Petition for Library Addition Vote; School Bd Sets Budget Hearing

When Hicksville Board of Education meets this Saturday morning it will decide whether a petition calling for a vote upon a \$45,000 addition to the children's section of the Public Library will be among the questions decided at the annual district election on May 6.

Funeral Today For Rev Kreider

Rev. Dr. Eugene C. Kreider of 22 Terrace Pl., Hicksville, died Mar. 23 at Nassau Hospital. He was 59 years old. He is survived by his wife, Lillian; a son, Rev. Eugene C. Kreider, Jr., Assistant Pastor of Trinity Lutheran Church, Rockville Centre; two daughters, Mrs. Helen Sens of Alexandria Va. and Mrs. Marilyn Gulliford of Philadelphia Pa.; a grandchild; one brother, Rev. Dr. Harry Kreider and two sisters, Emilie Kreider and Mrs. Helen Fox of Philadelphia, Pa.

Religious services will be held Thursday (today) at 1:30 p.m. at St. Stephen's Lutheran Church. Rev. Dr. A.L. Beck and Rev. Herbert Gibney will officiate.

Rev. Kreider was pastor of St. Stephen's Lutheran Church, in Hicksville, from 1935 until 1942, when he entered the U.S. Army Chaplain Corps, as a Captain. At the time of death he was Superintendent of Home Missions of the United Lutheran Synod of New York and New England.

The petition has been filed by Mrs. Roy Neuburger of 12 Amherst Rd. with approximately 200 signatures calling for the vote upon the addition. It was presented to the Board at a special session last Saturday and referred to S. Arnold Witte, school attorney, for study.

John Hansen, a library trustee, was present for part of the meeting. Speaking for the Library Board he said the trustees viewed the proposal as "premature." When he said the petition was circulated by the newly organized Public Library Assoc. Mrs. Neuburger corrected him and stated that she had circulated the petition as an individual.

DECIDE SATURDAY

A decision, based upon what ever ruling is made by Witte, by this Saturday is imperative since bond

Can You Protect Dog Bite Victim?

Unless the owner of a terrier-type dog with brown spots on its white short-hair coat comes forward on or before Sunday, nine-year-old Barbara Pogar, student at Nicholas St. School and daughter of Mr. and Mrs. Paul Pogar of 85 Dean St., Hicksville, will be forced to undergo a series of painful anti-rabies injections. If you know the owner of the dog, please call Mrs. Pogar at WELLS 1-8783 without delay.

Barbara was bitten near the chin on the right side of her face on Friday evening March 20 at about 6:15 PM while she was near the Midway Farms and Hardware on Jerusalem Ave. The dog at the time was tied on a leash and is described as short haired of a terrier type with white coat. There is a deep brown spot on the head and another brown spot on the back and tail. One of the store owners in the vicinity recalls seeing the dog taken away on its leash by a woman in green slacks.

The physician has advised Mrs. Pogar that unless the dog is found by Sunday, Barbara will have to receive the injections.

EASTER BUNNY AT GERTZ PARTY

TWO HAPPY youngsters, Donna Lambert of East Meadow and Joan Lehman of 29 Mineola Ave., Hicksville, snuggle up to the Easter Bunny during an Easter party held at Gertz in Hicksville on Mar. 22 for the children of Gertz store associates. Hundreds of youngsters turned out with their parents for the annual affair. Each child had a private chat with the Bunny and had an individual picture taken. Toys were distributed and the party table was overburdened with cookies and ice cream. (Photo by Frank Mallert.)

Imperial Gardens Wants Westbury as PO Address

A campaign is underway by residents of Imperial Gardens in the Northwest corner of Hicksville School District to have their mailing addresses changed from Hicksville to Westbury, it was learned today.

The area, which will number about 150 homes when completed, is totally within Hicksville School, Fire, Water and other special improvement taxing districts. It is entirely in the Town of Oyster Bay.

A petition has been drafted asking the postal department to change the mailing address claiming "closer geographic proximity to Westbury...and for the general welfare".

Some community leaders, re-

calling the confusion which developed some years ago regarding the delivery of mail in the south section of Hicksville, fear the proposal will "add to confusion".

Children in Imperial Gardens will go to Hicksville Schools. In case of fire, they will look to Hicksville Fire Dept for protection. In at least one instance in recent years the incorrect address for a house on fire almost resulted in the loss of life and property.

Streets involved in the proposal include Barry Dr., Jackie Dr., Laura Dr., Bonnie Dr., Hunters La., Robin Lane, where there is currently foot carrier delivery from Hicksville Post Office.

Chamber Backs Clean-Up Drive

In conjunction with The Town of Oyster Bay Spring Cleaning Week, March 30 to April 3 inclusive, the Hicksville Chamber of Commerce has announced its cooperation by establishing pick-up depots for residents and business establishments wishing to dispose of garbage, junk and other refuse.

Collections will be made by Sanitation Department trucks at 10:00 a.m. on Thursday, April 2 at the

parking lot behind the L.I. National Bank in Hicksville, and the parking lot at Broadway and Carle St. All residents are urged to dispose of any unnecessary rubbish at this time.

Councilman Henry McInnes urges all residents to take advantage of the cooperative service offered by the Town Sanitation Dept. in the collection of rubbish and debris during Clean-Up Week. Phone WALNUT 1-0895 or WALNUT 1-0894.

