Blow Up Half of Town? Ridiculous Says Chief

Reports that the fire at the Consolidated Magnesium Casting Co. plant at Duffy and Charlotte Avenues, on Sunday might have "blown up half of Hicksville" were branded as ridiculous this week by Fire Chief Medard Offenloch. He admitted it was a tough fire to combat but said that if water had reached the flaming furnace it would have resulted in a tremendous explosion and noise but little damage to houses in the vicinity.

A gas-fired furnace used to melt magnesium for casting got out of control of workers Sunday afternoon, and the firemen were called. A large supply of G-1 Powder, a dry fire extinguishing agent, was required. A call to Mitchell Field showed that the Army had a stock of supply at Mac Arthur Field and a helia. Fire Dept. was asked to bring in the powder.

Suffolk Police provided an escort for the light fire truck to the county

line where Nassau police took over. The race to Hicksville was made in 37 minutes.

A dump truck, owned by Fireman Chris Reimels was commandeered and six men raced to Sperry's in Lake Success, escorted by the Fire Chief's car with Asst. Chief Walter Telender at the wheel, to bring in some more powder. Co. 6 Hook and Ladder went to Grumman's in Bethpage for more of the stuff.

Meanwhile the building was sealed off and firemen awaited the powder. When it arrived a bucket and shovel brigade of 40 men was organized and quickly heaped the powder and tons of sand on the furnace.

The fire began to burn itself out, under the encrusted sand, Tuesday afternoon of this week, according to Chief Offenloch.

A five-foot mound of sand and powder was heaped over the furnace in an effort to confine the high temperature fire.

11 Calls For Vamps In Week

Among the 11 calls answered by the Hicksville Fire Dept. during the week of Jan. 22 thru Jan. 28, were two serious fires which caused considerable damage; a first aid call which necessitated the calling of the Fire Dept. ambulance; and a public call at the same residence, a few hours apart the same day.

The first serious fire occurred Thursday, Jan. 23 at the residence of James York, 32 Libby Ave.; and the second on Sunday, Jan. 26 at the Consolidated Magnesium Casting Co. on Charlotte Ave., where an oven loaded with magnesium caught fire and did serious damage, burning itself out by mid-week.

Oxygen was administered to the infant of the Jack Sachs of 30 Fox Pl. on Jan. 22, by the Emergency Squad, after which a call was made

for the ambulance to transport the baby to the Mid-Island Hospital, Bethpage.

Twice, Monday, Jan. 28, the vamps were called to the residence of Ed Dugan, 185 Spindle Rd. to put out a chimney and oil burner fire.

Other calls for the period were: Jan. 22, toy electric stove at the home of Robert Bischoff, 46 Windling Rd.; an oil burner fire the same day at the Harris Levey residence, 44 Wishing La.; Jan. 24, a chimney fire at the J.B. Morris home, 83 Duffy Ave.; a pigeon coop the same day at Woodbury Rd. & Briggs Ave.; Jan. 25, an electrical fire at the home of Rose L. Schmitt, 1 University Pl.; and on Jan. 26, a clothes dryer at the home of Fire Commissioner Vince Braun at 168 Third St.

HICKSVILLE--After a second "bomb scare" last week, two junior high students were apprehended by the school authorities. They appeared in Children's Court at Mineola, Monday, and have been committed to the Children's Shelter until Feb 10 when the final disposition in their case will take place.

The two "bomb scares" in a week were discussed at the Board of Education meeting, Friday night, when it decided by a four to three vote that "the Board is in no wise willing to condone 'bomb scares' resulting in serious disruption of both school operation and discipline and feels that disciplinary action by the School Administration is definitely warranted."

Dear Jean:

By Monday morning we should be set up and in business at our new address, 225 Broadway, Hicksville, near the intersection of Old Country Road. You can still reach us at WE 1-1400 or mail to Box 95, Hicksville Post Office. During Brotherhood Week, Feb. 16 thru 23, there will be a special window grouping of posters art at GERTZ. When the study of math in our schools concentrated on slide rules recently several parents told us there was not a slide rule to be had in town. The students had bought up the entire supply. The first week in February is Dental Health Week. Here's an appropriate bit of information with Boy Scout week right at hand. We heard at a dinner meeting this week that 10 years ago there were 7,000 boys in Nassau in Scouting. Today there are 35,000 boys and 11,000 adults in the organization. We heard a lot of nice compliments about the Library Dedication program on Sunday. Our editor, FRED JOETH, will be heard on his fourth weekly radio program over WHL at 2:45 PM this Sunday. Last Sunday he interviewed JACK O'KEEFE of the Oyster Bay Guardian, a resident of Plainville. Featured this week will be LED GROLNICK of the Levittown Tribune. Three bids for those old pianos have been received by the School Office. Nobody has rushed forward to bid on those old Nichols St. School desks which are in the storage basement of L&A Ave. School. ARTHUR ISAKSEN of Arcadia Lane, secretary of Emergency Fire Co. 5, is a patient at the Horace Harding Hospital in Elmhurst.

