Chamber of Commerce Reports: SCHEDULE NEW SIGNALS ALONG OLD COUNTRY RD.

Four busy intersections on Old Country Rd. in Hicksville will soon be equipped with green arrows enabling motorists to make a left turn and thus speeding the flow of traffic, the Hicksville Chamber of Commerce reported this week.

The Highway and Traffic Committee of the Chamber with Francis Anderson as chairman and Fred Herman as a member, told Chamber President Aaron Rochman that County Executive A. Holly Patterson and Police Commissioner John M. Beckmann agree with the recommendation for the left-turn indicators at the Broadway, Jerusalem Ave., New bridge Rd and Levittown Parkway intersections with Old Country Rd.

Anderson added: "Inspector Lou Schneider, commissioner of traffic, has authorized this Committee to report that in line with the Chamber recommendation an entire new system of traffic lights is being planned for early installation along Old Country Rd from Plainview to Mineola. This new installation will include the green arrows at the key intersections, including the four mentioned for Hicksville."

Burns Stands Upon His Record As Supervisor

Supervisor John J. Burns believes that the town government of the Town of Oyster Bay can talk in glowing terms about its past accomplishments.

Burns indicated a stand-on-his-record approach to his campaign for

re-election this November. The Supervisor spoke before the Hicksville Republican Club, Friday, at the Masonic Temple.

Pointing out that \$12,000,000 worth of private capital has been invested in new industrial projects in the

Town within the last 16 months, Burns tabbed the new comprehensive zoning plan as a major accomplishment of the Town government.

Board Meets with Architects To Discuss Willet Ave School

Hicksville Board of Education will hold a special meeting this Friday night, July 17, at the High School to discuss preliminary plans for the proposed Willet Ave. Elementary School with School Architects, Knappe & Johnson.

Present tentative plans call for a referendum of the district in September upon a bond issue to cover the cost of the new school. Voters recently approved the purchase of the land and Michael J. Sullivan, school attorney, reported to the Board last week that the owner, Ted Steinberg, appears willing to settle for \$66,000. The Board of Education had indicated it would take the question to condemnation court if terms could not be reached. Knappe & Johnson have also been asked to prepare preliminary plans for a gym addition to East St. School and a 10-room science addition to

the Senior High School, upon which referendum will also be required. Officials of the State Education Dept. have been in Hicksville conferring with Dr. Wallace E. Lamb, superintendent of schools, and the architects on the prospected plans.

Making Study Of Pupil Absences

M. L. Chittenden, Hicksville School District director of attendance and census, has been appointed chairman of a state-wide committee of ten members of the New York State Attendance Assn., which will make a study of the reasons for student absences.

He was named during the 10th annual conference of the State Assoc.

House Fire At 2 o'clock in Morning Brings Out Volunteers

SIX FIRE CALLS and three calls for the Hicksville Fire Dept. ambulance were answered by volunteer firemen during the week and Herald Photographer Frank Mallett got out of bed with the vamps at 2 o'clock Sunday morning to get these action shots at Jerusalem Ave. and West John St. At first it was feared that an elderly occupant was in the little frame house which has been a fixture at the intersection for generations and before the flames were

quelled, the vamps battled their way into the empty house with masks. Picture at the right shows Robert Coutieri and Chief Charles Saurer (white coat) inspecting the charred ceiling in the kitchen where the blaze apparently started. Other calls included a grass fire July 8 at Old Country Ave. and Levittown Pkwy; grass again on July 9 at Jerome Ave. and Wilfred Blvd.; Hertz rental truck afire at Mid Island Plaza on July 11.

Ambulance calls included: Mrs. McCarthy, 59 of 70 Ninth St., on July 11, dead on arrival; Dan Rabinowitz, 50 of 11 Balsam Lane, taken to Nassau Hospital the same day and John Ferguson of 59 Bruce Ave., taken to Hempstead Hospital, July 15.

There were two false alarms, each set by small children: July 9 at Ballpark and Wood Lanes and July 12 at Bloomingdale Rd. and Somerset Ave.

Family Picnic This Sunday

The Hicksville Republican Club will stage a picnic for its members and their friends next Sunday at Salisbury Park. Starting time is 12 noon.

Admission price will be \$1.50 per family. The Club will furnish the beer and other beverages, but the picnicers will have to bring their own hamburgers, hotdogs and sandwiches.

