## YOUR OPINION:

### Double or Stagger Elementary; Build Addition to Senior High

More than half of the Hicksville residents responding to the MID ISLAND HERALD survey of community opinion regarding public school facilities favor double and/or stagger sessions to relieve the burden in the elementary schools while as high as 60 percent favor the addition to an unspecified number of additional rooms for the senior high school.

The HERALD survey, the first of a periodic series, took the form of a letter addressed to 50 residents with a post card enclosed, posing a series of questions. Those questions were invited to express their views fully in the form of a letter. A sincere attempt was made to address the questions to persons representative of all areas of the community. The assumption was made "the areas state we are near our peak total student enrollment." It then posed the problem on what the persons responding felt the School District should do "to carry us during the peak years". The questions were divided into the elementary level (grades kindergarten thru 6th) and secondary (junior and senior high school).

**PROVN ON BLDG**  
For the elementary area, the results were explicit. Only 13 1/2 percent felt the community should build another elementary school. Thirty per cent felt the district should build more "temporaries" if needed. Fifty-four per cent recommended that the district put elementary students on double and/or stagger sessions to carry the community during the peak years. The highest agreement was found on the question of additions to the Senior High School. Regarding the secondary level, Junior and Senior High 60% favored the addition of rooms to the senior high. 46.6% favored the addition of rooms to the Junior High. Placement of the secondary schools on double and/or stagger sessions won the approval of only 27% with 13 1/2% in favor of each alternative. On the question of purchasing the so-called Willet Ave. site for a school site "in case the district needs it", 40% of the respondents said yes and 53.3% said no. Other possible suggestions to the District thru the peak years.

### Comment About Opinion Survey

One reader questioned in this "opinion survey" felt warning should be sounded: "To draw any conclusions from this type of survey, or to summarize and publish data for others to draw conclusions" wrote Raymond S. McNeill, "could lead to erroneous impressions. The answer card seems to be predicated on the fact that one has a knowledge of Dr. McCormick's forecasts; relative cost of temporary buildings, merits of stagger sessions, etc. This may or may not be true. Those people who have an intensive interest may answer your survey but they are not necessarily a SAMPLING of the residents. These factors, I believe, could easily distort your data".

The HERALD makes no attempt, with this and surveys to follow, to indicate that the returns or answers are the final word from the community. However, in the absence of any other sampled expression of opinion the replies and comments may serve as guide posts. As for the McCormick forecast, this was reported in detail in our issue of Jan. 1st and digested again on Jan. 29. The forecast was also given special treatment in the January issue of "Tomorrow's Citizens", the message of the Superintendent of Schools to the parents distributed to the homes thru all students. — Editor.

### 2,732 Absent on Tuesday

Virus and colds swept the Hicksville public and parochial schools earlier this week. As of Tuesday there were 2,732 absent in the public schools alone due to illness with a total registration of about 11,000. Highest number of absences were noted in the Junior High School with 803 away from classes and another 109 sent home by the school authorities because of illness. School Superintendent Wallace E. Lamb told the HERALD yesterday that experience has shown that this form of seasonal illness takes "two or three days" to run its course in a given school. White the bulk of the illness was concentrated in the Junior High, he found one school in the District had an attendance record for the same period of over 90%.

### Expect Signal On Newbridge Rd

The Chamber has been seeking the control signal for some time and has received the finest cooperation on this and other traffic problems from the Town officials, Caputo said. He also revealed that alternate plans are under consideration by the County and Township for a solution to the traffic problem at Old County Rd., Duffy Ave and the State Parkway bridge.

# Board Grants Holiday: Quarter Of Pupils Out For Sickness

Hicksville Board of Education by a vote of 5 to 1 at a special meeting, Tuesday night, decided to give the 11,000 public school students of the community a holiday today (Feb. 12) in honor of the 150th anniversary of Lincoln's Birthday. For almost one fourth of the student body the holiday was technical: As of Tuesday 2,732 boys and girls were home due to illness or about 25% of the enrollment.

A surge of community opinion burst forth over the weekend when it became apparent the School Board did not plan to reverse an earlier decision in adopting a School Calendar which treated Feb. 12 as just another school day.

