Entered as Second Class Matter at Hicksville, N.Y. Post Office.

OUR 310th BIRTHDAY TAKES PLACE TUESDAY

310th BIRTHDAY of present-day Hicksville takes place next Tuesday, May 20. This mural on the wall of the Junior High School auditorium, painted in 1936, depicts the Robert Williams Purchase of Hicksville and vicinity from the Indians in the vicinity of Catiague Rock in 1648. The purchase was divided in 1746 among other landowners but the full development of the area did not begin until 1849 after the LIRR had built a single-track line out from Jamaica. What did Williams pay the Indians? An unspecified quantity of cloth.

Board Gives Superintendent Of Schools 3-Year Contract

The Board of Education voted to give Dr. Wallace E. Lamb, Superintendent of Hicksville Public Schools, a three-year contract covering the period 1958 to 1961, Friday night. The motion was made and carried following a brief executive session.

The motion provides for a salary of \$17,000 for 1958-59, \$18,000 for 1959-60, and \$19,000 for 1960-61.

Dr. Lamb came to Hicksville as

assistant to Superintendent E. H. LeBaron and when the latter retired, he was advanced to Superintendent.

At the same session the Board voted to engage Joseph Madden as director of recreation for a one-year period, starting June 1, at an annual salary of \$9,000.

A motion was also made and carried to purchase a new 40 foot metal flag pole for East S. School. The old wooden pole is split and the victim of termites.

The Board also voted to establish a Children's Scholarship Fund, utilizing \$2000 from \$3034 profits on the sale of student pictures.

Trustees Robert Eaton and Arthur Elrich, who were quoted in the daily press following the school district trustee election as saying they would challenge the Schreiber-Ditmar vote, were absent from the meeting last Friday night.

The Board of Education will hold another meeting this Friday night, May 16, at 8:30 PM in the Faculty Cafeteria of the High School. Preparations for a special referendum of the School District during the latter part of June will probably be concluded at the session. The referendum is scheduled to include the vote upon purchase of a 10-acre tract on Catiague Rock Road for a school site. It may also include a proposed addition to the School Administration Building on Newbridge Rd and a garage to house district vehicles and equipment at Second St next to the Junior High School.

AN OPEN LETTER To People of Hicksville

"New York, 20 Feb. 1958 - Estimated fire loss in the US during the month of January amounted to \$99,918,000, the National Board of Fire Underwriters has reported. These estimated losses include an allowance for uninsured and unreported losses."

The above quote appeared recently in "The Volunteer Fireman", the official publication of the Fireman's Assoc. of the State of New York, for the month of March 1958.

True, this is a nationwide figure, but it does show the staggering losses sustained by the people of this country for one month and at the present rate of loss, the total fire loss for the year will amount to over one billion dollars.

What does this mean to the people of Hicksville? What can be done about preventing this tremendous fire loss from reflecting on us, the people of Hicksville? The only thing we can do is see to it that

County to Build New Precinct

MINEOLA - The Second Precinct of the Nassau County Police on Hicksville Jericho Road will occupy a new, county-owned building to be erected in the Hicksville-Bethpage area it was learned this week. The present premises are rented. The Precinct building location has not been determined as yet. However, the County Board of Supervisors next Monday morning, here, will consider issuance of \$527,000 in bonds for Hicksville and Valley Stream precinct structures.

Also scheduled for Monday is authorization of an additional \$190,000 for building and equipping the new Firemen's Training School Building in the vicinity of the Brick Yard in Old Bethpage. The total estimated cost is \$400,000, of which \$200,000 has already been authorized.

At the Supervisor's meeting this week on Monday, the agreement was reached to pay Raymond Haas of Long Beach \$201,190 for about 13 acres on W. John St., Hicksville, for a storm water drainage basin. It is part of the Press Wireless property.

PATRICK CAPUTO, at right, re-elected this week as president of the Hicksville Chamber of Commerce, is congratulated by Julius Schwartz who has been elected as Secretary, succeeding William Payoski. The Chamber will hold its third annual installation dinner-dance at the Old Country Manor in Hicksville this Saturday night, May 17. Those planning to attend have until today to call WE 1-7170 to make their reservations. Also elected at Monday night's special Chamber meeting were Aaron Rochman, vice president; Joseph Reinhardt, treasurer; and directors Payoski, Fred Herman, Al Schachner, W. E. Koutensky and John Dobson.

5-Vote Margin Elects Schreiber to Board

HICKSVILLE -- Walter Schreiber of 13 Suggs Lane was elected to the Board of Education for a three year term commencing July 1 by a margin of five votes on May 7. He will succeed Emil J. Szendy who will conclude six years on the Board on June 30.

Reports of a "protest" of the election failed to materialize. The Board of Education met on the night of election and the results were certified by five out of seven Board members. Robert D.P. Eaton and Arthur L. Elrich refused to sign the minutes of the meeting concerning the tabulation.

Irene Murphy, campaign manager for Earl E. Ditmar, said two days after the election that the tally compiled on election night matched that of Ditmar's watchers at the seven polling places.

Schreiber said at the conclusion of the election when he was declared the victor that he sincerely appreciated the expression of support given at the polls and pledged himself to be worthy of the trust and confidence expressed in him.

Arthur Lewander made the public comment election night that regardless of the outcome he would run again.

While a few voters were disappointed to find they had failed to register to be eligible for the voting, it remained for Lawrence A. Roman to make a "public protest". He insisted that the absence of his name from the registration book was a "clerical error". He filed a written statement with the Chief of Inspectors, Olive Foran, at East St. School asserting that if he had voted he would have cast his ballot for Lewander.

All voters who registered for 1958-59 at either the annual meeting on May 6 or at the time of the election on May 7 were provided

WALTER SCHREIBER

with green-colored cards stating the line and number of their registration in the books.

A special referendum on the proposed purchase of a ten-acre school site on Catiague Rock Road is being planned for late in June. All persons not registered will have another opportunity to enroll just prior to the special meeting and vote.

A question limiting the term of office of school board members to three-year terms was adopted at the May 6 annual meeting.

Madeline McGunnigle Becomes Bride

Miss Madeline McGunnigle, daughter of Mr. and Mrs. Vincent B. McGunnigle of 66 Park Ave., Hicksville, became the bride of Edward Froehlich, son of Mr. and Mrs. George Froehlich, Sr. of Elmont, on Saturday, April 19 at an eleven o'clock Nuptial Mass in St. Ignace Loyola R.C. Church, Hicksville. The Rev. Leo J. Goggin performed the ceremony and celebrated the Mass.

The bride, given in marriage by her father, wore a silk taffeta princess style gown, with a mandarin collar and long pointed sleeves. Her headpiece was a cap made of Alencon lace, trimmed with seed pearls

with a fingertip veil. She carried a prayerbook with butterfly orchids and lily of the valley.

Mrs. Edmond Clegg, of Huntington, sister of the bride, was the matron of honor. She wore a princess style gown of pervanche blue silk organza with a matching headpiece. She carried a cascade of pink lilacs and lavender tulips.

The bridesmaids were Mrs. Arthur McCormick, sister of the bride, and the Misses Loretta Muller, cousin of the bride and Mary Klinger. They also wore princess style pervanche blue silk organza gowns with matching headpieces, and carried cascades of lavender lilacs and pink tulips.

George Froehlich, of Farmingdale, brother of the groom served as the best man.

Ushers were Paul Kirdahy, brother in law of the bride of Hicksville, and Joseph and William Froehlich, cousins of the groom of Elmont.

A reception followed at Geide's Inn in Centerport.

Mrs. Froehlich, a graduate of St. Dominic's High School, Oyster Bay, is employed by the LI Light- ing Co. in Hicksville.

Mr. Froehlich, a graduate of Se- wanaka High School, Floral Park, is employed in the U.S. Post Office in Floral Park.

After a two week honeymoon through the South, the couple will reside in their new home in Hunt- ington.

CURRENT COMMENT

Parks Are Insurance

BY FRED J. NOETH

COUNTY EXECUTIVE A. Holly Patterson spoke last week at the Spring meeting of the New York New Jersey Metropolitan Regional Conference on Recreation at Beat Mountain Inn. We had an invitation but couldn't get away.

