IN YOUR OPINION: Keep LIRR Crossing Project in Gov Budget

While MID ISLAND HERALD readers may be divided on the New York State Fiscal program, they are in full accord regarding the urgency of the Hicksville RR Crossing Elimination project by the State. Sixty-two and a half per cent of these responding to the second HERALD public opinion survey this week said: "Leave the RR Elimination program in the Governor's budget even if taxes increase."

Twenty-five per cent of those answering had no opinion to offer regarding this question and 12 per cent said "take it out and delay the work to lower taxes."

The HERALD survey took the form of a letter addressed to 50 persons in Hicksville, Bethpage, Plainville, Jericho with a post card enclosed for reply to several questions.

STATE AID FAIR

Regarding State Aid to Schools in the area, 50 per cent of those replying said they felt such aid was fair. Only six per cent thought the amount of such aid from the state is "too high" and 37 1/2 per cent thought it was "too little". The new gasoline tax in the state which goes into effect on March 1st is regarded as "too much" by 75 per cent of those answering the survey. Nobody thought it was "too little" and 18.7 per cent said the increase was okay with them.

Opinion was fairly evenly divided on the proposed state withholding tax. 43.7 per cent approved and 57.3 per cent disapproved.

As for the Hicksville RR Elimination program, for which Gov. Rockefeller has earmarked \$10,000,000 in the proposed budget, 62.5 per cent said "leave it in the budget even if taxes increase."

George Broom Jr. of Highland Hills, N.Y., a former resident who recently had the survey forwarded, commented "cut spending."

Thomas A. Burke added the supplemental comment that he doubted

if the inclusion of the Hicksville RR Crossing elimination in the budget "will affect local taxes".

State Senator William S. Hulse who represents the Mid Island area and Oyster Bay and North Hempstead Townships in Albany, commented this week that "most of the mail I have received in the last two weeks has been to ask my rejection of Gov. Rockefeller's 1959-60 budget. Many have written in support of the budget and the proposed withholding tax system."

PAY-AS-YOU-GO

"No legislator," he continued, "likes to vote for increased taxes and I am very much opposed to any increase in state taxes, but this year the financial predicament of the state permits no alternative but to increase taxes or reduce state services. I feel that Gov. Rockefeller has taken a firm and decisive step in asking that the state be returned to a pay-as-you-go basis."

"During the past few weeks I have received over 1500 letters requesting that I support the proposal of the Educational Conference Board

The Cross Branch thanks Henry J. Jengel Jr. and the local Masons who have allowed them the use of the Temple on Sunday March 1 from

Leland Badler

12:30 P.M. to 5:30 P.M. About 17,000 pieces of literature will be distributed before March 1st to acquaint residents with some of the many things that the Red Cross does locally.

The Hicksville Chamber of Commerce committee on grade crossings headed by Michael J. Sullivan and

its special action committee led by Aaron Rochman has received indications that the final plans for the local program will be ready for presentation to the Public Service Commission "within a matter of weeks". Scheduled to follow adoption of the working plans are the call for bids, letting of contracts and actual work. The final phase is expected to take at least two years.

ANOTHER MATINEE SATURDAY

Illness Whittles Board to Bare Quorum

Hicksville Board of Education will hold another of its Saturday matinee sessions this Saturday morning, starting at 10 o'clock, in the High School Little Theatre.

The Board just barely attracted a quorum for its regular meeting last Friday night which came to an abrupt halt shortly after 10 PM when the quorum disappeared.

President Allen Carpenter, Trustee Walter Schreiber and Trustee Robert D.P. Eaton were absent due to illness. Vice President Herbert Johnson, who had returned at 7 o'clock that evening from Pennsylvania, conducted the meeting which began 15 minutes late. Also present were Board Secretary Jerry Zettler, Trustees Robert Goodrich and Arthur L. Birch.

Birch announced that a business engagement at 10:30 P.M. would force him to leave at 10 o'clock. The presence of a quorum of four Trustees is required to conduct business.

Section 8 Grows

On Saturday the Board will be operating, under its rules, on the so-called section 8 of the agenda which permits Board members to bring up

individual items. At past third Saturday morning monthly sessions the Board has made some progress on section 8, but between sessions the list appears to grow as more and more topics are appended.

This Saturday the Board will start off with two items designated last Friday night for first attention. These include (a) the matter of a recreation program coordination to replace Mrs. Patricia Schwartz who has resigned for reasons of maternity; and (b) the establishment of additional facilities at school grounds for little league play.

The matter of the baseball facilities occupied a considerable portion of the Board's limited time last Friday night and a vote to put into effect certain recommendations of Recreation Director Joseph Madden was lost by a 2 to 2 vote.

The program as recommended calls for the expenditure of an estimated \$5660, including \$5100 for field development and \$560 for additional bicycle racks.

Provision had been made in the

DEAR JEAN....

