## Regular, Weekly False Alarm For Volunteers

The Hicksville Fire Dept. was kept busy during the week of Mar. 5 thru Mar. 11, answering 17 alarms, one of which was again false. In recent months there has been at least one false alarm per week.

In addition to the false alarm at Woodland Ave School, there were six grass fires; four oil burner fires; an auto fire; a bedroom rug fire; kerosene drums on fire; a kitchen stove fire; and a First Aid call.

On Mar. 5, there were two grass fires; one at Roosevelt Ave. and the RR, and the other on W. Marie St. opposite Big Ben Market.

There was an oil burner alarm at the home of Helen Flynn, 227 Acre La., on Mar. 6; and the following day, there were two more at the home of Anne Levey, 1 Jonathan Ave.; and at the home of H. Werkstell, 34 Getbrook Rd.; as well as a grass fire on Old Country Rd. near the RR and McKee Lumber yard; and a fire in the 1954 Mercury owned by William

John St.

They were called to the home of Mrs. Schultz, 16 Boxwood La. on Mar. 11, to put out a fire in the kitchen stove.

## Vote on School Budget May 6

# RETAIN REGULAR ANNUAL MEETING

**HICKSVILLE**—This community will have its traditional annual district meeting on Tuesday night, May 6, it was learned this week. Some neighboring school districts are conducting a series of budget discussion meetings prior to the submission of the 1958-59 budget to a formal vote. The election of a School Board trustee for a five year term, the first long term under a change in the law, will take place on Wednesday, May 7.

## May Assign Carpark for Workers

The Hicksville parking field between Carl and Cherry Streets, west of Broadway, may be changed to a 5-hour limit field on a temporary basis, it was learned this week, to provide parking for the vehicles of business people. The problem of off street parking for the owners and employees of local business firms was discussed when the Chamber of Commerce met this week.

Councilman Henry McInnes was present and said he would advance the proposal for a five-hour field at Oyster Bay.

Chamber President Patrick Caputo said this week that the proposal, coming on the heels of the PSC announcement that Hicksville's RR crossing elimination program is being advanced "Brings us this much closer to the solution of parking problems in our community."

## Lions Exceed Eyeglass Goal

The Sight Conservation Committee of the Hicksville Lions Club completed their canvas of the Hicksville area for old eyeglasses for the indigent people of Bangore, India. Committee chairman, Dr. Lowell D. Glatt stated, "Although the club goal was 100 pairs of old eyeglasses the people of Hicksville responded to the call for help from across the seas with their usual spirit of friendship and helpfulness for those in need. A special note of thanks is due the men of the Hicksville Post

Office for the splendid job they did in collecting the eyeglasses from the Post Boxes. Thanks to the efforts of all concerned we are proud to announce that we have prepared a package containing 185 pairs of eyeglasses for the people of Bangore, India! This is almost 100% over the goal.

"The members of the committee, The Hicksville Lions and, on behalf of the people of Bangore, India, Thank you very, very much."

The subject of teachers salaries in the School District will be featured tomorrow (Fri) night when the Board of Education meets in the faculty cafeteria of the Senior High School. A committee of the Classroom Teachers' Assoc will be present to urge a change in the salary schedule.

Teachers of the district, under the present salary schedule, will receive an increase of \$150,000 next year without formal action by the Board of Education. The schedule was adopted last year and provides for automatic increments for all of the nearly 500 teachers in the system.

The School Board has received preliminary materials from the Classroom Teachers' Assoc which, if adopted by the Board, could raise the over-all salaries of the teachers by nearly a half million dollars.

The School Board has set Wednesday, Mar. 19, for the sale of over three million dollars of School District bonds previously authorized by the votes of the District. The sale will take place at 2 o'clock in the afternoon at the School District Administration Building on Newbridge Road.

The Board has concluded its work on Code 2 of the 1958-59 Budget and last Friday night discussed Codes 6, 7 and 4.

Due to the heavy load of business in completing the budget, the curriculum program meeting scheduled for Friday night, Mar. 21, will not take place.

## Parents Class Night For Jr HI

Parents Class Night will be held at the Hicksville Junior High School on the evening of March 25. At this time parents will be afforded an opportunity to go through their child's schedule and become acquainted with some phases of an actual school day. The "classes" will begin promptly at 7:50 P.M. at which time parents will report to their respective homerooms and then proceed to the various subject classes. Dismissal will be at 10:00 P.M.