THE CALLAHANS ENTERTAIN WITH IRISH SONGS

GUESTS at the St. Patrick's Day Dance of Holy Family R.C. Church held in Levittown Hall were entertained with Irish songs by these five children

of Mr. and Mrs. J.J. Callahan of 63 Winter Lane, Hicksville. Left to right are Virginia, Michael, Christopher, Mary, Alice and Kathleen Callahan.

Father Goggin Is New Moderator

The St. Ignatius Loyola Auxiliary of Christian Mothers are proud to announce their new moderator will be Father Leo J. Goggin. Father Goggin is well known to the members of the Auxiliary, many of whom have worked with him in the past on such memorable affairs as the Annual Parish Bazaar, Thanksgiving social, etc. It will be a pleasure and a privilege and the members are proud that their organization was so honored.

At the 37th monthly meeting of the Auxiliary held Monday evening in the school auditorium, Mrs. William Gahan and Mrs. Walter Gaylor were given an ovation for their splendid work on the annual February social.

It was announced that Nominations Committee under the Chairmanship

of Mrs. Warren Riker will present their selected slate of officers for next year at the next meeting, April 27th. Mrs. Andrew Novellano, Mrs. Daniel MacDonal, Mrs. Leonard Brumby and Mrs. Howard Toomey are also serving on this Committee.

There will be a testimonial April 26 in the school auditorium for Father John Wissler who has just been appointed Pastor of St. Mary of the Isle, Long Beach. All parish societies will assist and all members of the parish will be invited to pay honor and tribute to one who spent so many years working for St. Ignatius parish-ions and their children.

Mrs. John Frawley, a member of the St. Pius X confraternity group, presented a very informative picture of the work being done in the Parish to curb the distribution of indecent literature through local stores. Many local merchants have cooperated and will be commended for their participation in this drive.

There is no doubt but that the Mothers will long remember the visit of Salvatore J. Rametta, Assistant District Attorney, Kings County, who was guest speaker of the evening. His unforgettable description of the actions and attitudes of delinquents whose records are processed by his office was eloquently punctuated by an exhibition of the sordid weapons in current use. He emphasized that as a matter of record, all would-be criminals do not necessarily emanate from slum areas, broken homes or are a product of poor economic conditions. Mr. Rametta felt we should not waste undue sympathy on criminals but should exert our energies toward reorganizing our homes; establishing a background where children are taught to respect their parents, their teachers, and the law enforcing agents of the community.

DEAR JEAN

Ask that "bundle of Happiness", SMILEY at the Hicksville P.O. to tell you that little joke of his -- about his son and his parkette. It's a lu-lu.....Glad to see Mrs. LILLIAN MOSEMAN of Old Country Rd., Hicksville back at her duties at Game Saller's Starlight Shop. Mrs. Moseman was pretty ill for several weeks.....Happy to hear Mrs. JOSEPH HEIM of Twisslons Ave., Hicksville, is back at home after a stay at Niskay Hospital. Don't believe she can have visitors but our best wishes are with her for a complete and speedy recovery.....Ever taste "beef Stragout"? we haven't but will at the Smorgasbord Luncheon being sponsored by the Glen Cove-Hicksville Mercy League on Wednesday April, 22 at the Hicksville American Legion Hall. The recipe is taken from the "Cook Book" which goes on sale that day.....

Got the cutest little announcement from the parties of the first and second parts, Mr. and Mrs. Mike D'Amico, of Plainville, on the arrival of their party of the third part, Denise Marie, born Feb. 13. It has the little ones picture on it and we know now why all parties concerned, including grandparents, Judge and Mrs. JOSEPH LESKUCHEK, are so proud.....KITTY AND SAM WEISS of Willoughby ave., Hicksville spent the week-end in New Jersey visiting their son, Harvey and family. Kitty and Sam are also very proud grand parents.....Our best wishes to Miss JANET BARBARA FERNSTROM, daughter of Mr. and Mrs. J.W. Fernstrom, who recently became engaged to Robert J. Mackin, son of Mrs. James Mackin and the late Mr. Mackin of Hicksville.....Got several reports of people seeing the first robin -- one from MRS. MARTHA MARTINO of East St. who says he was "a big fat one and singing" -- another from girl Friday IRENE GILCHRIST who says it was "just singing -- what for, I don't know". She's our girl.....

Mr. and Mrs. HOWARD GOLDMAN of 145 6th St., Hicksville, announce the arrival of their third child and second son, MICHAEL MORTON, at Community Hospital, Glen Cove, on Mar. 19. Little Michael BROS., well-known local retailers.....Uncle IRWIN GOLDMAN is in charge of the clean-up campaign being sponsored by the Chamber of Commerce in cooperation with the Town Sanitation Dept and Councilman HENRY McINNES.....While CHARLES SAUBER is unopposed as candidate for Chief of Hicksville Fire Dept to succeed MEDARD O'NEIL, LOCH who is concluding his second term and, under Dept by-laws, cannot succeed himself, there is a three-way race for third Assistant scheduled for next month.....Work began this week upon the triangle formed by Broadway, Jerusalem Ave and the LRR as part of the North Bway widening. The widening, by the way, is lopping about a million dollars off the assessment for the community thru demolition of buildings and acquisition of land by the state.....Postmaster HARRY COTTER has his fingers crossed, but the Post Office may hit that million dollars in office receipts any week now. At a million-dollar office, it will take its place among the top rank post offices on the island.....

