## Requests for School Holiday Lincoln's Birthday Increasing

The Hicksville Organization for Public Education in a letter to the Hicksville Board of Education, read to the Board by Morton I. Cohen, president of the association Saturday, urged the School District to reconsider its intention of having class sessions in Hicksville on Feb. 12, Lincoln's Birthday.

During recent months other organizations and individuals, including the Friends of the Library, have written asking that Lincoln's Birthday be reinstated as a school holiday.

The Mid-Island Herald some weeks ago published the full text of a statement by Dr. Wallace E. Lamb, superintendent of schools, explaining the reason for holding school that day. The Board of Education, in setting the school calendar for 1958-59, had accepted the recommendation of Dr. Lamb to keep school open on Feb. 12.

President Cohen's comments follow:

"The Hicksville Organization for Public Education wishes to express to you, and each member of the School Board, its deep sense of disappointment concerning the decision to have classes Feb. 12, 1959, and so not to honor Abraham Lincoln in the traditional and most appropriate manner.

"Our deep regret stems from the fact that no other individual in the history of our country has the stature, nor embodies the human and cultural values, nor is the ideal image we wish to perpetuate among our children (and adults) than this man.

"No matter what reasons are given for opening the classes on this day there can not but be the

MECHANICAL FOUNTAIN displayed in Fred Walters Liquor Store at F.W. Marie St., Hicksville, for advertising purposes resulted in an unexpected windfall for the Salvation Army. "Dear Jean", long established feature of the Mid-Island HERALD, upon observing the gimmick suggested that folks toss coins in the fountain for good luck. In no time at all the suggestion resulted in a sack full of coins...

Left to right, behind the fountain, are Johnny Val, manager of the Liquor Store; Fred Walters, proprietor, and Frank Chulofsky, local chairman of the Salvation Army. ## Pynchon Succeeds Sullivan As Town GOP Chairman

A four-day sensation for the daily press regarding Republican party leadership came to a sudden halt Tuesday, when the Oyster Bay GOP

Executive Committee by unanimous action with all members voting named Thomas R. Pynchon of East Norwich as Town Chairman and Leader.

Pynchon, who is Town Highway Superintendent and has been a GOP committeeman for 14 years, today announced the persons he has called upon to serve as an advisory group for him. They are Leonard W. Hall, former National GOP Chairman; Charles E. Ransom, vice chairman of the Town Committee and former Town Supervisor; County Clerk Ernest F. Franke who was suggested for leader but declined, and Joseph Colby of Plainville.

Michael J. Sullivan, former Town Attorney who had become Town Leader last August after serving for several years as vice chairman, resigned as leader, chairman and member of the GOP executive committee effective Tuesday. Reports that he planned to resign to devote his time and energies to his law practice and his family had given rise to a series of newspaper articles, over the weekend.

Bruce Pearsall, Massapequa leader, and Assemblyman Edwin Fehrenbach, Bethpage leader, voiced their unanimous approval of Pynchon's selection and said flatly they would not seek a meeting of the Town GOP Committeemen to resolve the question. It was stated, after the executive meeting Tuesday,

# Merit Scholar Attends Muhlenberg College

ALLENTOWN, PA. — A \$690 contribution to Muhlenberg College in recognition that tuition does not cover the expense of a student's education was presented today by the Sears-Roebuck Foundation.

The Cost-of-Education-Grant "matched" a Sears Foundation Merit Scholarship awarded last summer to Patricia E. Pearce, daughter of

Mr. and Mrs. John H. Pearce of 40 McKinley Ave., Hicksville. Miss Pearce is a freshman at Muhlenberg.

The gift to the college was presented to Dr. J. Conrad Seegers, Muhlenberg president, by Charles Raab, the Sears-Roebuck manager locally and area representative of the Foundation.

At Muhlenberg, Miss Pearce plays the flute in the College Band and is active in the Science Club. She is taking the B.S. course in preparation for a career as a science teacher.

A graduate of Hicksville High, she was a member of the all-school council and an officer in the band. She also acted in the senior play. The Sears-Roebuck four-year

scholarship was presented by a Levittown foundation representative at a dinner in Miss Pearce's honor at the Sky Island Club. The affair was attended by her parents, the school's two guidance counselors and principal, and the assistant superintendent of Hicksville schools and their wives.

Miss Pearce was selected for the scholarship among many competitors following two written tests, College Board examinations, and a personal interview. She chose to enter Muhlenberg "because of the excellent science courses," she said.

