# STUDENT BODY CLOSE TO PEAK

The Hicksville School District by its public votes over the years has demonstrated its keen interest and concern regarding school facilities, keeping alert to current as well as long-range requirements, it was asserted today by Allen S. Carpenter, president of the Board of Education, in a statement to the Herald.

"Realizing that conditions are constantly changing, the School Board recently recalled Dr. Felix McCormick of Columbia University, Institute of Field Studies, to update his previous projections of our student enrollment.

"After Dr. McCormick's report was received and made available to all interested citizens who asked for it, the School Administration was asked to prepare its recommendations. At the same time individual Board members offered their suggestions and asked for the preparation of reports on their proposals.

"On Mar. 21, in the midst of work on the preparation of the 1959-60 Budget, the Board gave full and open consideration to all proposals and authorized the School Administration to proceed with consultations on the State Education Dept. level," Carpenter reported.

Dr. Wallace E. Lamb, superintendent of schools, has advised the Board members that the elementary division expects to have a representative in Hicksville this week to look over that phase of the recommendations which includes a 14-room elementary school on the north side of Hicksville and the secondary division will have an expert here about April 28 to look into the proposed 10-room addition to the Senior High.

Regarding published charges that a proposal to build more classrooms was being kept off the ballot of the annual election on May 6, Carpenter noted that the School Attorney has repeatedly declared that the subject of a school site designation can only be held at a special meeting or election of the district.

Carpenter also said that it was learned earlier this week that a developer has acquired the so-called Willett Ave. site and has prepared

## Many Interested In School Race

If the number of single requests for nomination petitions for Hicksville School Board and Library Trustee vacancies to be filled by vote on May 6 is any indication, there may be three or more candidates for each vacancy, it was disclosed today. Wednesday, April 22, is the last day for filing of petitions to secure a place on the voting machines.

Board President Allen S. Carpenter, whose term is expiring, is a candidate for re-election. Candidates with him for two other vacancies are Fred J. Noeth and Herbert Backman.

Robert D. P. Eaton, whose term also expires, has been quoted in the daily press as saying petitions are in circulation for him to seek re-election. The term of Arthur L. Eirich is also due to expire and he has made no public comment as to his intentions.

Morton Cohen, president of HOPE, and David Hurwitz have announced they are candidates for vacancies without specifying any particular seats they seek to occupy.

Frank Hester who ran unsuccessfully two years ago for the Board has requested nomination pe-

*"I never realized what a big bargain it really is"*

"When I drove to California with some friends, my wife asked me to phone her on the way out. A retired policeman sure isn't made of money, but I promised to do it anyway. So in the evening I called home. I told her about the trip and where I was, and she brought me up to date on things at home. When I got back from the trip, I added up the six phone calls I made. Those calls - from places in Virginia, Tennessee, New Mexico, Arizona and California - cost only \$10.25. We still can't get over how little we paid for so much enjoyment and peace of mind."

The telephone is so much a part of our daily lives it takes something unusual to make us think about how valuable it is. But con-

Belated greetings to AUGUST DEPPISCH of W. Nicholas Street, Hicksville, who celebrated his 80th birthday on Friday. He tells us Mrs. Deppisch, who is quite ill, celebrated her 82nd birthday last month. Our sincere best wishes to them both and get well wishes to Mrs. D. Happy Birthday to JOE BOSLET of Bosler's Hobby Shop, Herzog Pl., Hicks, who celebrated his 77 birthday on Saturday. Had a grand time Saturday evening at the Huntington Crescent Club at the Flatview Republican Club Dance. Met so many of our old friends whom we knew when we were residents of the then "little town". Now, judging from the crowded dance floor, boy, it's growing and fast. Words cannot express our feelings on the death of Mrs. JOSEPH HEIM, of Twinlawn Ave., Hicksville, who was not only a good neighbor, fine person, but one we loved dearly because of all we associated with her and her family. She is one "grand lady" who will be missed by her family and all her Hicksville friends. Hear that there will be so many delicious dishes on that Smorgasbord table at the Glen Cove-Hicksville Mercy League luncheon on Wednesday, Apr. 22, that if Mom attends she won't be in the mood to prepare dinner for the family in the evening. The affair will be held at the Hicksville American Legion Hall, E. Nicholas St., and you can eat all you want from 11:30 a.m. to 2:00 p.m. See you there.

