Enroll Kindergarten Pupils at High School

HICKSVILLE—Central Kindergarten registration dates, providing one week for each elementary school, were announced today by M. L. Chittenden, registrar for the public schools. It is not necessary to bring the child to the registrar's office, he said, since a Kindergarten visiting day will be held later in the year.

To be eligible, children must be five years of age before Dec. 1, 1958. An application will be mailed to all families who have a potential kindergarten child on the school census rolls. Parents are asked to complete the form at home and be sure to bring a birth or baptismal certificate with them.

Central registration office is Room 104 of the High School on Division Ave from 9 AM to 3 PM, Monday thru Friday. All registrations take place at the High School with the following dates assigned for the various buildings: Dutch Lane, Feb 10-14; Burns Ave, Feb 17-21; East St, Feb 24-28; Fork Lane, Mar 3-7; Lee Ave, Mar 10-14; Old Country Rd, Mar 17-21; and Woodland Ave School Mar 24-28.

"If you have a neighbor who is new in the district and has a child eligible to register, we will appreciate your telling them about Kindergarten registration and perhaps bring them with you to the High School Office," Chittenden said.

Scholarship Fund Opens Today

HICKSVILLE—The High School P-TA campaign to raise \$1500 for high school scholarships opens today and will continue thru Saturday, Feb 8, with volunteers in supermarkets offering tags and bumper strips to donors to the fund. Mrs. Theodore Rosebery is chairman of the project. Bumper strips are available for donors of more than a half dollar at the new HERALD office, 225 Broadway, also.

Fire Board Sets Hearing Date

HICKSVILLE—A public hearing was set today by the Board of Fire Commissioners for Tuesday night, Feb. 25, at the E. Marie St. Firehouse upon a proposed acquisition of additional land adjacent to the Strong St. fire station. A map of the property is on file with H. C. Hines, engineer, and with Guy B. Smith, secretary of the fire commissioners, at the E. Marie St. Hdq. A proposal for the expenditure of money for enlargement of the Strong St. firehouse was approved by the taxpayers at the last annual budget vote.

Smith, who is commander of the Charles Wagner American Legion Post, has been appointed as secretary of the fire commissioners.

Bernard Schuster, who formerly held the dual position of secretary and treasurer of the fire district, will continue as treasurer until the end of his term. The office of treasurer is filled by election for a three-year term. The position of secretary is appointive.

110 Students Give Program

"Getting To Know You", a student participation program, will be presented at the meeting of the Hicksville Jr. High School P. T. A. tonight (Thurs).

110 of the 7th, 8th and 9th grade Jr. High School students directed by Mrs. Elaine Kirschner, a member of the faculty, have been rehearsing for many weeks to make this an outstanding program. The students will appear in groups as well as solo and the Scouts of America will lead a prayer.

Among the countries to be represented in song, dance, or recitation will be the USA, Hawaii, Spain, Scotland, Israel, Japan, Ireland, Italy, Russia, Germany, England and Latin America.

As the Jr. High Auditorium has not been completed, the program will be held at the Hicksville High School on Division Ave. at 8:15 p.m. All are invited to attend.

Hicksville Stays Among Top Ten

NEW YORK CITY—The community of Hicksville with 480 business establishments remained on the list of the top ten in Nassau County, as reported by Dun & Bradstreet Reference Book for January 1958; but has slipped down from fifth to seventh position. Hicksville lost ground to New Hyde Park and Mineola which were sixth and seventh last year and now report 503 and 497 business firms respectively.

While Dun & Bradstreet did not make the point, it is believed that a number of business firms which were previously listed as "Hicksville" were in fact Plainview and vicinity and have since been de-

scribed in their correct post office areas.

Hempstead is first on the Nassau list with 752 followed by Freeport with 607, Great Neck with 571, Valley Stream 558, and then New Hyde Park, Mineola and Hicksville.

Eighth on the Nassau list is Westbury with 468, followed by Rockville Centre at 418 and Farmingdale, not previously on the list, at 403 to complete the list.

Babylon is first in Suffolk with 557 followed by Huntington with 510.

Dun & Bradstreet noted that "for the first time in 10 years Long Island will show a leveling off in

the number of businesses listed. "These figures", according to H. Harper, NY District Mgr for Dun & Bradstreet, "reflect to some extent the somewhat unsettled conditions in the LI counties that resulted from business activity in 1957." Overall there was a slight decline in business names. Nassau dropped from 13,866 to 13,690.

"It should be noted", the report states, "that the reference book consists of manufacturers, wholesalers and retailers in the main. Service types of business; such as barber shops, beauty parlors, real estate broker and professional people are not normally included."

Civics Renew Effort To Get School On Willet Ave Site

HICKSVILLE—Efforts were renewed this week by the Midland Civic Assoc. to obtain the construction of an elementary school building at the so-called Willet Ave. site as a possible alternate to the proposed Cantigue Road school which may result from residential development of the vast former Press Wireless acreage. Voters of the School District on two occasions in 1956 turned down proposals for a school at Willet Ave.

