## DEAR JEAN..

Congratulations to a grand couple, Mr. and Mrs. ROBERT NEDER of Grove St. Hicksville who celebrated 12 years of wedded bliss on Monday of this week. The couple, who entertained several couples on Sunday evening, have three little Naders. Mrs. Neder is the former Miss Theresa Briganti of Hicksville. Get well wishes to an old friend Mrs. JOE NASO of James St. Hicksville, who returned home earlier this week after a brief stay at the hospital. Friends and neighbors wish you a speedy recovery, Amm... Mrs. JOHN HALL of Hicksville is on the luncheon committee of the Long Island Chapter of Chi Omega Alumnae Assoc. which will hold its annual scholarship luncheon and bridge tomorrow, (Fri) at 12 noon in the clubroom of B. A pair of horn rimmed, green prescription sunglasses were found last week on Broadway near Holden's Stationery store. We have them at the HERALD office at 225 Broadway, just south of Old Country Rd.

Sorry to hear that Mrs. HENRY J. STOCK of Newbridge Rd, Hicksville, is confined to her bed after a serious fall. Friends and neighbors wish her a very speedy recovery. We especially pray for her to be up and around again for she is a long time, special friend of ours. JOSEPHINE NEED of W. ## CURRENT COMMENT

# Park Issue Is Basic

BY FRED J. NOETH

A PARK according to Webster, is simply "a large piece of public ground in or near a large town, laid out and kept for the sole purpose of pleasure and recreation."

The definition is simple, but some folks looking at the current efforts to obtain a community park on the last remaining substantial open tract of land in Hicksville appear bent upon making the word read "Jones Beach".

We have made no secret about our interest in trying to stimulate public interest in the subject. Our underlying, fundamental interest is to acquire the property before it is gone, perhaps forever. Certainly the prospect of eventually tearing down buildings to clear space for an open patch of soil, grass and trees with the attendant costs is worthy of serious thought.

We are just as conscious of cost as the next fellow. We have, we believe, demonstrated this in the past. We believe cost is relative. What would have been a major expenditure ten or even five years ago for the community no longer means the same thing with the gradual increase in our assessed valuation.

Some folks are working up a head of steam about "a million dollars" for this park. There is no question in our mind that the cost of acquisition of approximately 50 acres of the site in question and some preliminary development to put it into use will run that high. But do you know that Hicksville in its next School Budget will probably be taxing itself a million dollars just for bond payments and interest thereon? And that the total School District budget for one year's operation of our school system serving 12,000 students will exceed six millions?

A new school of about 10 rooms with required facilities will run a million dollars or even a million and a half. The High School cost almost five millions.

These things are being acquired by "time installments". Bonds are sold for a span of years. It has been calculated that a million-dollar bond issue for Hicksville, paid back over the next 15 years, would cost a homeowner in the community who is assessed at \$4,000 approximately five dollars a year. This is based upon our current total assessed valuation in Hicksville. Each year our total assessment has leaped upward as new structures are built and land is further improved. As the total assessment gains, the cost per homeowner per year will decline in proportion.

The Park Advisory Group appointed by the Town Board has been diligently studying the proposal advanced by some 1200 residents who have petitioned the Town to acquire a site for a park in the North West. The Group will probably make its report to the Town Board within a week or so, if it keeps within the assignment given by Supervisor John Burns. We are a member of this group and at this point would hesitate to predict just what the final conclusions will be. However, we feel confident that the report will be one worthy of consideration.

Meanwhile, we hope those who have prejudged the issue will keep their minds open, unless they have already completed all the research which has occupied the Advisory Group for the past month.

## HERALD READER OPINIONS ON PARK..

# Goebel Not Against Park, But---

Editor's Note: - The following letter to Supervisor John J. Burns and Oyster Bay Town Board was sent by Harry S. Goebel of 7 Glenbrook Rd., Hicksville. This copy was provided the HERALD with publication requested and is printed without comment:

Honorable Sirs:

A petition has been submitted to you with the intent that the Town Board acquire by purchase or condemnation a 50-acre plot in the Northeast section of Hicksville as the site of a community park.