The Board of Education recently authorized termite exterminator services for East St and the Junior High School where the mighty mites have been doing their damdest. ARTHUR ERECH wanted to know if there was any termite trouble at Nicholas, the oldest school in the district and wood thru and thru. The answer was "No".....SAM KELLNER is building the addition to the Bethpage Post Office which increases its floor space by about 100 per cent. SAM has become a specialist on post office construction, having erected about a half dozen around the island, the latest at Brentwood.....

HARTLEY KROUL of Plainville who has been District Field Executive of the Arrowhead Boy Scout Chapter is being transferred to the north shore Thunderbolt District. We'll miss him -- that picture of a pole in the middle of the tracks at Hicksville, taken when the new freight yard was being built, was reproduced in the HERALD months ago as it had appeared in Boston's CHRISTIAN SCIENCE MONITOR... Lo and behold, last Sunday it was in the NEWS foto section....

Worker Killed On Road Project

One man was killed and another critically injured on North Broadway, opposite the Hicksville Post Office, Tuesday afternoon when a crane operated by Maurice Hoennick of Bethpage, hit a high tension wire and sent 13,500 volts of electricity through the bodies of the two men. Killed instantly was Anthony Ambrosio of Franklin Square, while J.B. Witcher of Brooklyn was removed to Meadowbrook Hospital in critical condition. Both men were 37 years old.

The men, employees of DeLillo Construction Co. of Hicksville, were standing on the ground guiding a cement grader into position when the boom of the crane contacted the wire. Beside the bolt of electricity Witcher was pinned beneath the grader when it broke loose as a result of the jolt. He was reported to be suffering third degree burns of the upper body and possible fractures of the left arm and lower spine. Hoennick was not injured since he was in the cab of the crane and not grounded.

What a wonderful surprise it was for both of us when her family placed a phone call to me on her birthday. She was three thousand miles away but sounded as if she were right beside me. And, in spite of the many years, I recognized her voice right away. I always knew the telephone could bring happiness into people's lives but, until that day, I never knew how much."

"best of the French Impressionist school of painting, as well as the old Masters. These Abrams reproductions are carried and sold by the Metropolitan Museum of Art." While Swensen Builders is a home improvement firm, it believes that fine art plays a major role in any and all efforts to achieve the American Home Beautiful.

SCHOOL BUDGET

(Continued from page 1)

issue proposals must be included in the notice of the annual meeting which is scheduled to appear in print during April.

The Board received copies of the "completed" budget last Saturday and may take final action on the detailed budget this Saturday. As it now stands it calls for a gross expenditure in 1959-60 of \$7,924,549.16 or about 10 per cent more than the current year.

It was hinted at the meeting that the tax rate for the next year may increase about 10 cents per \$100. The present school rate is \$4.82 which if it did go up 10 cents would

still remain below \$5.

There are several undetermined factors involved before the official rate can be established. These include the total district assessment, a figure which is not available until Aug. 1; the outcome of public bidding for student transportation, scheduled in April; excess cash which may be available at the end of the fiscal year; and estimated State Aid.

The Board of Education, with members Robert Eaton and Arthur Elfrich absent, went into the McCormick up-dated survey and recommendations of Dr. Wallace Lamb, superintendent of schools, to meet current and long range facility requirements.

The board, without committing itself to any definite course of action, authorized Dr. Lamb to go to the State Education Dept. with his recommendations and obtain their reaction.

The recommendations include a 14-room elementary school on the so-called Willet Ave. site to eventually replace Nicholas St. School building; addition of eight rooms to the Senior High School; acquisition of adjacent property at the Senior High to accommodate the additional rooms; possible addition of a gym to East St. School.

The construction of the 14-room school, it was noted, would speed the day that the temporary type additions could be moved from elementary sites for attachment to the Junior and Senior High Schools where the enrolments are steadily advancing.

The Board is preparing to have printed copies of the Budget distributed prior to a public discussion meeting on the tentative budget on Friday night, April 24, at 8 PM in the Senior High School.

CANDIDATES FOR SCHOOL BOARD

ALLEN S. CARPENTER, center, this week announced that he will be a candidate for re-election as a member of the Hicksville Board of Education at the annual district election on May 6 and that his running mates will be Herbert Backman of 8 Brooks St. (at left) and Fred J. Noeth of 22 Twinlawn Ave. Carpenter is the incumbent president of the Board and is completing his second term as a Trustee. His home is at 11 Loretta Lane. Backman has been president of the Hicksville International Little League and a member of the School District Recreation Advisory Committee. He is membership chairman of the Senior High P-TA. Noeth has been clerk of the School District for over two years.

CURRENT COMMENT: Spreading Out Parking Cost

By FRED J. NOETH

WE HAVE a lengthy letter from Kurt H. Pohl of 27 Primrose Ave., Hicksville, who is concerned with several proposed amendments to the Town Law pending in the State Legislature.

We have been aware of the matters pending; in fact, we have published two news stories directly relating to the proposal for a town-wide parking district and have reported the introduction of the escalator district bill.

