Probable Cause: Oil Burner

WORST FIRE in Hicksville in nearly 20 years took place Sunday afternoon and early evening when flames wrecked the plant of County Neon on Jerusalem Ave near the RR station. A runaway oil burner in the basement of the building has been determined as the probable cause of the fire which was well underway when firemen were summoned, according to fire officials. In the top picture Chief Medard Ogenloch (white coat and hat) directs some of the 75 volunteers who answered the call. In the lower picture the aerial truck swings over the inferno to tackle the fire from above. Intense heat buckled walls and twisted heavy supporting steel beams of the building which is scheduled for demolition when the State Highway Dept builds a traffic exchange at this point.

Speaking of Fires--Remember When?

IT WAS WINTERTIME when the Lakeville Mig plant, the former pickle plant on Bethpage Rd. was burned to the ground in 1940. The three-story frame building provided the biggest fire in the history of the community. The fire at County Neon last Sunday recalled this previous blaze caught at its peak by

Albert J. Wiley. The building was never rebuilt but the present day site is occupied by Eastern Tile. High winds on that cold day spread sparks all over the community and Hicksville and Westbury firemen were racing around the town extinguishing roof fires.

SECOND CHOICE FOR REC LEADER MAY NOT ACCEPT

HICKSVILLE--The Board of Education by 5 to 2 vote has agreed to offer the position of Recreation Director to the unnamed second choice of the Board but it appeared unlikely that their selection would be available until after July 1. The vote on offering the position was taken after an executive session last Friday night.

Trustee Herbert Johnson and President Emil J. Szendy voted "no" while Trustees Allen Carpenter, Jerry Zedler, Arthur L. Elrich, Robert Goodrich and Robert D. P. Eaton voted "yes".

Johnson commented that he felt the Recreation Advisory Committee should have presented a proposed Recreation program prior to the employment of a director. Szendy also commented on the absence of a program and the fact that two years ago the voters had rejected a proposal to hire a director.

During the discussion Carpenter commented that the "candidate" has a contract with another school district which runs to July 1 and that it appeared "almost certain" this person would turn down the offer to come here.

The motion as adopted directing Dr. Wallace E. Lamb, superintendent of schools, to offer the position, starting at once, to the Board's choice which was privately stated to him. The position would

\$30,000 Fire Guts Gas Station

BALDWIN - The Grand Ave. Service Station, here, owned and operated by Robert Lefkowitz of Hicksville, and his brother, Simon, of W. Hempstead, who are also the owners and operators of the Bob's Service Station on Newbridge Rd., Hicksville, was the scene of a disastrous fire Thursday morning, Jan. 9.

The fire, which the Fire Marshall reports had been started by a lighted cigarette on a car seat, was first

seen by a passing taxi driver about 4:15 a.m. and he turned in the alarm. Answering with all available equipment, Baldwin Fire Dept. finally brought the conflagration under control after a battle lasting four hours.

It was believed that the car seat had smoldered for hours before bursting into flame, and causing the complete destruction of the building, equipment, stock, as well as the day's receipts.

Although there were four cars inside the building at the time, the Lefkowitz brothers credit the firemen with saving them, and the only damage they suffered was from the smoke. In addition to fighting the fire in the building, the vamps had to keep wetting down adjoining buildings to prevent the fire from spreading, and the gas pumps, which only shortly before closing had received a delivery of 10,000 gallons of gasoline.

Having purchased the station only four months ago, the brothers had been working hard to build the business, adding many new innovations, and this was a sharp blow to them. It is estimated that the damage is about \$30,000 and will take months to repair.

However, the Lefkowitz brothers hope to have the Gas Pumps operating, to serve their customers, in a couple of weeks.

Robert Lefkowitz resides at 21 Salem Rd., Hicksville, with his wife and family.

If the fire hydrant near your home is covered with snow, it may save your property in a fire emergency if you want to shovel it out. While the damage at County Neon has been roughly estimated at \$150,000, the final figure may come down \$50,000. The garage section was hardly touched by fire and trucks stored there started up the next morning without trouble.