## Six Students Get Ham Licenses

Part I of the test consists of sending and receiving International Morse Code at the rate of 3 words per minute. Part II is a radio and electronic theory test.

Mr. and Mrs. Pynchon have three children.

Sullivan, member of the law firm of Sullivan and Corcoran in Hicksville, in his resignation wrote: "I must make the decision that, for me personally, the demands of political activity cannot be reconciled with my obligation to support financially and give my time to a family of growing children and I, therefore, tender to you my resignation as Chairman and Leader, effective immediately."

Charles E. Ransom of Sea Cliff remains as vice chairman of the Town Committee and David Welsh of Farmingdale as treasurer.

### False Fire Calls Up to 3 in Week Mothers Meet Next Monday

There was a slight decline in the number of alarms and ambulance calls answered by the Hicksville Fire Dept. during the week of Jan. 14, 1959, compared to the previous week. However, false alarms are on the increase again, three being turned in during the period. In addition there were three ambulance calls.

The third false alarm of the period occurred on Jan. 15 from Elm and Hospital Sts.

Mr. Dorothy Erickson of 15 Story Lane was taken to Mercy Hospital, Rockville Centre, by Fire Dept. ambulance on Jan. 17. Later that day an ambulance transported Edward J. Hitebury, 51, of 16 George St. to St. John's Hospital, Bethpage.

## HERALD READER OPINION

## TRAFFIC CONTROLS

To the Editor:

I should like to compliment you for your excellent article on the need for traffic controls along Broadway. At the same time, as a life-long resident of Hicksville with a keen awareness of local conditions, I should like to call your attention to another dangerous intersection down here near my place where traffic controls are urgently needed, that is at Old Country Rd. and Wantagh State Pkwy.

This is the most dangerous crossing I have ever seen (The danger to life and limb is tremendous).

I have at least a dozen times been scared stiff as I approached this intersection as cars come shooting out from three other directions. Why no traffic light has been put there is beyond my comprehension. There have been scores of traffic accidents there already. That no one has been killed there,

to my knowledge anyway, is a miracle.

I have my place of business on Old Country Rd. and the way the cars speed past my place I hold my breath in the hope that when they get to this death trap, they will have the presence of mind to slow down.

It seems a real tempting of fate to leave this intersection unprotected.

## The Unsung Heroes

To the Editor:

For the past few years there has been an organization that has worked for the benefit of our school, Hicksville High School, but has received virtually no recognition or show of appreciation on the part of the Student Body. When you go to basketball games at the school and buy refreshments, it is the Booster Club which sells those refreshments and helps out at the games. Their enthusiasm never wanes and they are untiring in their efforts to keep the school spirit alive. After the game, it is the Booster Club which sponsors those dances. If you are a member of a boy's athletic team, or a member of the school band, you undoubtedly remember the dinner given you in honor of your participation. It is a memorable event of your school year for they make each member feel that he is a star.

The President of the Booster Club is Herb Workstell. Some of you know his son, Larry, who is treasurer of the Key Club. Sidney Ertlitz is Vice-President. Secretary is Joe Naso, we all know his son Joe, who is an active participant and star on the football, basketball and baseball games. Henry Cierski is the club's treasurer. The Dinner Chairman is Charles Nyren, whose son Peter played on a championship basketball team a couple of years back. Gene Burke rounds out the club's officials. Mr. Burke is in charge of membership. By the way the club is looking for new members. If any parent feels that they would like to improve the community better, the Booster Club would be an excellent way of helping out.

## GERTZ FEATURES DREXEL'S SUN COAST

SUN AND SEA are reconciled in Drexel's genuine Cherry Sun Coast, a compact collection by the young California design team of Stewart MacDougall and Tip Stewart for bed, dining and living rooms.

It all began with an early American sea chest, which has been updated in terms of function and the combination of materials, such as aluminum, glass, anning and plastic. Each case has been deftly proportioned to hold solve space and storage problems.

The designers' hallmark - fresh, simple, unrehearsed scale and lines - is implicit in Sun Coast. Typical of the simple lines and fresh approach are the golden anodized aluminum bases. The golden bases make the cases appear to float in the air. For those who prefer an alternate, wood base is available for all cases. ## Manetto Hill P-TA Hours Specialist

The first meeting of the new year held by the Manetto Hill P-TA proved to be an outstanding contribution to the enlightenment of the membership as to the role of the "special teacher" in the school. The specialists there to present and explain their individual position and job included the school nurse Mrs. Appleman; librarian, Miss Kivett; art teacher, Miss DiBianco; girls gym, Miss West; music, Miss Mascarelli and speech, Mr. Sachs. Each proved to be well suited for his particular specialty.

