Library to Show Old Chaplin Films; Friends Object as Trustees Vote 4-1

The proposed showing of a group of 30-year-old Charlie Chaplin films on an undisclosed date, possibly in December or January, at the Hicksville Public Library was approved by a four-to-one vote of the Library Trustees, Thursday night, in the face of written and oral opposition of the Friends of the Hicksville Library.

It is reported that at least one of the Parent-Teacher Assn. thru its executive committee has also registered opposition with the trustees to the proposed screening of the ancient Chaplin flickers.

Elery Bean, president of the Library Board, told the HERALD in response to questioning, the Board is scheduling a program of special events at the new library on Jerusalem Ave. including the following films: Nov. 13, "Erotica," Beethoven's life on film; Feb. 9, "Henry V," Olivier's great Shakespearean film; and Mar. 9, "Annapurna" a documentary in color of the conquest of the Himalayan peak in 1950.

Part of the film schedule would include a "Chaplin Festival" running 75 minutes (rental \$22.50). Bean said the exact showing dates could not be announced until the availability of the film was known. The "Chaplin Festival" would include four titles from 1916-17 entitled "The Cure," "Floorwalker," "The Fireman," and "The Pawnshop." Bean pointed out that the showing of these titles was recently scheduled by the Museum of Modern Art in New York City and that the Board of Trustees of the Library has an opinion from the Museum that these films are "art."

The opposition was voiced by the Friends of the Library and a spokesman said this week "It is astonishing to realize taxpayers' money is being spent on these 'flickers' made 30 years ago by a man who came to this country as an alien, left by request 40 years and millions of dollars later, still an alien. The fact that he is still reviling this country from afar seems not to detract the supporters of his alleged artistry."

"What's wrong with films of the same area, of such all-Americans as Harold Lloyd, Buster Keaton or Harry Langdon?"

The Board of Trustees were supported in their favorable vote on renting the Chaplin films from Brandon Films Inc. of 200 W. 57th St., New York, by several persons in the audience at the trustee meeting. (Continued on page two)

History Reports

THE WORLD ALMANAC in its chronology for 1953 (edition of 1954) reports as follows:

"April 10. Film comedian Charles Chaplin, British subject, surrendered his permit to re-enter the U. S. to State Dept. officials in Geneva, Switzerland. Justice Dept. had planned to challenge his eligibility for readmission on alleged subversive leanings."

TUESDAY IS ELECTION DAY

Sullivan Is Confident If GOP Voters Turn Out

"There is no question in my mind as to the outcome of the election next Tuesday, provided every enrolled voter exercises his and her clear-cut duty," it was asserted today by Michael J. Sullivan of Hicksville, chairman and leader of the Oyster Bay Town Republican Committee.

"We expect every enrolled voter and party member to join in the greatest effort to turn out the 'invisible government' of Tammany in our great state. Never before has the naked bid of Big City ward politics to take over our State, County and local government been so sharply defined and demonstrated to the voters as it has been this election year."

"Republican Government is good government - as has been amply and fully demonstrated over the years in our township and our county. Homeownership brings with it an awareness of tax rates, balanced budget and sound affairs. Thousands have moved into the suburbs to get away from the evils, crime and high taxes of the Big City. You are rightfully proud of your home and your community. Only in Nassau can you have the kind of self-government you dreamed of having but despaired of attaining in Tammany-controlled cities."

"The Republicans are proud to

present to the voters a sincere candidate for Governor of our great state, Nelson Rockefeller; a program backed by performance and a party that has maintained its political integrity. Against this our opponents present a political opportunist who will make any kind of a political deal to further his own personal ambitions, a program of talk and a party that has been sold out to a splinter group.

"In the Nassau County campaign, as well as the State campaign, the Republicans present a record of achievement," Sullivan pointed out.

"The Democrats present loose talk. The Republican party framed, enacted and perfected the County Charter form of government and put in office the staff which has carried on that government for the past generation. It is a government which has won the plaudits of serious students of government throughout the nation, not only for its technical form but for its accomplishments in action."

"The county issue boils down to whether or not the people want experienced, qualified men to continue to supply the efficient, sympathetic government that we have enjoyed in Nassau or whether they would rather turn the whole government over to an assorted group of publicity seekers and novices. The answer, we believe, is obvious to any thoughtful voter. For that reason we are confident as to the outcome of the election this Nov. 4," Sullivan concluded.

C. Bruce Pearall of Massapequa, chairman of the Oyster Bay Town Republican campaign committee, today reminded all voters that the polls close on Election Day at 7 P.M. While there are 13 hours

593,000 on Books

Nassau County's 539,000 registration on the books for the Nov. 4 election is a higher percentage of the eligible vote than any other county in the state. Of the nearly 400,000 expected to cast a ballot, the GOP is anticipating at least 100,000 plurality for Rockefeller.

Hicksville Petition :

State to Act On College Plan Nov 13

The application of Hicksville Board of Education to the Board of Trustees of the State University of NY to authorize establishment of a community college in Hicksville will be considered by the State Trustee's committee on Community Colleges on Thursday, Nov. 13, it was learned today. The Hicksville Board when it meets tomorrow (Fri) night will also hear that State Education Commissioner James Allen has commended the District for its decision to move ahead on a community college.

The Valley Stream School Board at a regular meeting went on record, recently, congratulating the Hicksville Board for its efforts to establish a community college and wishing it success.

Dr. Wallace E. Lamb, superintendent of schools, has already received seven applications for teaching positions in the new college, if and when it is established, since the School Board acted two weeks ago.

LAMB TO SPEAK

Dr. Lamb has been invited to address an open meeting sponsored by the Hicksville Citizens for Better Government in School Affairs on Thursday, Nov. 13, at the High School on the subject of a "Community College in Hicksville."

Jean Swanson, president of the Citizens for Better Gov., said that all interested residents are invited to attend this meeting and get first-hand answers to questions they may have regarding the project.

Meanwhile, County Executive A. Holly Patterson announced on Monday of this week that he had received the report of the Temporary Commission on Collegiate Education and that he would ask the Board of Supervisors immediately to proceed to establish a Community College in the county.

The report recommends county officials... "purchase land, set up a Community College building plan, curriculum and general procedure that will be approved by State authorities and then proceed to construct the initial buildings, em-

TO REACTIVATE LOCAL CD

Alex Laubach, acting community director of Civil Defense for Hicksville-Jericho, has called a meeting of CD staff members and other interested volunteers for Thursday night, Nov. 6 at 8 PM at CD headquarters in Hicksville Firehouse on E. Marie St. with the purpose of "reactivating the Unit."

play adequate faculty and place the college in service..." A starting student body of possibly 500 is foreseen. Projected costs on the county plan are set at \$4,500 per student, plus land costs.