PAUL and DOROTHY DRAKE of Acra La., were on the sick list this week. Students in Sr. John Michael's seventh grade at St. Ignace School were happy this week to welcome back PAT SHAUGHNESSY. Illness had confined her to her bed these many past weeks. Cards received from Miss KATHY SMITH of Willoughby Ave., Hicksville, tells us that she spent her Easter vacation from Hofstra College down in Washington, D.C. enjoying the sights. Sincere get well wishes to Mrs. ROBERT BOTTO, (Jeanne to her friends) of Alexander Ave., who has been very ill the past few weeks. Good to see all the girls and boys home from college for the Easter vacation - among those we saw were MARY BLYMAN, LOIS SMITH, OTTOLIE BUONAGURA, CAROL GIANNELLI - many others, we know them by sight, but the name sometimes slips our memories.

A Hicksville resident was the winner of the 3rd monthly Renault awarded at Mid Island Plaza. She was MRS NICHOLAS PRAVEDNEKOW of 56 Harrison Ave. ARTHUR DOVER of 20 Max Ave., Hicksville, is among the Rensselaer Alumni aiding in school interviews as a preliminary to the four-year scholarship to Rensselaer Polytech given by the Rensselaer Alumni. Public participation is mandatory when the Air Raid Siren blows at 1:30 PM on Friday, April 17 in a CD drill. All traffic will halt. About 100 volunteer employees of Instruments for Industry in Hicksville recently received shots of polyvalent type vaccine which combats up to four types of virus flu. Attendance at the Easter Dawn services at Mid Island Plaza reached a new high this year with 7,000 reported present. Baseball fields, being prepared for had use this Spring and summer at Hicksville Schools, are scheduled to be ready for use by April 20 or sooner. We hear that Holy Family R.C. Church will break ground for its parochial school shortly. Speedy recovery to GRACE STOLL, president of Hicksville Women's Club, whom we understand is hospitalized. Do you like to drive. Are you between 22 and 30 and can give a day a week to driving? The Red Cross will train you to be a Motor Service Drive. Call Mrs. GEORGE S. HISCOCK at Pioneer 7-3500.

When Past Lt. Gov. THOMAS PIERCE spoke at Hicksville Kiwanis meeting last week, he brought the good news that the Hicksville Club won the Achievement Award in the Silver Division of the State and that the Flatview Kiwanis, sponsored by Hicksville, won in the Blue Division. Thus two out of five awards in the entire state came to this section. The Kiwanians were scheduled to have the clergy of the community present as guests at their luncheon meeting yesterday (Wed). The High School Girls' Sports Night is scheduled for Saturday night, April 18. JOAN DRUTMAN is captain of the Black team with FRAN REGONATO as co-captain while PAT HANLEY is captain of the Orange team with her co-captain PAT MARTIN. During Easter recess, we hear, some person or persons almost cut down the tall, wooden flag pole in front of Junior High School on Jerusalem Ave. It was discovered hanging on a splinter and had to be removed as a safety measure. Another couple hundred dollars out of the taxpayers pockets if it's replaced. "Les Girls" of Hicksville PBC Sponsoring Committee will be seen a "repeat by popular demand" of their recent show, shortly. GEORGE BARR, brother of MARTHA MARTINO of 69 East St., Hicksville, and top police official in the Police Boys Club organization of the county, has been promoted from Captain to Deputy Inspector. Hicksville Rotary Charter Night takes place Saturday, April 18. AARON ROCHMAN is the nominee for president of Hicksville Chamber of Commerce to succeed PATRICK CAPUTO.

