Entered as Second Class Matter at Hicksville, N.Y., Post Office

MID ISLAND PLAZA, which celebrates its first birthday this week, had its first fire on Oct. 3. Here are the Hicksville volunteers in action in the middle of the shopping centre. An electrical fire over the entrance of an empty store caused minor damage. During Fire Prevention Week, which concludes Saturday

with the awarding of trophies for the best student posters on the subject, the firemen also answered three gross fire calls and put out a blaze in a sedan at Broadway and Fourth St on Oct. 6. The car is owned by Huntley Watson of 30 Pierce St.

Mrs. Del Vecchio spoke on the Tupper Lake Mountain Camp, which is supported by both Legionnaires and Auxiliary members for the benefit of convalescing veterans.

Mrs. Nelson reminded the Unit of the vital need for Cancer pads and dressings of which some 7000 per week are used. The need for these items is ever present. Cancer knows no season. All members are urged to give as much time to this worthwhile cause as they are able.

'NEW' KIND OF MAIN STREET

Plaza Is Celebrating Its First Anniversary

HICKSVILLE - A new kind of "Main Street" today begins a week-long observance of its first anniversary. Mid-Island Shopping Plaza, one of the largest regional shopping centers in America, was opened formally on Oct. 12, just a year ago.

Since then, the scores of retail business and service establishments in the 110-acre center estimate they have done a gross business in excess of \$50,000,000.

Not only has Mid-Island become the retail business center for thousands of families in Nassau, Suffolk and eastern Queens counties, but during the year since the first stores were opened, the Plaza has become a community and civic center as well.

Hardly a week goes by that some sort of community activity is not in progress along the pedestrian malls or on the enormous paved parking areas.

MANY EVENTS

Among the events which have attracted thousands of people to Mid-Island Plaza since its opening a year ago have been an impressive Easter sunrise religious service, an elaborate observance of Flag Day, a convoluted firemen's tourney in which 51 communities were represented, a Civil Defense and Armed Forces demonstration, sports car and model airplane contests, a collegiate architectural contest, a garden club competition sponsored by the Federated Garden Clubs of New York State, an industrial exposition designed as a showcase for Long Island industry, and innumerable lesser events sponsored by religious groups, civic

8 CENT TOWN TAX AS REVENUE DROPS

Oyster Bay Town Board today reaffirmed its "pay as you go" policy in the administration of affairs in the fastest growing township in the nation as its budget for the coming year was filed. The gross budget of \$2,920,363.28 for the general administration of the Township in 1958 will result in an eight-cent tax rate.

The budget, it was disclosed, represents an increase of \$98,592.53 over the current year which a spokesman for the Town Board pointed out permits ample development of services and facilities to meet the needs and requirements of the homeowners of the Township.

A public hearing on the proposed budget will be held on Tuesday, Oct. 29, according to Town Clerk Henry M. Curran.

While regular salary increases are provided for employees in accordance with regularly scheduled increments, there are no increases in salaries for town officials except that for the highway superintendent which is raised from \$12,000 to \$13,500.

MANDATORY GAINS

The Town Board was confronted with several mandatory items of increase: \$65,000 as the town's share of the Social Security program, which is a new item; a gain of \$15,000 in the town's contribution to the employees retirement system resulting from regular increments and the addition of more personnel; and \$13,000 of a \$26,000 gain in the appropriation for the Town Board resulting from the voter-mandated increase in the number of Councilmen, effective Jan. 1, from four to six.

Other increases include a gain of \$40,000 in the appropriation for highway machinery and equipment, \$30,000 rise in general insurance costs, \$3,000 more for Civil Defense, \$15,306 for the creation of a purchasing department, and an additional \$80,000 for the further improvement and development of the townships' 11 beaches on the north and south shores of Long Island.

The prudent management of a windfall of over a million dollars received by the Township a decade ago in the form of shared taxation, permitted Oyster Bay to go for 14 years without a general town tax. The judicial application of a portion of this "windfall," which was invested in United States interest-bearing securities, over the years matched the funds required above the township's income from regular sources of revenue such as fees and permits.

With the absence of invested reserve funds and confronted with a sharp drop in mortgage tax revenues as new home building drops off—resulting in a decline in the

OIL BURNER
WORLD'S MOST MODERN

I guess we are all accustomed to getting up early now and getting the children off to school. A reminder to the motorists that the corner of Cliff and Stanley is the bus stop in our vicinity. One motorist had passed the corner when the bus started to discharge passengers. The bus was not directly in front of her car but still she should have waited. It has been brought to my attention that there have been books of matches carelessly thrown

on the sidewalks. Sometimes they are picked up by the youngsters and not all the time will they bring them to their parents. A small fire was discovered one day in a house under construction that was started by a boy.

The Monnals of 58 Cedar St. spent their vacation visiting the Howe Caverns, Ausable Chasm, on our vacation. We also spent a few days at Fleischmanns, New York with Pat and George Thiergartner and their daughter Kathy of 15 Chatham Court, Hicksville.

Anne and Joe Brady and their daughters Gerry, Marianne, and Terry spent a few days at Saranac Lake.

Mr. and Mrs. Plate and their sons Norman and Guenther spent a week at Lake Placid.