However we much comfort in some of the statements by Mr. Patterson. For example "parks are insurance for good health. They are necessary for the happiness and contentment of our people. And like insurance, one should have all he can afford."

And he also noted "a strange fact is the agreement that we need public parks, but the opposition which always develops when forward looking officials take leadership in establishing them"

Which recalls the petition which went before Oyster Bay Town Board in February of this year, requesting the Town Board to acquire a 50-acre tract in the northwest section for a community park for Hicksville. The northwest area was designated in the petition because (1) it is the last remaining open tract of sufficient size in Hicksville for a true community recreation center or park; and (2) in a matter of months if not weeks or days, it may well be covered with streets and a housing development.

We have been subjected to criticism for advocating this community park. Whether Hicksville gets a community park or not is something which the Town Board, in its wisdom, will have to determine. All we can do is ask that it be given serious consideration with fullest recognition of the fact that this may be our last chance.

Future generations may pass judgment on what we do today.

Over the years we have wearied of the often-heard complaint that "the oldtimers" failed to do this, that and the other thing a decade or more ago. There may have been compelling reasons for what they did in the "dear old days" or failed to do. There may be just as valid reasons today for what we do or fail to do.

But the very least we can do is to give the matter some serious thought and study.

The Hicksville School Board in a matter of weeks will be asking the voters to approve the purchase of a 10-acre school site in the Press Wireless tract. Last week the Board of Supervisor of the County went ahead with acquisition of about 13 acres of the same tract. It is still not too late to more fully develop the so-called school-park plan advanced by Supervisor Burns some months back.

Unfortunately, nothing stands still. Few problems have ever been solved satisfactorily by "letting nature take its course".

Circus for Cub Pack 491

St. Ignatius School Cafeteria of Hicksville was transformed into a circus when the cub scouts of Pack 491 met for their monthly pack night on May 9.

The Cubmaster, under their Cubmaster Vito Del Rosso and his Assistant Noel Flynn presented a lively show which had been carefully prepared by the Den Mothers, Jane Schreiber (Den 1), Jean McEneaney (2), Pat Hodgkinson (3), Eileen Smith (4), Grace Baldwin (5), Peg Brophy (6), and Dorothy Barbieri (8).

The show consisted of six acts,

"Cowboys and Indians", "Lion Tamer and Lions", "Clowns", "Seal and Midget", "Tight Rope Walkers", and a "Fort Scene" which was put on by the Webelos, who are under the direction of Gene Waters. The Circus also included quite an array of Frocks.

A large audience consumed mountains of popcorn and enjoyed the show in which all boys took an active part.

Before the close of the meeting Committee Chairman Sam McCafferty outlined the program for the rest of the season.

OPERATION VFW

Wm. M. Gouse Jr. VFW Post, Hicksville
by Lou Palladino

There are a few things that can be discussed, so let's not wait until the next meeting for it. Items that may be of interest to you, and a little chatter to boot.

First on the list should be the memorial services and the Memorial Day parade and ceremonies. As you may remember, we were in charge last year, and this year the honor goes to the Jewish War Vets. Pardon our boasting, but we did a splendid job last year, and will give our full cooperation so that it may turn out well again this year. Each year one of the veteran organizations takes charge, and all the others give their full support. They have meetings to plan and decide all issues. We have no idea how they get along on other items, but wouldn't it be a powerful alliance and one that would command the respect in Washington if they did. Sorry, we didn't mean to stray that way, but the thought just struck us that way. Naturally our Ladies Auxiliary will be completely informed about the services and parade. As usual they will be supporting us and making us an even stronger force. Together with this holiday without question will be the Buddy Poppy. We of this post along with our ladies will be distributing them. Please help disabled vets by buying one. Thank you.

We neglected to mention a happy incident of our last meeting. Jim Rock for his line and efficient job as Quartermaster (Treasurer) for the past year was cited by National. We know how good he was in this field, but we weren't tooting any horns. Class will always show itself. Jim, as you may know, is now our Jr. Vice. We'll miss him

at Quartermaster. Our commander is enjoying his vacation. At least we suppose he is. We haven't received any word or card as I know. Fine thing for the Boss man, no card, hymn.

We attended the dinner held for the distribution of the bowling trophies. If you happen to be near Firestone, ask Jack Ehmman to show you the one he received for sponsoring the winning team. Jack, as you know, is a member of our post, and is proud of it. I'm speaking of the trophy, but of the post, too, as he has been a member in good standing for so long. We were proud to see the winners pick up their trophies, as each also is a member. Again we mention the winners - Capt. Bob Obermeyer, George Walden, Al (Lefty) Hanlon, Ed Shannon and Ed Ortel. A little something happened at the dinner that proves our point. The people in charge of the bowling alleys decided to give our own Jack Mulligan a trophy for being an all around nice guy. Jack, as you know, is a past commander, and it tickled us to see that others, besides his friends and fellow members, realize what a great guy he is. Jack, it's too bad that Wagner's Funeral Home beat our Sutter's Monument.

At this time we have a very sad note. We extend our deepest sympathy to our comrade Pat Caputo on the loss of his father. Very sorry, fella, there just isn't anything we can say at this time to help in a case of this kind. From all of us at Wm. M. Gouse, Jr., we are sorry.

With this last paragraph we will finish this gossip. Hope to see you at the next meeting.

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville, N.Y.

By ARTIE RUTZ

I must ask a question of Lou Palladino, who writes the Operation VFW column in the Herald, when I see him.... Say Lou, just what did you mean in last week's column when you said, quote, "The installing was performed by Dorothy Mulligan, and I must say she did a good job. With that little pot in front of her, it looked real good.".... With the recent Cocktail Hour now past history, there won't be another until the cooler weather of the fall arrives and drops its mantle over Hicksville.... Mel Eisenhandler pulled up stakes and moved lock, stock and barrel from the garden spot of Long Island to Newton, Mass.

Present plans call for at least one outfit using "canned music" in the Memorial Day parade this year.... Our Carnival got on theme song, "Is you is, or is you ain't my baby?".... Installation of officers of The Sons of The American Legion for the 1958-59 term of office is slated for Sunday afternoon, June 29th, at 2:30 P.M.... Everyone is invited!!!... Incidentally, the Sons of The Legion now have their own drum and drummer, thus matching the Post's.... Our Commander, Guy Smith, was unable to attend last Monday's meeting due to a business commitment in Ohio.... The American Legion increased its sponsorship of Boy

8 More Calls For Our Firemen

During the week of May 7 thru 13, Hicksville Fire Dept. responded to another false alarm, in addition to an ambulance call, three oil burner fires, a garbage can fire, and two auto fires.

The first oil burner fire occurred on May 7, at the home of Ed. Purcell, 14 Petal La., and the next occurred the following day at 54 Walnut La.

A silent alarm on May 9, brought the vamps to the Mid Island Shopping Plaza to put out two car fires. One auto was owned by T. E. Schneider of 30 Hudson Blvd., Roslyn, and the other by Henry Draper of 5 Guinea Rd., Westbury.

The false alarm was from Box 281, Wishing and Tipot Las., on May 10.

On May 12, they extinguished an oil burner fire at the residence of Arnold Selzer, 41 April La. Early on the morning of May 13, they were called to Railroad Ave. to put out a fire in a garbage can. Later that day, the Fire Dept. ambulance took Joseph Scott, 53, of 11 Harding Ave. to Meadowbrook Hospital.

"Enchanted Evening" is the theme for the Hicksville Junior Class Prom this Saturday night, May 17, at the High School Gym.

Scout units in 1957 to a new high, 4,244....

Reed Stewart, 18, Brazil, high school senior and governor of the 1957 Hoosier Boys State, was crowned the national oratorical champion at the finals of the American Legion National Oratorical Contest at Portales, New Mexico.... Just another way of proving that Boys State representatives are a bit above average and on the ball.... Who's going to represent Hicksville this year?... No news yet on the proposed rate increase by the Post Office on non profit organizational mail.... With 1,357 applications on hand by April 24, Legion officials at Indianapolis headquarters expressed amazement at the early response to the new life insurance plan which was offered to members only on a voluntary basis.... They should, considering that no one in New York has received an application yet.... PLAN TO MARCH WITH THE LEGION IN THIS YEAR'S MEMORIAL DAY PARADE.... THAT'S THE LEAST YOU CAN DO.