Sunday Fire Damage Tips Total For 1957

HICKSVILLE -- Fire which originated with a "run-away" oil burner caused damage tentatively estimated at \$50,000 to a one-story masonry and steel building owned by William Mannilla and occupied by County Neon sign company on Jerusalem Ave near the RR station, Sunday afternoon. The estimated damage exceeded the total of \$139,750 lost in 395 fire calls answered by the fire dept during all of 1957.

Seventy-five firemen answered the alarm which sounded shortly after 4 o'clock Sunday afternoon. About a half dozen suffered injuries from broken glass, falls on the ice-covered ground or were overcome by smoke.

Fire chief Medard Ofenloch reported the Fire Dept., Monday night, the total fire loss in 1957 which itself was a record year. During the 12 month period there were 195 fire calls and 65 ambulance calls. Fire loss was probably as great as the total for the five preceding years.

During 1957 the following calls were answered: 14 buildings, 4 beds, 28 cars and trucks, 5 chimneys, 3 electric dryers, 6 ovens, 137 grass, 10 ovens, 4 mutual aid, 39 oil burner, 31 refrigerators, 8 stores, 2 television sets, 16 washing machines, 1 church, 3 electric motors, 1 air raid and 83 miscellaneous, including the year.

In the midst of fighting the County Neon fire call, Sunday afternoon, the pumps were also called to the home of Joseph W. Ymes of 113 Brittle Lane, where an oil burner caused concern. Two trucks and 21 men responded.

Westbury Fire Dept sent a truck and crew of men over to take up a station at Hicksville Headquarters when County Neon started on Sunday. They remained on duty until eight in the evening.

During the 7-day period ending Tuesday, Jan 14, the volunteers also answered four other oil burner

calls and one call for the ambulance.

There were oil burner alarms as follows: Jan 7, Toscano, 153 Spible Rd; Jan 10, Alfred Jager, 45 Picture Lane; Jan 11, Herbert Seidensticker, 58 Hunter Lane and Jan 14, R. Moran, 99 Ballpark Lane.

On Friday, Jan 10, the volunteers took Mrs. Florence Ayers of 35 Larch St to Glen Cove Hospital the victim of a heart condition and acute bronchitis.

WILLIAM ALONGE of 4 Carol St., Hicksville, is chairman of the Mothers' March on Polio this month. More workers are needed to complete the canvass of the community and interested mothers may reach him at WE 5-3970.

CURRENT COMMENT

Time Running Out For Park

BY FRED J. NOETH

WELL OVER 500 property owners have signed the petitions asking for the designation of a relatively large section of Hicksville for long range development as a community park. By the end of this week it is anticipated the petitioners will be more than double that number.

Allen S. Carpenter who is temporary chairman of the committee which is circulating the petitions made some telling points regarding the urgency for action now during a broadcast over Station WHLI, Sunday afternoon. There are people, he noted, who will eventually be convinced beyond all doubt with statistics etc. But for those who "must be shown" the final proof will come too late. When everyone has been "shown" will be the day when we won't have a square foot of vacant land available for such purpose.

We join those who feel the time for action is now. The realtors who own this last remaining open section of land have plans for the use of their property -- and it does not include holding it for a park. Prompt action is necessary to get this area set aside so it can be developed leisurely and within our means and ability. This much is certain: As a community we can always reclaim from this land most if not more than our investment. Land is not going to become less valuable in the future.

As a resident of Hicksville for most of our life, we have been irked in recent years by those who look over the present day scene and denounce yesterday's generation for failing to do this, that and the other thing. Many of the facilities that we would find desirable today may not have been practical a decade or more ago.

We can't do very much about turning back the clock. But we can do something today which future generations will find worthy and farsighted.

As for the park itself: A park means many things to many people. The decision as to how it is developed and what facilities it provides will be shared by all of us through our local governmental processes. Some people envision a park as an area covered with Little League baseball diamonds. Other folks want nature trails. Some want outdoor skating rinks and still others visualize picnic grounds.

