WELCOME TEACHERS - About 100 new teachers in Hicksville Schools are currently taking part in an orientation program which began Monday with a welcoming address by Allen S. Carpenter, president of the School Board, who traced the growth of the school district. Today the group (shown at the Junior High Cafeteria on Tuesday) is making a guided bus tour of the community. They are scheduled to be greeted with a luncheon at Mid Island Plaza next Thursday. Local P-TAs are cooperating in making the new faculty members feel welcome. (Herald photo by Frank Mallett)

district has 13,766 metered consumers, according to George A. Kunz, secretary of the water district, who disclosed that he will be a candidate for re-election to the water commission at the election on Tuesday night, Sept 2.

Firemen Enroute to State Tourney by Boat

ABOARD GOOD SHIP COMFORT, enroute to Amsterdam, N.Y.,--- At a time when the US Navy is capturing headlines around the world with atomic submarines zipping under the ice of the North Pole and Navy blimps winging over the Arctic wasteland. It is mainly for the nautical-minded members of Hicksville Volunteer Fire Dept to make the first trip by a group of firemen from Long Island to a state firemen's tournament.

The luxurious 28-foot cabin cruiser Comfort with that old salt, Capt Bill Danda at the helm, is chugging up the Hudson River after safely navigating the treacherous tides of Hell Gate and all the other hazards of a voyage which began from Cold Spring Harbor, Sunday morning.

It is like in the cigarette commercials and according to other researchers of the day, "they said it couldn't be done, they said it couldn't be done." But it is being done, and will probably be featured on an early TV announcement by Jack Lescolle.

It all began in Fred's Inn on Woodbury Rd. where one word led to another and before you could say "tournament at Amsterdam", a brave but jolly crew had volunteered.

The first leg of the voyage was made from Cold Spring Harbor to Newburg up the Hudson where the Comfort docked Sunday afternoon. The second leg starts from Newburg (where else), bright and early Wednesday morning. Capt Danda and George Engel are going the entire route. Walter, the first mate, and John Austin are jumping ship at Newburg. Their places in the stakehold will be taken by Jack McCabe and Walter (Curley) Ericson who will go on up the Hudson to Albany and then westward-ho by way of the Barge Canal and Mohawk River to the Amsterdam Dock.

Members of Hicksville Fire Dept led by Chief Medard Offenbach are doing it the hardway. Some of the group left by auto last weekend for the State Firemen's Assoc convention. Others are taking off during the week with the main group and racing equipment leaving Hicksville about Tuesday night. The tournament is Thursday, Aug 21 and the parade on Friday.

Everyone will be heading back for Hicksville, Long Island by Saturday and the Good Ship Comfort Station is expected to reach its snug berth at Cold Spring Harbor about Sunday.

The route to Amsterdam by highway is 208 miles, one way. The sea route, according to the Esso road map is 216 land miles.

36 Bands in Firemen's Parade on Labor Day

Thirty-six bands of musicians will provide the martial airs as hundreds of volunteer firemen from all over Long Island, upstate New York and an entry from Devon, Connecticut, parade on Labor Day in Hicksville for the 30th annual Firemen's Parade and Drill. Forty-eight entries, plus ladies auxiliary units, have been received to date, according to Ex-Chief Larry Huttle, general chairman and parade marshal.

The parade will conclude at Mid Island Plaza off North Broadway, with its free auto parking for over 8,000 automobiles. The parade is in the morning, starting off at 9 AM sharp. Contests are in the afternoon beginning at 1 PM sharp.

Members of the Fire Dept., hosts for the annual invitation parade and drill, have started the erection of the grandstands which accommodate more than 5,000 persons on the Plaza grounds.

Claim Prize

The Frank S. Eschbachs of 45 Cedar St., Hicksville, this week claimed the \$25 savings bond purchased by Hicksville Fire Dept. to a lucky donor to their recent welfare fund drive. They had retained receipt number 4901 which had been selected at random the previous week. The Eschbachs read about the winning receipt in the HERALD and notified Larry Huttle, Labor Day tournament chairman.

The ESATTO BOYS are back from vacation and things are again in full swing at Hicksville Farms. Should see the very lovely souvenir Mrs. JOE brought us from Niagara Falls. Mr. and Mrs. JOE and granddaughter, SUSAN GIESE, daughter of Mr. and Mrs. Alton Giese of Hicksville really did some traveling during their two weeks off. We received cards from Cape Cod, Niagara Falls, Canada, Detroit, etc. They all had a good time and we are glad they are back. In the good news dept. one-time baby sitter, little JANE HEALY, now Mrs. Carl Lehmann of Commack, has a little one of her own to sit for. With all the modernizing the LIRA claims it is doing to the trains, it seems there is one train they have overlooked completely. The 8:51 PM out of Hicksville that goes to Jamaica is the one that grips us. Although it is a six or seven car train, only the first three cars are open and by the time it pulls into the station you have to hike half way to Westbury to board it. Then when you get in it is extremely crowded, so you still have to walk forward through the dimly lit train which has vestibules at the ends that bring to mind the darkened passages in an amusement park "crazy house". Besides being dark, there is usually water flooded all over the floor to test out the grip power of your shoes. Then finally if you do get a seat you "relax" these lovely summer nights in mohair covered seats. As bad as it has been though, last Thursday was the best so far. All the lights except in the first car, were out. But this didn't phase the trainman. They came around to collect the tickets with the aid of a lantern with which they promptly disappeared as soon as the tickets were taken care of. Don't know where the train embarks from but by the conditions of it one is tempted to suspect Outer Mongolia. - - -

