## 650 Graduate from Jr. High Tonight in 2-Part Program

The second annual commencement exercises of the Hicksville Junior High School for nearly 650 boys and girls will be held today, (Thursday) June 18 in a two-part program. Students whose last names begin with the letters A through K will have their ceremonies at 5:30 PM while the students whose names begin with L through Z will have their exercises at 8:30 PM.

The invocation at the 5:30 exercises will be given by the Rev. Anthony Bynak, O.P. of St. Ignatius R.C. Carpenter will make the address and awards will be presented by Harold Lucas.

Francis Ciannella, of Holy Trinity Lutheran Church, will give the invocation, and Rabbi Joseph Grossman, of the Hicksville Jewish Center, will give the prayer. Rev. Martin O'Day of Holy Family R.C. Church, will give benediction, while Marvin Gibson, Director of Student Personnel, will make the address and Albert Glass, Assistant Principal, will give out the awards. Bernard Braun, Principal of the Junior High, will give out the diplomas at both the exercises.

## Judge Donovan Receives Judicial Robes

FRANCIS DONOVAN of Duffy Ave., Hicksville (at right) gets an assist from Thomas P. Farley, president of the District Court, following the presentation of judicial robes to Judge Donovan and his public noon. The old courthouse was filled to overflowing by friends and well wishers. At the left is Surrogate

John Bennett, among the several other judges present for the ceremonies. Rt. Rev. Msgr. George M. Bittermann, VF, pastor of St. Ignatius Loyola R.C. Church, spoke in tribute to Judge Donovan who is a member of his parish. The ceremonies also included the installation of former Councilman Benjamin Zipper of Syosset as a District Court Judge also.

## School Attorney Prepares Suit

Work on construction of a new, bigger gasoline service station at South Broadway and Lee Ave., Hicksville, was expected to resume with the rejection by the Zoning Board of Appeals of the objections by Hicksville School District.

Arnold Witte, attorney for the school district, appeared before the Board of Appeals at a hearing last Thursday night. In a decision mailed Friday night, the Zoning Board adhered to its original decision.

Witte is now preparing papers to take the suit against Town Building Dept. Manager Norman Wolf to the Supreme Court in accordance with

a recent decision of the School Board directing him to take all necessary legal action to prevent the gas station from being built.

Work on the station had halted with masonry walls half erected, a couple of weeks ago, when Witte filed his appeal with the Town.

The Supreme Court suit will seek to force the Town Building Dept. Manager to revoke the building permit issued for the station. Basis of the School District's objection is the fact that the permit was issued for a "new station" within 200 feet of school premises.

## Board Starts Planning New School As Voters Approve Purchase

Thanks to Hicksville's strong financial position as a school district, the 57.9 per cent vote in favor of the Willet Ave School Site, Friday, was sufficient to carry the \$72,750 proposition as 1228 voted yes and 890 said no. During two separate votes in 1955 a combined site-construction proposal on the same site was twice voted down.

Because Hicksville is about four million dollars under its debt limit (ten per cent of true valuation), the school district did not require a 2/3 rds approval which has plagued neighboring districts in recent fund authorization votes. A two-thirds approval would have called for 66.6 per cent affirmative vote.

Results of the voting were received and tabulated during the regular Board of Education meeting, Friday night. About 50 per cent of the 4100 voters registered and qualified for the referendum exercised their privilege.

Following the tabulation, the Board of Education immediately set about the details of acquiring the site. A bond resolution was authorized and the Board instructed the School Administration to confer with Knapp & Johnson, architects, on the preparation of preliminary plans for a 14 - room school on the site. A vote on the construction is tentatively proposed for September.

(For time table on school construction in Hicksville District, see "It's Your Problem, Too" on page four -- Editor).

## Bethpage Okays School Budget

With more than 2900 voters registered to vote, the revised School Budget of \$3,766,191 and the also revised Library Budget of \$75,312 were approved by the voters of the Bethpage School District, 351 to 153 and 283 to 220 respectively, on a second try Tuesday night. At the Annual Meeting held May 5 the taxpayers voted to reconvene the meeting until May 7, at which

time they voted down the Library Budget of \$83,732 and decided to hold off the vote on the School Budget until July 29.

Thereafter the Board of Education scheduled the new vote held June 16 on both revised Budgets. Two other items involving an easement on Bloomingdale Rd and acquiring property on Cherry Ave. were also passed.

## Top Students Among 300 Grads

CAROL KRUMENACKER

PAUL LEHRER  
 Salutatorian

Two top students of the 1959 Hicksville High School graduating class among the record-breaking 300 boys and girls who will receive their diplomas at the High School Commencement exercises this Sunday evening on the school campus. The program starts at 5:30 PM and will take place, rain or shine, according to Principal Leon Galloway.

The summer vacation starts for most public and parochial students tomorrow (Friday) with the Hicksville summer playground program scheduled to start on Monday morning, June 29. However, thousands of youngsters will attend summer high school and summer elementary programs during the month of July.