False alarm number two was received on Apr. 6 from Haverford Rd. and Cambridge Dr. A brush fire near Bamboo La. was extinguished that day also. Later that day, the fire dept. ambulance took Edward Wimpelburg, 51, of 16 George Ave. to Mid Island Hospital, Bethpage.

On Apr. 7 there were two calls from Plastic Material Co. on New South Rd. and Commercial St., the first of which was an investigation, and the second an accidental false alarm, caused while testing the sprinkler system.

## CURRENT COMMENT :

## Drifting Down Memory Lane

By FRED J. NOETH

AT THE RISK of being branded a sentimental slob, a couple of events this week started us drifting and dreaming down memory lane.

In the company of about 400 other people who provided a guest list which read like a Who's Who in politics, county, city and town affairs, we joined in the dinner at Glen Cove for Grey Mason in observance of his 25 years (or more) in community newspaper work. Grey, it was disclosed at the affair, will soon be named publisher of the Griscom Publications. We have some pleasant memories of the Griscom papers and Glen Cove in particular. For a few days short of ten years we were with that organization and for about four years held down the desk as managing editor of the chain which in those days numbered nine community papers.

Grey in his response to the ovation and oratory, recalled some of his early days in the field of country journalism in this general area. We shared many of those experiences and got to remembering the big controversy at the time they were going to build a crematory on Hempstead Tpke on about the present-day site of the Tpke Drive-In Theatre. We believe the foundation of the building is still there. And the big to-do when Central Park changed its name to Bethpage and a group in Farmingdale, aided and abetted by Grey, sought to block the move. Bethpage State Park in those days was brand new and both communities felt that identity with the Park would be a great civic advantage.

A flood of earlier memories came over us this week when we were saddened to learn that Fred Frohnhoefer had become ill while on duty with the maintenance staff at the Junior High Monday night, was rushed to the hospital and passed away.

We were classmates together, graduates of St. Ignatius School. As a matter of fact, there were three Freds in that class, a situation which led to some minor confusion on occasion when we were called upon to recite. Depending upon whether we knew the answers or not, it became a toss up if Fred Frohnhoefer, Fred Sutter or Fred Noeth would answer to the good Sister's call upon "Fred".

Those were the bright days of boyhood on McKinley Ave. when nobody had to bother the School Board for a baseball field -- You just walked a few feet down Plainview Road and scratched out a diamond in the open fields. Carl Lang and his brother, George, were the best ball players in the neighborhood and we now suspect that the reason we got on the team way out in right field was because we own a bat and mitt.

With the Lang boys and Fred and Ray Frohnhoefer, we were all members together of Boy Scout Troop 91 with Louis J. Reinacher as Scoutmaster. There were hikes out to Plainview (when the houses were a mile apart after you crossed South Oyster Bay Road) and those winter camps at Wauwapeex in the old, drafty mess hall.

The days of our youth -- we are impatient to outgrow them and then we seem to spend the rest of our lives trying to recapture them.

## READER OPINION

To The Editor:

I should like to congratulate you on your excellent comment in the "Mid-Island Herald" of March 12, 1959, entitled "Ambulance Merits praise"; such public recognition was long overdue.

As a small factual contribution to illustrate the fine work the Hicksville Fire Dept. - Ambulance service is doing, I would like to tell you the following:  
A few weeks ago I was called at about 1:00 A.M. to one of my patients in Hicksville. I found the sixty-eight year-old man in a state of collapse and suffering a severe stomach hemorrhage. I could do nothing for him; I knew he needed an immediate blood transfusion. I called the Fire Dept. - Ambulance service to take the patient to Meadowbrook Hospital immediately. I checked my watch to see how long it would take them to get to the house as every moment was precious. I figured it would take about twenty minutes due to my experience in New York City, when I often had to wait a half hour or more to get an ambulance to a patient, even in an emergency.