Meanwhile, the Board of Education at its meeting last Friday night indicated a possible revision of its original thinking and gave consideration to moving the proposed Cantigue Road site further east and north on the Press Wireless property, adjacent to the State Parkway.

The School Board, Friday night, heard a letter from Loren Portman, president of Midland Civic Assoc., submitting a special report of a Civic Assoc. committee urging further consideration of the Willet Ave. site. School Attorney S. Arnold Witte was directed to determine the current asking price for the parcels which make up this site in the area of the Trade Secrets Homes.

The Board also had a detailed study presented by the school administration of anticipated transportation problems resulting from a site at Cantigue Rd vs Willet Ave and a projection of student enrollment.

The site now under Board consideration at the Press Wireless may be less expensive than the Cantigue Rd frontage which may run almost 120,000 an acre. The north-central site, adjacent to the Parkway at the point where an under pass has been built but never utilized, involves two owners. Part is owned by Sasnow and Schwartz, builders of Birchwood Park at Jericho who also own a large tract north of the Parkway and mostly in Jericho, and the balance by Galup Inc who have acquired the Press Wireless holdings.

Newsstand Filth Under Attack

East Meadow, Hicksville and Levittown organizations were invited this week to send delegates to a public meeting in Hicksville High School Auditorium on Wednesday night, Feb. 26, at 8:45 PM called by the "Joint Committee for Elimination of Indecent Literature". Joseph F. Cawley is chairman and Thomas A. Powell, secretary, of the Committee.

The announcement of the meeting states "This committee, having studied the local scene for several months is of the opinion that the salacious material available to young people on certain newsstands in the three communities represents not only a threat to the young, but a community challenge which cannot be ignored. The Committee has secured the services of several prominent people to help in a brief and graphic exposition of the problem."

THIS GROUNDHOG did see his shadow at the Mid Island Plaza, despite the inclement weather on a very snowy Saturday. The animal was procured from a theatrical animal concern and arrived at the Plaza direct from a television appearance. Not too much interested in the shadow business is two-year-old Elizabeth Weisner of Baldwin, William Nelson, executive secretary of Mid Island Plaza Assoc. is the authority for whether or not the groundhog saw or did not see his shadow, a prediction of prolonged cold weather before Spring. MR. AND MRS. BRUCE ASHLEY BARNES

The wedding of Miss Barbara Jane Cruess, daughter of Mr. John F. Cruess, Jr., of Huntington, and Bruce Ashley Barnes, son of Mrs. T. Barnes of Hicksville and the late Mr. Barnes, took place on Sunday at 4 p.m. in the Holy Trinity Episcopal Church, Hicksville. The double-ring ceremony was performed by Rev. David S. Duncombe. The bride was given in marriage by her father.

The bride's floor-length gown was of peau-de-sole silk with long sleeves, trimmed with seed-pearls. Her finger-tip veil fell from a cap of seed-pearls. Her bouquet consisted of white camellias and stephanotis.

Miss Marjorie Bunyan of Huntington, Maid of Honor, wore a silk-taffeta gown of jade green with matching hat and carried a bouquet of French roses.

Bridesmaids were Miss Margaret Rowe of New Hyde Park and Miss Janet Hiker of Malverne. They were the same attire as the Maid of Honor and carried bouquets of yellow roses.

Horest Gaika of Hicksville, the groom's brother-in-law, was Best Man. Ushers were Kenneth Becker of Huntington and Alfred Lehman of New Hyde Park.

The new Mrs. Barnes is a graduate of R. L. Simpson High School and attended Hofstra College and the Katherine Gibbs School for secretaries. She was formerly employed by Grumman Aircraft. The bridegroom is a graduate of Hicksville High School and Long Island Agricultural and Technical Institute, Farmingdale. He is presently employed as a technical associate by Bell Telephone Laboratories in Whippany, New Jersey, and is attending night-classes at Fairleigh Dickinson University, New Jersey, for his degree in Engineering. After a reception for 50 people at Felice's Restaurant, Westbury, the couple left for a wedding trip to Bermuda. Upon their return, Mr. and Mrs. Barnes will reside in New Jersey.

Herald Office is at
225 Broadway

Dear Jean:

Congressman WAINWRIGHT this week announced that PATRICK J. SANSFIELD of Hicksville is an alternate selection for appointment to the US Naval Academy at Annapolis. . . . The HERALD is now settled in its new address, 225 Broadway, just south of the corner of Old Country Road, next to Botta Bros. Our thanks to the many who called to wish us luck and success and to WILLIAM E. KOUTENSKY, president of LI National Bank of Hicksville, for his gift of a lovely dish garden which graces our display window. . . . VINCENT D'ANGELO of 14 Wellesley Lane, Hicksville, has been named chairman of the first Heart Sunday drive here the afternoon of Feb. 23. . . . From the Rotary Club Bulletin, "The Steering Wheel" edited by GEORGE RUBIN while FREEMAN PARR is on vacation: "Nothing hurts more than the friendly letter that was never written." . . . WILLIAM ALONGE became a member of Hicksville Rotary Club and was presented with a past treasurer's pin instead of the ordinary membership pin. The error has been corrected. . . . Oyster Bay Township population, according to the federal census, was announced as 245,353 as of April 1. This week the Planning Commission, based on school district enumeration, said the town has 276,893 men, women and children. . . . Supervisor JOHN J. BURNS will be heard on radio station WHLT at 2:45 PM this Sunday as the guest of GLEN PHARES, editor and publisher of the Massapequa South-easter, in the fifth of the radio series coordinated by FRED J. NORTH. . . . March of Dimes campaign has been extended into February. . . . We understand that ARTHUR L. ERICH, member of Hicksville School Board, was the subject of an article in a drug publication reporting on his recent promotion in the drug firm with which he is associated. . . .

A bill introduced by our State Senator HULTS and Assemblywoman GENESTA STRONG which would increase the time for filing nominating petitions in school board elections from 11 to 14 days before the school election (Int. S1057-A 1285) is awaiting final approval in Albany. The North Hicksville Civic Assoc with IRWIN GOLDMAN as president probably was among the first to propose this change in the law. . . . REV. EDWARD H. STAMMEL will address the next meeting of the Lutheran School P.T.F.A. at the Trinity Lutheran School Gym next Tuesday night, Feb. 11. He will talk on a Lutheran High School for Nassau and Suffolk. Rev. Stammel was recently granted a six months leave of absence from Trinity Lutheran in order to allow him to devote full time to the High School movement. . . . JOSEPH TOURNEY of Amityville has been named the Prudential Insurance Co.'s leading Hicksville district agent for 1957. His total sales were \$926,196 of all types of Prudential insurance with annual premiums of \$19,212.62. . . .

Some of the shocking things we read of happening in schools in other areas may seem far removed and not possible in our own back yard. But we heard of an incident the other night that makes you stop and think twice. There was a teen-age dance nearby at one of the elementary schools not sponsored by any P.T.A. Smoking, which is prohibited, was permitted in the lobby and vestibule. The custodian, was overheard by a parent who had escorted his offspring to the dance, complaining to a man evidently in charge about the excessive smoking. The man replied that was not so bad, because it was only a way of the kids showing they are growing up, but he was concerned more about "where they had the bottle" nodding towards four youths who were evidently going outside for more than the first time. About a half hour later, the parent returned to wait for his child, feeling uneasy because of what he heard earlier, and there were two groups of boys, around 18 and 19, getting cans of beer from two cars parked directly in front of the building. The matter has been reported to the proper authorities. But, for the sake of your children, when you allow them to go to these teen-age affairs, take a moment to check on what's happening. Sometimes all it needs is a few parents who are willing to stay around to discourage the element from spilling an affair. In this case we can't seem to understand why this was permitted by the person or persons in charge. . . .

A St. Valentine's Day Dance will be sponsored by the Levittown Catholic Daughters of America, Court St. Plus X, at 9 P.M., Friday, Feb. 14 at Levittown Hall. The Ladies Auxiliary of the Wm. Gause, Jr. Post, VFW, Hicksville, will hold a Social Night on Thursday, Feb. 13 at the VFW Hall on Grand Ave. A travelogue film will be shown, followed by refreshments.

Give Scouting Your Support

BY FRED J. NOETH

THE BOY SCOUT Fund Drive, which has reached a fine degree of organizational efficiency in Hicksville with more than 600 adults going from door to door, takes place this Sunday, Feb. 9.

There are many worthwhile appeals for contributions these days and they all deserve community support. There are new ones appearing on the scene almost every month.

However, the long-lasting and increasing value of the Boy Scout program is so well-established as to hardly need emphasis at this time.

Last week we published a picture of the 6000th Boy Scout enrolled in the Tri-Parkway District which includes Hicksville, Bethpage and vicinity. When one considers the fact that only ten years ago there were 7000 scouts in the entire county of Nassau, the growth of this organization can be appreciated.

Volunteers will be ringing door bells this Sunday in Hicksville, Plainview, Jericho, Bethpage and other mid-island communities. Be ready for them with your financial support.

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N.Y.

By ARTIE RUTZ

Rehabilitation of the disabled veteran is a basic community service and this recognized need has long been one of the four cardinal principles of The American Legion. The National Rehabilitation Commission of the American Legion under the chairmanship of Robert M. McGurdy has issued a new 22 page booklet entitled "Rehabilitation in Community Service."

The publication re-emphasizes that the American Legion should be a primary source of information, advice and assistance to all disabled war veterans, and the dependents of deceased veterans. It is part of the rehabilitation goal of The American Legion to see that these surviving dependents have the expert guidance of Legion Service Officers in perfecting their claims.

Among the aspects of rehabilitation work discussed in the new publication are disability and death compensation, disability or death pension, dependency and indemnity compensation, war veterans government insurance, education and training under the GI Bill, vocational rehabilitation and hospitalization of disabled veterans. To quote a resolution adopted at the Legion's 39th National Convention at Atlantic City in Sept. 1957, "An important

part of community service lies in the case of the disabled war veteran who is your neighbor down the street."