## Fire Department Sirens Silent For Three Days

The Hicksville Fire Dept. had a "vacation" for three successive days during the week of June 10 thru June 16. The alarms on the other four days totaled eight, including one for the Dept. ambulance. For the first time in weeks there wasn't a false alarm.

On June 10, the first call was to the L.L. State Park Commission garage off Duffy Ave., where a tractor and a gasoline pump were afire.

Later in the day there was a rubbish fire on First St. near Robert Chevrolet, and also the same day they were called to the Joe Faggione home, 11 Leslie L., where a pot on the kitchen range was burning. A mattress fire in the Henry Cologis residence, 12 South Court, called them out on June 11, followed by an oil burner fire at 63

Rim L., home of T.W. Bowman. Then came the three day rest. The next call of the week was June 15, a smoke investigation at the home of Stanley Weinreb, 2 Root L., and the final fire call of the period was June 16 to put out a rubbish fire on Mulberry St. and Bloomingdale Rd. This was followed by an ambulance call to take Amalia Goslak to Glen Cove Hospital.

## GOP Club Presents Judicial Robes

A large group of Hicksville Republican Club members turned out for the monthly meeting last Friday night at the Masonic Temple and witnessed a film intended to encourage more persons to participate in politics.

The movie, "Knock on Every Door", showed how one active worker can influence many persons to register and vote. The film was prepared by the Christopher movement.

First Vice President Philip Robinson called for further increases in the Republican Club membership. He said that up to 1,500 new members are being sought. Present enrollment is estimated at about 1,800 persons.

The judicial robes to be worn by District Court Judge Francis Donovan, former Club president, were presented to him on behalf of the Club by the new president, Louis Kappattner.

## Final Session For Mothers

The St. Ignatius Loyola Auxiliary of Christian Mothers will hold their final meeting of the semester on Monday, June 22, at 8:15 p.m. in the auditorium of the school.

In addition to the formal installation of newly elected officers, there will be a "St. Ignatius Spectacular" on an original theme, conceived and directed by Mrs. William Dooley, with a cast of approximately one hundred talented members of the parish glee club and choral groups.

## To Install Tonight

The Court Queen of Angels No. 869, Catholic Daughters of America, will hold its June meeting and installation of Officers tonight (Thurs) at 8:30 at the St. Ignatius School Cafeteria. A Spiritual Bouquet will be presented to Rev. Leo Goggin, former Moderator, in recognition for his many past services to the Court. A buffet supper will be served after the installation ceremonies.

## Surprised

FRED MILLER of Old Country Rd., Hicksville, was guest of honor Sunday at a family surprise party which celebrated his 60th birthday. The party, held at the home of his sister, Mrs. Robert Paton of Railroad Av., was attended by three generations of the Miller family. Fred was the oldest member of the family present and his granddaughter, 11 months old Patricia Ann Paton, the youngest.

Mr. Miller, a resident of Hicksville for the past 55 years, has long been associated with the Hicksville Fire Dept., as a volunteer and was interested in Hicksville baseball for many years. He is the son of the late Mr. and Mrs. Albert Miller who resided on Railroad Av. (which is now the Paton home) for many, many years.

His brothers, John and Paul, and his sisters, Mrs. Dorothy McCue and Mrs. Paton, are all residents of Hicksville.

## DEAR JEAN....

Hicksville Firemen will leave the Marie St. Hqs. at 8:30 AM this Saturday to take part in the Southern New York Firemen's parade and drill at Lindenhurst. New members of Hook and Ladder Co. L of the Fire Dept are RICHARD RICE and VINCENT MURPHY, both of Howard St. Local business firms who have not made their reservations of space for as soon as possible by ROBERT HAMMOND, chairman. The Journal Secty is GEORGE MAGUIRE. Hicksville High Baseball team was the guests of Hicksville Kiwanis at the Milleridge last week. Principal LEON GALLOWAY introduced the North Shore Champs and Kiwanis President PAT CAPUTO presented the team with a plaque....