The site of the event will be Group Picnic Area No. 1. At least one person in each car entering Salisbury Park for the picnic must have a Park permit, but non-residents of Nassau County will be issued a special one-day pass.

A family-style picnic is planned with entertainment and games for adults and children. Tickets may be obtained through Club President Louis A. Kappstatter, Ticket Chairwoman Sylvia Matthews and Mary Carton or Warren Doolittle, picnic co-chairmen.

Mrs. C., all your friends and neighbors are still rooting for you and when you get home, we'll all be in to see you... Club 164, with Chef Jay in charge, was really jumpin' on Monday Night. Jay and the Missus served a most delicious supper in those who attended the Hicksville High School Alumni Assoc. meeting. We understand the reason the salad was so good was that Jay washed it with Ivory Soap and HOWARD laughed so hard, he fell off his chair. All we've got to say is that Jay and Gladys were grand as hostesses and a lot of gals can take some cooking hints from Chef Jay. By the way, all pictures taken were by HAP HOLDEN... Talking about the Alumni Assoc., we understand that the profits from the recent re-union affair of the Hicksville High School Class of 1934 were turned over to the Assoc. Good old 1934, we thank you... What's this we hear about EDNA DONLON, winning that Canasta game last Wednesday night at MARY BLESS' beach house at Center Island? CAROL SEIP and LYNDIA NOETH, two new additions of the Herald staff, spent the week-end in the Catskills with two of their gal friends from college. Also the gals are only summer replacements, (shall we say), they are in addition to the staff... We missed a wedding anniversary last month, but due to the excitement of our babies being born, we neglected our friends Mr. and Mrs. JOSEPH DEFRONZO of Pine St., Hicks., who celebrated on the 19th. We didn't mean it but two new babies in the same month (we mean the Town Herald and our little guy, Kevin Richard McCormack) was just too bliss. By the way, our boy, Kevin is doing okay. Doc LaFlare will be surprised when he come in for a check-up. Our boy just sleeps and eats... We're celebrating with a family dinner party on Monday, July 13...

CURRENT COMMENT:

Local War On Obscenity

By FRED J. NOETH

THE EFFORTS TO STAMP OUT obscene "literature" is a continuous battle. During the past ten years there have been at least two organized local efforts to clean up the filth which every now and then creeps back into the racks of certain newsstands.

Between these intensifying efforts, which are usually accompanied by a considerable volume of publicity and news coverage, there are many individual parents and citizens who keep constantly alert and on guard to protect youngsters.

Currently the Post Office Dept. led by Arthur E. Sommerfield, Postmaster General, is actively seeking to halt the mailing of materials to children. Mr. Sommerfield, in a front-paged article in the Brooklyn Tablet, warns "the traffic in obscenity has doubled in just the last five years and can double again by 1963 if the parents of America do not take a concerted stand within their own communities to wipe out this evil."

The Postmaster General points out the Post Office must honor the privacy of first class mail. The Post Office can't open first class mail even if it is certain the envelope contains obscene material. The Post Office can only act if parents supply the evidence after the mail has been delivered. To this end, it is urged that parents save all the materials, including the covering envelope. Put it in the hands of our local postmaster without delay.

In our own community we read with interest a progress report by a committee of members of Our Lady of Mercy's Rosary-Altar Society. This group has visited neighborhood stores and reports that all requested have cooperated in eliminating objectionable "girlie" magazines from their stands, with one exception. The one exception, the committee states, has not as yet "shown any inclination to join the ranks with those who are putting the moral welfare of the community's youngsters first and foremost, where it belongs."

We sincerely hope for the cooperation of the reluctant individual. If not received, it may be necessary to give that particular filth peddler the publicity he seeks.

Library Use Shows Increase

Use of the collection of the Bethpage Public Library has grown by leaps and bounds during the past six months. Book circulation for the period of January through June has increased from 40,934 in 1958 to 59,703 in 1959. This increase is all the more significant since the loan period for all library material has been extended to 2 weeks, while previously, new books could be borrowed for 7 days only.

The Library also tries to accommodate patrons who wish to take books along on their vacation. A loan period of 4 weeks has been established for this purpose. It covers all material published prior to January 1, 1959.

