GREAT BALLS OF FIRE

Those were the days as Hicksville Field Club ruled the Long Island gridirons and drew as many as 10,000 spectators to a single game. See Howard Finnegan's story on this Silver Anniversary of the Field Club on page 6 in this issue.

Library Trustees Cancel Chaplin; Pro and Con Opinion Continues

Hicksville Public Library Board of Trustees this week voted unanimously to cancel the showing of the old, silent Charlie Chaplin films "in an effort to prevent tension in the community" but the old flickers and their star appeared likely to be the source of continuing pro and con discussion for some time to come.

Midland Civic Affair Friday

Midland Civic Assoc. of Hicksville is holding its big In-Lion Dance on Friday, Nov. 14 at the Old Country Manor. Tickets are being distributed by Vincent Guarino and Jack Shea, Co-Chairmen of the Entertainment Committee, and by the association's 23 Block Captains.

At the Dance, the following officers and members of the Board

of Directors will be installed: Kurt Pohl, President; John Thorson, Vice President; Mrs. Peter Delaney, Secretary and William McBride, Treasurer. Directors of the organization are Ben Greene, Franklin Frank, Vincent Guarino, Mrs. Kevin Dillon, Loren Portman and Eldon Haydon. Winners of the Golf Tournament sponsored by the Midland Civics will also receive their awards

Elery H. Bean, president of the Library Board, in a letter to the HERALD, announced the Board's decision to drop the Chaplin Festival Films, Monday.

One county daily paper this week editorially attacked the cancellation. The HERALD received six more letters regarding the proposed showing, one opposed and five in favor. Two letters opposed were printed last week. The letters were all apparently written prior to the Trustees' announcement.

E. M. Breschard of 3 Terry St., former School District Clerk, wrote regarding "Eternal Vigilance". His comments follow: "Well, it's happened again and only because of our concern. Not long ago the Library Trustees showed as a special event a movie about painter Pablo Picasso and exhibited some of his art. Now they wish to foist upon us some Charlie Chaplin films. When some of our civic-minded citizens expressed concern about promoting a character like Chaplin, Mr. Elery Bean, president of the library trustees, is quoted as saying it was 'hard to understand why there is opposition' and, referring to the Picasso film: 'They didn't stir up a storm about that and he (Picasso) is an out-and-out commie'.

"If Mr. Elery Bean knew at the time", Breschard continued, "that Picasso was 'an out-and-out commie' he was remiss in his duties, as any monies spent by our Library Trustees are public monies and we have Federal and State Laws regarding such expenditures.

"This points up our general attitude of letting the other fellow do the job. We have a beautiful library with rows and rows of scantily filled bookshelves and yet, in place of filling the shelves with excellent

LOOKING INTO FUTURE:

School Enrollment Puzzles Authorities

The Hicksville Board of Education may reconsider the employment of Dr. Felix J. McCormick as consultant for the district on permanent school facilities this Friday night. A proposal to engage Dr. McCormick at a cost not to exceed \$500 "to review projected enrollments" was lost at the Oct 27 Board meeting by a 3-2 vote. Four favorable votes are required for affirmative action.

Dr. McCormick of Teachers College, Columbia University, was engaged by the School District over eight years ago at a time Hicksville had a population of 11,700 persons compared with over 40,000 today. In that year (1950) there were only three public school buildings with 1,571 students. Today, there are eight public elementary schools, a junior high and a senior high school, or a total of 10 buildings with 12,000 students.

CONTRADICTORY FACTS

Dr. Wallace E. Lamb, superintendent of schools, on Oct. 7 advised the Board of Education: "The evidence at hand seems to be contradictory. Schools in the north end of the District are bulging at the seams. And so far as we can determine, future kindergarten registrations show little reduction in size. And, too, new houses are going up all the time.

"Yet, both this year and last there are and have been fewer pupils than anticipated by the McCormick report, upon which our building program is based. This year is supposed to be the peak year of elementary enrollment and is about 200 under the McCormick estimates. Furthermore during last year there was a gradual decline in elementary population of about 300 students between Sept. 1958 and June 1958. The picture is as contradictory as the national economic picture which has witnessed continuing inflation in a period of recession."

Dr. McCormick in 1950 prepared a comprehensive projection of school building requirements which at the time seemed visionary. His report, which was digested and reprinted in installments in the MID ISLAND HERALD, covered 63 data-packed pages, 18 charts, seven tables and eight maps.

He was subsequently brought back to Hicksville in connection with the construction of the High School. Acting on the recommendation of

Lamb to Explain College Nov 20

The public is cordially invited to attend a meeting at Hicksville High School on Thursday night, Nov. 20, when Dr. Wallace E. Lamb, superintendent of schools, will discuss the proposed Community College for Better Government in School Affairs, according to President Jean Swanson.

The program had been previously been tentatively scheduled for this evening (Thursday) but has been postponed to avoid conflict with other scheduled events the same evening. The committee on Community Colleges of the Board of Trustees of the State University of New York is scheduled to consider today (Nov. 13), the recent application of Hicksville School Board, acting on the recommendation of Dr. Lamb, for authority to establish a two-year college in Hicksville.

A committee of the local board is now making a study of available sites. Local voter authorization to provide taxpayers' money for the operation and construction of the college will be required.

1400 Children Enjoy Theatre

The Saturday Theatre for Children sponsored by the Hicksville Council of P.T.A. Units opened its 1958-59 series at the High School Auditorium on Nov. 8 with an exciting, robust and colorful performance of Robin Hood: a live, adult professional play produced by Kay Rockefeller Productions Inc.

The Auditorium of the Hicksville High School was filled at both the 1 PM and 3:30 PM performances with 1400 children, most of whom had never seen live theatre. The

Arctic Films Made Last Year

The film program of "High Adventure in the Frozen Hunting Grounds of Alaska" featuring Charles H. Stoll, well-known attorney and explorer, scheduled for Monday night, Nov. 24 at Hicksville High Auditorium will present new films taken in 1957 by "the best professional photographer of Arctic Life", a spokesman for the Hicksville Women's Club insisted this week. It was reported last week the films were taken during the Stoll Arctic expedition of 1928. The Women's Club, sponsors of the showing which is open to the public without charge, points out the report of last week published here was not correct.

GOP Finance Drive Underway

It is not too far to make contributions to the Hicksville Republican Finance Campaign, it was pointed out today by Ernest P. Francke, GOP leader and Harvey Schluter, chairman of the finance drive. Checks may be sent to Schluter at 20 Raymond St., Hicksville. The late designation of Schluter as drive chairman delayed the start of the finance appeal this year.

Country Fair This Saturday

The East Street School of Hicksville invites all to a Country Store and Fair on this Saturday, Nov. 15, from 10 AM to 4 PM. Gaily decorated booths will contain items to please everyone - plants, dressed dolls, toys and a "grab bag".

A varied assortment of foods, cakes, cookies and penny candies will be sold.

Early Christmas shoppers can find beautiful handmade aprons, pin cushions, book marks and doll carriage cover sets, or perhaps something from the White Elephant booth. Games for the children, and prizes for all, with a special and new feature, silhouettes will be made right at the "Fair."

Fort Lane Meets

Dr. Alan Fromme, Director and Chief Psychologist at the Child Guidance Clinic of the University Settlement House, will speak on "The Most Common Problems of Early School Life" at the Fort Lane School P.T.A. of Hicksville meeting on Nov. 18 at 8:30 p.m. There will be a question and answer period following Dr. Fromme's talk. The public is cordially invited.

BACK TO SCHOOL

DEAR JEAN..

Don't forget the card party to be given by the Ladies Auxiliary of the Hicksville Fire Dept. at the main firehouse, E. Marie St. tomorrow evening, (Fri.) The girls tell us they have plenty of nice prizes and of course, will serve refreshments. The in-gathering of the Needlework Guild will be held today (Thurs) at the Hicksville American Legion Hall, E. Nicholas St. If members haven't brought in their offerings, you still have a chance. Belated birthday greetings to "Uncle" JOHN FOX of Willow St., Hicksville who celebrated with a family party Sunday. Our sincere sympathy to STANLEY MARIZ of Harrison Ave., Hicksville, and his family on the death this week of their mother, Mrs. CATHERINE PUPEK of Irving St.

ITEMS THAT MAKE HEADLINES: When Scouts and Dads of Arrowhead District went to camp in Wading River last week, a number of Scoutcraft events were held. Building a fire without matches was the first contest and after 15 minutes of steady work --- and no fire --- the event was declared "over". Now in the old days the boys wouldn't give up for 15 hours.