The area, now in private hands, apparently will be required to be acquired at a cost of about \$20,000 an acre, or \$100,000 for the land alone (sic).

The cost of making available the necessary facilities for park or recreational purposes within the proposed area, has not as yet been estimated or determined.

The expenses of purchase, as well as the cost of the future development and maintenance of the area in question are supposed to be charged to the Hicksville Park and Recreation District. The jurisdictional limits of this municipal corporate body is coextensive with the Hicksville School District (U.S.S.D. No. 17).

This letter is respectfully submitted to you, as Members of the Town Board, on behalf of certain non-signers of the petition, as well as myself, as residents of Hicksville.

We strenuously oppose any proposal to charge areas within the Hicksville community which can not, and will not gain any benefits by the acquisition or maintenance of the proposed area.

The area proposed is bounded by West Towne Street and Cantigue Road and the Northern State Parkway.

For all practical purposes Cantigue Road is the westerly line of the School District. Cantigue Lane, which is the actual westerly line runs off to the left, at an angle from Cantigue Road where both meet at West John Street and such lane continues into the Town of North Hempstead.

The areas between Cantigue Lane and Cantigue Road, and between Cantigue Road and West Towne Street are presently sparsely populated or occupied by industry.

The area to be west of Cantigue Lane is in the Town of North Hempstead and is being developed as a residential community.

Access to the proposed park area is by way only of West John Street and as such street proceeds toward New Cassel and Westbury, both in the Town of North Hempstead.

You, as the Town Board, which must make the determination as to whether the cost of acquisition and maintenance is to be charged to the citizens of Hicksville, are respectfully asked to observe the uncontrollable fact that all of the following are to the east of the proposed park site:

Mid-Island Shopping Area:  
Burns Avenue  
Myers Avenue; Gardner Avenue

As situated, the proposed park site can serve at best only its immediate area and as such includes parts of the Town of North Hempstead. Hicksville residents to the south of the Long Island Railroad and Old Country Road and to the east of Broadway will not utilize the park. They can and will utilize the Seabury County Park with greater readiness and ability.

This letter is not to be taken as a letter of opposition to the securing and affording of recreational facilities or park areas as such. These purposes are wholesome and good. The problem is whether these facilities should be secured and afforded on a town-wide or county basis.

The imposition of a burden, presupposes the acquisition of a corresponding benefit.

In these times with rising mortgage payment costs, resulting from taxes, increased both on a school district as well as a town level, the cost of acquisition of the proposed site, as well as the cost of development and maintenance of that

site as charged to the residents of the school district alone will impose burdens beyond the capacity of the residents in many instances, to bear.

The parking area now within the jurisdiction of the Park and Recreation District may be justified as beneficial to the entire community by reason of their central location and by reason of their service to the entire community.

The proposed park site can not be justified on either ground.

Benefits given to particular areas should be charged to those areas and not to the overall community which can in no way benefit by their acquisition or use. Within the Hicksville community this limitation of benefit is already recognized. The Levittown Community Hall and Swimming Pool District was established and is being maintained in full recognition of those

ideas and conditions. The pool and the hall are limited to the use of the residents of the Levittown areas, and the cost of maintenance is being charged to them, and as such residents reside within the Towns of Hempstead and Oyster Bay.

A similar arrangement between the Towns of Oyster Bay and North Hempstead may very well be made for the proposed park site.

The proposed acquisition and maintenance of the proposed site can be justified only if the cost be charged to the area immediately benefited and as such area may include New Cassel and Westbury. In these days of rising costs of Government, with the attendant tax burdens, care must be taken that individuals be not taxed out of their houses and homes.

Accordingly, objection is now formally made to the acquisition except upon the basis indicated.

HARRY H. GOEBEL

## Pohl Sees Park Unnecessary

To the Editor:

I have just finished reading your recent editorial "Who wants a community park." Surely, you must have had tongue in cheek when you wrote that little gem, or do you consider that only those people who agree with your views are properly community minded?

Let me point out first, that large numbers of residents of Hicksville who signed the park petition, had a sudden change of heart concerning their urgent desire for a park, when they discovered that they, along with the other residents of Hicksville were expected to foot the entire million dollar bill for the land and hundreds of thousands of dollars for subsequent development and maintenance of the property. All of this expense would be incurred without any opportunity on the part of the taxpayers to vote for or against the proposal.