Mr. and Mrs. Edward Keough of 88 Cliff Dr. announce the arrival of a baby boy on Aug. 13th. He arrived at Mercy Hospital, Rockville Centre and weighed in at 7 lbs. 11 ozs. Edward Joseph joins brothers, Jackie and Jimmy, and sisters Mary and Claire. He was christened on Sept. 8th at St. Ignatius and a party followed at the Keough home. Gerry Sullivan of Brooklyn and Jerry Quinlan of Rockville were the godparents.

On August 26th Danny Omerza celebrated his 5th birthday with a party for his playmates. Enjoying the cake and ice cream were Danny's brother Kevin and sister Kathy, Charlie Barhold, Danny Tremel, Jackie and Jimmy Keough and Peter Ketteridge, all of Cliff Drive and Kevin and Carl Johnson of Oak Street. Games were played and prizes were awarded.

The Harrells of Stanley St. are the proud owners of a new Ford.

Mr. and Mrs. Ed Resch of Juniper St. announce the arrival of Edward Arthur Jr. on Sept. 5. He joins brother Jackie and sister Christine and Therese.

Birthday greetings are being sent to Mrs. Betty Mansueto who celebrated her birthday on August 26th and to her daughter Marilyn who was 8 years old on Aug. 30th. Ellen Depew was 10 years old on Sept. 14th and Mrs. Irene Ellis had a birthday on Sept. 16th.

Several wedding anniversaries have been celebrated recently. Congratulations are being sent to Mr. and Mrs. Phil Ranno who have their anniversary on Sept. 8th; to Marge and Frank Kern who had Sept. 17th as their 7th anniversary; to Mr. and Mrs. Karl Fred who celebrated their 12th on Sept. 16th; and to Anne and Joe Brady with 9 years together on Sept. 18th. (continued on page 4)

Dear Jean:

The Ladies Auxiliary to the Hicksville fire Dept. will meet on Tuesday evening at the E. Marie St. firehouse at 8:15 p. m. From all reports, Joe at Hicksville Farms had a bang up birthday, Friday. All the gals were giving him hugs and kisses, and the Mrs. didn't seem to mind. Wait till her birthday comes and the boys give the kisses -- wonder what Joe will do? -- Uncle John, that little old Fox, was teasing Ann Marie C. on Sunday evening when she dropped the anniversary cake. He said she tripped over her money belt. The cake was a gift to Lynda and Francis from Ann and Helen S., both school mates of Lynda. East St. P. T. A. meets tonight (Thursday) at the school. Pay your dues yet? Tonight is a good time to pay them and also to hear reports on the summer reading program and the speech clinic of the school system. See you there. Tip of the hat to the NELSONS who did such a nice job of re-landscaping the front of Mrs. Paul Smedley's home on Twinlawn ave., Hicksville. It's really very nice. The Nelsons also reside there -- Mrs. N. is Mrs. Smedley's daughter. Belated birthday greetings to Miss NANCY LYNN SHEPHERD of W. Cherry St., Hicksville who celebrated her 11th year on Monday. Sorry to hear that both Mr. and Mrs. ELWOOD KENT SR. of Pollock Pl., Hicksville, are patients in the same hospital, Long Island College Hospital, Brooklyn. We understand that Mrs. Kent had a serious operation on Monday and Mr. Kent is there for tests and observation. Friends and neighbors wish both a speedy recovery and our prayers go with it for a swift return home.

EDWIN FEHRENBACH, Republican candidate for Assembly, spoke before the Midland Civic Assoc. at Burns Ave. School in Hicksville, Tuesday night. His opponent did not appear, although it was advertised that he would; instead, ARTHUR SNYDER, Democrat candidate for Supervisor took the rostrum and in his statement has something unpleasant to say about "that Hicksville newspaper". Structure of Central Federal Savings and Loan Assoc. is rising rapidly at Bway and John St. Now that the fence has been removed we can appreciate the fine building Meadow Brook Bank has erected. Bus passengers waiting in the rain make good use of that covered entrance. Big doings at Levittown start today and conclude on Saturday as the community celebrates its 10th birthday. There will be a parade starting at 10 o'clock on Saturday from Sandhill Road Park, foot of Gardiners Ave. And just as the Levittown parade starts, the Bethpage 21st anniversary parade moves also. DON'T FORGET TO REGISTER. Today and Saturday are the only days if you are not in the book. JOHN HILL, attendance chairman of Hicksville Rotary, reports the club had two 100% attendance meetings during the month.