On the subject of safety suggestions were called for on any safety hazards that exist or might be forthcoming in the completion of the new schools. Mrs. Martin Dolan will accept these calls at WE 5-5580. Coffee and cake were served by the third grade mothers of the P-TA.

# Personal Mention

Congressman STUYVESANT WAINWRIGHT who represents the Mid-Island area elected to two major Committees this week by the House of Representatives. Wainwright, already a member of the Education and Labor Committee, was the only Republican added to the powerful Foreign Affairs Committee. He had tried for the Rules Committee but said he was blocked by the conservative forces on the grounds that he was a "Rockefeller Liberal".

Wainwright added: "Foreign Affairs and Labor are the two major questions for the coming session of Congress. I feel this is the best break I've had since coming to Congress".

HOWARD M. PLANT, president of Metalab Equipment Co. on Duffy Ave., Hicksville, has been re-elected for a term ending Sept. 1959 as a director of the Long Island Assoc. representing Nassau County. HENRY BLACKSTONE, president of Servo Corp of America, which is now building a new plant on New South Rd., Hicksville, was elected a director for a term ending in 1961.

STANLEY ROSS, who may be remembered by some Hicksville residents as the one-time advertising manager for a local newspaper (going back about 20 years), got some prominence as the result of the New York City newspaper strike. Stanley is editor in chief of "El Diario de Nueva York", Spanish language tabloid. Starting with the first day of the strike, the publication began producing two pages of news in English plus the captions of all pictures in both English and Spanish. "El Diario" is billed as the largest Spanish-language newspaper in the United States and the largest Spanish-language newspaper in the United States and the largest foreign paper in New York. Its distribution was not involved in the recent strike.

ROSS was with the Centre Island News when ED REDMOND was the publisher and FRED J. NOETH was the editor.

OYSTER BAY TOWN OFFICIALS who addressed the Birchwood Park at Jericho Civic Assoc. general meeting last Thursday were, from the left, Councilman Henry McInnes, Sanitation Superintendent Louis

Kappstatter, Town Clerk Henry M. Curran, Town Supervisor John J. Burns, Councilman Benjamin Zipper and Deputy Town Attorney Edward Poulos. See accompanying report of the meeting. (Exclusive VILLAGER photo by Allen C. Lyon).

## Residents Meet Tobay Officials

BY DAVID A. MARK

The general membership meeting held at the Jackson School on Jan. 15 introduced several Town of Oyster Bay Officials to our residents. Their immediate familiarity with our community problems was most apparent to the audience.

A question and answer period indicated that our Town government has a working knowledge of our difficulties with the problems of traffic and speed control, zoning, garbage collection and disposal, police protection, and education.

Benjamin Zipper, Town Councilman, told us that the Town was over 300 years old, or considerably older than the United States. It extends over an area of 108 square miles, from the north shore to the south; and to quote an apt phrase, Town residents can "hear the sea and see the sound". Mr. Zipper discussed the growth of the Town from 1928, when a preliminary zoning ordinance was first established, to 1953, when new maps and revisions were made. The accelerated growth (due mainly to developments) from that year to the present, included the hiring of Community Planning Associates about 18 months ago.

His group, working from an objective point of view, undertakes an overall study of the Town's needs and growth, and recommends courses of action in terms of planning future land use and zoning. As part of the study, a new Town-map is being readied for acceptance in two months and is designed to aid in the orderly development of the Town of Oyster Bay.

Henry M. Curran, Town Clerk, described the close relation of the Clerk's office to the Town residents. Manifestly, his work extends in many directions. Mr. Curran is custodian of all Town records. He is Clerk to the Town Board and works closely with the Supervisor and Town Council. He is also keeper of Vital Statistics, and at one point, Mr. Curran entertained the audience with an amusing (and interesting) vital statistic. Indicative of the Town's growth are the birth figures in the Town's only hospital, the Mid-Island in Bethpage. Just a few years ago, 60 births a month was the average. In July (considered the "slowest month") of last year, Mid-Island Hospital alone recorded 367 births. Obviously, the Town's growth from

## HERE AND THERE

By Florence Berger

On Monday evening last, Mrs. Muriel Cossove of Birchwood Park graciously played the part of hostess to 71 men and women of the Jericho Chapter National Cystics Fibrosis Foundation. Not only did she donate her lovely home, but she cooked and served a complete dinner to the members and their husbands—a dinner that the finest restaurant would be proud to serve. And at her PERSONAL expense. Mrs. Cossove set up her home to rival the intimate dining found in places like Chambord—with candles on each table. The members of the chapter served as waitresses and a prettier group was never seen. Eleven women were so impressed with the aims of the Foundation that they joined the Jericho Chapter.