In the good news dept. is the word that Mrs. GEORGE ECONOPOULY of Herman Ave., Hicksville, is feeling better and the boys at the Hicksville Sweet Shop tell me that their "Mom" might be home from Nassau Hospital within the next few days. Keep up the good work, Mrs. E., as we've said before, we're all rooting for you. . . . Did you know that those nice pictures on the Hicksville Recreation program which was a feature of last week's HERALD were taken by our good friend FRANK MALETT. He's our boy. . . . Cards received from Miss ROSENA RUSSELL from Honolulu, Hawaii, tell us she is having a grand time on the trip she has always wanted to take. Miss Russell was one of the favorite teachers at the East St. School and has retired to take life easy. May she have many, many more enjoyable trips to the places she wants to visit. . . . Our belated congratulations to Mr. and Mrs. T. NELSON of Spruce St., Hicksville (Bossy & Lou to their friends) who celebrated a wedding anniversary on Feb. 10. . . . We hear that little Miss FRANCES CLARE OPENLOCH, daughter of Mr. and Mrs. Gerard Offenloch of Pine St., Hicksville is a pretty sick little girl. Hope by this writing, she is feeling better and you can be assured, Franke, that all your playmates, school friends, along with your relatives and neighbors, are praying for your speedy recovery. You can bet we are. . . . PLEASE NOTE EMPLOYEES — A bowling team representing the Hicksville Post Office will meet a team from Greedmoor State Hospital on Saturday Feb. 21, at 8 p.m. at the S. Village Green Lanes, Levittown. Better get there fellows.

Several local girls and their Valentines attended the "Sweetheart Prom" given by the Dental Hygiene Students of Farmingdale's Long Island Agricultural and Technical Institute at Bethpage Country Club, Friday evening. All ended up at FRANK'S ALBI, Hicksville, for pizza and coke. . . . A tip of our new Easter, Chapin to Mr. and Mrs. THOMAS BERGIN of Park Ave. Hicksville for their rescue of two fair maidens in distress on Saturday evening. The young ones ran out of gas on Park Ave. and in the pouring rain, pushed the car to the side of the road and ran to the Bergin's for help. Good natured Tom, went for gas while Mrs. B. consoled the girls. That's real neighborly, cause we understand Tom and Leona had guests and were enjoying a good card game. And let me tell you, it was really RAINING. . . .

State Senator WM. HULLS tells us that at the close of the 5th week of the 1959 Legislature, 6-34 bills had been introduced at Albany. . . . We understand that Assemblyman EDWIN FEHRENBACH has introduced a bill which would permit the creation of a Hicksville Escalator District. Under this district, mechanical stairs can be installed when the R Station is elevated above the ground as part of the RR crossing, elimination program. . . . It all may cluster than we realize. . . . Don't look now, but the American Legion Post is already making plans for its annual carnival, May 25 thru 30, opposite the North Bway entrance of Mid Island Plaza. . . . All Republican committeemen of the Township are being called to a meeting tonight (Thurs) at Bethpage State Park Clubhouse by Chairman TOM PYNCHON. . . .

Our best wishes to Miss ALICE J. HERTEL, daughter of Mr. and Mrs. Otto K. Hertel of Hicksville upon their recent engagement to Gerard Florentine son of Mrs. Sal Florentine and the late Mr. Florentine of Brooklyn. Best wishes also to Miss REGINA C. SAVAGE, daughter of Mr. and Mrs. James Savage of Hicksville who is engaged to Robert E. Grant, son of Mr. and Mrs. Lewis D. Grant of Astoria. . . . Did you know all the food to be served at the Smorashord Luncheon, to be given by the Glen Cove Hicksville Mercy League sometime in April, will be from the recipes that are compiled in the League's new cookbook which goes on sale at the Luncheon? Hear there will be some tasty dishes on the tables. . . .

On Friday evening, Feb. 13, members of the Redeemer Lutheran Church Women attended the World Day of Prayer Service at the Hicksville Methodist Church. The next meeting will be held at the chapel on Thursday evening, March 12.

Ike's Labor Bill Seen Doomed

The Hicksville Republican Club heard a New York attorney declare, Friday night, that the Eisenhower Administration labor bill now before Congress would be a step toward protecting organized workers from corrupt union bosses.

W. Synhor Settle said that Congress probably will turn down the Administration bill. He stated that a weaker proposal by Senator Kennedy has "a better chance of passage."

Settle and John R. Thomson, an investment advisor, spoke before the monthly meeting of local Republicans at the Masonic Temple. Club vice president Leland Badler was moderator of the panel discussion.

An argument in favor of right to work laws was advanced by Thomson. He stated that closed union shops were a denial of civil rights and that the use of compulsory union dues for political purposes also was a denial of those rights.

A special guest at the meeting was Thomas R. Pynchon, new Republican leader in the Town of Oyster Bay. He pledged close cooperation between the Town Republican organization and the several GOP clubs to promote a Republican victory in

CURRENT COMMENT:

Public Schools
Big Business

BY FRED J. NOETH

ONE OF OUR "HOBBIES", as we told the Hicksville Rotary Club last week, is serving as Clerk of the Hicksville School District. The late Andrew B. Heberer when he died in September, 1954, had held the office for an unbroken span of 33 years. We can never hope to achieve such a mark, but we do draw some satisfaction from the fact that we have now held the office longer than all persons designated since the position was vacated by the death of Mr. Heberer.

For a little more than two months following the passing of Mr. Heberer, a member of the Board of Education, Richard G. School, served as District Clerk. He was followed by Thomas C. Affrunti, who held the dual title of administrative assistant to the Board of Education, for a seven month period ending June 30, 1955.