The Hicksville School Board acted on a recommendation of Dr. Lamb which indicated a million dollar building project. Following approval of the State University Board of Trustees, the Hicksville District proposal for construction and financing would have to go to a local district vote.

The County plan, outlined this week, estimates an initial capital investment of 500 students at \$4,250,000. Nassau and the State would share equally in this and all construction and capital outlay.

In the case of the Hicksville-district-sponsored college, the State would also share the costs of construction and capital outlay.

There is no connection between the Hicksville School District action to date and the County Commission's report to the County Executive.

A committee of the Hicksville Board on potential sites has been designated but is not expected to be ready to report at this early date.

Three Fire Calls

There were three calls for the Hicksville Fire Dept. during the week of Oct. 22 thru 28.

On Oct. 25, they were called to extinguish a fire at the rear of 110 B'way, caused by a kerosene stove; damage was minor. The same day they were called to 39 Harding Ave. to give first aid to a baby, but upon arrival found it unnecessary. Then on Oct. 27, they went to 37 Bay Ave. to put out an oven grease fire.

WET DEDICATION of Jericho's new firehouse took place on Saturday with ceremonies forced indoors by the downpour. Left to right are County Clerk Ernest F. Francke, Jericho Fire Chief Ralph Fielitz receiving congratulations from Hicksville

Chief B. Medard Ofenloch, County Fire Marshall Peter Lynch, Fire Commission Chairman Harold E. Smith and Town Supervisor John J. Burns. See story in Village section of this issue. (Herald photo by Frank How-Wet-1-Am Mallett)

ing last Thursday evening. Representing the Friends of the Library and opposing the action were Mrs. Emil Szendy, president of the Friends; Mrs. Joseph Bean, ex-President and Mrs. Arthur Swanson.

The HERALD checked with a spokesman for the local American Legion Post who said the National Legion at its convention of about 1953 went on record against the showing of Chaplin's last film, "Limelight."

Bean told the HERALD that he had been assured that no royalties would accrue to Chaplin on the showing of the 1916-17 films rented from Brandon Films.

It was added that the film program is primarily intended for adults although there are no restrictions on accompanying children.

Leon Galloway, principal of the High School and a Library Trustee, voted no on the film rental. Voting for the motion were Bean, Mrs. Joseph Limer, Mrs. Robert Goodrich and John E. Hansen.

CURRENT COMMENT:
Now It's Up to You

By FRED J. NOETH

STATE WIDE, the prospects for the election of Nelson Rockefeller as the next Governor of New York State never looked better than they look this week. Since more people exercise their vote in gubernatorial (and presidential) elections, the outcome of the state contest cannot help but have a marked effect on the local situation.

The Democratic effort this year started early and then, about the time of the Democratic victory in Maine, it seemed to slack off considerably. It may have been growing confidence or the pollster the moon phrases.

We might add a footnote to last week's comment regarding Mrs. Burstein. The paper was hardly a few hours old when our office was called by the Bea Burstein Headquarters with an apology for "my misinterpretation of the letter from Bea's husband." Actually, the lady said, they just wanted to ask us not to print the LI Press headline and statement "if contained in any political ad". And as further evidence of their sweetness of thought about us, an advertisement for Bea Burstein was on the way to us.

All of which is very nice but also painfully indicative of the kind of people who surround the candidate for Judge of the Children's Court, Threatening the local editor with a libel suit even before he can make up his mind is not a pleasant way to woo friends and influence voters. We echo the sentiments of the LI Press editorial of Tuesday of this week. We're for Leslie Ekenberg for Judge of the Children's Court. Mrs. B, we suggest, might better be home minding her six children.

Edwin Fehrenbach, we feel confident, will be re-elected as Assemblyman. His efforts during a short, one-year stint in Albany were most productive. His legislative team mate, William Hulst in the State Senate, is a valuable friend of our community and an influential member of the Legislature. We need him to help us get that Grade Crossing Elimination Program carried to an early and successful conclusion.

In case there is any doubt as to our position, let us repeat: Vote Republican on Election Day, all the way across the 22 positions on the machine. We know what we have and what we have is good. Top it off with a Republican governor and we'll have the best.

AN EDITORIAL

Ken Keating for US Senate

Tammany Boss DeSapio and the Democrats are out to destroy the tradition that one of our state's U. S. Senators be from upstate and one from New York City.

Senator Jacob K. Javits, Republican, who was elected in 1956, is from New York City.

Senator Irving M. Ives, who is retiring this year, is from upstate Norwich.

To replace Senator Ives, the Republicans have nominated Congressman Kenneth B. Keating of Rochester, a native-born upstate. The Democrats have nominated District Attorney Frank S. Hogan of New York City. If Hogan were elected, both U. S. Senators would be from New York City and upstate's traditionally long representation would be eliminated.

For the past 20 years, New York has had one U. S. Senator from upstate and one from New York City.

Even when both senators were Democrats, upstate and New York City shared the seats. From 1938 through 1946, Senator Wagner of New York City and Senator Mead of Buffalo represented New York.

In 1946, Senator Ives of Norwich replaced Senator Mead of Buffalo, and in 1949, Senator Lehman of New York City succeeded Senator Wagner. In 1956, Senator Javits of New York City succeeded Senator Lehman.

The election of Ken Keating of Rochester to the U.S. Senate is essential if the traditional balanced representation for upstate and New York City is to be preserved.

CHARLES WAGNER, Post 421, Hicksville, N.Y.
By ARTIE RUTZ

We had our annual Halloween Costume Dance last Saturday night and what a success!!!...The costumes were really something special this year as evidenced by the ingenuity of most of them...First prize went to EILEEN COOPER of the Sea Cliff Post with a perfect Gibson Girl costume...2nd prize went to FRANKENSTEIN (FRANK O'CONNELL) with a setup that was so very, very real and startling, it must have been a difficult choice for the committee to make...He was complete with bandaged head, huge shoulders, stilted shoes and a straight face...The 3rd prize went to FORY O'CONNELL who was unrecognizable as the ghoulish BRIDE OF DRACULA...Brr, brr...The Roman toga outfits of BARNEY UEBEL and his missus were great and they were the handwork of the missus...The pirates were out in great force; in fact, there probably was enough for a complete crew...Then there were Apache dancers, clowns, Robin Hood, male and female impersonators, farmers, Little Lord Fauntleroy, dance hall girls, doctors, nurses, Jackie Gleason, a sailor, etc...And on and on...Never before so many nice costumes with every-

one in the proper spirit and dress...Of course Tony Bell's music made the evening just grand...In fact, no one wanted to go home...The radio was won by BILL EGGERMANN...Even mixed business with pleasure by signing up a new member at my table and enjoyed his comment when we were eating when he said, "Gee, this is good potato salad." Told him, everyone enjoys RUDY BOUSE'S potato salad...Gene Clarke won the door prize...Sorry to hear that GUY SMITH'S ROSIE is hospitalized...Get well quickly, ROSE...Technical operational problems have forced a postponement of the musical "Around the world in 80 days" which was due to show 2 performances on the evenings of Nov. 6 & 7 at the High School... There'll be a new date soon and we'll let you know... Don't forget we are all going to KINGS PARK this Sunday morning at 11 A.M. from the clubhouse... Give a hand.