The town-wide parking district logically proposes to permit spreading the cost of construction and maintenance of parking fields over the area beyond our School District. We have long felt that a broader base for such taxation is reasonable because, like highways, the users come from distances beyond the point where the burden is borne. This, we are assured, will not "take anything away" from Hicksville people. The parking fields we now have represent a considerable bond, indebtedness for Hicksville as a community. The burden should be spread to include those people who use them, as far as possible.

The escalator district is proposed, as we understand it, to permit consideration for the eventual installation of an escalator in the original grade crossing elimination design. We know of one community which now seeks to install an escalator and has been chagrined to find that the structural design of their elevated station is such that mechanical stairs either cannot be installed or only at a prohibitive cost.

Such a taxing district would only come into being after due public hearing before the Town Board. The mere enactment of the law does not create the district.

We are forwarding to Mr. Pohl copies of the bills in which he is interested.

He is shown with John Hill, Rotary president at the left, and Dick Sollner, club treasurer. The speaker talked on the history of India, its government, languages, religions and progress made in recent years since its independence. He also discussed the threat of communism, famine and the disappearing caste system. He came to the U.S. in 1956, studied law in Tennessee and Oregon. He is a member of his Rotary Club in India where his wife is a medical doctor. She came to the U.S. in 1955 under a project jointly sponsored by the American Medical Assoc. and the Indian Medical Assoc.

HERALD READER OPINION: Two Comments About Library Staff

To the Editors:

The people of Hicksville should know that the Board of Trustees of the Library voted a budget last Wednesday night which fails to provide any real increase in salary for the Library Director while raising his professional assistants \$1300 or more per year. We voters will apparently have no opportunity to revise this evaluation of the services of the Director, Mr. Kenneth Barnes.

Many of us have become aware in the last several months that the Hicksville Library has grown to its present stature in spite of the existence of an element in our midst which has been, to say the least, unfriendly to the idea of a library as a positive force in the cultural and intellectual life of the community. In view of the vacillation exhibited by the Board in the recent past, the credit - or blame, depending upon your point of view - for the Library's growth must lie on other shoulders; specifically, those of the Library Director and his staff. The action of the Trustees in rewarding his efforts during the past year with what amounts to a cost-of-living increase - \$250 per year - seems to serve notice as to where they stand.

Mrs. Goodrich publicly acknowledged that the new salary scale is generally consistent with that recommended by the New York Library Association for subordinate positions but, strangely, falls short of the salary recommended for the Director. The latter, if followed, would have raised Mr. Barnes' salary by about \$1000. The salary range so capriciously established by the board is also \$1000 to \$1500 less than the nearby communities of Levittown, Farmingdale, and East Meadow have set for their Library Directors.

The information on the amount of the increases emerged as a result of questions from the audience at the last Board Meeting after several hours in which the Board concerned itself with such matters as mechanical gimmicks which will let us stand in line with the kids to check out books, the color of the library's signs, etc. Speaking as a customer of the library - a viewpoint apparently receiving little consideration by the Board these days - I should prefer to see the trustees concern themselves with setting library policy by standards consistent with those of the outside world and leave the job of directing the library to the Director. And pay him accordingly.

To the Editor:

You may or may not be interested in the attached copy of my resignation from the Hicksville Library staff. However, I would like to offer a public explanation of the conditions leading up to the resignation so the people of Hicksville will be in a position to understand better the conditions under which the staff is forced to work.

First of all, the most recent attack from the Board was over a statement of discipline policy in the Children's Library. The statement said in part: "The Library is an educational institution and exists primarily to encourage the QUIET habits of reading and research by providing both the books and the proper atmosphere for such activities." The sign was up for six months when the Board ripped it down and announced that it would make all policy. The Board has consistently brushed aside all suggestions that internal policy was the prerogative of the administrator.

Previously this year, the Board put great pressure on me to buy books according to the whims of Board members. Book selection, particularly for children, is a highly specialized activity. I read between five and eight hundred books every year in order to assure a consistently high quality of books in the children's room. Many parents have remarked on the improved book stock since a trained professional has been doing the job and anyone familiar with the children's

room knows this is true. It struck me as highly ironical that the pressure exerted against me occurred at the same time the Board was publicly crying about the pressure being applied to it in the Chaplin controversy. Pressure against them is deplorable; pressure by them is just part of the game.

As difficult as these attacks have made life, perhaps the most depressing activity of the Board is the Sunday visit to the Library at which time they go through our desks, rearrange furniture, and rip down signs, labels, and directions. Nothing is sacred to them and I find it a personal affront to my dignity as an ordinary human being.

I would like to try and make clear, without appearing a braggart, that the children's room has been run according to the best accepted professional standards. I am a competent enough librarian to be accepted by Columbia University as a candidate for a doctorate in library service. In June, I will join the graduate faculty at St. John's University, School of Library Science where I will teach library services to graduate students. Perhaps St. John's, Columbia, the Library Director, the staff, and most of the public are wrong in their judgment of my ability and the Board of Trustees is right. Everyone else could be out of step except the Marys and Johnnies of the world.

I would like to end by noting that nothing in this statement should be construed as criticism of Mr. Barnes, the Library Director. What I have put up with is nothing compared to the petty harassments Mr. Barnes has had to contend with. That we have as good a library as we do is due to Mr. Barnes' ability to maintain some semblance of order in the midst of Board created chaos. Mr. Barnes is one

of the finest administrators I have worked for and he deserves more appreciation and support from the public and his Board.