Due to the uncertainty concerning the Library's financial situation, new titles could not be ordered during May and June. Now, new books have begun to arrive again.

Outstanding among our recent acquisitions are: Bernard Sobel's "New Theatre Handbook"; Walter Lippman's "The Communist World and Ours"; Simone De Beauvoir's "Memoirs of a Dutiful Daughter"; Abraham Marcus' "Basic Electricity"; Frederick C. Dyer's "Executives Guide to Handling People"; and the "Selected Poems" by Langston Hughes.

The Summer Reading Program is continuing to draw a large number of youngsters to their library. Easy Books, Story Books, Biographies and History constitutes the main fare of the young readers.

It's Your Problem, Too!

by Allen S. Carpenter,
President of the Hicksville Board of Education

(Opinions expressed herein are those of the writer, and not necessarily that of any other School Board member.)
There are many reasons that we in Hicksville are fortunate people. One of these reasons, perhaps one of the most important, is the economic reason.

We are a "middle class" community. We have no wealth class living on the earnings of generations past. Even those among us who may be considered wealth are still producers. They are hardworking active participants in community life. The other ninety-five percent are neither rich or poor, we find ourselves somewhere in between the "plush communities" and the "poor ones." We have no "peghouses" and we have no "slums."

We are basically a residential community, yet are fortunate enough to have within our boundaries first class commercial and industrial areas.

Studies made by the Governmental Statistical Corp. (offices in Hicksville) for a recent Hicksville School District Bond Sale show many very interesting facts about Hicksville. One of the most interesting is the growth of Hicksville's employment opportunities.

Types of Employment	Units	1955	1958
Large Plants, Businesses	47	4,146	6,545
Small Comm. & Ind. Units	693	1,782	3,383
School District	1	441	923
Other Municipal Employment	7	150	150
Totals	748	6,519	11,001

As of Jan. 1958, the total number of employable residents was estimated at 12,100 persons. The ratio of job opportunity at that time to employable population was 91%.

Table #2 - Place of Employment of Hicksville School District Parents.	
Percentage employed in N.Y.C.	46.8%
Percentage employed in Hicksville	13.9
Percentage employed in Defense Plants (outside Hicksville)	9.9
Percentage employed elsewhere in Nassau & Suffolk	27.5
Percentage employed outside N.Y.C. - Long Island Area	1.9
Total	100.0%

As you can see almost as many people commute to Hicksville to earn their living, as commute from Hicksville for the same purpose.

Less than 591 acres of land are still vacant in our district out of a total average of 4,393 acres (Approximately 13%). Of this 591 acres, 84 acres are reserved for business and 157 acres for industry. There are, therefore, less than 350 acres for residential construction (less than 8%). We are, almost at the end of our residential expansion. That is why we can talk about the "last phases" of our School Building Program.

Plainville, Jericho, Syosset, and other near-by school districts have developed less than fifty percent of their residential land areas. Their problems are still on the increase. We have reached our peak, and can see ahead to more peaceful days.

Parochial School expansion over the years to come can be expected to provide the necessary margin of safety that may be required as individual plots and small areas of land, still vacant, are developed. We leave a fine balance between residential and non-residential taxable properties. This enables Hicksville to support a good school system, without the expectation of constantly increasing rates, which already are or soon will plague surrounding areas.

Personal Mention

Dr. WALTER DUNBAR, Hicksville chiropractor, has been appointed State Chairman of The Economics Committee, according to a letter from the Secretary of the Chiropractic Association of New York.

During the past year he was committee chairman of the Nassau County District and, at the installation of officers ceremony in June, Fr. Dunbar was awarded a bronze plaque for outstanding service to the chiropractic profession.

On the occasion he was installed as treasurer of the district.

DAVID RALPH PREECE, the son of Mr. and Mrs. Ralph Preece, who resides at 16 Cedar St., Hicksville, is now at home on leave after completing recruit training at Great Lakes, Illinois. He will next report to Commanding Officer, US Naval Air Station, Ellington Field, at Pensacola, Florida on July 21, 1959 for duty. David Ralph Preece enlisted at the Hempstead Navy Recruiting Station, on April 21, 1959.