A special meeting of the Board of Education was called for Monday night at the High School. When only three Board members appeared (four being required for a quorum), an informal discussion was held with Trustee Arthur L. Elrich presiding. Also present were Robert D.P. Eaton and Robert Goodrich Vice President Herbert Johnson is out of the state on business all this week. Board member Walter Schreiber was delayed in New York by business. Board President Allan Carpenter and Bd Secty Jerry Zettler had previous engagements.

The audience of about 30 persons gave vent to opinions Monday night regarding the holiday observance. Another special meeting was called for Tuesday night at 10: PM (to meet a technical requirement of 24 hours advance notice) with all members present except Mr. Johnson who is not expected back in New York State until the end of this week. The audience was smaller.

### Offers Compromise

Trustee Schreiber, who could be barely heard by the audience in the little theatre of the high school because of a sore throat, proposed a compromise motion. His motion was "that there be school (Feb 12) starting at the regular time and that appropriate assemblies and programs honoring Abraham Lincoln take place the first period of the day and that school be discussed no later than 12 noon." This motion was lost by a 4 to 2 vote. Carpenter and Schreiber were in favor. Opposed were Zettler, Elrich, Goodrich and Eaton. Schreiber then moved that Feb. 12 be observed as a school holiday.

## Pius X Gets Plea for Den Help

The regular monthly meeting of the Pius X Society of St. Ignatius R.C. Church, Hicksville, heard Samuel McCafferty, Cubmaster of Cub Pack #491 stress the need of additional volunteer Den Mothers. He explained that there is a waiting list of 50 boys seeking to enter cub scouting and only the lack of sufficient den mothers prevents from entering. Anyone interested in help may contact McCafferty at WE 5-0715.

Mrs. Patrick Hartnett asked members to continue collecting and donating premium stamps, and announced that the date of the Annual St. Pius Dance will be Friday, May 29.

The Annual Pius X Luncheon held Jan. 31 at Milleridge Inn was a delightful success, enjoyed by some 200 ladies, and the need for bigger reservation is seen for next year.

First Holy Communion dates are set as follows: May 2 for Family Communion, and May 9 and 16 for traditional First Holy Communion. Articles will be on display and for sale at the March and April meetings, also each Saturday 10-11 a.m. during classes.

Mrs. George Brummer, the Society's zealous membership chair-lady, has the membership up to 954, and it is felt that the membership will number 100 by the time of the March meeting. Notices of Entrance Examinations to Catholic High Schools appear in the TABLET.

Father L. Ballweg distributed Honor Awards to the parents of First and Second graders. He also read and discussed the article on "Are Parochial Schools Worth While?"

Following the business portion of the meeting, the membership was entertained by the Male Glee Club of St. Ignatius, who, under the direction of Father Leo Goggin, rendered several selections. Thomas Judge also sang several solos, and the society is looking forward to having the Glee Club entertain them again soon.

During refreshments, the audience had a good time in a Community Sing, ably assisted by Evelyn Deoley at the organ.

The Executive Meeting of the Pius X Society will be on Monday, Feb. 16.

**CURRENT COMMENT :**

**We Need Nicholai**

BY FRED J. NOETH

**THE ANNOUNCEMENT** by the Board of Education last week that Nicholai St. School building will assume a new role in the Hicksville Public School System has produced a peculiar reaction. Perhaps the question deserves more comment than just the terse announcement.

Admittedly the Nicholai St. School Building is an old structure in terms of the school buildings of the community. But that does not mean it has outlived its usefulness. As a matter of fact, several years ago the School Board -- recognizing that the building would be required to house pupils for some years to come -- expended tens of thousands of dollars on extensive modernization. We recall there was a new heating system installed, widespread interior renovations, exterior fire escapes, a sprinkler system and other work undertaken. The building is in good condition and has been maintained with proper painting, etc. With the present care continued, it probably will still be serving 50 years hence.

The architecture of course is not in keeping with buildings developed and built in Hicksville in the past ten years.