When Charles Wagner Legion Post holds a ceremony to "burn" the mortgage on the Legion Hall Saturday night, Nov. 15, a plaque honoring the late WALTER F. STILLGER, MD, for "his long and splendid service in behalf of the post and American Legion" will be dedicated and unveiled by his son, WALTER M. STILLGER MD, County Clerk ERNEST FRANKIE and Town Supervisor JOHN J. BURNS will be among the special guests.

Hicksville Board of Education is providing transportation for term for five boys to Eastern Military Academy by taxi. They are DENNIS ROUSELLION, PAUL ROUSELLION, JOSEPH CARCIA, JEROME ADRAGNA and ALLEN GIORDANO. Acme Taxi had the low bid at the rate of \$7 per day. PAT CAPUTO has been elected president of Hicksville Kiwanis, takes office in January. The holidays are closer than you think. Local organizations are planning special yule events including the Kiwanis party for the Old Folks at Jones Institute on Dec. 18.

The School Recreation Dept says 1300 youngsters registered for the recreation program last week. Hicksville Fire Commissioner election on Dec. 2 is getting as high as three. It will be a fine opportunity to get those questions answered. Six year old DALE KIKTA, daughter of Mr. and Mrs. Mark Kikta of 30 Elliot Dr. Hicksville, had a narrow miss at Bway and Marie St. Tuesday. At first it was thought the child had been hit by a car, but it turned out she was actually badly frightened at the near miss. A large crowd gathered. Sylvania-Coating Nuclear Corp in Hicksville, has delivered more than 5,000 fuel elements for the "redskins" of the research atomic reactor of Brookhaven National Lab at Upton. Sylvania's new plant on Cantique Rock Road has started operations.

You've heard of that song "Three coins in a Fountain" about that famous fountain in Italy? Well, stop in to see the fountain at Walter's Liquor Shop on W. Marie St., Hicksville. It's got running water, three coins and all --- our only regret is that FRED WALTERS, JOHN VIA and our favorite MCCARTHY boys refuse to fill it with champagne. Chicken, we guess.

A proposal to end the Labor Day Firemen's Tournaments was rejected when the fire department voted on the question, Monday night. We can look forward to this spectacular event for years to come. Dr. LAMB will discuss the Community College for Hicksville at an open meeting in the high school next Thursday night, Nov. 20. It will be a fine opportunity to get those questions answered. Future Teachers Visit Plainedge

By Joyce Van der Merlen

The Future Teachers of America Club of Hicksville High School went to Plainedge Friday, Nov. 7, to a Long Island Future Educators meeting. The students left the high school at 3:30. When they arrived at Plainedge they separated into groups so that each could see things, and attend classes that pertained to their interests. Dinner was eaten at the Plainedge School and the students returned to Hicksville High at 9:45 with a much better idea about teaching than when they left.

In honor of American Education Week the Future Teachers of America Club held their annual candle-

light induction ceremony of all new members Monday, Nov. 10, at 7:30 in the High School Little Theatre. Parents of the members -- both new and old -- were invited to attend. Refreshments were served.

The club now boasts a membership of 78. The previous members are: Beverly Ahlen, Elizabeth Barning, Renee Brilliant, Myra Gansante, Joyce Van der Merlen, Joyce Baldwin, Linda Shore, Jannie LaSalle, Pat Kratzel, Carol Krumenacker, Stacy Riniash, and Barbara Silverman.

ENROLLMENT

(Continued from page one)

Dr. Lamb, Board member Herbert Johnsen moved, seconded by Jerry Zettler, that the Board engage Dr. McCormick to bring his studies and projections up to date. Voting in favor were Johnsen, Zettler and Allen Carpenter. Abstaining were Arthur L. Elrich and Robert Goodrich. Absent were members Robert Eaton and Walter Schreiber. The motion, made at the Oct. 31 meeting, was lost.

Dr. Lamb informed the Board "Dr. McCormick has a very heavy schedule but is willing to perform this service for us because we are an old client. I believe his advice is urgently needed if we are to build adequately but not over-build."

ACURATE DATA

In a previous memorandum, the Superintendent commented, "His past work in the District has turned out to be quite accurate; much more so than work done by other consultants in this metropolitan area. He knows the District thoroughly and would not need to waste time exploring our past enrollment trends."

"Once the consultant completed his diagnosis of our building needs both the Administration and the Board would have a firm basis on which to determine (1) elementary and secondary building needs, (2) the length of time the temporaries will be needed at their present location, (3) the best use that can be made of Nicholson, and (4) other such decisions."

A favorable vote on the proposal to engage Dr. McCormick is anticipated tomorrow (Fri) night if the question is resubmitted.

CURRENT COMMENT: We Challenge Wave & Wind

By FRED J. NOETH

WE WILL probably always be grateful for the fact that Teddy Roosevelt spent a great portion of his days in Oyster Bay and further that his memory is closely associated with our great US Navy.

Because it was the centennial of Teddy's birth, we had the unique opportunity last month to participate in a trip aboard the USS Robinson, one of the Navy's destroyers, from Brooklyn Navy Yard out to Oyster Bay Harbor. The fact that it rained cats and dogs, made the trip all the more exciting.

We left Hicksville before the break of dawn for a trip down to Brooklyn. Also participating with their sons and/or young guests were Supreme Court Justice Howard Hogan, former Town Attorney Michael J. Sullivan, Councilman Edmund Ocker and others in a strictly limited participation event. The invitation was strictly for "men only."

The USS Robinson and the USS John Hood left the Navy Yard about 7:30 AM and steaming up the East River, under the bridges, past the UN Building and out into the Long Island Sound was a delightful experience. It rained and rained and the sea was running which added to the thrills for us. Aboard the Robinson and a helpful guide was Capt Robert W. McNitt, Commander of Destroyer Div. 322.

We covered every square inch of the ship, except maybe the bilge. We saw landmarks as far inland as Hicksville picked up on the radar screen. The maneuvering of the two ships into Oyster Bay Harbor was a highlight of the morning.

As we left the ship in the Harbor, Cdr C. L. Nagle of the Robinson handed each guest a card certifying the bearer is a "destroyerman." It goes on to say: "did honorably and without complaint share both privation and exultation common to Destroyer man-of-war men and so is privileged to join that happy band of brothers who challenge Wave and Wind, Iron Fish and Tinny Bird on swift and hardy ships of the Destroyer Force, US Atlantic Fleet."

Below is a sketch map of our "journey" wherein we challenged Wave and Wind:

Dotted line indicates route of Destroyer.

HOMEMAKER'S DISPATCH: Raising a Teen-Ager

The role of being a parent to a teen-ager is not easy, as everyone who has experienced it will agree. For one thing, teen-agers, in spite of what they say, do not want to be left entirely undirected. They may be raring to go, yet would be lost if given complete freedom from control. This means that parents need to maintain a balance between over-control and complete permissiveness. They must somehow guard against condemnation and intolerance of the younger set without abandoning their own standards.

At this time, it really pays off if parents have convictions about which they can be articulate, clear values and character goals for themselves and their children. In other words, if parents stand for something and have work of their own which requires effort and self-discipline, they are building up their child's emotional strength. For the foundations of this strength may first be laid during infancy, through warmth and affection, but later it comes to the adolescent by direct communication.

And this is the most important point of all, say the specialists of the department of child development and family relationships at the New York State College of Home Economics at Cornell. So long as there is communication between old and young, so long as the door is left open for discussion without bitterness but rather with respect, then there is a guarantee of family solidarity and future strength for the younger generation.

Pius X Cake Sale Set for Nov 23

At the regular meeting of the Pius X Confraternity Society of Hicksville on Nov. 3, Mrs. Patrick Hartnett, Chairman of the Ways and Means, asked the members to donate homemade baked goods for our annual Cake Sale, Sunday, Nov. 23, to be held from 8 a.m. to 1 p.m. in the school basement. At this time a Basket of Cheer will be raffled.

Mrs. J. Bodger will be happy to receive chance book returns at the Confraternity office during the day.

Christmas Cards are now on sale at the regular meetings as well as Saturday and Sunday mornings. All members are invited to bring a 50¢ grab bag gift for the December meeting.