THE 39th National Convention holds the belief that The American Legion Post should never cease to work for the disabled war veteran, whether his disability is physical, mental or economic. As a point of information--The only VA benefit which needs to be reported on the 1957 Federal Income Tax Returns is the case of interest earned on GI life insured dividends left on deposit. GI dividends themselves are tax free but under an Internal Revenue ruling, when dividends are left on deposit with the VA, interest earned on the dividends is not a benefit and is taxable. And talking about benefits--

One of the greatest boons in the life of a World War 2 soldier was the invention of pumpkin and peanut bread with which all kinds of amazing things could be done. The inventor is a member of our Post. This has been to date, one of the best super kept, super secrets of that war. And once more about benefits--This time, give your son the benefits of The Sons of The American Legion by enrolling him at their next meeting.

OPERATION VFW

Hicksville Veterans of Foreign Wars Post No. 3211

by Lou Palladino

Our post is always interested in any movement that will be beneficial to our village, particularly to our children. The new library in Hicksville is no exception. The ceremonies conducted were quite formal and attractive, with most of the organizations of Hicksville present. Our Commander, George Walden, wisely decided to donate an outside flag. I know that the other organizations donated various useful things, and it is very gratifying. However, we will let our local paper, The Herald, take care of that part. This is just to let you know that our post was represented and that we took part. It is a beautiful place and a building we can be proud of. I suggest that if you haven't seen it, the library will be worth your effort to visit, and I mean it is for all age groups.

A little good new of the blessed events in our post. Mr. and Mrs. Bergoni had a son. Mr. and Mrs. George Wemmer had a daughter. What no boys George? We are happy to report that both fathers and babies are doing very well thank you. Once again this week I wish to make mention that we of the post are eagerly waiting for some of our vets who allowed your membership to drop. Again I say we invite you to renew it. If you can't get to the meeting just give your dues to some member whom you know and your card will be mailed to you. We still have Bill Frohmoefer, better known

as Spike, working like a beaver. We don't let him do much relaxing. To get our boy to squander Post money is like pulling hens teeth. If it's up to Spike we will be the strongest post in the County. Most of us already feel it's the best. So how about it fellows, get back and make us all happy. I really think you will like what you see at our post. I want to remind you that our dance is almost here. The date is Feb. 8. The Tri-Ten's will once again be playing danceable music. They have done a top job for us in the past, and there is no reason why they shouldn't again. So if you are looking to have a good time I strongly recommend that you attend our Dinner-Dance to be held at Henningsens.

To the ladies who wish to join our Auxiliary, say do it, and you will be very happy about it. Our ladies meet the second and fourth Thursday of the month. We have a fine group of girls, and we are proud of them. There is another bit of information I would like to pass on. In nearby Brookville, we have an Army guided missile battery. As I understand on the second and fourth Sunday of each month they have open house. The kids should love it, and the adults should find it of interest. Maybe an old Army vet may want to reacquaint himself with army life. Heaven only knows why he should. Make up a party and spend a pleasant Sunday afternoon in Brookville.

START POST OFFICE BLDG IN SPRING

Drawing By: Jean Rosenthal

Report From President Abrams

Report to the Community by
Jerome L. Abrams, President,
Birchwood Civic Association,
at Jericho, Inc.

It is general knowledge that the past year has been one of hectic and exciting events. I wonder, however, how generally known are the accomplishments that occur during the same period of time. It would appear appropriate to enumerate his time some of the highlights; fuller picture can be ascertained from a separate and more comprehensive report, which will be made available to our members.

Suffice it to say that our Civic Association has, at least, played a prominent role in achieving the following:

It has brought into being an excellent newspaper, "THE VILLAGER", and consummated an arrangement with the MID-ISLAND HERALD for the publication of same.

It was instrumental, through persistent efforts of persuasion and negotiation, in getting our builders to agree with the postal authorities to build a post office for all of Jericho. This has been accomplished by conversations and conferences with both the postal authorities and the builder. The construction of our post office will commence this spring.

By appropriate safeguards and restrictions, suggested by the Civic Assoc. and incorporated into the permit issued by Oyster Bay, the Civic Assoc. succeeded in getting for the community a country club, immeasurably more beneficial than it would otherwise have been.

It has made strides forward in the field of education, both for our Syosset and Jericho School Districts

- helped elect two of our most able residents, Sam Hecht and Irving Brand, to the Jericho School Board of Education; and insured the passing of a magnificent high school for our children. The Syosset school district education committee has been doing excellent work acquainting its residents with the school system by inviting the school authorities to a general meeting; endorsing a school bond issue; attending school board meetings; obtaining permission to have their children bring their lunches to school and arranging for temporary bus transportation.

The Assoc. provided a summer recreational and education program for our children at a nominal cost, over the initial unanimous rejection of that program by the then Jericho School Board.