The proposal by the school administration with the approval of the School Board to house third graders in this building next term is sound. For one thing, the School Administration finds it desirable in the evaluation of the curriculum to group together students of the same class level at one place. For another thing, because it is a two story building, the administration feels that it is more logical not to house younger children in Nicholai.

In keeping with a policy of treating all children of the community alike, groups of third graders will be brought in from all parts of the district where the facilities of the so-called "neighborhood school" are exceeded. This is only fair. The numbers of 3rd graders from each area is being determined by the capacity of their so-called "home" school.

For example, there will be seven 3rd graders at Woodland Ave next term. This is 3rd grader more than the building capacity and so four groups of 3rd graders will be transported to Nicholai. And so it goes in other areas of the District.

By and large, the Administration is planning to transport to Nicholai those students who normally would -- because of reasons of distance -- be transported to their home school. Any other arrangement could result in unnecessary additional transportation cost.

Of course, children cannot be sliced into portions. Classes must be made up of workable numbers and there may be exceptions; i.e., a student who presently is within walking range of a home school may find himself riding to Nicholai next term. If this happens we are assured by the Administration, it will be the rare exception and not the rule.

Our community could discontinue the use of Nicholai School entirely -- within a matter of months or years -- if it so desired. There are about 15 classrooms in Nicholai and if the building is not used to house pupils, 15 classrooms will have to be found elsewhere. It would require another two million dollar or more bond issue to build those extra rooms and the project would take about two years to complete, based upon

**HERALD READER OPINIONS**

To the Editor:

President Abraham Lincoln was a great man, and those Americans who are honestly interested in living according to the principals that he championed, are men and women who are quietly doing the community and the world's work. They are productive builders, not malicious wreckers. Men and women who respect, honor, and emulate Mr. Lincoln are known by their deeds, not by their claims.

If we are to honor, in our lives, Abraham Lincoln, each of us must do two things (1) do the community and the world's work and in the doing (2) provide for our children a wise and admirable example. Each of us must live our own individual life, and each has the freedom under God to live that life as he desires, but if we are to effectively honor and respect Mr. Lincoln we must do

more than pay "Lip-Service" to our American Heritage.

President Lincoln's belief in the "Dignity of Man", his belief in "Justice For All and With Malice Towards None", is most worthy of emulation, but the important thing to understand is that Mr. Lincoln did not just pay these principals "Lip-Service". He lived by them, he fought by them, and he was martyred for those principals.

Our school board's job, in honoring our Great President, is to provide an always improving educational opportunity for our community's children. Our job, which can be done only with your help, is to create a wholesome atmosphere in which this educational opportunity may be most effective.

Our School schedule, recommended and approved last May by the School Administration, has been

reconsidered and re-affirmed at least twice since, at regular Public Meetings of the Board. The attempt to veto at the last moment the school program planned for President Lincoln's birthday on Feb. 12th is destructive of the wholesome atmosphere necessary to the effective education of our community's children.

Mr. Lincoln, because of the world's work he has done and the example he has set, holds a place of honor and respect throughout our world, that no act of ours can tarnish, we can make fools of ourselves, we can make a laughingstock of our community, but no act of ours can lessen the greatness of Mr. Lincoln.

ALLEN S. CARPENTER  
Hicksville School Board  
Feb. 10, 1959

past Mr. Lincoln.

On top of this, the expert appraisal of our student enrollment trends warns us that within a period of about two years, the enrollment at the elementary level will begin to decline. Thus we would have spent two million dollars or more (actually about three million over a 30-year bond issue with interest charges) and within a few years find ourselves with a beautiful new permanent building, standing empty.

That appears to be the choice.

**Legionnaires' Log**

CHARLES WAGNER, Post 421, Hicksville, N.Y.