In order to facilitate matters, 7th grade parents are asked to use the Fourth St. entrance; 8th grade parents, Girls' Gym entrance on Jerusalem Ave.; and 9th grade parents, main entrance on Jerusalem Ave.

## Top Honors For Local Office

The Prudential Insurance Co.'s Hicksville district office at 7 W. Marie St., has been awarded one of the company's highest honors, a President's Citation.

Formal presentation of the award, for "all-round agency accomplishments," will be made at a dinner attended by the entire district staff and Prudential's top area executives. The dinner will be held at a later date.

Only 52 of the more than 600 company districts throughout the United States and Canada received the high honor this year.

F. Raymond Boltz, of Malverne who has been associated with Prudential since 1937, heads the award winning Hicksville district office.

## Baptists Start Own Edifice

In a simple, inspiring ceremony, the First Baptist Church of Hicksville conducted a ground breaking service at the site of their proposed new edifice at the intersection of List St. and Pollok Pl., Hicksville, Sunday.

Pastor F. Richard Grob officiated, and introduced visiting pastors from neighboring communities who gave the gathering their best wishes and prayers.

A former Pastor of The First Baptist Church, Pastor Reinsmuth evoked nostalgic remembrances as he remarked that he had never doubted that someday he would be

present at such a ceremony for his old congregation.

Mrs. Melning, representing the churches missionary program; Joan Kerrigan and Frederick Canaver representing the young peoples groups, and Don Kant, Board of Deacons, quoted pertinent verses of scripture.

Rev. Bruce Jackson, Pastor of New Hyde Baptist Church delivered the principal message, and tendered the best wishes of Nassau's Ministers Fellowship.

LeRoy Brown, Chairman of the Building Committee; George Mar-diros, chairman of the Board of Deacons, and Pastor Grob then turned the first shovels of earth.

A mild sunny day defuted the weather prophets of gloom who had predicted "Cloudy with showers." Pastor Grob hoped this was an omen that the prophets of doom who have consigned the erection of a new building as an ambitious dream will see faith triumph and a new building an actuality before summer.

To insure as a first step toward this goal, a banquet will be held next Tuesday at the church at 6:30 P.M., during the course of which details of the fund raising campaign will be announced. Every one is invited, the banquet is free, but reservations should be made in advance.

Admission will be \$1.50 per person. No one under 18 years old will be admitted.

These will cover Kindergarten through sixth grade. Parents from each grade will meet in specific areas, to be announced at the meeting, where the teacher will explain the aims and curriculum of the grade. A question and answer period will follow in each group. This program has been planned primarily for those people who find it impossible to attend the individual grade workshops held in the afternoon and who have expressed an interest in such a program.

## CURRENT COMMENT Please Keep Off The Grass

BY FRED J. NOETH

HICKSVILLE is a sports-minded community with numerous baseball, Little League and softball teams. Requests for permission to use the diamonds at the various school grounds are being filed and with the first sign of spring, tryouts are being scheduled by the leagues.

The School District this year is spending thousands of dollars to put the school grounds in excellent condition. The work began last fall and will continue this Spring into mid-summer.

Faced with requests for permission to use School fields starting this Saturday, the Board of Education found it necessary this week to post "Keep Off the Grass" signs. It is hoped that everyone involved will recognize that the investment of tens of thousands of dollars is at stake and keep off the school fields until the word is given.

Joseph J. Siderits who is the site planning consultant to the school district on the improvement of the grounds, says the weather and soil conditions permitting, the use of some fields may be anticipated for April while others possibly as late as June.

The sudden unavailability of these ball fields emphasizes the importance of acquiring more recreational land in the community. School grounds are primarily designed for school purposes. In our community, these grounds (and the buildings) are freely made available to local groups and organizations when not required for school purposes. But it is not difficult to figure out that with all the school grounds we are fast running out of open space for recreational use. There are today some 12,000 boys and girls enrolled in our schools, and the enrollment continues to climb.

In addition to the organized student-age teams and leagues, there are many adult groups which seek to use the school fields for their play as well.

The current interest in establishment of a community park has led to an evaluation of what facilities we have and what facilities are required in the immediate future. We have been interested to learn, for example, that it requires about four acres to set up a baseball diamond, and about two and a half acres for a Little League or softball diamond.

We join the School Board in asking the cooperation of everyone: Please keep off the grass and give it a chance to grow. We'll all be proud of the results.