The area proposed appears large enough to embrace many of the things we all want provided. It becomes a matter of planning and development over the years. This much is certain: There is little point debating what the park should or should not include if we don't act with speed to acquire it. If the section is lost to community use and covered with residential dwellings and streets we have argued in vain.

The community-minded people of the Recreation Committee this week discussed the park proposal in some detail. They voted unanimously in favor of acquiring the 50-acre tract for development as a community park and recreation centre.

The only enemy of the park project at this moment is TIME. Petitions to be effective must be filed as promptly as practicable. If you want a petition to circulate or to sign yourself, we have them at the HERALD office.

Time is running out.

HERALD
READER
OPINION

To The Editor:

A recent, unfortunate experience prompts me to write you in the hope that you will publish this letter so that other community shoppers may be alerted.

Last week I did my food shopping at the Food Fair Store in the Midway Shopping Center in Plainview. I took my \$27 worth of groceries to my neighbor's car in the parking lot and deposited them in the back seat. We were unable to lock the car doors but felt that they would be safe for ten or fifteen minutes while we finished our shopping. When we returned, everything had been stolen from the car. Being a person of very modest means, this was very hard to take. I could neither afford the loss nor could I imagine anyone stooping low enough to commit such a theft.

Being unable to lock the car doors, we should have locked everything in the trunk. I realize this fact now, and since I have heard of several other instances of the same nature since my own "rude awakening" I felt impelled to write this letter so that others may be aware of the situations and take the necessary precautions to avoid being victimized in the same way.

Very truly yours,

A SADDER BUT WISER SHOPPER.

The second session, held on the subject of the proposed school site in the northwest section of the district, lasted from 12:07 AM to 1:10 AM. Elrich and Eaton left before the second executive session.

It is set for

Feb. 14. Left to right are Mike Palladino and Ed Hokinson. Post Commander Guy Smith, Art Rutz, County Chairman John T. Kelly Jr. of Westbury who presented the unit with Colors of the Squadron and Post Commander Elias Jabour who presided for the evening. (HERALD photo by Frank Mallett).

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N.Y.
By ARTIE RUTZ

Well, we have the reactivated Squadron of the Sons of the Legion on our Post safely on its way to start writing its own page in the history of Hicksville Legion activities... Jay Jabour and Ed Becker, both past commanders, along with Bill Hazel, Dick O'Neill, John Hokinson got the youngsters off and moving in the right direction and on the right foot at their first meeting... I counted 18 Legionnaires present at the meeting which the youngsters had and not all of them had sons. Now that the unit is again being... let's hope that it turns out to be the best in the State and among the tops in the Nation... Bring your Son to their next meeting which is Friday, February 14th and enroll him, let's build this fine group of American Boys up with the kind of support that we are capable of giving...

There is no age limit restrictions whatsoever, just as long as the boy is a son, grandson, step son of a Legionnaire... The boys were very attentive to all the speakers and showed no signs of restiveness and if it is conduct continues in the future meetings, the Legion has, struck another blow in its fight for the youth

of America... Attention all you Bowlers... If you are interested in forming a Friday night league at the Post, see Tony Correr... This bowling league is strictly for the fun of the game and comradeship... No champs need apply... (yet)...

Our Post paper, THE HICKSVILLE POST, is now celebrating its first birthday and one of its accomplishments in the past year was the causing of FIVE new papers to be published by Nassau County, Legion Posts and a sixth is soon due... Don't forget those business cards, fellows, get them to Artie Rutz soon so that the directory can be set up... Have you gotten a new member yet? LOU PUNGELLO was the winner of the Dark Horse at the last meeting after missing the Capsule award the meeting before... Spotted the Xmas Committee finishing up their work last week by removing the tree from the hall.

Say, is anybody interested in having a Shuffleboard Tournament at the Post? Let's see all you Legionnaires at the next meeting on Jan. 20th take advantage of the free cash drawing and free food and fine comrades.