Emily Waberg was District Clerk for nine months, resigning after the annual meeting of May 2, 1956. Elmer Breschard was Clerk for three months, followed by Walter Schlitting who served four months.

We became District Clerk on Dec 1, 1956 and have now been in office two years and two months. During the two-year interval prior to our appointment, a total of eight persons served as the District Clerk including Mr. School, Board member Joseph Cawley who acted for two meetings in Nov, 1954 and Board member Arthur L. Eirich who acted for a portion of the meeting of May 18, 1956 when Mr. Breschard was appointed.

Our duties as District Clerk, besides certain official acts which are specified in the Education Law, includes attendance at meetings of the Board of Education where we record the minutes. Since assuming office in December 1956, we have participated in about 130 meetings. During the first year of office there were 75 meetings. During 1958 there were less than 50.

Back in the dead old days, before Hicksville began to zoom from a population of 7500 to 45,000 the Board of Education could conduct all its business with a single monthly meeting. Thus in the past two years we have attended as many meetings as the school board -- in the old days -- conducted in 10 years.

The minutes of the Board of Education, no further back than 1950, could be contained entirely for a year within a single bound volume. In current times, three or four volumes are needed for a year's meetings.

Public education in our community, like so many other phases of community life, has become a big operation. There are approximately 600 people on its payroll, including 500 teachers plus custodians, cafeteria workers, etc. The total budget this fiscal year is seven million dollars. This is more than triple the budget required for the general administration of government in the Town of Oyster Bay.

There are over 11,000 boys and girls attending Hicksville public schools. This is more than the total population of Hicksville only ten short years ago.

Our Sincerest Sympathy

We join the many, many friends of Mr. and Mrs. Jack Ehmann in mourning the untimely death of their 13-year-old son, Tommy. Jack is well known in our community for his active leadership and participation in programs for the youth of Hicksville. He has been tireless in his efforts as a volunteer Boy Scout official and in the annual campaigns which provide the essential funds to keep this splendid organization functioning and growing.

Tommy became suddenly stricken a few months ago with a rare blood disease which in almost every instance is fatal. And while this fact became known to intimate friends of the Ehmanns, it was carefully withheld from Tommy and to his remaining days were possibly extended. Our sincere sympathy to the Ehmanns in this their hour of sorrow.

THE WHITE HOUSE
WASHINGTON
February 7, 1959

Dear Mr. Schilling:

In this, the 150th year of the birth of Abraham Lincoln, it is a special honor to send greetings to the members and friends of the Syosset Republican Club gathered in their Lincoln Day Dinner.

True greatness transcends the boundaries of time and space. This quality was in Lincoln. As a leader of the Nation in his day, he spoke to the people of his time, but his words have meaning for us in our time.

In his last message to the Congress, Lincoln discussed the State of the Union. The scope and determination of that address -- its parallels and contrasts to the present day -- make it a major source of political wisdom for us.

He spoke with confidence of the human and material strength of the Union and he pledged himself to maintain all "measures deemed essential" for the national defense. He reviewed the status of our neighbors around the world, using as his standard "the law of the nations." In domestic affairs, fully cognizant of the dangers of inflation, he spoke gravely of the government's "restraining power" in the area of circulating money. He showed the way to new advances in science and agriculture. He proudly welcomed the new State of Nevada and its 36th star to the flag. He was gratified by the sight of our "unalienable system" of free men extending across the continent.

It is a privilege to join the people of Syosset in saluting the memory of Abraham Lincoln and the traditions of the Oyster Bay Town Government which exemplify Lincoln's standards of public service.

With best wishes,

Sincerely,

Mr. Peter Schilling

There were 563 present for the affair.

Town to Act on Comprehensive Plan

Thirty-six sectional land use maps of Oyster Bay Township, the final development of the Town's Comprehensive Zoning Plan, will be available for public inspection during the first week of March, it was disclosed this week by Supervisor John J. Burns.

Two mid-island major sections of the town-wide comprehensive plan have already been adopted following a series of public hearings held last summer. The final hearings on the remaining sections, which will be on file at the office of Town Clerk Henry M. Curran, are tentatively

scheduled for late in March.

When preliminary hearings were held last summer on all sections of the over-all zoning plan, Supervisor Burns pledged that the Town Board was deeply interested in suggestions and views. He urged people to make known to the Town Board any thoughts they had on "our Town's Comprehensive Zoning Plan".

Supervisor Burns said today "the response has been excellent. While the study and analysis of this advice and information has proved to be a tremendous and time-consuming task for the Town Board and its expert planning consultants, it has proved worthwhile reflecting as it has the value our homeowners and taxpayers place upon the Administration's concept in the principle of home rule.

"As I previously stated at the initial public hearings on this vital topic, all information presented is being given serious attention and thoughtful consideration before the finalized plan is offered. The Town Board has kept its promise and we are prepared to hold another public hearing in the near future on this proposed Comprehensive Plan which is so vital to the continued orderly development and economic growth of our Town", Burns asserted.

He explained the Town's Comprehensive Zoning Plan is designed to achieve economic stability for the population centers of the Township by establishing a practical balance of land use between residences, commercial and industrial establishments.