This is the time of year that everyone should get out and vote for the candidates of their choice. Not only vote, but everyone fortunate enough to be citizens of this great country. This is the time of year when our freedom shrinks, so let's all get out and exercise our right.

A very good suggestion was brought out by Bob Obemeyer, this year, instead of having our annual Christmas party for the children of our comrades, be thought it might be nicer to have one for orphans. Most of our children have a bright holiday without this little extra, but then others will find a little sunshine in the occasion. This should be a very pleasant deed for us, and the shining eyes of these kiddies should be a great reward for us. Sounds like a great idea, Jim Rock has been delegated to make the arrangements. While our own may be left out this year, we doubt that they will miss it. Hope that Jim brings back a good report.

A little incident occurred a short time ago though you might like to hear. A Vet of the Spanish-American War who is a member of a Queens Post, although he lived in Westing, passed away. Because of the distance his commander feared

that he wouldn't get many comrades to attend the ceremony, so he got in touch with Les Heble, our own commander, asking if he could get a group of us to go to make a respectable group. We agreed, and were pleased that they did get a good turnout. This appeared a little different, so it was brought up.

The Sportlight

by HOWARD FINNEGAN

It is the Rutgers Cup that is symbolic of Long Island scholastic football excellence for a given year, according to the respected appraisal of the coaching hard of selection.

Only once in its 32-year-history has Hicksville actually been considered a top nominee for the early December balloting.

That was in 1936 when Dick Rennie, Harold Mayer and Pete Dahmayr took a gleaming 6-0 record into Lawrence's Horn Memorial Stadium for the final game of the year.

A 14-0 defeat in the Orange's first night contest forced the selection committee to turn elsewhere.

The splendid Hicksville teams in the forties were recipients of token votes but the weight of the schedule was not impressive enough to generate strong consideration for the prestige cup.

Freeport soars into Hicksville this Saturday -- Kickoff 2:00 p.m. sharp -- undefeated in three years and fresh from a 6-0 verdict over powerful Hempstead.

A winner nine times in its last ten outings, Hicksville doesn't match the Red Devils glittering 18-game streak but 5,000 are expected at the high school to watch what will be a comparison of the best of North Shore football against the best of South Shore.

And long across the gridiron for Hicksville Alumni's first Homecoming Day Game will be the unmistakable tall shadow of the Rutgers Cup. A Freeport victory would rest the issue decisively. Should Hicksville win the contenders could complete their season with these records; Hicksville 7-1, Freeport 7-1, and Garden City 7-0.

In that event and despite an early season 14-12 loss to Garden City, Hicksville would lay heavy claim to the Nassau honors. The big factor being consideration that the Comets went outside their regular league schedule to engage a top flight opponent.

While most schools in Nassau are running in dread fear from the Freeport machine, Hicksville has commanded attention for its desire for a major schedule.

The attraction and the possible prize are even greater than the contenders of Homecoming Day hoped for back last spring.

As for the contest itself, the facts are hard. Freeport has the horses, cash and experience.

Coch Howard Bowers is very thin on reserves but has gotten a great record with his veteran line and youthful backfield.

By all fair reasoning however his club will assuredly enter the contest solid 14 point underdog.

There is a quiet confidence in the Hicksville camp that this one can't win if the plans are carried to the letter. A break will be needed -- vital fumble recover or a timely pass interception -- and it will have to be worked for.

We are going to set aside reason and go for that magical excitement of football --- the Upset!

The HERALD was right there Staurday as Hicksville stayed hot on the heels of Garden City in the Section I NSAL race by submerging Glen Cove, 14-6, in the pouring rain and mud.

Bob Caron maintained his six yard per try average despite the going and he bucked over for the two Hicksville scores. Larry Slofkin played a bang up game that was as tough as it was wet.

A dispatch from Chet Jaworski, Hicksville Athletic Director, indicates that he has signed with Sewanhaka of Floral Park to fill two places on the schedule short basketball campaign for the O&B. The dates are December 5th and 12th.

The Hicksville Junior Varsity improvised a field goal in the fading minutes, Monday, at Glen Cove, but the soggy ball sailed six inches under the crossbar. A satisfactory deadlock, 0-0, had to be settled for after that.

The high style of the six-part Homecoming Day ticket has been received with appreciation by many persons. It was the creation of Arthur Setto, long time friend and alumni of Hicksville, and executed by his staff in the publications department of Theiss Inc., Garden City. The Committee is grateful for the personal and professional hours spent in producing the ticket.

To be successful an undertaking such as been planned for Saturday needs all the cooperation and help it can get. It is not always as first line contribution as Mr. Segretto's.

Favorites Tie In CYO League

By Bill Sakal

The Red Sox and the Braves who battled each other almost constantly last season for top position in the Holy Family Section of the O & B Bowling League, are at it again in this year with both tied for first place with a 21 win and 11 loss standing. The Orioles have so far this year shown a marked improvement over last season, and as of Oct. 24, was breathing down the neck of the leaders only a half game behind. While it is still too early to make any prediction, the next 2 games separate the first 5 teams, and it could well develop into a mad scramble.

Top honors last week at Woodbury Lanes went to A. Reinheimer with a 628 series and games of 17 - 209 - and 202. Other top scores went to J. Zambo, 564 (212-202), J. Keating 212, G. Maggi 212, N. McCormack 202, F. Brophy 201, W. Jones 200, and B. Sakal 200.

Member of N. Y. State Correction Commission

Newsday Editorial Oct. 4, 1958

"Our children's court shouldn't be staffed by judges who assume this is the best of all possible worlds and refuse to face up to reality. We think Mrs. Burstein has some smart ideas for reducing this teen problem to size... As she says the gang problem will not disappear by refusing to acknowledge it... The crisis is here and now..."

L. I. Kernal - Editorial

"The flip-flop of the Bar Ass'n. looks very suspicious. We support Beatrice Burstein because we want a judge in children's court who will crack down on the minority of hardened juvenile repeaters... her opponents say there is no delinquency while we are posting reward for capture of juveniles destroying property... (and our thanks to many other local Long Island papers who are editorially supporting Beatrice Burstein.)"

James D. C. Murray, Esq., America's Most Famous Trial Lawyer
"It is my opinion that the voters of Nassau County are fortunate to have a candidate of Mrs. Burstein's stature for the Children's Court. I know of no member of the Bar better qualified to serve in that court."