Health Drama At Dutch

The Dutch Lane School P.T.A. Mental Health Committee has arranged to have the play, "What Did I Do?" presented by a cast of professional actors of the American Theatre Wing Community Plays, on Tuesday, Jan. 21, 8:30 P.M., at the Dutch Lane School, Levittown Parkway and Hempstead Ave., Hicksville.

The play illustrates a point made by many psychiatrists that parents have been blamed disproportionately for the misbehavior of their children. They recognize that outside influence play a great part in a child's development but, because of the modern emphasis on parental

responsibility, today's parents tend to blame only themselves when anything goes wrong.

Like other American Theatre Wing Community Plays, the half-hour production offers a springboard in group discussion of the problems portrayed. The discussion will be led by Jerry Solovay, school psychologist. Tickets are 75¢.

Legislators Introduce Bills

ALBANY--A number of bills by Nassau County legislators were dropped into the hoppers in Albany Monday evening, following their approval at a legislative conference Friday morning in the office of County Executive A. Holly Patterson in Mineola.

Of principal importance to school boards in Nassau is one introduced by Assemblyman Anthony Barbiero and Senator Edward Speno providing that the period of filing individual petitions for candidacies in Board of Education elections be increased from 11 to 14 days. The purpose of the extension is explained to permit presidents of the school district opportunity to learn more about their candidates. The two weeks would permit community newspapers to publicize all candidates in at least five editions.

Senator William S. Hulst will also pursue his attempt to reduce the registration fees for suburban vehicles used as passenger cars exclusively to the same rate as passenger cars. Now, suburban wagons, no matter their use, pay 75

cents for each 100 pounds. This has been in the law since 1952 when there were 110,000 such station wagons in use -- 50 percent used for commercial purposes. Sen. Hulst claims that of the 295,000 suburban vehicles registered today, very few (10 percent) are for business and all pay from \$8 to \$10 in additional registration fees. Assemblyman Genesta M. Strong will introduce this bill in the lower house.

Increased benefits for volunteer firemen will be forthcoming if four bills prepared by Senator Speno and introduced by him and Assemblyman Edwin Fehrenbach of Bethpage are enacted into law. The would accomplish in brief:

Increase volunteer firemen's death benefit from \$1,000 to \$3,000; make benefits available to volunteers engaged in recreational activities and travel; delete language of the present law "within the state", increasing the area of coverage; allow benefits while participating in fireman fund-raising. The bill are all sponsored by the New York State Firemen's Assoc.

\$4,200,000 program in '57-'58 makes good phone service better

A COSTLY PROGRAM OF EXPANSION AND IMPROVEMENT IS NEEDED TO KEEP ON PROVIDING THE SERVICE YOU WANT AND DESERVE

Providing more and better service for telephone customers in Hicksville and vicinity is a big job and a costly one. In 1947, folks in Hicksville were served by 4,200 telephones. Today there are over 47,000, and more are being added all the time.

During the past year miles of new telephone cable were placed, making even faster service between Hicksville and surrounding communities. And we're nearing completion on the big job of adding facilities to the central office on West Cherry Street that will enable us to serve 8,000 additional customers.

This work in Hicksville and vicinity, which during 1957 and 1958 alone will total over \$4.2 million, is part of our continuing statewide program of expansion, improvement and replacement.

Only a company with sound earnings over the long pull can raise the money to provide the newest and best in telephone service and still hold the price to you low.

In the corridor, teacher Jane O'Reilly checks a wobbly tooth, sharing in the pride and excitement of the moment.

Magazine Features Former Resident

A three-page picture spread featuring Jane O'Reilly, the former Jane Stahley of Hicksville, appears in the current (January) issue of Bucks County Traveler published at Doylestown, Penna.

The pictures were taken while Mrs. O'Reilly, the daughter of Mr. and Mrs. William R. Stahley of 15 Elm St., Hicksville, was teaching kindergarten in Levittown, Penna. She recently became the mother of a daughter and has left teaching.

Mrs. O'Reilly was formerly a kindergarten teacher at East St. School in Hicksville. She is a graduate of Hicksville Schools and Fredonia State Teachers College, the same teaching college from which her mother graduated. Mrs. Stahley is a 3rd grade teacher in Plainview-Old Bethpage Central School District.