Father Ballweg announced that beginning Nov. 15, children coming to Confraternity classes on Saturday mornings will have bus transportation available. The cost is 25¢ per child. This is a means of helping to alleviate the serious traffic conditions that occur on Broadway each Saturday morning when approximately 800 children are driven to Confraternity classes in their individual family cars.

A Congress of Christian Doctrine is being held in the Brooklyn Diocese tomorrow (Fri.), Nov. 14 thru Sun., Nov. 16. The Parent Education Program should be of special interest to parents and teachers. All are welcome.

A 10-minute film on "Our Lady of Fatima" was shown, followed by impressive slides taken by Fr. Ballweg during his recent visit to Fatima. A fitting, inspiring talk on the purpose of the wonderful message of Our Lady of Fatima by our Moderator, concluded the evening.

Refreshments were served by the members of the Lee Ave. school area.

Executive meeting will be on Nov. 17.

8 Alarms for Fire Dept

Eight alarms, including one ambulance call, kept the Hicksville Fire Dept. busy during the week of Nov. 5 thru Nov. 10.

On Nov. 7, they were called to put out an auto fire on W. John St. near the Seagraving Sand & Gravel Co. pit, but on arrival found the car gone. Later they were called back to the same area to put out a grass fire at Kuhl Ave. and W. John St.

They were called to the luncheonette at 110 Duffy Ave. on Nov. 8 and upon arrival found that it was being fumigated with sulphur.

A chimney and oil burner fire at the Seymour Lang home, 59 Sleepy La. called them out on Nov. 10.

The following day they were back on Sleepy Lane again, this time to put out a washing machine fire at the R. F. Bellucci residence at No. 33. Later that same day they were called to 20 De La L., Mrs. Wiberger, to put out an oil burner fire. Also on that day, the Fire Dept. ambulance transported Mrs. Heppa, 86, of 57 Arrow La. to Roslyn Heights Hospital. She was suffering a fractured hip.

On Nov. 11, the second grass fire of the week occurred at Crescent St. and Woodbury Rd.

ENJOY THEATRE

(continued from page one)

boating at the "villain", Sheriff Nottingham and us snouts or glee when the hero Robin Hood emerged victorious were ample evidence of each child's delight with the performance.

One of the most important factors for the overwhelming success of this program in the estimation of the Saturday Theatre for Children Committee was the complete cooperation and devotion to this project of many people from P.T.A. Units, School Administrators, students who volunteered their services as stage crew assistants from the High School Drama Department, the organizers during intermissions; each in their own area giving time and enormous energy "beyond the call of duty" so that the children might realize the incomparable joys of "live theatre".

Both children and parents are now anxiously awaiting the second performance Jan. 24 of The Merry-Go-Rounders, Dance Theatre.

Six Hicksville residents arrived in Montego Bay, Jamaica, BWI, on Nov. 3 by plane for an 8-day stay as guest of the Fedders-Quigan Corp of Massapequa. They are Mr. and Mrs. DANIEL ROSENTHAL of 45 Autumn Lane, Mr. and Mrs. SIDNEY M. BERKOWITZ of 415 Jerusalem Ave. and Mr. and Mrs. SAMUEL MAY of 104 Alexander Ave., all of Hicksville.

Mr. and Mrs. EDWARD SHIKOWITZ of 14 Boulevard Dr., Hicksville, arrived at Montego Bay on Oct. 28 for a like stay.

Time is an important element when plans are being made for anything, such as our coming Barn Dance, and for something we don't have enough of. Tickets are being sold for \$3.50 per person, which includes dancing and refreshments. The date is Sat., Nov. 29, so let's all help the fellows who are working to make this affair a big success.

At our last meeting Bob Obermeyer gave a complete report on our baseball pool. He did a great job almost single handedly and the entire post gave him a rising vote of thanks for a job well done. Bob is our Sr. Vice-Cmdr. and in all probability will be our next cmdr. He is a tireless worker whose aim is to do as much for the post as Spike has done. It is quite a goal to reach, but he is well on his way to reaching it. Men of his kind are urgently needed to make any organization a success.

We are still making plans for our Christmas Party for the orphans, and there is not much to report just now. There will definitely be a party for these children, of this we are sure.

With all the activity, we haven't neglected our "Annual Dinner-Dance". Our committee is quietly going about their business on this.

We are still waiting for the "slow pokes" to send in their 1958 dues. Don't hold us up fellows. Didn't receive a report this week, but when it is announced let it be a good one.

EDMUND A. OCKER, Past President of the Kiwanis Club of Plainview, is presenting a plaque to William E. Koutensky, President of the Long Island National Bank of Hicksville, for his outstanding Kiwanis service during the year 1957. Presentation was made at the Blue Spruce, the home of the Roslyn Kiwanis Club, where a joint Inter-Club was held with Hicksville and Plainview Clubs. Mr. Koutensky is Chairman of Inter-Club for the Kiwanis Club of Hicksville, Inc.

The Family Holy Hour For Peace will be held on Tuesday, Nov. 18, at 8 P.M. in St. Ignatius Loyola Church located on Broadway at Cherry St., Hicksville, and will be conducted by the Rev. Fr. Leo Goggin, member of the council.

All parishioners in Our Lady of Mercy, St. Plus X, St. Edward the Confessor, and St. Martin of Tours parishes are in this Council area. The members of these and surrounding parishes are invited.

Benefit Affair At Jewish Centre

The Sisterhood of the Hicksville Jewish Center will hold a Mah-jong and Card Party at the Center, Jerusalem Ave. and Magie Dr., Tuesday, Nov. 18, at 8:30 p.m. A fabulous array of door prizes has been secured, and a delightful light supper will be served.

All interested in acquiring tickets may contact Chairman, Mrs. Melvin Kahn at Wells 8-0326 or Mrs. Sam Silver-Smith at Wells 8-8611. Donation is \$1.75.

On Monday, Nov. 24, the Dramatic Workshop of the Sisterhood will be held at the Center at 9:15 p.m.

Big plans are being made by Levittown's Midget Football League to celebrate its annual Thanksgiving weekend of football and fun. Parents and friends of boys on the Levittown Town Teams, the Levittown Bears and the Levittown Red Devils, are urged to attend the football games, particularly those held over the holiday weekend.

Another highlight of the traditional Thanksgiving football weekend will be an informal "get-acquainted" dance to be held in the ballroom of the Bethpage Country Club on Friday, Nov. 28. Music by a popular local band will play requests from the waltz to the cha-cha.

Tickets priced at \$4 per couple can be obtained from any Midget Football League player, or by calling John T. Gillick, PErsing 1-4278.

Gap Widening Among Leaders

by Bill Sakal

The gap between the first five teams in the Holy Family Section of the CYO Bowling League is gradually widening, and four games separate the leaders from the fifth place team. The Orioles smarting from their drop to fourth place last week, went to town last week, and took four points from the third place Braves. This, plus a 3 game loss for the Red Sox, showed them into first place, one half game ahead of the Red Sox, who dropped to second. The Dodgers and Braves both dropped back one notch, while the Cards climbed one to fifth place. Every team is battling down to the last frame each week, hoping that the tally at the end of the night will find them among the top 5.

G. Werther with a 210 and W. Coloney with a 206 helped the Orioles take top honors on Nov. 7, at Woodbury Lanes with a High Team Game of 1113 and High Series of 3142, which pushed them into the lead.

Other double century keepers were R. Beach 234, N. McCormack 221, N. Kleiner 206 and D. Snyder 204.

As Hicksville Gained County Championship

Football Clashes 25 Years Ago Doubled Our Population

by Howard Finnegan
(First In A Series)

This is the Silver Anniversary year of the emergence of the Hicksville Field Club as the most dominant and colorful sem-pro football power in Long Island sporting history.

The panorama of emotions, thrills, loyalties and frenzies the destiny of the Black and White evoked through 65 games to the zenith of its power two decades ago is still vividly alive today.

Field Club attractions swelled the population of the tree-shaded residential community from 4,000 to 8,000 on autumn Sundays—and caused the New York Times to report the results, from the 6,000 seat Hicksville High horseshoe stadium, abreast of those of the original New York Celtics and to meet Stanford in the Rose Bowl.

Player-coach Harold Bergold, and illustrious running star in the personage of Orist Millevolte, the shrewd business management of Carmen Millevolte plus a driving community spirit were the backbone of the team.

The makeup was strictly ex-high school players, mostly homegrown, but with a sprinkling of other key County scholastic standouts.