Another group of petitioners were of the erroneous opinion that the purchase of 50 acres of park property would eliminate the need for any additional school construction, due to new homes on the Press Wireless property. Some of these same people have already discovered, to their dismay, that park or no park, a new school will be needed. Several of these petition signers are now advocating the circulation of a petition against the park purchase. You would blush at the remarks made by those people who were told that the petition would only bring the matter to a referendum, when they were informed that there is no legal requirement for the Town Board to have a referendum on matters of this type.

Your editorial refers to the signatories of the petition as "barnstorm residents" who are "realists" and "awake to their responsibilities". I received one of the petitions along with a letter signed by Allen Carpenter urging me to sign the petition. The argument used in this letter was that we could save money by purchasing this park since such action would eliminate about 200 homes from the area development and therefore the School District would have to construct only the 10 room school instead of the 14 rooms needed if there is no park. I was being asked to advocate the spending of almost \$1,000,000. for park property in order to save the construction cost of 4 classrooms.

Supreme Court, Nassau County. The Prudential Savings Bank, plaintiff, vs. Walter E. Garske, et al., defendants. Pursuant to judgment entered January 15th 1958, I will sell at public auction on the north steps of the Nassau County Courthouse, Old Country Road, Mineola, N.Y., on March 27th 1958 at 9:00 A.M., the mortgaged premises described in said judgment, being at Plainview, Town of Oyster Bay, Nassau County, New York, known as lot 20 in block 516 on map entitled "Map of Plainview Gardens, Section 2, belonging to 616 Realty Corp., situated at Plainview, Town

Whatever else may be said about our present School Board, I cannot imagine that they propose to build classrooms at a cost of a quarter million dollars EACH. How realistic and awake to their responsibilities were the people who accepted this line of reasoning without question and signed the petition? The fact that Mr. Carpenter, who is a member of our Board of Education, appears willing to spend money for luxuries instead of desperately needed schools, is shameful.

When Mr. Carpenter campaigned for the School Board, he took exception to the "eastern European" method of allowing taxpayers to vote only yes or no on referendum propositions. I'll bet that remark must have shocked the spirits of our country's founders who were under the impression that rule by the free expression of the majority was the prime requirement of a democracy. I suggest that the handling of this park proposal may well be dubbed the "out of this world" method. Even in eastern Europe the citizen at least has the dubious privilege of voting yes or leaving the ballot blank. We in Hicksville probably won't get that much of an opportunity.

I suggest that you and the other "realists" who are advocating the purchase of this park, face a bit of realism. The very last thing that the taxpayers of Hicksville want at this time is another increase in their taxes in order to pay for a park which is not needed. Someday, perhaps, when our schools are paid for and we have tax money to spend on luxuries, we can consider items which are desirable such as parks, swimming pools, roller rinks, baseball stadiums etc. in the meantime, let's concentrate only on the bare necessities.

In conclusion, I would like to comment on a quotation from your Feb 27th editorial: "A committee has been appointed from among Hicksville people to look into all phases of the proposal - pro and con." I sincerely hope that this statement is true because I would hate to think that a PRO-park committee has been set up to CON the taxpayers of Hicksville into believing that they can save money by spending a million dollars plus for something that they don't need.

## 10 New Stars Born Recently

By Joe Ribero

On the night of Friday, Feb. 14th, ten new stars were born after their brilliant and hilarious performance at the Masonic Temple for the members of the Hicksville Republican Club. The show was a satire on the Dept. of Sanitation put on by employees.

A few of the outstanding highspots were - the skit on how the Sanitation Dept. responded to complaints and how they hired new men. (This had them rolling in the aisles!)

Then there was the very fine singing of Frank Zito (Perry Como of Sanitation) and Sal Carnelli. These two boys displayed so much talent that the audience insisted on two encores.

Bob Wenworth portrayed the part of a drunkard with surprising realism and great humor. Another rib-tickling skit was the hula-hula dancing performed in complete costume by Joe Biella and Joe Allen who pranced (?) off the stage and into the audience kissing all the bald-headed men leaving a bright red lipstick impression on their heads.