The feature article with text and photographs by Jack Rosen is titled "A teacher is to learn..." It says in part:

"Friend, playmate and mother twenty times over... healer of small wounds and mender of broken

hearts...the magic gift to teaching makes her holder of the key to the world of reason. Her importance in the field of education is often minimized, misunderstood, and many times she is looked upon as a glorified baby sitter. Yet in her hands she holds the hopes of a new generation: the clean, fresh minds, unscarred by prejudice or indifference.

"Commenting on the kindergarten and its place in the school system, one local school administrator put it this way: 'I would rather see the last year of high school eliminated than cut any of our kindergarten classes'."

The caption on the series of pictures published below was "The question, the concentration and finally the answer -- a graphic illustration of the learning process and its excitement for Jane and her pupil."

Rest time for the children offers Jane a chance to relax for a moment in her busy day.

Koutensky 8th Year As President New Automobile Coverage Plan

At the Annual Meeting for the Reorganization of the Board of Directors of the Long Island National Bank of Hicksville held Tuesday morning, William E. Koutensky was elected President for his eighth consecutive year.

Other Officers elected were: Norman C. Godfrey, Vice-President; Joseph A. Reinhardt, Cashier; Joseph F. Bayer, Gertrude A. Proctor, Thomas E. O'Brien, John Proctor, Jr., Arthur J. Mangan, Stephen P. Timoszyk, William H. Ward, Peter J. Fallon, and Daniel

J. DeBaun as Assistant Cashiers; and John E. Switlyk, Auditor.

At the Shareholders Meeting also held Tuesday morning, the following Directors were elected: Charles R. Carroll, Chairman of the Board; Norman C. Godfrey, William E. Koutensky, Malcolm E. Pierce, Herbert W. Purick and Joseph A. Reinhardt.

President Koutensky reported reported that the resources of the Bank increased from \$41,727,257.66 to \$50,921,731.20, a gain of \$9,194,473.54.

He looks forward to continued growth, "notwithstanding the fact that the nation has been going through a mild recession. Long Island will continue to grow and our Bank will prosper with this growth."

He expressed his personal thanks to the Board of Directors, Officers and Personnel for the "fine spirit of cooperation during the past year," including its customers and shareholders who have listed the bank. He concluded that 1958 should be another year of progress.

A major insurance company has come up with a new automobile coverage that provides a simplified answer to a complex and often controversial problem.

The old problem: who is entitled to payment -- and how much -- for injuries suffered in an automobile accident?

The new answer: Pay everyone that's hurt -- up to \$2,900 per person -- regardless of the circumstances of the accident or who was at fault.

This answer, in substance, keynotes a brand new concept of auto insurance now being introduced locally by Nationwide Mutual Insurance Co. Called "Family Compensation," it's basically an expansion of what was commonly known as "medical payment". But it's been broadened to afford greater protection to the policyholder and his family -- whether as drivers of any car, passengers in any car, or as pedestrians.

But the unique feature -- said to be a "first" in the industry -- is the extension of these benefits to the public at large.

Joseph Longaro of 319 South Oyster Bay Road, local agent for Nationwide, gives the following example of how the new coverage works:

In a two-car accident, for example, the injured persons in both cars are offered immediate compensation if either car (or driver) is covered by "Family Compensation". These benefits are available to all injured persons, regardless of which driver was at fault. There

is no need to establish liability.

Murray D. Lincoln, president of Nationwide, explains that the coverage was developed "on the theory that all injured persons are entitled to some compensation without being required to file a wrong-doer. We believe there needs to be an economic remedy, as well as a legal remedy. It is expected that this coverage will make compensation available to many injured persons who heretofore were unable to recover any part of their economic loss."

C. W. Leftwich, a Nationwide Vice president whose office developed the new coverage, explained that the "immediate offer of compensation does not interfere with coverage, explained that the immediate offer of compensation does not interfere with the laws of negligence, which up to now have been the basis for settlement of third-party bodily injury claims.