As stated in the letter of resignation, I deeply regret leaving Hicksville. The Library is at the point where it should and can move forward and become all a good library should be. But, to do this, the Library requires support and encouragement from the people.

DOROTHY M. BRODERICK

Mr. Elery Bean, President
Board of Trustees
Hicksville, N.Y.

Dear Mr. Bean:
I wish to submit my resignation from the staff of the Hicksville Public Library effective April 30, 1959.

It has become increasingly obvious that in spite of earning the respect and approval of the Library Director, the staff, and the public, the Board of Trustees has neither respect nor approval, not only for me, but for the entire concept of a good children's library. The Board has made no attempt to honestly understand the philosophy or problems involved in running a children's library.

I regret being forced to make this decision. The job has been a satisfying one in many ways and I particularly regret leaving the Library at the point when, with a minimum of cooperation and understanding on the part of the Board, we could have one of the finest children's rooms in the area.

Respectfully submitted
DOROTHY M. BRODERICK
Children's Librarian

Cite 8 and 40 For Service

Eight and Forty members of Nassau County were lauded today by National Jewish Hospital at Denver for their "outstanding record of humanitarian service in supporting the tuberculous children's program at the famed free-care, nonsectarian medical and research center.

A citation from the hospital's board of trustees was transmitted to Mrs. William Unstadt of New Hyde Park, chapeau of Nassau Salon #24.

Praise of the Eight and Forty's valuable contribution came in a sixtieth anniversary review of achievement by National Jewish Hospital in the fields of research and treatment for victims of tuberculosis and chest diseases. For 27 of those years Mrs. Unstadt pointed out, the Eight and Forty has supported the program for tuberculous children.

The children's department, which accepts patients from infancy on is particularly renowned for its success in combating tuberculous meningitis, which until a few short years ago, was 100 percent fatal.

In addition, the children's department provides complete schooling facilities from nursery classes through high school, under accredited teachers. Records show that every pupil has been equal to or head of normal grade upon discharge from the hospital.

National Jewish Hospital which was opened in 1899 with the motto, "None may enter who can pay; none can pay who enter" will be

host to Eight and Forty members from all over thenation on April

18, an annual visiting event which this year will honor Mrs. Connie Sundry of Pennsylvania, chapeau national.

Present Guide to Scholarships

A new guide to hundreds of college scholarships available to qualified high school students of this area is being presented to the Bethpage High School and to the Bethpage Public Library by the Archie McCord American Legion Unit of Bethpage.

The 76-page publication which has just been revised for use during the 1959-1960 school year, has been recognized as one of the major scholarship guides now being issued in the United States. While it gives special listings of scholarships which have been established for children of veterans, particularly children of deceased veterans, it also lists many other scholarships and educational aids which have been made available to young people generally.

Mrs. John Mazrie, Education and Scholarship chairman for the Auxiliary, stated that thousands of young people have failed to take advantage of generous educational aids which have been offered.

PERSONAL MENTION
 PATRICK E. MCGEE of Hicksville is general chairman of the 78th annual dinner of the Alumni Assoc. of St. John's University which takes place Thursday evening, April 16 at the Hotel St. George, Brooklyn. About 600 old Grads are expected.

Good Friday before Easter

Will something wonderful happen to you before Easter? You're not planning on it!

Great events in history don't just happen. They're planned. It was true about the Normandy invasion and it must be true if your personal history is to include anything significant this Lent.

Take Easter—that was planned. God determined to enter man's history and change this rebellion, this lost cause, to a new alliance with Him. He was determined to break the devil's hold on man by overcoming his chief weapon—death. And Easter proves His victory! Jesus Christ came back to life—and you can come back to live with God.

But Good Friday came before Easter. Good Friday reminds us that it cost God to save man. The love that stoops to help the man in the gutter, the mangled in an automobile accident, the dying in war, will itself know dirt and blood and agony. This was true for God. His Son, Jesus, died on Good Friday to make Easter possible.

Only God can make a great change in your life with Him this Lent. But you're a part of His planning. Come to church this Lent. The Lutherans in your community would share Good Friday with you—so that you can share Easter with God!

Bethpage Co-ed Stages Play

"The Jolly Beggars" a play based on a cantata by Robert Burns, was successfully presented by Miss Clarke Danielsson at the '92 Theatre, Wesleyan University, Middletown, Conn. for two evenings as the third event of the 1958-59 season.

There were two performances each evening, with a discussion period between performances lead by a moderator. Introducing Miss Danielsson to the audience, the moderator pointed out that Robert Burns was neither a playwright nor a musician but used existing folk music improving it for his songs. Miss Danielsson had only the lyrics and the songs to work with. The music, choreography stage and costume designs etc. are her own. There is no known record that "The Jolly Beggars" ever was staged.

Answering questions from the audience, Miss Danielsson explained that she staged "The Jolly Beggars" in the style of "The Beggars in the Three Penny Opera" retaining the tradition and sentiments of Burns' Scotland. She gave a brief history of Scotland during the later half of the 18th century as pertaining to the play.