How surprised and grateful I was when the ambulance, with stretcher and five men, arrived at the patient's house five and a half minutes after I had put the call through! And how efficiently and gently these men worked! The patient was unable to move or get dressed, so these men lifted him from the bed, carried him to the stretcher in the next room, covered him with blankets, and did everything with as much care and tenderness as a loving mother would do with a baby. It may interest these unsung heroes (I don't even know their names), who after a day's work sacrifice their night's sleep, to know that their wonderful service saved the patient's life. After four or five blood transfusions and a two-week stay in the hospital, patient was discharged improved.

## Book Week Proclaimed By County Executive

A. Holly Patterson, Nassau County Executive, today officially proclaimed the week of April 12 Nassau County Library Week.

He signed the proclamation in his office at the Old Nassau County Courthouse, Mineola, L.I., in the presence of Dr. Paul Dawson Eddy, president of Adelphi College in Garden City, L.I., who is serving as chairman of Nassau County Library Week. The week has been designated so that Nassau County may participate in the nationwide campaign to promote reading sponsored by the National Book Committee, Inc., a cooperation with the American Library Association.

## Clean-Up For Safety

The accumulation of rubbish and litter is a major factor in thousands of building fires every year and often results in loss of life. Destroyed, or badly damaged, are dwellings, manufacturing plants, commercial establishments, storage warehouses, and schools.

How can you help prevent these losses?

The National Board of Fire Underwriters offers these Spring Clean-Up suggestions:

**Clear out debris:** Get rid of rubbish or anything combustible that you're not going to use that is now in attics, closets, cellars, garages. Rubbish, such as old papers and rags, is a fire hazard. It furnishes readily burnable fuel for fires starting from other causes. Clean these hazards out of your house, store or factory.

**Watch outside fires:** Clean up your yard. Keep grass cut low around buildings. Never burn papers on a windy day when there's danger of sparks setting fire to any house, shrubbery, clothing or outbuildings. Use an incinerator wherever possible.

**Clear out paint and oil rags:** Destroy rags or keep in closed metal container; have up mops and paint-soaked clothing so air can circulate around them. Paint or oil-soaked rags heat up from chemical action, burst into flames. Clean up after painting jobs.

**Check your fuses:** Use 15 ampere fuses in regular household circuits, and don't use a substitute for fuses; keep wiring in good repair; have all work done by an expert electrician. Fuses protect your appliances, your house and your family from damage and possible fire when wires are overloaded or a short circuit occurs.

**Avoid flammable liquids:** Remove them from your house. Many persons are killed annually trying to clean with gasoline, benzene or naphtha. A tiny flame or spark—even from static electricity—will ignite gasoline vapor. Play safe! Do not use highly flammable or explosive fluids for dry cleaning!

**Check stoves and heaters:** Clean and check all heaters and have repair work done. Radiated heat from hot stovepipes, furnaces, and stoves will char beams or partitions too near them, causing a fire that will damage or destroy the house.

## What's Going On?

HERE IS PICTURE NO. 5 in the HERALD contest asking "What's Going On?" This one is a little on the ancient side and we only recall the name of one key person in the group. The where and place, however, are well known. If you know any part of the story of this picture, fill out the coupon below and mail it to the HERALD PO Box 95, Hicksville. **STANDING COMMITTEE FOR OVER YEAR:****Police Made 32 Traffic Surveys This Year  
Already At Request of Town Safety Group**

The Traffic and Public Safety Committee of the Town Board, appointed as a standing committee in recognition of this important phase of community life by Supervisor John J. Burns on Jan. 1, 1958, today made public a quarterly report of activities by the Town in the interest of public safety.

Councilman Peter B. Allsopp, Chairman of the committee, which includes Councilman Henry J. McInnes of Hicksville and Edmund A. O'Leary of Plainview, disclosed that during the first three months of 1959 more than 32 surveys of traffic conditions were undertaken by the Police Dept. of Nassau at the direct request of the Town Board in areas where there was deemed to be a need or desire for traffic "stop" signs, "no parking" zones in the vicinity of schools, traffic control signs and other safety measures.