By ARTIE RUTZ

I guess you saw by last Sunday's magazine section of one of Long Island's dailies the picture and story about National Commander Preston J. Moore being the winner of his local High School finals in the Legion Oratorical contest when he was a teenager -- And you see what happened to him as the years went on and he kept talking? -- But all kidding aside, it has long been known that entrants in Legion oratorical contests and Boys and Girls State representatives are above average -- As far as this year's oratorical contest is concerned it was unfortunate that things got all fouled up right from the start and never did quite get straightened out in sufficient time -- So let's look forward to 1960 --

Happy to report that the Auxiliary's Family Buffet Supper was such a success that they will hold another on Sunday Feb. 22nd starting at 4:30 P.M. with the same rules applying, that is, bring a covered dish of food, plus one dollar and your entire family -- The Junior Auxiliary held their first meeting last Saturday afternoon at the clubhouse and the young girls were

treated to some wonderful entertainment by "GEORGE", a real good magician -- Plan now to attend the reception at Kings Point Merchant Marine Academy, Great Neck, N.Y., Feb. 26th, for National Commander Preston J. Moore -- This is a 10th district affair (comprised of Queens, Nassau & Suffolk) and is under the direction of J. Arthur Petty, 10th district commander and past commander of Nassau County American Legion -- This Saturday's VALENTINE'S DANCE at the clubhouse promises to be the best yet -- and the decorations are eye catching, to say the least -- Only \$2 per person including Beer, Soft-drinks and dancing to TONY BELLE's wonderful music -- NOBODY offers so much for so little but then again, there's only one AMERICAN LEGION -- A question that bears repeating -- "Have you signed a new member today?" -- Bring your prospect to the next meeting, which is on February 16th and show him around, he'll love it!!!

Happy birthday today (Feb. 12) to HENRY BRAUN of 200 Woodbury Rd., Hicksville, who was born in Hicksville 84 years ago.

**Contemporary Comment :  
Larger Classes or Larger Debts?**

"Super - duper school plants" are expanding from coast to coast, burdening taxpayers with bonded indebtedness and maintenance costs that are beyond the capacity of the community to sustain," Dorothy Thompson reports in the January issue of the "Ladies Home Journal."

We are not too familiar with the situation in the rest of the Nation but regretfully agree that its true in several school districts in this area. That's why it's a particular pleasure to pay tribute to the Boards of Education of Wantagh and Glen Cove, L.I.

Faced with a common problem a temporarily increasing enrollment which is due to decrease in a few years, both boards have made by uncommonly sensible decision not to overbuild. The result is that when the student population decreased, the taxpayers will not be paying off principal and interest charges on empty classrooms, an unhappy prospect which faces neighboring districts.

The Wantagh board is considering three alternatives: temporary split sessions for some grade school pupils, renting classroom space for a few years, or increasing class sizes. The latter proposal has been summarily rejected in Levittown but accepted in Glen Cove, which will thereby avoid split sessions.

The trend toward larger classes has found comfort from an unexpected source, a study endorsed by the Ford Foundation and conducted by the National Association of Secondary School Principals. It notes that "Other factors being equivalent, the number of learners in a teaching-learning situation is insignificant," Dr. Gordon E. Patterson of Jefferson County, Colo., who directed the study, admitted the results came as a surprise to him and his associates and could "shake up the whole field of education."

In these days of inflation, of rising school costs, and of increasing school taxes, gasoline taxes, cigarette taxes, income taxes, etc., administrators and boards of education have an obligation to consider increasing class sizes. And those farsighted officials who elect his method of helping the hard-pressed taxpayers without diminishing the quality of education, deserve real appreciation and solid support.

(continued from page 1)

All trustees voted "yes" except Carpenter who voted "no". He gave his reasons in the form of a printed statement distributed at the meeting. A copy of this statement appears under Reader-Opinion in this issue on page four.

The discussion on the holiday on Monday night lasted 55 minutes. Comments were voiced by former Board member Elwood S. Kent Sr. and former School District Attorney Harry S. Goebel, and others. Only one dissenting comment in favor of keeping the school closed in session was voiced by Roy Sluder.

**Petition Taxt**

Petitions signed by 318 persons were submitted to the Board of Education, Tuesday night. One petition read: "We, the undersigned parents do hereby wish to protest the holding of classes on Feb. 12, Abraham Lincoln's birthday. He was a great man and one of our greatest presidents. We feel that his birthday should be celebrated with honor and respect. When making out the calendar for the school year, we are sure some other arrangement could be made whereby the children would not be losing out on important school work, but would still have the day on which to commemorate the birthday of our revered and highly respected president, Abraham Lincoln."