Congratulations to Mr. and Mrs. Nathanson of Bounty Lane on the engagement of their daughter Barbara to Ronald Bloom of Rockville Center.

Get well wishes to Mrs. J. Harry Pincus of 15 Maytime Court.

Well the Rabbi of the Reform Temple Or-Elohim has finally done it. He's become formally engaged to lovely Marilyn Katz of Philadelphia. Rabbi Paul Leveeson is his name. His Congregation is thrilled and wish him all the luck in the world. Feb. 22 is the date set for the wedding.

Happy Anniversary to Mr. and Mrs. Irving Weiner of Flower Lane on their silver wedding. Irving is sporting a new moustache for the occasion.

On Wednesday, Jan. 7, the Antonian Society of the CDA met at the home of Mrs. Charles Mazzarisi on Hazelwood Drive. Arrangements for their past Dinner Dance at the Las Vegas on Jan. 10 (which by the way was a big success) were made final then. A new entertainment committee was chosen and plans were discussed for spring months ahead. The meeting was extremely well attended and after introducing several new members, diets were abandoned and all enjoyed the delicious delicacies served. The next meeting will be held on Thursday, Feb. 5, at the home of Mrs. Anne Saltta at 146 Birchwood Park. Dr. at 8:30 p.m.

Thanks go to Doris Bernstein of

38 Forsythia Lane who opened her home to a regular Meeting of Jericho Chapter of Hadassah on Wednesday afternoon, Jan. 14. The White Elephant Sale was quite a success. Guest speaker was Kadimah President (Hadassah) Florence Gallary of Hicksville.

The Card Party of AHRC at the Jericho Fire House, was a smash success. They raised in the neighborhood of \$500. That's some neighborhood to be in. All clear profit. Food was plenty. A good time was had by all. Don't forget Feb. 14 the Valentine Supper Dance. For information and tickets call Mrs. Walters at WA 1-3006.

A 50th wedding Anniversary was celebrated by Mr. and Mrs. Kahn of 54 Hightop Lane. The Kahns are parents of Pearl Abrams of same address.

## Our Special Election Issue

On Saturday, Feb. 7, at the George A. Jackson School, the Civic Association will hold its annual election. As has been its custom in the past, THE VILLAGER, in this issue, presents a photo and a brief resume of each candidate for office. We urge our readers to use the information contained herein to acquaint themselves with the qualifications of each candidate, so that when they come to the polls on Feb. 7, they will be able to cast their ballots for the candidates they feel are most capable of serving the best interests of the community during the coming year.

The Editorial Board and Staff of THE VILLAGER are most happy to provide this service to members of the Civic Assoc. We would like to express our deep appreciation to our publisher, Mr. Fred J. Noeth, of THE MID-ISLAND HERALD, for his co-operation in making this issue possible. And a special bouquet to our staff photographer, Allen Lyon, without whose patient thoroughness we would not have had a picture of each candidate.

## EDITORIAL

### Matter for District Attorney

Our garbage collection problem appears finally to be solved now that the Town of Oyster Bay is making the collection. However, the annoyances, aggravation and threat to our health caused by the private collectors still lingers in the minds of our residents. Both Bayside and Meadowbrook failed to live up to their agreement and gave us horrible service during the month of December. As a matter of fact, Bayside actually discontinued the pickup of garbage during the last 2 or 3 weeks of December.

"THE VILLAGER" feels that action should be taken against both Bayside and Meadowbrook for their failure to pickup the garbage after receiving payment from our residents. We urge that action be taken not only because our residents were taken advantage of, but also because we feel that by taking steps against these carting companies families in other areas will be protected.