BILL NELSON, executive secretary of Mid Island Plaza Assoc. was sporting a cute mustache until Saturday night when his hand slipped while he was shaving. - - - SAM PACB made-up a missed Hicksville Kiwanis luncheon by attending a meeting at Quebec, Canada on Aug. 4. - - - The Com-munity College proposal was the topic of JAMES MACLEAN speaking at Hicksville Kiwanis meeting last week. - - - A Bethpage woman, waiting for husband in the Willets Point Parking Field, was stabbed three times recently by a mugger. Her assailant fled with \$35. - - - There is or was a strike going on at the Insular Chemical plant on New South Rd., Hicksville last week. - - - It is presentation of awards night for the Hicksville Babe Ruth at Levittown Hall this Friday night, Aug. 22. - - - MARG FINKELSTEIN and PHIL LOMENZO, both of Hicksville, were upstairs over the weekend for the sport car races. - - - Dr. WALLACE S. LAMB, superintendent of schools, is on a well-earned vacation. - - - Hicksville School Board is expecting to name its auditor for the District shortly. The Board meets next Friday night, Aug. 29 at 8:15 PM in the cool, man, cool basement of the Public Library. - - - Construction of curbs is scheduled on East St., Pine St., Chestnut and adjacent areas. Town Highway Dept has received five bids for the project with the lowest \$35,224. - - -

Sorry to hear that our little friend, DOUGLAS BRANDI of Twinlawn Ave., Hicksville has been ill the past week with the newest virus epidemic going the rounds - sore throat, fever and general aches all over. Takes a few days to get rid of and generally effects the rest of the family. Glad to hear that, that before his illness, his Mom and Dad, got off together for a week-end in Poughkeepsie. Mrs. E's sister and husband, were baby sitters for that week-end. See that all the vacationing members of the Company played hosts to its members at dinner at Long's and then at "Around the World in 80 Days" at the Sycoset Theatre. The fun was continued at the Strong St. firehouse after the performance. - - - Two very funny people celebrate their 50th wedding anniversary tomorrow (Aug. 22). They are, Mr. and Mrs. WILLIAM KOUTENSKY of Lenox Ave., Hicksville and we, along with the rest of the staff of the Mid-Island Herald, wish them continued happiness and good health. - - - Our two good friends, DOT AND BILL GEYER of Grove St., Hicksville home the past week end after a few weeks vacation down south. They usually go north, but this year changed the course. Hope you both had fun and we're glad to see you home. - - - Also home from a nice trip, are Mr. and Mrs. CONRAD SCHAAL of Williams St., Hicksville, who are unpacking their bags after a stay in California visiting their son, George, and his family. Mrs. S. Tells me they visited all the places of interest but the three weeks was just too short to really enjoy the beauty of California. - - -

Dr. and Mrs. ROBERT E. CALLAHAN of Farm Lane, Hicksville, are honeymooning in Bermuda. Mrs. Callahan is the former AUDREY SUTTON, daughter of Mr. and Mrs. Wilson L. Sutton of Lee Ave., Hicksville. Barbeque Victims Still on Danger List

Jack Giteck, 43 of 26 Amherst La., and five year old Sharon Zoeller, daughter of Mr. and Mrs. William F. Zoeller of 17 Amherst La., both Hicksville, were reported as fair, but on the danger list, in Meadowbrook Hospital as this issue of the HERALD goes to press.

Both were very badly burned Sunday afternoon when Giteck who was preparing to cook a barbeque supper on his patio grill, allegedly poured alcohol into the fire to hasten the charcoal. Evidently flames caught the stream of alcohol and raced to the container causing the can to explode. Giteck and the little Zoeller girl's clothing were ignited by the spraying flames and they were enveloped in fire. As Mrs. Giteck stripped the clothes off the little Zoeller girl, Giteck rolled in the grass to extinguish his burning clothing. A neighbor, Alphonse Egan of 11 Amherst La., sped little Sharon to Meadowbrook Hospital. Giteck was taken to the hospital in the Police Dept. ambulance.

The Hicksville Fire Dept. responded to a call reporting an "explosion", at the address.

Six year old Sharon Giteck was burned on the leg. The other two Giteck girls, Anita and Jane, were not on the patio at the time of the tragedy.

Due to the rain on Aug. 16, the Hicksville Cub Pack 91 picnic will be held this Saturday, Aug. 23 at Bethpage Park. If it rains again Saturday, it will be on Sunday, Aug. 24.

Co 5 Enjoys Theatre Party

Thirty-five members of Emergency Fire Co. 5 of Hicksville Fire Dept. and their wives enjoyed a gay dinner-theatre party, Saturday evening. Joseph Braun was chairman of arrangements for the evening which included dinner at Long's Restaurant in Mid Island Plaza, attendance at "Around the World in 80 Days" at the Syosset Theatre and a social gathering at the Strong St. Firehouse.

During the dinner the Company presented Robert E. Wathey of Arden Lane, Hicksville, with a framed citation in recognition of his fine service to the company and the fire department. Wathey has resigned from the company and is moving with his wife and children to Farmingdale. The presentation was made by Arthur Isakson, his brother-in-law and present commander. The citation notes that Wathey was Capt. Secretary from 1955 to 1957, four years secretary of the Tournament Committee, four years secretary of Co. No. 5 and also second lieutenant.

CURRENT COMMENT:

Big Doings For October

By FRED J. NOETH

A REGIONAL promotion to feature "greater Hicksville" with a role for every local business firm, industrial plant, retailer and professional service in the area has been announced by the Hicksville Chamber of Commerce by Patrick F. Caputo, president.

The program will be a gala three-day Hicksville Festival on Oct. 9, 10 and 11 with an outdoor exposition, parades, band concerts, athletic events and dog shows.

In some ways it recalls for us the lovingly remembered Hickville Tercentennial of 1948 which embraced a full eight days. Our only regret is that there is not some historic significance connected with the dates now selected, but perhaps the annual repetition of Festival Days (depending upon the support given the first) will generate its own history.

Plans are now in the formative stages and some tentative survey of local retailer and industrial response has been solicited. During the weeks ahead we will hear a great deal more about the program which has the basic purpose of uniting all elements of the community in a grand demonstration of cooperation for the common good.