The report of the Board's Committee also noted that 168 surveys were made by the Police Dept. during 1958. Ninety-eight of these Police Dept. surveys during 1958 covered the Mid-Island area of the Town.

Councilman Allsopp noted in his

report that in some instances the police found installation of certain traffic control devices were not warranted; in some sections such installations would hamper the free flow of vehicles and in other areas the requests were substantiated by Police Dept. recommendations following traffic counts and on-the-spot engineering studies.

An outstanding achievement by the Town Board during the early part of this year was the enactment of a 30-miles-per-hour speed limit established by the New York State Traffic Commission at the request of the Town Board.

Supervisor Burns noted that approximately 400 speed control signs are being posted in the residential sections in accordance with the State Traffic Commission's regulation. In anticipation of the State's approval, the Town Board this year budgeted \$6,000 for public bidding to cover the cost of the speed control signs.

Approximately 4,000 various types of traffic safety and control signs were installed by the Town Sign Dept. following Police Dept. sur-

veys of key areas during 1958.

The State Traffic Commission at the request of the Town Board, and after a long study by the Commission, finally approved the installation of much needed traffic control signals at Fordham Ave. and Newbridge Rd., Hicksville. The installation is on the schedule of the State Dept. of Public Works for early action.

Except on State Highways, Burns noted that the County budget funds each year for the installation of traffic signals based on previous surveys and recommendations of the Operations Division of the Police Dept. The average cost of these traffic signals is approximately \$3,000 per installation.

Burns said he was delighted with the report of the Allsopp committee commenting "good progress is being made in keeping our streets safer for our homeowners and their families as a result of the excellent cooperation between the Town Board's standing Committee on Traffic and Public Safety and the Nassau County Police Dept."

**Encouraging Art in Children**

Have you ever taken a good look at your child's finger paintings or scribbles?

They might be the beginning of an appreciation of all the fine arts, says Harlan Holladay of the N. Y. State College of Home Economics at Cornell University.

Adults may criticize the lack of proportion and realism in children's work, he points out, but these are not often true criteria for art.

After starting school children become interested in facts, and most of them give up visual expression for active or verbal expression. Holladay suggests that teachers and parents can keep a child's imagination alive with different art materials, and keep him aware of the possibilities of visual expression.

**Ideal Area for Raising Children**

Hicksville and the surrounding Mid Island communities are ideal for raising children, in the opinion of child welfare experts.

This came to light this week when the Jewish Child Care Assoc. of New York and the Jewish Youth Services of Brooklyn selected communities in this area for a concentrated campaign to find new foster homes. The two agencies carry the major responsibility for foster home placement of New York's dependent and neglected Jewish children.

The decision to conduct the campaign in the Mid-Island area was made following a careful study by

the two agencies, evaluating its attitudes towards children from broken homes, its housing facilities, its resources for children, such as schools, recreation facilities and community centers, and its civic consciousness. Both agencies called Hicksville and the surrounding towns ideal from all standpoints.

The Jewish Child Care Assoc. and the Jewish Youth Services of Brooklyn are currently conducting an intensive search for 400 Jewish foster homes throughout the metropolitan area. The campaign was launched to help eliminate the large waiting lists of Jewish children needing foster care.

The two agencies have 600 foster homes in use, serving close to 800 children whose ages range from infants to adolescents. More than two dozen Jewish families living in Hicksville and neighboring areas are providing such homes for from one to four children.

## Sr. Consultants Launch Drive

The Senior Consultants of Nassau County, a non-profit organization devoted to the cause of the older worker, is urging unemployed or retired Nassau residents over 50 to join them in their efforts to promote cooperative action by local business and industry in behalf of Nassau's senior citizens.