Sorry to hear our little girl friend, MARY BETH COOPER, of Kuhl Ave., Hicksville, broke her left arm while at play last week. Her mom, Fran, said she didn't realize all the friends her little three year old had until the accident. Since then the Cooper home has been deluged with cards, gifts, etc. Even the Postman stopped off with a special lollipop. Congratulations to DARLENE GILCHRIST of Frances La. who celebrated her Sweet 16th birthday last Sunday. JIM MARIELLI of Hunter St., Hicksville, dropped in the office the other day to ask us to explain to our readers that the trouble most residents are having with their TV's, especially channels 2, 4 and 5 is due to sun spots. Jim, who is an amateur radio operator says most people blame it on ham operators but it just ain't so. Just have to wait until the sun spots clear. Mr. and Mrs. LARRY McCAFFERY of Seventh St., became the parents of a son, Paul, June 8. He joins two brothers and a sister. Congratulations folks. Sorry to hear this week of the death of Mrs. JEANNE SPEECE of Spruce St. Her daughter, Jackie Bogger, is Gal Friday of the Con-SKI of Notre Dame Ave. Also the death of ANTHONY BOJANOW-Fraternity office at St. Ignatius. Also the death of ANTHONY BOJANOW- Belated birthday greetings to PAUL NELSON, Twinlawn Ave., Hicksville, who celebrated his 16th on Friday of last week. Also our greetings to a friend of our early Hicksville days, FRED MILLER of Old Country Rd., who celebrated his 60th birthday on Sunday. Greetings also to one of our 'adopted' daughters, Miss PENNY MOORE of Summer Lane, Hicksville who celebrated with a family out-door supper on Tuesday. Miss Moore was also guest of honor at a surprise party on Saturday evening at the home of Miss LYNDA NOETH, Twinlawn Ave. "Our Baby" KEVIN RICHARD McCORMACK, son of Mr. and Mrs. Mac McCormack of Pine St. was christened Sunday and was the recipient of a very nice and thoughtful gift, a bank book with the start of an account, a gift of the Central Federal Savings and Loan Assoc. of Nassau County, Hicksville Branch. Kevin's parents appreciate the gift and have started to continue the deposits to make the account a real one until our boy gets to college. Mr. and Mrs. ARTHUR FERRO of Edgemoor Rd. moved Monday to Edward Ave. Mr. Ferro, formerly connected with real estate in Hicksville for a long time, is now working in Missouri. It is amazing how parents can be mowing the lawn and their little ones (7's judge, 18 months to 2 years of age) are riding bicycles in the middle of the street, (I grant you a quiet street, but who knows who will come racing down) and the parents just keep on a-mowing. We had the experience the other day, when we saw a little guy out on the roadway and slowed down a good 250 feet away, blew our horn, "Daddy?" looked up and then turn around to finish his mowing. Not a word was said to junior but just let something happen to him. Miss OTTOLIE BUGNURA, daughter of Mr. and Mrs. Angelo Bugnura of S. Bway, Hicks, has started her nurses training periods at the St. Joseph's College, Division of Nursing, Washington, D.C. for the next two months.

Did you see the fancy new name plates the boys behind the windows of the Hicksville Post Office have? Now we can call them by their given names, Ho Ho Smiley....

Mr. and Mrs. MURRAY RACHELSON our friends at the Hicksville Retail, are the very proud grandparents (for the first time) of a little girl named Linda Jane, born recently to their daughter, Carol, of Brooklyn. Grandpa says "it's a grand feeling."

We got our copy of the "Cookbook" of the Glen Cove-Hicksville League of Mercy Hospital this week and have started to get the family eating some of our neighbor's recipes. They are pretty good. If you would like to have a copy of the book, Mrs. VINCENT BRAUN of Third St., Hicksville, will help you. Just give her a call at WElls 1-3173 and you've got your book....

Hicksville School Board has granted the Fire Dept. permission to use some of the Junior High grandstands for its Labor Day tournament, recognizing the unselfish service of the volunteers. Motorists are reminded that a white handkerchief tied to the car's radio antenna or door handle is a generally recognized distress signal along the roadside. Five Hicksville children will enjoy three fun-filled weeks at the Salvation Army's Star-Lake Camps in Bloomingdale, N.J. according to the local chairman FRANK CHILIMSKY. They come home July 13. JOYCE McLAUGHLIN, formerly of Hicksville, passed her basic with the Women's Air Force with top grades and is now at Amarilla, Texas. EILEEN McLAUGHLIN's husband, THOMAS KOENIG received his medical degree in Chicago last week. DOROTHY DARLING of Hicksville was among the volunteers cited for services to the Mental Health Assoc. at its annual meeting, June 16, at the Salisbury Club....

Home from the hospital are LAUREL RITZLER of Hicks Circle who was a patient at John Hopkins in Baltimore; and ART NOETH, who was a patient at Mercy Hospital. Her own wishes to Mrs. MARY GUCCARO of Bay Ave., Hicksville, and all her friends and neighbors are praying for her speedy recovery. We bet she would love to receive your card. Mrs. ARTHUR McCORMICK of Huntington, the former Anne McCunnigle, daughter of Mr. and Mrs. Vincent McCunnigle of Park Ave., Hicksville, was a patient at Mercy Hospital and is now at home recuperating.

## CURRENT COMMENT : Double Label Candidate?

By FRED J. NOETH

THERE IS A "NEW LOOK" in politics these days and we don't care for it. In time gone by a person achieved local reputation for public-spirited interest in the community and then stood for election. We are now being treated to a switch which is predicated upon the fact that so many of our residents are new arrivals -- or, sadder to related, because the voters apparently are not willing to take the trouble to find out.

We recently had the case in Hicksville involving the Booster Club, a group of fathers dedicated to the purpose of boosting the teams of our high school and support thereof. The Club was offered a speaker described as a "basketball star". After the offer was accepted and just before the event, it was discovered the "star" coincidentally happened to be an unknown aspirant to public office.