Bruce Laurent sang and played the guitar to a song he wrote called "The Sanitation Blues!" -- he really got through to the group with this song which turned out to be a huge success.

A fine job was done by the quartet consisting of Bruno, Sal Polit, George Lebrecht and Sal Carnelli.

A good deal of praise belongs to Larry Reina who not only acted but also directed this show. From the very beginning to the very end, these ten performers kept the audience pleased and laughing.

Any more adjectives describing this show would be superfluous. None of the cast had theatrical experience and yet were able to project to their audience every step of the way; this is indeed praiseworthy.

Lou Kapstatter showed a great deal of sportsmanship - since it was his Department being characterized - at times, Kapstatter's laughter was heard above all!

Cast Members: Joe Biella as Hula dancer, Joe Allen as Hula dancer, Larry Reina as Lou Kapstatter and Director, Frank Zito as Perry Como, Sal Carnelli in Solo, Tony Stasi as Clerk, Sal Polit as Clerk, Bob Werfmoth as a Drunk, George Lebrecht and Bruno Laurienti, Guitar and Sanitation Blues.

## School Crisis Fault of All

WASHINGTON, DC-Via Air-Mail--Personnel procedures and records systems in the Bethpage, public schools need immediate improvement, an investigatory commission of the National Education Association (NEA) stated this week.

An eight-month study of conditions in this community that led to teacher-administration school conflicts has just been released by the National Commission for the Defense of Democracy through Education of the NEA in cooperation with the New York State Teachers Assoc.

These three happenings in 1957 and 1958 led to the breakdown of relationships in the Bethpage Schools: (1) Dispute over adjustment of veterans' salary schedules to include credit for military service; (2) Dismissal of Ernest C. Seibrecht, Jr., principal of Bethpage Secondary School; (3) Controversy over granting of tenure to teachers.

The principals in the case were:

- (1) The Bethpage Teachers Assoc. and its officers (2) J. W. Chisholm, district superintendent of the First Supervisory District of Nassau County, which includes Bethpage
- (3) Victor Miller, supervising principal for the Bethpage Schools
- (4) The Bethpage Board of Education
- (5) the citizens of Bethpage.

All of the parties involved are partly at fault for the Bethpage crisis, the Investigating Committee stated, because none of them faced up to their full responsibilities.

"A major weakness existed in the practices and procedures of the Bethpage Board of Education and in its failure to recognize its proper function," the Committee reported. "Numerous misunderstandings and delays added to obscure or nonexistent policy statements, were certainly responsible for some of the ill-advised, at times irritating, activities of both the school administrators and the teachers of Bethpage."

## HEARD WITH ONE EAR

By GILBERT B. STEIN

The newly elected Board of Directors of our Civic Assoc. had its first meeting recently amidst subzero weather and Jericho's first snowstorm. 23 of 25 members attended until 1:30 AM to map out policy and program for the new administration. This harmonious and fruitful meeting augurs well for the future of our communal life.

With a tremendously successful Civic Assoc. Election/Dance just about under our belts, we have it on good authority that Birchwoodites will shortly be in for another Civic Treat. Plans for the April installation of officers have been made and are close to publication. This upcoming Community shindig is slated to be a "Social Hummer."

The readers of the VILLAGER (and everyone does) are in for a real treat. Lawrence C. Gibbs is presently preparing a series of articles on JERICHO NOW AND THEN, which will be featured in coming Villager issues. Our Village has a most interesting history. Highlights of which Mr. Gibbs will cover in his series.

More and more Villager advertisers have discovered that ours is a medium which gets results. If you have something to sell, tell, rent or buy, better write to The Villager, Jericho.

CELEBRATING ORT WEEK, Birchwood Park Dr in Jericho has been renamed Ort Drive. Officiating at the name change are, left to right, Mrs MacKranz, Mrs Jack Roth, Mrs Benjamin Schiffman, Mrs Lewis Penn, Mrs David Mark, president of the Jericho ORT Chapter; Mrs Morton Fishman, Mrs Robert Ponzer and Mrs Herbert Rosenberg. Picture was taken on Tuesday of this week. (Herald photo by Frank Mollatt)

## Senior Citizens

The Senior Citizens Group, Birchwood's youngest organization, held its first meeting on Tuesday, Feb. 25, at the home of Mrs. Irving Herskowitz.