Our very best wishes to Mr. and Mrs. JOSEPH JABLONSKY of Thorman Ave., Hicksville who celebrated 50 years of wedded bliss on Saturday, Jan. 25. Congrats to Miss HELENE HUTCHINSON, daughter of Mrs. Thomas J. Hutchinson and the late Mr. Hutchinson of Hicksville who recently became engaged to GEORGE HERRMANN, SON OF Mr. and Mrs. Eugene Herrmann of Freeport. Also Miss MARGUERITE A. DONOVAN, daughter of Mr. and Mrs. Edwin N. Donovan of W. Marie St., Hicksville, who will become the bride of JAMES J. McDONAGH, son of Mr. and Mrs. J. McDONAGH of Huntington. Happy birthday to RONNIE SUE BOOCK of Hicksville who was 11 years of age on Monday, Jan. 27. Our sincerest sympathy to the Gukenberber family on the death of their Dad over the week-end. Sympathy also to the WALTER THIEL family of Sunset Ave., Hicksville, on the death of their mother and grandmother, Miss Mary Thiel of Lynbrook. The Ladies Auxiliary to the Hicksville Fire Dept. will meet on Tuesday evening, at the E. Marie St. firehouse. Look for quite a few young ladies and gentlemen dressed up in their best bits and tucks on Saturday evening. The same night as the annual dinner of Co. 5 of the Hicksville Fire Dept., Juniors and Seniors of the Hicksville High School will be enjoying their annual prom. Also, Queen of the Rosary Academy for Girls will hold their annual Senior Prom at the school in Amityville. Quite a number of Hicksville girls will attend with their escorts.

DON ZIRKEL of Moeller St., Hicksville a member of the editorial staff of the Brooklyn Tablet will appear next Sunday on the WRCA TV program, "It's Your Life", presented at 9:15 AM. FARLEY writes from Milton, Pa., that she wishes her many friends in Hicksville a happy and prosperous 1958 and that she expects to see many of them in the near future. According to the Kiwanis Bulletin, FRED SUTTER had his wedding anniversary and birthday on the same day, Jan. 25. The Beau Sejour, in Bethpage, is celebrating its golden anniversary this year. Over PAUL WILSON was a gracious host to the Mid-Island newspaper editors last Friday in behalf of the Boy Scout Fund campaign. Every home in Nassau will get a circular delivered by a Scout on Saturday, Feb. 8, giving notice of the fund campaign the following day. When Supervisor JOHN BURNS spoke before Hicksville Chamber of Commerce last Friday, he reported that engineering plans for the Hicksville RR elimination will be finished in 1959. He also said that the state engineer wants to know if a sealer should be included to lift commuters to the above ground station and that the town legal department is going to check into it. About 300 Boy Scouts will be at Mid Island Plaza for a "Scout-A-Rama" on Saturday, Feb. 8, including contests in tent erecting, cooking and other outdoor events.

Cubs Stage Model Car Derby

The whistle blew, the engines roared, and they were off. And were the cub scouts of Pack #376 of Hicksville, as they played the proverbial role of "good scouts" for the patients of the St. Alban's Veterans Hospital, Thursday.

Equipped with a set of Pinewood Derby model car kits to be presented to the veterans, a 30' wooden track and a completed set of Pinewood Derby model cars, the cubs ran a series of races in the hospital ward for the entertainment of the veterans. They further demonstrated how to whittle, assemble and paint the cars so that the next series of races can be run with cars made by the veterans themselves.

Thursday's demonstration was the start of "Good Will Tour" by Pack #376. The cubs plan to conduct a series of races in each of the hospital wards. However, additional funds are still needed to purchase enough model car kits so that one is available for every patient in the hospital. The cost of one kit, which will make five cars, is \$2.95. Any organization or individual wishing to contribute to this venture can obtain further information by calling Chairman Dominick Grass at WE 5-8063.