This week we read in the Massapequa Post that the Memorial Day program committee down the South Shore got the same kind of a pitch. A speaker was offered who was a "Korean War hero". When it was too late to do anything about it, the program sponsors found themselves with the same unknown aspirant for public office on their platform.

These are two incidents of which we know. There may be many more before Election Day arrives.

It makes us wonder if the sponsors of this candidate are ashamed of their choice and must resort to double label devices to win captive audiences. If the candidate himself is aware of these tactics we think he should repudiate them or be credited with their origination.

## It's Your Problem, Too

By Allen S. Carpenter

President, Hicksville Board of Education

(The opinions expressed here are my own and do not necessarily reflect that of any other man)

The first step in the final phase of our school expansion program has been approved. This is gratifying, but is only the "first step."

The balance of the program calls for: (1) Special area enlargement at East Street. (2) The Willet Ave. 14-room school itself. (3) The addition of approximately ten more permanent rooms at the Senior High School. (4) Additional land acquisition adjacent to the south border of the Senior High School. (5) Last, but not least, the relocation of the 50 moveable classrooms from their elementary locations to the Junior High and Senior High School.

The entire program may take four years to complete.

### TIME TABLE

Sept. 1959 - (1) Schools will operate "as is," with kindergarten and the first grade on double session. Full use of Nicholas Street School.

Sept. 1960 - (1) 12 temporaries will be moved to the Junior High School. With 12 less elementary rooms this year, the kindergarten, first and second grades will be on double session. (Room shortage in 1960 - 65 rooms.)

Sept. 1961 - (1) The ten permanent rooms must be completed at the Senior High to stay on single session with class sizes at approximately 32. (Without the rooms 34-35 per class.)

(2) 8 more temporaries must be moved to the Junior High School to maintain class sizes of not more than 32 pupils each.

(3) With the completion of the 14-room Willet Avenue School, pressure on the elementary will be lessened, but we shall still need double session in the first three grades. (Room shortage this year will be 64)

Sept. 1962 - (1) Completion of the East Street modernization. (2) Transfer of 12 more temporaries to the High School, holding to single session at 34-35 per class.

(3) Elementary first 3 grades on double session. (Room shortage 60)

Sept. 1963 - (1) All permanent buildings should be complete.

(2) Move 6 temporaries to the Senior High. (Class size - 45)

(3) Move 4 temporaries to the Junior High. (Class size - 34)

(4) Elementary, first 3 grades on double session. (Room shortage approximately 58)

We call this an economy program because it involves a total of 74 classrooms (the equivalent size of the Junior High School) for less than one and three quarter million dollars.

## READERS' OPINION

McCORMICK OFF BASE

To The Editor:

The Hicksville School Board last winter again employed Dr. Felix J. McCormick of Columbia University to analyze school building needs. His report of Dec. 28, 1958 has been referenced by the proponents of the "economy building program" as recommending construction of an additional 14 room school on the Willet Ave. site.

Now just what did Dr. McCormick say, as reported by Mr. Fred Noeth, District Clerk:

My feeling is, my recommendation at this time, that you don't do anything until next fall. Keep studying this migration situation, new housing. My feeling is that you might get an option on Willet Ave. if it is available, take an option for a year and hold it. If the pressure is on, get an option on Willet and hold it, and then take another look next fall.

What did Dr. McCormick mean by the "migration situation"? It is explained earlier in the same report:

"In the 13 months from Sept. 1, 1957 to Sept. 30, 1958, there were 602 families who moved out of the school district. They carried with them 1360 youngsters (birth to 18 years of age or an average of about 2.59 youngsters per family unit). 437 families moved into those homes with youngsters and those families only had 1.8 children per home. The other homes were occupied by families who either sent their children to parochial school or had no youngsters at all."

As I figure it, the Out-migration reduced the public school enrollment by 573 children. Since that time, in-migration into new homes has been fully offset by continued outmigration. New homes have not resulted in increase in enrollment, as expected.

On parochial school construction, Dr. McCormick was off base. He said:

"I am assuming that about 1963 or 64 additional parochial school facilities will be provided at the elementary level and that probably around 1967-68, somewhere in the regional area, secondary school facilities will be provided. So somewhere about the middle of the next decade, parochial schools will provide facilities for about 15 per cent of the pupil population rather than 7 or 8 per cent which they are now providing for."

Had Dr. McCormick (or the School Board) taken the trouble to make inquiry it would have been discovered that parochial school construction is now, not four years hence, and that from 39 to 43 additional parochial elementary school classrooms will be available in September 1960, right in Hicksville.

Take another look now, Mr. School Board members. We don't need another school.

## JOURNALISM LESSON

To The Editor:

Were it not that your front page article entitled "Another Election Campaign Scare Bites Dust" (4 June, 1959) is contrary to all canons of objective newspaper reporting, it would be little more than amusing.

Let's complete the quote you use which is as follows:

"Fire Hazard" A former board member has written to the board about a possible fire hazard. This letter was received by the Board President over two months ago but other board members were not told about it."