RICHARD M. RUSCH, at right, seaman apprentice, USN, received an honorarium certificate and an engraved identification bracelet during recruit graduation held July 26 at the Naval Training Centre, Great Lakes, Ill. With him after the presentation are: Commander H. L. Vaughan, USN, executive officer of Recruit Training; and his parents, Mr. and Mrs. William F. Rusch of 128 First St., Hicksville. Rusch was elected honorman of his recruit company by his instructors, company commander and fellow company members. Before entering the Navy last May, he attended Cornell. (US Navy Photo)

HICKSVILLE ROTARY CLUB played host to Pierre Pellaton, District Governor, at the regular meeting Thursday at the Milleridge Inn. Although the eloquence of the governor is unquestionable, the presence of the six Rheingold beauties added to the full attendance. Pellaton praised the Club for their efforts and accomplishments in the basic principles of Rotary objectives. The various committees submitted reports which were constructively analyzed by the governor.

The entrance of the Beautiful Six, threw the place into utter panic. After all blood pressures returned to normal, the girls were introduced and given a tumultuous welcome. The noise of heart beats on big cables rattled the sound level of clapping hands. One thing is certain - it's going to be a close contest. Left to right are Gretchen Foster, Sondra Goss, Robbin Bain, District Gov Pellaton, Hicksville Club President John Hill, Fanny Peterson, Audrey Garcia and Emily Banks. After the Rotary meeting the girls were honored at a luncheon attended by a certain select few, had their pictures taken with the Fire Chief at the firehouse and were seen around Mid Island Plaza. Legionnaires' Log
CHARLES WAGNER, Post 421, Hicksville N.Y.
By ARTIE RUTZ

As the summer continues down the back stretch, and more and more of our members are returning from their annual vacations, the meetings continue to grow shorter and shorter (after all it's so warm to argue).... Nice to see Commander Al Barlow back from his vacation at Cape Cod looking tanned, fit and well rested and ready for a busy Legion year.... And Gunner Barnett, Bob Hasel and Ed Hodgkinson are back also and in fine shape for the coming year.... And what Legionnaire complained that he couldn't light my Coleman lantern while out camping?.... And my first match did it...sk, tk.... Past Commander Guy Smith was the lucky lad to take home the Dark Horse prize at the last meeting.... And to think, it was the last of its kind too.... The Capsule prize was won by George Waters but he wasn't present to collect it, so the prize will be that much greater at the next meeting.... Which is on a TUESDAY as the first Monday in September is Labor Day and therefore, etc. etc. the meeting will be held the next day.... Spread the word, this

is your last opportunity, about our annual picnic this Sunday afternoon, Aug. 24, at Salisbury Park.... Start eating at 1 P.M. and may the best man win.... Games for young adults and old children with prizes in each category.... Watermelon, corn, hot dogs, clams, soda will serve to bolster the inner man.... Only \$2.50 per couple with children under 14 free provided at least one parent is present.... In the dire case of rain, the picnic will be held indoors at the clubhouse.... After all, just what would YOU do with all that food? Huh?... Just love to watch Rudy Bouse go "down" down Broadway in his white, with his hairs (7) a-fly'n', screw to some store to make a fast purchase.... I hear that our membership is now at an all time high.... Let's send it even higher.... Our annual visit to Kings Park Hospital is scheduled for Nov. 2nd and if you have radios or any type clothing (men, women or children's) please drop them off at the Legion or contact Bob Hasel.... See you at the picnic....

Sixth Annual Girl Scout Show Sept 27

Climaxing the year's riding program, the Sixth Annual Horse Show and Gymkhana of the Girl Scouts of the Mid-Island Council will take place at the Bethpage Polo and Riding Stables on Sept. 27, at 9 A.M. The riding program and horse show are unique.

In addition to traditional equestrian and gymkhana events, there will be a demonstration of care-

fully executed configurations by the mounted Drill Team, 35 top riders of the program, in full Girl Scout riding uniform. These girls have a minimum of four to five years participation in the riding program. Other exhibitions by the Drill Team will take place at the Beth-

page Polo Club meetings in late August and at the Mineola Fair in early September.

The Mid-Island Council serves and guides 10,000 Girl Scouts, age 7 to 17. The riding program is one of the Council's many program activities.

Move Annex To Old Bank

The Town of Oyster Bay Annex, located for a number of years at 32 Broadway, has been moved into the former premises of the Meadow Brook National Bank at 65

Broadway, just south of the LIRR crossing. The change of address took place last Monday. The location is being rented by the Town for \$300 a month.

First to Get Student Loan

Elaine Springer of East Meadow is the first girl in this area to receive a loan for college tuition guaranteed by the New York State Higher Education Assistance Corp. Elaine received her check from the Hempstead Bank and will attend Temple University. Robert Scheuing, Vice President of the bank in charge of the student loan program, recently turned the check over to her at the Main Office of the bank in Hempstead. Joseph Liff, Secretary of the High Education Assistance Corp was on hand to congratulate Miss Springer.

As of Aug. 5, Hempstead Bank approved 51 applications, totaling \$26,628, for the state-guaranteed tuition loans. The NYHEA has guaranteed 273 loans totaling over \$50,000 for the entire state. While the student is attending college he or she pays only the low interest charges (four per cent). Three months after graduation, or upon termination of studies, the student begins to repay the loan with regular monthly payments and can take up to six years to repay.

Set Seminar for Witnesses

Jehovah's Witnesses in the local area are making plans to attend a 3-day Bible training seminar. It was announced today. The gathering will also include 16 other congregations in Nassau and Suffolk counties comprising some 1,350 Jehovah's Witnesses.

Truman Merchant who presides over the Hicksville congregation serving this area commented on the purpose of the meeting. "These training sessions will review many doctrinal points and practical Bible teaching techniques important to our public Bible teaching activity," he said. He announced that the program being arranged would be beneficial to people of all ages. "This will be a family assembly with our ministers bringing their wives and children," concluded Merchant.

The gathering is scheduled for Sept. 12 to 14 in West Hempstead. Final plans will be announced upon completion of arrangements.

Gay Evening

Members and their many friends attending the Barbecue and Square Dance held Aug 2 all enjoyed a well planned gay evening.

All the superb chefs deserve much praise for the delicious food and excellent service. The ladies of the Sisterhood who worked so diligently have everyone's thanks. Their co-

operative spirit made the entire evening the huge success it was. Jean Kellner was chairman of the affair.

