CURRENT COMMENT:

You've Been Just Bully

By FRED J. NOETH

THE PATIENCE and long tempers of the good people of Hicksville has won the admiration of at least one police official. The tearing up of streets for drainage, gas mains, water mains, curbing and general widening and repairing --- all at the same identical time by the township, contractor for the town, county and state and the utility companies has really tied Hicksville into knots.

Like the fellow in the bug house who kept hitting himself on the head with a hammer. When asked why he did it, he said "it feels so good when I stop". So with us: When all the street paving, curbing and what-not is finished its gonna be real nice.

Meanwhile, take a bow folks. Your quiet suffering has not gone unnoticed. It might almost be said you have earned a purple heart for your silent suffering.

All this road work is giving the police authorities some grey hairs they never anticipated so early in life. Traffic detours are commonplace. As traffic continued to increase, the lines of cars and trucks back up more and more.

A sidelight: we have the matter of student transportation. With several thousand boys and girls carted to school each morning and home at afternoon, the matter of timing for the buses is a precise business because the vehicles are routed in such a way as to use them over and over again on various routes: Pickup, drop a load, pickup again, etc. The tangle on our streets is slowing the buses, raising merry Ned with the schedules.

But it's all gonna be wonderful -- especially when those grade crossings of the LIRR are just a memory.

Legionnaires' Log

CHARLES WAGNER, Post 421, Hicksville N.Y.

By ARTIE RUTZ

To me, the most significant, single outstanding feature of the 1958 Nassau County, Dept. of New York and the National Conventions was the seriousness of purpose with which the delegates attending tackled the business sessions each time, at each of the three conventions.

For the first time since the influx of World War 2 vets into the American Legion, the serious side of every convention which is the purpose of a convention anyway, was put first, and playfulness, second. Perhaps, the boys are just a little older now and their thoughts a little more on the mature side or perhaps the deadliness of the unarmored conflict that our nation has been waging the past years with Russia has finally seeped into their very souls. Whatever the real reason, it's wonderful, for all the people of our beloved country as well as for The American Legion.

Here at last is a nucleus of Americans who have publicly demonstrated their ability to forego their fun and pleasure in place of rolling up their sleeves and knuckling down to business. And there was plenty of business to attend to, attesting very strongly that the seriousness of the delegates just was not accidental. There was, at the national convention in Chicago, more than 700 resolutions up for consideration.

Have you any idea just how many resolutions there must have been originally at the Post level? From

the Post level each resolution must clear the County and Dept. levels before being presented at the national convention for consideration and action. Only those resolutions with strong merits survive the County and Dept. conventions, the casualty percentage is high, and yet there are more than 700 to be presented for national action! All this proves that the average Legionnaire is thinking, and thinking of serious things rather than the frivolous. This fact is a very undigestible one for Russia to swallow aside from the fact that The American Legion has been giving the Russian Bear a hard time since its inception. The fact that here is the world's largest veterans' organizations, The American Legion, and also America's greatest patriotic organization, which Russia has long sought to infiltrate, control and destroy, is becoming mightier with the dawn of each day. Perhaps the Commissioner in charge of putting The American Legion out of business is now swinging a pick in the Siberian salt mines.

OPERATION VFW

Wm. M. Gouse, Jr.

Post 3211, Hicksville

By LOU PALLADINO

All right so there is another war organization in Hicksville besides the VFW, and it's called American Legion. Thanks to Artie Rutz, we attended their installation celebration and had a fine time. (Aside to Al Barlow, the newly installed commander, sorry we missed the installing of officers, but the festivities afterward were very nice).

Our own Jack Edmund was there, Lucien held us, and I had a job. I still don't know how it happened. He does a big job for the Boy Scouts getting money to keep them going. The goal for Hicksville this year is ten thousand dollars. Jack, you know, is from Firestone, incidentally, I had to restrain my wife from trying to recruit new members for our auxiliary, letting her know she was off limits in the surroundings.

(So aside to the Legion as a whole, the little woman and I say thanks for an entertaining evening).

Our colors were proudly flying at Roosevelt Raceway for Minsola Fair. We couldn't attend, and it's hard to speak of an event if you don't participate. The important thing is that we had a delegation who did attend, and who accomplished a good job.

Our ladies want it to be known that they have a film on TB tonight (Thurs.) Sept. 25, and all members are welcome.