To the Editor,

Enclosed is a copy of a letter written by me to Medard Ofenloch, Chief of our Fire Dept.

I hope you will have an opportunity to utilize some or all of it to give our volunteers a deserved pat on the back and also perhaps, advise some of our local citizens of the excellent service generously donated by these men for the welfare of our community.

To Medard Ofenloch, Chief  
Hicksville Fire Department  
Dear Chief,

On Friday evening, Feb. 22, yourself and members of your good organization answered an emergency call to render assistance to my

wife, Geraldine. Her condition was such that immediate and ambulance type transportation was imperative.

The extremely prompt response, the care and solicitude, the gentleness and courtesy all coupled with the comprehensive understanding and efficiency of you and your men did much to ease our difficulties and contribute to a happy resolution of our problem.

You and your fellows should be justly proud of such a splendid organization.

On behalf of my wife and myself I should like to express our sincere appreciation for the wonderful efforts expended on our behalf.

## AN EDITORIAL Wake Up And Read

National Library Week - the first observance of which is being held March 16 to 22, will focus widespread attention on reading and on the importance of libraries of all kinds, from the bookshelves in your home to the vast collections in public and university libraries, schools, and institutions. The objective is a "better-read, better-informed America."

As a nation, we have not formed the habit of reading. A recent poll indicated that 61 per cent of the American public had not read any book other than the Bible during the previous year. Another survey showed that half the nation's adults live within a mile of a public library, but only 20 per cent use its facilities. Although reading has increased in recent years as measured in the increased sales of magazines, newspapers, and books, and in the increased use of public libraries, this increase has not been as great as has been the use of leisure time for other purposes.

The habit of reading is a source of enrichment to the individual. The people who read have the most successful careers, for business and industry have never been able to find as many educated, intelligent men and women as they need. Any reader has in his hands one of the world's greatest sources of entertainment, for reading is an activity which can be carried on almost anywhere at any age.

National Library Week is a good time to visit your local public library and make use of its resources. But don't limit your visit only to that particular time - make use of your library often, and encourage your children to do the same. The habit of reading is vital to a democratic society, and it is important that our citizens be well-informed. And since habit of reading is the best kind of adult education, it will take some of the strain off the school system and guarantee an education that will not stop when the high school and college years are over, but will continue for life.

## Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N.Y.  
By ARTIE RUTZ

There was quite a bit of spirited bidding for the honor (and \$7) of being the host Post at the 3rd Division Caucus scheduled to be held on April 18th. At the recent 3rd Division meeting in Port Washington, Carle Place, Westbury, Mineola and Bethpage all bid for the Caucus to be held at their Posts. Mineola bowed out in favor of Carle Place (backed by Hicksville) was the date. Eyebrows were raised when Hicksville's bid did not enter the bidding for the honor (and \$7).

Freepost will host the 2nd Division Caucus on May 13th. Look like Tommy Sarver, backbone of the Locust Valley Post, will be the next 3rd Division Commander. Unless Hicksville cares to dispute his bid. The Nassau County American Legion dropped the idea of sponsoring a home show at the Levittown arena. Seems the boys were smarter than the promoter. County S.A.L. Chairman, Jack Kelly of Westbury, simply beamed when he was handed a check for 36 additional memberships in our unit. Hughie McCann, new 10th District Commander, presented a Citation to the Rev. Percy Kirkham for 25 years of service to the Legion as Chaplain at all levels

of the Legion's structure. He was assisted by Nassau's J. Arthur Perry, new 10th District Vice Commander. Past County Commander, Gil Chichester, still recruiting new members for Hicksville. Handed Commander Guy Smith an application and the necessary "Essentials" at the last County meeting. County Adjutant (Corresponding) Joan Gordis Sava resigned so she may spend all her time on her new job (recently married to County Commander Fred Sava). And Fred is pushing one of the four cardinal points of the American Legion, "the care for the children of America" with the County playing host to all the Sons of The American Legion Squads and the Junior Divisions of The American Legion Auxiliary at a Party on March 16th at the Hempstead Post. And this is followed by Easter Parties for 495 children confined to seven Nassau and Suffolk hospitals on March 29th. These are Fred's pet personal projects as County Commander and are the first of their kind anywhere. Give him all the help you can, either financial or physical. And a snappy salute to Sam Small Small o f Great Neck Post for the great job he did in that town, fighting for the threatened veterans' exemptions.