The other petition form read: "We, the undersigned, residents and voters of Hicksville School District affirm that it is our respective deep conviction as parents and Americans that the failure, refusal, neglect and omission to observe Lincoln's birthday by closing the public schools is violative of our truly American traditions and heritage; and is further violative of the laws of the State of New York which recognize Lincoln's birthday as a legal holiday; and further that the same is contrary to the proper molding in our youth of moral values, including respect for the poor, the weak, the underprivileged and the discriminated; and as such is hereby declared by Abraham Lincoln and do hereby declare that it is our wish, opinion and desire that the Board take immediate steps to close the public schools of this District on Lincoln's birthday."

### Dinner Honors Town Govt

The Oyster Bay Town government will be honored this Saturday, Feb. 14, in a tribute which will be a part of the fifth annual Lincoln Day Dinner program sponsored by the Sposset Republican Club at Pine Hollow Country Club, East Norwich.

Principal speaker at the affair will be Lieut. Gov. Malcolm E. Wilson who will be making his first public appearance on Long Island since taking office in November. Wilson was the running mate of Gov. Rockefeller in the recent landslide gubernatorial election.

Heavy interest in this year's program has seen the affair sold out since the latter part of January. Close to 600 guests will attend the dinner-dance in plush Pine Hollow Country Club.

Many of the area's leading political figures are also expected to attend the dinner in "Tribute to the Town of Oyster Bay Government." Peter Schilling, President of the Sposset GOP Club which is sponsor-

ing the Lincoln Day Dinner, noted that the theme of the affair is fit by stating, "Our Oyster Bay Town government has met and successfully solved the most complex problems of growth with the quiet efficiency which was characteristic of Lincoln; it is therefore natural that we pay tribute to both on this occasion."

### Town Voids Gas Station

The Town Board adopted a resolution on Tuesday revoking the special permit of Rocket Service Station to operate a gasoline station at 469 Plainview Road, north-west corner of Old Country Rd. and South Oyster Bay Rd., Hicksville.

The Board voided the special permit after an investigation by the Building Dept. disclosed that the operators of the station are "violating the Town's Building Zone Ordinance and Building Code".

### Plane Crashes— Pilot Walks Away

It's like having a second chance at life! Your life too can know a new beginning. Easter can be a headline for your second chance at living.

The crucifixion of Jesus Christ looked more final than any airplane crash. He was dead and buried. But on the third day He walked out of the grave, alive! And He promises all who believe in Him, "Because I live, ye shall live also." He that liveth and believeth in Me shall never die!"

This is the victorious life, millions of Christians live. Share it with us. Lutheran neighbors of yours are urging you to hear the Easter message of a new life this Sunday. What's more, God will be in His church waiting to give you a new life. His life!

"I thought my son was just tired  
...till I took his temperature"

"We expected our boys to be tired when they got home from their overnight hike with the Boy Scouts. But Mervin, our 14-year-old, felt so terrible I decided to check his temperature. It was 104½. Well, I fairly flew to the phone. The doctor was sure it was a virus and told me to phone a drugstore and have the pharmacist call him right away. Not more than 25 minutes after I first picked up the phone a prescription was delivered to the door. And by next day Mervin felt fine, and his temperature was normal."

## Suggest Ideas For School Safety

In a letter to the Bethpage School Board, this week, the North Bethpage Civic Assoc. offered suggestions for increased safety of the District's students.

It was recommended that the Powell Ave. school be replaced by a new building on the same site or on other district property, if it is determined that these classrooms will still be needed. It was further suggested that in the interest of increased safety, the students now attending this school be transferred to other buildings, particularly the Broadway School, when completion of the new High School makes other classrooms available.

As a further safety precaution it

was also recommended that the School Board investigate the possibility of establishing a direct connection between the Bethpage Schools fire alarm systems and the Bethpage Fire Dept.

These suggestions have been offered after a thorough discussion of these matters at the last meeting of the NBCA.