"THE VILLAGER" strongly urges that the following steps be taken:

(1) The new District Attorney of Nassau County, Mr. Manuel W. Levine, recently stated that he was anxious to criminally pursue of a civil nature. We believe that the action of the two carting companies could possibly be considered for criminal prosecution. We are of the opinion that the carting companies flagrantly misrepresented their intentions to our residents when they obtained money for services which they never rendered. The District Attorney is therefore requested to examine the facts in our particular case and see whether or not a fraud has been committed, which would take the case out of the civil action category and make it a criminal offense.

(2) THE VILLAGER further urges that the Town of Oyster Bay reject any application submitted by either of the carting companies in the event such application for garbage collection is made. In addition, "THE VILLAGER" urges all other towns to consider the lack of performance of Bayside and Meadowbrook before granting either of them a license for carting.

## RESIDENTS MEET

(Cont. from Villager front page)

56,000 residents in 1950 to 270,000 in 1958 was not due entirely to the arrival of us "Johnny-come-latelies".

Mr. Curran's office runs the chattel mortgage department, in which a newly established card index system has eliminated much of the work that was formerly consumed in the search. In addition to all of this, Mr. Curran became Commissioner of Bingos last year. It is from Mr. Curran's office that information

concerning the operation of a Bingo game must be sought.

The final speaker, John J. Burns proved to be a suave and eloquent spokesman. Mr. Burns is the Supervisor of the Town Board of Oyster Bay, and was previously a Mayor and an Assemblyman. His considered statements, and composure, during several trying moments in the question and answer period were indications of an extensive political experience. Mr. Burns is obviously proud of the Town of Oyster Bay, one of more than 900 Towns in New York State. He discussed the separation of administrative duties between Nassau County and the Town. The County, for example, controls the police, the district court system, and the health dept.; and the Town maintains 700 miles of roads, 74 parks, and handles garbage collection and disposal. Within the

Town there are special fire, light, and water districts, and 11 beaches - including a 2 mile strip at Jones Beach called TOBAY Beach. The Town Incinerator at Old Bethpage currently handles 350 tons a day, but can consume 500. The garbage disposal department has 150 men and 50 trucks and services 60,000 homes. Supervisor Burns pointed out that while the average cost for garbage removal in the Town is 45 cents per assessed \$100, our own community pays only 35 cents.

More than 200 men maintain the Town roads, under the supervision of a Superintendent of Highways who is an elected official. \$6000 worth of speed limit signs have been ordered and will be posted by the end of the school term. Every street in the Town will have a speed limit of 30 miles per hour, unless otherwise posted.

## Report on Board of Directors

The Board of Directors of our Civic Assoc has voted in favor of accepting the incoming residents of Birchwood Park at Westbury-Jericho as members of our Civic Assoc.

This decision must be implemented by two things: first, the desire of our new neighbors to join us, and second an affirmative vote of acceptance on the part of the general membership of the Civic Assoc. A motion, that the general membership vote on the affiliation, will be placed as a proposition on the Feb. 7, election day, ballots. This is the day on which Civic Assoc members will elect new officers and a new Board of Directors.

The Feb. 7 general meeting and elections will take place at the Jackson School. Ballots may be provided and food and drinks will be available during the evening. The privilege of voting and enjoying the evening festivities, is for Civic Assoc members only. An appropriation of \$300 was granted to the committee in charge.

The Jericho Education Committee recommended support of the Jericho School Board's selection of a school site in the Birchwood Park at Westbury-Jericho community. The Board of Directors approved unanimously. The Jericho School District votes on this proposition on Jan. 31.

The Syosset Education Committee recommended approval of the new

Junior High School site selected by the Syosset School District. The site is on the east side of South Oyster Bay Road, behind the new firehouse. A meeting on this proposition will be held at the Robbins Lane School on Jan. 21. The Board of Directors approved unanimously. The committee on housing for the Civic Assoc reported a continuing search for permanent quarters.

## Youth Group Gets Authority

BY RALPH DIAMOND

The volunteer assignment system has been set in motion by the Youth Education Committee. The assignment system requires the parents of the youths registered in our youth program to appear on the day and time assigned to them. The assignment system one day last week failed to operate properly because some parents did not appear on the day assigned to them. As a result of their failure to appear, proper supervision and control of the youths was inadequate, thereby resulting in damage to the school property. The damage to the school property caused by the youths registered in the youth program may seriously affect the future of the entire youth program.

Obviously, the school can not continue to graciously recruit our program to continue, if we do not have adequate supervision. The volunteer assignment would assure proper supervision if the parents assigned appeared on the day of their assignment. Most parents have been volunteering as required, but many have not. Those parents who have not appeared will be reassigned and, in the event they

fail to appear again, strong measures will be taken.