In addition to the square dances there were a number of contest winners each of whom received a bottle of champagne; Sam and Bess Appelman, cha-cha, Mike and Rose Andriano, Waltz, Mike and Bernice Messinger, Fox Trot. The winner of the Raffia for the Basket of Cheer (a mighty happy collection of cheer) was Harold Lack.

Many thanks to Mr and Mrs. Sam Kellner for once again opening their beautiful yard and terrace on Field Ave, Hicksville, to the Congregation.

By Gilbert B. Stein

BLOCK CAPTAINS FOR BIRCHWOOD - These are your Block Captains: Morton Cohen, Martin Greenberg, Jerry Neuhaus, David Brown, Abe Kilgman, Lou Cohen, Marvin Bloom, Howard Turkell, Stanley Levinson, Henry Dockswell, Irwin Freedman, Arnold Koplick, Horace Sterling, Morton Fishman, Perry Coburn, Mannie Rose-

man, Phil Zane, Ernest Lopez, Morry Mann, Milton Altman, Harry Lemberg, Ruby Reback, Julie Wilson, Phil Rosenthal, Larry Resnick, Elliott Spencer, Richard Gollan, Harold Phillips, C. Lustig, Marvin Gottlieb, Leo Gillary, Jack Berger, and George J. Frankel, Administrator.

Sunday Brunch Launches Birchwood Block Captains

Sunday, Aug. 17, marked the beginning of the "Birchwood Block Captains' Brigade". On that memorable day, approximately 36 newly-appointed Block Captains together with members of the organizing committee and Officers of the Civic Association, enjoyed breakfast at the Skyliner Diner and officially launched the new project.

Block Captains represent a vital link between the homeowners and the Civic Association. The Captains can ascertain facts and refer them to specific committees and the Board of Directors. The Board, in turn,

speaking for the entire Community, can take prompt action.

George Frankel, Coordinator of Block Captains, spoke on the mechanics of the new system. He had prepared a Captain's Kit containing information pertinent to the Civic Association's functions and a map of each Captain's local district.

Talks were given by Jerome Abrams, President of the Civic Association; Herbert Shapiro, Chairman of the Board of Directors; Larry Gibbs and Ralph Diamond, Vice Presidents; Gilbert Stein, Editor of the VILLAGER; and Jules Wilson,

Membership Chairman. The weekend of Aug. 23 and 24 was then designated as M (Membership) Day. At that time Block Captains will strive towards 100% membership in our Civic Association.

Jericho Schools Open Sept 2nd

By George W. Weston

"School Days" will be here once again when Jericho Public Schools open for the 1958-1959 term on Sept. 2, the day after Labor Day.

All elementary school classes, with the exception of the sixth grade, will be held at the George A. Jackson School. Sixth grade classes will be at the Robert Seaman School. Kindergarten, first and second grades will be on double session as follows:

Morning session 8:00 A.M. to 12 Noon
 Afternoon session 12 Noon to 4:00 P.M.

For the first half of the year, Sept. to January, pupils from Birchwood, Wheatley Hills and Brookville will attend the afternoon session, and those from the rest of the Jericho District, the morning session.

In February, for the second half of the school year, the morning session pupils will switch to the afternoon and the afternoon pupils will attend in the morning. Third to fifth grades will be on full session with school hours from 9:00 A.M. to 3:00 P.M.

The following classes will be held at the Robert Seaman School:

Sixth grade - 9:00 A.M. to 3:00 P.M.
 Junior High School (grades 7, 8 and 9) 8:30 A.M. to 3:30 P.M.
 High School (10th year only) 8:30 A.M. to 3:30 P.M.

The eleventh and twelfth year high school students will continue at either the Carle Place High School or Westbury High School which they had been attending last year.

Bus transportation will be provided for all Birchwood children attending the Robert Seaman School or either of the out-of-district High Schools. Birchwood pupils should plan to be at their bus stops thirty minutes before class time; those in Wheatley Hills should allow forty-five minutes. Bust stops will be the same as last school year. There will be no bus transportation for Birchwood children attending the Jackson School.

Each parent will receive a letter before school opens giving the class and room assignment of his children. The school administration requests that the importance of safety

The Long Hot Summer

By Ralph Diamond

During this long hot summer our Civic Assoc. has been most active. Unfortunately, most of our residents are now aware of the tremendous effort put in by those active in our Civic Assoc. For example, the Board of Directors has already held meetings on four occasions in the past six weeks in order to promptly handle emergency situations continuously arising.

The Board of Directors were confronted with the problems of garbage collection, country club fence, new gasoline permit application, parks, block captain system, participation in Jericho blood bank and many other problems too numerous to mention.

During the summer such men as George Frankel together with myself have put in a tremendous number of hours in preparing and organizing the block captain system. Dr. Martin Lawrence has been constantly working on the garbage collection situation and obtaining traffic lights for our residents. Members of the VILLAGER, despite the heat have been publishing the paper in its regular fashion. Our Officers, Jerry Abrams, Ralph Diamond, Larry Gibbs, Herb Shapiro and Gil Stein have been meeting in constant sessions whenever and wherever a new situation involving our community arises.

The Chairman of the various committees of the Civic Assoc. have been meeting the problems arising within their jurisdiction, and are already making preparations for the fall. Final plans are being formulated for the "change of name" vote. Our school committees covering both Jericho and Syosset have been meeting regularly during the summer and have been attending all school board meetings, thereby making certain that our community is always alert as to the happenings affecting our residents of Birchwood.

AN EDITORIAL

And Especially YOU!

The very fact that you have purchased a home in our Community makes us assume you are a person of discerning tastes. The fact that you live in Birchwood also makes us assume that you want the maximum of "good" for yourself and your family. Because you live here we must also assume that you care about the physical, spiritual, and moral climate which surrounds you. Knowing that everything above is true, we must further assume that, of course, you are a dues-paying member of our Civic Assoc.

However, assume as we may, and although it would appear inconceivable and ludicrous in the light of ordinary logic, the facts show that some of you are not members. WHY?