## Curran Installs Civic Officers

A capacity audience was in attendance, Saturday evening, when Henry Curran, Town Clerk of Oyster Bay, installed the new officers of the North Bethpage Civic Assoc., which this year enters its 4th year of community service.

Speaking briefly at the Annual Installation Dinner, held this year in the organization's clubhouse, Curran impressed upon the officers the importance of their duties to community welfare and urged them to maintain the fine record compiled by the organization in the last four decades.

Joining with newly-elected President of Civic Assoc. Anthony Petraglia, were Vice-President, Charles Frank; and 2nd Vice-President, Vicent LoCicero, Treasurer, Frank Stamm; Recording Secy., Dorothy Fink; Corresponding Secy., Kay Petraglia; Financial Secy., Al McDonald; Trustees, Leon Lunden and Mike Kronberg; Executive Committee, Morris Chandler and Mary Walker and Historian, Bob Feuss, who all took the oath of office administered by Mr. Curran.

Among the many distinguished residents of Bethpage attending the gala affair were Edwin J. Fehrenbach, State Assemblyman, Louis Sisia, Town Councilman, John Keane, Assistant Town Supervisor, "Happy" Norman, Republican leader of Bethpage and Howard Grandjean and Charles Campaigne of the Bethpage School Board.

## Missionary Women Visit Hospital

The second Tuesday of every month the Missionary Women of St. Stephen's Lutheran Church, Hicksville, go to Central Islip Hospital to visit two wards of elderly women. Games are played and gifts of jewelry, hankies, scarves, kerchiefs, candles, sweaters, etc., are awarded. Everyone wins something. Individual visits are made with each lady since they are lonely and love to hear about things on the outside of their small world.

This past Christmas the Missionary Women made 81 flannel jackets which can be worn by the patients over their dresses for a little extra warmth.

The Missionary Women suggest that since Central Islip Hospital has many more wards of this kind, perhaps some other church women would like to do this kind of work and bring a little sunshine into some poor soul's life.

Anyone interested in this work or seeking information is invited to call Mrs. Bauer at WE 8-3191.

## Music At Library

All are professional musicians and Estrin is currently playing in the production of "Goldilocks", the new Broadway musical. The music will feature selections from Beethoven, Mozart, Haydn and Arthur Foots, an American composer.

## Crucial Week 250 Youngsters For Top Three In Court League

By BILL SAKAL

This week's games will be crucial to the top three teams of the Holy Family Section of the CYO Bowling League at Woodbury Lanes, as Position Night comes up once again.

Although the Braves put on a spurt last week to tie with the Red Sox for first place, the Senators can wind up No. 1 this week by winning all 4 games and the others winning only 2.

The Orioles who looked so good as contenders shortly before the beginning of the new year, seem to have lost their pep. Until the last ball is rolled ending the season, there is still hope for any of the teams currently in No. 4 thru No. 10 spot to finish in the money. Highs for the evening were: M. Latuga, Sr. 225, E. Arundell 213, W. Maloney 213, M. Fuchs 204-201, B. Nagel 202, S. Stolorowitz 201 and N. Kleiner 200.

## Sport Car's

Around Long Island

BY MARC FINKELSTEIN

Last year's announcement that the members of the Automobile Manufacturers Assoc. (AMA) have withdrawn from active participation in racing has had its effect on the buying public. The famous maxim that "racing improves the breed" is a contributing factor to the pleas of many to return to automobile racing for the "sport's sake" and because only under extreme stress can a product of this type be improved.

Brakes, suspensions, tires, engines, safety features, and even body design can all be "tested to the limit" for flaws in design and manufacture. If this was not true, and if the publicity values of winning races were not high enough, then the "small" European auto makers would surely stop their support of factory sponsored racing teams. For the sake of American dignity in the field of motorsports which many people consider a rating for that country's automotive industry, Detroit should return to racing.

For the Hi-Fi fan who also appreciates sports cars, the "Sports Cars in Hi-Fi" show of John Griffin over the radio waves of WBAI (FM) 99.5 MC is a must. The program is on every Tuesday evening from 7:45 to 8 and is sponsored by Michelin Tires. Foto takers will be interested next Tuesday in that Bob Moore, of Life Magazine fame will be on hand to describe his techniques for taking pictures of sports cars.