The parents must fully realize their responsibility in this matter and must further be aware of the fact that in the event they do not cooperate, their child's participation in the program may be affected and furthermore, the entire youth program may be discontinued.

These are the facts; the balance is up to you, the parent. FLASH - At a special JERICO SCHOOL BOARD session held on Sunday, Jan. 18, the Youth Committee was authorized to suspend the membership of any child whose parent fails to appear on the day and time assigned to him.

## Income Tax Fax

How many exemptions can I claim? Each exemption is a \$600.00 deduction. That is, for each exemption you are allowed to make \$600.00 tax free.

Exemptions determine the amount of tax-free income you are allowed each year, and are devised to make the tax fair between single persons, married couples, and large and small families.

You are entitled to one exemption for yourself. You are entitled to one additional exemption if, on December 31, 1958, you had attained 65 years of age, or if you were blind.

If you were both 65 and blind, you are entitled to two additional exemptions. You are also entitled to exemptions on the same basis for your wife, etou file a joint return.

If you file a separate return, you can claim your wife's exemptions only if she has no income and was not claimed on any other taxpayer's return for 1958.

If your wife or husband died in 1958, the additional exemptions for age and blindness are determined as of the date of death, rather than December 31st.

You are entitled to one exemption for each dependent. Additional exemptions for old age and blindness apply only to you and your wife or husband, not to dependents.

Each dependent must qualify under one of the following conditions.

1. Dependent must have received over one-half of his support from you in 1958.
2. Dependent did not have over \$600 income in 1958, besides what you provide unless the dependent was your child or stepchild under 19 years of age, or if over 19 years of age, a full time student, in which case the dependent child can earn any amount as long as you actually provide over one-half of the cost of support.
3. Dependent must be a citizen of the United States or a resident of the United States, Canada, Mexico, The Republic of Panama or the Canal Zone.
4. Dependent is not claimed by any other taxpayer and does not file a joint return with another taxpayer. For instance, do not list a dependent married daughter who files a joint return with her husband.

## Hebrew School Enrolls Pupils

The Mid-Island Hebrew Day School at 42 Locust Ave., Bethpage, has announced that registration for the school year 1958-59 will be held during the months of January, February and March. The school will have one second grade class, two first grade classes, two kindergarten and a nursery school. To be eligible for admission, children must be three years six months for nursery school, four years six months for kindergarten and five years six

months for first grade, as of Sept. 1st, 1958.

The Mid-Island Hebrew Day School, now in its first year, has been operating successfully with 60 children in two kindergarten classes and one first grade class and 37 children in the pre-school Tiny Tot group.

Jacob Halperin, of Hicksville, President of the organization, has announced that the school is now planning to build an addition of three classrooms and a General Purpose room to serve as lunchroom and auditorium, in order to accommodate the expected high rate of registration.

any other taxpayer and does not file a joint return with another taxpayer. For instance, do not list a dependent married daughter who files a joint return with her husband.

5. Dependents must be closely related to you or be anyone else who meets requirements 1, 2, 3 and 4 above and has your home as his principal place of abode and was a member of your household, even if not related to you.

If the dependent has worked part time and earned less than \$600 in 1958 or was your child under 19, or over 19 a student, and income tax was withheld from such earnings, the dependent should file a tax return to secure refund of the tax withheld.

This will in no way prevent you from also claiming the exemption for the dependent, provided, of course, that dependent meets all five of the above conditions.

If your dependent can qualify in all other ways except that you do not furnish over one-half of his support then perhaps you can arrange with the others who contribute to his support for you to claim the credit anyway under a Multiple Support Agreement - Form 2120.

Sgt. Robt. O. Ulmer Post 44  
Nassau County's First Post

by Jimmy Cooley

"OUT OF THE FOXHOLE".....  
Hi once a year for our weekly report via AMVET ALLEY...all good news should, in my estimation, be put at the top of the list and that's why I am about to tell all you members and old timers that there is a real big time coming at AMVETS Valentine Dance on FEB. 21, which will be held at the VFW Hall, 4th Street and Grand Ave., Hicksville. Tickets are priced at \$2.50 per person, and for a grand time....

This is it. Music will be furnished by TOMMY (Keep on Smiling) CONNORS and his band. Connors incidentally is a post member and the sort of fellow who you always like to have around. On MARCH 21st, Post #44 will hold a ST. PATRICK affair, to be held at the same site and music furnished by the same great outfit. Price will be the same as the previous affair.