Civic support was wholehearted. Old clippings reveal that prominent citizens such as the late Dr. Elwood A. Curtis, Henry G. Brenzel, Ernest Francke, Henry G. Eisenmann, William E. Koutensky, Dr. Charles Masek, E. Parker Yutzler and Frank Chlunsky all rallied support for the operation.

LOST ONCE IN 32

The forerunner of the Field Club, the AA, fielded a team in 1930 and under the coaching of Tom Fitzgerald of Westbury was a success in its formative stages.

Under the direction of Bergold the club won nine and lost once in 1932. The defeat was to the powerful Valley Stream Red Riders who also had a lone blemish on the year.

A county champion could not be determined from the maze of claims and unrelated schedules so to prevent that in '33 a County Conference was formed.

Aside from himself, Bergold could call on backs Millevolte, Bill Rennie, Ernest Distler, A. Piscatelli, Harry and John Proctor, S. Schwinge, Berwind Bruno and Jacob Boslet to start the campaign.

For linemen he had George Hartmeir, James Carthy, Alex Proctor, William Jeyer, Robert Wesby, Ray Sauer, John Marlow, Belford Hanley, F. Abramowski, Dominic Sabatella, William Mohrback and M. Uravitch.

Also included in the first of many great forward walls to come were Lou Kappstatter, Thomas Morselli, Glen Kerbs, William Katnovk and John Svandrik.

In the opener, Millevolte broke off tackle twice for 35 and 30-yard Touchdown runs. Bergold plunged from five yards out twice and Mor-

watchful for the spring of the inept Orist he was slight of build and weighed but 150 pounds during his entire career. Bergold ran over for two TD's. Captain Harry Proctor took a 25 yard pass for another in the 33-0 decision.

1,500 fans showed up for the invasion of the great Howard Westlake and the Glen Cove Seas. The punting of Westlake was memorable. However, it couldn't contain Millevolte. He took a 20-yard pass for one score and ran the right end five yards for another. A 45-yard Proctor to Distler completion set that one up.

It was only 13-6 in the last period until Piscatelli shared a Westlake pass, used two crisp blocks by Carty and Morselli, and roared 55-yards to pay dirt.

Over to Hempstead, Bergold took his charges against the defiant Hempstead Monitors where three touchdowns by Ernie Distler paved the way for a 25-14 Hicksville win.

"Hicksville Field Club has ascended to the top of the Nassau Ladder," wrote the Nassau Review Star and 3,500 were on hand to see if it would be affirmed against the lordly Locust Valley Yellow Jackets.

The New York Times recorded

it this way: "Hicksville Eleven Gains Highest Rating, Crushes Locust Valley by 26-0." Millevolte dazzled with 85 and 45 yard scoring runs.

10,000 AT FREEPORT

Carrying the banner of the South Shore, Oceanside's Paragons were in a fighting mood as both squared off in sprawling Freeport Stadium before 10,000.

"Hicksville Eleven Tops Paragons, 7-0; Forward Passing Attack In Opening Minutes Paves Way For Deciding Score; Hicksville Registers Touchdown On Sixth Play Of Game After 68-Drive; Bergold Passes to Millevolte For Score" were Monday's headlines.

Easy wins followed over the Brooklyn Red Hawk and Lafayette Club. Newcomer Steve Ruggiero joined Millevolte in running riot over the Westbury Vamps, 46-6.

He had scoring interception returns of 55 and 35 yards. Millevolte added a 70-yard run back of a punt and Piscatelli and Duval scampered 60 yards each for long scores, 4,000 fans watched in pleased turmoil.

The winning streak had reached ten straight but Manhasset's Red Birds had ripped off 15 in a row

the SPORTLIGHT

by HOWARD FINNEGAN

We know community congratulations go to Coach Howard Bowers and his assistants, Adamo Tommani and Ed Petro, for the fine work they have done in behalf of Hicksville High football and it seems no more than right that it should be capped by the championship.

The boys had a hard fight in a highly competitive league. -- The best in the County -- and make no mistake about it: The Comets won because they comprised the best team.

The football season will be concluded this Saturday at Westbury. This season the Green Wave has come along way back and in this traditional fixture it is hard to name a favorite. Westbury has finished second in its loop and is waiting to smack down Hicksville in this non-league but important tussel never-the-less. We always worry about this one but just to polish the trophy off:

JALOVAARA ROMPS 39 and 73 YARDS:

Comets Champs, Turn Back Mineola

Hicksville High's grueling quest for the North Shore AA Football Section I Conference championship was rewarded at Mineola, Saturday because of the astute faking of quarterback Joe Naso and two spectacular runs by Halfback Harri Jalovaara.

Jalovaara sprinted 39 yards in the third quarter to tie the game 6-6 and late in the final period fought free for a 73-yard touchdown which rebuffed the determined Maroon, 13-6.

A half hour later the news came that Garden City failed to get by Port Washington, which bowed to Hicksville in a bitter contest, 7-6, and the title was officially in the Comets' hands.

ANGLIM HURT

On the third play of the first quarter tackle Mickey Anglim was hurt and removed from the contest. This hurt the defensive of the Hicksville line but the return of Frank DeCabra in the defensive backfield helped Coach Howard Bowers' club stem the tide of 35 Mineola forward passes.

Hicksville was completely stalled in the first half by the aroused Mineola crew and was happy to settle for a 0-0 deadlock at halftime.

In the third period a 44-yard run carried Mineola to the Comet 15 and a quick jump pass produced a score.

With Naso directing, Bob Cerone and Bill Schrimpe pile drove inside the tackles and on the losers 39 Jalovaara cleared the leftside for a scoring run.

In the fourth he broke over left tackle and was caught by the secondary defense but kept his feet going and finally free. He ate up 73 yards and Schrimpe skirted the right end to make it 13-6.

As Hicksville was proving itself the champion by completing the assigned League schedule with the least number of losses, Larry Solkin in the line and Steve Peschel with his punting were outstanding.

DeCabra was strong on the pass defense and James McKinstry knocked down four TD bound aerials.

Dennis Stillman worked manfully to plug the gap left by Anglim's injury and contained those Mineola passes that were successful to short advances.

St Ignatius Yellow Jackets Clinch Grammar School Crown

The St. Ignatius Yellowjackets of Hicksville did it again! They stopped undefeated, unscathed upon St. Anne's of Stewart Manor for a big victory at Memorial Field, New Hyde Park, Sunday. The final score was 26-6, and with it went the championship of the Nassau-Suffolk Catholic Grammar School Football League. THE Hicksville eleven has scored five wins against no defeats in league competition and only St. Patrick's of Huntington, whom the Yellowjackets previously vanquished, stand in the way of a perfect season.

The first quarter saw both teams fighting on even terms until late in the quarter when St. Ignatius was able to get their powerful running attack on the beam. Ray Strassburger culminated a sustained drive for a 6-0 deadlock at halftime.

In the second quarter St. Ignatius was able to get their powerful running attack on the beam. Ray Strassburger culminated a sustained drive for a 6-0 deadlock at halftime.

St. Anne's fought back fiercely in the second quarter and their fine defensive play held the Yellowjackets ground game in check. At this point St. Ignatius took to the air and in two dazzling pass plays moved to the St. Anne three yard line. The first pass was a beautiful 40 yard chuck down the right sideline from quarterback Tommy Douglas to right end Bobby Trieste who was caught on the Stewart Manor ten yard line. On the next play, Douglas threw another strike to left end Bobby Sullivan who was nailed on the three yard line. Phil Pignataro went in at quarterback and carried the ball over on a sneak. The try for the point after touchdown was unsuccessful and the half ended with St. Ignatius ahead by a score of 13 to 0.

The speed and drive of the Hicks-

ville team showed its effects on St. Anne's in the third period and it wasn't long before the Yellowjackets had another score. Skippy Rottkamp set the stage with a lightning-like dash around end which was good for a 40 yard gain. Shortly afterwards, Ray Strassburger accounted for his second touchdown on a roll-out from the six yard line. The attempt for the extra point was thrown back by the St. Anne forward wall.

The fourth quarter found the dead-game Stewart Manor eleven fighting fiercely and their tenacity paid off when they forced St. Ignatius back inside their 10 yard line by a series of losses on attempted running plays. This fine defensive play finally resulted in a fumble by the Yellowjackets which St. Anne's John Peterson recovered in the end zone for a touchdown. The attempted point after touchdown was unsuccessful.