### Many Recipes In Competition

The response to the Evans-Amityville Dairy Contest for recipes to broaden the horizons of the uses of cottage cheese was overwhelming. It was announced by Willet H. Evans. The variety and quality of the recipes using cottage cheese in baking, casseroles, desserts, dips and salads, as well as in spreads is most interesting. Evans emphasizes that there is still time to enter the contest. Although entry blanks may be had from the Evans Amityville Dairy routemen, anyone may send in their favorite recipe using cottage cheese on a plain piece of paper, mailing it to Box 100, Massapequa Park.

The first prize will be a complete Easter outfit and other prizes will be flower arrangements delivered to the homes of the winners. The contest closes Midnight, March 27.

Ten dieticians, including Barbara Fenerty, school lunch director of Hicksville Schools, will be judges of the contest.

### Senior Student Wins Honors

A Senior at Hicksville High School has been awarded a Certificate of Merit as a result of her outstanding performance in the 1957-58 National Merit Scholarship Program, according to Principal L. Galloway.

Patricia F. Peluse has received the Certificate which attests to the high academic promise of the student. High scores on two college aptitude tests led to the nationally recognized honors for Patricia. Less than one half of one per cent of the seniors in each state received the awards.

The local senior is among 7300 finalists in the current National Merit Scholarship competition which began last October with the testing of 256,000 of the nation's most able high school seniors. Over 1000 of the finalists will be awarded \$5 million in Merit Scholarships, as a result of final judging now being conducted. Winners will be announced about May 1st.

# State Legislature Heads For Adjournment

by Fred J. Noeth  
ALBANY -- The elderly lady two comfortable seats away was complaining to her companion: "They are not paying attention. No wonder things go haywire". It was Monday night of this week in the Assembly chamber of the State Legislature. It was a typical, end-of-the-session gathering of the State law makers.

Speaker Oswald Heck called out as his gavel clacked: "The House will be in order. Members will take their seat". Clack, clack. People continued to mill about. Few appeared to be paying attention to the Speaker. Standline three tiers above the Assembly, Heck hit the gavel again: "The sergeant at arms will see that everyone inside the enclosure is seated".

Three more clacks of the gavel and everyone rose as the opening prayer was given. This was followed by the mumbled drone as Assembly Clerk Ausley (Brooklyn, formerly a Republican assemblyman from Buffalo, went thru the membership roll. (The total membership is 150. There were 137 present for Monday night's session).

During the roll call the visiting about from desk to desk continued. There was handshaking and gossiping and the hum of voices continued.

By now the lunchroom-type seats, with the top arm rests for note taking, were filled. There was John M. Greene, now Albany correspondent for the L.I. daily Press, seated with the Legislative Correspondents along the front of the rostrum and facing the Assembly. John Greene was our managing editor in those dear, departed days of the Nassau Review-Star.

Assemblyman Edwin J. Fehrenbach of Bethpage, seated for his first session of the State Legislature this term, occupies seat No. 29. His seat is on the so-called Democrat side of the house because of the lack of space on the Republican side. During his first session here, Ed Fehrenbach is serving on the Assembly committees on Finance, Public Institutions, Public Printing, Villages.

The Legislative files a tremendous tome published weekly, discloses that he has introduced 16 bills in this session. Assembly Intro 1093 has passed both houses and is now awaiting the Governor's signature. It provides the solution to a problem for many volunteer fire departments in the state, including Hicksville. It provides that "if a police officer or a doctor calls for an ambulance or a squad car, it is deemed an emergency call."

A memorandum attached to the bill explains "In what many communities throughout the state, a doctor or police officer may call for the ambulance or squad car. When calls are made, the source of the person requesting the call never

EDWIN J. FEHRENBACH

hesitates to inquire about the facts but simply dispatches the ambulance or squad car immediately. The law now also provides that such preliminary determination should not be deemed to authorize dispatch if it is found that there is no emergency. If a police officer or doctor calls for the ambulance or squad car, this should relieve the volunteer firemen from determining whether or not there is an emergency after arriving at the scene.

"This bill seeks to amend Section 209-B to relieve the volunteer firemen of determining whether there is an emergency when called or at the scene. If a doctor or police officer places the call originally, it is felt that doctors or police officers are in a better position to judge whether an emergency exists, rather than a volunteer fireman."