TRI PARKWAY Boy Scout District has been divided into three new Districts of the County Council. Left to right are the new District Chairmen: Dr. Warner Lansing of Brooks St., Hicksville-Plainview and Old Bethpage area; Martin Factor, of

Levittown, Island Trees area; Andrew M. Donnelly of Levittown, revised Tri-Parkway District; and Henry Rockhill of Bethpage, new Bethpage-Farmingdale-Plainedge area

Eleven Town Beaches Open Memorial Day

The eleven beaches of the Town of Oyster Bay will officially open Memorial Day, May 30. Supervisor John J. Burns announced today with several beach and recreation areas reserved exclusively for use by the residents of the Town.

Stehli Beach on the north shore and Florence and Alhambra beaches on the south shore will be open to residents only; however, Town residents may use any of the Town's beaches. Beaches permitting non-residents include Theodore Roose-

velt Park and Beach, Oyster Bay; Beekman Beach, Oyster Bay; Oak Neck Beach and Centre Island Beach in Bayville; Tappan Beach in Sea Cliff and Tobay on the Atlantic Ocean and bayside.

At the present time, under the direction of Superintendent of Beaches Edward Brickell all Town beaches and equipment are being put in shape for the summer. Bulldozers are scarifiers are moving and levelling sand and preparing beaches, and bath houses and sanitary facilities are undergoing general paint-up-clean-up and repair operations.

Non-residents of the Town will be required to pay a parking charge of \$2.00 on Sundays, Saturdays and holidays and \$1.00 charge on weekdays at those beaches where they are permitted entry. The \$3.00 season parking charge for residents of the Town will remain the same as last year and parking stickers may be obtained by residents at any of the Town beaches on opening day and thereafter.

Friday Card Bunco Party

**Big, Free Show At
Mitchel Air Base**

An exciting and diversified show is in store for visitors to Mitchel Air Force Base this Sunday, May 18, when the aviation industry and all branches of the Armed Forces will jointly portray the theme "Power for Peace" by holding "Open House" at Mitchel Air Force Base.

Highlighting the day's activities, which begin at 11 A.M., will be a flyover of the nation's latest aircraft, starting at 2 P.M. As a climax, the Navy's world famous precision flight demonstration team, "The Blue Angels" will perform. Every hour on the half hour, starting at 12:30 P.M., paratroopers will jump from aircraft.

**Phone Co Does
Its Share**

The NY Telephone Co. believes it is doing its share to offset the recession in Nassau by going "full steam ahead" with a construction program of about 19 million dollars this year. Elvin F. Edwards, Division Manager, announced today. "This program, together with re-arrangements of work assignments throughout the area, has meant no layoffs of any telephone employees," he said.

"In fact, to date, some 375 employees throughout Long Island who otherwise might have been laid off are still on the company payroll."

Hawaiian Luau

Everybody in the world, from Greenland's icy mountains to India's coral strand, knows that the word lei is Hawaiian for garland and that the lei is an institution of welcome and farewell. Voyagers departing from the Hawaiian Islands by steamer throw their leis over the rail. If the lei floats toward shore...and it always does...the person who threw it will ultimately come back to Hawaii. It's an old tourist custom, and always new.

The Syosset League of Mercy Hospital, under the leadership of President Mrs. Donald Woods, is sponsoring a Hawaiian luau to be held on Thursday, May 29 at Guy Lombardo's East Point House in Freeport.

Chairing this League function is Mrs. Earl Power, together with her co-chairman, Mrs. Paul Wilcox. Menu coordinator is Mrs. William Sheehan. Tickets may be secured through ticket chairman Mrs. William McGurn, WE 1-3743.

Big Rummage Sale

For more than a year, the Manetto Hill Chapter of B'nai B'rith has planned a tremendous rummage sale, which will be held Monday, May 19 through Friday, May 23, from 10 A.M. to 5 P.M. daily, at the store adjacent to Montgomery Wards Garden Center on Hempstead Tpke., at Wantagh Ave. Good, clean, used merchandise, and terrific values are promised for the sale. Additional merchandise will be received daily.

Win State Scholarships

BURTON ALTER

STUART HIRSCH

Two high school seniors and Birchwood residents became the proud recipients of N.Y. State Regents Scholarships. Stuart Hirsch and Burton Alter, both of Carle Place High School, were announced last week by the State Education Dept. as winners. These two boys are also finalists in the National Merit Scholarship Program, a country-wide competition involving 260,000 students.

The scholarship carries an annual stipend of from \$250 to \$700 for each of four years at any college or university within the state. Regents scholarships were awarded on the basis of a five hour exam given in January. The test covered many phases of English usage and literature as well as social studies, math, science, art and music. Such diversified fields as home economics, jazz and industrial printing techniques were also included.

Stuart is the son of Mr. and Mrs. Morris Hirsch of 26 Mellow Lane. Planning to enter a career in science, he will attend either NYU or Kenyon College, a liberal arts college in Ohio. Stu has already been honored with a sizeable scholarship from the latter. He was formerly a student at Brooklyn's Tilden High School, at Carle Place he ranks high in his class with his interests turned toward the sciences. Stuart is a member of the school's competitive math team, the yearbook staff and was past business manager of the school newspaper.

Mr. and Mrs. Louis Alter, of 141 Birchwood Park Drive, are equally proud of their son. Burton will major in pre-law in either Columbia or Princeton. At Stuyvesant High School in Manhattan Burt was president of his Freshman and Sophomore classes. While at Carle Place he has served on the student council and is editor-in-chief of the school yearbook. He is a columnist for the high school newspaper and sports writer for the Westbury Times. Burt has been a member of the VILLAGER staff.

Both boys have taken advantage of a special program offered by Carle Place High School involving preparation for the test. In addition they have taken other courses to prepare them for college. Stuart has been a student of calculus for the past term while Burton takes Greek and Latin.

School Board Meets Tonight

By FAYE FELDSON

It was announced that a series of meetings to investigate and discuss the curriculum of our schools was planned. At the first of these meetings, to be held on June 5, questions from Board members only will be heard. Residents will be admitted as observers only however, at subsequent meetings the public will be able to participate and submit questions.

Upon a motion by Mr. Underhill, the Board voted to have a professional survey made to develop a system of control for the expenses of the district.

Police traffic control at the

Jackson School was discussed and Dr. Lant was requested to follow-up the matter with the Nassau County Police in order to obtain action.

At its last regular meeting, held in April, the Jericho School Board discussed, among other topics, the employment of a school psychologist. Letters were read from the Robert Seaman School P.A. and from the Education Committee of the Birchwood Civic Assoc in favor of such a move.

It was pointed out by several members of the Robert Seaman P.A. that, of the over 50 school districts in Nassau, only three districts, among them Jericho, do not yet employ a school psychologist. Dr. Lant, District Principal, was instructed to contact various school Superintendents about their experience with psychologists and to report back at the next meeting, (May 15).

Dramatic Group Wins Applause

By Ralph Diamond

The dramatic group of our Civic Assoc recently put on a stage performance for our residents that was an absolute sensation. It seemed impossible that a group composed of our own residents could perform in a manner similar to that of a performance appearing on Broadway. It had to be seen to be believed.

Our Civic Assoc is proud to have such a hard working group in our organization. They worked diligently for the past five months rehearsing for their performance in their play, Anniversary Waltz. The results of their hard work culminated in a tremendously successful performance. The audience in attendance made the entire cast return time and time again for curtain calls at the end of their performance.

It is the sincere hope of the Civic Assoc, that the members of the dramatic group continue their excellent work and favor our community with another play in the not too distant future. It is also the hope of the Civic Assoc that the members of the cast will assist us in forming a dramatic youth group, thereby enabling the youngsters in our community to gain some dramatic training.

Thirty young hoodlums were picked up at Mid-Island Plaza on May 2nd P.M. - black leather jackets and all. THIS community must take heed. We can't afford an ostrich attitude of "It can't happen here." we must remember that when this bird buries its head, its rear end is highly vulnerable. WE can have this kick administered to the seat of our pants by outside influences. WE must insult our teen-agers against savage philosophies by proper guidance. A youth program in full operation is now an absolute must.