Nathaniel Taylor, Past President Nassau County Bar Ass'n.
"She is a distinguished member of the Bar. She has dealt with the problems of young people in her present post as N. Y. State Correction Commissioner. I think she would make a fine judge."

Nina Miglianico, Pres. of the National Association of Women Lawyers
"Bea Burstein is one of the most qualified women who could ever take the bench. Her judicial temperament, her depth of understanding and her crusading social consciousness will make her an outstanding jurist."

Plainview Democrats Say.. New York Needs Harriman

by GUY SUSHI
Plainview Dem. Zone Chairman

A brilliant career on the world stage as Ambassador to Great Britain, Secretary of Commerce and Mutual Security Administrator was behind Governor Averell Harriman when he entered the wings of the state capitol in Albany in 1954 to play the lead part in restoring the state's economic health.

Mr. Harriman attended Groton School and graduated from Yale University in 1913. He joined the Union Pacific Railroad and served as Vice President in charge of purchases and supplies, 1915-1917. He became a director and chairman of the Board of the Union Pacific from 1932 to 1946. In that year he resigned his principal business connections, setting an example of integrity that has remained spotless. He lives at Sands Point, Nassau County, with his wife, Marie, and has two daughters and six grandchildren.

To the job of Governor he brought extensive experience in finance and planning accumulated through his years of railroading and service during the war in the OPM and Lend Lease.

In his four years in office, Mr. Harriman has more than justified the confidence placed in him by the people of New York State. He has served businessman, laborer, homeowners and city tenant alike with fidelity and honor.

What are his accomplishments? State aid for education increased 77.6 per cent over 1954. Not a single new tax was enacted under his administration, while the last four budgets before Mr. Harriman contained permanent increases in seven taxes. In his first two years he increased the state's reserve funds by \$90 million and he reduced the state's debt by \$25 million in the past three years. He stimulated a \$2 billion highway program that minimized the recession for Nassau County. He set up a Business Development Corp. that channels private financial aid to Small Business. A vast economic expansion was started through de-

The proceedings were well attended with at least ten past presidents and Post Commander Al Barlow in the audience. She in turn was presented with a beautiful ring by Commander Barlow in the behalf of the auxiliary and junior Past Commander Guy Smith.

development of the St. Lawrence and Niagara power and St. Lawrence Seaway.

There is much more: a far-reaching program of consumer protection was passed that eliminates many abuses of installment financing. An Office of Consumer Counsel was created. Unemployment compensation and Workmen's Compensation increases were pushed through the legislature. In the field of health, air pollution and narcotic addiction were attacked on a broad field. A many sided program for the aged has been set up, including anti-discrimination in employment, increases in housing, recreation, education and health benefits. Liability insurance protecting against uninsured drivers was made compulsory.

These solid accomplishments cannot be replaced by all the well meaning press-agentry in the world. These facts are submitted for your consideration on November 4.

Christian Mothers Hear Rev Minogue

The 82nd meeting of the St. Ignatius Loyola Auxiliary of Christian Mothers, was held Monday evening, Oct. 27 in the St. Ignatius School auditorium on E. Nicholas St., Hicksville. In a colorful candlelight ceremony, all members present were received into the Archconfraternity of Christian Mothers.

The Principal, Sr. M. Rose Dominic, O.P., announced a new syllabus was being used in the study of Christian Doctrine and students should simply follow the instructions of their teacher. She also mentioned students will not be permitted outside dental appointments during school hours.

The following Class Mothers have been appointed for the school year: Grade 8A-1 Mrs. Mary Odom and Mrs. Catherine Reimers; 8A-2 Mrs. Florence Bodalato and Mrs. Josephine Bosch; 7A-1 Mrs. Isabelle Thomas and Mrs. Helen Curtis; 7A-2 Mrs. Marguerite Bendish and Mrs. Mary Murphy; 6A-1 Mrs. Beatrice Mantalban and Mrs. Catherine White; 6A-2 Mrs. Theresa Grimmer and Mrs. Libby Lang; 5A-1 Mrs. Leona Befgin and Mrs. Julia Kent; 5A-2 Mrs. Angela Antonucci and Mrs. Alice Reilly; 4A-1 Mrs. Norma Loyer and Mrs. Ellen Shool; 4A-2 Mrs. Dorothy McNeely and Mrs. Viola Spielman; 3A-1 Mrs. Veronica Evernham and Mrs. Theresa Nader; 3A-2 Mrs. Marie Bella and Mrs. Marie Bowler; 2A-1 Mrs. Grace Dodge and Mrs. Rita Moore; 2A-2 Mrs. Anna Binona and Mrs. Elizabeth Smith; 1A-1 Mrs. Agnes Kelly and Mrs. Rose Wench; 1A-2 Mrs. Helen Ryan and Mrs. Emilie Sullivan; Kindergarten, a.m. Mrs. Jacqueline Hattenback and Mrs. Dorothy Pignataro; Kindergarten p.m. Mrs. Helen Finnerty and Mrs. Rosemarie Heitshusen.

Mrs. Thomas Bergin received a standing ovation from the membership for her extraordinary efforts in connection with the recent, highly successful cake sale. The Mothers' Auxiliary is now well launched on its campaign to raise funds necessary for the completion of two additional classrooms for the school.

The Moderator, Father John Wissler, announced the formation of a Discussion Club which will be conducted by Father John Healey in the auditorium of the school every Wednesday at 8:30 p.m. All those interested in intelligent, lively discussions concerning our Faith, are invited to attend.

Mrs. William Minehan was the winner of the dark horse prize. Mrs. George Daur was the winner of the bicycle awarded at the cake sale. Mrs. Molinari was the winner of the fruit cake consolation prize. Mrs. William Schiffmacher will be the additional delegate to the

National Council of Catholic Women. After the intermission, Mrs. George Daur, Program Chairman, presented Father Gerard Minogue of St. Bernard's Church in Levittown who delivered a compelling discourse on the topic of "Charity". Father Minogue quoted at length from St. Paul's Epistle to the Corinthians, 13th chapter, which in essence propounds the doctrine that if "we lack charity, we count for nothing."

"Charity is the theological virtue" Father Minogue said "by which we place God above everything in the universe". Some of Father's other thoughts were: "Even though a priest does not have a family to worry about, he cannot expect to save his own soul, unless he does everything he can to save our souls. If material things come between God and us, we are not good Christians. If love of God is not the dominant thing in our lives, we have missed the point."