The Show is scheduled to open at the Island Garden Arena, W. Hempstead, N.Y. from noon this Saturday, Feb. 21 to 10 p.m. that evening. Hours for Sunday, Feb. 22 through Saturday, Feb. 28 will be 10 a.m. to 10 p.m.; closing day hours Sunday, March 1, 10 a.m. to 6 p.m. The Show Manager is Mark Eaton of Glen Head.

Adult Leaders In Session Here

Members of the Bureau of Adult Education met at the home of P.N. DeNinno, Director of Adult Education of Plainview-Old Bethpage, and President of the Nassau County Assoc. of Public School Adult Educators, with various members of both the Adult Education and Recreation Citizens Advisory Committees, and the Adult Education Teachers Association.

Among the problems discussed were how to meet new challenges under the present new rules and regulations, where does recreation begin and stop and where does adult education stop and begin, Federal and State aid grants, and the role of the citizen in community committees.

Among those present were Morris Basuk, Advisory Committee for Recreation; Fil Gelormini, Education for the Aging; Lou Flego, Director of Recreation; Eleanor Hartford and Huguette Bosley, Adult Education Teachers Assoc.

Tuttle Invited

Robert E. Tuttle, Assistant Superintendent of Schools for Central School District No. 4, Plainview, was invited to participate in the Sixth Annual Vocational Conference Day Forum at Wagner College, Staten Island, on Feb. 18. Each year seminars are held for students of the college on various professional and occupational fields. Ocker to Open Savings Office

Town Councilman Edmund Ocker will officiate on Saturday, Feb. 28, at the formal opening of the Plainview Branch of the Farmingdale Federal Savings and Loan Assoc. in the Morton Village Shopping Center. The ceremony is scheduled for 12 noon.

Town officials will be on hand to witness the ribbon-cutting ceremonies and residents of Plainview and neighboring communities are invited to attend. Special giveaways to celebrate the opening will be available to visitors and their children, and free gifts for opening new accounts or adding to present accounts will be given away beginning Feb. 28 and continuing through March 15 at both the Farmingdale office at 312 Conklin St. and the new branch office in Plainview. A mobile radio unit of WGSM will broadcast the event in a 15-minute program originating directly from the Village Shopping Center.

Our Old Soldiers Never Fade Away

For two years, the most momentous ones in the short history of this community, the names "Birchwood Civic Assn. at Jericho" and "Jerome Abrams" have been almost synonymous.

Jerry Abrams deserves the heartfelt thanks of every one of his fellow residents for having made, what we shall modestly describe as a great personal sacrifice. It took more than an outstandingly able, civic-minded person, to lead our Association from the depths of fractionalism to its present exalted and rightful place as the parent of all organized groups in our community.

Although it would have been perfectly proper for him to do so, Jerry never sought the spotlight of publicity. He gave dignity to his office and on many occasions ex-

JERRY ABRAMS

hibited an admirable amount of fairness and impartiality. As Birchwood's leading citizen, he was always concerned about issues which affected individuals, groups of residents, as well as our community as a whole. It must be reported that on many crucial (or what at that time seemed to be crucial) issues, Jerry Abrams first of all concerned himself with the merits of each case, putting any other considerations aside. Once he was convinced that his position was right, he did not equivocate. He fought for what he believed to be fair and right. And he fought well.

We, the residents of Birchwood at Jericho are to be congratulated to have had at the helm of our Civic Association a man of Jerry Abrams' intellectual capacity, his ability to like people, to understand people, and to get along with people of all persuasions.

Knowing Jerry, we can expect that in years to come, his sense of civic responsibility will not let him fade away, but rather it can be assumed that, time and circumstances permitting, he will remain a vital and leading force for community betterment.

Lost and Found

By Gloria Brunswick

LOST: On Monday, Feb. 9, one sensational Editor of the Villager, Gilbert B. Stein. His outstanding contributions to our community as Dynamo Extraordinaire will never be forgotten. Can be easily recognized by invisible tag marked: A-1 Citizen of Jericho! When located, please inform G. Stein that the Editorial Board still and always will claim him.

FOUND: On Monday, Feb. 9, one

very valuable, slightly green new Editor, George J. Frankel. Any resident who would claim this jewel has only to promise to enjoy each forthcoming issue of the Villager. This is the reward he seeks. (Editor's Note: On Monday, Feb. 9, the Publications Committee of the Birchwood Civic Assn. at Jericho, Inc. held its annual organizational meeting. Please refer to the new Masthead appearing on this issue.)

Little League to Make Awards

By Horace Bernstein

The Jericho Little League approaches its third year with a good record of past accomplishments, and with a goal of continued improvement and expansion.

The first meeting of the new Board of Directors was held at the Jackson School on Wednesday, Feb. 4. In attendance were the following officers and Board Members: John Chantelton, president; Dan Edlund, vice-president; Harold Leinwand, treasurer and general manager; Bill Lyons, John Lehman, Herb Freedman, Sam Springer, Joe Jacobs, Don Kudler and Sid Hausman.

A vote of appreciation and thanks was given to Herb Tytel for the wonderful job he did during his presidency of the Little League last season. Herb was unanimously elected to the Chairmanship of the Board of Directors.

Committee Chairmen were appointed and plans formulated for the proper organization and functioning of the League for the new season. A general meeting was scheduled for Thursday evening, Feb. 26. Trophies will be presented to the winning teams of both the Major and Minor Leagues. Little League emblems will be presented to all boys who participated last year.