Crazy hat award at Temple or Elohim Sisterhood dance went to Alice Gareuck with a creation of puppy and hydrant atop her noggin. Another portent that our civilization is going to the dogs?

42 applicants for the Morocco shaker job at the Civic Assoc June Dance -- no chicken flickers. Ample evidence that this community puts too much stress on glamour, and not enough on the basic things. WE can muddle thru without Morocco, but heavens to Betsy, have you tried fried chicken with feathers? Chicken flickers arise! Your community needs you.

Latest victory of the Birchwood Bashers -- scored 187 runs in the top half of the 1st inning -- still at bat when the game was called on account of darkness. Bating attach included 34 HR's, (13 by Larry Leif), 42 triples, 38 doubles and 63 singles. Golden Age Club swears revenge.

It has been suggested that the next production of our drama group be Gian-Carlo Menotti's, "The Telephone". Symbolic of a community that spends half its time making calls and the other half receiving them. The back fence gab-fest has finally succumbed to the March of Science.

Tremendous interest has been generated by the name changing questionnaire that has been circulated in the community. Suggestions have been pouring in by the vanload. Some of the more imaginative ones were:

Upson Downs, Birchwood Bogs, Sonnowville, Schwartz' Folly and Beautiful Birchwood adjoining Merry Lane Mountain.

Keep the suggestions coming. Each must be accompanied by a copy of your mortgage and \$37.00 to cover cost of handling. All entries become the property of Walls of Jericho and will not be returned except by court order. Winner will receive a suitable scroll and have his name inscribed on the Jericho Water Tower - thereby achieving immortality.

We were forcefully reminded that this area is indeed a cold belt. Our

Count Name Ballots

The tabulation of the post card ballots which you have heretofore received dealing with the proposed change of the name of our community from "Birchwood" to some other name, will take place Monday, May 19.

If you have not already done so, please send in your post card so that we may have as accurate a reflection of community sentiment as is possible. These cards are being returned in a substantial volume, but your Civic Association would appreciate it if every one of the cards mailed out is returned, thus increasing the accuracy of the poll.

Royal Treatment

By Gloria Brunswick

It's a disgrace about Grace! Not the Grace living in Monaco who receives a great deal of public acclaim, but the Grace living in Jericho whose activities have not received the attention they merit. It's time for a change.

Grace Herskowitz spearheaded the drive to organize the Senior Citizens of our community. She was among the first to realize that older people need a climate of companionship with their peers; a sense of belonging to a group all their own.

Grace is a busy homemaker. She has three children and a big kid named Irving to look after. Events at the Jericho Jewish Center and its Sisterhood always include her efforts. Still, the plight of the Senior Citizens of Birchwood Park has become her "middle-aged baby".

She discussed problems of organization and programming with trained personnel in the Long Island area. Her home has been much-used "club house" and her efforts to provide informative, entertaining weekly sessions for some 30 people have been unstinting.

Grace Herskowitz has been rewarded for her deeds. The esteem and affection in which she is held by the group, and the happiness she sees in their faces, afford our Grace more pleasure than even Rancier's Kingdom could supply!

Reports Progress on Traffic Control

By Dr. M.I. Lawrence

Chman, Health and Public Saf. Comm.

Additional arterial stop signs will be installed at Hazelwood Drive and Merry Lane within the next few weeks. This is one of the most dangerous corners of our community due to the steep hill coming down from Jericho Tpke. The approval of this traffic control along with Maytime Drive and Merry Lane stop signs was made last year, but unfortunately seemed to have been lost in the shuffle. A letter to the Town Clerk's office immediately brought action. We are now awaiting the action of the state authorities to approve the reduction of the speed limit in which has already been passed by Oyster Bay.

In answer to our letter to the Jericho Board of Education, Dr. Lant, replied he has written to the Police Dept for the assignment of an officer to the Jackson School area for opening and closing hours. He also requested a survey of Birchwood Park Drive so as to determine the proper placements of School Crossing Stop signs which was also one of our suggestions and in Dr. Lant's words, were "found helpful in making my request to the Police Dept."

If this takes place at both ends of Birchwood Park Drive the full stop signs would be an excellent deterrent to speeders, since they would of necessity slow down on

approaching these signs or expose themselves to a serious traffic violation by going through without stopping.

We are awaiting a request for additional information on a survey done by the State Highway Dept. whose local office is in Babylon, on the installation of Traffic Lights

at the entrances to our community. This survey was done last autumn at our request but its results have not been received by this comm. to date. Our last communication with Mr. Gould, Chief Engineer in this department was dated March 13th.

AN EDITORIAL: Park Off Our Streets

Most of our residents moved into Birchwood for the main purpose of living in a safer and more beautiful community. However, many of our residents as a result of parking their cars on the street of our community are making our streets dangerous and appear like the streets in the city of New York.

It is becoming more dangerous to drive on the street because one can never tell when a child may dart out between two parked cars. It is almost impossible to prevent an accident when a child suddenly appears from between two parked cars. Furthermore, some of our streets as a result of numerous parked cars have made such streets almost impassable, thereby increasing the possibility of an accident occurring. In addition, there is nothing more aggravating than being unable to pass through the street of our own community.

The appearance of cars parked on the streets of our community certainly detracts from the beautiful and suburban atmosphere which all of us desire. What is the sense of putting up beautiful trees and landscaping if the parked cars will block off the view?

There is no reason why the residents of our community would park their cars on the street. Every home has a driveway and at least a one car garage. The VILLAGER strongly urges every resident to discontinue parking their cars on the street and suggesting to their neighbors that they do likewise. In this manner we will lessen the dangers involved in parking on the street and once again give our community an atmosphere of suburban living.

Youth Program In Sixth Week

By RALPH DIAMOND

For the past six weeks the Youth Committee of our Civic Assoc. has been conducting an evening program for the children of our community at the Jackson School in Birchwood. The school is open on Monday, Wednesday and Friday between the hours of 7:30 and 10 P.M. Approximately 80 to 75 children each evening have been enjoying themselves at the Jackson School.

The Youth Committee at the meeting held this week formulated a program which includes the registration of the children who participate in the activities at the school. The date for such registration will be

announced shortly. The committee further decided that the dues from now to the end of June, 1958, will be \$1.00 for members of the Civic Assoc. and \$2.00 for non-members.

The following is the schedule of attendance: Mondays - 7:30 to 10 P.M. - Girls; Wednesday - 7:30 to 10 P.M. - Teenagers - Boys; Fridays - 7:30 to 9 P.M. - Boys 10-12 - 7:30 to 10 P.M. Teenagers Boys.

It is strongly urged that more teenager girls participate in the activities at the school.

As of this moment the program is a limited one, due to the fact that the current period will terminate at the end of June; however, the Youth Committee is already making plans for next year.

The committee voted in favor of running a basketball game and dance at the Jackson School during the latter part of June in order to help raise funds to take care of the expenses for the activities of the youngsters at the school. The basketball game will be a contest between the teenagers of our community and the adults living in Birchwood. The gym will be opened for adults on Wednesday evenings between the hours of 9 and 10 so that they can get back into condition in order to participate in this basketball game.

Education Committee Reports

By GEORGE WESTON

This is the first regular report of the Jericho Education Committee of our Civic Assoc. We hope to have news from our committee in every issue of the VILLAGER in order to acquaint the residents of our community with the issues and problems concerning education in the Jericho School District.

Our school district is run by a five-member school board elected by their fellow residents. The regular meeting of the School Board is conducted on the third Thursday of each month at the Robert Seaman School at 8:30 P.M. Three meetings, and all others of the Board, are open to the public. Your Education Committee strongly urges each and every one to attend as many of these meetings as possible in order to inform the Board of our wishes and our problems.

The next meeting of the Board is tonight (May 15). A very important matter to be discussed is that of hiring a school psychologist for our school system. The parents groups, as well as your Education Committee, has strongly backed this move and would appreciate a good attendance in support.

At the Annual meeting of our School District held on May 6, your Committee introduced a proposition for the appropriation of \$2000 for additional after-school transportation for our high school pupils attending Carle Place and Westbury High Schools. This will allow our children to participate freely in extra-curricular activities without concern about how to get home afterwards. The proposition was passed by a sizable majority.