Tonight (Thurs) the second series of races will be conducted at the hospital, using the models made by the veterans.

MEETING TONIGHT

The Burns Ave. P.T.A. of Hicksville will hold a card party at 8 o'clock in the evening tonight (Thurs) in the school cafeteria. Tickets can be obtained at the door for 75 cents apiece.

FIRE BURNS OUT FAMILY

Tense Drama On Woodbury For Birds

by Fire Buff I. Glichrst

HICKSVILLE -- It was about 6:45 PM on Friday, when we heard that sound that always gives you a sick feeling in the pit of your stomach -- the siren. Being rather busy and having the radio playing we didn't pay too much attention to the box number, but out of habit at about the conclusion of the first cycle of the call we went to the back door. We were diagonally across from the Briggs St. station, and about that time the truck is just leaving the firehouse. But as I went to check on the truck, I was startled to see the dwelling on the other side of Woodbury Rd. almost directly across from our home was the scene of the fire. Flames were shooting up one side, twice as high as the structure itself.

Naturally the firemen were on the scene by this time. Men jumped off the truck and went into action. It was fortunate -- if you could call it that under the circumstances -- that the blaze was so close to the fire station. Having observed the inhabitants for the last year or so, we know they retire very early. In moments floodlights were directed on the burning structure and water was being poured on the flames. But this time two more fire trucks arrived well behind, and about ten private cars of volunteers had already arrived. Next on the scene was a police car, and almost directly behind, the Fire Chief arrived. Of course all during this melee the firemen of Woodbury swinging his red lantern did a splendid job of keeping the homeward-bound motorist from creating a bottleneck and preventing the fire-fighting apparatus from arriving on the scene. It's wonderful how smoothly the volunteers operate. All this took

place in less than 15 minutes and it was all over.

What we could not see from our post we later learned from eyewitnesses on the spot. The first fireman to arrive immediately awoke the residents and led them to safety. Three that is, one who is a known recluse and never leaves the premises except on being coaxed, had to be forcefully, though gently removed. All were safe. The owners of the building arrived and after viewing the damage decided to take the displaced tenants to their own homes to spend the night. Although this is by no means official, the owners voiced the opinion that it was "arson". They suspect a certain person with whom they have been having trouble. But as long as their tenants were safe that's all they cared about. They made plans to start repairs the first thing Saturday morning. Being very thankful to the Fire Dept. and also glad of the fact that none of the firemen were injured either, they left.

Upon arising Saturday morning, after we were awake enough to remember the fire, we went to our post at the back door to see the extent of the damage. It wasn't too bad. One side of the building was pretty badly charred, but by no means beyond repair. Then late Monday afternoon we glanced across, to the scene of the fire and the four little boys who owned...the pigeon coop...were dismantling it and moving it away on a wheelbarrow. We learned that since they all live a few blocks away they decided to move it closer to their homes as they can keep an eye on it, and it's very highly treasured inhabitants.

Hicksville Veterans of Foreign Wars Post No. 3211

by Lou Palladino

We wish to start by extending an open invitation to all those fellows who were members of this Post, and for one reason or another let their membership drop. We are referring to the World I as well as the World II vets. To you fellows that never did join, you are just as welcome. For you who were once in the Post, all that is needed is your dues for 1958, and you'll get your membership card. Hicksville is a growing metropolis and we feel that many of you are waiting for a formal invitation. With heartfelt sincerity we wish you to become one of us.

Having a fellow like Frank Sutter in our organization is quite an asset. We have many good men in our Post, but I can't name them all in this column. I will say of Frank, that when it comes to technicalities, he's the boy who knows the score. We seem to look towards him for guidance.

We were all surprised to see Eddie Shannon at the bowling alley. Commander Walden picked him up, and took him home. It seems that Eddie's main injury is a head in-

READER OPINION

To the Editors:
I have been delegated by the Midland Civic Association (Trade Secrets development) to place our association on record as being against the proposed purchase of 50 acres of Press-Wireless property for a park site. Accordingly, our association would be grateful for your early publication of the following as a "Letter to the Editor."

MILLION DOLLAR PARK
There is a move among certain Hicksville organizations to sponsor purchase of 50 acres of the Press-Wireless property for a park site. The Midland Civic Association wishes to go on record as being against the plan for the following reasons:

(1) Cost approximately \$1,000,000
(2) Proximity of Bethpage and Salisbury Parks
(3) Removal of this land from the tax rolls

The basic question is this: with park and recreation areas to the North, East, South and West of Hicksville is it worth a million dollars to create another park which would take years and many more thousands of dollars to make park-like. The cost for this would be borne by the Hicksville Park and Parkway District, the same organization that took three years to find sufficient funds for a wage and slide in our neighborhood park.

