## Seek New Gym For East St School

The construction of a new gymnasium for East St. School in Hicksville with "complete physical education facilities" has been requested by the Executive Committee of East St P-TA. The Board of Education received the request at its meeting, Friday night, and indicated that the matter of acquiring more property in the vicinity of East St is now under consideration. The Town Board has indicated,

in answer to an inquiry, that it has no objection to the School District acquiring the title to the area known as "Plant Court" along the south side of the school grounds. The Court appears on filed maps, running at an angle to Centre St. but has never been developed.

The East St P-TA letter signed by President Elizabeth N. Hoosack stated "Inasmuch as East St School

has inadequate facilities for a complete physical education program, we feel a new gym fully equipped is sorely needed." The East St School, with the exception of Nicholas, is the smallest site in the district. It measures about 5 acres.

Thirty-three Boy Scouts from Hicksville, Bethpage and Plainview left July 3 for a 12-day stay at the Philmont Boy Scout Ranch, Philmont, New Mexico. The group which left by train from the Nassau County Boy Scout Headquarters went on a sight-seeing tour in Denver before reaching the ranch.

Upon arriving at their destination, the boys were divided into 10 groups. John Nees of 61 Barnum Ave., Plainview, and Paul Wilson of 48 Maple Ave., Bethpage, were among the group leaders.

While at the ranch, which is owned by the National Boy Scout Council, the boys hiked over 127,000 acres that comprises the ranch, fished, went mountain climbing, horseback riding and panning for gold. They did all their own cooking and carried most of their food on their backs.

The trip back began on July 16. After a stop-over at Camp Carlson, Colorado, and some more sight-seeing, the boys are expected back at Headquarters in Mineola on Saturday morning, July 19.

William Allan, Robert DeMella, Thomas Duncan, James Edwardson, John Goodell, Stephen Gorden, John Hannon, William Maron, Robert Oehler, Martin Polsenski, Chris Reimels, Peter Weiss, Richard Weinand, all of Hicksville; and Robert Kaliff, Anthony Chieco, Robert Jacoby, Roy Merin, Robert Renn, Arthur St. Laurent, Richard Sanchez, Vito Senkus, Joseph Nicholson, Jr., Mitchell Singer and Larry Wilson of Bethpage are among those on the trip.

Also Vincent Bellafaire, Bruce Klenoff, Arnold Kronberg, John Nees, Jeff Serwer and Philip Simon, represent Plainview.

## Name Winners at Big Carnival

by RITA DURCAN  
Special to Herald

At first glance, one might assume this article to be "ancient" history since the tremendous success of Our Lady of Mercy's Carnival-Bazaar was announced in Church Sunday and sincere thanks extended to all who helped to bring about the happy results.

However, it is the wish of the Rev. Louis J. Schwebel, Pastor, and the Rev. Charles F. McGowan, Assistant Pastor, that their heartfelt thanks be repeated here so that no stone may be left unturned, as it were, in expressing the gratitude of the parish to donors, parishioners, non-parishioners and all who so generously supported the affair. It was all pretty wonderful!

The excellent planning and coordination of the Executive Committee made ideal facilities available to "Carnival-goers" and kept things running smoothly from start to finish. Most outstanding was the untiring effort of the more than 200 committee members who worked hard but consistently maintained a remarkable spirit of good fellowship and cooperation. In fact, their cheerful manner was so contagious it "rubbed off" on the visitors and everyone had a good time! Confidently, there were many aching feet and aching backs behind those smiles - but no complaints!

Some interesting facts which came to light bear out the fact that unselfish giving on the part of families in behalf of the parish is not exaggerated. A vote of thanks goes to those who remained at home to care for families so that one member might be available to help at the Carnival-Bazaar. In some instances, entire families worked throughout the day or evening. It was really a time in which everyone pitched in to help clear the parish debt and thoroughly enjoyed every minute of it!

### Winner of Plymouth

The big feature of the Carnival-Bazaar was the beautiful red and white 1958 Plymouth Station Wagon on display. On closing night, July 6 the car was awarded to Vincent Cuttitta of 6919 - 213th St., Bay-side. This award, made in conjunction with the fair, was one of the greatest contributing factors to its success. In consequence

"Middle age is when two of everything is too much—including chins!"

much credit goes to the Car Committee for its good work prior to and during the Carnival-Bazaar.

Among the many other wonderful prizes awarded was a lovely Sister of Mercy Doll donated by the parish Sisters of Mercy, Miss Clara Kiesel of 226-03 Linden Blvd., St. Albans (or some little girl close to Miss Kiesel) is now its happy owner. Another prize, 200 gallons of fuel oil (in July?) was awarded to Gerard Cuttitta of 57 Virginia Ave., Plainview. July or not, "Jerry" and his family are quite happy with their award.