Hicksville Fire Dept. holds its annual inspection and dinner on Saturday night, Nov. 2. Three "mystery shoppers" will tour Hicksville shopping centres for three weeks, starting at once, to give away checks worth 1,000 trading stamps when recognized. You'll know them because they will wear a crown of trading stamps and carry a Sunrise shopping bag. When P-TA units meet for their fall conference at Uniondale High School on Oct. 16, two Hicksville women will have leading roles in the afternoon workshops. They are Mrs. WILLIAM GIANELLI, National Bulletin and New York Parent-Teacher chairman, and Mrs. LAWRENCE R. FORAN, safety chairman. A shooting gallery will be a part of the Mid Island Outdoor Sports Store which opens at the Plaza tomorrow. It really is a "pistol and rifle range". WALTER COLLIERAN, Democrat candidate in the fall election, issued a press release this week which quoted at length his remarks before the Town Board on Tuesday. Only trouble was (a) Town Board did not have a hearing, and (b) Colleran never said it before the Board. Women's Auxiliary of the Gaiety Assoc. of New York holds a fashion show and luncheon today at Guy Lombardo's in Freeport. Mrs. RICHARD SMITH of Hicksville is on the committee. SAM WEISS has been elected a zone leader among Hicksville GOP committeemen. Fishing without a license cost two residents fines of \$17.50 each: LOUIS H. COHEN of 38 Fountain Lane, Jericho and WALTER J. BERGER of 504 Lariat Lane, Bethpage. LI Lighting Co set up an elaborate printing dept at its headquarters in Hicksville. The department is now being disbanded in favor of regular commercial sources.

The Hicksville Chapter of the American Red Cross meets this evening at the Library on Jerusalem Ave., Hicksville. Needlework Guild members are reminded that the "In-Gathering" will be sometime in November. Watch the HERALD for the dates. The Rummage Sale being sponsored by the Hicksville-Glen Cove Mercy League will be held in the Mid Island Shopping Plaza on Nov. 4, 5 and 6. Mrs. HAROLD SMITH of Jericho is chairlady of the affair and may be contacted if you have any articles you can offer for the sale.

Opposition Is Growing

Opposition to the holding of a constitutional convention is mounting throughout the State of New York as the time for a voters decision on the question approaches. It was noted last Wednesday by Edwin Fehrenbach of Bethpage, candidate for the State Assembly, speaking before the Broadway Park Civic Assoc. at the VFW Hall on the Farmingdale-Amityville boundary. Outright opposition, Fehrenbach noted, has been voiced so far by the New York State Grange, the State Association of Towns, the State Association of Real Estate

Boards and many leading newspapers throughout the state.

Among the newspapers cited by Fehrenbach as vigorously opposed to the Constitutional Convention amendment are the New York Daily News, Rochester Times-Union, Buffalo Evening News and others.

Fehrenbach also pointed out that a major objective of the Tammany Democrats in promoting a constitutional convention is to change the tax base in favor of Big Cities at the expense of the school districts in such areas as Oyster Bay Township.

CD Is Burns Ave Topic

The October meeting of the Burns Ave. P. T. A. of Hicksville is scheduled for this evening (Thurs.). An interesting and informative

1ST ANNIVERSARY

(continued from page one) possible to set aside self-contained areas in which to carry on such activities. Even on the rare week-ends when no special activity is in progress, large numbers of people come to Mid-Island each Sunday merely to look into the store windows and view the flowers and shrubs growing in the 21 gardens along the pedestrian malls.

4,000 EMPLOYED

The economic impact of the big shopping center was reviewed by Stackler, who pointed out that nearly 4,000 persons are presently employed in the stores and service establishments, and that when the second stage of construction is finished, employment in the center will exceed 5,000.

"Since practically all of these employees are Long Island residents, this means new payrolls totalling several millions of dollars a year have been added to the island's economy," Stackler added. "Several millions of dollars also have been paid as wages to more than 3,000 workmen engaged in construction of Mid-Island Plaza since ground was broken on June 15, 1955. In addition, hundreds of thousands of dollars have been spent locally for materials. Still more millions of dollars will go into workmen's wages and locally-purchased materials as the second stage of construction progresses."

The Plaza occupies 110 acres on North Broadway, the main north-south artery through Hicksville. It is four blocks north of the RR station and half miles south of Northern State Parkway and the route of the new Long Island Expressway. It is estimated that 274,000 families with annual buying power in excess of \$2,200, 000,000 (\$2.2 billion) reside within 20 minutes driving time of the big shopping center.

The Plaza is being built in two stages. The first comprises ten buildings containing more than 1,000,000 square feet of rentable space, grouped compactly in the center of a 70-acre tract on the west side of Broadway. Virtually all of the 1,000,000-plus square feet have been leased and negotiations are under way for most of the remaining space in this initial section, according to Nat Antler, leasing broker for the Plaza.

program is planned. The general theme of the evening is "What Happens to my Johnnie?"

Christopher Ward, director of the Hicksville unit of the Civil Defense Organization, will speak on the purposes and objectives of CD. A film "Flash of Darkness" will be shown, depicting an atom bomb attack with the organized Civil Defense cleaning-up procedures that would follow such a raid.

Mrs. Jean Hoyt, school nurse at Burns Ave. School, will discuss her recent trip to Japan, commenting on the aftermath of the dropping of the A-Bomb on that country. There will be a display set up in the back of the auditorium and pamphlets will be distributed describing the general operating procedure of the School District with regards to just what children and teachers would do in case of an atom bomb attack. Members of the local unit will be present to answer any questions the parents might want to ask.

Refreshments will be served and a White Elephant sale held in the School Cafeteria after the meeting. Mrs. Marie Peisel, chairman of the Ways and Means Committee, reports that many useful items have been collected for this sale, some of which are brand-new.

Moody Film Tomorrow Night

"Time and Eternity" is the title of the film produced at Moody Institute of Science, that will be shown at the First Baptist Church, 57 No. Broadway, Hicksville, Friday evening Oct. 11 at 8 PM. It is described as an awe-inspiring dynamic demonstration, exploring the mysteries of time. The film, in full color, is produced by Dr. Irvin A. Moon, another film from the Sermons from Science series.