Miss Danielsson presented this play in partial fulfillment of her field work requirement for the degree of Master of Arts in Teaching. She is the daughter of Mr. and Mrs. A. Danielsson of 81 Dorothy St., Bethpage, graduated from Bethpage School's eighth grade, from the Farmingdale High School in Farmingdale, received her B.A. degree from Sarah Lawrence College, and was one of the first six co-eds to be admitted to Wesleyan University, the Master of Arts in Teaching Program—a two year post graduate course—on a \$1400 yearly scholarship. She is practicing music teaching at the High School in Hartford, Conn.

Two Residents Star in Drama

Two Hicksville residents are taking part in Threshold Theater's production of Arthur Miller's drama, "Death of a Salesman," which will be presented in the Flight Room, Roosevelt Field, at 8:40 p.m. on April 2, 3, 4, 10 and 11.

Directing the play is Allen Fristoe of 19 Picture Lane, Hicksville, who is with the Benton and Bowles advertising agency of Manhattan as director of CBS-TV's "Edge of Night." He has performed previously with Threshold Theater, Inc. as Joe in "Detective Story," and holds a Master's degree in drama from Northwestern University. He is married and has a son.

Hal Studer, who lives at 6 Petal Lane with his actress-wife Billie Studer, will portray the role of Howard Wagner in "Death of a Salesman." A professional actor, he has appeared in ten plays with Threshold, a professional arena theater which presents several comedy and dramatic productions each year, and has been on television as a regular performer in "Captain Nemo."

Tickets for "Death of a Salesman" may be obtained by calling Edgewood 4-1342.

amid all the hustle and bustle of the Legion's 40th anniversary party, I found myself to be part of a parcel of a social affair at the time it called the "Fatty's Dance." I like to say I was a huge portion but being perfectly truthful, it was just a tiny segment of this friendly maestro of humanity who managed to squeeze their way into the Legion Hall that night. There was a bout of the band for expanding the club house, disappeared into thin air that night—There have been other well attended affairs in the past, and no doubt there will be more in the future, but unless we get more members, an awful lot of people are going to become members of that

THE ONLY CAR WITH WIDE-TRACK WHEELS
Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens the stance, not the car. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.

Slide in behind the controls of this gorgeous automobile, pull away and feel what happens—or doesn't happen—at the first curve or corner. Less sway. Less wobble. Wide-Track Wheel design is the reason. No other car, only Pontiac, has it. The wheels are five inches farther apart. This widens the stance but not the car. You're steadier, balanced, more secure. Narrow track cars can't match it. This is a big year for Pontiac—with many more to come. It can be your big year, too. Alumni Plans Spring Dance

Plans for its first Spring Dance into full swing when the Hicksville Alumni Assoc. met on Wednesday evening, March 18, in Hicksville High School Little Theatre. Charles Masek, president. Mrs. A. Segretto, chairman of the committee, reported the dance to be held at the Bethpage Country Club on June 20 and the theme of the evening will be "Around the World in 80 Days". Further details on this will be reported later. The Board of Directors of the club have made plans to meet the second Monday of the month at the Little Theatre. Howard Finley reported on plans for the second annual Home Coming Day of the Assoc. to be held on March 17 with Garden City. Included in the plans is an affair for the night before the game. Committee in charge will have more news on this at the next board meeting. Masek appointed Howard Finley as Historian of the Association. Louis Kappstatter and Fred Smith were elected to fill two vacancies on the Board of Directors. Thanks to Lou Kappstatter, who took over as acting secretary in place of Mrs. Gladys Schwartz, who is in Florida and Mrs. Evalyn Smith, who could not attend the meeting.

Library Joins County System

The Board of Trustees of the Hicksville Public Library have voted the institution into active membership in the newly-formed Nassau County Library System. The Nassau County Library System is being formed to strengthen library service in the area. Many regional library systems of this sort are already in existence in New York State. They are encouraged by the state government which also helps materially in their technical and financial implementation, a spokesman for the trustees stated. The overall policy of the System has been fully formulated yet. First steps, after the system has been put into operation, will include centralized purchasing and a schedule of truck deliveries to member libraries. Immediate advantages for Hicksville of these measures will be a greater discount on books purchased and faster interlibrary loan service. It is believed that this plan will eventually include the development of a regional library of reference and circulating books too expensive or specialized to warrant purchase by individual member libraries, which will in this way be made available for use.

Every day...more Long Island families demand OIL HEAT!

Mr. J. B. of Garden City, L. I., used to use gas heat... says he never got enough heat or hot water. Now that he's switched to oil, his troubles are over.

GAS NO LAUGHING MATTER!

"People kid me about my sense of humor, but I didn't see anything funny in big gas heating bills! And the quality of our gas heat seemed to leave a lot to be desired. Our house isn't big, yet we never got enough heat in our northwest bedroom. The hot water situation was rough, too. There just never was enough of it whenever we needed it most... for showers, baths and all our washing needs. But now that we've switched to oil, those problems are over for good! We're enjoying better heat—and far less expensive heat (and hot water)—than ever before. Take my advice—switch! We're delighted we now heat with oil!"

CAUTION - TO NEW HOME BUYERS

Not all new homes on Long Island are equipped with Oil Heat. Some shortsighted builders offer inexpensive heating and hot water systems that burn expensive fuels—cost you dearly once you turn them on! Oil Heat is your sure sign a builder cares what happens to you AFTER you buy his house. So INSIST on Oil Heat—hallmark of new home quality—everywhere you look!