Well, let's take Homeowner Hem N. Haw. He would join, but then again it's best to keep out of things and not get involved, and besides, he's not a joiner. (Every man is not equipped to lead and be active, but by paying your dues you are involving yourself only to the point of caring about YOUR OWN Community, and strengthening a group that represents YOU in Civic affairs. The most cautious individual must care about this—else why would he be here?)

Now we come to Homeowner Chip O'Shoulder. He's very civic-minded and really cares a great deal about what happens around him—but, there was a time when he wanted something and that something didn't turn out the way he felt it should've, and somebody said something nasty to him—and that's that! He's through with any and all Civic Associations forever! (This reminds us somehow of the child who won't play with the other child who took his lollipop away. Of course things cannot and will not ever go smoothly. And of course some people will always have to be disappointed, but the adult individual recognizes human frailties and keeps plugging for the principals in which he believes. Sulking and fuming inside never could aid either the individual or his community.)

Take a look at the next non-member, Mr. Iva Racket. He likes the Civic Assoc. fine; thinks a terrific job is being done. But, sly fox that he is, he's getting all the benefits that the members enjoy and saving five dollars to boot! 9th's attitude merits a volume in reply. Suffice it to say that man must have his conscience and some code of ethics for him to live in peace with himself. And in the future, many measures will be taken to assure Civic Association members privileges in which Mr. Iva Racket will not be able to participate.)

And there are a few others. Mr. Who Needs Them, who never really took the time to answer his glib question. There's Mr. Rumor Monger who likes to undermine the Civic Directors and their activities in the privacy of assorted living-rooms. Lastly, (and we hope the majority of non-members fall into this category) is Mr. Over Sight. He has been meaning to send his check, but has just forgotten.

Become a member of your Civic Association today! Its primary function is to help you and you—but especially YOU!

Look out neighbor, the fellow from across the street will drop in come next weekend. You may live here for a year and you may never have spoken a word to him. But he, like 41 others through our Birchwood, is your new Block Captain. Yes fellow Birchwoodites, have some lemonade handy, and prepare yourselves to meet your Block Captains over the next weekend. They will introduce themselves and with your help try to make your block, your street a 100% M Section of Birchwood. An M Section is a part of Birchwood where people know one another, help one another, are friendly neighbors and most of all where they have paid up their \$5.00 yearly Civic Assn. Dues.

In the very near future, your Block Captain will also visit you with a questionnaire. It will be helpful in the completion of a Birchwood Census. Block Captains can easily be identified by their friendly manner, their civic-mindedness, their helpful and neighborly spirit of Cooperation. In addition to this they carry an official identification card.

Yes fellow Birchwoodites, it's fashionable here to get to know the Block Captain. Don't over do it though. Some of our Captains are on a diet and there are still some areas of human relationship where a man's private life takes precedence over his Community activities.

Please remember our slogan for M day. It is join and work, if you can. But at the very least join ... to make our Civic Association work.

Jackson P-TA Meets Sept 22

Once again, school days are approaching and your P.T.A. has spent a busy summer planning programs and activities that will benefit our children and interest our parents.

Special Events for the children, such as plays, and puppet shows will be shown and they and all our meetings will be heralded in this column.

The first meeting will be held in the George A. Jackson School on Monday evening, Sept. 22, and will feature Dr. Lant as the speaker. The topic will be "Your Child in the Jericho School System".

If any of you are interested in being an active parent in an alert P.T.A., please join us and help us make a vital organization of our group.

Important Syosset School News

by Arnold Koplik

The Board of Education in Syosset met last week and issued two very significant announcements.

The first is the reduction of approximately 17% in the school tax rate for Central School Dist. #2. The predicted and actual rates per \$100 of assessed valuation for the three Districts comprising the Central District are as follows:
 Dist. #12, Syosset -- Predicted Rate: \$4.256; Actual Rate: \$4.065.
 Dist. #13, Woodbury -- Predicted Rate: \$4.219; Actual Rate: \$4.026.
 Dist. #14, Locust Grove -- Predicted Rate: \$3.171; Actual Rate: \$3.990.

Up to this time, the State Aid formula applying to Central School Districts had not been available to districts which did not operate a full kindergarten - twelfth year program. Syosset H.S. has not had a senior class until this year. However, the combined efforts of the school administration, Syosset school board members, and local legislators, succeeded in bringing about a change in interpretation of the law as applied to Syosset. This successful move, increased the State Aid to Central School District #2 from a balance of \$98,990.34, resulting from careful administrative control of expenditures, added to the increased State Aid, made possible a reduction of 17% in Central School District #2.

BEHIND SCHEDULE

The second announcement was not as cheery. The School Board made

it known that, due to bad weather and delay in receipt of materials, construction of the addition to the four elementary Schools (Bayliss, South Grove, Walt Whitman, and Willits) was behind schedule. Therefore, temporary double sessions for the first six to eight weeks beginning in Sept. will be necessary in the above listed schools.

Included in the double sessions will be the first three grades of the Bayliss School, the first two grades of the South Grove School, the first four grades of the Walt Whitman School, the first two or three grades of the Willits School and all seventh graders. The seventh graders will be assigned to the Woodbury School. The elementary sessions will run from 9 - 12 a.m. and from 12:30 to 3:30 p.m. and the Junior High sessions at the Woodbury School from 8:15 a.m. to 12:30 p.m. and from 12:40 to 5:00 p.m. Special bus schedules are being arranged to fit these sessions.

The Robbins Lane School is not affected by these arrangements. Robbins Lane School will be on a full normal session.

An Art Workshop is being organized, and sponsored by the Civic Assoc. for its members. Classes will be held for beginners through professionals in the local area.

All those interested, please contact the following for further information: Judy Singer, WE 8-3274 or Jean Rosenthal WE 5-9159.

SCHOOL OPENS

at the bus stops and while riding the buses be explained carefully.

SAFETY RULES

In order to avoid traffic difficulties and possible accidents the following rules should be observed in front of the Jackson School:
 Parents are not allowed to enter the school driveway to pick up or deliver children. This driveway is for school buses only.

In order that the children will not have to cross the driveway they should be picked up and delivered to the sidewalks on Maytime Drive east or west of the school building rather than directly in front.

Remember also that under no circumstances may a driver pass a stopped school bus from either direction while children are getting on or off.