Founded in 1953, the Senior Consultants, although not an employment agency, has had considerable success in helping to place older workers in full-time, part-time, consultation and "special assignment" jobs. According to Jos. L. Ryan, President, members are welcome whether in search of immediate employment or not. "Many of our members," said Ryan, "join us for the personal satisfaction of participating in a worthy community project. One out of every fourth worker today is classified as an 'older worker,' and when industry

discriminates against them it arbitrarily shuts itself off from one-fourth of the labor market. Each year, more workers are added to this segment; full employment at all age levels, a vital factor in a healthy economy."

The Senior Consultants work to bridge the gap between industry and the older worker in Nassau County. An open file of "Profiles," the business histories of members, is available to Long Island businessmen, and representatives of the association are available for speaking engagements at meetings of industrial, service clubs, or community groups. Meetings are held the first and third Wednesday of every month at 7:30 P.M. at Hofstra Memorial Hall.

The Senior Consultants maintain headquarters at 91 Main Street, Hempstead. Telephone IVanhoe 3-1854.

During Choral Night the three choruses of the school, numbering over 250 students, will perform. Varied selections will be sung by the Girls' and Mixed choruses including "My Fair Lady". The Boys' Chorus will present a short pageant of American History in song under

the direction of Jason Bauch. Conductor of the Girls' Chorus is Richard Been and conductor of the Mixed Ninth Grade Chorus is Miss Florence Bowmar. All groups have developed special more advanced ensembles who will sing at the concert as well.

The Ninth Grade Ensemble plans to do the "Gloria in Excelsis" from the "12th Mass" by Mozart. Thirteen members of this group recently performed with other selected students in the Nassau County Festival Chorus held at Ocean-side High School.

Artists' Night will present outstanding soloists in the school.

In addition to the above music activities, Hicksville Junior High recently held its own Talent Shows. Audition winners consisted of dancers, instrumentalists, and vocalists. Participants were: Dancing: A. Engel, S. Masi, L. Ciccarelli, D. Moroney, D. O'Connor, D. Moore, S. Biley, L. Wyman, C. Iller, L. Cham-eidas, L. Lembroski; Twirling: Linda Stein; Pantomime: K. Director was Miss Florence Bowmar. Accompanists were Mrs. Thomas O'Connor and Herbert Creager of the faculty.

In addition to the regular choral and instrumental programs, Hicksville Junior High has been offering piano classes to students who qualified. These have been given under the direction of Herbert Creager and Sylvio Estrada. Students have been learning to read music, harmonize melodies, in addition to developing playing skills. Amazing progress has been realized, according to Bernard H. Braun, principal.

## Hurwitt and Cohen Invite Supporters

Qualifiers Note - The following statement is published exactly as received without editing.

Qualifiers for the Hicksville Board of Education have charged that the Hicksville school board is being run as a "machine." The candidates, David Hurwitt and Morton Cohen, citing "secrecy" and a "public-be-damned attitude" as examples of "machine tactics."

Hurwitt and Cohen, who are seeking two of the three seats on the board which will be filled in an election on May 5, said that the present board majority has failed to "act responsibly" in school matters, and that the district's administration "lacks its recommendations to fit the needs of the board."

Hurwitt, an assistant principal in a New York City junior high school, said that the board must provide a climate in which the administration is encouraged to make recommendations based upon what it thinks the school needs. He said that a competent board would then study the recommendations and weigh them against the community's ability to finance the school system.

The candidates said that since 1954 neither the board nor the administration has offered any solution for the "serious problem of overcrowded class-rooms," and that during that time the board and the administration had "apparently attempted to conceal the problem from the public." As an example of what they termed a "public-be-damned attitude," the candidates cited the board's failure to appoint citizens' advisory committees.

Cohen was president of the Hicksville Organization for Public Education until he announced his

candidacy and resigned from that office, charged that the board "has become so tied up in political machinations and in pleasing its political supporters that it fails to see its primary purpose as that of providing education for the children of the district."