Church Hall Ready Easter

Easter Services for members of the First Baptist Church of Hicksville will be doubly inspiring this year. For the first time the congregation will meet in the main auditorium. For the past year they have been meeting in the semi finished basement of structure while it has been under construction. The church is located at Lisiz St. and Pollok Pl., Hicksville.
 At the 7:30 evening service a film titled, "Wire Tapper" will be shown. The film is the true life story of Rev. Jim Vaus, former wire tapper for a crime syndicate, turned minister. All are welcome.

Sgt. Robt. O. Ulmer Post #44 Nassau County's First by Jimmy Cooley

OUT OF THE FOXHOLE... Welcome back to these RENEWALS. **FRY CZECIL, FRANK KELLY, RY WALTERS** and **HAL COLLYER**. I want to see such members as **GEORGE STREMBEL** send in 59 dues as soon as possible. About dropping in at our next meeting. **MIKE ELIASH, JOE PAKUL, HARRY ZVONIK** and all the rest of you fellows who haven't been recently. **DATES TO REMEMBER...** April 3rd & 17th. Post Meetings at Broadway Tavern; April 10th. Nassau County Convention at Broadway Tavern Hall; April 10th. Officers Meeting at same site. **NEWS HERE AND THERE...** Hear that **GEORGE HONOSKI**, former Vice Commander of Post 44, died in the hospital due to an injury to his leg. Post #44 is sponsoring a Little League team this year. It is said that the **AMVETS Auxiliary** will hold a dance in April, if Auxiliary President **LIE PURISH** will send items to her Ladies group to **AMVETS**. Box 309 this column would be more than happy to print them up. **County Commander Frank Hillon** tells me that besides **AVILLE** at the County Convention. **TOWN, BETHPAGE-PLAINFIELD, FLORAL PARK, FREEPORT** **ELMONT** will be well represented. On OCT. 10th, the **SGT. MER POST** will celebrate its birthday. Of the original 21 and 1 woman who started the Post have passed away, some have moved out of state and with us today is just about 3 of the group. Missed the Post St. Patrick's at the VFW hall on Saturday, March 21, but have heard nice reports. Hear tell that the working committee of **LOU MIGNONE** and **JOE BRENNEN** as usual did a good job, and that goes for the rest of the fellows. **TOM CONNORS** and **AND** played the same fine grade music that he is known for. **SHIP OFFICER JOE STANKO** reports membership going very well, but wants every one to get an extra new member. **JOE** says, "We are moving very fast now and its no time to stop rest." **CHARLIE EICH** wants war from you members who read that paper for Bowling. This unit has been notified by P.E. **ARD** of National Headquarters. I've been made Special AMVET representative. I may not be **ERNIE B**, but it's the little things that make a bit with me. The Memorial Day Committee for meetings at the Hicksville Legion Wednesday April 25. To date **BARLOW** for the Legton Post our own **JIM SURLISS** for **POST 44, LESTER IEHLE** for **POST 3211, ELLIOT GERBER** for **POST 655** and **FRANK ESCHBACK** for the Catholic Veterans will represent respective organizations. And before I close let me take this opportunity to wish everyone and family the happiest of Eastern Officers and members of the **Robert O. Ulmer Post 44 AMVETS**.

The term for which the partnership is to exist is from the date on which proof of publication of the substance of such certificate is filed in the Nassau County Clerk's Office until the 31st day of December, 1979, subject to possibility of earlier termination or further extension. A description of the other property contributed by each limited partner is: none. No additional contributions are agreed to be made by any limited partner. No such assignment is effective until the Assignee agrees, in writing, to be bound by the terms and provisions of said agreement. No right is given to the partners to admit additional limited partners. No limited partner or partner has any priority over any other limited partner or partners as to contribution. The rights of a limited partner as such are not affected because the limited partner is also a general partner and wherever the same person is both a general and a limited partner, his two interests are treated as wholly separate partnership interests for all purposes of the Partnership Agreement. In the event of the death, insanity or bankruptcy of a General Partner, the remaining General Partner has the right to continue the business of the Partnership. In the event of the death, insanity or bankruptcy of both General Partners, the legal representative of the General Partner last surviving shall have the right to wind-up the partnership affairs. No right is given to any limited partner to demand and receive property, other than cash in return for his contribution except that on dissolution or termination of the partnership its assets shall be distributed in kind to the extent possible and in the above proportions. The certificate referred to above has been signed and acknowledged by all of the General and limited partners. B32x4/9(6T)

ON FIRST HIKE

Scouts of Troop #375, sponsored by the Evangelical Lutheran Church of St. Stephen, Hicksville, had their first day hike of 1959 on Saturday morning, March 7. The purpose of the hike was to enable the Scouts to pass first and second class requirements, which must be done in the field. The requirements included taking at least three compass degree readings, measuring off three different distances and arriving at a designated point. Hike cooking, use of the knife and axe and firebuilding with safety precautions, and cleanup of campsite are other second class requirements. First class requirements include estimation of distance, measuring height and map sketching. Most of the Scouts who were tested passed since they were prepared, having previously studied their Scout Handbooks.

The Scouts also improved the Troop campsite by leveling a road, putting in branches and logs to prevent soil erosion. This will enable the Troop trailer to reach the campsite. The boys intend to make many improvements in the near future.