Father also said "in our Parish, every person is a brother to the other in Christ and there must be between every member of the Parish, the same love that exists between the most closely knit family we know." In conclusion, Father Minogue referred to the 12th chapter 28th verse of St. Mark and reminded us to "love God with thy whole heart and thy neighbor as thyself."

for voting, he urged all voters to get to the polls early in the day. "Rarely have the voters of our Township and County been provided with such a clean-cut responsibility and opportunity as the one which awaits them on Nov. 4," Pearsall stated. "The Tammy tiger has taken over the state administration as was so shamefully demonstrated at Albany in August. Mr. Harriman was publicly humiliated by DeSapio. The docile Mr. Harriman has now completely and utterly surrendered the State of New York to Tammany ward club politics. The Tammany tiger is lurking off stage, ready to pounce and destroy good, sound efficient government. The voters will not permit it."

DISTRICT NEWS

Camp Registration night for Ar-

rowhead District was held Wednesday evening, Oct. 29, at Hicksville High School. Under the direction of Kenneth Hahn, Director of Camping for Nassau County Council, color slides taken last summer at the district camps - Onondaga, at Livingston Manor, and Wauwepex, at Wading River - were shown. Camp literature was distributed and registration for next summer's camping was opened. Most Troops and Explorer Posts from Arrowhead will go to Camp Wauwepex during the latter part of July.

High winds, heavy rains and cool temperatures forced cancellation of the District Cub-Day Field Day scheduled for Sunday, Oct. 26, at Salisbury Park. It is hoped to reschedule this event next spring.

Several Packs and Troops from the District took part in the closing ceremonies of the Theodore Roosevelt Centennial Celebration at Sagamore Hill in Oyster Bay.

Charles Waff, of 69 Vicar St., Plainville, District Advancement Chairman, represented Arrowhead District at the (Regional 2) Annual Meeting at the Hotel Astor in New York City. Region 2 consists of New York, New Jersey and Puerto Rico.

At the District Executive Committee meeting held last week, Scouters were told that 1800 additional boys will reach scout age in the District during the next 14 months. Based on existing percentages, this means between 600 and 700 boys will require accommodation in the program.

FALL CAMPOREE

The first annual Arrowhead District Father and Son Fall Camporee will be held this weekend, Nov. 1 and 2, at Camp Wauwepex, Wading River.

The official opening will be held at 1 P.M. Saturday. A Scoutcraft contest will follow with the following events: fire by friction (bow and spindle), a water boiling contest, a Patrol knot-tying competition, and a first-aid contest.

After dinner, a campfire will be held overlooking the lake at which Robert Hughes of 175 Scooter Lane, Assistant District Commissioner, will be Master of Ceremonies. Each of the 12 Troops attending the Camporee will put on a skit or song. The Camporee will officially close at 12:00 P.M. on Sunday.

Tom Bergin of Park Ave., Hicksville, District Camping and Activities Chairman will be in charge.

VISIT KINGS POINT

Pack 291 of Hicksville will take a trip on Saturday, Nov. 1 at 9:15 A.M. to the U.S. Merchant Marine Academy, Kings Point.

At the Academy the Cubs will view the Cadet Parade along with many other interesting sights, and at 1:30 P.M. see the football game between Kings Point and Upsala College.

Admission for the game is 50¢ for cubs and \$1.00 for parents. Bus transportation will leave from Trinity Lutheran Church, 40 W. Nicholas St., and a charge of 35¢ per person will be assessed. Cubs must be accompanied by a cub parent. Suggest box lunches be brought.

**Hults Reviews
State Service**

The regular meeting of Theodore Roosevelt Republican Club was held on Monday Oct. 13 at the American Legion Hall, Bethpage.

Guest speakers were State Senator William S. Hults and Michael J. Sullivan, Town leader of Oyster Bay. Mr. Sullivan gave a very informative talk on school bond issues. Senator Hults incumbent, seeking reelection Nov. 4, reported on the many committees he has served during his tenure in the State Legislature. Among these committees are the standing committees on agriculture, affairs of state, banks, civil service, conservation, finance, highways insurance, internal affairs, motor vehicle and pensions. During his 15 years in the Legislature as a representative of the third senatorial district Sen. Hults made many notable contributions for Nassau and the entire state.

Among these achievements have been bills that have strengthened retirement benefits and job securities of civil service employees. The improvement of agricultural production in the State. He introduced the bill for greater State Aid for hard pressed school districts. He was a pioneer for permanent personal registration in Nassau County. His bill to change the classification of suburban vehicles to passenger cars when used as such, created great interest by suburban car owners who feel they are unjustly being charged higher registration fees. This bill was passed by the 1957-58 legislature but, unfortunately was vetoed by Gov. Harriman. In conclusion he assured the membership if reelected in November, he will continue his fight for reclassification of suburban vehicles.

President Helen Ronde called upon Assemblyman Edwin Fehrenbach to swear in the new members Mr. and Mrs. G. Rindfuss. Membership applications were also accepted for the following new members David Burke, Arthur Kadin, Mrs. David Burke, John Gillin, Betty Gillin, Richard Silverstein, Justin Fallon, Margaret Fallon and Horace Liberman.

ASSEMBLYMAN Edwin J. Fehrenbach of Bethpage (at left) receives the support of Mac M. Singer, past president of the Regular Plainview Democratic Club and co-chairman of the Independent Democrats for Edwin Fehrenbach. The group headed by Betty Elberg as chairman declares "Although Mr. Fehrenbach is a Republican he is, in our considered opinion, an ideal representative in the New York State Legislature. His record in office and his sincere approach to the problems of every citizen of the 4th Assembly District, transcends party affiliations." Mr. Singer is active in civic, fraternal and community affairs in Plainview. He was first president and organizer of the Plainview Manor Civic Association, past deputy Grand Chancellor and organizer of the Knights of Pythias in Plainview, a member of B'nai B'rith, Independent Insurance Agents Assoc of Nassau and of the executive board of the Citizens Alliance for our Community in Plainview.

Students Form Civics Club

One hundred and twenty-eight students of Bethpage High School have, with the help of their faculty advisor, Mr. Daniel, formed a Civics Club. The purpose of the club is "to serve in the interests of the school, the community, and the individual member." Officers elected at the first meeting are Dale Cronroy, president, and Carmela Marrone, vice president.

Various committees have been formed including a service squad which will be placed at the disposal of "any teacher requesting help" in doing any type of work possible.

POLICE BOYS CLUB sponsoring committee of Hicksville held installation of officers Saturday night, Oct 18, at the Amvets Hall on E Marie St. Receiving their oath of office, reading from the left, are William Olitsky, master, at arms; Joseph Armua, boxing chairman; Joe Cubow, model planes chairman; George Moore, rifle club chairman; Jerry Zettler, treasurer; Bill Goldsmith, secretary; Edward Fitzgerald, vice president; and Thomas Colwell, president, with Walter Chmara, president of the Police Boys Clubs in Nassau, who conducted the installation. A social evening follows.