## Elizabeth Scherer Files for Library

The candidacy of Elizabeth Scherer of 39 Bamboo Lane, Hicksville, for trustee of the Hicksville Library Board has been announced by the Committee for the Election of Elizabeth Scherer. A resident of Hicksville for three and one half years, she is the wife of Joseph Scherer, economist at the Federal Reserve Bank of New York, and mother of two children in Dutch Lane School.

Mrs. Scherer was educated at the Universities of Miami, of Missouri, and of Chicago, where she majored in religious education. She has been employed by the U.S. ARMY Social Agencies in Miami, Florida as office manager, and as secretary at the Fermi Institute for Nuclear Studies, Chicago.

Mrs. Scherer, a regular borrower of the library, has termed her campaign as a "positive approach to the library and its services to the community." She claimed that

the two most important qualifications for a trustee are "knowledge of and concern for the library and what it stands for," and "the ability to understand the correct role of a trustee as part of a policy making body rather than that of an administrator."

Since moving to Hicksville, she has served as chairman of the Religious Education Committee of the North Shore Unitarian Church, and is now co-director of the church school of the newly formed Unitarian Fellowship in Garden City.

tion forms. Former Board member Elwood Kent has also requested petition forms.

As of late yesterday (Wed) morning, no petitions for school board candidates had been filed in the office of the District Clerk.

A single five-year vacancy on the Board of Library Trustees occurs this year when the term of Mary Goodrich expires. The first filing for this vacancy took place Saturday, when a petition was received for L. Elizabeth Scherer of 39 Bamboo Lane.

It was reliably reported that two or more petitions for this single vacancy may be filed in behalf of other candidates.

Personal registration of voters for the Hicksville School and Library elections will take place on Saturday, April 25 from 12 noon to 6 pm and again on Wednesday, April 29 from 4 PM to 11 PM. The election is Wednesday, May 6 with polls open from 12 noon to 10 PM.

a map for the construction of homes on the tract. The President said he sought to call a special meeting of the Board Tuesday, so that the site could be designated as a preliminary to a public vote but that efforts to call the special session provide futile. The matter will probably be on the agenda for the regular Board of Education meeting tomorrow (Fri) night.

"There are some in our community," he added, "who have been agitating for more and more new schools. These people seek to justify their demands by confining their thoughts and views to the years immediately ahead. They maintain that there is absolutely no danger of building class rooms that will become empty before they are paid for. This view is shortsighted and is not supported by the facts. The experts, and our administrators apparently concur, declare that our peak load will be 15,945 pupils in the school year commencing Sept. 1961. Our long range load will be only 6,300."

"Our people expect their Board of Education to continue a policy of responsibility, alert to the needs while at the same time conscious of cost and long-range requirements."

## Fallon Explains Cancer Crusade

The American Cancer Society Crusade is not just a drive for funds, Peter J. Fallon, of Long Island National Bank, Village Chairman of Hicksville said this week.

"To knock out cancer we will need a 'one-two' punch," he said. "The number one goal of the Crusade," he explained, "is to save one out of two of those who develop cancer. That is the number who could be saved by broad application of present knowledge and skills instead of one out of three we are now saving.

"The second target of the Crusade is for funds urgently needed to step up the Society's nationwide research program which offers a promise of solving the cancer problem. That promise has never been as great as it is today. Until that final goal is reached we must apply every bit of knowledge and skill to saving lives today.

"Last year the American Cancer Society could not provide \$3,000,000 in grant requests and was unable to fill many patient needs."

He pointed out that a minimum of \$250,000 is needed in Nassau County to expand services to cancer patients which includes drugs, housekeeping and nursing services, and to expand research in leukemia, lung cancer and uterine cancer.

## Sport Cars Around Long Island

BY MARC FINKELSTEIN

Last Saturday, April 4, the largest and most spectacular automobile show ever held in the United States, the International Automobile Show, and for a 9-day public run through April 12 at the mammoth New York Coliseum.