Assemblyman Fehrenbach's other bills include appropriations of special state aid for School District where population is substantially increased as the result of construction and opening of new housing developments (Assembly Intro 1516). Also, a bill providing substantial increased state aid under which many, if not all, Mid Island School Districts will qualify. (Assembly Intro 2619)

He has also introduced companion bills to amend the tax laws in relation to exemption of new industrial buildings from local taxation, as a local option inducement for industry. (Intro. 8092 and Int. 3524)

THE CAPITOL on the hill at Albany. Few people use that broad front staircase, preferring to enter from the street level and take the elevators. A portion of the State Education Dept. building, which appears

to be a wing of the right, is across the street. The sharp incline up State St., from the hotel to the Capitol has been described as "cardiac hill" and visitors over 40 are advised to take a cab by local ways.

## Back To The Floor

Now Speaker Heck was bouncing the gavel again: Clack, clack: "The House will be in order. The members will take their seats --. The members will please be quiet. Monday night is a little more strenuous I recognize, but please be quiet."

After the ritual of the Chair recognizing, at the request of individual members, the various groups of "young people" in the gallery, including Boy and Girl Scouts, students, farm bureau delegates, etc., Heck grandly welcomed "everyone not already mentioned".

As the matters on the calendar proceeded, the same general air --- to the visitor --- of organized confusion continued. It might be pointed out here that Legislative matters receive careful scrutiny in the Assembly and Senate committees before they ever reach the floor and what appears, to a casual visitor, a babble of confusion is really just another technical step in the progress of a proposed law.

For example, as the Assembly Clerk read Print no. 4548 -- Mr. Harbison, "An act to amend the real property law in relation to requiring that written conveyances be drawn by an attorney etc." a voice spoke up and the bill was set aside until later when debate took place.

Somewhere about midway in the session, we saw Speaker Heck answer a private phone on his rostrum and, without a pause in the proceedings, Assemblyman Leo Lawrence who is chairman of the Conservation Committee, took over the gavel.

The quick roll call by Assembly Clerk Borkowski (and we saw the same device used in the Senate earlier in the day) is a little halting to the first time visitor.

This session it goes like this: "Abrams, Hannigan, Ca. no, Younglove, 137, noes none".

In this little duty the name of the first and last Assemblymen (alphabetically) are given -- Abrams and Younglove -- as well as the Assembly minority and majority leaders, Hannigan and Carline. The 137 is the number of Assemblymen present for the session.

If a member, during this quickie sing song raises a hand, his "no" is recorded and the Clerk states the name of the member voting no. This ritual takes only a few seconds to sing out and on they go to the next bill.

However, on the bill of Assemblyman Harbison, when it came up later for debate, there was apparently a sharp difference of opinion -- not along political lines, either. When a slow roll call, with the reading of every name of every Assemblyman, got underway. This took over 15 minutes and the final score was 77 yes and 60 no. (Indicating 137 Assemblymen in the chamber at this moment)

## Final Stages

The session, Monday night, ended about 10 o'clock with many committee meetings set for 10 o'clock the next morning and the Session starting on Tuesday at 12 noon. The State Legislature is in its final stages and members are aiming for a closing date of Mar 22.

It would take volumes to discuss the State Capitol itself. Our Assemblyman Fehrenbach shares an office on the 5th floor (room 521) with three other Nassau Assemblymen -- McCloskey, Farrington and Barbiero. Each has his own Clerk and Secretary and they are busy with legislative affairs throughout the day and into the evening until after the session closes for the day or evening.

Harvey Schluter of Hicksville, who has been Clerk for our Assemblyman from the 4th District (Oyster Bay Township and City of Glen Cove) for 14 years, first served with the late David Hill, then with John J. Burns (now Town Supervisor). What Harvey has forgotten about the legislative machinery is not worth knowing. Isabelle Dodd of Sea Cliff is Secretary to Assemblyman Fehrenbach as she was to Mr. Burns.

We made the trip to Albany in the pleasant company of Harvey and Isabelle.

The mail bag of our Assembly-

man averages 200 letters a week. It covers a variety of subjects and. In recent weeks, a post card barrage largely from Plainview urging support of legislation for School State Aid. There are telegrams, personal letters, form letters and circulars. Every letter gets personal attention from Fehrenbach and the clatter of typewriters in Room 521 is constant.

The Capitol building is a monstrous heap of stone. On the first floor, among other things, is the mailing room. The second floor is occupied by the executive branch of the Government. The Senate is on the third floor (and Senate offices and chambers are far more ornate than the Assembly) and our Assemblyman is on the fifth. In between and all around are special committee rooms etc.