TURN BACK THE CLOCK

The Hicksville Kiwanis Club was organized in June 1937. First officers of the club were Leland A. Rider, president; Dr. Walter F. Stillger, first vice president; George E. Graf (then junior high school principal), second vice president; Leon J. Galloway, secretary; Harold J. Holder, treasurer. First Board of Directors included Dr. Charles J. Masek, J.J. Smith, Morris Rochman, Dr. George Loucks, Moe Spiro, Henry C. Brengel, Louis E. Wollenhaupt, Edward Schluter Jr. was sergeant at arms. The organizational meeting was held in the Hicksville Courthouse.

Reference work is one of the vital functions of a library and a department that has made great strides in the library under the direction of John Savage, our Assistant Director. The task, sometimes seemingly effortless, of finding material for all types of citizens - housewives, home owners, students, and professional men - demands a great deal of background and general knowledge of books and materials, a fine memory, and a keen imagination. The reference librarian's job does not stop at answering questions in person or by telephone. He must be constantly on the lookout for new material in the form of books, pamphlets and government documents, and out of the great profusion of these materials select those which on the basis of his experience will best fit in the collection; he must keep well informed on topics of current interest; he must handle all inter-library loan requests and recommend purchase of important books that he borrow repeatedly from other libraries; and he must have the kind of mind that can swing from a good recipe on blackberry wine to our relations with the Vichy Government in World War II, and locate or point to information on both topics. While every book in the library could be considered reference material, our collection strictly devoted to reference has increased in recent years from about 200 to over 700 volumes and our pamphlet and document collection is strong and expanding.

Children's Library - Many adult authors write books for children and it is not unusual for father and son or mother and daughter to share an author as their favorite. Surprisingly, to people not too well acquainted with children's books, it is the superior adult author who writes both. Among the outstanding adult authors with books in the children's room are: Samuel Hopkins Adams, Marchette Chute, Walter D. Edmonds, Esther Forbes, C. S. Lewis, and that incomparable pair from the New Yorker, James Thurber and E. B. White.

Hicksville Public Library on Jerome Ave. at Second St. announces from 10 AM to 9 PM and Saturday, from 10 AM to 5 PM. These hours that it will be open Monday to Friday are in effect until next June.

JET AGE SUPER-MUFFLER AT FARMINGDALE

DRAGON-LIKE "tail" hooked onto one of the Air Force's new supersonic jets, the F-105, is actually a giant "silencer." All set for full-power tests at Republic Aviation's Field in Farmingdale. The \$250,000 two-story muffler is claimed to reduce the roar of the 20,000-pound-thrust J-75 jet engine to a low-pitched moan as loud as road traffic noises. The front section of the muffler has two six-ton doors and a perforated metal liner backed by compressed glass fiber. The stacks are 38 feet high. The muffler, said to be 12 times as effective as earlier models built to handle the F-84 jets, permits normal conversation at no more than a dozen feet away.

Net Dedication for New Firehouse

by Irving Hershkowitz

The new Jericho Fire House was officially dedicated on Saturday, Oct. 25, amidst a torrential downpour of rain. Despite the inclement weather a fair sized crowd was on hand when festivities began - among them were: Peter Lynch, Nassau County Fire Marshal; John Burns, Town Supervisor; Ernest Francke, Nassau County Clerk; Dr. Lant, Superintendent of Jericho Schools; Representative of the Birchwood Civic Association, Ralph Diamond-Vice President.

Originally scheduled for outdoors, last minute improvisations were made to hold the ceremonies indoors. Harold Smith, Chairman of the Board of Fire Commissioners, provided the introduction for the proceedings. He pointed out that the fire District now has the finest and most modern equipment in the entire state and is prepared for any type of an emergency.

Board Acts On Cafeteria

At the last Syosset School Board meeting, Dr. Phillips was granted full authority to exercise his judgment in determining which children of the grade school were eligible to eat lunch in the school cafeteria. This authority was requested by Dr. Phillips because he felt that in certain schools, where the child does not have bus service, he could return home for lunch and thus relieve the teachers of an extra duty as lunchroom supervisors on their own lunch hour.

In an interview with Mrs. Dondoro, principal of the Robbins Lane School, she reassured us that the lunch program in her school is very successful and run with a minimum of confusion. We were very impressed by the fact that over 400 students are fed daily with splendid cooper-

Harry Tappan, whose ardor and dedication towards the Jericho Fire Dept. appears to remain undiminished, despite his 51 years of active participation with the department, appeared on the rostrum in the capacity of master of ceremonies. His glib wit, anecdotes and stave delivery, added a note of joviality to the occasion.

The Robert Seaman School Band, under the direction of Mr. Norton, was the surprise of the day. Their rendition of our National Anthem and Military Escort Song were very impressive. According to the consensus of opinion, our school band is well on its way to being rated with the best in the near future.

The Jericho VFW Post presented the fire dept. with a flag which Fire Chief Ralph Fietz acknowledged with thanks. Upon the conclusion of the ceremonies, sandwiches and soft drinks were prepared and served by the Ladies Auxiliary of the fire dept.

See Dooley Here on Nov 8

The first Children's Show of the Jackson School P.T.A. will be presented in the school auditorium on Saturday, Nov. 8. There will be two performances of "Dooley the Clown." This is a live show and the P.T.A. promises the children will enjoy themselves. The performances will be from 10:30 a.m. to 11:30 a.m. and from 1:30 p.m. to 2:30 p.m. Tickets for either performance are 50 cents. Anyone desiring to purchase tickets can contact any of the following:

White Birch Homes, Harriet Wal-jach, WE 8-2828; Birchwood Pk., Rhoda Herrick, WE 8-7751; Post Homes, Kay Korobow, ED 3-2678; Oakwood, Helen Btkin, WE 1-4420; Barbara Canner, ED 4-4804.
Attention between students and teachers. This is almost entirely attributed to the efficient management and supervision of Mrs. Dondoro.

Fire Away!

by Gloria Brunswick

I'm just a nasty old fire. I get my kicks out of demolishing homes, ruining factories, listening to children scream, and watching old folks creak in my flaming path. Last week, I was smoldering in a local hot-spot when I picked up some scuttle-but about the dedication of a new Fire House in Jericho.

I should never have ventured outside for my Public Enemy #1, the Rain, was crying his fool head off that Saturday, Oct. 25. But curiosity got the better of me, so, hitching a ride on Irving Hershkowitz' cigarette, I made my way to this fabulous new edifice, built for the express purpose of my extinction.

I started to do a slow burn with the realization that life was going to be most difficult for me from now on. All that ultra-modern, new equipment! All those enthusiastic, dedicated volunteer firemen! This was War, plain and simple, and I was slowly hoisting the white flag! My nostrils flared as I listened to speeches made by many Fire Officials and local dignitaries. They described the growth of the Jericho Fire Department and the unselfish labors of the volunteers who serve the community and help other local fire depts. in emergencies, without personal remuneration. What a bunch of squares! Why can't they mind their own affairs and leave me to my own miserable device!