"Family Compensation," Leftwich says, "is an alternative. An injured person may accept the specified benefits of 'Family Compensation', without proving anyone was in the wrong; or he may pursue his claim under the laws of negligence, in which case he would be required to establish the liability of the person from whom he seeks damages. Either course is open to the accident victim, whichever he thinks is to his advantage."

Benefits under "Family Compensation" are for up to \$2,900 for each injured person, and up to \$7,900 in case of death.

The Villager

Children May Take Lunch

Ralph Diamond, chairman of the
Syrasset School District Committee
advised THE VILLAGER yesterday
that conferences with the School
Authorities resulted in the an-
nouncement that effective with the
opening of the new Robbins Lane
School on Monday, Jan 20, all chil-
dren will be permitted to use the
cafeteria facilities and will be per-
mitted to bring their lunch to school.
It had previously been reported
that only bus riders would be al-
lowed to bring their lunches. This
would have forced all children from
the Birchwood section attending
Robbins Lane School to go home
for lunch.

It was also announced by the Com-
mittee that bicycle transportation by
the students will also be permitted.
As a result of the previous an-
nouncement, following two months
of close work with Syssset School
authorities, an emergency meeting

of the Education committee was held
and a resolution passed to the effect
that our Civic Assoc. go on record
in favor of permitting all children
the facilities of the cafeteria and at
the very least permitting all chil-
dren to bring lunch to school. The
committee further agreed most
regularly in emergencies until
this and other school problems are
solved.

The committee is also giving seri-
ous thought to the transportation
problem and will soon come up
with a program which it hopes will
solve this problem, either with the
school authorities or by private
means of transportation. Our school
committee assures all residents
that we are alert, aggressive and
aware of our school problem and
will attempt to solve these problems
in a proper and satisfactory manner.

Jewish Centre Installs President

by Irving Herskowitz

The installation of officers of the
Jericho Jewish Centre was held on
Sunday evening, Jan 5.

The ceremony, which marked the
third installation of officers in the
very young, but most aggressive life
of the Jericho Jewish Centre, was
interesting, dignified, and very in-
spirational.

The accomplishments of the past
administration were reviewed by
outgoing President Hindley Men-
delson and were enthusiastically
received by all those present.

President-elect Max Kopelman's
message of "Vision For The
Future" was very heart warming.
The ambitious program as outlined
by the newly elected president
promises to keep many a member
on their toes. The ultimate aim
being the erection of a temple on
the site that was recently purchased.

President Max does not daily with
mere words - the impression
given was one of deeds. Upon past

performance which Max has dis-
played so capably, the confidence
exuded by the capacity crowd pres-
ent at the newly elected president
elaborated on his program shall,
and will not be in vain.

CIGARETTE LIGHTERS were used to ignite the mountain of discarded Christmas trees set on fire by Fire Chief Medard Ofenloch (at right) and William Nelson, executive secretary of the Mid Island Plaza Association, on Hicksville had its first "Burning of the Greens" on Sunday afternoon (lower picture). Top picture shows the pile blazing in an area opposite Mid Island Plaza on North Broadway. Just about an hour later the firemen were busy fighting the worst fire in re-

cent history of the community as flames gutted County Neon about three blocks further south. One of the fire trucks and crews returning to headquarters from the Burning of the Greens came upon the more serious blaze and turned in the alarm which caused damage estimated at \$150,000 and resulted in injuries for four volunteers. Confraternity Get Scout Troop Report

The regular monthly meeting of the Pius X Society of Confraternity Parents was held Monday, Jan. 6. Elwood Kent Sr. gave a report of last year's activities and accomplishments of Boy Scout Troop 491, which is sponsored by the Pius X Society. It was noted that each scout of the troop had advanced at least one step.

Mrs. Joseph Fischer, President, announced the Society is inaugurat-

ing a Question Box for the teachers and parents of confraternity children. Questions will be answered by Rev. Lawrence Ballweg, Moderator, at regular meeting. He will choose several of the most pertinent and current questions monthly.