It initiated a beautification tree project for the community - the beauty of which will become more and more evident as time goes by.

It brought about much better service by the builders for the completion of our homes, setting up an arbitration board composed of three members of our Civic Assoc., and two representatives of the builder, to arbitrate grievances of the home owner.

It has written and received assurances from the State Dept. of Highways that there will be a cut-through to Birchwood of the proposed mail to be constructed in connection with the widening of Broadway.

It instituted a highly instructive home education meeting (we could use many more). It had traffic signs installed, and has seen to it that money is kept in escrow until our road problems have been

taken care of - and conferences with the Commissioner of Roads have indicated that this will be done. It has helped hold the line against the down-zoning of neighboring property, and has been vigilant in safeguarding said property.

It is now sponsoring a dramatic production by some of our own residents which, when performed, will be a memorable and outstanding event.

The above are some few of the benefits conferred by our Civic Assoc. These benefits have been bestowed with little expenditure, and by a solvent Civic Association, which has close to \$2,000 in its treasury, a sum ten times as much as that with which it started one year ago.

I would say that the basic faults of our administration have been twofold: (1) a deficiency in public relations, and (2) insufficient emphasis on social events. As regards the first deficiency, it is my opinion that we have not brought home sufficiently to our members our varied activities and accomplishments. We have been doing our job with little or no attempt to publicize the same. Modesty may be a virtue, but not at the expense of an enlightened community. Certainly we need a more intimate and personal relationship with the individual members of our entire community.

As regards my second observation, there may be some excuse in view of the terrific burden of more pressing problems. But surely, the time has come for more neighborly and stimulating social events to cement the community together.

In setting forth this all too brief summary, and blueprinting a course of future conduct along specific lines, it is my hope that many more members may be encouraged to play a more active role in our civic affairs. I would also like to take this opportunity to thank all the members of this community who have supported and encouraged the Civic Association in its efforts, and all the members of the Board of Directors and the chairmen and members of our committees who have worked hard and conscientiously, often at a great personal sacrifice, on behalf of the community.

If we have made mistakes - and we have - such mistakes have been those of judgment alone. There has been no instances, I am sure, in which any decision was dictated by anything other than conscience, conviction, and dedication to the welfare of our members. Of this we may all be proud.

In conclusion much remains to be done. It is my hope and belief that the next administration will maintain a constant and rigorous self-appraisal, so that our Civic Association can ward off complacency, and continue to be the constructive and beneficial force for the good of the community that it has been in the past. With the good will and the help of all our members, this can be - and will be - done.

Construction will start in the early Spring on a long awaited Post Office Building for Jericho.

This announcement from the builders, Morris Sosnow and Leonard Schwartz came after notification from H.A. Kresse of the New York Regional office of the Post Office Department, that their proposal had been officially accepted.

At last, upon completion of this building, the residents of the Village of Birchwood Park will have their mail delivered. Some other 250 residents of Jericho, north of Jericho Turnpike, will have boxes.

The new building, officially to be known as the Jericho Post Office, will be located at the east side of Broadway, in the new 22-acre shopping center.

The builders noted that the Post Office proposal could not have been entered into until recently, when the State's widening of Broadway was finally established. Even now, there will be certain minor changes, but this will not affect the Post Office site.

The Washington office approved Williamsburg Colonial architecture, done by Stanley Klein which will have some 2,700 square feet of interior floor space.

Chairman Of Board Reports

I have been asked to write a message to the membership regarding the term of office of the present administration.

I shan't enumerate our accomplishments. There have been some, and these are being presented in another article by our President, Jerry Abrams.

I would like to dwell instead on the men and women who made up

this administration - the people with whom I worked for the past year - the people who are responsible for whatever progress we may have made. These are sincere individuals who never consciously did anything that was not in the very best interests of our community.

EDITORIAL COMMENT

Come To Our Meeting

The Civic Assoc. election to be held on Feb. 10 will be conducted as a social. We will have dancing, entertainment, refreshments and door prizes that evening. The Villager wishes to emphasize the dramatic contrast between the atmosphere at this year's election compared to that held last year. The unfortunate mud slinging that took place during the past election has been replaced by an atmosphere of common sense, decency and fair play.

Last year's election caused great harm in the community, because many people did not actively participate in the work of the Civic Assoc. due to bitterness. Many times during the year this bitterness seemed to influence votes on important issue. We feel that this bitterness has been finally eradicated, because the nominees for Offices and Board of Directors includes members of both parties in the last election. We feel certain that this is a clear indication that the Civic Assoc. has matured and is ready now to become an organization capable of doing great good for the community.

Many of our residents who could contribute greatly to the success of our Civic Assoc. were reluctant to step forth because of the malicious manner in which the previous election had been held, and the personal abuse suffered by those who worked for the Assoc. It is our urgent hope that the next administration will not be saddled with this terrific handicap, and instead will be aided materially by capable and sincere members of the community who up to this point have hesitated to become active.