A cartoon for the kiddies will precede the feature film. Earlier in the evening, at 6:30 PM a spaghetti supper will be held for church families and friends. For further information call Mrs. LeRoy Brown WE 5-0128.

CARD OF THANKS

We wish to extend our heartfelt thanks to Rt. Rev. Msgr. Bittermann; Revs. Wisler, Ballweg, and Goggin; members of the Nassau County and Bayside Police Dept.; and relatives and friends and neighbors for many acts of kindness during our recent bereavement.

Mrs. Agnes Weeks and family.

500 Attend Junior High P-TA

Five hundred persons attended the Hicksville Junior High School Parent-Teacher Assoc. meeting held Thursday, Oct. 3rd, in the new Gym of the school. After a short business meeting Bernard Braun, Principal of the school, addressed the parents and teachers and his subject "Know Your School" was of great interest.

He briefly outlined the curriculum for the year and explained the new method to be used for marking report cards. He also emphasized the good behavior and the nice attire of the pupils and informed the audience that the

teachers and the pupils were co-operating to the utmost while the greatly handicapped due to building construction.

The Membership Committee reported better than four hundred members and all persons interested in the welfare of the children of the school are urged to become a member of this Parent-Teacher Organization.

Check Your Fire Potential

BY FRED J. NOETH

FIRE STRIKES in Hicksville at least once a day. The volunteer firemen answer about 500 calls for assistance in a year. If you have escaped you've either been lucky or smart enough to lower your "fire potential" by finding out what the main home fire hazards are and getting rid of them.

This is Fire Prevention Week and your local fire department suggests you see how fire-safe your home is. (Skip any questions that don't apply). Then check your score to find out your "fire potential".

Different Kind of Appeal Made

A community appeal with a difference is being made during the current week ending Oct. 12 by The Needlework Guild of America. It's NEW CLOTHING that is asked for by this nation-wide charitable organization — new clothing to fill the shelves of welfare agencies and institutions so that with your help they may provide for those in need.

The Hicksville Branch of the Needlework Guild, one of hundreds throughout the United States, invites you to become a member through the simple gift of 2 or more new articles of clothing or household linen. If you prefer, you may

give money with which garments will be bought. The clothing will be distributed to the needy in this area without regard to race, creed or color.

New clothing from the Needlework Guild may mean a new outlook on life for an expectant mother, a school child, a troubled teen-ager, an elderly shut-in. To join the Hicksville Branch, won't you get in touch today with:

Mrs. Joseph J. Ulmer, Pres., 41 Field Ave., Hicksville, at WE 1-0020.

Mrs. A. Nemminger, Secy., 72 Jerusalem Ave., Hicksville, at WE 5-1366.

LETTER TO THE EDITOR

To the Editor:

I notice that the Democratic candidate for the State Assembly seems much upset because of the number of children being born to his neighbors, and suggested that before he is "taxed out" of his home the local government take steps to assure that the number of families, and, consequently, the number of children burdening our school system, does not increase.

His immediate suggestion for the accomplishment of this object has to do with the placing of a "moral-torium" upon home construction.

Although no one is fond of taxation, American people, and particularly those here on Long Island, have always been willing to pay the price to obtain good education for their children. This area has been a haven for young married couples, and particularly for the veterans. The community has accepted the natural problems which accompany the growth of families. I think that it is a disgraceful and monstrous suggestion that we penalize young people and exclude from the community potential neighbors simply because they have children who require admittance to our schools.

Said parking space may be then used by such vehicle during the legal parking limit provided by the ordinances of the Town, and said vehicle shall be considered as unlawfully parked if it remains in said space beyond the legal parking limit and or when said parking meter displays a signal showing such illegal parking, except that nothing herein shall prevent the owner or operator of a vehicle from parking his vehicle in a space without depositing a coin as aforesaid, where it appears that the maximum legal parking limit has not run since the deposit of the previous coin. It shall be unlawful for any person to cause or permit any vehicle registered in his name to be unlawfully parked as set out in this section.

Section 5. Resident Parking. — Notwithstanding any provisions of this ordinance, any area designated as is herein provided for, as all day parking shall be free to persons residing within the territorial limits of the Hicksville Park and Parking District, provided that the vehicle parked by such person, agent, servant, employee or member of their family shall be in a conspicuous place on either front side window the emblem or sticker hereinafter provided for.

Section 12. Penalty for Violations

Any person, firm, association, co-partnership or corporation who shall violate or permit to allow anyone to violate any of the provisions of this ordinance shall be punished by a fine or penalty of not exceeding Twenty-Five (\$25.00) Dollars.

Section 13. Repeal of Prior Ordinances

All ordinances or parts of ordinances of the Town of Oyster Bay in conflict with the provisions of this ordinance are hereby repealed, provided however, that such repeal shall be only to the extent of such inconsistency and in all other respects this ordinance shall be in addition to the other ordinances regulating the subject matter covered by this ordinance.