Smash Hit At Jackson Ave

By IRVING HERKOVITZ

On Friday evening, May 3, the George E. Jackson School presented a musical concert titled "Night Of Music," with a cast composed of the students of the Jackson School.

The program, consisting of a Glee Club of 65 voices strong, a singing quartet, a 16 piece band, a piano concerto, plus instrumental groups, drew raves from the capacity audience.

Every morsel of sound that emanated from the vocal chords and musical instruments of the students were hungrily devoured by those on hand. The audience was actually taken by surprise by such a sterling demonstration of musical virtuosity—especially in view of the limited experience of these children.

Mrs. William Fyle, Glee Club Director, were well deserving of the plaudits they received from the audience for the marvelous job they performed with these students.

REPORTS PROGRESS

(Continued from front page)

An answer is expected today.

If any member of the community observes an automobile passing a Full Stop or a School Stop sign try to get the license plate number and the make of the car. This information can be turned over to the 2nd Police Precinct and a summons will be issued on your testimony. A police officer cannot be present in the community at all times and it is up to us to protect our children and ourselves to halt the recklessness of these vehicular psychotics, who can be responsible for needless injury or even death of an innocent party.

Garden Program

Birchwood Park Civic Assoc., at Jericho is sponsoring a garden program to be held the evening of May 20 at the Jackson School. Gardening Experts will lecture and visually present a program on garden planning and maintenance. All members of the Civic Assoc. are urged to attend.

Care to Waltz?

by GLORIA BRUNSWICK

If Birchwood folks seem slightly disoriented this Spring it has nothing to do with hard drinking. The fault lies entirely with the recent craze of Latin dance classes that stress violent gyrations of the hips and lower extremities.

It all came about last Fall when our couple attended an affair in the "City". The orchestra leader announced, "Cha-cha-cha!" and screams of delight came from the audience. In a flash the dance floor became a scene of grinding, churning, and curdling. Occasionally there was a crunch as a hip bone strayed too far from its owner. The husband shook his head, shrugged his shoulders, and said, "Crazy". The wife replied, "I like it". And thus the origin of the Cha-cha lessons.

Small, intimate groups of women, dragging their reluctant mates behind them, engage a teacher and prance in one another's homes for an hour or so every week. The teacher starts with the basic instruction, "One-two-cha-cha-cha" and you're on your way to tropical climes and Romance in Rio via a stretch of the imagination coupled with a stretching of the anatomy.

The teacher then demonstrates, with the help of his female students, the different breaks or variations on the original - "One-two-etc." Invariably, as he drops his partner's hand, she glares at her husband and sighs, "With him I can do anything!" The teacher modestly assures the men that this latest step, consisting of a one-and-a-half

plus double swan dive is "really very simple". The men stare bashfully at their feet which seem to get larger and clumsier the longer they look. Were these the same feet that wowed them all in 1938 when they were actively engaged in "The Shag"?

Let it be noted for the record that these bread winners do try. Their partners, who assume the role of football captains, help by calling the signals - "Left-two-cha-cha-cha. Now right. Umbrella. Back to basic. Half moon. No. That's not half moon. Look at Joe. That's half moon-----". Of course with four or five women shouting directions, a lot of confusion ensues; bruises have occurred both to the person and his pride.

After the group has learned 149 Cha-cha innovations, of which three will be remembered, they decide to let the outside world observe their achievements and plan an evening of dancing in the "City". The orchestra leader announces, "Meringue!" and screams of delight come from the audience. A new kind of grinding, churning, and curdling is seen on the dance floor. The husband shakes his head, shrugs his shoulders, and says, "Crazy". The wife replies, "I like it" - and new plans are taking shape!

Cancer Chapter Arranges Tea

The newly formed Mark Haas-Lessner Jericho Chapter of Cancer Care, is sponsoring a membership tea on Monday evening, May 19, at 8:30 P.M., at the home of Mr. Jack Heller, 39 Maiden Lane, Birchwood Park, Jericho.

This new group is the 37th of many chapters located in Westchester, Nassau and the Five Boroughs. Cancer Care is a voluntary social welfare agency that provides financial assistance and council to advance cancer patients and their families.

Guest speaker for the evening will be Mrs. Ann Small, chapters division of Cancer Care. All women interested in learning about the vital community services provided by Cancer Care, contact Mrs. Heller. Overbrook 1-2744.

Seek Members

A membership drive has been launched by the Assoc. for the Help of Retarded Children. The drive will take in the Jericho, Syosset, and Plainview areas.

The aim of the AHRC is to help 12,000 retarded children in Nassau County. The Association provides: 1. Diagnostic and evaluation clinics. 2. Two pre-school classes (Rockville Centre and New Hyde Park). 3. A Sheltered Workshop and Job Training Center for young retarded in Hempstead (ages 18 - 25). 4. Teen-age Recreation program (The Comacks). 5. Summer camps. 6. Parent Counseling. 7. Psychological Testing. 8. Boy and Girl Scouting. and 9. Religious Education Training (all faiths).

The Association for the Help of Retarded Children is a recognized authority on problems of mental retardation and invites membership. The last Membership Tea was held at the home of Mrs. Edna Silverstein, 37 Merry Lane, Jericho, and more will follow. For information, call Mrs. Silverstein at WE 8-9826.

SPECIAL NOTICE

Received a communication from Postmaster Heller of Jericho Post Office to the effect that the Civic Assoc. letter regarding the installation of mail deposit boxes in our community was being forwarded to the proper Post Office authorities in charge of such installations.

Received a communication from the LI State Park Commission to the effect that our complaint relative to dumping on the Park property or area opposite Village Drive has been looked into and that "No Dumping" signs have been erected; that inasmuch as part of the area belongs to the Town of Oyster Bay, a representative of the Park Commission would communicate with the Town to ascertain the possibility of taking joint action regarding this dumping situation.

Their annual drive will start May 26 for further information call Lila Scheil (chairman) at WE 8-6848 or Co-chairman Vera Marks WE 8-8640. Judy Greer also is Co-chairman in this drive.

There will be a Luncheon on May 21 at the Jericho Country Club sponsored by the Jericho Chapter of Hadassah. All the food will be home made such as chopped liver, Pies Cakes, Macaroni Dishes, Turkey, Chicken, Noodle Cugel, Salads for those on Diets, and a Bathing Suit Fashion Show to top it off. Tickets are only \$2.50 and we only have room for about 90 to 100 women, so hurry up and call OV 1-2718, OV 1-2132, or OV 1-0073 and get yours now. The women of Hadassah are going all out for this Smorgasbord Luncheon, Wednesday afternoon, May 21 is the date.

B'nai Brith will hold a meeting Wednesday Night May 21 also at the Jericho Country Club. Rumor Clinic and an Important Decision "Do you prefer afternoon or evening meetings?" Come and Vote.

Muriel Kiviet of Favorite Lane will show her appreciation to fourteen of her Neighbors by serving them lunch at her home 14 Favorite Lane. This is her way of thanking these women for helping with the B'nai Brith Shop of which she was Chairman.

Sincere condolences to the Abrams family of Hightop Lane on their loss. Condolences to the Leiner family of Holly Court. All of us sincerely feel the loss of these two respected members of our Community.

Congratulations to Mr. and Mrs. Dan Kleigman of 6 Hightop Lane on birth of girl, Lisa Hope, 8 lbs. 8 ozs. To Mr. and Mrs. Marvin Buchner lots of luck with your new son. They live on Maytime Drive.

Happy Birthday to Rita Golden of 10 Hightop Lane on 10th Birthday. Same to Tally Schenker of Middle Lane whose age I cannot disclose.

Happy Anniversary to the Herb Shapiro of Hazelwood Drive, the Jules Freedmans of 71 Maytime Drive and the Horace Bernsteins of Forsythia Lane who spent their Anniversary week-end at Bill Hahns in Connecticut with their Neighbors the Kayes, Bernsteins, Kahns, Freedmans, and Cohins.

Mr. and Mrs. Louis Weintraub of Maytime Drive just returned from Europe where they ran into the Emanuel Gottesmans of Hazelwood Drive. Isn't it a small world?

Mr. and Mrs. Simon Shink of 78 Forsythia Lane surprised their parents, Mr. and Mrs. Edward Forer of same address, with an Anniversary Party. The parents broke down and cried, they were that surprised.