Most of you know of the untimely death of our comrade, George Rappaport. To those who didn't know him, he donated lots of time and energy in the legal department in the construction of our present building. We had a group attend the wake of our fallen comrade. To his wife and family we extend our sincere condolences.

Don't forget your dues card. See Bob or Spika. They will accommodate you. The goal is 100% by Dec. 31, 1958, so let's help them out.

School Taxes in Spotlight

School taxes occupied the attention of the North Bethpage Civic Association at the Sept. 17 meeting. Assemblyman Edwin J. Fehrenbach and School Board Member Howard Grandjean were the guest speakers for the evening.

Mr. Fehrenbach, who sponsored successful school tax relief measures were not permanent solutions, and that other means were necessary for financing school district on a longer-term basis.

He also stated his opinion that real estate taxes were too burdensome even at their present level and that additional taxes for school aid would require a broader tax base in order to give real relief to high tax areas. In addition to State Aid, he called for School Boards to give serious consideration to economy in school district operation and construction to help keep taxes under control.

To Tell Story

Bill Huntington whose pacifism took him into the Pacific nuclear bomb testing area aboard the "Golden Rule" and into a Honolulu jail earlier this year, is scheduled to tell his side of the story at a public meeting this Sunday evening, Sept. 28 in Levittown Hall, Hicksville, at 8:30 P.M., to which candidates for U.S. Congress have been invited.

FESTIVAL

(continued from page one)

swinging contest at about 4:30, baton twirling competition at 5 P.M. Also on Friday is the mother's pancake race. The schedule also includes dancing on Friday night and a gala outdoor concert at the Mid Island Plaza, adjacent to L.I. National Bank, on Thursday night.

The committee suffered a minor setback this week but it will not hamper plans for the Festival. The new parking field on Nicholas St. at the west of the Legion Hall will not be ready on the opening day of the show. The contractor has run into problems with steel backyard coops which are within the parking field area.

HI-FI REVIEW

The heartbeat of every music system is, of course, its amplifier and pre-amplifier. There are literally hundreds of these components that have flooded the market in the past decade. The two to be reviewed here are the McIntosh C-8 Audio Compensator and the McIntosh MC-60 Power Amplifier. The writer sincerely believes that the music lover who desires the finest in reproduced musical sound will find these instruments indispensable.

Virtually every feature necessary in the truly fine pre-amplifier has been incorporated into the C-8. The five inputs at the rear of the instrument, each with level control, enable you to hook up a record player, tape recorder, tuner and microphone at the same time and make use of any of them when desired. There are three 110 volt

AC outlets that let you control the player, amplifier, tuner and compensator with one on-off switch. A tape output is also included. Regardless of the cartridge in your player arm, this instrument will give it maximum efficiency.

In an exhaustive test, the writer has found the C-8 to be truly a flexible unit. A record compensator control, with five switches for low-frequency turn-over and five more for high-frequency rolloff becomes a boon to the listener who wants the finest possible sound reproduction. A handy chart included with the unit faithfully gives correct dial placements to the user. Other dials on the panel include an aural compensator, used in conjunction with the volume control, a rumble filter which will perfectly control your record player should there otherwise be some audible rumble and

bass and treble tone controls which will assure the listener of superb sound according to his own taste. The hum level of the instrument, while not quite as low on phono as it is on tuner, tape and microphone outlets, is almost inaudible under normal listening circumstances.

The MC-60 is, as has been stated, the only power amplifier which will produce 60 watts of power at less than 0.5% distortion from 20 to 20,000 cycles per second. This simply means that a virtual non-existence of distortion is noticeably present. You will easily find upon using this component that the purity of tone which results is breathtakingly realistic. Some of the specifications are as follows: Frequency Range: 20 - 30,000 cycles plus or minus .1 decibel at 60 watts output; Noise and hum level: 90 decibels or more below rated output; Tube complement - Rectifier: 2-5U4GA; Pre Amp: 12AX7; Phase Inverter: 12AU7; Voltage Amp: 12BH7; Driver: 12AX7; Output: 2-6550; Size: 14" x 10" x 8" high chassis; Weight: 46 lbs.; Finish: chrome and black. The power tubes mentioned are among the finest available and superbly complement the instrument. Power supply is 117/125 volts, 50/60 cycles and power consumption is 280 watts at 60 watts output. 155 watts at zero signal.

The MC-60 has been around now for about ten years. Other amplifiers have come and gone, new ones are being introduced almost every day, yet this war horse remains head and shoulders over all of them. There are many exclusives incorporated into the machine. One is the "unity-coupled" output circuit which is valuable in that it is responsible for greater tube life, a subtraction of distortion and lower electricity bills for you thru its unique operation.