The final sentence asks: "IS THIS THE KIND OF CONDUCT THAT THE VOTERS APPROVE?"

Now Mr. Editor let's tell the whole story! This was no "ghostly" scare issue, raised as a last-minute campaign gesture by the Cohen-Eaton and Hurwitz slate" as you well know. The withholding of this letter by the Board

## Sutter Chats with Kennedy

FRED SUTTER, at right, chats with Senator John F. Kennedy, possible presidential aspirant who was featured speaker at the annual dinner of the Nassau County Democratic County Committee. Sutter, who is seeking the nomination as Democratic candidate for Town Councilman, this week said he sent a telegram to Gov. Rockefeller asking him to appeal to President Eisenhower and the House Education Committee to increase Federal aid to Long Island's generally-impacted school districts. Local observers wondered why Sutter didn't ask Kennedy when he had his ear.

President was first made public at the budget "hearing" in the Senior High School on April 24th. On at least two occasions shortly thereafter (PTA Council Meeting for Candidates, April 29th and Dutch Lane PTA Meeting for Candidates, April 30th), at which you and your co-candidates were present, I charged that any such communication should have been presented to the other members of the Board as soon as possible after its receipt. Perhaps, Mr. Editor you are of the opinion that such correspondence is of no importance and should be withheld from other Board members for two months and looked into only after the writer of it asks public meeting. This is your privilege. I happen to believe that such conduct is wrong - I said so, and I still say so!

But come now, Mr. Editor, your editorial bias is showing in what purports to be an objective front page news report. Is it a factual report or editorial opinion? I think there can be no doubt that it is the latter.

Since I am a subscriber, I know, you won't mind me chiding you a bit about your lack of objectivity. But I must say that I had expected better from somebody who is supposed to have been in the newspaper business for so long a period of time. Perhaps you won't mind my suggestion that you read the New York Times more regularly.

DAVID HURWITZ  
P.S. In case you're not sure, this should be printed in your column entitled "Readers' Opinions", 225 Broadway Lane, Hicksville, N.Y.

## Hicksville Man Goes to Russia As Specialist

George Lubin of 5 Ingram Drive, Hicksville, has been selected as a representative to the American National Exhibition in Moscow this summer.

Lubin, who works for Grumman as a plastics consultant, was approached by William T. Cruise, executive vice president of The Society of the Plastics Industry, Inc., to ascertain whether or not he would attend the exhibition. Lubin is a member of the Society's Policy committee.

The exhibition, which will open July 25 for six weeks, will be held in Sokolniki Park, a 1,500 acre wooded recreational park. By reciprocal agreement, the USSR will hold an exhibition in the New York Coliseum beginning June 28.

The Moscow exhibition, entitled "A corner of America in the heart of Moscow," is sponsored by the United States government and will have on display, American industry and private institutions.

Lubin's task, besides helping to set up and plan the procedures to take place in the 15,000 square foot all-plastic pavilion, which will contain the cultural exhibit, is to give lectures demonstrating applications of synthetics and plastics and explanations of fiberglass spraying and injection molds. Almost four million Russians are expected to attend this first major American exhibit ever held in the Soviet Union.

Grumman Aircraft will also be represented in this exhibition by two aluminum watercraft contributed by Grumman Boats of Marathon, N.Y.

Lubin, who speaks Russian fluently, was born in Moscow in 1913 and 16 years later, came to the United States where he attended City College of New York and in 1936 graduated with a B.S. in Chemical Engineering. During the war, he headed the Plastics group at the Naval Materials Laboratory, where he won commendations for developing methods and equipment for testing plastics material.

GEORGE LUBIN of Hicksville (at right) telling Dick Hutton, Grumman Vice President-Engineering, of plans to attend the American Exhibition in Moscow this summer as a specialist in the field of synthetics. (Grumman Plane News Photo).

The Hicksville man will leave for Moscow by plane on July 15. His family will not accompany him on the trip, but Mrs. Levin will meet her husband on the return trip. The Lubins, who have three children aged 17 through 6, formerly lived in Syosset before moving to Hicksville 3 1/2 years ago.

## Local Grad Wins Excellence Award

On Tuesday, June 16, Robert W. Sarnoff, chairman of the Board of the National Broadcasting Co. advised Leon Gallowsy, Principal of the Hicksville Senior High School by telegram that the NBC Broadcast News Conference report by Thomas Bean, member of the present graduating class of Hicksville High School, has been awarded a citation for excellence.

The report, which was judged on its entry in the April 2, 1959 issue of the Mid Island HERALD, told of NBC's inauguration of the First Annual Broadcast News Con-

ference for High School Editors and included details of the day's activities. The program consisted of explanations and demonstration of NBC newsmen and executives who explored with the delegates at the Conference, the new frontier of electronic journalism, a field considered seriously by students of today, who will be the journalists of tomorrow.

Presentation ceremonies are planned for June 26 at a noon luncheon to be held at the Overseas Press Club, East 39th St, New York.