I left the Jericho Fire House while the festivities were in full swing. The hearty comradeship and efficient plans of operation I had witnessed, fired me to get the blaze out of there before I was reduced to an ash!

Happy Time Is Coming

Amid feverish activities, rehearsals and more rehearsals, our Birchwood Players report that their forthcoming production of "The Happy Time" under the professional direction of John Breiter, is making wonderful progress.

Gilbert B. Stein, ticket manager stated that Birchwoodites responded favorably to being able to purchase reserved seats for both the Nov. 28 and Nov. 29 performances. While at this time more than half the house for the Saturday performance has been sold out, there are still plenty of good seats available for both the Friday Nov. 28, and Sat. Nov. 29 performances at \$2.00 each. Admission to teenagers Friday only at \$1.25. Send checks or money order made out to the Birchwood at Jericho Civic Assn, or to Gil Stein, 162 Birchwood Pk. Drive, Jericho. Your tickets will be sent to you by return mail.

AHRC Fashion Show

The Syosset Auxiliary of AHRC extends a cordial invitation to attend their next regular meeting and fashion show on Nov. 3 at 8:30 PM at the Village School, Convent Rd.

Our Delegation in Albany On Reduction of Speed

The VILLAGER on Oct 21 sent telegrams to both Gov Averill Harriman and gubernatorial Candidate Nelson Rockefeller pertaining to the reduction of the present 50 MPH speed limit in Birchwood to a 30 MPH limit.

As a result a meeting was arranged and held in Albany on Oct 28 (Tues) between the directors of the State Traffic Commission and a committee of the Birchwood at Jericho Civic Assoc. The Birchwood delegation was made up of Dr. Martin Lawrence, chairman of the civic assoc committee on public safety; Allah Kaplan, member of civic assoc board of directors; and Gilbert B. Stein, editor of the VILLAGER.

The result of this meeting will be reported in the next edition of the VILLAGER.

The Traffic Situation

by Gilbert B. Stein

THE VILLAGER, in its Sept. 18th editorial "It's Murder" dramatically illustrated how residents of this community walk, ride and live in fear for their lives and that of their children. The intolerable situation whereby we still have a 50 MPH speed limit here, and where our main thoroughfare, Birchwood Park Drive, has become a raceway because of the lack of stop signs or other traffic deterrents, was illustrated in this editorial.

On Sept. 30th, John J. Burns, supervisor of the Town of Oyster Bay, cited this newspaper for its awareness of these existing conditions in a letter addressed to the editor of THE VILLAGER. Mr. Burns then went to great lengths to enumerate traffic and safety measures which had been put into effect here at Birchwood-Jericho, during this year. He suggested that a representative of this community attend a town hearing on Oct. 7th at which time a "No Through Trucking" ordinance for our community was to be discussed at an open hearing. Dr. Martin Lawrence, chairman of the committee on public safety, Birchwood Civic Assoc. at Jericho attended this hearing, which resulted in an ordinance being passed by the town board making through trucking henceforth illegal in Birchwood. Signs calling this to the attention of all motorists were placed at the entrances of our community on Oct. 9.

Mr. Burns, in his letter to the editor of this newspaper, also suggested that responsible members

of this community contact the Oyster Bay Town Committee on Public Safety, made up of Councilman Peter Ailsopp (chairman) and Councilman Edmund A. Ocker. Mr. Burns stated, that he is always available to the residents of this community on matters of public safety and other subjects.

This newspaper immediately upon receipt of this communication from the Town Supervisor made copies of same available to Jerome Abrams, president and Herbert Shapiro, chairman of the Board of Directors of our Birchwood Civic Assoc., as well as to Dr. Lawrence, chairman of our committee on public safety. Dr. Lawrence promptly contacted the Town committee on public safety and upon his invitation, several officials of the township met on Thursday evening, Oct. 16th, with members of our Civic Assoc.

See Need for New Jericho School Construction

BY GEORGE M. WESTON

The highlight of the agenda of the most recent meeting of the Jericho School Board was a discussion of the need for new school construction in the face of the rapid new home construction in the district.

With the complete Board membership present, the trustees held a spirited informal discussion amongst themselves based on the preliminary district census figures provided by Dr. Kenneth Lant, District Principal. Two main ideas stood out in the discussion: (1) A new neighborhood school should

be constructed by 1960 on a site already owned by the school district South of Northern State Parkway, (2) an additional neighborhood school will also be needed very soon afterward in the area of great-est home construction. Martin Penn, board Chairman, announced that the Board shortly will appoint a citizen's committee to start preliminary planning for the South Jericho site. The Committee will be activated as soon as the required information is assembled by Dr. Lant.

Trustees William Kochner and Irving Brand urged that steps be taken to find and procure a suitable site for the second new school. Also discussed was the possibility of expanding the Jackson School to accommodate children from new homes in the Jericho Park development.

Dr. Lant informed the Board that several neighboring school districts were planning to join together to conduct a summer school program for their high school students. The Board expressed interest in including Jericho in the plan and requested that Dr. Lant obtain further information.

The Board also heard a report from the architects on several prob-

lems involving the foundation construction of the new high school building.

The next meeting of the Education Committee, Jericho School District of the Birchwood Civic Assoc. will be held Thursday evening, Nov. 6 at 92 Hazelwood Drive, Jericho. Everyone interested in Education is invited to attend, or call OV 1-2554.

Pro-Suburbia

BY JEAN ROSENTHAL

Suburbia is now on a chopping block, but ours are very unwilling to tear suburbia from limb to limb. It's very chic for the beatniks and cliff dwellers to scoff and look down their soot-laden noses at our fresh, clean, suburban way of life.

One of their main diatribes directed against us is the conformity we allegedly practice. Let us examine those who are the so-called non-conformists. Take the Beat generation with their dungarees and little beards, and take the Village cliff dwellers with their heavy woolen socks and British sportswear. Take the Madison Ave. Grey-Fanner Brigade and the midtown secretary with her smart hat, black basic and white gloves... or the housewife who wouldn't be seen on the city street without make-up and the proper clothes.

Are these not uniform????? Is it not manifest that conformity is practiced by all groups in varying degrees? The only ones who do not conform to some extent are either hermits and lunatics. Another aspect is the lack of privacy we suffer. Who among us has not lived in the questionably splendid isolation of an apartment house where you hesitate to smile at your neighbor lest he think you're being presumptuous.

Those who live in the environs of the city, are they so enchanted with the crowded city transit system that they can't bear to leave it??? Or have we forgotten the difficulties in owning and parking a car in the city.

Apropos of chaffering the young; what teenager's sensible mother would permit them freedom to roam the jungles of the city!!!