Section 14. Savings Clause. — If any section, provision or part thereof of this ordinance shall be adjudged invalid or unconstitutional by a court of competent jurisdiction, then such adjudication shall not effect the validity of the ordinance as a whole, or any section, provision or part thereof not so adjudged, invalid or unconstitutional. Citizen Group Assists Town

Oyster Bay Township has for years utilized the services of a highly-qualified Citizens Advisory Zoning and Planning Committee, assisted by a professional staff of Community Housing and Planning Associates who were retained by the Town Board for this express purpose several months ago, it was pointed out this week by former Assemblyman John J. Burns of Sea Cliff, Republican candidate for Supervisor of the Township.

The Citizens Committee on Planning and Zoning is headed by Henry G. Esemann of Hicksville, it was noted by Burns.

This Zoning and Planning Committee, Burns told the Joint Civic Council of Central School District No. 2 at Syosset, "will continue to explore and study, with the assistance of professional experts, every facet of the problem to insure proper and orderly development of our Township."

The Committee, he added, has been studying the question of livable floor space in relation to classifications of zoning and land use. The township, he added, has had the complete cooperation and assistance of the Nassau County Planning Commission.

He reiterated the pledge of himself and the Republican team of candidates for the Town Board to "continue to hold the line on zoning in accordance with established policy."

Long before the cherry yellow of the early daffodils lights up the chilly days of early spring, there are "little bulbs" that will bloom for you in a protected corner, whenever the sun shines, if you plant them now. The very earliest are the snowdrops and the winter acoutie (eranthis). It is rather difficult, sometimes impossible, to find the tiny tubers of the eranthis, but they are so pretty and bloom so early that they are worth going to some trouble to procure. The bright yellow blossoms look like large buttercups, and each one sits in the center of a circle of fringed leaves. Here on L.I. they usually appear on about Feb. 24. The book says that they should be planted in August, but the garden shops never carry them before late September—if they have them at all. E. Lawrence in her new book, "The Little Bulb," says that they are best transplanted while in full bloom, and that they reseed themselves and grow larger every year, but mine have increased very slowly. They will grow in shade under a tree, even a pine, and may be left to increase without any attention for many years.

Snowdrops (galanthus) and snowflakes (leucojum) are very similar, nodding white bells with a touch of green; they also bloom near the end of February, and grow on year after year in sunny, sheltered corners, without any special care, multiplying slowly into large mats. There is a larger form of leucojum growing about ten to fifteen inches tall. That are nice around the low-growing azaleas.

As the eranthis and snowdrops are fading, more patches of bright yellow that are the early crocuses appear here and there in the garden. One landscape designer recommends that you do not mix the various colors and varieties, but to me the chief charm of these

little spring bloomers is the constant change caused by doing this very thing. One day you have a few yellow blossoms, a little later the striped white and purples pop up among them, the pure whites appear, and then the deep blues complete the Easter-egg effect, giving you five or six weeks of continuous bloom. We plant them where they can be seen from indoors; they are a constant joy as we have breakfast beside the window while the March winds howl outside.

The squills (scilla) and grape hyacinths (muscaris) go well with the tulips and daffodils, and make lovely mats of deep blue along the front of the border or under a deciduous tree. Try a group of red tulips (at least five) with daffodil Cheerfulness beside it and muscaris in drift around them. Or, for an early picture, plant the short, double, early peony tulips in back of an irregular patch of scilla. Another "little bulb" that is a heavenly blue is the chionodoxa or Glory of the Snow, so called because it is apt to bloom among melting patches of snow. Very similar, but of a lighter blue, is the pushkinia (a member of the squill family) which is not grown as much as it should be.

Warm and Wetter

Long Island is still warmer and wetter during September of this year than in 1956, according to the latest statistics compiled by the Oil Heat Institute of Long Island. During the week of Sept. 22 to 28 the average LI temperature was 62.42 compared to 59.86 for last year. This year there was 2.25 inches of rainfall as against 1.84 for last year.

Degree days accumulated this year were only 34, all in the last five days, compared to 42 for the same week last year. Although we are three degree days above normal, last year's total for the month thus far was 94 which is 63 above normal.

Amvet Medal for Heroic Fireman

It was announced this week by Jimmy Cooley, 38 Grant Ave., Bethpage, that the Margaret McDonald Memorial Medal of AmVets will be presented to Fire Lt. John Huch, East Meadow Fire Dept. for an act of heroism. An award

similar to this medal was in the form of a three foot trophy and awarded to Henry Viscardi of Abilene, in 1953 for his work in the field of the Physically Handicapped.

The Medal to be presented will

be for Huch's act on the morning of March 20, 1957. Huch, while proceeding to work saw smoke pouring from the home of Mrs. Naty Navarro of 83 Hickory Lane, Levittown. He stopped his car and forcing his way into the smoke-

filled house, felt his way about until he found the unconscious form of Mrs. Navarro on the floor. He carried her to safety, called the Levittown Fire Dept. and was later treated for smoke inhalation. Lt. Huch has so far received an award from his Dept. and a trophy from his boys Little League. The Donor of the Medal, Jimmy

Cooley, is the founder of AMVETS here on Long Island, founder of the Robt. Ulmer Post 44 of Hicksville former Publicity Officer, Service Officer, etc. The Medal is named in honor of his mother who was the oldest member of Auxiliary Post 44 and died in 1953. Cooley is now a member of eight years standing and associated with Levittown's Post.