## Mercy League Installs Officers

The Glen Cove-Hicksville League of Mercy Hospital held its installation of officers on Thursday, June 11th at the Viennese Coach. Mrs. Joseph Bean of Hicksville was chairman of the affair and all who attended agree that a beautiful job was done, as the ceremonies of the day were impressive and graciously prepared. Each luncheon table had a centerpiece of red roses and as the officer was installed, Mrs. Bean pinned on a corsage of yellow carnations with a blue ribbon -- these are the colors of Mercy. Mrs. Riedel, Council President, installed the officers as follows: Mrs. Harold Smith of Brookville, president; Mrs. James Bell vice

president; Mrs. Vincent Braun, recording secretary; Mrs. Julius Schwartz, corresponding secretary; Mrs. Joseph Scarpinato, treasurer and Mrs. Daniel McGrath, financial secretary. Mrs. Smith succeeds Mrs. Herbert Purick as president. Mrs. Riedel gave an interesting and enlightening summation of the work done by the various Leagues and other volunteer workers benefiting Mercy Hospital. She complimented Mrs. Purick in behalf of the local league, for a job well done during the past two years.

Luncheon was served before the business meeting and all attending had an enjoyable time. League meetings will resume in September.

## Police, Public Works Strive for Road Safety

Nassau County Police and Public Works Departments work closely together under the guidance of County Executive A. Holly Patterson to insure traffic safety on the 430 miles of Nassau roads.

(There are more than 5,000 miles of public roads in Nassau under the various jurisdictions of State Park Commission, State Parkway Authority, State Department of Public Works, Town, village and City Highway departments.)

Traffic has increased in Nassau County 91.8% in the past 10 years -- at some locations as much as 345%. The annual increase was 3.39% in 1958.

In the past 10 years there were 59,970 accidents on County-owned or maintained roads including county policed roads of other jurisdictions, resulting in 22,987 persons injured and 227 killed. Accidents increased last year 7.8%.

A county traffic survey unit serves both police and engineering forces

on County roads. It strongly influences improvements and traffic safety design facilities.

Last year the unit investigated 54 requests by individuals or organizations for signal control. Eight were recommended. Some locations are under continued surveillance. The unit acted on 13 suggestions for safety measures in the field and 16 requiring reviewing of reference material. Many requests are received from private firms and individuals for vehicular traffic data to help them in problems concerning their property. Traffic movement studies were made concerning the proposed elimination of grade crossings of the Long Island Rail Road at Mineola.

There were 35 intersections where 12 or more accidents occurred. The intersection of Peninsula Boulevard at Sunrise Highway at Lynbrook had the largest number of accidents, 46.

Multiple accident locations last year included the following: Plainview Road at South Oyster Bay Road, Hicksville, 18; Park Boulevard at Sunrise Highway, Massapequa Park, 16; Jericho Turnpike, Woodbury, 15; Jerusalem Ave. and Old Country Road, Hicksville, 14; Hempstead Turnpike and Stewart Avenue, Bethpage, 14; Newbridge Road and Old Country Road, Hicksville, 13; Glen Cove Road, Jericho Turnpike, Old Westbury, 13.

Warning, regulatory and directional signs on all county roads were administered by the unit until September of last year when this work was transferred to the Sign Shop

Unit of the Administrative Division. Damage to 12 signs was reviewed by the county attorney's office.

During the year pavement marking plans were completed at seven intersections, revised on three others. All Nassau County signs are gradually being conformed to the manual of the New York State Traffic Commission.

**BIRTH ANNOUNCEMENT**  
Mother and child are doing very well, thanks to the capable Doctor David Plotkin, OB-GYN of Plainview and Massapequa. I think I'm the one needs medical attention now.

To leave happy thoughts for the moment, it seems as though I'm being forced into a most childish feud; one that's been brewing ever since the first spade was turned for the development of Mid-Island Plaza. There's a newspaperman who writes a column... and likes to create a ruckus centered around the Center. Guess he figures we're good copy, and it's the only way to get readers. This I don't mind... but he's all the time referring to a "shopping center publications man", and since there's only one real center hereabouts, I figure he's talking about me. I'm willing to let him keep it up... I don't mind his ravings... but now the private business decisions of the shopping center have suddenly been turned into the beginnings of a political fustian and stores who recently elected to run advertising in a local newspaper rather than in the circular are accused of "spreading their form of propaganda all over the Town of Oyster Bay." This comes from a "newspaperman" who has been making such a great fuss lately over "democratic press" and freedom supposedly being hamstrung throughout the Town. This is not very kosher.

I have some questions, "newspaperman".

Would you have reacted at all, or made political issue of this same advertising, had it appeared in your newspaper?

Would you have uttered a syllable if these merchants had spread YOUR "form of propaganda" throughout the Town?

Now then, since basically I'm the passive type... and since I do NOT want to see a whole taimus get started here... and since I do NOT wish to see you make those you "represent" look foolish unnecessarily, I'll wait until, as you have promised, there's more in your sheet on this "cozy little story again." Then, "newspaperman", I'll have a "cozy" or two for you. This I guarantee... it's up to you.