The VILLAGER strongly urges that every current member of the Association appear at the annual election, Feb. 10, and cast his or her vote. We further urge all those who are not members of the Civic Assoc. to take advantage of the greatest bargain ever offered and pay his \$5.00 dues, which will be credited toward next year's dues and participate in the festivities. It is absolutely vital that the membership of the Civic Assoc. includes every resident of our community and therefore we appeal to you to become a member that evening if you are not already one and help advance the progress of the Civic Assoc.

About This Special Edition

Our readers will appreciate that a lot of planning and work has gone into the preparation of this issue. We would like to thank Fred Noeth of the Mid-Island Herald, our publisher, for his cooperation to make it possible. We would also like to single out for honorable mention our untiring staff photographer Al Lyon, who made possible our presentation in picture form of all candidates running for office. Al Ross was particularly helpful getting up the resumes and last but not least flowers to our gal Friday and official secretary, Jean Rosenthal, for her assist on the typewriter.

We of the editorial staff of THE VILLAGER are proud of our newspaper, which we feel is making a small contribution to village life at Birchwood Park at Jericho. We wish to take the opportunity at this time to thank our fellow residents for their many encouraging expressions of support which we have received time and again.

It has been fun for all of us on the editorial board of THE VILLAGER during this past year. Our only regret is that not more of our fellow residents and neighbors have joined the staff of THE VILLAGER. We cordially invite all Birchwoodites so inclined, to drop us a note addressed to THE VILLAGER, Jericho, L.I. so that we may notify you of the date and time of our next meeting.

We also would like to remind once again those of our residents who do not as yet receive THE VILLAGER regularly, to drop us a postcard. We can then arrange to put you on our mailing list.

Lastly, a commercial word in passing. Advertising pays for THE VILLAGER. Your fellow residents of THE VILLAGER appreciate your support, your leads and recommendations. Help us to sell advertising space to pay for our modest overhead, so that we may continue to be able bring to all Village home these pages filled with news and views of Birchwood Park at Jericho.

For the editorial board of THE VILLAGER,
Gilbert B. Stein, Man. Editor

ity, according to their judgement, and who made the human boo-boos that sometimes caused laughter, and sometimes caused pain. They started cold and faced problems that would have stumped professionals. As a whole, they did well.

This Board was a study in contrast, ranging from the volatile Larry Singer, to the unflinching quietude of Joe Ross, and in between, just about every shade of human temperament imaginable.

Dr. Alex Urbont and Sam Eisenberg - two gentlemen blessed with wonderful senses of humor. They could ease the tensest situation with a quip, and turn us back to

constructive thinking. Dr. Bernie Schmler and Marty Lawrence, who often came tearing into meetings late, delayed by patients who got sick at the wrong time. They got their community work done just the same. Then there was Larry Gibbs, a conscientious man who worked like a beaver on Zoning and Tax problems, but would rather sing. And this you would have to hear to believe.

Irving Henskowitz, Nat Fischer, Harold Phillips, Irving Gam. These were the quiet ones usually, but could always be counted on to get a job done. Charley Knaf, dignified, sparing of words, but those spoken were worth listening to. He was the watchdog of our Association's purse. Vouchers needed, in triplicate, notarized, to get a 3¢ stamp out of him. Frances Muriello, always there with her husband, John. Two people with clearly defined senses of community responsibility.

Ralph Diamond deserves a special vote of thanks. He joined the group later than the others. He was elected to fill a vacancy, and did so most ably. He earned the respect of each of us by the conscientious job he did for his neighbors in the Syosset section of Birchwood. Al Pincus helped us considerably through his contacts at Oyster Bay. Norman Jacobson, with his vast fund of technical knowledge was of tremendous help to us when problems arose which required such information. Between him and Larry Singer we had the facts with which to confront the builder when such action was necessary.

Ed Joyce took time out from his work to represent us at Oyster Bay on many occasions. Carl Fiore delivered more circulars and petitions than the rest of us combined. He got news to the community when there was "trifling" money in the treasury to pay for postage stamps. Dr. Al Freedman with his wise counsel, Seymour Freedman with his optimistic approach, Don Katz, ready to tackle any assignment, Charley Portnoy, with his Sales Approach that helped to triple our membership in one year, and Helen Dileonzo, our Recording Secretary, who was somehow able to take notes, and transcribe them so that they made sense, of some Board Meetings that got a bit hectic. To all of you I extend my thanks. You made for me, at least, a pleasant, satisfying thing out of something that could very easily have been back-breaking drudgery.

One character in this cast was left out, purposely. Jerry Abrams, I saved him for a clean shot. I can pay him no greater tribute than to say, "Here is a Man, according to the highest concept of the word". It has been one of the greatest experiences of my life working with him.

Before wiping the slate clean, I must mention an individual who was not a member of the Board, but who gave us invaluable assistance. Sam Hacht. He was always ready to help and gave unstintingly of his time and knowledge. I am sure that I can speak for the entire Board in calling him an outstanding member of our community.

To the next administration, may

I pass on this quaint admonition: "Carry on and expand the good we have done, and avoid like the plague the mistakes we made".