It was announced that a new altar railing cloth is needed. Any parents of first Communicants who are interested in lending their talents

or support should contact Mrs. Fischer.

Father Ballweg wishes all a Blessed New Year and expressed his thanks for his Christmas gift, which will be used to purchase additional visual aid slides and material.

The topic for Confraternity classes this month is Confession. Father Ballweg asked all to read the article in the December issue of the "Liguorian" titled, "Obligations of Parents of Public School Children." He also spoke on the Miracle of Lourdes, the 100th birthday of which will be celebrated this February.

Father Ballweg stated that listings by the Legion of Decency on movies will be posted in the school, church and confraternity building, and urged all to refer to them frequently. Presently the "Catholic Hour" seen Sunday at 1:30 PM on Channel 4 is presenting a fine show on "Eternal Rome."

After an intermission, a film on the "Bible" was shown. The meeting was closed by a prayer by Father Ballweg.

The next regular Executive Board meeting will be held Monday, Jan. 20.

Select Topic For Special Study

HICKSVILLE — The entire topic of pupil personnel services in the School District, headed by Marvin Gibson, will be the subject of this Friday night's meeting of the Board of Education devoted to "curriculum." The third Friday of each month has been assigned to such special topics after the conclusion of certain urgent agenda items. The meeting will be held in the faculty cafeteria of the High School on Division Ave.

Young Father Dies at Airport

By Irene Gilchrist

"A nice, sensible, level headed couple" was the term used by a neighbor to describe Lynn and John Donnelly of 32 Arcadia La., Hicksville, by one of their neighbors. The neighbors had known Lynn since she moved to the house on Arcadia La. seven years ago with her parents, Mr. and Mrs. Glenn Pickett.

They had seen her grow up, graduate from Hicksville High School, go on to St. John's Hospital where she earned her R.N. Then she met John, and a little over a year ago they were married.

Since Mr. and Mrs. Pickett were moving to Arizona, the young couple decided to take up housekeeping at the house on Arcadia La. Three weeks ago John got a new job at LaGuardia airport and the nicest of all, a baby daughter was born

to them two weeks ago. Seemed to be all the ingredients for a perfect future.

But, that was all changed on Wednesday night, Jan. 8. John was servicing an Eastern Airlines plane at the field, when he crossed in front of the plane, too close to the propeller. The suction pulled him to the propeller and he was struck by it and killed.

The neighbors who had enjoyed seeing the young couple so happy now join Lynn in her sorrow. The neighbor remarked, "I'd like to go over and talk to her, but what can I say?"

It's true, there is nothing you can say, except perhaps to whisper a little prayer for the young widow and the darling little baby they both loved so dearly.

Cub Pack Visits Kings Point

Awards followed with Walter Schmidt receiving his Lion Badge, and William Gennaro a Bear Badge. Silver Arrows went to Joseph Chernauskos, Ronald Patrowicz and Carl Kozma. One year service pins were

awarded to Louis DeSapiano, Michael Gregg, Carl Kopma, Clifford Repperger, Walt Schmidt and Richard Tietjen.

Michael Galdo received a prize for the most original costume at the Halloween meeting.

Songs by new Den 6 and Den 7, and fine table displays of articles made by the Cubs were the features of the meeting.

NICHOLAI TO MEET

Second Half League Opens

HICKSVILLE -- The second half of the St. Ignatius CYO basketball season got underway Saturday at East St., Woodland Ave. and Burns Ave. School gyms.

At Woodland Ave. the undefeated Hawks who won the first half with a 8-0 record, continued their winning ways by overrunning the Eagles 21-4 which put them on the right track for pinning down the second half championship, as the Eagles were their chief competitors for the first half.

However, one win does not clinch the championship and the other teams in the league are still to be reckoned with.

In the other contest the Falcons downed the Condors by 5-2. The Condors although held to one basket in this game showed improvement over their play in the first half of the schedule and the Eagles had best keep their eye on them on them and "scrapp'n Kevin McGready and Con Rielly who returned to the wars with this game.