It was also announced that the school tax rate for the Jericho District has been set at \$2.43 per \$100, for the 1958-59 fiscal year. This is an increase of four cents per \$100 over last year.

Ground has been broken and construction started for the new Jericho High School building which is scheduled to be completed by the end of Jan. 1960. Every effort will be made to complete the first wing by Sept. 1959.

The next monthly school board meeting will be held tonight (Thursday, Aug. 21), at 8:30 at the Robert Seaman School.

HOT SUMMER

(Cont. fr. Villager front pg.)

Please bear in mind that the names noted above are merely some of the active members of which there are many, many more. It is with great expectation that this writer looks forward to the time when our block captain system will get into full swing. It is at that time when we will truly create a closer relationship between the Civic Assoc. and each house in every block in our community. The activities of the block captains should make our community one of the finest on the island.

I hope that this article and others appearing in the VILLAGER of a similar nature, will forcefully bring home to our residents the truly remarkable effort and accomplishments made by the Civic Association. This writer fully realizes that most of the residents in Birchwood are unable to devote time to accomplishing the aims of the Civic Association, however it is inconceivable that there is any resident of Birchwood who has any valid reason for not at least paying his dues and becoming a member. A resident by merely paying his dues has in effect contributed towards the betterment of the community, because the more residents the Civic Association represents the greater its influence in obtaining benefits for the community.

I urge you to JOIN - and work if you can, but at the very least JOIN - thereby making the Civic Association work.

Ethel Mowenthal of Forest Drive celebrated her birthday with about twenty people on her patio for coffee. Her husband makes better coffee than she. (So Ethel says).

Mr. and Mrs. Jack Shepard had a formal dinner on their patio with barbecued Delmonico Steaks as the entrée. Yours truly was there and my mouth still waters every time I think of those steaks. The Shepards live on Maytime Court in Jericho. Please have another barbecue soon, Millie!

The Jericho Country Club had another successful Teen Age dance. All of Birchwood teens attended and a good time was had by all.

Congratulations to Mr. and Mrs. Lou Straus of Jericho Country Club on the marriage of their daughter, Ariene Straus, to Manny Pasnyer. Ceremony was held at Country Club and reception at Meadowbrook Restaurant.

Bruce Margolies of Merit Lane lost a gold identification bracelet on or near the Country Club. Please return as this has sentimental value. Call OV. 1-0073. Reward.

Portrait of Fellow Talking to His Conscience

AS OVERHEARD BY IRVING HERSKOWITZ

WRITER'S NOTE: This imaginary conversation bears stark evidence of adroit logic by one who professes to be a nonconformist and a non-participant, and without too much effort could possibly be a non-entity also.

RUGGED INDIVIDUAL: What do you think I am -- a fool? I should join the civic assoc after what they did, to my friends during the first election of officers? I should say no!

CONSCIENCE: Huh, the way you talk. Someone is apt to believe your friends suffered rotten noses, bulged jaws -- or what have you. So what if they were called names during the election fracas? Isn't that the usual thing in politics? I fail to see them wearing any scars now that they have been elected and have joined forces on the board with their former opponents. The noteworthy accomplishments of the present administration is a reflection upon their deep sense of humility, with special emphasis upon their capabilities, as they joined hands with the so called other party, and were very instrumental in the many achievements and advancements that have been made to date.

RUGGED INDIVIDUAL: Well, I don't know. I was never a joiner, and I prefer to be left alone.

CONSCIENCE: Now come, come -- what are you saying. Do you actually mean you wish to be "a oneer"? Don't try to turn back the clock on progress. So where's your horse and buggy?

RUGGED INDIVIDUAL: Now see here, my ill advised conscience. Do you expect me to be a jerk like my stupid neighbor? Just take a look at that Schmo. He knocks himself out attending board meetings, and many

other emergency meetings for the betterment of our community. Ha, what a laugh. He fights for good schools, kills himself running around on garbage and sanitation problems -- wears himself ragged on zoning and taxation questions -- and the height of his folly -- HE ALSO PAYS HIS \$5.00 YEARLY DUES TO BE A MEMBER OF THE CIVIC ASSOCIATION. I'm telling you conscience ole boy, when I observe my neighbor in action I get awfully tired. I don't have to worry about these things. My garbage is taken care of properly, my kids and their school and education problems have been resolved very properly and efficiently by the Education Committee of the Civic Association. I don't have to worry about any unfair assessments or any of the many real estate problems that always confront a community of our size. So what are you kidding, when you think inside of me and start preaching I'm doing wrong. If I can avoid being a paid up member and receive all the benefits that my various benefactors don't you agree that I deserve a plaque.

CONSCIENCE: You no good sponging parasite -- leeching unto others for your unselfish motives. I'm your conscience -- and having no choice in the matter, whether you like it or not -- you just have to live with me. Your attitude is incompatible in it's foulest sense.

Did you know that without me you are like a lamp without bulbs? You would forever be walking around in darkness were it not for my illuminating presence -- stupid when they provide you with such efficient vigilant service. They are constantly on the lookout for possible township inadequacies and any blunders and bungling that could affect your physically and financially. When your community is affected with vital problem won't the arguments be much more persuasive with an 100% membership rather than any fraction less? It is a travesty upon justice, and a most unfortunate situation when non-members such as you, derive similar benefits as do members of the Civic Association. No **CONSCIENCE** -- however derelict he may be in his duty to mortal man, can possible condone what you are doing. If you do not choose to aid your community physically -- assist them spiritually by giving your dues and at least BE COUNTEYED. Your past record proves you to be reeking from selfishness, and that is morally wrong.

(This conversation is being interrupted for the time being.) The uninvited eavesdropper to this conversation recommends that in line with this healthy method of getting things off one's chest, that George Frankel, of 26 Fountain Lane is very partial to accepting payments of dues by mail. His method of acknowledging dues payments a very novel one -- we suggest and recommend it be tried.

Arrangements between the temple and the management of the Jericho Country Club have just been completed resulting in the leasing of the Jericho Country Club main building to Temple or Elohim, to serve as temporary quarters for the Temple.