Congratulations to Mr. and Mrs. Morris Krichmer of 2 Bob White Lane in Hicksville on the Bar Mitzvah of their son, Hugh E. Krichmer. Services at East Nassau Congregation morning on May 17. Evening affair same day at Cooky's Restaurant in Hempstead.

The following families on Middle Lane spent a riotous week-end at the Grossingers Hotel: the Bernard

Schenkers, Judah Modanskys, Terry Milred, Gene Baumritters, George Hamiltons, Judah Modanskys won the Champagne Hour, and a birthday cake was baked for Tally Schenker.

Welcome Home to our editor and his wife Mr. and Mrs. Gilbert Stein of Birchwood Park Drive after two weeks in the Virgin Islands. I hate him for writing us that he missed none of us and didn't want to come home. (Do you blame him?)

Lots of Luck to Mr. and Mrs. Irving Ronny of Maiden Lane on the birth of a son.

Do You Have Trees?

If you have not already put in trees on your curb strip, your Civic Assoc. would appreciate your giving thought to such a suggestion.

The majority of your neighbors have already done so, either individually or through the Civic Assoc. project sponsored last fall. The results are most gratifying and substantially enhance the appearance of our streets.

If you do not put in a tree or two now, you will undoubtedly be regretful a few years hence when your neighbor's street trees have attained a substantial height and spread and have added beauty and charm to his home.

Why not put in a curb tree or two within the next few weeks - both for your own benefit and for the benefit of your community.

HICKSVILLE - The monthly meeting of Pack 91 was held Friday, April 15, at the cafeteria of St. Ignace Loyola school. Cub - master Chris Reimels asked the boys to be sure to attend the 8 a.m. Mass the second Sunday of the month, which is set aside for Cubs and Boy Scouts. The next date is May 11.

There will be a Cub-Dad Weekend, Saturday and Sunday, June 28, 29, and again on Aug. 9, 10. Only boys who are 10 years of age and older may attend. Further information on this will be given at the next pack night.

At the last meeting the following awards were made: One Year Pins - Edward Ryan and Charles Vandenberg; Two Year Pins - Stanley Gorney and S. Henger; Gold Arrow - John McGann, Michael Goode, and Edward

Ryan; Silver Arrow - John McGann (2); Joseph Reimels; Charles Vandenberg; Lion Badge - John McGann; Wolf Badge - Michael Goode; Bear Badge - Edward Ryan and Stephen Berg; and Bobcat Badge - Michael Wilman, Paul Dmoch, and Adrian Menninger.

The theme of the month was "America, The Beautiful", and many of the dens showed posters, planters, trellis, bird feeders, etc. that they had made. Through the efforts of Mrs. Marie Scorza, one of the den mothers, a film entitled, "Recreation in Our State Parks", was shown to the boys and their families.

The next committee meeting is Wednesday, May 21, and the next pack night is Friday, May 30.

END OF A RUMBLE was this scene in the vicinity of Hicksville RR station last week when fast action by police prevented what might have been serious trouble. Thirty boys and three girls were rounded up out of a hundred or more who gathered in Hicksville. Police were alerted by worried parents who heard talk of the forthcoming

"rumble" during the day (May 2). Questioned by police, those apprehended denied any knowledge of planned trouble and were released in the custody of their respective parents. None of the boys collected were from Hicksville. (Jim Healy Photo).

ivic Spring Dance Gala Affair

Spring may be the last season for the year, but not for the capacity crowd that attended the Bethpage Civic Assoc. "Maypole Dance" on Friday night at the Five Corners restaurant.

The room was transformed into a spring festival with a fresh-cut flower display by Jens of Bethpage; a lovely maypole suspended from a carnation-decorated ceiling; luminous sunbursts, mounted on white poles wrapped in red streamers; and a Parisian promenade created by parallel streamers decorated by Rose Russomango of Bethpage.

Many hours of dance music, from Cha-Cha to Charleston, were supplied by the Mery Men, while M.C. Mario Villafraña kept things moving at a fast pace in his triple role as vocalist, auctioneer and M.C. Highlight of the evening was the "K-ners", a chorus line directed by Mrs. Norma Kline of the North Bethpage Civic Assoc.

Judy Garland would have thrilled Miss Dolores Taylor's "Art of Antomine" in which she displayed remarkable dramatic talent. Her renditions of Judy Garland and Bette Davis were highly skilled perfectly mad, realistic.

The Cha Cha and the Meringue

were revitalized by the dance team of Les Feldman and Lorie Cameron, whose delightful executions of some tricky routines pleased the many Les Feldman pupils in the audience.

A midnight supper, arranged by Mrs. Gladys Saunders, included two juicy hamburgers and crisp french fries.

Who won the juke box? Warren Aaronson of 61 Burton Ave., Bethpage. He will donate the juke box in the name of the Civic Assoc. to a local youth group. Other winners were: planter: Mrs. Rita Sokoler; planter: Mrs. Letucchi; B'dway show: Mrs. Mary Lynch; B'dway show: Frank Durr.

The social committee included, in addition to those named above, Warren Russomango, Mrs. Virginia Villafraña, Mr. and Mrs. Myron Ruderman, Mrs. Muriel Rosenthal, Fred Goldberg, Harold Saunders and Mrs. Nancy Orfan. The committee succeeded in producing a highly successful and entertaining evening.

HOMEOWNERS TO ELECT
The Newbridge Terrace Homeowners Assoc. of Hicksville will hold meeting for election of officers next Tuesday night, May 20, at 8:30 PM at Fork Lane School.

OPEN LETTER

Continued From Page One

Our fire protection force remains one of the best in the county. This means we must maintain an efficient and highly skilled staff of firefighters to the best of our ability.

Let us digress for just a moment to see what our volunteer fire fighting force of 210 men are responsible for. Of primary importance are you, the residents. There are upwards of 40,000 citizens living in approximately 14,000 dwellings in the Fire District. These 14,000 dwellings, including the business properties that are maintained in Hicksville, have an assessed valuation of \$82,000,000. This figure can be doubled or even tripled to include all the personal belongings such as furniture, cars and merchandise that are also protected. This is the tremendous responsibility entrusted to your fire dept.

Now, as to what you pay for this protection. In a budget, approved by the voters on 3 Sept. 1957, a sum of \$172,000 was appropriated for fire protection. This amounts to a cost to the property owner of \$.30 per \$100 of assessed taxable property or an average of about \$12 to \$15 per year. Do you remember where this money was to be spent? It covers insurance, building repairs and maintenance, fire hydrant rental fees, apparatus & equipment maintenance and repairs, alarm system maintenance, legal and audit fees, and the salaries of three full-time dispatchers. These are all fixed fees that have to be paid merely to have a fire dept. These are all the mechanics of a fire dept. But nowhere does the budget acknowledge the fact that there are 210 men who make the dept. more than just a mechanical department. True, the mechanics are

Advertise for Purchasing Agent

Written applications for the position of Purchasing Agent of the Hicksville School District, with a salary of up to \$8500, are being received by Dr. Wallace E. Lamb, superintendent of schools, prior to appointment of the Board of Education. Appropriation for the position, open on July 1, was included in the 1958-59 budget.

the best in the county, but only because the firemen make them so.

Let's assume for a moment that you had a holly paid fire department of approximately equal strength to what we now have as a volunteer fire department. The cost - three quarters of a million dollars a year would be a conservative figure to start with. Where would the money come from? You guessed it - the taxpayer. Our taxes would have to be about 5 times higher than what they are now to maintain the same reliable fire protection we receive with the volunteer. The bulk of this money would be used to just pay salaries for these men. At this time, we have no such salaries to pay - the results of which are our low fire taxes.

Like any modern organization that must maintain high standards of operation, high operating expenses come hand-in-hand. Because of the inadequacy of the budget to provide for this operation, the firemen must go elsewhere for the financial support they must have. It is only by appealing to each and every one of you that the fire department can hope to provide the necessary funds.

Inasmuch as a public appeal of this nature is made by your fire dept. but once a year, we firmly

Persons interested are asked to submit a written statement of background information, experience and education, and file it with Dr. Lamb by Thursday, May 22.