Who among us would forego the relaxed living: The mode of dress; the outdoor barbecues! What can substitute for the sense of creativeness engendered by seeing living things grow! The wonderful neighbors, sense of belonging, the roots and identification, the strong ties the children have together, and the freedom of activity for the very young. Migrating to the suburbs has not forced us to conform radically! When one of my neighbors golfs the other works in his garden or goes fishing. Geographical location does not alter the development of a human personality!!!

What's wrong with a mode of life that has made so many people serenely happy and more contented than they have ever been.

To paraphrase Lincoln "God must have loved the suburbs. He made so many of them."

Mr. and Mrs. Harold Robbins of 22 Petal Lane, Hicksville, are the parents of a son, Jonathon Tod Robbins, born Oct. 23. Mr. Robbins is principal of Nicholas St. School in Hicksville.

HERE AND THERE

The Chicken-in-the-Basket Dinner of the Sisterhood of Reform Temple Or-Elohim was a smash success. The band was terrific, the drinks on the house and a luscious meal - what more could anyone ask for five dollars a person? Thanks to Levittown Reform Temple for a nice atmosphere. Hear that Gloria Schiffman and Norma Jeffrys went around selling kisses for money. Proceeds going toward Temple. Their husbands felt no pain. What a delicious way to raise money for Temple Or-Elohim.

It is not too late to get in the fun of the Halloween Barn Dance run by the Parent Teacher Organization of the Jericho High School on Nov. 1. Heavy refreshments, games, valuable door prizes, and the great music of Eddie's Hyman's Band are all yours for the price of a ticket. Phone Lillian Levine, Edgewood 3-2143 or Charlotte Friedman Edgewood 3-3619, and get your tickets delivered.

Nine couples are spending the week-end at Bill Hahn's in Connecticut. The money was saved by the girls, at their weekly Canasta games, and they are very proud of this. All reside on Favorite Lane. Welcome to Birchwood Dr. and Mrs. Walter Sugarman of Hazelwood Drive. Good luck, Walter, on the opening of your pediatry office this week. Welcome, Muriel, to the staff of the VILLAGER and a new member of Sisterhood and Hadassah.

Happy Birthday to Adele Lubitz of 20 Maytime Drive who is over 21. Her husband presented her with a gold piano charm because they make sweet music together.

Happiness: Its Nature and Possession

PETER PAUL NICHOLS,
CHIROPRACTOR

Happiness is a state of Being. It is an inward satisfaction of having done one's best. It is specifically expressed in that exalted state when a beloved embraces the other in their true and pure Love. It is also exemplified in the blessed and blissful event when a mother presses her first-born infant against her breast and dreams of Heaven.

HAPPINESS IN LOVE!

Happiness is not found in material possessions or great wealth. It is wealth in itself. Material wealth has often been the cause of fear, misery and unhappiness. Happiness cannot be bought at the market place. It is not a special gift given on one's birthday. It cannot be found outside of YOURSELF.

Yet it must be found deep within your innermost being, it is a Psychic Faculty. It must be cultivated and given the Sunshine of beautiful Ideals and must be expressed in the charity toward all Life.

Are you unhappy? Then sit down relaxed in your private room and look deep within yourself and sincerely analyze your feelings toward your neighbors and toward all others you come in contact with generally: have you found Hatred, Jealousy, Avarice and Lust? Have you given yourself to harmful gossip whereby others were rendered unhappy and hurt? These above mentioned thoughts and deeds are the general causes conducive to unhappiness and ill health, they release poisons that only only harm the body but also the SOUL.

Syosset Fire Dept Shares Area

by Horace Bernstein

Willard Thompson of Woodbury, chairman of the Board of Fire Commissioners, along with four other Fire Commissioners, administer the four fire companies that now comprise the Syosset Fire District.

This district is one of the largest in territory on Long Island. The backyard of what is now Forest Drive facing Maytime Drive is the dividing line between Jericho Fire District and Syosset Fire District. All residences north of this line in Birchwood to Robbins Lane are in this Syosset Fire District.

The four fire companies are housed in two buildings. One is located in Woodbury and the other in Syosset on Cold Spring Road. This is the present Fire Headquarters. A third building is now in the process of construction on South Oyster Bay Road and, when completed in November, will service our Birchwood area.

Syosset has, at the present time, 140 volunteer firemen and three paid dispatchers who divide the 24 hours around the clock for complete coverage of calls. There are nine fire trucks (a hook and ladder and 8 pumpers) with two additional modern trucks on order. We are proud to report that this coverage of the area is considered so good that our insurance rates are one of the lowest on the Island. The entire budget for this coverage is only \$55,000 per year. In terms of the individual homeowner this amounts to the small amount of 1% per assessed valuation.

There are now several vacancies in the Dept. Any interested resident

Generations upon generations have sought far and wide in the four corners of the World for this elusive thing called Happiness, while all along it was nearer than hands and feet, it was deep within ... an attribute and Faculty of the SOUL.

"If you want to get rid of someone, just tell 'em something for their own good."

can apply providing he has lived in the district at least one year and is not over 45 years of age.

The firehouse is available to all non-profit organizations for affairs. Each organization is permitted two days per year and application must be made 30 days in advance.

In order to meet any emergencies, our Dept. along with nine other districts, form the North Shore Fire District. These districts help each other at large fires and cover each other when the need is there. Mr. Thompson and his men certainly deserve a great deal of praise for the tremendous work they do without monetary compensation.

Keith S. McHugh presents Vail Medal to Mr. Meier as 15-year-old John Sellazzo, Jr., congratulates Mr. Sylvia.

Top honor awarded telephone men for saving injured boy

The highest honor that can be given a telephone employee, the Theodore N. Vail Medal, has just been awarded by New York Telephone Company to Westchester Installers William Meier and Alvin F. Sylvia.

The two men received bronze Vail Medals for administering first aid and perhaps saving the life of an Ossining boy who was struck by an automobile last March. The boy, 15-year-old John Sellazzo, Jr., was walking to school during a showstorm last March when he was struck by a car that skidded out of control. John was thrown against a stone wall and his left leg crushed.

Shortly afterward, Meier and Sylvia - on their way to an installation job - saw the boy lying helpless in the snow. Applying their company first-

aid training, the men covered him with blankets and their rubber storm suits, and controlled bleeding in the severely fractured leg. While waiting for an ambulance, they improvised splints from a fruit crate and carried the boy into a nearby house. The boy's doctor later commended the men for saving the boy's leg and perhaps his life.

In presenting the Vail Medals, Keith S. McHugh, President of New York Telephone Company, explained that they are given only for acts of outstanding initiative and courage - either on or off the job, or when telephone training is an important factor.

The story of William Meier and Alvin F. Sylvia is an unusual one. But what they did typifies the "spirit of service" of telephone people everywhere.