Mrs. Dodd asked us to include in our report a special plea: When you write your Assemblyman, please print your name or write legibly and include whether the writer is Mr. Mrs. or Miss. Dictation and correspondence occupies a good portion of each legislative day. Just as Speaker Heck (who had returned to the rostrum during the "slow" roll call) gave a couple of more clacks of the gavel to adjourn Monday night's session, we heard the nice old lady two seats away murmur -- "I do believe I understand what they are doing now".

## Fehrenbach Gives Report

Assemblyman Edwin J. Fehrenbach of Bethpage will appear on the "Report from Albany" series heard over Radio Station WHLI, this Saturday, March 15, at 1:45 PM. He will review the important developments of the past week during the session of the

State Legislature in Albany.

"Report from Albany" is presented under WHLI's "Community Servant" plan under which the main levels of government administration report to the people of Long Island.

It was, played havoc on the attendance of the committee. However, four men did manage to be present, and decided on a slate of officers to be presented to the entire committee.

With the exception of Al Hanlon, who is ill, they met again.

The following is the slate of nominees: Commander, Les Lehle; Sr. Vice-Commander, Bob Obermeyer; Jr. Vice-Commander, Jim Rock; Post Advocate, Harry Valentine; Chaplain, Ed Shannon; Post Surgeon, Bernie Paul; Trustees for Three Years, George Hemmer; County Delegates, Mulligan, Frohenhofer, and Fred Sutter; Alternates, Jim Kluge, Joe Gilligan, and Cesare Colasuonno. Two nominees were selected for Quartermaster, one is Artie Slacks, and the other - see if you can guess.

Too bad so many names are put in this one article, but it's the only way to get the information to you.

We would like to comment, that if Les Lehle is elected commander, it's He has had the opportunity in the past, but his job didn't permit him the time for the position. This position is a job of responsibility and devotion of time, and since he knew that it was impossible for him to do this, in the past, he stepped aside. Credit must be given to such a man who placed the welfare of the organization before anything else. He knew that no organization can possibly be successful by sitting back and letting the other guy do the work. Sacrifices must be made. Without prejudice, we think he's ready, and he feels the same way, and this makes a good combination.

Very happy to announce that two new members have been added to our post. They are Edward Busch and Charles Ney. Glad to have you fellows with us. Welcome aboard. It's always nice to know that there is somebody interested in the VFW. We still have room for more, if anyone wants in.

Incidentally, if anyone is interested in Civil Service employment, there appears to be a number of jobs open at Mitchell Field. Have no idea what the jobs are, or the salary. This is all we know, and passing it on to you.

We have now formed a Fund Raising Committee, who are open to any sound ideas. Come now, no wise apples, thank you. Seriously, if you do have any suggestions, either come yourself, or tell one of the boys, who will carry your information to the committee. Don't wonder if they may have wall to wall carpeting on their minds. Money is the root to all evil, but it's nice to hold in one's hand.

Again we remind you that our next meeting will be election of officers. Will let you know the results. Hoping to see you there.

## Requests For School Fields Are Due Saturday

HICKSVILLE - Requests for the use of school fields are required by the Director of Health and Physical Education to be submitted on or before March 15, with the understanding that the fields will be assigned on or before April 1st.

A special meeting will be held on March 27 at 8 PM in the High School gym of all organizations which have submitted requests for fields.

## World Series Films March 25

Baseball fans will be able to relive the thrills of the 1956 World Series between the New York Yankees and the Brooklyn Dodgers in a 40 minute film to be shown at the Hicksville Public Library auditorium on Tuesday evening, March 25, at 8 p.m. The film is on loan from the A.C. Spaulding film library.

The 1956 Series, as most fans will recall, was the first time in Series history that a team lost its first two games and came back to win. It was also the occasion of Don Larsen's no-hit, no-run perfect game, another first for the record books.

All interested people are invited to see the film, but children must be accompanied by an adult. Other films are available of previous Series, All-Star games, and on special sports subjects and will be

scheduled for future showings if enough people are interested in seeing them.

### FILMS FOR SMALL FRY

On Thursday morning, Mar. 27, at 10:15 and 11 a.m. the Children's Library will have a film program for children under five and their parents. Two films from the Picture Book Parade Series put out by Weston Woods Studios will be shown. The films are "The Little Red Lighthouse" by Swift, and "The Red Carpet" by Parkin. All preschool children, whether registered with the Library's regular program or not, are invited to come and see the movies. As the group who saw similar films during Book Week will attest, these movies are of high quality and capture the charm of the original books.