The Case of the Missing Trees

An investigation by the VILLAGER has been started to discover the reasons why many of our residents have not received a tree from the Builder. The investigation will involve inquiries of the builder, the landscaper, Williamsburgh Savings Bank and the various government agencies. It is the intention of the Villager to leave no stone unturned to get the facts relating to the missing trees.

Why A Civic Assoc?

by Jerome L. Abrams, Pres.

It is perhaps not inappropriate, at this time, to re-examine our community existence, of which the Civic Assoc. is such an integral part. I believe that a Civic Assoc. is the most vital force in community life, and a fine example of democracy in action. In ours, there are no artificial barriers of religion, race, color, creed or economic status -- all these give way to the one common denominator, the individual human resident.

I think participation in Civic Assoc. activities is enormously beneficial to the individual. I have seen normally reticent individuals become poised, effective, and sometimes, eloquent speakers. Individuals assume responsibility, tackle problems efficiently, marshal facts and think quickly and well. These are not little achievements in the maturation of an individual's personality.

There is a rare satisfaction obtained from participation in the birth and growth of a community. There is an excitement and exhilaration involved in deliberation with other individuals, that only those who have so participated can fully appreciate. Not the least benefit is the friendships that are cultivated while debating, planning, and sometimes, battling.

It is suggested that you contact your Block Captain who in turn will turn this information over to the Villager.

FLASH: The builder has just

stated to the Villager that the "planting of the trees will be started again in September and those who did not receive their trees will be taken care of."

BASICALLY BEAUTIFUL
Deep-piled wall-to-wall carpeting is basically beautiful and a fine soundproof. It also gives space and unity to a room. Soft, muted tones are easy on the eyes, and create a restful atmosphere. Beiges and greens dominate the color field; twined textures continue in popularity. While wool is the industry's standard fiber, there is considerable interest in nylon, rayon and acrylic fibers. Draperies with a slight texture or with a subdued pattern will also, literally and decoratively help achieve a quiet room. No matter what effect you desire to create in any of your rooms, do plan a consultation with a drapery specialist at Living Interiors, 392 Woodbury Rd., Hicksville. Phone: OVerbrook 1 - 0990.

YEP PARDNER -- It's a long cry from an Airpark to a Farmers Market and then to a night club. The Las Vegas Music Bar had its official opening on Robb Lane this week. Present were (left to right) Chick Rozal, president of the New York State Parkway Police PBA; Patricia O'Lane, hostess, and George Spohrer, owner of the club which is said to be the largest night club in Nassau. The Las Vegas features dancing, entertainment, beautiful hostesses and western cooking. The Farmers Market was the first in the East. The airpark came before that. (Jim Healy Photo).

Little Leaguer Strikes Out 18 For 3rd Perfect Game in Four

Spectators at the Hicksville American Little League games, have been treated to many thrilling individual performances, by players, during the 4 years since the League was organized but the most recent pitching feat of 12 year-old Bruce Damm who is a member of the ROTARY club in the 'Major League', have over-shadowed all previous accomplishments by players.

Over a period of 24 consecutive innings, covering four complete games, Damm has shut out his opposition and allowed only 1 base-runner to reach first base safely. The only hit surrendered by Damm, came during the recent District 30 Little League tournament game against an all-star team representing the Hicksville International League. Damm pitched the final game of the tournament and this time he did not allow a single man to reach base, as his mates defeated Hicksville National League for the District 30 championship.

Last Wednesday, the ultimate in pitching performances was displayed when Damm pitched his 3rd perfect no-hit game in his last 4 starts, against the FIRESTONE team of the Hicksville American Little League. This game was an improvement over the previous perfect games to the extent that Damm did not allow a single opposing batsman to hit the ball. All 18 batters struck out. American Little League officials believe that this feat has never before been accomplished and of course can never be topped. Officials also believe that no other "Little Leaguer" has ever before pitched 24 consecutive innings of shut-out ball, with only 1 runner reaching base safely.

Damm, who will enter Hicksville Junior High School in September, lives at 174 Nevada St, Hicksville.

LI National Bank Wins Crown 4th Year

Elks Win Second Half 7-3

The Hicksville-Levittown Elks with victories over the Mid-Island Plaza and Republic Thunderchiefs in the final week of scheduled play won the second half in American Babe Ruth play. Their record of 7 and 3 was a complete reversal of first half form when they had a 3 and 7 record.

Nat's Texaco team had won the first half and with the two half winners decided, the Elks and Nat's opened the best two out of three playoff last Monday night at Burns Avenue to determine the League championship.

In the opening game the Elks jumped off to a 3 to 2 lead by the third inning and when they pushed another run over in the top of the fifth it appeared that the Elks were certain of victory, the Texaco team never came up fighting and scored

LONG ISLAND NATIONAL BANK took the third game in the playoffs of the International Little League of Hicksville to win the crown for the fourth year in a row, Monday night, Aug. 18, at Lee Ave School. The Bankers won over Hicksville Kiwanis, 5-3, in a spirited game as illustrated by the action above. Kiwanis won the first game of the playoffs 5-1. In the second game, both teams stood at 4-4 at the end of the sixth.

ONE - At the top of the 4th inning, Kiwanis Catcher Altman anxiously awaits the arrival of the ball from the infield as Howard Hamm of the LI National Bank slides in to score the first run of the game for his team.

TWO - With two outs in the bottom of the 4th and with Toomey and Huckby on bases from walks,

the Kiwanis put Kondjleski in to pinch-hit for Altman, Kondjleski made first due to an error by the Banker first baseman, Mike Oliva, whose foot slid off the base after making the catch. This enabled Toomey to score the first Kiwanis Run. The next batter, George Frey, hit a double bringing in Huckaby and Kondjleski.

THREE - Little too much stretch by Kiwanis baseman Nelson took his toe off first and enabled Flanagan to the LINB to reach base in the fifth inning.

FOUR - Kiwanis Pitcher Vincent DeStafano congratulates winning Pitcher John Steinmetz of the LI National.

Line Score Game #1 -- Aug 11
 Cerone & Harman; Shrimpe & Giovanelli.