The School Board last Friday night also directed Dr. Lamb to run an advertisement for the position in this Sunday's edition of the N.Y. Times.

endorse the volunteer fireman's present campaign to personally contact you, our neighbors, for financial aid. We feel that this system of voluntarily-donated financial support will keep our volunteer fire department self-sustaining without further burden cast upon our tax dollar.

To maintain this inexpensive fire dept., we firmly hope you will be as generous as possible when the uniformed fireman calls at your home on Sunday, 18 May 1958. It is only through your aid that these men can continue to give you, the residents of Hicksville, the fire service and protection you must have.

Final Session For Nicholas

The final meeting of the Nicholas P.T.A. of Hicksville will be held tonight (Thurs.) at 8:15.

The theme for the evening will be P.T.A. Evaluation. Questionnaires were sent out to all parents asking them to express their views. Harold Robbins, principal of Nicholas School, will moderate.

Since this is the last meeting of the school season special refreshments will be served and the meeting will be preceded by a dinner for the faculty given by the Executive Board.

School Board On Recreation

Six out of seven of your School Board members believe in the children of our community. Everyone of the "six", work with youth groups in Scouts, churches, clubs, PBC, CYO, Little League, Babe Ruth League and many others. They believe that a year-round recreational program will help develop our boys and girls along lines that will enable them to better stand up against the temptations of modern community life.

They believe that this program will do much more than keep "idle hands" busy. They believe that it will, hand in hand with the schools, the churches and other programs for youth, train and develop them to be good, strong, right-thinking youngsters.

They believe in this program and feel that the \$25,000 (.0033% of the School Budget) could well be one of their wisest expenditures.

Aims and Purposes of School District Recreation Program

Recreation is for all people, everywhere. It circles the globe with its influence and effect. It is that which ever man is, recreation is. Man's need for it is evident in his constant and endless search for adventure, excitement, satisfaction and happiness - for a life properly balanced between work and play. Human nature differs from individual to individual and because of this recreation must be different things to different people.

Good programs call for a wide range of recreational activities that meet a wide range of human needs. School districts located within communities without organized public recreation programs have a real responsibility to give leadership to the development of leisure time activities. In such instances the school may sponsor community recreation programs for all, or it may work jointly and cooperatively in a school-community partnership operation. Under such circumstances recreation can, as the common denominator, become the horizontal force which unites the community.

Today education is recognized as a continuous and comprehensive process to which the school, the home, the church, and public, voluntary and private organizations all contribute. Thus in modern life education for leisure is by necessity a responsibility of both school and community.

GUIDING PRINCIPLES FOR THE OPERATION OF SCHOOL-COMMUNITY RECREATION PROGRAMS

1. The school has responsibility for education for the wise use of leisure.
2. School-community recreation should exist first to serve the leisure time needs and recreational interests of the school population and second where necessary and desirable the recreational interests of the entire community.
3. School-community recreation programs should directly reflect the freely declared interests of school population, other participating citizens and cooperating community organizations.
4. Community-school recreation leadership has the responsibility for stimulating, guiding, and administering the program. For the school population and where necessary and desirable the general public of the community.
5. The administration of school-community recreation should exist as a process which is designed to be a flexible structure for all concerned. To function smoothly in and benefit from and wherein there are provisions to satisfactorily and effectively cope with the ever changing conditions and demands of dynamic community life.
6. School-community recreation programs should be scheduled at times and places most desired by and suitable for those participating.
7. School-community recreation should be organized through, administered in, and operated by

Under the supervision of the local school district, the program will be administered by the school district and the community.

Responsibilities involve planning and implementing a recreation program suitable to the interest and needs of not only the school population but of the entire population, male and female, and all ages. This position calls for the direct leadership, supervision and coordination of large numbers of professional and non-professional recreation personnel.

Program Coordinator

Assist director in administrative responsibilities and act in the following:

1. Plan, organize and coordinate all activities.
2. Stimulate, coordinate and supervise social teen center activities.
3. Plan, coordinate and lead summer and winter special events.
4. Attend community meetings and forums, especially those best attended by women.
5. Assist in training of personnel, especially student leaders functioning in their activities.

Act as a leader in certain programs such as doll shows, fashion shows, baton twirling and amateur singing.

Act as a consultant to community organizations best served by a woman such as girl scouts, clubs and similar programs.

Center Director - Director of Centers

Under the supervision of the program director, the center director will be responsible for the day-to-day operation of the center. The director is to be the principal contact with the school. This type of worker will have direct charge of the unit and be responsible, with the help of his assistants and supervisors, for the operation of the center. It is intended to serve the school and the community, organize and develop an appropriate program of activities, divide the work among his leaders assist them in every way possible, keeps records and reports, and sees that buildings, facilities and equipment are properly maintained. He builds and maintains cordial community relationships, cooperates with other agencies in recreation projects, often organizes a neighborhood council, arranges, trains, and supervises volunteers to help with parts of the program.

Senior Leader - Recreation Leader or Assistant

The duties of this worker include organizing and conducting activities such as games, nature walks, hiking, crafts, storytelling, singing, or dramatics. He assists the playground or center director in preparing for special events and programs, gives guidance to clubs and other groups, supervises special events or facilities, and assists in various other ways. He works under the director and is never in full charge of a playground or center.

Student Leader

Under the direct supervision of the senior leader, conducts recreation activities, particularly games, hikes, storytelling and rhythmic. As well as this, this leader assists in special events, officiates athletic games and is generally responsible for health, happiness and safety on the playground.

Play Leader

Under the supervision of the center director, conducts recreation activities and does related work assigned.

Advisory Group Gives Support

The School Advisory Committee on Recreation, composed of approximately 40 representatives of Hicksville organizations such as churches, Little League, PBC, CYO, fraternal organizations, etc., has studied the advantages of a Recreational Director and a year-round recreation program for a period of two years.

We are in complete agreement with the program as submitted by

Mr. Joseph Madden, the newly appointed recreational director of School District No. 17. The report, as carried in this issue of the HERALD, is necessarily abridged but complete copies can be obtained by contacting George Winsor, chairman of the Recreational Committee, at Wells 5-2023 after 7 P.M.

Organizations desiring speakers on the subject of Recreation may contact the aforementioned number.

Program and How It Works

The Board of Education through the Superintendent of Schools is responsible for the establishment, development and coordination of a community recreation program. The director of recreation will administer the program.

1. To establish and administer a comprehensive recreation program for the community.
2. To cooperate, coordinate and encourage other agencies in the community in providing recreation programs.
3. To provide consultant service for other community agencies in the conduct of recreation programs.

The director of recreation will recruit recreation personnel, report on all applicants and recommend his selections to the Superintendent for direction, supervision, training and arranging of compensation for all the approved staff.

Purpose: To assure the best program possible it is necessary to recruit and employ the most qualified leaders available, whenever and wherever they are needed, within the limits of the budget.

Use of School Equipment: The recreation director, when necessary, will request from the responsible school staff member the use of certain equipment that is desirable for use in conducting the recreation program. The director will be responsible for the safe return of such equipment according to agreement. He will loan, when requested and feasible, certain recreation equipment to responsible school staff members for school use according to a reciprocal plan.

Purpose: The purpose is to effect economy and to safeguard good inter-staff relationships.

Advisory Committee: An advisory committee on recreation to the Board of Education is established to study and evaluate the existing and the potential community recreation program. This committee is responsible for advising and making recommendations regarding community recreation to the Board of Education and to aid in interpreting the recreation program to the community.

Purpose: To advise the School Board, the Superintendent and the Director of recreation of the recreation desires and needs of the community.

Community Organizations: It is the responsibility of the director of recreation and his staff to associate, consult with, advise and stimulate groups, organizations and committees whose purposes are cooperation, support and enhancement of community and neighborhood recreation.

Purpose: Community recreation is to be worthy of its name, and exist in fact rather than imagination - then there must be some common denominator, symbol or unifying force around which to organize and function. This unifying factor can be and should be the director of recreation. By concept, training and experience the director of recreation is a specialist in programming for leisure time activities.