THE VILLAGER, in its determined effort to go "big time", recently appointed me its first Foreign Correspondent. Since any area beyond the boundaries of the Mid Island vicinity is considered alien soil by our Chauvinistic Editorial Staff, they fully anticipated a "cute" sojourn to the wilds of Staten Island as my first assignment.

When I showed them the confirmation of my reservation at the Beverly Hilton Hotel, they looked puzzled. I explained that much as I hated leaving my drafty, moisture-filled Birchwood home, and the snow, rain, and wind that consistently surround it, and the steady diet of dirty skis, pots, and pans—much as I detested leaving all of this, we did need a concise analogy of how people were living in the monotonous environment of constant sunshine and balmy breezes. They still looked puzzled.

So, softly humming, "Hooray for Hollywood", I quietly boarded an United Airlines Flight (first class, of course), and putting my highly principled sense of duty above and beyond my personal wishes, I headed, like Mac, —WEST!!! I understand that during my 11 day absence the Editorial Board was constantly in session, trying to pinpoint the originator of the Staten Island Scheme!

I worked very conscientiously in California. Day after 85 degree day I visited the famous homes nestled in the Hollywood Hills, carefully noting the decorating, luxuriant shrubbery (which, after exhausting study, I found could never grow here)

THE WALLS OF JERICHO

By Herb Shapiro

Elaine and Norman Jacobson report that ten minutes after the "Villager" hit the street two kids turned up and asked to see the ice cubes. They were very gracious about this "job"—offered to settle their libel suit out of court for only \$1000.00.

Report from the builder that he found a fully equipped kitchen in someone's basement—without benefit of a sales slip. When pressed for an explanation, our deft screwdrivered friend replied that he wanted his daughter to move in with them after her marriage, and have a kitchen just like her mommy's. He wasn't at all fazed when it was pointed out that his daughter was only three years old—said he believed in long engagements.

Additions to the Birchwood Symphony for your listening pleasure at our Election Night Dance—castanets, two sets of cymbals and a Jew's harp. Still missing, one baubenspiel.

We must get Larry Gibbs to sing at this function. Gibbs as soloist with our orchestra would indeed make musical history. But he's too shy. Please call, write, wire, plead with him to sing. You'll never forget it.

Repercussions from our reportage of the Battle Flag of our female type candidates— "Crossed Prostrate Husbands on a Field of Dirty Diapers". Prostrate husbands, off-dirty diapers—NEVER!

Our compliments to the staff of THE VILLAGER in helping to promote the Senior Citizens' Group. One report puzzles us though. Is it true that part of their program

the gracious entertaining, and the 12 month a year Country Club participation. In the evenings, instead of resting as some reporters might I worked far into the night at the finest restaurants and nightclubs. All the while I was making astute comparisons between these places and those we frequent in the Mid Island area. So you can see how vital was my research.

The prime function of an efficient Foreign Correspondent is to assimilate with the natives and thereby ascertain their habits and mores.

In this respect I was thwarted. I'd walk into a drug store and ask for a pack of cigarettes, only to be smiled at and told, "Send my regards to Ocean Parkway". I think it will take a few more trips before I can overcome the language barrier.

After nine days on this gruelling assignment, I could have returned to the discomforts of my home immediately. But having the interests of the VILLAGER uppermost in my mind, I felt it my highly-principled duty to stop at Las Vegas first. After all, we've been told so much about this oasis in the heart of the desert, the magnificent hotels and swimming pools, and the little "games" that people play there—but who could be sure that all this wasn't just Travel Bureau Propaganda. It isn't.

When I came home, the first thing I did after kissing the children and stuffing a fresh towel on the bay window sill was to report to the Editorial Board and submit my expense account. They still looked puzzled!

will be Skin Diving?

Thank you, Morris, for stopping the snow. We hate to impose on you again, but I'm asking to be asked to have you plug the leak in the spigot marked "Rain"?

Diane and Ed Grant are leaving for Europe soon. It is reliably reported that this is a top secret mission sponsored by the State Dept. They are to deliver some of her mother's knishes to Moscow. The assumption is of course that once Krushchev and Bulganin sink their fangs into these knishes, they'll do anything to get more. This, and not the ICBM is the new U.S. Secret Weapon.

Recent news stories of juvenile violence and delinquency in the City point up the tremendous importance of the work of our Youth Council. We would have to see a situation where a teacher in one of our schools has to write a report "Reason for absence—pupil in jail!"

Open letter to Shirley Hahn; Hallo Shelley!

It was bound to happen—you've broken just about everything else and now your neck. What is there about you that attracts breaks, cuts, strains, sprains and splinters? Maybe you should see an analyst. Could be that you hate yourself because at the age of 6 you decided that you hated your Grandfather's Uncle. Now that Stanley has become handy around the house why not have him design for you a suit of armor? You could cover it with mosaic tile, and be chic-ly safe.