St. Ignatius again turned to their aerial game and, with the ball on their own 40 yard line, quarterback Tommy Douglas fired a five yard look-in pass to Skippy Rottkamp who took the ball at full speed and knifed his way through the thoroughly surprised St. Anne secondaries.

Rottkamp added the extra point on a line plunge to end the scoring. The Yellowjackets' touchdown twins - Skippy Rottkamp and Ray Strassburger - again led the scoring. This time it was Strassburger who took individual honors with 12 points. Also outstanding in the St. Ignatius backfield were fullbacks Bobby Smith and Gene Scott whose bull-like charges in between the tackles set the stage for the passing attack unleashed by Tommy Douglas. As usual, the Yellowjackets' line-men were led by Moose Triolo, Mike Hardick and Mike Callahan.

BOY SCOUT ACTIVITIES

Submitted by The Public Relations Committee
Of Arrowhead District.

HIKE AND COOK OUT

The Junior Staff of Troop 293 of Hicksville conducted a tenderfoot hike and cook out in October. They hiked from the Troop's Benson Campsite to Manetto Hills Road. The tenderfoots, Bruce Yberg, Victor Schill, John Mattinson, Gary Crosby, Paul Thompson, Steve Olsson, Richard Wicks and George Water, worked on a number of outdoor achievements for their second class scout badges. Many, hoping to have the requirements completed before the next Court of Honor, passed cooking, fire building and compass reading tests.

The Junior Leaders conducting the expedition were Tom Rauter, Jr., Asst. Scout Master; Irvin Carpenter, Jr., Asst. Scout Master; Eric Beshore, St. Patrol Leader; Niels Hanson, Scribe; William LoDeo, Quartermaster; John Foley, P.L.; William Knudson, P.L.

stopped at Bear Mountain Park for lunch. While there, the boys had an opportunity to visit the Trailside Museum and Zoo.

At West Point, the boys and their leaders spent some time at the Academy Museum, where they saw mementos of famous graduates including the uniform of Gen. U.S. Grant, the personal war map of Gen. John J. Pershing of World War I fame, and the personal flag of Gen. Dwight D. Eisenhower. The museum tour was considerably enlivened by the presence of several cadets who explained to the boys how several of the pieces of ordnance on display operated.

Afterwards, the boys spent a memorable half-hour climbing on the many old cannons on display outdoors.

CAMPOREE HELD

Under clear blue skies and pleasant temperatures, the first annual Father and Son Camporee of Arrowhead District was held Nov. 1 and 2, at Camp Waureges, Wading River. The clear blue skies turned to wet gray skies on Sunday, but a good time was had by the 381 Scouts and 158 Dads and Leaders who attended.

DISTRICT NEWS

The Arrowhead District Committee meeting scheduled to be held Thursday evening, Nov. 20, at Hicksville High School, has been cancelled. It is planned to hold another meeting on Nov. 27. These meetings are for all registered Scout leaders in the district.

4 NEW BOBCATS

At its October Pack Meeting, Pack 321 of Hicksville, welcomed four new Bobcats and gave recognition to five Cubs who have achieved higher rank and earned awards.

Receiving their Bobcats at the induction were: Charles Barasch, James Lucas, William McNally, Robert Nuss and John Taylor.

In an impressive Awards Ceremony, conducted by newly appointed Awards Chairman, Sam Nuss, the following awards were presented: WEBELOS BADGE: Lori O'Halloran, James Barone, Ernest Segal, Carl Sandberg, Robert Beal, LION: Dennis Nicholson, James Barone. WOLF: Robert Lightcap (also 3 Silver and 1 Gold Arrow); BEAR: Jan Shenda. SILVER ARROW: Peter Sirkin.

During November, Den plans include the making of posters for a new member drive to replace boys "graduating" from the ranks during the current year.

VISIT WEST POINT

Under ideal weather conditions, 52 Cubs and 12 leaders of Pack 423, sponsored by the P-TA of Woodland Ave. School, Hicksville, visited the Military Academy at West Point on Nov. 8. The trip was under the leadership of Joseph Webb of Dartmouth Dr., Chairman of the Pack Committee.

On the way to the Point, the Pack

Two Officials Switch Titles

Oyster Bay Town Board announces the following organizational changes upon receipt of a request from Charles Hicks, Manager of the Town Building Dept., who asked to be relieved of his duties as Building Manager because of the mounting tensions brought about by the increased activity of the department which have been affecting his health.

Supervisor John J. Burns said that the Town Board was reluctant to act on Hicks' request but could not overlook the fact that his continuation as Building Dept. Manager could impair his physical condition.

Simultaneously, the Board announced that Norman Wolf, Town Director of Purchases, is transferred to the position of Manager of the Building Dept., effective Nov. 15.

Wolf, a licensed surveyor with an engineering background, served in the Town Engineering Dept. from 1934 to 1937. From 1937 to 1957, Wolf was Deputy County Clerk.

The Town Board, "desirous of retaining a man of Mr. Hicks' caliber and qualifications," has designated him as Director of Purchase.

Seek Donors To Orphanage

Members of the 'Operation Recreation' Committee of the St. Mary of the Angels Home in Syosset, are looking for contributions to a fund to add to existing recreational facilities at this non-sectarian orphan home for boys. Specifically, the committee is looking for two hundred \$25 donations. In return for his generosity, one of the \$25 donors will receive a 1959 Chevrolet in the color of his choice. All donations are tax deductible and any money received after the 200th contribution will be returned to the donor.

All persons interested in helping out may do so by calling Dan Cavanagh at Walnut 1-0648, or by sending a check to St. Mary of the Angels Home.

Window Painters

Halloween window painting by Hicksville students won awards at Mid Island Plaza. Windows of Famous Fashions and Barriolini took second and third prize for the high school. Newberry's, Raphan's and Courtesy Drug Windows took first, second and third for Junior High while Lee Ave. School took first place for the decorating at Lorry's.

A son, David Jonathan was born Oct. 27 to Jack and Eleanor Baier of 12 Jonathan Ave., Hicksville, at Mercy Hospital.

PERTINENT QUESTIONS concerning the progress
of the North Broadway widening from Hicksville to
Jericho were answered by N. C. Parsons of the
State Dept. of Public Works' engineering office at
Babylon when he spoke before North West Civic
Assoc. Inc. last week. He discussed the proposed
construction of a clover-leaf intersection at North
Broadway and Jericho Tpke and the proposed con-

sections with the LI Expressway. Left to right

sons and School Board Trustee Herbert Johnson
and Jerry Zettler who gave a brief report at the

literary and reference works, we find the trustees spending our money on films of dubious merit and certainly of controversial nature. "I am positive that all patrons of the arts do not limit their appreciation of cultural accomplishments solely to the expressions of proponents of the Soviet way of life.

"Why is it on the vote of the Library Trustees for the presentation of both these programs only Mr. Leon Galloway voted nay?" Breshard concluded.

RABBI COMMENTS

Rabbi Paul Levenson of Temple Or Elohim, Jericho, wrote the following letter to the HERALD regarding objections to the showing of the old Chaplin films in the Hicksville Public Library:

"Censorship of individuals in our society is a much more sensitive problem than the writers of the letters protesting the showing of the Chaplin films seem to realize. History has shown that there is no OBJECTIVE criteria which can be used as a yardstick to measure what should be banned from public showing and that shouldn't. Invariably these criteria are subjective and must, thereby restrict individual freedom.

"And so the Founding Fathers of America (and who, may I ask, were more American than they) decided that complete freedom of speech and expression should be allowed in our country. They felt secure that what was true, eventually would be accepted by the people through the democratic process. What was repugnant to democracy would be recognized as such and discarded. That the Communist Party is practically defunct in our country provides ample proof as to the wisdom of the Founding Fathers.

"Mr. Chaplin is guilty of no punishable crime that I know of and though I have seen only a couple of his pictures, I've found that they are excellent commentaries on the perplexities of modern life. As for his political activities, whatever they are, he himself has done nothing wrong (to my knowledge). I believe that it is perfectly constitutional to TEACH communist doctrine in this country (it is done in most U.S. Colleges) just as long as you don't throw any bombs or actually intend doing so or are in contact with a foreign government for the purpose of spying.

"Probably the MOST UN-AMERICAN statement was made by Mr. Rogan himself when he said '...there can be no deviation on the road of Americanism. There are no slight detours on this road; either you are pronounced in American views or you are not. From this I am to assume that there is an American Party Line which all Americans are obliged to believe in and practice. Deviation means in and from this line.' There are no right and Mr. Rogan deviates from 100% Americanism by trying to throttle anyone who disagrees with him.