Plans for the coming season include the expansion of the Farm

System program and the establishment of a Babe Ruth League on our own home grounds.

Registration will take place on Saturday, Feb. 28, at the Jackson School from 10 a.m. to 12 noon. All boys who were issued uniforms last season are expected to return them at registration.

The success of the Little League depends on parent participation. It will be expected that all parents of Little Leaguers will do their part to make this a successful season.

DA Promises Cooperation

Manuel W. Levine, District Attorney of Nassau County in response to the Villager's Garbage editorial promised "the fullest cooperation if the matter falls within his jurisdiction." The editorial appearing in the Villager denouncing the carting companies failure to collect garbage in Birchwood. There is a legal question as to whether or not this falls within a criminal offense and therefore further investigation will be necessary.

The Villager wishes at this time to thank the District Attorney and his entire staff for their efforts on behalf of the residents of Birchwood.

Heart Sunday Raises \$369

Jericho Heart Sunday door-to-door collection raised a total of \$369.10 for the Nassau County Heart Fund drive of the Nassau Tuberculosis, Heart and Public Health Assn. it was disclosed by Mrs. Ralph Diamond, chairman of the campaign.

Mrs. Diamond also announced that the final total should show a substantial increase when residents who were not at home on Heart Sunday mail their contributions to the Nassau County Heart Fund headquarters in Rolsyn, in the special envelopes left by the volunteers.

The 1959 appeal marked the fourth annual Heart Sunday collection in Nassau for the support of local and national programs to combat heart disease. A large portion of the contributions to this year's Heart Fund will be used to expand research programs now being conducted by the Heart Program Council of the Nassau Tuberculosis, Heart and Public Health Association and the American Heart Association.

Civic Elections Prove Success

Saturday night, Feb. 7, saw Birchwood Residents come out in great numbers to enjoy the Birchwood at Jericho Civic Association's second annual election hop. The gymnasium of the George A. Jackson School was the scene of this most enjoyable affair. Dancable music by a fine orchestra, fine food served at actual cost at the nearby school cafeteria and the usual "local politicking" entertained and kept the multitude busy until the results of the election were announced shortly after 11:30 PM.

Voting took place between the hours of 1 and 10 PM; however, most of the ballots were cast between 8:30 and 10 PM.

For those readers who missed last week's LITTLE VILLAGER, we reprint the results: Pres., Ralph

Diamond; 1st Vice-Pres., Gilbert B. Stein; 2nd Vice-Pres., Dr. Martin Lawrence; Corr. Sec., Beverly Gellman; Rec. Sec., Judith Roseman; Finan. Sec., Horace Bernstein; Treasurer, Norman Cohen.

The eighteen Directors on the Board are: Irwin Baumel, Robert A. Borst, Louis Cohen, George J. Frankel, Dr. A. L. Freedman, Lawrence Gibbs, Jerome Gold, Diana Grant, Irving Herskowitz, Murray Klein, Arnold Koplik, Charles Kraft, Leon Newman, Herbert Shapiro, Horace Sterling, Dr. Walter Sugarman, Howard Turkell, and Leonard Wainick.

The proposition: "Shall the Birchwood Homes West of Broadway be considered part of the Village of Birchwood Park?" was defeated.

AT THE BEAUX ARTS BALL, left to right (from top to bottom) are Dale Berg, H. Sherman Davis, Isabelle Davis, Lillian and Larry Singer, Don and Adele Miller, Al and Fran Lavelle, Kathy Shapiro, Isabelle and H. Davis, Danny Shapiro, Dale Berg and Milton Berg. (Photos by Al Lyons)

There were clowns and hoboes and girls from a dance hall. Last Saturday night at the big Beaux Arts Ball. Artists and models and the upstairs maid. Everyone joined in the Grand Parade. The chicken was delicious, the music was grand. The entertainers were given a great big hand. The prizes were many from mink collars to free dinners. Everyone looked so lovely, they should have all been winners. The Birchwood Art League, it would appear, will have a long waiting list for the ball next year.

VERONICA GRACE KIBLER has been named 1959 Betty Crocker Homemaker of Tomorrow at Hicksville High having received the highest score in a 30-minute written examination on homemaking taken by senior girls of her school.

President's Corner

By Ralph Diamond

The new Administration of our Civic Assoc. has already gone into action. Every member of the administration fully appreciates the great responsibility placed upon his or her shoulder, and therefore I feel certain that the results of their efforts will benefit the entire community.

As President, I will be following in the footsteps of our former Presidents, Jerry Abrams and Irving Brand. Under their able leadership and guidance a strong foundation has been laid for the future. I feel that we have now entered into the stage where the true functions of a Civic Association are being performed and will play a vital part in the health and welfare of our community.

It is the aim of our present ad-

ministration to think progressively and act accordingly. For examples, we are immediately initiating a program to obtain a library for our community. Chest X-ray and other similar exploratory medical equipment will be brought in on a community basis for the protection of our community's health. A new sports committee will be initiated to take care of the needs of our older children, as well as the younger adults. A new legislation committee is being formed to review proposed Town, State and Federal legislation, and possibly even initiate legislation benefiting our community.

There are but a few of the new ideas being worked on by the administration. Naturally to accomplish these aims, work by many individuals is required. All of the committees have openings. I am of the opinion that most members of our association will find some committee in which he can enjoy himself and at the same time render a great service to the entire community.