The Carnival grounds have now been cleared but folks are still viewing the site somewhat wistfully. Here, parishioners had worked together, laughed together and pulled together harmoniously to help their parish. Here, good people came to have fun and lend a helping hand to a worthy cause. This was the winning combination which brought about the success of Our Lady of Mercy's Carnival Bazaar.

**WOODEN MONORAIL** which was built and saw service on a two-mile Long Island test track back in 1892. It had sharp-point ends and a overhead structure of wood to provide balance and supply power for electric motors. It was one of the forerunners of electric power for railroad operation.

## Monorail Was Running on Long Island 64 Years Ago

Fast monorail trains, zipping high above the Long Island countryside with never a grade crossing, pops up as a proposal for improvement of L.I. commuter service from time to time. But the idea is far from new -- it was actually put into test operation 64 years ago.

Back in 1892, one of the first ventures into the monorail field got started but never got much beyond the promotional stage, de-

spite the great promises made by its backers. It was one of the first serious applications of electricity to the operation, heating and lighting of a rail car.

The idea started with a man named Eben M. Boynton who had conceived the plan for running high-speed trains of a radical new design on an elevated structure.

Long Island Rail Road for many years.

Dunton, whose name still lives in the Dunton section of Queens, was an energetic man and he soon had almost the entire Island enthusiastic about Boynton's "Bicycle Railroad", described as a "new mode of travel".

According to a prospectus published by Dunton, the first section of the new road was to run for 20 miles westward from Bellport thru Patchogue out in Suffolk County.

### GREAT PROMISE

"Every mile of the road shown on our map will pay handsomely from the moment of its completion", the prospectus enthused. "The people are waiting with open arms to welcome us and give us their business, and Long Island property is waiting only to be touched by the influence of our Railroad to shower golden results upon its owners."

Meanwhile surveys were made all along the south shore from Jamaica out to Bellport and some were also made along the north shore. The surveys were accompanied by appropriate ballyhoo.

A test section of track was built, running for two miles from the shore at Bellport to a point near the Patchogue railroad station. The powerhouse was located at the Patchogue end of the line.

The entire structure consisted of a wooden framework with a single rail at the bottom on which the car ran and another at the top to stabilize the car and provide a power feed to the electric motors.

Enough stock was sold to have one car built in Brooklyn (see picture) and brought out on the Island by ox-drawn car. Presumably he wouldn't even recognize the existence of any other railroad.

The experimental stretch of track was built along the ground, but the finished line was supposed to have been entirely elevated to eliminate all grade crossings and permit speeds up to 100 miles an hour.

### HIT 60 M.P.H.

The single car ran for about two years on the two-mile line.

## THIS IS IT! ELECTRIC NEEDLE CAR AND STRUCTURE.

HOW BOYNTON BICYCLE Railroad was intended to look when finished. Speeds up to 100 MPH in safety and comfort were promised.

It once hit 60 miles an hour and engineers said it probably would have been capable of the promised 100 mph, but the track wasn't long enough.

Brakes in those days weren't much to brag about and one report has it that nearly a mile short of a terminal Boynton, who was the engineer, would shut off the power and start to wind up the band brakes at the front wheel, while John DeVito, the brakeman on the car, would do the same at his end.

## Max Schulz Ends Retirement

Max Schulz of 40 W. Carl St., long time Hicksville resident and business man, is proving that "you can't keep a good man idle."

For many years Schulz was a familiar figure to people in town, especially to those who patronized his Sunoco Service Station on Old Country Rd. and W. Carl St., where he served them from early morning until late at night, many times missing meals to oblige a "rush job" customer. This steady grind began wearing him down and 10 years ago he decided to retire and get some well earned rest. Little did he realize at that time that an active man "chaffs at the bit" when idle.

Although he puttered around the house doing odd jobs, there wasn't enough to keep him busy,

and often he felt lost. Coming to the conclusion that inactivity was far worse for him than work, he decided to go back into the service station business. He looked around at many spots, but none suited him. He had a yearning to be back at the old spot, of which he had fond memories. Aware that none but this would suit him he began negotiating to operate the station once again. Although there were many stumbling blocks in his way, he surmounted them all, and once again he is operating the station.

## Strong Mound Work Hi-Lights

Strong pitching performances by Cerone of the Elks and Shrimpe of Texaco highlighted play in the American Babe Ruth League last week. Shutting out the Mid Island team with a one-hitter on Saturday Shrimpe nailed down undisputed possession of first place for Nat's Texaco to give his club an honor for the first half of the season. Germaine with an infield single thru the middle had the only safety for the Mid Island team. Dushnik charged with the defeat saw two back to back errors in the fourth inning that allowed Ferraro to score the lone run of the game on Shrimpe's hit.