The 20 people who attended elected a chairman, Hannah Miller, and a treasurer, Rose Berger. The group decided to meet every Tues-

day afternoon and plan a program of activities. Refreshments were served by Mrs. Herskowitz, assisted by Rose Shapiro and Gloria Brunswick.

For further information, please contact Grace Herskowitz at OV 1-1307.

## Time to Seek Tax Exemption

By RALPH DIAMOND

Real property of war veterans is allowed a limited tax exemption under the Tax Law of the State of New York. The law provides that where a home is purchased with the proceeds from "eligible funds" (ex: Bonus, Pension, Insurance Dividends etc) paid by the United States or New York State, the veterans property up to the statutory limitation of \$5,000 is exempt from Real Estate taxes.

The exemption applies to State, County and general municipal taxes, including village taxes. It does not apply to School Taxes or special district taxes or Assessments such as those imposed for water, sewer, light or fire protection.

For example, if a Veteran's property is assessed for \$14,000, assuming that he is eligible for the full \$5,000 exemption, then his taxes (other than school, etc) will

be computed on the basis of property assessed for \$9,000, thereby reducing his tax bill. (Note: If he only put in \$3,000 cash in his property, the exemption is limited to this \$3,000).

Veterans in order to take advantage of his tax reduction must file an application with the Department of Assessment, New Court House, East Wing, Mineola, NY, prior to May 20, 1958. In order to file an application the Veteran is required to present proof as to the amount of monies he received for mustering out pay, bonus etc.

The Veteran must obtain this proof by writing to the various Government Agencies requesting the desired information. Experience has shown that it takes considerable time to receive a reply to the veterans request and it is therefore strongly suggested that the residents of our community who have not as yet filed an application, get busy at once. Those veterans who

have already applied in any year need not file again; however, if a veteran has already filed, and did not receive his full exemption because the amount he paid into his property was less than his eligible exemption he should again apply because he has now reduced some of the principal on his mortgage or made other improvements on his property, thereby making him eligible for an additional tax saving.

Our Civic Assoc. has made arrangements with the Assessment Office to mail our members the application form, list of agencies to contact for required information and a booklet describing the law. All veterans who are members of our Civic Association and are interested in obtaining this material should call or send a card to Ralph Diamond, 22 Fountain Lane, Jericho New York, OV 1-1283. This service is limited to members of our Civic Association.

A. LADNER LEE THIELLE HERB TYTEL DR. J. WINER

QUESTION: What activities should the Youth Council of Jericho include?

ANSWERS:  
Alfred H. Ladner, 19 Middle Lane: "The Youth Council should provide social, cultural and recreational facilities for the youth of Jericho."

Mrs Lee Thielie: "An important activity the youth council should include is sports. By developing a sound body and giving our 'vitamin stuffed' children an outlet for their energies, they will be kept out of mischief."

Herb Tytel, 34 Fountain Lane: "Baseball. Some winter indoor sports such as basketball and volleyball. In addition to this an

effort should be made to organize swimming and diving meets."

Dr. Jane Winer: "Adolescence is fought with problems of adjustments socially, emotionally and sexually. A Council group can become the sounding board for evaluation of individual and group problems in this age. In addition to social outlets and aid in personal relations, I believe a constructive attempt for unselfish endeavor by our young people should be encouraged. Homes for the aged, or handicapped, veterans' hospitals, institutions for subnormal children, and the list is endless, are in need of thoughtful, unselfish efforts. Those to whom we give so much can learn early to give in return."

## In Case You Missed It Before

The Villager has had a number of requests from local residents to reprint the names of those residents who were elected to Civic Office at the Election of the Birchwood Park Civic Association at Jericho Inc. The following were elected to one year terms:

President Jerome Abrams, First Vice President Ralph Diamond, Second Vice President Lawrence Gibbs, Treasurer Charles Kraft.