"I don't argue with anyone's right to object. Objections and differences of opinion are the lifeblood of any creative, democratic society. I don't even object to Mr. Rogan's wanting to prevent Mr. Chaplin's films from being shown at his expense. And I most heartily approve of his venting his wrath by writing to a newspaper rather than running over and blowing up the library. What I DO object to is his REASON for not wanting Mr. Chaplin's films shown. To throw the word Americanism around as though it stands for something politically absolute is simply not correct.

"We all should understand that American means freedom to say, think and even do what one wants as long as no laws are being violated. If you object to someone's arguments, even of those of a communist, then you must present a better case but you cannot prevent him from presenting his side and still consider yourself American. On the contrary, this is exactly what the Russians do. They prevent anything they consider Un-Russian from being shown to their public. In Russia this is official State policy so neither Un-Russian can be shown in THEIR public libraries (and look at the price they pay for it).

"To understand fully the signifi-

cance of such biased statements as Mr. Rogan's, we must ask the question: If this policy were followed on a national scale, would it be good for the country, would it be American? Suppression of political views is a Russian prerogative, not ours. We have all too many people who want to suppress any contrary opinion rather than allow that opinion to be expressed but challenged as to its truth.

"We have no such things as heresy, as wrong-think here in America Mr. Rogan. A man must believe and think as his conscience dictates. To suppress the showing of a film because the political opinions of the major artist are questionable (N.B. NO WHERE does Mr. Rogan state a fact concerning Mr. Chaplin's activities, but rather has been bombastic and demagogic in his denouncing the Library Trustees) is downright Un-American," Rabbi Levenson concluded.

FINE PUBLIC SERVICE

Eunice K. Nichols of 44 Alpine Lane in a letter to the HERALD offered the following comment in favor of the showing of the Chaplin films:

"The front page article of Nov. 6 issue of the HERALD concerning opposition to the proposed presentation of the Chaplin films at the Library contained the following statement: 'No favorable comment of the Library Trustees action was received (by the HERALD)'. I hereby comment in favor of the presentation of the Chaplin films. The Hicksville Library is performing a fine public service in presenting the following programs to the community. The Library Trustees for their vote in favor of presenting the Chaplin films as part of the special events of the Library.

"The news article contained a letter from Mr. Rogan objecting to the Trustees decision. Following are my answers to Mr. Rogan's objections: (1) Mr. Rogan asserts that the Library should not show the films on the basis of Chaplin's political leanings. He says Chaplin is 'an avowed Un-American' and had denounced repeatedly 'our American way of life'. Answer: The issue here is the content of the films, not Chaplin's political views. The Library Trustees voted to present Chaplin comedies - not Mr. Chaplin himself. The films, for example, do not advocate the overthrow of the government by force. I am sure the films could have been selected if they attempted to indoctrinate the viewer.

"(2) Rogan continues, 'It has been said that he (Chaplin) is an artist. Suffice to say that point alone is debatable'. Answer: The Oct. 30 issue of the HERALD states that the Museum of Modern Art's opinion is that the films are 'art'. It is also apparent to any layman that the films succeed in their purpose. Chaplin interprets aspects of life as he sees it through comedy, and the viewer responds.

"(3) Mr. Rogan asks, 'Are we as taxpayers to place such an avowed Un-American on a pedestal for glorification to our youngsters who do not understand the deep-rooted hatred this man has for our great country?'. Answer: Again, the films are to be presented, not Chaplin himself. No one will make a speech claiming Chaplin is a great person or 'glorify' him in any way. As for Chaplin's 'deep rooted hatred' of America, where does this show up in the films selected? Chaplin's understanding of people is revealed, however.

"(4) Mr. Rogan suggests if the Trustees wish to present programs for particular groups of people that they explore vast resources of truly great American artists' instead of presenting the Chaplin films. Answer: The work of all artists should be available to us. No one artist should be 'preferred' to the exclusion of another artist. All art has something to offer. (5) Mr. Rogan objects to the use of his money as a taxpayer supporting the Library to gratify the needs and wishes of a select few. Answer: The issue is not how many or how few people wish to see the films. The Library selected the films as one part of a program of several events with the knowledge that not everyone would desire to attend every event. Those who do not wish to stay away, but if the films were not shown the community would be denied the opportunity - the right - to make the choice.

More Comment

"As this edition of the HERALD went to press, additional written comments regarding the Chaplin Film Festival were received from Edwin Miller of 32 Cornell Ave., and Thomas E. and Helen Gowan of 57 Briggs St., all Hicksville. The latter favored the showing of the old films.

"I would like to conclude by commending the Hicksville Library for its leadership in the cultural life of Hicksville," Mrs. Nichols wrote.

LETTER TO BOARD

Attorney Alfred Rubinstein who has his law office at 501 Broadway, Hicksville, forwarded a copy of a letter addressed by him to the Library Trustees, stating the HERALD is free to publish it. His letter follows:

"The local press, The Mid-Island Herald in particular, has reported that your decision to show some old Charlie Chaplin comedies has met with criticism and organized resistance. May I make known to you my views on this matter?"

"My father and I have both found great pleasure and enjoyment in years past, in viewing these comedies. The pantomime artistry of Charlie Chaplin was undoubtedly the product of genius. I am old enough to recall some scenes from the 'Gold Rush', and in particular the one dealing with the eating of shoes. If I recall correctly, the faces were eaten as macaroni.

"On thinking back, it is impossible for me to see any political significance or subversion in these films. I fail to appreciate that any harm will result from the viewing of these; that any of us will be contaminated, or that the meek little character portrayed by the star is symbolic of world revolution. Were it possible to substitute these classics for most of the trash now shown on television, I am certain that I would prefer that my children were exposed to the former.

"The sincerity of Chaplin's critics is not questioned, nor their right to hold him in disrepute for his political views. It has been said that no girl ever got into trouble by reading a book. It is of course more doubtful that we will be subverted by old Charlie Chaplin comedies. Chaplin's critics would have us believe that our freedom depends on denying to ourselves the cultural heritage of the American film industry, such as it is. This is utter nonsense. The sole criterion of any achievement should be objective. Is it good, or is it bad? The advances in our own arts and sciences have only been made possible by our adoption of the achievements of others. We have no field of endeavor, no profession, nor any culture which is founded on purely American heritage. To forego the advances and benefits to be derived from any creation on the grounds that the creator is persona non grata is the epitome of stupidity.

"To the critics of the Library Board I say, 'Go soak your collective heads in an old Sputnik,' Rubinstein concluded.

The HERALD also received a letter in favor of the Chaplin program, addressed to the Library Board by Robert Sklarz, of 14 Amherst Rd., Hicksville, publication of which is delayed by lack of space.

FRIENDS APPLAUD

"A wise decision" was the term used by Mrs. Emil J. Szendy, President of the Friends of Hicksville Library, when she was contacted by the HERALD following the announcement of the cancellation of the films, "and now let's hope (the Library Board) will really do something to improve the library services."

She said in the past weeks much comment has been made on the lack of books and the "poor reference" section of the Library, and "since these things are of major importance to a well rounded library program" she voiced the hope that in the future more emphasis would be put on the services and less on art programs and the like, by the Trustees and the Library director.

The new date for the teenage musical, "Around The World In 80 Days", which the Post is sponsoring, is set for the nights of Dec. 9 and 10, at the Hicksville High School. The adult parts are up for casting now. How about you? Are you stagestruck? Come around and lend a hand and make Winston Churchill's famous remark we miss in this case. Last Sunday we made our annual visit to Kings Park, along with the Auxiliary, and helped to distribute some 1959 goody bags. To those who missed this trip and to those who have never made it: Try to make it next year as the load gets bigger and bigger each year. Particularly in 1959 when we must have a crew of at least 50 to do this job and do it right. It seems that no matter when we go to Kings Park, we always wind up with some rather mean weather. Either rain or snow. It's always pleasant to return to the clubhouse after these visits and enjoy a snack and some refreshments and everyone feels they have done their best to head a sick and disabled comrad (the one of the four cardinal principles of The American Legion).