The Texaco team assured of a playoff berth had gone down to defeat twice earlier in the week. On Monday the Mid Island team again with Dushnik on the mound took the measure of the Texaco men 4 to 2 with Ferraro taking the loss. Wednesday night the one hit hurling of Cerone of the Hicksville - Levittown Elks put the Elks back in the win column with a 4-1 victory over Texaco. Kuooff with a bleeding pop fly just out of the reach of first baseman Bracato got the Texaco hit.

The Hicksville - Levittown Elks of Tuesday after taking a 2 to 0 lead by the fourth inning behind McConnell saw the Republic Thunderchiefs score twice in the fourth to tie the game and go on to win with three more in the bottom of the fifth. R. Brown got credit for the victory his fourth of the year. The Republic Thunderchiefs ran into trouble on Thursday when a determined Mid Island Plaza team making it's bid for the second half championship slapped down the T'Chiefs 6-2. Biasi picked up his first win and Glibowski was charged with his third defeat.

## Gertz Wins American 1st Half

A well balanced GERTZ team ran off with the 1st place honors in the first half of the Minor "A" Division pennant race in the Hicksville American Little League, sports a record of 8 wins and only 2 losses. Gertz combined good pitching and tight fielding, with timely hitting, to roar through the League. Both of the GERTZ losses came at the hands of last place MID-ISLAND PLAZA.

GERTZ started their second half pennant quest with a 1-0, extra inning win over the HICKSVILLE "Hicks" in a game described by witnesses as a classic example of Little League competition and sportsmanship at its best. Frank Glibowski, 9 year old pitcher for the "Hicks", worked the first 6 innings and put on a stellar performance for the spectators. Little Frank gave up only 3 hits, did not issue a base on balls and struck out 10 batters. Jimmie Gallagher, who relieved Glibowski at the start of the 7th inning became the losing pitcher as the result of a heart-breaking play at home plate. A GERTZ batter tumbled off on Jimmie's pitch and wallowed a long three base hit but the ball was relayed home in time to beat the runner who was trying to score. The "Hicks" catcher dropped the ball while tagging the runner and the winning run was across the plate. Dzienius started the game for GERTZ and allowed only 6 hits during the 6 innings that he pitched. Brough, who took over for Dzienius in the 7th inning was the winning pitcher.

Bankers Nose Out GoldmanBros

The Hicksville International Little League after completing a successful first half season moved along into its second half this past week. In the Major Division the I.L.I. National Bankers moved into first place by nosing out Goldman Bros. 2 to 1 in extra innings. Oliva was the winning pitcher. In the second game the Bankers beat out the Kinsmen team 4 to 1 with Steinmetz the winning hurler.

Goldman Bros. team nosed out Perkins Trucking 7 to 6 with Keneflick the winner. Kiwanis trimmed Perkins 8 to 5 with Gary Diehl picking up the win.

In the Minor Division Ricardo Hair Stylists teams beat out Schwartz Insurance 6 to 4. Birch was the winning pitcher. Madden's Auto Body nosed out the Architects 4 to 3 in eight innings. Tommy Terebas picked up the win for Madden's.

Goldman Bros. team nosed out Perkins Trucking 7 to 6 with Keneflick the winner. Kiwanis trimmed Perkins 8 to 5 with Gary Diehl picking up the win.

ICS and HICKSVILLE finished the first-half competition in a 3-way tie for second place with 5-5 records. G.L.F. began their winning drive too late and wound up in 5th place with a 4-6 record. MID-ISLAND PLAZA occupied the cellar with a record of 3 wins and 7 losses.

In other games at the start of second-half hostilities in the Minor "A" Division, NORTHSIDE called 4 big runs in the 1st inning against g.l.f., then added runs in the 2nd, 3rd, and 5th innings to top the "Co-ops" 7-5. In the 6th inning, G.L.F. scored 3 times and had the tying runs on base but were held at bay by winning pitcher Pfeiffer, who gave up only 3 hits. Joe Ciarelli was charged with the loss.

MID-ISLAND PLAZA which would open the first-half of the race with a win over NORTHSIDE, started off in this half with a 7-4 victory over NORTHEAST CIVICS. Ed Ellis was this game for MID-ISLAND PLAZA, giving up only 4 hits while Mike Farrell who was touched for only 5 hits, was tagged with the loss.

The Minor "A" Division schedule of 20 games has been divided into two separate 10 game series, with the winners of each series meeting in a play-off at the conclusion of the schedule, to determine the championship of the league. This innovation provides incentive for the also-ran teams during the early portion of the season, to keep bearing down in an effort to win the second-half competition and thereby earn another crack at the championship trophy.

A COLLEGIATE DEBATE featured the Hicksville  
Republican Club meeting, Friday night, with debaters  
furnished by the New York Young Republican Club.  
Left to right are Oliver Ackley, Douglas Moore,  
Club President Francis J. Donovan who was mod-  
erator, Gavin Murphy and Richard Lowe. Moore,  
a Columbia Law graduate and New York attorney,  
and Ackley, former British subject, now an Amer-  
ican citizen, spoke for the affirmative. Murphy, an  
attorney associated with Gov. Dewey's law firm, and  
Lowe, economics student completing his PhD at Harv-  
ard, took the negative.