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N.Y.
By Artie Reiz

Perhaps you don't realize the signal honor paid to one of The American Legion's pet projects, American Legion Junior Baseball, with the winning of the World Series last week. The first ball was thrown out by Fred Fox, most valuable player of the 1957 world champions from the Bentley (Ohio) Post and 39,000,000 people heard it mentioned on TV 3 times by Mel Allen, not to mention the un-

counted millions of radio listeners, readers of hometown newspapers.

Looks like Lou Bristle is doing more than just a good job for both the boys and The American Legion. Have you paid your 1958 dues yet? Pay up before Nov 11th and help the Post win an award. How about that neighbor or friend of yours that you have been meaning to ask about membership in the World's greatest veterans' organization? Now's the time to talk to him, bring him to the next meeting as a guest, let him see for himself what the Legion is like.

Time is drawing nearer for our annual Kings Park visit and if you have any clothes you wish to have go to the veterans there please bring them to the Legion now, don't put it off until it's too late. Any kind of clothes are most welcome and there is a genuine need for them whether they be overcoats or bathing suits. We still need a piano to replace the unrepairable and unplayable piano we have at the clubhouse now. Who has one that they wish to donate? Don't forget that we have United States Week coming up in another week (Oct 19 to 28) and make it your business to fly your country's flag every day. You never heard of United States Week? Well you can thank one of Long Island's very able educators, Dr. Jerome J. Niosi, New Hyde Park Legionnaire, for ferreting out and putting together the facts that brought this week into being. Every American owes a debt of gratitude to Dr. Niosi for pointing out the history and bearing they had in the building of our nation.

On Saturday, Oct 26th, the Nassau County American Legion will hold a celebration at Hicksville High School to commemorate this first of the newest "weeks" in our history with a rally at 1 P.M. and every Legionnaire, every resident of Hicksville is urged to attend this rally and hear a few words from the many invited guests and high Legion officials of Nassau, Department and National Levels. Our Color Guard will be among the many to be at the massing of the colors ceremony on this date. Be there, bring the children, remember our future lies in their hands.

The proposed ordinance is on file in the Office of the Town Clerk, Town Hall, Front Street, Hempstead, New York, where it may be inspected during office hours.

Plan Christmas in October

The Hicksville Church of Christ, 105 Broadway, will have the Second Annual "Christmas in October" program on Sunday Oct. 13 at 5:30 PM.

This year the Claude Litkmi family, who are missionaries in Japan, will be honored.

A Japanese supper, Sukki haki, will be prepared by Mrs. Robert Kaupilla, who was a Japanese war bride, and is the wife of the Superintendent of the Bible School Mrs. Kaupilla, who will also give instructions on the proper use of chop sticks.

The three young daughters of Mr. and Mrs. Harold Cross, of Maspeth Church of Christ, will appear in Japanese costumes.

Slides of the work of the Litkmi family in Japan will be shown.

There will be a small Christmas

tree around which will be placed the gifts. Those who attend the Sukki haki supper are asked to bring such gifts as cake mixes, kool aid, jello, pudding, chocolate, canned meat, tooth paste, Bibles and games, such as Chinese checkers, dominoes and other family games.

Mr. and Mrs. Litkmi list no special needs for themselves, but for Joel, the baby, long sleeved undershirts, flannel shirts, and winter pajamas-size 3; David, overalls, winter pajamas, socks (shoe size 10), clothing size 16; Patty, slippers, sweaters, any clothing size 10 and a Bible.

In order to avoid duplications, those who will attend are asked to notify Mr. Faust, WE 5-3855, as to the gift they intend to bring.

Mr. Faust and the members of the committee planning the program feel sure that sharing in "Christmas in October" will make both the Litkmis and those participating, Christmas in December more blessed.

Scout Mothers Finish Project

BETHPAGE - The Boy Scout Mothers Auxiliary of Troop 118 announces the completion of its special project which will honor one of the troop's past scoutmasters. In Feb. 1956, the organization of volunteers pledged itself to raise funds especially for the purpose of donating a lean-to for Scout Camp Onteora, located upstate at Livingston Manor. This was decided as the group's contribution that year to the particular Boy Scout Fund Campaign which featured the building up of the new camp. The shelter for the use of Long Island Scouts will bear a plaque dedicating it to the memory of Emre Altman. Organized more than 30 years ago, the first Boy Scout troop here was having difficulty in securing a leader when many of the men of the community were entering the armed services. Emre Altman, long-time committeeman for Troop 118 and one of its most active fund campaigners, came to the rescue and served as scoutmaster during World War II. Well

loved by his boys and the community, he helped 118 become one of the outstanding troops in Nassau.

In recognition of his unselfish services, the District Boy Scout Committee placed a plaque on Mr. Altman's grave at a special ceremony in 1948. Many members of the community, Boy Scout, and officials were present.

In order to continue its efforts on behalf of the Boy Scouts of Troop 118, the Boy Scout Mothers Auxiliary plans to raise funds for the current year through a candy sale. Trays of candy bars will be available for distribution at the Oct. 21 meeting. The members hope to complete the sale within a month.