Some of your friends have banded together in an organization called, "Society to prevent Shirley Hahn from killing Shirley Hahn". We are currently raising funds which will be used to rebuild your house, entirely of rubber. Our next project will be to rubberize your car and the streets down which you drive. Enjoy this accident, because if we have our way you'll never have another.

There was a Scout Mothers Club Meeting on Thursday at the J.J.C. and of the 30 mothers that were notified only 10 showed. This is a record for "Parental Delinquency". What's more important, to attend organization, Civic meetings, play Mah Jong, Canasta and Art lessons etc. or to see to your children's future? Is it asking to much to ask you to attend a meeting? —The scout Treasury is ZERO do you think men and women who are in charge of these meetings are baby sitters for your children? At least one parent attend a meeting be it Scouts, Youth, or Little League. Wake up to the fact that while your children are at this stage they need you most. Please come to the next meeting or your son will be camping in his own back yard.

Fifty one hepcats from the Jericho Jewish Center Youth Group travelled to Glen Cove via bus for an Inter-center dance. The band was out of this world. Ann Posner and Irv Godies walked away with the Lindy-hop prize.

The Reform Temple Or-Elohim sponsored a Barbeque Hop Wednesday Jan. 29. The food was luscious. The master of ceremonies, Jack Levine, was as his best as a square dance caller. The boys and girls co-operated beautifully and had loads of fun. Prizes were given. Thanks to Ann Reif Ruth Burns and Hebrietta Morganstein for their help in making this a success.

23 Child-Parent Bowling Teams

By Don Brown

HICKSVILLE - The new Parent-Childrens CYO Bowling League at St. Ignatius was organized this week.

Total registration topped all predictions with 160 parents and children signing up. This group has been organized into 23 teams and will start tracking up the spares and strikes this Saturday.

The league meets each Saturday afternoon at 2:30 P.M. at the Market Lanes at the Hicksville Farmers Market. The league is made up of all ages, starting at ten years, and of course is organized on a handicapped basis. We will keep you posted each week on the doings in the new league with the standings of the teams and the high scorers each week. We wish the new league all the best of luck and let's see if we can get a 900 game before the season closes.

There were some big doings in the basketball corner this past Saturday. Over at the Lee Ave. gym the Royals finally broke into the win column and they did it the hard way. Pitted against the third place Pistons, the Royals fought a dingy, close battle to find themselves making by four with only two minutes to play and apparently about to absorb their eighth straight loss. But they displayed that never say die spirit and came up with six big ones in those two minutes while holding the Pistons scoreless. Though they are no longer in the running for first place honors they can and probably will play the role of spoilers for the front runners as the team looks as if it has finally jelled as a unit. Deriso and Gene Scott led the determined play of the Royals but there wasn't a man on the team who wasn't clicking.

In the other two games the Nats ran their undefeated string up to eight as they downed the Lakers 20-21 in an excellent game. Although they came out on top by eight points the Nats couldn't coast at any time as the Lakers pressed right down to the final whistle. Giannagla continued to set the scoring pace for the Nats. The Nats missed Kanawada's playmaking as he has been pushed up to the Pantams as we predicted last week. The third game saw the Celtics solidly their hold on second place by downing the Warriors by a solid 30 to 10 margin. This was probably the poorest game the Warriors have played this season as nothing seemed to click for them.

Over at Burns Ave. we had one of those unusual occurrences when the two top teams played a 12-12 tie. As this game will have a very definite bearing on the final standings we are amazed by St. Ignatius basketball czar Jerry Legge that it will be replayed.

The second game saw the Panthers set the Wolves down by a 7-2 score.

At the East St. gym which is embroiled in a red hot battle between all four teams we saw a real tight one when the Mohawks barely edged out the premier Senecas by a score of 9-8. Greg Grimmer with

six points and Charlie Schurman, 3 points, did outstanding offensive and defensive work in keeping the Mohawks ahead throughout the game. Henry Cerrato, high man with 7 points for the Senecas, ably assisted by Kevin McEneaney did their best to pull their team out in front but just couldn't make it. The other game here started out as an easy win for the final victors, the Apaches as they jumped to an early five point lead on the hot shooting of Andy Proszowski (6) and Steve Walsh (6). The Comanches down but far from out bounded back led by the inspired play of Ron Reilly and Tim Shanley to pull up even at 9-9 late in the final quarter. It was here that the Apaches managed to realize their chances of staying tied for league leadership hung in the balance and they dropped in six quick points and that was the ball game.

At Woodland Ave. gym it was a case of the high and mighty taking a terrific fall. The Hawks, champions of the first half, who barely managed to hold onto their undefeated status last week were finally stopped by the third place Eagles. They were in there fighting all the way but to-day wasn't their day. On the other court the Falcons, who have been hanging onto the Hawks tall feathers all season finally caught up as they ran over the Condors by 16-4. McManus and Schweinfest shared scoring honors in this one each

man netting four baskets for the Condors while McLaughlin bagged all four of the Condors points.

The following is the standings of the teams in each of the leagues for the second half of the seasons with the exception of the Lee Ave. boys as they do not play a split season.