We are thankful to Ray Carroll for presenting the Troop with two Troop Emblems for the trailer and

a beautiful Troop emblem flag. Fathers of Scouts are always welcome at any of the meetings, campouts and hikes. The Troop can always use more help and the parents will enjoy it. The Troop program is full of wonderful opportunities, excitement and fun - stick up to summer camp time. Come and join us.

READ THE LEGALS!

The Herald Sportlight

by HOWARD FINNEGAN

Hicksville High's formidable pitching array of Henry Ristow, Bob Cerone, Steve Peschell and Leo Kandawada has Comet diamond opponents moaning but we aren't getting on the bandwagon unless the weak hitting of last season shows improvement.

We consider it a little unfair to tab Coach Amado Tomani as having the team to beat when his club must compete in a league which features highly specialized pitching.

Unlike the foolishness of last season, Hicksville has a home field to play and practice on this year and this should help pick up the stickwork.

The mediocrity of the once powerful Nassau County Amateur Basketball League is best exemplified by the recent conduct of its Annual All-Star Game.

This encounter used to be one of the major fixtures of the winter season in Nassau County and although the 1959 flasco has already been treated rather savagely by a ridiculing daily press we must repeat the facts here.

Hicksville twice in the past had the encounter on its own court and furiously contested games were enjoyed by sell-out crowds. Those who used to see them will be unhappy hearing of the decline.

It was announced that this year's game was going to be played at Locust Valley with the All Stars playing one half against the first place team and the second half against the second place team as of the date

When the league leaders arrived at Locust Valley they found the gym dark. The host team hadn't been informed it was staging the game although it was announced a week in advance to the press.

After that was cleared away the gym was opened and not one of the All Star selections bothered to show up! Twelve people watched the two league leaders play a practice game! Even the President of the League didn't go.

In a robust contest the Hicksville Alumni defeated the School System Faculty 51-46, Friday night. It was the Booster Club benefit game. Because of a duplication of events going on in the community the event fell short of its usual realization but it was worth while for those who attended.

A word should be said here for the loyal Alumni who have participated on the floor in this event for the past four or five years. Our good friends Ted Schwartz, Bob Paton and Charlie Rosengren although they now live in East Islip and Amityville respectively, still give up an evening and travel in to help make the event a success.

Frank Estrada, Dick Alcock and Bill Cheslock are the other Hicksville standbys who have stood by this event over the years.

Most of the money raised at this affair goes to the annual Booster Club scholarship awards.

Developing Own Field

Hicksville's first Little League field, other than school or town facilities will be developed by Hicks-ville American Little League on property owned by the P.L. Andrews Co. located on Andrews Road, Hicksville.

Frank J. Nunery, Vice-President of the P.L. Andrews Co. in Hicksville, in making the announcement said that his Company was extremely well pleased that they were in a position to help advance the interests of Little League Baseball in the Hicksville Community and felt the new baseball diamond would make the activities of the American Little League one of the better programs on the Island.

According to league President, Joe Kelly, the project was started in 1958 when a group of League volunteer workers decided to do something about the dream of every little league a field of its own. A field fund drive was launched with the help of the town merchants and the Committee comprising John Smith, Hank Treutler, Frank Fisher, John Hanigan, John Payne, Bob Paterson and several others reported at the end of the drive several thousand dollars had been raised.

Cards Spring Into 1st Place

By BILL SAKAL

Surprising everyone, excepting themselves, the Cards flew into first spot in the Holy Family Section of the CYO Bowling League Friday night when they took three points from the Red Sox at Woodbury Lanes.

With the advent of Spring, the Red Birds, who seemed to be slumbering all winter, suddenly awoke and began to stretch their wings.

While the Braves, Red Sox and Senators were tiring themselves out battling one another, the Cards flew up from fourth to second on Mar. 13, and then flew to the top of the tree. On Feb. 27 they were 4-1/2 games out of first and only 1/2 a game behind third place Red Sox, and just seemed to be waiting for warm weather before flying out of their nest.

Highs for the evening were: R. White 215, J. Walsh 202 and P. Trentacoste 201.

Standings as of Mar. 20:

PBC Members Guests at Circus

Twenty-five lucky PBC members were the guests at the Frank Wirth Circus in the Island Garden, West Hempstead last night. The boys attended through the courtesy of Sagamore Lodge No. 817 Knights of Pythias, who have distributed tickets

to various organizations throughout the district. The tickets were presented at a recent meeting by Manny Wasserman, Chancellor Commander; Bob Morris, Deputy Grand Chancellor and Hy Krug.

Many of the same individuals connected with the successful financial drive are now working on the field development committee along with Ed Jerabek, vice president of the Major League division, and hope to start grading the land in the next few days with May 9 as the target date for this year's opener of the League.

When completed the field will give to the American Little League the thrills of baseball found in Major League Parks. Eventually the field will be completely fenced with dug-outs, refreshment stand, bleachers for the spectators, etc. The field will be located on the Andrews property in back of the LIRR Post Jefferson division tracks. The good old Long Island is also helping by fencing its right

of way adjacent to the proposed field.

The American Little League of players and operating personnel, all of whom serve voluntarily, are proud to be living in Hicksville with its splendid business community who not only provide the basic income of Little League by sponsoring the individual teams but who are so obviously interested in the welfare of the children of Hicksville.