SICK CALL...JOHN HICKSON, father of RICHARD HICKSON, member of Post 44 is ill at Meadowbrook Hospital. I know that all the other post members and I wish a speedy recovery for dad. Sorry to hear that ANN ELIASH, wife of former Vice Commander MIKE ELIASH, broke her ankle. Here is hoping it mends soon. By the way, I understand that Mike will be coming around shortly.

THE PASSING PARADE...Jimmy Palmer, former member of Sgt. Ulmer Post 44 a few years back, passed away, a victim of cancer, at YUM, ARIZ.  
BELIEVE IT FOR IT REALLY HAPPENED....Between 1701 and 1714, during the Queen Anne's War a ship was wrecked off the English Coast near West Hartlepool, and the only survivor, a pet ape belonging to the crew was washed ashore on a plank and captured by the villagers. Although the villagers had never seen such a creature, they were not fooled by his clever disguise and outlandish chatter. The following day they had the ape tried by Court-martial, found guilty and hanged....

NEW MEMBER DEPT....Salutations to FRANK FORTUNE, owner of the A & G Plumbing Co. of PORT WASHINGTON. It's nice having you with us fellow, side lights 7 side SHOW....HOWIE BROWN presented his wonderful MOTHER-IN-LAW during the recent festivities. His mother-in-law, gracious MRS. HATTORFF of Richmond Hill, accepted the wonderful gift on one condition...that was if POST COMMANDER JIM (I Usta Box) SURLLESS would present his picture for the frame...Jim said he would. Oh by the way...since the presentation...has anyone seen the seat from the chairman's POT?

HERE AND THERE, EDDIE FARREL sitting and just looking serious. JOE BRADY watching all the Ham eaters on Friday, don't you believe them. JOE, it's plain Lox. And now fellows...with all the world producing rockets, Spurniks, etc., civil wars and strife...there is one thing we can be assured of and that is.... If another conflict was ever to break out again...there is one thing certain...those after us will be facing each other with Bows and Arrows. Until next week then.

# Sport Cars Around Long Island

The Long Island Sports Car Assoc. (LISCA) held the first of eleven scheduled sports car rallies on Jan. 21. The starting point of this event was the parking lot of the Mineola Courthouse and it ended at finish of most Long Island rallies, the Bella Vista in Centertown.

Although Chairman Art Spence took all possible precautions in selecting the route, a difficulty which could not have been foreseen tangled the rallyists up in the beginning. The difficulty—a frozen pond and eager skaters. After surmounting this problem the contestants enjoyed a perfect day and an interesting route along the North Shore.

Basically a rally, as described in SPORTS CAR RALLIES, TRIALS, AND GYMKHANAS is "a form of automotive test in which cars leave a starting point individually, at a carefully recorded time, and are directed to follow a more or less complicated route to a finish—at which point entrants 'rally'." With points set up along the route, the cars must arrive at a specified time and a point is added to the contestants score for each second either for arriving early or late.

The first ten places in the LISCA All Weather Rally were awarded trophies and they went to:

Driver - Navigator	Score
1. Jan Baxter	17
2. Joan Golden	18
3. Snooks Hargrove	28
4. Sue Perron	30
5. Ted O'Rand	43
6. Bob Ridges	45
7. Paul Henton	53
8. Cameron Craig	57
9. Elwood Norden	59
10. Ed Jaehne Sr.	67

Proving that any car can win a rally, Jan Baxter drove a Studebaker.

# School Building Needs Next Topic

Another public meeting will be held by the Hicksville Organization for Public Education which will provide the citizens of the School District with an opportunity to discuss the many urgent problems dealing with school building needs, in the specific areas as classroom scheduling and class size and other educational matters in the light of recent developments.

Invitations have been extended, individually, to all members of the School Board and to Dr. Wallace Lamb, superintendent, to accept this opportunity to give complete information on these pressing problems to the parents concerned over overlapping or double sessions. "It is imperative that the community receive information concerning these matters," (from those) most qualified to give this information," said HOPE President, Morton Cohen.

The meeting will be held next Thursday, Jan. 29 at 8:30 p.m. in the Hicksville Public Library Auditorium.

WILLIAM J. ROBERTS of 11 Libby Ave., Hicksville, is a candidate for membership in Emergency Co. 5 of Hicksville Fire Dept.