Primary grade teachers who would like to bring their classes to the Library for special showings of the films are invited to call Miss Broderick, Children's Librarian, for an appointment.

The competition will be keen and four outstanding games are on tap. A large turnout is expected so come early to get a good seat as it will be first come, first served. The first game will be for the championship of the Middle Division, between the Hawks and the Falcons, next on tap will be for the championship of the Intermediate Division bringing together the A-paches and the Tigers. The third game pits an All Star team from Lee Ave. against the Bantams and the final contest brings together the champion Tyro aggregation and the St. Ignatius Juniors.

The All Stars from Lee Ave. were selected by the coaches of the six teams in this league and is made up of two men from each team. The boys are being coached for this one by Jim Rafferty and George Shanley.

The boys making up the team are: from the Nationals, Sal Gramaglia and Jim Mielnick; Pistons, Joe Abramowski and Bill Hearty; Celtics, John Dooley and Gerald Fetter; Royals, Gene Scott and Frank Fraser; Lakers, Dave McCarthy and Bob Wayladak; Warriors Howard McGroady and Kevin McLaughlin.

### BIG SCORING PUNCH

The CYO entry in the PBC league has really jelled into a high scoring club winning two this past week by scores of 90 - 38 and 87 - 29. McGunnigle continued his sharp shooting by racking up 40 points in each of these games. Chris Colletta dropped in 32 points.

St. Ignatius	G	F	P
McGunnigle	20	0	40
C. Colletta	6	0	12
Ehrbacher	4	1	9
Agapito	4	1	9
F. Colletta	4	0	8
V. Colletta	1	1	3
Thompson	1	0	2
Demonaco	2	0	4
	42	3	87

### Falcons

Helman	3	0	6
Neuberger	1	0	2
Allen	5	3	13
Stellman	1	2	4
Hannon	1	0	2
Griffin	1	0	2
	12	5	29

This game was noteworthy in that all of the boys broke into the scoring column. Even if they should be without the services of their high scorer this team has developed into one that would give a good account of itself and make trouble for any team in its class. This team will play post season games against Merrick at St. Ignatius Jr. HS, at 8 PM on Wednesday, Mar. 19 and the Bayville All Stars at the Lee Ave. school at 7 PM on Thursday, Mar. 20.

The PBC has opened its doors to any CYO member who is interested in Model airplanes. If you are already an enthusiast and if you think you would enjoy this popular hobby you are invited to join. On the night of Mar. 20 at 8 PM in the Division Ave. High School cafeteria there will be moving pictures and a meeting for members and those interested in joining.

### UNBLENDED RECORD

The Tyros won their final league game against St. Rocco of Glen Cove by a 26 - 16 score, giving them a season record of 14 - 0. Co-coach Lloyd Harmon informs us that no definite information is available at this time on the date, time or location of the Diocesan semi-finals.

The finals are slated for Mar. 30 at Chamlinade HS, Mineola. In a non-league tilt the Tyros took the count of Maria Regina of Seaford 43 - 39 to bring their seasons overall record to 22 - 2.

St. Ignatius Tyros	W	L
McGunnigle	5	2
Biasi	0	0
Jarvis	1	0
Gregory	3	0
Germaine	1	0
Dushnick	7	0
F. Colletta	0	0
C. Colletta	0	0
Harmon	3	1
	20	3

Maria Regina	W	L
Genari	7	2
Milazzo	7	1
Mancini	0	0
Manfredi	0	0
Desimone	3	2
Scardino	0	0

The Seaford team gave a good account of itself in this one, the difference being made by the more versatile scoring attack of St. Ignatius. Genari and Milazzo were high men in this one closely followed by the Tyro's Dushnick and McGunnigle.

### MORE MARKS

The Bachagulupes continue to lead the league and now stand alone at the top as the Lancers split six games in the past two weeks while the Bachagulupes won 5 while losing only one. The league leaders had best keep their eyes on the Tip Toppers as they moved up from 16th to 7th by winning 5 of 6 in the last two weeks. Other teams to watch on the basis of their winning are the Fireballs (15th to 10th) St. Kenny (19th to 13th), Cyclones (22nd to 17th), and the Rockets (24th to 20th).