Later in the afternoon, we had the Legion's Staff Photographer, Dick Softy, come in and take the pictures of our available past Post Commanders, all of whom are invited to be present. We had 19

We need one badly, and immediately, immediately, immediately. How about your dues for 1959? Have you paid up yet? Don't wait! I hope by this time, every member has his copy of the Post directory, if you find any errors, please let me know about it now. I'm now working on the SPRING edition and I would like to make the corrections now. Why is it that second generations of anything, never seem to measure up in accomplishments as #1 generation. Perhaps its the old story of being born with a silver spoon? Or do the flames of desire burn higher when there is no past history. Famed arch frame roof of new Penn Fruit Food market under construction near the corner of South Oyster Bay and Old Country Roads on Hicksville-Plainview boundary collapsed in slow motion, Tuesday morning. Damage was unofficially estimated at \$50,000 and cause was tentatively determined as a parted guide wire with the

face of high winds. Four workmen were injured, none seriously, in their fall from the 20 foot arch. They are Thomas Schmetzer, 43 of 221 Duffy Ave., Hicksville; Albert Clary, 67 of 4304 Ludwick Lane Bathpage; Gustav Zorn, 60 of Elmont; and Walter Clegg, 26 of Floral Park. Local Penn Fruit officials were unable to say when the new market is scheduled to be opened.

JOINT STATEMENT to Birchwood Residents

The following joint statement is made by Fred J. Noth, publisher of the Mid-Island Herald; Editorial Board of The VILLAGER, and Board of Birchwood Civic Association at Jericho:

"Whereas expenses have increased in both the publication of the newspaper and the operation of the various functions of the Civic Assoc., provided subscriptions to non-members of the Civic Assoc. will be discontinued as of the first day of December, 1958.

The publisher of the Mid-Island Herald announces that on January 1, 1959, subscription rate of the Mid-Island HERALD will be increased to \$3.00 a year with single copies sold at 10¢ each. Non-members of the Civic Assoc. can subscribe to the Mid-Island HERALD by writing to The Herald at Box 95 Hicksville, and pay at the old subscription rate of \$2.00 per year or buy their paper at a newsstand at the rate of 5¢ per copy. Members of the Civic Assoc. will continue to receive their paper in the same manner as heretofore.

It has come to the attention of The VILLAGER that many of our residents have neglected to pay their Civic Association dues because their block captains have not appeared to collect such dues. The block captains have informed us that unfortunately they were unable to find residents at home when they call to collect dues.

The VILLAGER strongly suggests that residents desiring to become members forward their \$5.00 dues to George Frankel, 226 Fountain Lane, Jericho, or phone Mr. Frankel at WE 5-8655 who will advise you as to the name of your block captain. Payment of your \$5.00 dues will make you a paid up member until March 31, 1959.

The VILLAGER urges all residents to become members especially in view of the fact that as of Dec. 1, 1958, The VILLAGER will no longer be mailed to non-members of the Civic Assoc. The VILLAGER has approved the above action because the increased cost of operation no longer permits the unpaid delivery of the paper. It is our sincere hope that the residents of Birchwood find our paper both interesting and informative, and therefore will continue to make certain that they receive their copy of the paper.

Bayside Carting Capitulates

Dr. M. Lawrence, Chairman; Public Safety

An extreme emergency was finally remedied by the most effective method. This was the threat, backed by the Town Attorney's Office, to put Bayside Carting out of business unless he, Mr. Manzone, rectified certain unethical business practices used on members of our community.

Edward Poulos, Deputy Town Attorney, was most helpful in making the necessary arrangements to send the special delivery letter to Mr. Manzone. Arrangements were also made with the Health Dept. and the

Town Sanitation Dept. to collect accumulated garbage and other matter if Bayside were to foolishly disregard this warning.

Mr. Manzone, or his bookkeeper, may be reached at PI 6-1184. If he fails to keep up proper collection, the Town Attorney's Office is ready to follow up on the letter of Oct. 29.

As of Jan. 1, 1959 the Sanitation Dept. of Oyster Bay will pick up in Birchwood. The bill, amounting to \$2.50 per month, will be directly attached to your tax payment to Oyster Bay.

Meadowbrook Causes Irritation

AS TOLD TO GILBERT B. STEIN

By Dr. Martin Lawrence

Meadowbrook Carting Co. arbitrarily and without notice to our residents stopped pickup of garbage in our community last week. This Birchwood families under contract with Meadowbrook, were exposed to the same type of inconvenience and health hazard as has been Birchwoodites under contract with Bayside Carting several weeks before.

Dr. Martin Lawrence, Public Safety and Health Chairman, Birchwood Civic Assoc., had been told by word of mouth that all of Meadowbrook's collection equipment had broken down Nov. 5 or 6. A strongly worded telegram was dispatched by Dr. Lawrence on Thursday Nov. 6 to William Cullen, owner of Meadowbrook Carting, asking for immediate resumption of pickup. Dr. Lawrence also advised Meadowbrook Carting that

The Civic Assoc. would take appropriate action with local authorities.

The Dept. of Sanitation of the Township in response to this emergency did a magnificent job in responding immediately to our communities problem. Friday and Sat. Nov. 7 and 8, Emergency Crews picked up refuse throughout Birchwood. Thanks to the Civic Association's Block Captain System, the community could be notified of this promptly.

Dr. Lawrence has been advised that Meadowbrook Carting is in the process of resuming pickup at the time this article went to press. The VILLAGER has learned that the Civic Assoc. through its Board of Directors and appropriate Committees will cooperate with the Nassau County District Attorney's Office in an investigation of this situation.

Dooley Makes Thrilling Hit

By Gilbert B. Stein
Villager Drama Critic

George A. Jackson School Auditorium hosted two performances by Dooley the Clown and his company Prof. Knickerbocker, Saturday Nov. 8. Both performances sold out well in advance, and the SRO, proved to be

an unqualified success with Birchwood's younger set.

Artistically speaking, Dooley and pal cannot possibly qualify as top rate entertainment, yet, audience reaction in terms of laughter, applause and general hilarity proved that the Jackson School PTA, had picked the right vehicle to make this one of the happiest Saturdays ever for its enthusiastic audiences.

Slapstick comedy, magic tricks and an audience participation quiz (continued on page nineteen)

Birchwood Breaths Easier at 30MPH

Dr. M. Lawrence,
Chairman, Public Safety Comm.

Oyster Bay and Nassau County officials met with the State Traffic Commission on Oct. 30 and 31, in Oyster Bay. The purpose of meeting was to consummate a plan for an overall traffic speed limit in the Town of Oyster Bay. The existing speed limit was 50 MPH except in posted areas. Our community fell into the general 50 mile zone.

In the past, our committee met with Oyster Bay Township officials on Oct. 16 and then travelled to Albany to talk to the State Traffic Commission on Oct. 28, to help facilitate the setting of speed limits in our area. Both Councilman Peter Alsop, chairman of the town board's public safety commission and Burke, assistant director of the state traffic commission agreed that Birchwood at Jericho needed a 30 MPH speed zone. In view of the common opinion held by these two gentlemen, we obtained a commitment from that regardless of whether or not the state and local officials could

agree on a general speed limit for Oyster Bay Birchwood at Jericho would receive its 30 mile zoning. Fortunately for all of Oyster Bay Township, agreement was reached on 11 specific roads, representing points of contention between local and state officials.

Councilman Alsop advised us that the State Traffic Commission is now in the process of drawing up the necessary papers to make this ruling official. In a matter of weeks the town board will finish posting over 500 signs throughout Oyster Bay. Mr. Alsop also informed us that a public notice advising of a forth-coming hearing will appear in the newspapers proposing to amend the Jericho Parking Ordinance to include full stop signs on Birchwood Park Drive and several additional locations in our community. Our request for a female traffic officer to patrol the entrance to the Jackson School is under study.

We impressed upon Councilman Alsop the importance of this in view of the coming bad weather.

Block Capt Wives Meet Emergency

By George Frankel

Frankel, wife of the Administrator of Block Captains.

These women, together with Mrs. Phil Levitan, called all 41 Block Captains' wives to alert their respective blocks. The Block Captains' wives met this challenge immediately, and despite the overwhelming pressure of the lunch-hour routine, all of Birchwood's garbage was ready-at-the-curb within minutes of the call!!!

We wish to compliment all the women involved for their clear thinking and prompt action in rising to meet this emergency so efficiently. The Block Captain System has once again proven its value.

Happy Time With 'Happy Time'

By Al Ross

A week or so ago I was introduced to a wonderful French-Canadian family, the Bonnards. I was attending my first rehearsal of the Jericho Players' latest venture, "The Happy Time."