LEGAL NOTICE

PUBLIC NOTICE
NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Town Board of the Town of Oyster Bay on Tuesday, February 4, 1958, at 10 o'clock A.M. in the Hearing Room, Town Hall, Oyster Bay, N.Y., at which hearing citizens and parties interested will have an opportunity to be heard upon the following proposed Explosive Ordinance of the Town of Oyster Bay:

EXPLOSIVE ORDINANCE
FIRST: It shall be unlawful for any firm, corporation, company or person to have, possess, keep, store or use any explosives without obtaining a permit from the Clerk of the Town of Oyster Bay, except such articles as are regulated by the Interstate Commerce Commission regulations for the transportation of explosives or other dangerous articles, and unless these explosives are stored, used or transported in conformity with the

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N.Y.

By ARTIE RUTZ

The Legion's blunt warning that a frontal, all out attack against Veterans' benefits by our government would be made soon, was branded as a Legion propaganda ploy to gain new members, but on Sept. 12, 1957, the attack upon us opened. Since then we have had numerous inquiries about just what the Legion was going to do about it, and here is your answer.

"If necessary, The American Legion, Dept. of New York, will prove in court that the interpretation of Robert F. Kilmer, Counsel to the New York State Board of Equalization and Assessment, calling for 100% assessment on homesteads purchased by veterans in place of the present 55,000 tax exemption is as illegal as it is shocking and discriminatory." Commander Guy Smith of Hicksville's Charles Wagner Post #421, states.

Asserting that Kilmer's memorandum of Sept. 12, 1957 to the State's 800, Assessors is "contrary to law and an invitation to circumvent the law," Commander Smith said that The American Legion, Dept. of New York, has organized a special Legal Committee, headed by Past Dept. Commander Martin B. McKnealy, an attorney from Newburgh, to test the legality of this interpretation.

Commander Smith added that a number of other Past Dept. Commanders of the Empire State American Legion are also serving on the committee.

"We don't know what inspired Kilmer to believe that the State Legislature and all of the officials who have helped to operate the present law successfully for nearly 61 years have been wrong all this time and that he is right. But we do know that The American Legion is not going to stand idly by in the face of this heartless and discriminatory attack on New York State's 400,000 or more veterans, many of whom have war connected disabilities," Commander Smith declares.

"And it is discrimination against those whose services to our nation merits preference, not punishment," he added.

"No matter how Kilmer may try to 'sugar' up his interpretation, its effect, if carried out, would be to force the veteran who purchased a homestead with his compensation payments to pay taxes at a 100% property assessment valuation, less the \$5000 ex-

emption, while his non-veteran neighbor is taxed an assessment approximating only 40% to 50% of his property's value," Commander Smith said.

"Kilmer may think that disabled veterans are not entitled to the modest but necessary benefits of the present law. The American Legion doesn't buy his thinking. Above all we won't accept a condition, which his interpretation would create, whereby veterans not only lose their present benefit but end up by paying substantially higher taxes than those who never saw service at all," Commander Smith said.

"We don't think the people of New York want this to happen either. Certainly we are hopeful that these veterans directly involved in this issue, when they realize what is happening, will join with the American Legion, Department of New York, in our fight to prevent the unwarranted and unnecessary miscegenation of justice Kilmer proposes," Commander Smith concludes.

There you have the statement of our Past Commander on what we, The American Legion, are going to do about it. It makes one shudder to think, that if we as individuals had to fight this attempt, instead of 3,000,000 Legionnaires, just how far we'd get. Our voice would be heard as much as a pin dropping on velvet during a thunder storm.

Now, perhaps the veterans of the Hicksville area will wake up and come out of their smug indifference regarding veterans' organizations and realize that they could be tarred and feathered, and not a thing they could do about it. I don't hate to harp on this subject of membership because it for everybody's good that all eligible veterans in or out of our area become acquainted with the strength and benefits of the American Legion. Get out and sign up those veterans who have been putting us off just to save nearly \$6 annual dues now. They should understand by now that they stand to lose many times that amount each year if our organization can be defeated in upholding the veterans' rights. For the good of the Legion, for the good of America, for the good of our children's future, get out and work hard to bring your veteran neighbor, friend, relative and fellow employee into our Post.

