viaduct structure to be built in the vicinity of the new passenger station.

THREE PEOPLE were rescued from the smoke-filled bedroom of this dwelling at 26 E. John St., Hicksville, by members of the volunteer fire dept at 3 o'clock Friday morning, Sept. 6. Asst. Chief Charles Saurer entered the structure first and led the rescue, getting a heavy dose of smoke in the process. He was assisted by Chief Medard Offenloch and Ex-Chief Arnold Jeanson.

In leading to safety Mr. and Mrs. Alex Harriott and their son, Edmond. A mattress fire was believed the cause of the blaze. The occupants were treated at the scene for smoke poisoning and Saurer was taken to the hospital and returned home after treatment.