Long Island Sports Car Association's Valentine Rally under direction of Harold Konrad is set for Sunday, Feb. 15. Starting point for the straight 70 mile event in Nassau is the Herrick's Shopping Center in Herrick. (Hillside Avenue and Herrick's Road, just north of Mineola) First car off at 12 noon with registration starting at 11. For information call: Harold Konrad PI 1-0575.

Their combined income does not exceed these limits.

By using form 1040-A, you automatically claim the standard 10 per cent deduction allowed by law for personal expenses such as contributions, interest payments, medical expenses, and the like. If your allowable deductions for these items is in excess of 10 per cent of your income you must use the regular form 1040 if you wish to claim them.

Those taxpayers with incomes under \$5,000 may figure their own tax or have Uncle Sam do it for them. If you owe some tax, this is a good way to get some extra time in which to pay it. Since the law does not permit this choice to be extended to incomes up to \$10,000, taxpayers having \$5,000 or more income must figure their own tax and remit with the return 1040-A.

**1040-SHORT FORM**  
 If your adjusted gross income is more than \$10,000 and you itemized deductions are less than 10% of your adjusted gross income, you should use short form 1040.

**1040 LONG FORM**  
 If your adjusted gross income is over \$10,000 you must use this form. If your itemized deductions are over 10% of your adjusted gross income, it will be to your advantage to use this form.

To assure any benefits of the split-income provisions, you and your wife should file a joint return. Both you and your wife must sign a joint return. One spouse cannot file a long form 1040 and take all the deductions and the other spouse file a form 1040-A or take the standard deduction or use the tax table.

You are expected to pay your income tax on the basis of the lowest figure possible; therefore, you should choose the form that results in the lowest tax for you.

## Robbins Lane Has Birthday

The Jan. 20 meeting of the Robbins Lane P.T.A. marked the school's first anniversary. A cake, baked by Mr. Lowenberg and beautifully decorated with a picture of Robbins Lane, was used in the celebration.

P.T.A. business was postponed until after the evening's program, a Reading Demonstration by its principal Mrs. Grace Dondero, Mrs. Dondero, Long Island's first Reading Supervisor, was assisted by third graders. The story used was "Too Many Brothers" from "The New Times and Places."

Mrs. Dondero outlined the procedure followed by the teacher as 1. Preparation 2. Vocabulary 3. Oral Interpretation - comprehension and recitation 4. Skills - vowels, consonants, syllables 5. Extension - library. The audience who followed the lesson in books distributed for the purpose, was shown exactly how children are taught to grasp the complete meaning of the story.

Russel Roetger, member of the Syosset school board, was on hand to answer questions on the Bond Issue voted on upon Jan. 31.

After the meeting adjourned birthday cake was served by the Hospitality committee.

## Syosset Voters OK School Site

by Horace Bernstein

The Syosset education Committee of the Birchwood Civic Association is happy to report that he residences of Syosset on Jan. 31 approved a \$440,000 proposition for the purchase of a 25-acre school site south of Jericho Turnpike, off South Oyster Bay Road.

By a vote of 2,625 to 476, the voters of our district have practically assured themselves of a second junior high school for 1,500 students. A two third's majority was necessary for approval of the site purchase.

Approval of the site purchase will add just over 2 cents per \$100 of assessed valuation in the tax rate for just one year, contingent upon the voter's approval of the junior high school construction.

## Triple Honors For Mrs. Kassan

Mrs. Sylvia Kassan, 18 Flower La., Jericho, has been local Campaign Chairman this past year for the Muscular Dystrophy, Cancer Care and March of Dimes. For her untiring efforts she was awarded the Muscular Dystrophy Award for Distinguished Service and Citation of Merit, the March of Dimes Certificate of Appreciation and the American Society of Nassau Division Achievement Award.