The next meeting is Feb. 3 at 8:30 P.M. and the doors will be open wide.

to the application before being acted upon by the Town Clerk.

SIXTH: All permits shall expire one year from the date they are issued, unless sooner revoked by the issuing authority.

SEVENTH: There shall be a fee of TEN DOLLARS (\$10.00) for the issuance of a permit hereunder by the Town Clerk provided however that there shall be no fee for the issuance of a permit to a school or educational institution approved by the Board of Regents, or to an individual to keep, store or possess explosives solely for the purpose of reloading small arms ammunition for his or her own personal use.

EIGHTH: Any person violating this ordinance shall be guilty of a misdemeanor and shall be liable to a fine of not more than \$100 or imprisonment for not more than sixty (60) days or both.

NINTH: The Ordinance regulating the transportation, storage and discharge of fire-arms and other explosives within the Town of Oyster Bay adopted by the Town Board of the Town of Oyster Bay on August 28, 1928, is hereby repealed and all permits issued hereunder are hereby cancelled.

TENTH: This Ordinance shall take effect immediately.

John J. Burns, Town Clerk

New School Aid Plan

ALBANY REPORT

A completely new formula for emergency State Aid to financially distressed school districts -- above and beyond any general upward revisions in the present State formula -- was presented to the State Legislature here, early this week, on Friday at a weekly legislative conference with Nassau County Executive A. Holly Patterson, the "Nassau Plan" has been formulated.

The new proposal, designed to be in addition to any other increases such as those advanced by the State Educational Conference Board was introduced by Assemblyman Edwin J. Fehrenbach and Senator Edward J. Spino. It will set up a system for the distribution of more emergency help to all State districts with property taxes in excess of \$19. per each \$1,000 full valuation.

Adm. explained at the conference that Assemblyman Carlino, the bill would return State funds of 20 cents for each dollar to districts with rates of from \$19. to \$20. A sliding scale provides: 25 cents on each dollar from \$20. to \$21; 30 cents from \$21. to \$22; 35 cents from \$22. to \$23; and 40 cents from \$23. and up.

"Right now in the State of New York," Carlino told the nine Nassau legislators and County Executive Patterson, "77 school districts would benefit by the 'Nassau Plan'. Of the 77, twenty-eight are here in Nassau: 25, in Suffolk; 10 in Westchester and the rest scattered. Of the estimated total emergency relief of \$3,600,000, our County would merit about \$2,793,600."

Assemblyman Fehrenbach pointed out that under the bill which he co-sponsored, Plainville would get the largest allocation. "This deserving district," stated Fehrenbach, "would be greatly aided by the extra \$241,610 which this formula would provide on a basis of \$3.47 per \$1,000, in addition to present aid."

Of 15 distressed districts in the State eligible for top 40 cents on the dollar re-imbursement, 10 of them are in Nassau, a survey shows. The allocations and reductions in the hard-pressed Mid Island districts:

Roslyn, \$280,719. (\$2.90 for each \$1,000 full valuation); Herricks, \$177,209. (\$2.56); Levittown, \$410,324. (\$2.56); Plainville-Bethpage Central, \$127,853. (\$1.29); Island Trees, \$64,014. (\$1.21); Hicksville, \$130,553. (\$1.77); Bethpage, \$43,981. (\$1.59); Farmingdale, \$69,882. (\$1.49).

"This special consideration for Nassau's districts above and beyond any general increases worked out by the Legislature," observed County Executive Patterson, "is well thought out and I believe can be passed."

Legislators agreed with Patterson that "earnest consideration" should be given to the program advanced by the State Educational Conference Board to bring about "increased State Aid generally."

MAKE A LOCAL COMMERCIAL BANK YOUR FAMILY BANK

WHAT DOES THE CLEARING HOUSE MEAN TO YOU?

Plenty...it's the only Clearing House Service of its kind offered in the whole United States... it serves you in 3 important ways -

CLEARING OF CHECKS

Only your commercial bank offers you checking account services, and only the Nassau County commercial banks, through their Check Clearing Bureau, offer you over-night check clearing. You get the convenience and safety of check use and quick credit to your account. Last year the Bureau cleared over 23 million checks with a value of 2½ billion dollars.

CLEARING OF CREDIT

When an application for a loan is made to any member bank, it is cleared through the Credit Bureau files and data is supplied to member banks by telephone or teletype. This enables your bank to act quickly—often to grant your loan on the day application is made. Over 200,000 names are cleared each year.