The high-fidelity home music system, one the owner can be proud of, will contain the MC-60 and its brother the C-8. Audition these instruments for yourself and see if they don't meet every claim this reviewer has tossed up at them.

Houses cost real dough, Pop...
How could we buy ours?

Easy, Pete... Our savings bank
handled the whole deal

Pop gets a real kick out of being his own landlord.

He and Pete's mother saved up enough in their mutual savings bank for the down payment.

Then the bank did the rest.

Now Pop, Pete and Mom have their own home, like the 4 1/4 million other

New York State people who live in homes financed by some one of the 128 mutual savings banks in the state.

Savings banks make more homes possible for more people in our state than all the other sorts of banks and lending organizations combined—just one of many savings bank services.

Two False Calls For Firemen

The Hicksville Fire Dept. answered four calls during the week of Sept. 17 thru 23.

On Sept. 19, they received a first aid call to administer oxygen to Mary Henry of 17 Mineola Ave. The following day they put out an oil burner fire at the home of C. Callahan, 37 Boulder La.

A leaking refrigerator at the new Hicksville Jewish Center, Maglis Dr. and Jerusalem Ave., called them out on Sept. 21, the final call for the week was a brush fire at Davis & Moeller Sts., late Tuesday afternoon, Sept. 23.

TWO FALSE ALARMS

There were two false alarms among the five fire calls and two ambulance calls answered by the Hicksville Fire Dept. during the week of Sept. 10 thru 16.

An accidental alarm occurred on Sept. 11 at Broadway and Marvin Ave., when Box 217 was hit by a truck, causing the signal to be flashed. Later the same day, a

false alarm occurred from Box 156 on April La. A rubbish fire at Levittown Pkwy. and Hempstead Ave. also occurred that day.

On Sept. 12, the ambulance was called to the office of Joseph Polansky, 15 Herzog Pl., to take Attorney George Rappaport to the hospital. He was pronounced dead on arrival.

Deborah Lenard, 10 months old, of 352 Bleeker St., Brooklyn, who was visiting at 92 Bruce Ave., was taken by Fire Dept. ambulance to Meadowbrook Hospital, E. Meadow, with a possible heart attack, on Sept. 14. The same day the vamps extinguished a rubbish fire at Miller Rd. and Fulton Ave.

On Sept. 15, a snow fence around the construction at Broadway and Barclay St. was set afire accidentally by one of the warning flares near it, and the fire was put out by the vamps.

cooperate when called upon to assist with the various committees. He announced that Kindergarten classes in the St. Ignatius Loyola school will be eliminated next year to make room for one Seventh and one Eighth Grade class. This new group will be chosen from the students of the Saint Ignatius Confraternity program. It was proposed that the Mothers' Auxiliary assist in raising the funds necessary to convert the Kindergarten classroom. The Mothers' Auxiliary voted overwhelm- ingly to support this project and will contribute all funds raised during the coming year after the fixed expenses of the Auxiliary have been disbursed.

Mrs. Thomas Bergin has been named Chairman of the gigantic Cake Sale which will take place on Oct. 26. All of the Auxiliary Mothers will be expected to assist Mrs. Bergin in making this the most outstanding cake sale in the history of the Auxiliary.

Grateful appreciation was expressed to Mrs. William Patchell, Mrs. Joseph Jablonsky, Mrs. James McGeever, and Mrs. George Thomas as for their work in conjunction with the past St. Ignatius bazaar.

A Committee with Mrs. Philip Cavallo as Chairman was formed to investigate details of a possible retreat for members of the Auxiliary.

Becomes Engaged

Mr. and Mrs. Hector W. Hague of Logan Rd. Wantagh announce the engagement of their daughter Phyllis to Martin Siderius, son of Albert Siderius of August Lane, Hicksville.

The couple plan a December wedding. Miss Hague is a graduate of Levittown High School. Mr. Siderius studied at Mineola High School and Columbia University.

Poor Showing At Bridgehampton

By MARC FINKELSTEIN

BRIDGEHAMPTON, Sept. 13, 14 - An extremely poor showing of entrants for the final weekend of sports car racing here concluded this season. The current national champion in class "C", Walt Hansgen, took two firsts and a third driving his D-Jaguar.