Mrs. Kassan has always considered it a privilege to be on the giving line and to contribute her share in helping others. In soliciting for these charities, Mrs. Kassan has always impressed on others that they need not give

unless they want to, and that they should decide for themselves whether they will answer the appeal for help.

She expressed her thanks and appreciation to all who contributed for their most generous support of these charities.

# Personal Mention

Three Hicksville young men are alternate appointees of Congressman Wainwright to the US Air Force Academy in Denver, Colorado. The principal appointee is ROBERT CANNON of Northport. The alternates include ROY FRICKE of 91 East St., Hicksville (2nd); JEROME WATERS of 15 Alpine Lane, Hicksville (7th); and CHARLES W. GLASER, III of 55 Ball Park Lane, Hicksville (10th). The Congressman said that the academy itself may select some of the alternates.

The Hicksville Republican Club newspaper this week announced that GERARD TROTTA of Hicksville has been appointed Deputy Director of PERKS and Recreation under PETER HUSSEY. Also, HERBERT SILLETT is president of the Republican Recruits for 1959.

### SURPRISE PARTY

Mr. and Mrs. HARRY ROGOZA of 64 Thorman Ave., Hicksville, were feted at a surprise dinner party held at the Sunrise Barvarian Village in Bellmore, Sunday evening. The party, in honor of the couple's 42nd wedding anniversary, was given by their children and their spouses. Mr. and Mrs. William Rogoza, Hicksville; Mr. and Mrs. John MacEwen of Bethpage and Mr. and Mrs. Richard Fitzgerald of Hicksville.

Miss Patricia Demella, 8 Coventry Rd.; Miss Helen Hell, 53 Kingston Ave.; Mrs. Emmy Schaff, 67 Tip Top Ln., all Hicksville, and Mrs. Elizabeth Thomas, 39 Virginia Ave., Plainview were welcomed into the School for Practical Nursing of the Community

### In Your Opinion

(continued from page 1)

year were offered. Increase the class size said 25.6%, about equally divided between increasing class size to 35 or to 40. Only one person favored the elimination of kindergarten as a method of providing the District with more classrooms. The rest either said no or failed to comment.

Comments appended to the post cards included the following:

- "Consider moving the temporaries to the secondary schools."
- "Keep costs realistic."
- "Build a K thru 12 School of the type in the 1957-58, CAC report" (Editor's note - this is an apparent reference to the Citizens' Advisory Committee of last school year).
- "Too much free time for teen agers causes delinquency."
- "Operate on 11 or 12 month basis"
- "Move temporaries to junior high as enrollment increases there and decreases in elementary schools."

One respondent said flatly he felt he was not conversant with the subject and declined to state any opinions.

"My own opinion is that the children should get the best education possible without any fancy frills and at a cost the people can absorb. Money should be appropriated and spent for teachers and administrators to develop and carry out the best possible curriculum for our youth. Money should NOT be spent at this time for such things as fancy landscaping, plush chairs in an auditorium, elaborate plumbing systems, hi-priced desks, excessive hallway space, door to door transportation... These things would be nice but I doubt the educational value. People should be glad to absorb any cost of a good education without frills... Absolutely NO double sessions."

"No more temporary buildings," was another comment.

DONALD HAHULSKI, son of Mrs. Helen Hahulski of 1 Edward Ave., Hicksville, has enlisted in the US Navy for four years, according to the Navy Recruiting Station at Hempstead.

JOHN E. HENNESSY, seaman apprentice, USN, son of Mr. and Mrs. Edward J. Hennessy of 50 James St., Hicksville arrived in New York Jan. 28 aboard the ammunition ship USS Wrangell after an 11-month cruise in the Mediterranean area.

Mr. and Mrs. JOHN McFADDEN of Pollak Pl., Hicksville, recently celebrated their 30th wedding anniversary with a party of friends at their home.

ANDY KELLER, formerly of Hicksville and now a resident of Queens Village was given a surprise birthday party Saturday evening, Feb. 7 at the Sunrise Village Restaurant, Queens Village, in honor of his 64th birthday. His children, who attended with their families are June Liun, of 89 New South Rd., Hicksville, Betty Jacobs, Rose Mulshine, and Raymond.