On Wednesday night, coming back from their deadlock game of Monday, the Texaco team had Ferraro on the mound while the Elks countered with McCunnigle. Scoring single runs in the bottom half of the first four innings and three more in the bottom of the sixth it looked like a walkaway victory for the Elks. The Texaco team trailing by 5 runs were able to load the bases mainly because of wildness by the Elks pitcher in the seventh and with one out left to them saw Ferraro put them back in the ball game 7-6 with a grand slam home run. Still with two out the Texaco team was able

to get runners on at first and third but McCunnigle was able to hold onto his one run lead and victory by striking out Weber.

 With the Elks one game up, further action was scheduled for Friday night, Aug. 15, and after the Elks had gone ahead by three runs at the end of three innings rain caused the game to be cancelled.

HERALD MAKES THE PLAYOFF ROUNDS

Alex McAuley caught a 1-1 pitch in the gathering darkness, Monday night, and his mighty home run into extreme left field brought the championship of the Hicksville Babe Ruth League (Southern Tier) to the on-charging West Green Drugs, 5-4.

McAuley's blast overpowered the game Sutter Building crew and marked the 16th win in 17 starts for the repeat Champions.

In the first game on the Hicksville High diamond, Sunday, Arthur Clemenz bested Gary Sanossian in a fine pitcher's duel, 4-2.

McAuley belted a sharp single in that game to get the first two runs over and he made four fine stops at shortstop to hold the Sutter team at Bay.

The final win went to Stephen Blust who fell behind 4-0 but wouldn't allow any other Sutter scores after that. He was another standout in the series. He played third in the first game.

West Green Drugs was managed by Stan Sheppard and Tom Nikitas. Listed on the championship roster are Ronald Arundell and Thomas Arundell, Tommy Bear, Harold Glazer, Gerard Heiss, Vincent Keegan, John Panico, Michael Rosenwasser, Larry Sakadinsky, George Samwell, Ronald Strockbine and Dennis White-side.

Roger Kraus pitched a no-hit, no-run game against Floral Park in the opener of the Long Island Connie Mack playoffs, at Hicksville, Sunday, and Bond's is installed a big favorite to wrap up the bunting this Sunday, at Village Playground.

Kraus was never in trouble as Bond's went on an unusual hitting rampage and collected 10 runs.

It was the 7th win in 10 games for Hicksville which placed a heavy burden on pitchers Kraus and Henry Ristow all season with an anemic hitting array.

Massapequa won a special playoff 12-0 with Hicksville for the right to the State Connie Mack Tourney in Schenectady, two weeks ago. The Chiefs picked up Ristow and Philip Annunzio, one of the soundest second basemen around, for the big play. Ristow got the start against Yonkers and hurled ten innings, striking out 12, but was plagued with a run again.

Yonkers won 2-0 and moved on to the championship and the National Championships in Chicago.

Manager Herb Werkstell is confident that with the year's experience and a couple valuable additions from this year's Babe Ruth group Bond's will be representing Hicksville in the '59 tourney.

After a year in the clutches of Monty Cheslock's Fairway Farms club, the championship of the Hicksville Community Softball League returned to Madden's Monday night. Hicksville Cesspool was defeated in the final 8-4.

In the semi-finals Madden eliminated Fairway 3-2 in a tight issue between veterans Jim Barons and Teddy Smith.

Harold Manaskie blanked Geary's in the other semi as his mates reached Dick Alcock for the games only trio of runs in the fourth frame. It was a big third-inning homer by Jerry McGinnigle that got Madden's off to a 3-0 lead. That was extended to 8-0 before the losers sprung to life in the seventh inning.

Once again this successful league which, has been one of the outstanding points of interest in the Community for years, was conducted under the auspices of the Board of Education.

A 3-2 victory for the Elks resolved the title in the playoffs of the Babe Ruth League (Northern Tier) at Burns Ave School, Tuesday. Credit for the win goes to Bob Carone. His duel with Nat pitcher Billy Schrimpe could have been a standoff but for the fact that the losers field deserted Schrimpe at crucial times.

The series was forced to three games, Monday, when Nats won a 6-5 druidt as Buddy Webber made two splendid outfield catches. Both came when the bases were populated for the Elks.

Under the lights of the new Levittown Baseball stadium The Connie Mack Bond Clothes team will meet the All stars of the Levittown Prep League the night of Friday, September 12th.

In the first contest the Hicksville Babe Ruth League All-Stars will square off against the Levittown Pony League stars.

The Field is located on Loring Road, south of Hempstead Tpke. at the Howard Johnson's stand.

Aside from supporting the local boys, Hicksville fans will get a look at a new, modern ball park which can be utilized after and before the sun goes down.

And then, maybe, someone will wonder why we haven't got one in Hicksville!

WATER DISTRICT

(continued from page 1)

Five new pumping wells have been placed in service during the past three years, Kunz disclosed, and the district has financed the expansion with a \$950,000 bond issue under a program recommended by H. G. Holzmacher and Associates, district engineers. The new bond issue has been undertaken without increasing the water district tax. The rate was 12.2 cents per \$100 in 1957 and dropped to 11 cents per \$100 in 1958.

Three years ago, at the time that Kunz took his seat as a Water Commissioner, the Board named Holzmacher and Associates to survey the needs of the district and to prepare plans and specifications for improvements. The program has included two new wells on Miller Rd. capable of supplying three million, four hundred thousand gallons of water daily; two wells at Dean St. with a capacity of four million gallons daily; plus a million and a half gallon prestressed concrete reservoir and booster pump with an eight million gallon daily capacity.

George A. Kunz, who lives on 17 Spruce St., Hicksville, was born and educated in the community. He has been an active member of Hicksville Fire Dept for 38 years and is a former Captain of Fire Co. 5 and former Chief of the Fire Dept. Election of commissioner takes place at the Hicksville Courthouse on Heltz Pl. and Bay Ave. on Sept. 2, the day after Labor Day, with the polls open from 7 to 9 PM. No advance voter registration is required.

Other members of the Board of Water Commissioners are Harry Borley, chairman; and William A. Cizler.