PUBLIC SERVICE AND INFORMATION

Through the office of the Executive Secretary of the Association cooperation is furthered between member banks and the community. For example, useful and timely economic data are released as quickly as they become available, to the merchants and manufacturers of the County.

2. Check is taken to Clearing House by armored truck.

3. Check arrives at Clearing House with thousands of others from all parts of County.

5. Sorted checks are delivered to the banks on which they are drawn by 8:00 A.M.

6. The check Sam deposited, having been collected, becomes ready cash.

"It made having a virus almost fun!"

"When a virus sent me to bed recently, several friends called to ask who was taking care of me. I replied, 'my telephone.' I really don't know what I'd have done without that wonderful instrument. Checking with my doctor. Calling the druggist, the butcher, the grocer. And most important to a sick bachelor girl, relieving my loneliness by chatting with people—without exposing them to the virus."

Mothers Hold 75th Meeting

The 75th meeting of the St. Ignatius Loyola Auxiliary of Christian Mothers was held Monday evening, Jan. 27 in the school hall on E. Nicholai St., Hicksville. Father Wisler opened the meeting with a prayer and the singing of the hymn, "Come Holy Ghost". The meeting was then turned over to Mrs. George Wright, President.

It was decided that effective with the First Friday in February, the children of St. Ignatius School would attend 11 o'clock Mass, thereby enabling them to eat their breakfast before they leave for school. Mothers should see to it that the children have finished their breakfast by 8 AM to allow for the three hours necessary fasting before receiving Holy Communion. Therefore, there will be no breakfast served in the school cafeteria.

The mothers' Annual Social will be held Feb. 14 in the school auditorium. Tickets will be \$3. per couple. This includes refreshments and buffet supper. The Social is limited to members and their husbands.

It was decided that the Communion Breakfast of the Auxiliary on the third Sunday of May will take place at the Viennese Coach. Tickets will be \$2.35.

Inter-term recess for the St. Ignatius school pupils was formerly one week. This year it will be one day, this Friday Jan. 31. Classes will resume Feb. 3.

After intermission, a film supplied by the Blue Army, was presented by Mr. Warren Utz. It dealt with the Miracle at Fatima and was most enlightening and inspiring.

The Dark Horse was won by Mrs. Mary Gillette.

The meeting was closed with a prayer. The next meeting will be held Feb. 24.

Estrin Signs For Recordings

Morton Estrin, well-known concert pianist and teacher of 33 Picture Lane, Hicksville, has been signed to an exclusive contract with Fantasy Records. His first long-playing record, which will be released in a few months, will include the four Ballades and the F minor Fantasy by Chopin.

Estrin has been heard frequently in concert and recital on Long Island as well as in New York and throughout the country. His annual concerts at the Levittown Reform Temple have drawn capacity audiences for the past few years and his appearance with the Long Island Symphony last season as soloist in the Tchaikovsky Concerto brought the audience to a frenzy of enthusiasm.

This season Estrin will be heard again at the Temple as well as at Carnegie Recital Hall in New York, dates to be announced shortly.

Civics Rename Bumpy Road

The Bethpage Civic Assoc. will file with the Town Highway Dept. a formal protest against the "gutter condition" of Grohman's Lane-Farmer's Ave. in Plainview and Bethpage.

Frustrated drivers from the several developments which are serviced by this road have many new names for the thoroughfare, none of them complimentary, and among them "Car-Graves Road."

The ever present Town Highway Maintenance Crew adds to the scenic delights of Grohman's Lane-Farmer's Ave., constantly patching this road.

A spokesman for the Bethpage Civic Assoc. states that "If the materials used in the original construction of this road were actually first class, as was claimed by an official from the Town Highway Dept. who addressed the Assoc. last year, there would be no need for constant patchwork and repair. Excessive road repair (and car repair) is an added burden to the taxpayer. 'Besides, who can afford a yearly auto trade-in?'"

Mr. and Mrs. Philip Gately, 19 Essex Rd., Bethpage, and their children leave Idlewild Airport on Friday for Hollywood, Florida.

Dr. Benton is the principal of the Plaza School in Baldwin and is also connected with Adelphi College.

Arithmetic became entertaining as presented by Dr. Benton. He explained the present method of teaching arithmetic in the elementary schools. Each child is considered individually. Abstract thinking in connection with numbers is not introduced until the child is able meaningfully to comprehend our number system. It is the belief of educators today that arithmetic will be retained by the child if taught by the use of visual aids and real life situations.