Five mid-island residents were among the 79 graduates of the Adelphi College Evening Division who received degrees during commencement exercises last night (Wed). They were VALENTINE WATRAL of 16 Randall Dr., Bethpage, BS in physics; and the following from Hicksville: HARVEY BLUM of 36 Admiral Lane, BS in Chemistry; and JOHN FOLEY of 54 E. John St., BS in Business Administration; FREDERICK W. HOHSFIELD, 85 Raymond St., BS in physics; and GENE V. SMONETTI of 37 Ballad Lane, BS in Business Administration.

Recruit HELEN L. JENS, daughter of Mr. and Mrs. Henry P. Jens of 104 Harrison Ave., Bethpage, completed eight weeks of basic military training June 10 at the Women's Army Corps Centre, Fort Mc Clellan, Ala. She is a 1957 graduate of Bethpage High School.

Post 44 Rifle and Honor Guard attended Patchogue's Post 111, where we participated in a July 4th parade. A terrific time in a terrific town. Post 111 went out all the way to make us comfortable by serving us the best Clam Chowder and Hot Dogs, Beer, Soda etc.

Potato Salad Comes in Jars

Just in time to help with easy summer meal preparation, Boback Food Markets are now featuring an improved potato salad in jars, pasteurized and vacuum packed so that it can be kept without refrigeration until opened.

The item is Seider's Potato Salad and is prepared by a new cooking process which insures thorough cooking and whole slices, comparing favorably with old fashioned home made potato salad.

Supervisor John J. Burns hailed this week's conservation meeting as the culmination of a 16 month effort by the Oyster Bay Town Board and the Joint Legislative Committee on Conservation Law to preserve the Town-owned 5,000 acre wetland area in its natural state for the benefit of all of the people of the Town as well as the state.

Burns noted that the first meeting to achieve this end by getting appropriate legislation passed to assist the Town in its efforts to preserve this natural resource was held on Jan. 90, 1958 in Oyster Bay, with Federal and State Conservation officials in attendance.

He pointed out that the Town Board, recognizing the growing tendency to develop shore-line properties "to the benefit of a few," took immediate steps at that time to halt the desecration of valuable recreation areas and wild-life preserves in the Township for the enjoyment of all people.

"The Town Board is determined to safe guard our valuable wild-life heritage, and intends to continue to invite the assistance of all agencies of government and other experts in such endeavor," Burns said.

Supervisor Burns outlined the following steps to be taken now that the legislative aspects of the project have been so well advanced:

1. An "on the spot" study by the professional people of the state and Federal conservation agencies.
2. Receipt of reports by conservation authorities.

3. Joint meetings to develop proper program.
4. Joint action on agreed program.

Burns expressed his thanks and warmest appreciation to Assemblyman Leo Lawrence, Chairman of the Joint Legislative Committee and the members of his committee; Assemblyman Edwin J. Fehrenbach, State Conservation Commissioner; Harold G. Wilm and his staff, Regional Director of the U.S. Fish & Wildlife Service; John Gottschalk and his staff, and Long Island State Park Commissioner Robert Moses and his staff for their valuable help with the entire conservation project.

I've been informed of the most recent activities of the Mid-Nassau Community Guidance Center of Hicksville by the very able Beth Carlin, who's been doing a great deal of work with this agency, and I feel you all ought to know what's going on. The Center's Auxiliary is sponsoring its second annual theatre party to help support the Center's Mental Health Program. It must raise funds on a matching basis in order to remain eligible for State and County Aid... and as its first project in 1959 the Center is sponsoring a couple of theatre parties at the Westbury Music Fair. First will be **CALL ME MAMAM** starring Constance Bennett, on Sunday evening, August 23rd, with tickets priced at \$3.50, \$2.75, \$2.00 and \$1.50. The Center will have the **BALES IN ARMS** performance of Sunday, August 2 also, this starring Julie Wilson, and for this event there will be a choice of \$3.50 tickets.

The Mid-Nassau Community Guidance Center is a facility offering mental health services to adults and children who reside in the Mid-Nassau area. It's been functioning since March 1, 1953 and has as its primary aim the furnishing of diagnostic and therapeutic services to adults and children for emotional and behavior problems. These services are furnished to low and middle-income groups on a low cost basis.