Since remembrances of Kiwanis Ladies Night are kinda dim (it was a wet one) I can only vaguely recall Gladys Schwartz telling me that hubby Jay has a stall shower complete with window, electric fan and ceiling light... this sounds like an office, not a shower.

Fred Sutter entertained John Nance, Democratic candidate for Oyster Bay Supervisor, at a recent Kiwanis meeting... it became pretty costly for Fred who was fined for "advertising" every time he stood up to talk.

Wm. M. Gouse, Jr.  
Post 3211, Hicksville  
By LOU PALLADINO

By the time this is published our Cmdr., Bob Obermeyer, will be shed of his bachelorhood. He is marrying cute little Roberta Sepp, who has been known to the post and to the bowling league for a long time, especially since she held the money for Bob, who was the treasurer. She is a wonderful little girl. Understand she has an application to join the Aux. Immediately after the merger. The date for the wedding was Saturday, June 13. However, they were to be married in Indiana, and although he explained his reasons, they didn't quite penetrate. Just wanted to help him celebrate a little, that's the only reason it's hard to understand. So we'll wait for them to return and then have a few elbow bends. This is great news for it is not very often a post commander takes himself a bride while holding office.

Before leaving, Bob was quite concerned to see that he left everything alright. All of us at this post in Hicksville wish Bob and Roberta the best of everything. Good luck kids.

Our Paint Party was quite a success. A lot more fellows showed up than were expected. Heard that about a dozen showed up for each weekend. Don't have all the names, and don't wish to leave anybody out. This is a fine gesture on the part of these men, men with plenty of chores, to find the time to give a helping hand in order that our post will look brighter and cleaner. The place does look very nice and shiny. Still isn't finished, though. Our sincerest thanks to you boys from everyone.

The post is sending Curt Fitzgerald a letter of thanks for his selling of poppies. Curt hasn't been able to attend meetings for a long time because of his job. Yet every year around Memorial Day he goes out by himself and sells as many poppies as possible. He always helps us go over the top, so this letter will be to give him a small idea of how grateful we are for his kind cooperation. We hope it will convey our message.

While on the subject of Memorial Day, a fact that was almost overlooked. On the Sunday before the holiday, Al (Lefty) Hanlon, went to Pinelawn Cemetery for the Memorial services. After the services he visited the graves of deceased comrades, putting flags where they are supposed to be. Without being asked, he did it on his own. Wasn't this a heart warming deed on Lefty's part? Why can't I think of things like that?

The winners were all accompanied by their parents. First prize went to Joanne Hill, Second to David Goldstein and third to Kathy Kapsol. They received the essay medals along with cash awards. Our congratulations to these, our children of Hicksville. Our ladies did a good job of trying to create a homey atmosphere for everybody. Was having a nice time until they shut me up so they could do the talking. Must they always talk? It really was a nice affair and well managed.

We wish to present our own personal TS slip to Tom McKenna. He was the winner of the capsule drawing, but wasn't present to get the prize. So another two dollars will be added to the total, which goes up to \$10.  
Yours truly was the winner of the post drawing. This was strictly luck. Didn't make an attempt to bully for the prize as Jim Rock did.  
Our next meeting is Monday, June 22, at 8:30 p.m. See you then.

**Police Visitors**

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

## B-Day For Jericho

B-Day means it's "Blood Donor Time" -- for all residents of Jericho next Thursday June 25, between the hours of 5 to 8 PM when the Bloodmobile will be stationed at the George A. Jackson School in Jericho.

The Jericho Blood Bank, under the sponsorship of the Jericho Jewish Center, cordially invites all of Jericho to join this wonderful humanitarian effort to supply Blood to your dear ones when required.

One pint of blood donated per family makes that family a member of the Jericho Blood Bank. Any member, regardless of race, color or creed -- will be eligible for an unlimited supply of blood when needed. DO NOT EAT FOUR HOURS BEFORE DONATING BLOOD.

For complete information call Lou Alter -- WE 5-0066.

## All Out Effort Opposes Gas Sta.

Under the leadership of the Birchwood Civic Assoc the residents of Birchwood have instituted an "all-out campaign" to stop erection of a gas station at the Merry Lane entrance. The move is being fought not only on the basis of the bad impression it will make on all visitors, but also because of the inherent danger to children playing in the park on Merry Lane and

walking to school.

All residents are urged to let the present owner of the Jericho Garage know of their objection to his proposed move and further urged to sign the petition and post cards being circulated by the Assoc. We must present a united front to keep Birchwood the high type of community in which we want our children to grow up.

## Get-Together Set for Temple

On Wednesday evening, June 24 at 8:30 P.M., at the Jericho Country Club, members and friends of Temple Or-Elohim Reform Congregation of Jericho, will have an opportunity to meet Rabbi Robert Schenkerman and his wife on an informal basis.