Be Active - you will find it attractive.

Congratulations to Mr. and Mrs. George Robbins of Maytime Dr. on the marriage of their son, Daniel, to Linda Gortin of Hewlett Bay Park. The wedding was Valentine's Day, Feb. 14.

To Mary Mann of Birchwood Park Dr. enjoyed your article on "Tale of Two Sisters" in Jericho "Sho-tar". How typical. As to Helen Skins article of two temples meeting together and enjoying both services, left me with a warm feeling. This is practicing brotherhood.

The much talked about New Temple building in Jericho will be a reality in the spring. The new Jericho Jewish Center is being planned as a community center to serve all of the residents of Jericho.

Sisterhood of Temple Or-Elohim is going to run a "chance-it." What's that? It's the new multi-prize raffle that sells like crazy. Nothing has ever excited us quite as much as thinking up and planning our chance-it, the Sisterhood reports.

Tonight's the night, will see you all there. At the paid up membership of Cancer Care. The show's rip roaring, the food's just great. The place is Robbins Lane, no excuse for being late.

Fiction Is Stranger Than Truth

By Gloria Brunswick

Once upon a Birchwood, a fam-
 ily bought a lovely new home in an
 attractive community.

The Mr. and the Mrs. decided
 that a close family unit is the
 essential basis of all human re-
 lationships and that the HOME binds
 the unit more closely, giving secu-
 rity, pride of possession, and
 freedom of expression to its re-
 sidents.

Of course, all these ideas did
 not originate with this mythical cou-
 ple. They came from some books
 on Advanced Sociology which were
 presented to Bayside Carting as a
 Xmas present.

Anyhow, it all sounded so jolly
 when it was just on the drawing-
 board in a four-room apartment.
 "The children will have so much
 room for creative expression," she
 said. "The children can run and
 play without any interference," he
 scoffed, as the down-stairs witch
 banged on the pipes with her broom-
 stick. And so they agreed that this
 new home was to be a haven of har-
 mony in which to foster "togetherness."

Shortly after they took occupancy,
 the white carpeting was delivered.
 At this time, the outdoor carpet
 was mud. "Children," she ordered,
 "from now, on we will never use
 the front door--except for your
 engagement party," she pointed to
 the five-year old. "And we will
 always off our shoes in the kit-
 chen. We will pretend we are a
 Japanese family". Unfortunately,
 these kids were imbued with the
 American Way, and refused to see
 the humor in Mother's little joke.

When the glass furniture uphol-
 stered with silver threads was de-
 livered, it was decided that the
 living room was off-limits for mi-
 norors who always had hands like

croachment of eave, gutter and
 stoop.

miners" It isn't as though we were
 depriving them of anything," Dad
 explained. "There are so many
 other rooms for creative expression
 and blah."

The dining-room set arrived with
 its delicate woods from South Bom-
 bay, and was immediately sealed
 off from the younger set. "It isn't
 as though we don't have a lovely
 kitchen," she reasoned. The kit-
 chen set arrived with delicate woods
 from North Bombay. "Well," she
 dithered, "It isn't as though we don't
 have a perfectly good beat-up old
 bridge table in the den."

When the den was complete at
 the discount, wholesale price of
 \$15,497, it was dubbed, "The Pa-
 rent's Retreat" and the children
 retreated to their bedrooms.

It seemed only feasible to con-
 tinue the white carpeting into the
 children's room for that "all-over
 look", so they now looked all over
 for a place in which the children
 could habitate.

The basement was the perfect
 solution. Of course! Here the young-
 sters would have free range. And
 they did until that spectacular day
 when the basement was finished in
 morrored walls and matching floor.

Today, just two years and a few
 months later, we find our mythical
 children sitting cross-legged and
 barefooted in a large, airy closet,
 eating their dinner on a perfectly
 good, beat-up old bridge table, and
 anxiously awaiting the engagement
 party!

BATON TWIRLERS ENTERTAIN REPUBLICANS

HICKSVILLE JUBILEES entertained the Hicksville Republican Club with an exhibition of baton twirling Friday night at the Masonic Temple. Hicksville High's Robert Otten added the championship laurel of the NSAA Section One to his already distinguished record for the 1957-'58 Wrestling campaign, in a tenacious wracked week-end on the Westbury High mats.

The comet senior went undefeated in 15 regular season matches and was seeded first for the Section One finals. His victory by an 8-7 count over Ron Fiano in the 137-pound final was the outstanding event as Hicksville made its best showing ever in a tourney.

Farmingdale won in a landslide as expected 150-97 over Mineola. Manhasset finished third with 58 and Hicksville 57 points.

However, the comparatively new-at-the game Comets placed eight men in the semi-final round for which John Roberts in a fine showing.

In the 181-pound class Andy Antonowich upset number one seeded Steve Hoke in the semi-final and put up an aggressive battle before bowing in the final 9-5.

In his semi Otten was almost pinned in the final minute but escaped to with a 5-5 draw with Paul Sammis, Minn. Up to that point Otten had controlled the match and even had won a point on riding time.

The timer and the official, however, mixed their signals and Sammis hand was first raised in victory. The Saturday afternoon crowd was stunned. Growling subsided as the error was quickly rectified.