New members are always welcome at the regular meetings at 8:15 P.M. in the American Legion Hall on the third Monday every month. Mothers of new scouts in Troop 118 are requested to phone Mrs. Oscar Gerke, Wells 5-0068, for information.

RABBI SIMEON KOBRIKNETZ, 90 Neptune Ave., Woodmere, former Advisor to Major General Robert M. Lee, Commanding General, 12th Air Force, for Jewish Religious Affairs and Community Relations, in Austria, Germany and France, was elected Rabbi of the Jericho Jewish Center, it was announced by Hindley Mendelsohn, president. Rabbi Kobrinetz was ordained by Yeshiva University, June 1952. Before coming to the Jericho Jewish Center, Rabbi Kobrinetz, was Associate Rabbi, Congregation Brith Israel, Philadelphia, Pa. The new Rabbi attended Brooklyn College, and graduated from Yeshiva College in June 1949. He also served as Hillel Director at the University of Georgia.

Mrs. Anna Bengel and Mrs. Elsie Metzger who were ably assisted by many of the younger members among whom were the president of the unit, Mrs. Ethel Habenicht and Mrs. Lil Doran. The next item on the Auxiliary agenda is the entertainment of the County Staff at the Oct. 4th meeting and each and every member is expected at this meeting.

Card Party Is Big Success

The prize tables were laden to the brim with both the upper and lower halls Charles Wagner American Legion Clubhouse were filled to the point where additional tables were placed in the ante room as the American Legion

Auxiliary unit held its first card party of the new season, Friday night.

Financially and socially it was a grandly successful evening for both the players and the members with the high score for pinocle going to Ruth Carl; the canasta winner was Vera Farni; the bridge high score was made by R. Richmond and Margaret Braun took away the prize for the high score in bunco.

The first non player award went to C. Ballenger while among the lucky sweepstakes winners were Clara Mason and Mrs. Van Ancken.

After the awarding of the prizes everyone was greatly refreshed by the steaming hot coffee and the tasty cake served by the ladies of the Auxiliary to all present.

The credit for the wonderfully competently managed affair is shared by the two co-chairmen,

Knights Seeking More Members

The Manetto Hills Lodge #837, Knights of Pythias, began a membership drive this week in the hope of doubling its strength of 138 members by December, Chancellor Commander Arthur Salzman announced.

Stressing the many benefits offered by the organization, Salzman spoke on the Pythian Blood Bank, Medical Specialist Plan, burial benefits, and services of other professional people members may need from time to time. "We are a non-sectarian organization," Salzman said, "offering many social, athletic, and cultural activities."

Membership Chairman Milton Bernstein, WE 5-8435, asks new applicants to contact him as soon as possible, so that plans may be made for the first set of ranks tentatively set for December. A gala dance and installation night is being planned for late October as part of the membership drive, Bernstein said.

Dodgers Come Out on Top

by BILL SAKAL

HICKSVILLE - The Dodgers of the Holy Family Division came out on top, winning three out of four points from the leading Braves, through the help of Ed De Domenico, who rolled a 208 game and a 544 series. B. Nagel of the Braves was in there trying to stem the tide with a 529 series.

Other good series for the night were: J. Wingenbach with a 512 (212), T. Staudt with a 501, and C. McCormack with a 204 game.

In last week's play, with a 625 series on his games of 245, 168, and 212, for the Holy Family section of the CYO Bowling League, his Tigers failed to beat the Giants, who took three of the four points.

Other highs for the night were as follows: J. Zambo 559 (201); C. Faddis 547 (227); D. Snyder 632; C. Smith 531; J. Barone 525; S. Stokolowicz 524; H. Poole 522; W. Cribbons 518; F. Finan 513; R. Brown 509; H. McMorris 504; and then came M. Rgaroth with a high game of 220, followed by Maillie 213; and C. Neglia 200.

8¢ TOWN TAX

(continued from page one)

estimated revenue from this source alone of \$150,000...the imposition of a small eight-cent tax has become necessary, it was stated.

At the same time the Township has found increasing demands for services and facilities. The population of the township has increased more than 250 per cent since 1950. The Township Highway tax rate for 1958 is estimated at .541 per \$100 compared with .458 this year. The budget for highways is up from \$1,765,253, 29 to \$2,256,015, 38. Reflected in this appropriation is a broad program of major highway improvement and construction as well as the permanent resurfacing of secondary roads.

NEW DEPARTURE

Under a change in the laws of the State, the budget for Zoning and Building services has been separated from the general town budget to exclude this charge against incorporated areas which do not directly benefit. A one-cent tax, with .003 per \$100 for the building department and .007 for the zoning board of appeals, has resulted.

Also in the new Oyster Bay town budget, as proposed, is a separate category for the control of surface and storm waters. A new special district embracing the unincorporated portion of the township will require \$217,307.81 in 1958 resulting in a tax charge of .054 per \$100. This program, it was pointed out, has a twin purpose: (1) control of surface water, and (2) conservation of our valuable underground water supply.

A new item in the 1958 budget for the township is the appropriation of \$3,000 with the planned distribution of \$200 to each of 15 veteran organizations of the township as provided by permissive State statute. The appropriation, made in response to numerous requests from veteran organizations, may be expended only upon proper claim toward the expense of rental or maintenance of meeting places. Oct. 24-Card Party for the benefit of the Salerian Fathers. St. Ignatius School cafeteria.