WINS CHESS MATCH

Arthur Isaksen, High School Junior, placed first in the title play-off of the chess championship of Hicksville High school. Other students singled out among the top five in the club were Philip Lerner, second; Howard Goldstein, third; William Goebel, fourth; and Thomas Harmer, fifth.

and cooperative, integrated planning for a total community approach. Because of his experience, and unique position in the community he can help community organizations realize the most for their investments. He also can guide the efforts of the various recreation groups toward a coordinated and more productive return from the community recreation dollar.

Cosponsorship

Hicksville Recreation will enter into cosponsorship with recognized organizations or groups for the purpose of conducting cooperative and coordinated recreation programs whenever such programs are in the best interest of the community and can be conducted within the appropriate educational frame.

Purpose: Every community has school related organizations, service clubs, fraternal orders, veterans organizations, other governmental agencies as well as commercial and industrial concerns that have resources which they are willing to loan or share for the good of the local community. This policy opens the door for partnerships with such groups thus coordinating, cooperating and thereby improving local conditions to mutual advantage.

Proposed Program For 1958-1959

Scope - A ten month program from September to June inclusive of holidays and Easter as well as Christmas recess.

- Including:
- 23 day centers
 - 7 elementary centers
 - Athletic leagues
 - Hobby and interest clubs
 - Special and family events
 - Coordination and consultation

Teen Centers

1. One at the junior high, one at the senior high and one located strategically to accommodate adolescents residing in fringe areas of the district.
2. Operating on weekends and holiday evenings with deference for varsity athletics.
3. Social recreation with emphasis on dances and table games.

Elementary Centers

1. A total of seven, one at each K-6 school for fourth through sixth grade youngsters.
2. Operating on Saturdays and during some vacation periods.

Games, athletics, arts, crafts, baton twirling, dramatics, rhythms and other activities will make up the program.

Athletic Leagues

1. Athletic leagues for all residents with the concentration on adolescents.
2. Scheduled for the convenience of the participants.
3. Bowling, basketball, volleyball, badminton and others for all boys and girls as well as older groups (these would be self-supporting, hobby and interest clubs).

Provision for non-athletic recreation for adolescent groups.

2. Scheduled for the convenience of the participants.
3. Included in this area would be chess groups, dance instruction, model building, amateur theatre and the like to be developed according to expressed interest.

Special and Family Events

1. Similar to the summer program.
2. Would take advantage of spontaneous interests, culminating events, special shows developed by amateur theatre groups, concerts and the like.

Coordination and Consultation: As in the summer, a regular responsibility of the recreation department.

LEGAL NOTICE

May, 1958, following a public hearing held thereon after advertisement according to law, the following Ordinance was duly enacted: NO TRESPASSING ORDINANCE ARTICLE I

Section 1. It shall be unlawful in the Town of Oyster Bay, outside of any incorporated village, for any person other than the owner to intrude, trespass, or go upon any public or private property, including any bulkhead, jetty, or rock wall, which property or properties have been posted as hereinafter provided, without the written consent of the owner of such private property or public official having charge of any public property; or to pick any flowers, shrubs, or trees upon any public or private property or mar or deface any public or private building. Failure by any person to exhibit such written consent to any peace officer or any town official or employee shall be presumptive evidence that he has no consent or permission to be upon the property.

Section 2. POSTING OF NOTICES. Notices or signboards shall state "No Trespassing" and be not less than 14 inches high by 24 inches wide and have letters not less than 4 inches high. On any plot or parcel of land having less than 200 feet street frontage the posting of one such sign shall be sufficient compliance with this ordinance, on all other plots or parcels notices shall be so placed that when in position each notice or signboard shall not be separated for a distance between signs greater than 200 feet.

Section 3. Whether or not such property shall have been posted as hereinabove provided, no persons shall enter or go upon any land owned by the Town of Oyster Bay for the purpose of occupying the same or of erecting any structure thereon or of removing from such lands any soil, top-soil, sand or gravel, nor shall any person occupy such lands or erect any structure thereon or remove therefrom any soil, top-soil, sand or gravel, without having first obtained the consent of the Town Board of the Town of Oyster Bay and without complying in all respects with the conditions, if any, upon which such consent shall be granted, but nothing herein contained shall be deemed to prevent any resident of the Town of Oyster Bay from using any Town Park or waters for ordinary bathing, boating, fishing or other public recreational purposes.

Section 4. Each day upon which any violation of this Ordinance shall continue shall be a separate violation hereof.

Section 5. For each and every violation of the provisions of this ordinance the person violating the same shall be punished by a fine of not more than \$100. or by imprisonment for not more than 60 days or both; such fines shall be collected as like fines are now by

by HOWARD FINNEGAN

Sunday, June 8, is the date that the 1958 Connie Mack Baseball League season opens and Hicksville interests have played a dominant and exceedingly useful part in the pre-season arrangements.

In the actual listings of the community teams represented, a daily paper left Hicksville out entirely and the local friends of Connie Mack have asked us to help overcome that blanketing.

This we are happy to do for we can't applaud too often these persons who help work up a program for our advanced teen-agers or recent graduates. In the current scheme it is not the majority thing to be interested in but it is of equal community value as any other undertaking.

The Hicksville club will be guided by Manager Herb Werkstell and will compete in loop action against Bethpage, Farmingdale, Floral Park (twice), Hempstead, Massapequa, Massapequa Coast, Merrilton, Plainfield and Williston Park.

Morris Stillman will serve as assistant coach to Werkstell and the local Connie Mack organization will provide Sunday afternoon activity every week at the high school diamond.

Under a unique plan introduced to the league by Hicksville, each town will have a first and second team in order to accommodate as many young stars as possible. When the varsity team is away the second team will play at home and the reverse will be in order at other times. Each will have a regular schedule and championship determination.

Bond Clothes of the Mid-Inland Plaza deserves much of the credit for the formation of the team. Bond's has already purchased the uniforms to dress the club properly and will attempt to stimulate interest by printing and circulating a number of schedules.

There will be quite an array of talent to man the club with pitchers Henry Ristow and Roger Kraus heading the list. Also on the team are Ray Sittler, Grover Kelly, Mickey Moszcov, Phil Anneson, Phil Anselme, Steve Peschel, Larry Werkstell, Dick McKenna and John Ingolia.

Also Roger Kraus, Rick Stillman, Jim McKinstry, Tom Nikitas, Les Marks and Ron Sealy.

Jim Perry recorded the first major 100-yard dash victory for Hicksville High School in almost two decades. Saturday, at Garden City as he glided the course in 0:10.3 for a totally unexpected win over the North Shore AA Section I championships.

Perry sparked Hicksville to a fourth place finish and the Orange had nine boys qualify for the all league championships.

Robert Schall in the 880 and Ted Greves in the Hurdles qualified for the meet and so did Ivars Bemberis and Fitz Pawlicheck. Miller John Brown will carry the colors in the longhail and the Relay team of Perry, Greves, Fitz Pawlicheck and Russ Redman will be ready for the climatic event of the day.

There was quite a bit of buzzing when Hicksville High coach Howard Bowers was stricken at that tract meet Saturday in Garden City. Although an ambulance was summoned and he was removed to the hospital, he was released early Saturday evening and was back at work this week, which comes as glad news in these parts.

Hicksville got off to a fine start in the Nassau Baseball Alliance with a hair pulling 7-1 victory last Sunday.

It was a 17-hit attack lead by Dick Matatchar with three bingles that paved the way for victory. Credit for it went to Tom Valentine who set the Lincoln club down with 8 hits.

Jack Roberts, Bob Hock, Jack Moesch, Frank Barton and Valentine each hit safely twice for the winners.

* That: MONSTER we have been having a little fun with is, of course, the Pentagon. And to us the Pentagon is the School Administration Building which will come up soon with an expansion program.

We first pointed out in this column many years ago that the failure to take down the old Bergold house was a serious encroachment upon the already cramped playing fields of Hicksville High. It was then we tabbed it the Pentagon.

The concern now is just, if any, what will be new expansion mean to the ill limited playing fields?

Before and now we realize the need for adequate room for the administration of our large district. But it is apparent that the plan to use the use before (and certainly it is not the responsibility of the present Board of Education) was shortsighted.

If there hasn't been too much money poured into the old barn already there are a great many persons who would like to see it used for an athletic shower, dressing and storage building.

If that could be instituted then we could have a sensible administration building built elsewhere which would not require large expenditures from time to time to make it worthwhile.