There were other Hicksville lads who waded through the field of 18 schools to high finishes.

Jim Conlin bowed in the 107-lb. consolation by 2-0, and in the 113-lb. match Larry Baralardi moved fast to edge Rick Saddler of Mineola, 8-6.

Bruce Brady was decisive 3-4 at 125. Gary Black really worked hard to reach the semis in the 161 class and finally was edged 3-2 in the consolation round. The other point winner in the runner-up round was Elias Ellis who was ousted 3-1.

The pressure will be on Otten once again this week-end when the North Shore championships are staged at North Shore High School. North Shore is in the Sea Cliff area.

Hicksville gained two championships in this even last year when Ted Greve and Bruce Brady won their titles.

We have never known interest in Hicksville High basketball to be at such a stagnant point. Despite the bad turn in the team performance, we think it is the outlandish schedule of Tuesday afternoon games and skipped Friday nights that have lost all the club following.

However, we were with just about 15 other lonesome souls for the contest at Mineola last week and feel assured that if that type game could be played at home the fans would come back.

Coach Ed Petro used four of his Juniors most of the way at the County Seat and the lads blazed away at the nets. True, they were defeated, 82-76, but it was a lively, interesting contest.

It also was the highest game point total that Hicksville was ever involved in.

Richard Solby was the high scorer with 28 points which came on accurate and startling shooting.

Because March 27 is Good Friday, the Booster-Alumni contest has been rescheduled for Friday, March 20th. Coach Herb Werkstell of the Booster Club is sure he has rounded up a Faculty team that will win this serious meeting. The coach of the Alumni remains a mystery and perhaps a bit unsure.

There seems to be no end to the demands on the organizational ability of HHS Athletic Director Chet Jaworski. He is chairman of the North Shore League football committee and will direct the Nassau Scholastic basketball tourney.

Hicksville was honored to receive the first County Wrestling Tourney held on the North Shore, but it fell the same dates as the Hicksville Senior Play. So as to avoid a conflict on the week-end of the 28th the bid had to be rejected.

And rightly since the three shows are bound to be sellouts and deserve undivided support.

Hicksville High took the worst beating in its long basketball history. Tuesday afternoon, when Port Washington thumped the Comets, 99-65.

It was the fifth straight loss for the drowning Orange and Black which oddly enough achieved its last win against the Port club. That was a 57-52 win on the Blue home court.

Previously the highest score ever run up against the Orange was an 84 by the best of those great Oyster Bay teams back in '49.

A short Hicksville freeze which was quickly scattered and the over anxious shooting prevented the visitors from breaking the century mark in the last two minutes.

Hicksville has the additional demoralizing task of facing league leader, Garden City, at home this Friday night.

SOX, SENATORS STILL WONDERING

Both the Red Sox and the Senators are trying to figure out what happened to them last week at Woodbury Lanes when each dropped three of

their four games, while the Braves dropped only one, putting them two games in front of the Red Sox and three and one-half in front of the Senators.

It's built for savings...and built for people, too!

Savings is just part of Ford's double-value story! For Ford's as easy to live with as it is to save with. It's built for people. That means you get doors that open wider than its chief competitor... a lower drive-shaft tunnel... foam padding in the front seats of all models. In back, you don't have

to sit with your feet in a bucket. The man in the middle has full-depth cushioning and springing. Suitable sunshading and no-expense-spared use of insulation mean year-round comfort. But don't take our word for it. Come in. Let your Ford Dealer prove Ford's sense and savings.

CHARLES WAGNER, Post 421, Hicksville, N.Y.
By ARTIE RUTZ

The Legion club house was the scene of the Auxiliary's annual Valentine's Dance last Saturday evening and if you weren't there you missed a wonderful, gay and light-hearted evening of dancing and socializing. But, you could not have obtained a seat anyway because every available foot of the hall was occupied. Never has the hall been so jammed as that evening—just

another of the little arrows pointing out the need for a larger hall.

OPERATION COMMENDATION is receiving a wonderful response from Hicksville's business concerns and merchants and members of the committee merchants.

The CHARLES WAGNER POST GUARD will assume the role of HONOR GUARD at the KINGS POINT reception for the NATIONAL COMMANDER next week, Feb. 26

and every member, wife, Auxiliary and sons of The American Legion are urged to be present at this Nassau County welcome to PRESTON J. To LILCO's customers gas and electric service still represents one of the greatest values in the family budget. The cost of living in the New York Area climbed 18% during the past ten years—and the cost of electricity for LILCO residential customers decreased 7%! It's the same story with gas for heating, too...national costs up 30%, cost to LILCO customers down 11%. Practically nothing else you buy gives you so much value for so little cost as your gas and electric service.

OPERATION VFW

Post 3211, Hicksville
By LOU PALLADINO

We've had our dinner-dance and it was very successful. Of course it would have been nice to have more people present. To those of you who missed such a great time. Our committee, headed by Jim Rock, did a very good job. Some of our past commanders were present. Fellows such as Freddy Sutter, Spike Frohenhofer and Lefty Al Hanlen. We also had the honor of having our Town Councilman Henry McInnes attend. So many little things happened to make the evening enjoyable that it would take too much room to detail. The next one should be the best of all. It's a little early for that, but we'll have our

Silver Anniversary. So at this early date, let's keep this in mind. All's well that ends well.