By HOWARD FINNEGAN

In a contest that will be as tearing to Comet supporters as a hangnail caught on a sweater thread, Hicksville High lost a 20-14 verdict to Garden City for its second NSAA conference loss.

Although it played with out Dick Stillman, had to leave left tackle Eugene Yetter home ill, and could utilize Ted Greve only on the offense, Hicksville made a determined stand in the plush new Trojan stadium but was turned back mainly because the contest was seriously mis-handled by the officials.

After Garden City ripped off a 14-0 lead the Orange and Black plugged down to the Trojan seven in the second period only to have an offside stall it.

Undaunted the Comets, with Greve stirring the Hicksville crowd with slashing plunges not seen since Ed Coleman's heyday, ignited on their own twenty. In eight plays they were on the two foot mark and apparently had their first TD when Greves hurdled into the endzone.

However, the officials waved no score and there ensued a hectic argument. Captain Mickey Anglin then appealed for help from the Hicksville bench when the officials headed for the locker room.

The Hicksville players were incensed that Greve's tally was not allowed, but with first and goal on the goal would have settled back to work only to be told that the half was over.

And the four minute warning was never given either bench! Unaware that time was expiring the Comets were retired to the dressing room with paydirt in sight.

And facts being facts all the protesting in the world couldn't overcome the officials' and shortcoming in this aspect of time and its importance to the game.

Ripping made as the third quarter started the Comets proved themselves a gritty bunch and showed evidence of the fine work Coach Howard Bowers and his assistants Ed Petro and Amadeo Tomaini did following the East Meadow rout.

Converted Guard Dick Zarczynski ran out of fullback for four yards and Greve circled the end for 11. Zarczynski picked up two and Joe Naso 3 before Greves carted to the 30.

Greve ran 11 and 15 yards before four and 3 yard belts by Bill Wright and the former finally charged over from the one.

Greve hit tackle to make it 14-7. Four minutes later with ball on the Hicksville 11 Naso broke over center and raced 79 yards to the City 10. Wright added six and Greve came around right end for the tally.

Wright sliced over for the extra point to tie the score 14-14. The Hicksville joy was short lived however for a 63-yard pass play coming out of a disguised sweep of the Hicksville end on a single wing pattern produced the winning margin for the hosts.

Hicksville reached the winners 23 late in the game but the fourth possession losing fumble ended all hopes.

Comet fans and supporters as well as players were very sure that Greves had that first half marker without question and were confident that the films of the game would prove its validity.

But even that satisfaction was denied when it was discovered that the film had run out just at that point and the cartridge was being replaced at the same moment!

Hicksville returns to the home gridiron this Saturday afternoon and faces Great Neck. The Blazers have a 23-4 edge over the Orange and Black in this on and off series which dates back to 1925.

On 20 thrusts on which he did not get much if any blocking, Ted Greves gained 133 yards against Garden City. Joe Naso had 84 in 3 tries, Bill Wright 45 in 12, Leo Kanawada 14 in 3 and Dick Zarczynski 34 in 9.

The Comets outgained City 310 yards to 236 on the ground. City had the lone and winning pass completion of 63 yards and the Comets had one completion for 36.

Hicksville High's Junior Varsity, losers in its first two outings, wouldn't consider a deadlock, Monday, and took a deliberate Safety to preserve a 13-8 win. Garden City was the victim.

Triggered by the "heated debate over the varsity's shortchanging against the Trojans, Chat Jaworski's lads resorted to the self imposed safety in the closing minutes to both kill the clock and get a free kick rather than punt from deep in their own territory.

Mike Burnside blocked a kick to set up the first Hicksville score which Isaac Barcoska got on a 40-yard romp. James McKenstry and Dick McKenna alternated on a 50-yard march for the Comets second TD with McKenstry scoring it from the seven.

Welden Helmick converted from placement.

Philip Lomeno defeated John Schwarz in an exciting 6-4, 3-6, 6-2 match to provide the Hicksville High Tennis team with a 3-2 win over North Shore High.

Paul Scialzetti won 6-4 and 6-2 in his singles match and Bill Gobel and Bob Mead won their doubles match 6-3, 6-4 for the OGB.

North Shore comprises the area's oldtimers used to know as Sea Cliff, Glen Head, Glenwood Landing, Bull's Head etc.

Len Urschel is off to a blazing start for the St. Stephen Blue bowlers in the Nassau Lutheran Church Bowling League. He had a 216 game and a 565 series two weeks ago and immediately came back with another 216 game and a 598 series the very next week. The League rolls at the Nassau Terminal Lanes, Hempstead.

The Comet Varsity Soccer team is trying hard in its first season but continues to bow to experience but not without a fight.

Fred Gulgliano caught the corner in the first period against Glen Cove but a steady attack of a single marker in the first three sessions gained the Comets a 3-1 lead.

Against league leader North Shore the Comets held out for three scoreless periods but bent under the fourth quarter attack of the pace setters 3-0.

Coming up with two touchdowns in the last period the Hicksville Junior High football team defeated Farmingdale 19-18 in an exciting match at the Bethpage Bowl.

Its going to be this week! Hicksville 32, Great Neck 25.