Rabbi Schenkerman joins Temple Or-Elohim as its Spiritual Leader for the coming year after having served as Rabbi for Temple Sinai, Warwick, Rhode Island, as an assistant to Rabbi Louis I. Newman at Congregation Rodeph Sholom in New York.

Rabbi Schenkerman is a graduate of Yeshiva Ohel Moshe and B'nai Reuben Hebrew Academy. He received a Teacher's Degree from the University of Judaism in California

and was graduated "Cum Laude" from Brandeis University. He has done extensive work in the field of Youth Direction and Leadership Training Institutes in the past seven years serving both the New England and New York Federation of Temple Youth.

The Country Club will be the scene of an informal question and answer evening with Rabbi Schenkerman, and it will afford the membership and all those interested in Temple Or-Elohim an opportunity to get to know the new Spiritual Leader a little better. Rabbi Schenkerman will outline his Religious School Program for 1959-1960 as well as state some of his plans for the Youth Group and Adult Education activities for the coming year.

## Night Off Bway Features 100

Syosset is 30 miles from New York City, but on May 26, it was "A Night Off Broadway" at the Robbins Lane School. With an enthusiastic overflow audience of 600 voicing their approval, 100 children displayed various talents including the 66 voice glee club, assorted quartets, duets and solos and featuring the new 40 piece band.

Highlights of the evening included a "Name That Tune" contest,

featured singers and instrumental soloists. For a rousing finale the band and glee club joined in playing and singing "On the Street Where You Live". The program was under the direction of Mr. Robert Greenberg, music teacher, and Mrs. Charly Leng served as accompanist.

## SECOND GRADE PLAY

On May 29, a musical play called "Garden Hold-Up" was presented by Mrs. Judith Randall's second grade class at Robbins Lane School. The play incorporated both humor and a "melodramatic" touch. # School Board Met 35 Times During Year Acted on 921 Motions, Used 26 Miles Tape

The Hicksville Board of Education during the 1958-59 fiscal year held less meetings than the year before but managed to transact as much or more business in less time. During the 11-month period from July 1, 1959 to May 29, 1959, the School Board met 35 times and acted upon 921 resolutions and/or motions.

Between July 1, 1957 and June 27, 1958 the Hicksville School Board convened 61 times. Recording the number of motions per meeting was begun on Jan. 3, 1958. In the first six months of last year there were 64 official roll call actions by the Board. During the first six months of this year there were 494 motions voted upon.

Approximately three-quarters of a mile of super-thin "Mylar" plastic recording tape is used at each Board meeting. Thus, in the past 11 months, enough tape was used to record every spoken word at Board meetings to reach 26 miles, or the distance from Hicksville to New York City.

Tape recording of School Board meetings in Hicksville started on July 3, 1956, was abruptly halted at a meeting on Jan. 14, 1957 and not resumed until the organizational meeting in July of 1957. It has been official practice of the District ever since.

Fred J. Noth became the District Clerk on Dec. 1, 1956 and reached his 100th meeting by May 6, 1958.

TELEPHONE TODAY

It costs so little...near or far. For example: HICKSVILLE TO LOS ANGELES - \$2.00 For the first 3 minutes. Station to Station, every night after 8 and all day Sunday. Plus 10% tax.

He has recorded the minutes at 144 meetings as of this week.

The official action of the Board of Education in approving the minutes of its meetings was at one time a most complicated and often debated operation. During the past two years the minutes reflect only the official actions of the Board while the discussion of proposed actions is available to anyone interested in listening to the tape recording.

A record of some sort was achieved last Friday night when six sets of minutes were approved by the Board, with no dissenting vote, in a single motion and less than 10 minutes' discussion.

Copies of approved minutes of meetings of the Board of Education are available at the Hicksville Public Library on Jerusalem Ave. In addition to a copy which is retained on file for public inspection, six extra sets are provided for those

who request them. The extra supply of six sets has proven ample to meet demands for almost two years.

Next year the official records of the District will be microfilmed for the first time in an effort to conserve filing and storage space. Funds were provided in the 1959-60 budget for the purchase of necessary equipment for microfilming.

# Every day...more Long Island families install modern OIL-POWERED water heaters!

Mr. V. K. of Westbury, L.I. expresses typical delight with the performance — and savings — made possible by his new, fully-automatic oil-powered hot water heater!

## GAS LEFT US COLD!

"I was never happy with our old hot water heater. A total of 11 people — including 7 children — live in our two-story, two-bathroom residence...so you can see why we need a lot of hot water. With our old water heater, we never seemed to get enough!"

"Then I heard about brand-new oil-powered water heaters — and how they could cut my fuel bills in half...give me up to 8 1/2 times as much hot water, all day long!"

"So I installed one. Since then, we've never known an instant when our water ran cold! And my fuel savings alone have already paid for the installation! Now we're actually paying only \$4.80 a month for hot water — only a cent-and-a-half a day per person! Believe me...if your gas-or electric-bills are too high, do what we did...switch to an OIL-powered water heater. You'll never regret it!"