In the first race of the day, a ten lapper, all classes, Phil Forno drove his Porsche 550 RS to victory over Hansgen. The reason for this was the pit stop of Hansgen for a tire. George Arenas, of Southampton, was second in his Ferrari Monza.

Frank Dominant from Valley Stream won the Production Class in a Corvair. Second was Bob Grossman in a Jaguar XK1500. Frank

The caption was: "The track, used as a siding, was built right around the telephone pole by the LIRR. Examining the puzzling setup is Larry Mulvehill of Wantagh."

Hope to Hear Donald Abt

Donald F. Abt, Assistant Superintendent of Hicksville Schools, will explain the so-called "triple-track system" of the new Hicksville curriculum at a meeting of the Hicksville Organization for Public Education on Monday night, Oct. 6. The meeting will be held in the public library auditorium on Jerusalem Ave. at Second St.

A spokesman for the organization said the new curriculum, is "known more commonly as homogeneous grouping with three tracks one for the slow learner, one for the average learner and one for the academically talented learner."

The public is invited to attend the meeting.

ITS FOOTBALL TIME

"We are going to have the best offensive attack we have ever had", says Hicksville High coach Howard Bowers, "But we are down to just 18 football players and should we lose a key man real trouble will develop."

This first hand appraisal by the astute Comet football mentor contains both hope and a warning for the 1958 pigskin campaign.

It gets underway this Saturday at 2:00 p.m. in the unmatched setting of the Bethpage State Park Bowl. There the Comets will launch their NSAA Section One Conference race against traditional foe Farmingdale.

Bowers is thin on reserves but he has an almost veteran line returning. The fortunes of the Orange and Black rest with Bill Fink, Mickey Anglim, Larry Boffin, Gene Vetter and Fitz Pawlitchek. They are the returning lettermen and combined with Steve Paschal and Ivaris Bemberis comprise the starting forward fall for Saturday.

The vets mentioned were right in the line of fire last year as Hicksville swept to victory in the last five games.

Only other varsity holdover is Joe Naso. He embarks on his third season at quarterback and commands full confidence as the field general for the split T.

From there on Bowers has had to fill the team from a patchwork of newcomers. Although he is concerned for the lack of experience he doesn't underestimate his boys.

On the strength of his power and adrive in a rugged training period sophomore Bob Cerone rates very well. Bill Schrimpe has also shown ability in carrying the pigskin and he will be in the end zone more than once this season.

Others in the backfield are John Pizarilla, Fran De. Cabla and Harri Jalavaari.

This group is expected to grind out more than the record 2,000 yards the Bowers club of 1957 recorded. And aware that his opponents have been drawing in to stop his consistent running attack, Bowers has installed some exciting new wrinkles in his offensive to keep the defensive team honest.

On the whole Bowers has welded a starting eleven with considerable potential despite the power laden schedule confronting it.

The line is certainly not going to be pushed around but it must work hard to compensate for the secondary defense which will not be expert. James McKinstery has been coming to the forefront of late in a defensive halfback position and may ease some pressure there.

Hicksville has never lost in the Bowl but the Dalers will only be sharper because of it. The Green and White dropped Hicksville, 12-6, in the season opener last year and the Comets lost a share of the championship pie because of it.

It should be an equally strong and sound game this season. We have caught a dozen or so Hicksville practices and on the view that small as it may be this group regards itself as a good football club we pick: Hicksville 24, Farmingdale 18.

Hicksville High will greet the new gridiron season with spanking new football uniforms Saturday. The treatment of the Orange and Black is in fine style but we won't describe in detail — get yourself and your friends out and support your local high school!

OH! WE WILL CHEER, CHEER, CHEER

The cheerleading competition is over at Hicksville High and girls who have won the right to the Orange and Black sweaters have been announced.

They will make their debut Saturday, at Farmingdale, and will lead Comet supporters during the football and basketball seasons.

On the varsity squad are Phoebe Oliver, Joan Drutman, Mary Colasano, Mary D'Amato, Betty Anne Ceasar, Patricia Hanley, Kay Sarsfield, Bonnie Wilbur, Rosie Disora and Marion Brennan.

The young ladies chose to whip up excitement in support of the Junior Varsity teams are Jackie Winsor, Lynne Grupp, Suzanne Birosh, Doris Williamson, Katherine Graw, Patricia Martin, Ann Samary, Sue Vianagan, Pat Stenenchak and Judy Tisdale.

While going to and from games the girls will be under the direction of Miss Gloria Francke of the Physical Education Department or her alternate.