We had the pleasure of having Deputy County Quartermaster Ed Stringham at our last meeting. Naturally, he came to check our books, but he wasn't too hard to get along with, (at least no one went to jail). Seriously, we are always happy to have someone from County pay us a visit. It makes us feel they know we're around.

Remember, if you are interested in seeing the film on Heart Disease, tonight (Thurs.) is the time. The Auxiliary is presenting it at our post at 8:30 p.m. This should be educational to all who see it. Heart, as you know, is the biggest killer of all diseases. We all know of some tragic case that we've encountered among our acquaintances. Learning little more about this subject may someday be very helpful to you, or someone dear. Take advantage of this opportunity. The Ladies are having open house on this occasion.

Anyone interested in our baseball team? Now is the time to speak up. Those of you who enjoy following baseball can find this very

Stanley, director.

A course in Communications will also be offered. This course will help to develop individual perception by differentiation so as to better effect understanding and expression of thought in Communication internally and externally. Communications will start Wednesday evening, Feb. 25.

Registration for the second spring session of Driver's Education will be held in the High School Tuesday and Wednesday evening Feb. 25 and 26 from 7 to 9 P.M.

The Hicksville Public Library will be closed Monday, Feb. 23 in observance of Washington's Birthday.

Friends Ponder County System

At a general membership meeting of the Friends of the Hicksville Library, held Monday, Feb. 2, consideration was given to the proposed cooperative library system for Nassau County.

It was unanimously agreed to ask the Trustees of the Hicksville Public Library to fully inform the residents and taxpayers of Hicksville on the considered change, and how it would effect them and their Library should such a step be taken.

A letter to this effect has been forwarded to the Library Trustees for consideration at the Feb. 18 (last night's) meeting.

Interesting. Most everyone likes the sport, and this sort of thing makes you follow a little closer. Bob Obermeyer is in charge of the committee, so he's the fellow to see.

This is another call for dues. There are only about a dozen left who still haven't paid. This doesn't sound like much, but when we are trying to complete the books for 1958, it's a drawback. So fellows, please send it in so we can forget about Dues until the next time they become payable. The sooner the better.

Van uevan wrote to Jack Muligan to say hello to all the boys in the post. Van, you know, is the one who did so much to help us get our uniforms.

By the way, beer is being given out after our meeting now, so stop in for a meeting and have a session over brew later.

Our next meeting will be Monday, Feb. 23, See you then.

current budget for \$1700 of this work providing additional ball fields at Burns Ave and Old Country Rd. However for the balance of the program, including two diamonds for Dutch Lane and another at Lee Ave with backstops and additional fencing, the funds, would probably have to be transferred from the appropriation intended for landscaping of the school properties.

The Board was divided, two to two, on Friday on whether the additional funds should be extracted from the landscaping-grounds budget.

During Friday's meeting, the School Board approved the payment of bills in the total amount of \$56,831.05 including \$18,887.44 of cafeteria bills.

When Trustee Birch left the meeting at 10:10 PM; the meeting adjourned for lack of a quorum.

Joseph Rigano, 172 Wilfred Blvd. and an oil burner fire at the Charles Genuend residence, 477 Division Ave. The ambulance took James Edwardson, 39, of 9 George Ave. to Mid Island hospital, Bethpage, with an injured back.

The following day, Feb. 14, the ambulance transported Gladys Lincoln, 39, from the American Legion Hall on Nicholas St. to Meadowbrook Hospital, East Meadow, also with an injured back.

The ambulance rolled again on

Feb. 16, transporting Mrs. Cucaro, 66, of 185 Bay Ave., to Mercy hospital, Rockville Centre.

The final call of the period was

the evening of Feb. 17, when the vamps were called to the home of Murray Goldstein, 108 Lantern Rd., to extinguish an oil burner fire.

Every day...more Long Island families demand OIL HEAT!

Mr. J. M. of Hempstead, L. I.,* installed gas heat. In just three months, his gas bills had gone beyond what he expected to pay for the entire year!

FIGURE IT OUT YOURSELF:
SAVINGS UP TO 38%!

COMPARE THESE COSTS**	OIL	GAS
Annual heating and domestic hot water expense for a typical 3-room Long Island home—based on 140 million B.T.U. consumption	\$224	\$364
Annual heating and domestic hot water expense for a typical 7-room Long Island home—based on 210 million B.T.U. consumption	\$305	\$460

** From a current study by independent Professional Engineers.

THE TRUTH IS...

You pay much less to heat better with OIL

BLASTS GAS!

"Have you seen the fairy tale that gas heat on Long Island costs less than heating with oil? Brother! Don't ever make the mistake I did—I believed it! I switched to gas.
"Well, you can guess the rest of this sad story. In just three months of gas heating, my gas bills had gone beyond what I expected to pay for an entire year!
"And it took me just that long—three months—to make up my mind to convert to oil."

Mr. J. M.

CAUTION - TO NEW HOME BUYERS

Not all new homes on Long Island are equipped with Oil Heat. Some shortsighted builders offer inexpensive heating and hot water systems that burn expensive fuels—cost you dearly once you turn them on! Oil Heat is your sure sign a builder cares what happens to you AFTER you buy his house. So INSIST on Oil Heat—hallmark of new home quality—everywhere you look!