## Urgent Appeal To Residents

In order to alleviate some of the hazardous traffic conditions which affect our children as they attend the George A. Jackson School, we ask the earnest cooperation of all parents, residents and drivers in this area during school hours, from 8 A.M. to 4 P.M. with special regard to the following:

1. When possible, avoid traveling on Maytime Drive between Mary Lane and Mellow Lane during the school hours and particularly at school entrance and departure times.
2. Observe speed limits, "STOP" and "NO PARKING" signs in the vicinity of the school.
3. It is a New York State Vehicle and Traffic Law that no vehicle shall pass a stopped school bus carrying passengers, from either direction, until the bus is in motion.

4. In inclement weather, it is safest for your children to walk home rather than dart between parked cars that are amassed and double parked at the school. When it is necessary to pick up a student, please do not park in front of or opposite the school street and at no time, restrict or impede the progress of the school bus.

5. In case of snow, the street should be cleared as soon as possible so that school children will not be forced to walk in the streets. Your cooperation will help to make our community safer for our children.

HICKSVILLE—Registration for the coming St. Ignatius CYO Baseball Season takes place on two successive Sundays, Mar. 9 and 16, in the School Basement from 8 AM to 1 PM, according to Charlie Grimmer and Thom Douglas who are in charge this season.

Boys must be accompanied by one parent and bring \$1 to cover the cost of insurance. This registration is for all boys from the age of seven and up. There will be the only registration days and any boy who has not registered on one of these days will be unable to play CYO baseball this season.

## BASKETBALL NIGHT

Here are the details of the big windup of the basketball season. It will be the St. Ignatius basketball Tournament of Champions, consisting of four games. The tournament will take place at the Hicksville Junior High School gym starting at 6:30 PM, Saturday, March 15. It will be a banner evening and we urge all the parents and friends of our boys to turn out and cheer them on.

The first game will pit the champions of the first half season from Woodlands Ave., the Hawks against the champions of the second half, the Falcons. The second game will see the Apaches from East St. vying with the Tiger from Burns Ave. The third game will bring together an All Star aggregation from Lee Ave. and the St. Ignatius Bantams of the Diocesan C.Y.O. League while the fourth game pits two of our Diocesan teams, the Juniors vs the champion Tyro team.

In last week's column in the HERALD we announced that the Tigers had wrapped up the championship at Burns Ave. We were a little premature with this announcement as they didn't cop the duke until this past Saturday when they played the Lions for the title.

They came out on top by virtue of the real sharpshooting of Stenson (11) and Tripasse (12) and the general all around good team play of the rest of the team. The Lions went down fighting as Hanafin was high man with nine points.

coaches were picking the All Star team from amongst the six teams in the league. We have not received the names of the boys who will represent Lee Ave. as yet, but will have the lineup for next week's column.

## CLINCHES 2nd PLACE

The St. Ignatius PBC team although losing two of three this week clinched second place in their league as McGinnigle continued to drop them in from all over the court. His total for the three games this week was 71 points, scoring 23, 23 and 25 points in each game.

They dropped two games to the Hornets who are on top of the league by 53-36 and 51-50 scores. The second game was a thriller as Purnam of the Hornets dropped in the winning basket with 5 seconds to play and St. Ignatius leading 50-49.

## TYROS CLINCH CROWN

St. Ignatius Tyro team walked off with the championship of the Northern Division in the CYO Diocesan League having won all of their league games. With one more game to go their record reads 13-0 in league competition and 18-3 overall. The clincher was applied to St. Raphael's of East Meadow by a 32-25 score. McGinnigle (same guy) was high man in this one with 10 points, closely followed by Harmon with 9. McGinnigle was setting them up from the outside while Harmon was breaking in under the basket to keep the St. Raphael's defense of balance. On defense, Gregory and Dushnick were grabbing most of the rebounds.

High man for St. Raphael's and also game high scorer was Schroeder with four from the floor and five from the free throw line for 13 points.

St. Ignatius led by 20-9 at the end of the half and then held the East Meadow contingent scoreless in the third quarter to go out in front 30-9. St. Raphael's stormed back in the last quarter when coach Jerry O'Connell put in his second team, to rack up 16 points while holding the Hicksvillites to a mere basket. But as it turned out it wasn't quite enough although it did throw a scare into the boys for a minute or two.