Papa, Maman, Bibi, Desmond, Mignonette, Louis, Grandpere and Felice enthralled me with their warm-heartedness and understanding.

Birchwoodites, Director John Breiter, is skillfully leading the very talented cast (this reporter excepted) towards another hit show for our Birchwood thespians. We all remember "Anniversary Waltz"

and the wonderful cast that made that play a success. Many of them are in "The Happy Time" including Dale Berg, Jerry Neuhaus, Barry Jeffreys and Blanche Karpel; and at this point it looks like they will surpass themselves.

At first I was only amused at the antics of the Bonnards and the lightness with which they treat the subject of sex. But this is not just a comedy. Through all the hilarity and lusty laughter comes a somewhat derided phrase a moral. This is best described by Papa in one of the most memorable scenes in the (continued on page nineteen)

Albany Safari

By Gilbert B. Stein

When the speed limit of 50 MPH in our community is reduced to a reasonable 30 MPH, a small part of the credit must be given to residents Dr. Martin Lawrence, Chairperson; Allan Kaplan, attorney; and Gil Stein, business executive.

These three members of the Board of Directors of our Civic Assoc. decided to forgo their usual pursuit of the almighty dollar for one day last Tuesday, Oct. 28, and pilgrimage to Albany, on behalf of 5000 fellow Birchwoodites.

Our safari had been well planned in advance. Dr. Lawrence, chairman of public safety of our civic assoc., contributed his professional services by checking his fellow travelers pulse and heartbeat at every hot shoppe and service station along the fabulous New York Turnpike. He was also in charge of garbage disposal and took care of the sanitary elimination of Gil Stein's innumerable cigar butts. Attorney Allan Kaplan was in charge of the legal aspects of the trip. With the help of well trained eagle eyes, we gratefully acknowledge his invaluable assistance in locating traffic police cars along our 400 mile trip. His timely warning enabled our expedition to progress at a rate of speed commensurate with the importance of our mission. Lastly, Gil Stein, business executive and doubling as chauffeur, made his presence felt by carefully noting down in a set of double entry books, all expenses incurred on this trip.

The Birchwood delegation left home territory at 6:30 A.M. and made good progress in spite of an all day drizzle. We were well equipped with charts, data and a sense of urgency which nevertheless permitted us to stop for a hearty breakfast along the way and a delicious lunch after our mission had been accomplished. One of the most important pieces of evidence which we left with high officials of the State Dept. of Traffic was a copy of the famous George Frankel map of Birchwood. The assistant director of the State Traffic Commission called into emergency session the entire cartographical division of the State of New York to interpret this document, which by now, no doubt, is being looked upon by the State as a milestone in the science of map making.

The Birchwood delegation returned home at about 6 P.M. Tuesday and agreed unanimously that state, county and town governments are made up of many wheels which grind, slowly perhaps, but continuously to be sure. In summary, the committee felt that it had done a yeoman's job in learning who is who where and why. For further details, please see elsewhere in this issue!

Stephen Roseman of Maytime Drive just celebrated his 15th birthday. Many happy returns to him from his family and friends.

Mr. and Mrs. Richards and Sons just returned from Montego Bay in Jamaica. For these lucky Maytime Drive residents we say, last year Nassau, this year Jamaica; that's the way to live.

Welcome home from a European visit, to Adrian Frankin of 37 Magnolia Lane. Adrian visited her folks in Belgium and took a look at the Worlds Fair. The Catholic Daughters are glad to have her back.

A few boys were playing in the wooded section along Village Drive with their make believe guns. They were visiting a Village Drive resident. Along came three older boys on their bikes and beat these small children and stole their guns. The mother of one heard their screams and came running just in time to see the older boys fleeing and saying to each other "We'll tell our mothers we found these guns if they ask us where we got them". The mother of the younger boys phoned and asked us to please beg these parents of the older boys if they see these guns around their house to ask them where they got them from. Are our children to be terrorized by bullies?

Happy Sweet Sixteen to Carol Falzak of 73 Village Drive.

Get well wishes to Otto Bagik of Maple Lane and Zita Hameys son of Middle Lane.

Dooley Makes Hit

Continued from Villager fr. pg. 1. (Shades of 21) combined to give our youngsters a most enjoyable hour of entertainment. Congratulations to our Jackson School P.T.A. for having had the foresight to plan an arrangement, with a minimum of expense such delightful diversion for our youngsters. In summary, speaking for Young Birchwood, we say: Pretty please P.T.A., let's have more of same real soon.

Our best get well wishes to the popular Irving Cam. Hurry Irv, the kids at Jackson School need you back surviving their rec program.

Happy Time

Continued from Villager fr. pg. 1. His adolescent son Bibi is infatuated with problems of love, sex and desire. Papa clarified him with delightful, simple and wholesome assertion of the difference between love and desire; assuring him that one without the other is evil, but when they go together—then it is good. "That," he says, "is the greatest love of all. I know. We live it here in this house, Maman and I."

But then, all the Bonnards are individually wonderful and gay, though somewhat disreputable; and you will take them to your heart as did Richard Rodgers and Oscar Hammerstein, who originally produced the play in 1950. It was a smash hit and ran for over 600 performances.

I hope to meet you all at the Sunset High School, Nov. 28 or so that I may introduce you to all the lovable, warmhearted affectionate Bonnards.

All seats are reserved and going to, so go see, call, or write manager Gil Stein or you'll be mb out of luck.

Civic Directors Cover 13 Points

By DAVID A. MARK

At the meeting of the Board of Directors of Civic Assoc. the following was noted:

A representative of the Diner-McKinley Oil Co. offered, to all members of the Civic Assoc. block contracts for fuel oil. These would include a 2 year service contract on parts and labor. It would include all burner parts and would provide for an annual vacuum and clean-up job and a 1/2 cent discount per gallon. This led to a discussion of the possibilities of Civic Association discounts on many products. The town planning committee will investigate and report.

The education committee will investigate the report that one or possibly two new schools are contemplated for the Jericho District. This would result in a probable tax rise. Larry Gibbs was nominated to become a member of a citizens advisory committee to the Jericho School Board on new school construction.

The education committee (Syosset Area) advised that school principals now have the authority to determine which children may or may not eat lunch in their schools. The committee will investigate the effects of this ruling on the children who attend the Robbins Lane School.

A telegram was sent to the Town Clerk opposing the grant of a special permit to Helen B. Summers to erect and maintain garden apartments. Such construction would be in violation of master zoning plan, cause overpopulation of schools, and change present character of community.

An appropriation of \$75 was advanced to the Civic Art League, which has a deficit of \$86. The League has a registration of about 50 students. The Board directed that a differential in fees to join the League be established for Civic Assoc. members and non-residents of Birchwood Park. This, plus the rule that residents of Birchwood Park who aren't members of the Civic Assoc. are ineligible to join the League, will be included in the League's constitution. A vote of confidence and thanks was given to Jean Rosenthal and Al Ross for their efforts in establishing the Art League.

Gil Stein, VILLAGER Editor, reported on the telegrams sent to Gov. Harriman and Nelson Rockefeller asking what they would do to alleviate speed and traffic conditions in Birchwood Park. (Further reports elsewhere in this issue.) A motion was passed to limit VILLAGER subscriptions to Civic Assoc. members only. Others may

buy the paper at newsstands or order direct from the publisher.

The Traffic and Public Safety Committee reported on its efforts to improve traffic conditions. At a meeting with Town of Oyster Bay officials steps were taken to provide full stop signs at the most dangerous corners in our community. The possibilities of zoning Birchwood Park as a populated area, requiring a 30 mile per hour speed limit, are being investigated. The committee had made a request of local officials to place a policeman at the Broadway-Hicksville Road entrance to our community from 7-8:30 A.M., and also to place a female traffic guard at the Jackson School crossings. Local officials will request surrounding factories, stores, business establishments etc. to ask their employees to stop using our streets as main arteries.

The Board of Fire Commissioners has approved the use of the Old Jericho Fire House for meetings on 5 nights and 3 afternoons per week.

The Youth Committee reported a registration of 250 children. It is still short of supervisory personnel. The committee asked for and was given an additional appropriation of \$100.

Gil Stein reported that a sell-out was expected for the Nov. 29 performance of "The Happy Time", but that some good seats were still available for both the Nov. 28 and Nov. 29 showings.

Charles Kraft reported that the Civic Association had a bank balance of \$2430.17.