The dazzling show covers three vast floors of the Coliseum and presents over 600 cars from the world's nine leading auto producing nations: United States, England, France, Holland, Germany, Italy, Sweden, Japan, and Czechoslovakia. This includes everything from the new minicar, costing under \$1,000, which can be readily assembled with the use of a screw driver and monkey wrench, to perky economy cars traveling 30-40 miles per gallon on gasoline, the sports cars capable of purring along at 135 miles per hour, the fly cars, and the richly appointed land yachts in the \$20,000 price range.

Only Vandervell, millionaire bearing manufacturer and sponsor of the 1958 1 Vanwall, has on display in the Grand Lobby of the Coliseum, mount of Stirling Moss, which won the Manufacturer's Championship in 1958. A truly fantastic machine.

The program arranged will emphasize this need and will train each one attending to be a teacher of others."

Teams from Hicksville, Levittown, West Babylon, Islip and Stoney Brook, consisting of both boys and girls will compete for the prizes, according to Red Program Coordinator William Fuller.

The program will include demonstration of the famous "Balloon Epee" under the supervision of Dr. George deNagy (center), the Saber contest, and a foil tournament. The School Recreation Dept., "feels that a program such as this will not only stimulate interest in fencing, but also deepen and broaden the youths' personality and character. The public is cordially invited to attend this Hicksville first." (Photo by Frank Mallory)

dropped all of their games and wound up third, while the Braves won all of theirs to climb back to the top of the heap. H. Poole can be credited for this by posting a 597 series (209-204-184) to give the Braves the tremendous push they needed. The Senators (5 1/2 games behind) are still fourth and the White Sox (3 1/2 games behind) are still fifth.

Last year at this time the Red Sox were leading by 3 1/2 games followed by the Braves, Yankees, Athletics and Giants. This year the latter three teams aren't even in challenging position for No. 5 spot, standing 12, 16 and 14 respectively. Last year positions for the Senators and Athletics were reversed, the Athletics standing fourth and the Senators sixteenth.

## CANADIAN THEME

A snowshoe race around the North Pole was won by Den 3 in a close run-off game against the Webelos Den at the March Pack Meeting of Pack 375 Cubbers at St. Stephen's Lutheran Church in Hicksville. In the absence of a heavy snow, makeshift snowshoes of light weight wood were devised by Cubmaster Robert Jirsa and the boys clomped around a cardboard pole at the north end of the meeting hall to determine the champion snowshoeing Den in the Pack.

Institutional Representative Anthony Raffa opened the meeting and Den 1 presented the colors under the leadership of Mrs. Darnowski. Den Mother, A story of the northern wilds was read by the Cubmaster with sound effects by the Pack as Que cards suggested accompanying action. Mrs. James E. Anderson, former Den Mother of Den 1 was presented a certificate of appreciation as she completed two years of service as a Den Mother.

Rechartering plans are underway and another active year is anticipated by the Pack Leaders.

Awards were won by the following boys: Richard Bowra of Den 1 received his wolf badge and Bertin Dauter his bear badge (Den 5) Anthony Buff of Den 4 received a one year pin. John Rabbit of Den 2 and Kenneth Brophy of the Webelos were awarded 2 year pins. Jimmie Anderson was graduated into the Webelos Den. Richard Cluxton, Martin Swintz, William Nardin, Jr., Corey Lee, and Thomas Lee are new Bobcats in the Pack.

Refreshments, consisting of punch and homemade cake, finished off an enjoyable evening, and the scouts are eagerly looking forward to the next dance.

## CUBS AS COMMUTERS

On Saturday, April 4, the Cubs of Pack #422 started their commuting life. The boys, together with 10 adults, took a trip on the LIRR to visit the Morris Park train yards in Jamaica.

The LIRR supplied special cars for the Cubs and took them directly into the train yards where they were met by Fire Chief Butler of Morris Park yards which included the electrical, diesel, paint, welding, wheel and crane shops. The boys also had a ride on the yards' turntable.

The railroad presented the Cubs with many various booklets on railroading together with souvenir train tickets. The trip was considered a huge success by all.