The subject was: "Should Red China Be Admitted  
to the United Nations?"

Deputy County Attorney and Club President Dono-  
van, pinch hitting for Congressman Stuyvesant Wain-  
wright as Moderator stated that the program had a  
two-fold purpose: To remind the public of the firm  
stand taken by the Republican National Administration  
against Red China's admission to the UN and to arm

local Republicans with the arguments in support of  
that position. In commenting on the question, Donovan  
said, "We all know that no organization can succeed  
without unity of purpose and action. To include in  
any organization members whose openly avowed pur-  
pose is violently opposed to the purpose of that or-  
ganization means disaster. This has been demon-  
strated day in and day out by Red Russia's sabotage  
of the U.N."

"To argue that Red China has the same right to  
membership as Red Russia amounts to saying that  
the deplorable error of a Democratic National Ad-  
ministration in giving the factual enemy Russia the  
legal status of friend, must be compounded by a rep-  
etition of the same error in regard to Red China.  
The proposal to admit a conceded gangster regime  
to the Assembly of Nations on the ground that it con-  
trols a substantial number of captives, is equivalent  
to proposing that the gangster delegates from Appa-  
lachian be given seats in the State Legislature."

Whether it was the early kick-  
off or the fact that the goal was  
set, nevertheless a rosy tint suf-  
fused the face of Bethpage Fire  
Chief Edward Cava as he announ-  
ced that the annual fund-raising drive  
reached its quota.

Heretofore, the drive usually lag-  
ged for a month or so with luke-  
warm response as residents were  
contacted for donations to the vol-  
unteer firemen's welfare fund, old  
age home and the sponsorship of  
a Little League baseball team.  
Spearheading this year's drive  
were Michael N. Greco, Gerald  
Donlon and Julius Elmenan, as-  
sisted by the women's auxiliary.  
Due to their energetic endeavors  
Fire Chief Cava waxes eloquently.  
He emphasized that the donations  
received were above expectations  
and re-emphasized they would go  
towards worthwhile community ac-  
tivities.

He further added that without  
the cooperation of the citizens, to-  
gether with the merchants of Beth-  
page the success of the annual  
fund drive would not have been  
possible.

# Spectator Helps Make Things Hot for School Board

Hicksville Board of Education will meet in the "cool" cellar of the Public Library building on Jerusalem Ave. at Second St. until its first meeting in Sept. The next meeting of the Board is scheduled

for Friday night, July 25, at 8:15 P.M.

The vote to change the meeting place was 4 to 2 and followed a committee report, last Friday night, on a more comfortable place for

Board meetings.

The School Board has been sweating in the summer and freezing during the winter in the faculty cafeteria of the Senior High School. Last Friday night a member of the audience helped make things "hot" for the six trustees present by turning off the electric fan every time it was switched on.

When the School Board reorganized on July 1, a committee was named of Vice President Herbert Johnsen and Trustee Robert Goodrich with School Superintendent Wallace E. Lamb, instructed to find a more suitable place for regular meetings.

For the first time in the memory of most residents, the School Board will not be meeting in a School Building. In fact, it will be meeting in a structure the title to which was recently the subject of court action.

Johnsen said the committee had conferred with Mrs. Robert Goodrich, chairman of the Library Board, and got permission to use the Library basement room. Of course, Johnsen reported, the School Board will be expected to pay \$2 an hour

for the custodian if it stays there after 10 o'clock at night "just like any organization."

Board Secretary Jerry Zettler quipped "maybe we can bring our own custodian?"

Johnsen estimated it would cost about \$25 for "overtime" custodian service at the Library. The Board meeting last Friday night ended at quarter to two in the morning.

Board President Allen S. Carpenter and Trustee Robert D. Easton didn't think it was "just right" for the School Board to admit it could not find a suitable place for its meeting in the nine multi-million dollar buildings of the School District and had to go outside. They voted "no" on the motion by Johnsen, seconded by Goodrich. Voting for the motion were Johnsen, Good-

rich, new member Walter Schreiber and Zettler.

Last April when the Board was preparing the budget for 1958-59, it was suggested that \$3500 be put in the budget to air-condition the faculty cafeteria. The item was not put in the budget and members at the time, who commented, expressed the opinion they would "just have to sweat it out."

One observer noted that if it gets uncomfortable in the cool cellar of the Public Library the School Board can always move out into the new Library patio. Approval of a \$325 bill from R.H. Macy for the purchase out of the construction fund, of two tables, two umbrellas and 12 chairs for the patio was granted last Friday night also.