There was a big upset when the Comanches who wound up the first half season competition in second place, downed the first half, undefeated winners, Apaches, in a fast moving game. This game proved the old adage that the bigger they come the harder they fall by trouncing the Apaches by a 16-8 score.

The Eagles at Woodland Ave. had better take a long look at this score as they could be the next to take a tumble. Ronald Reilly was high gun for the Comanches in this game, dropping five of them

Spring Is Almost Here - Time To Sign Up For Little League

HICKSVILLE -- The International Little League will hold registration at the Division Ave High School auditorium on Saturday, Jan 25, from 10 AM to 3 PM. All boys must register, no matter what team or division they played in last year.

International boundaries are: School District line on south, Woodbury Rd on North, the west side of South Oyster Bay Road on the East and East side of Jerusalem Ave on the West to South Dean St.

through the cords to take high scoring honors with 10 points. For the Apaches, high man was Guy Van Wagon with 4 points. Mike Bowler also played an outstanding game for the Apaches and added a basket to his team's total. In the other game at this gym, the Mohawks downed the Senecas by an 8-2 score. Outstanding for the Mohawks were Greg Glimmer and Jack Ragan, while Henry Gerardo dropped in the lone goal for the Senecas. Charlie Van Dermen and Jim Van N strand played a hot defensive game for the Senecas.

Over at Burns Ave. the season opened with the Tigers emerging victorious on the long end of a 22 to 12 score. The Tiger looked very good in this one and are going to be a tough team to overcome. The Lions although losing by 10 points also played a good fast game and with a few breaks would have made this a much closer game.

In the second game the Panthers shut out the Wolves by a 6-0 score. The Wolves ran into a string of bad luck in this one as many of their shots just dimmed the basket

and fell the wrong way. The other teams in the league had better not count their games with the Wolves in the win column yet. They are capable of coming up with an upset against the best in the league.

Scores of the games at the Lee Ave. gym were not available as the Herald went to press. Track team coach, Art Murphy, tells us he is expecting to enter in some of the events of the St. Francis meet a week from this Saturday up in the Bronx. This team has been very successful in the past, coming up with a high percentage of wins and a couple of records.

PAPER DRIVE THIS SATURDAY: If you can, bring your paper and rags to the St. Ignatius School Yard. If you can, come down and help, if it's only for an hour. Remember, paper on the truck equals money in the bank, which means healthy activity, not time on your children's hands. The next meeting of the C.Y.O. for the men is next Monday night, Jan. 20.

Teachers Enter Court League

'Priceless' Pianos, Desks Available For Best Offer

HICKSVILLE -- Anyone interested in some ancient pianos --- one of which is at least 41 years young --- or in obtaining some "historic" chairs and desks which once served as the "seat of learning" at Nicholas St School for some of today's leading citizens, is invited to submit informal bids to Richard H. Cairns, superintendent of buildings and grounds, at the School District Administration Building on Newbridge Road.

The Board of Education last Friday night authorized Cairns to solicit bids for the six old pianos, two of which are at Nicholas St School and two at Lee Ave. They are considered to be beyond value for repair.

At the same time the School Board authorized the disposal, upon bid, of a heap of old desks and chairs from Nicholas School which have since been replaced with modern equipment. The discards are now heaped in a storage basement of Lee Ave School.

Piano students may find the description of these instruments interesting: Nicholas School - Winterboth Upright as well as Cable Upright, former player piano; Old Country Road School - Cable Upright no. 146752, vintage 1910; Jerusalem Ave Jr High - Franklin Upright no. 58244, 41 years old; Lee Ave School -- Starr Upright no. 202173, 32 years old, and Mirroplano.

It has been reported to the Board that it is not planned to replace these instruments.

The desks and pianos are to be disposed of "for whatever price they will bring".

At the right is William Rynsky, Oyster Bay Town Democratic leader. The club which serves Plainview, Bethpage and Old Bethpage held its installation at the North Bethpage Civic hall on Jan. 9. Halpern called upon the club members to "intensely efforts toward a dramatic Democratic victory". (Photo by Evans Reingold).