PAUL IMHOFF, of 61 Kuhl Ave., Hicksville, with the aid of his brother, BRUCE, placed first in the steam engine division of the Hicksville Recreation Program model train races held recently at Mid Island Plaza.

# the Sportlight

by HOWARD FINNEGAN

Is it true that present Hicksville Kiwanis basketball team, now that it has the sponsorship check safely in the vaults, will take refuge under the wing of another authority so as to be able to run things its own way?

The story goes that the Kiwanis Club itself got assurances early last week that just two out of town players would be used on the team and then in the first league game at Hicksville the floor was flooded with unrelated faces.

We understand that facts of to matter are that the Kiwanis name and cash were wanted and nothing else.

Up to now the hope was that a sense of community pride would prevail but with that not possible you can look for more retirements by the few Hicksville players presently aligned with the club.

We don't like to throw this into the lap of the School Board but we seriously wonder how the trustees of our Hicksville School District can condone the use of the school gym, lights, showers and other properties of the taxpayers of the District by a group that has bare local representation?

On March 27th the Hicksville Faculty and the Hicksville Alumni basketball players will engage in a benefit for the Booster Club Scholarship.

Unlike past exhibitions this will be a straight game between the two factors. In the past the Alumni has teamed up with the Boosters. Now the Boosters only want to stage the game and hope for some serious action. They will undoubtedly get it. Things were pretty brittle the last time the two groups mixed it up under the basket.

This Alumni group will be practically the same as the one that has helped the Booster Club raise considerable funds in the past.

Keep the date open.

The Hicksville Kiwanis was soundly trounced by the championship Floral Park Bomber crew as the Nassau Amateur League launched its season.

Hicksville High fell behind 10-0 against Mineola in the opening minutes, rallied gamely for a 12-10 count and then slipped back for a 53-42 NSAA Section I loss, Friday night.

Mineola had a very impressive player in the form of Art Katz and his ability with the Comet's failure at the foul line (11 of 28) sealed the loss.

Of the 17 foul attempts missed the great majority were of the one and the variety.

The Comets do not play until they go against Port Washington on the 28th floor his Tuesday afternoon. We like Hicksville 55-49.

The gusto of the Hicksville Junior Varsity court team under the guidance of Louis Crandall is attracting plenty of attention.

Last week we related the fireworks of a second half rally and up the young Comets came with one against a very smooth Mineola team.

The County Seat Team lead 26-22 at halftime but the Orange and lack sized home 26 points in the third period to take a 48-32 three quarter lead.

Pinpointing the attack were Richard Solby with 19 points and Jim McInstry with 15. Steve Blust rattled the nets for 13 points.

It was win number five against one loss.

This Friday night we are going to see just how loyal Hicksville High is when the Comet Wrestling team takes on Mineola in the Hicksville gym.

With the basketball team having a day off this attraction needs all the sport it can get. Mineola leads the league and has already disposed of all powerful Farmingdale which in turn handed Hicksville a rounding loss.

However, the boys of varsity coach Bill Roberts have been trying hard build the sport up in Hicksville and deserve support.

And it is not without some highlights despite the reverses already experienced. Robert Otten is taking over the mantle vacated by Ted Greve of turned up for this match with 6-0 decision over Louis Kendall of Buford.

Members of the team are: Tim Conlin, Larry Baraletti, Mike Anselmo, Mike Simon, Bruce Brady, Ivar Bomberis, Bill McBride, Gary Bleck, and Elia and Dennis Foy.

Since the school administration and teachers have held discipline at high standard for all school - run affairs it was distressing to many to see three uniformed officers with badges and nightsticks attending a small dance staged after the basketball game, Friday night.

There were many raised eyebrows and Mineola people went home with unsavory opinion concerning the situation.

For years the Booster Club has served the soft drinks and between faculty and parents have managed dance affairs without the resort to such dramatics.

Some believe it degrades the students and the entire community to have such a condition, however well intentioned.

The battle for top spot in the Holy Family Section of the CYO Bowling League is a real slugfest between the 4 teams fighting for that position, and indications are that the Braves, Senators, Orioles and Red Sox will continue it right down to the last whistle. The Braves continue in top spot for the second week, and lead by a full game, with the Red Sox climbing up to breathe down their necks. The Senators split, and thus dropped to No. 3, 11 1/2 games out of first, while the Orioles dropped all four to wind up sixth, 8 1/2 games behind the Braves.