Be sure to see the Paul A. Miller Circus currently at Mid-Island Plaza. It's presenting five **FREE SHOWS** daily, at 10:30, 2:30, 4:30, 7:30 and 9:30 and it's complete with wild animals, clowns, acrobats, trampolines, acts, clowns and all the works. There are rides galore and any purchase of \$1.00 in an Plaza Assoc. store entitles you to a 10¢ discount ticket to any ride in the Circus fairway. The Miller circus will be at Mid-Island Plaza through Sunday, July 19... first show on Sunday will be at 2:30 p.m.

The latest issue of SPOT magazine reports that Shopping Centers now account for 15 per cent of **TOTAL GROSS RETAIL SALES** nationally. In 1958 they accounted for \$30 billion of retail sales volume and it is estimated they will account for over \$32 billion of retail sales in 1959.

According to William E. Komensky, membership chairman for the Hicksville Chamber of Commerce, membership is really growing. There are 34 new members... only 9 of last year's members have not as yet paid their dues in full, and the ranks of membership will soon be swelled above and beyond any number of members attained before.

Both the Hicksville Chamber of Commerce and Mid-Island Plaza Association tender their thanks to the Hicksville Police Precinct for the excellent cooperation received during the bad road situation brought about by the necessary Broadway widening.

The Chamber will hold open meeting on July 24 and Aug. 24... and invites everybody to attend. The meetings are held at the Long Island National Bank, Mid-Island Plaza at 9:30 a.m. Guest speaker at the July meeting will be Thomas Pynchon, and Supervisor John Burns will be guest speaker at the August meeting.

The Paul A. Miller Circus plays Meadowbrook Hospital today and the Northport Veteran's Hospital tomorrow. They put on a terrific show for the kids in Old Brookville's Retarded Children's Home.

This Saturday's Toy Giveaway features that Vanguard powered kids automobile that Bill Lynch donated... so be sure to be On The Mall Saturday morning and get a coupon. Aside from this wonderful Grand Prize there'll be hundreds of toys and games, yours for the asking. Just fill out a coupon, drop it in the drum, and wait for us to draw your name.

Grand Winners in the Plaza Beautiful Child Contest will be selected this month from the monthly winners of the past eliminations. Winners, who receive a \$100 bond and a plaque, will have their pictures in the next issue of the **TOWN HERALD**, scheduled for Aug. 20. That issue will feature tremendous back-to-school values, so don't miss it!

Hicksville Recreation will bring their youngsters to Plaza Circus tomorrow morning, so don't be surprised to see playgrounds closed for awhile.

Shape of things to come: I was made acutely aware of the responsibilities facing me as he father of a new-born son after hearing the anecdote that follows: A father and son were posing for a picture following the son's graduation from college.

"Stand a little closer to your father," said the photographer to the youth, "and put your hand on his shoulder."

Just then Pop interrupted with, "I think it would be more appropriate if he stood with his hand in my pocket."

James Robert is the name of the new arrival at the house of Mr. and Mrs. Thomas Heltz of 149 Evergreen Ave., Bethpage. This young man made his entrance on June 25 at Mercy Hospital, Rockville Center.

Resident Killed in NJ Accident

FRANCIS J. BRANTLE, JR., a construction supervisor of 2 Wish- ing Lane, Hicksville, was killed instantly on Wednesday, July 8, when he was crushed beneath a 3500 pound steel piling. The accident occurred in Newark, New Jersey, where Brantle was employed by Horn Construction Co. of Merrick on a pier construction job. He had been directing the operations of a crane that was hoisting the piling.

For the past eight years Brantle had been taking evening courses at Brooklyn Polytechnic Institute, and he had been expecting to receive his degree in Civil Engineering within two years or less. During the war he served as a Radioman 1st Class with the Navy, and saw active duty in the South Pacific.

The Brantles had been very active in community affairs. Lorraine, Francis' wife, is a member of the Lee Avenue PTA and has served that organization as chairman of the Ways and Means Committee. She is also an active member of the Hicksville 4-H Club and has assisted in many charitable fund-raising campaigns.

In addition to his wife, Brantle is survived by his daughters: Devon, 10; Tara, 8; and Holly, 6.

A Solemn Requiem Mass was offered on Monday, July 13, at St. Ignatius Loyola R.C. Church, Hicksville. Burial took place at Long Island National Cemetery, Pine lawn.

Valuable Pet Seeks Owner

By GEORGE J. FRANKEL

Last Thursday evening, July 9, at about 10:00 P.M., a car driven by Mrs. Vera Franke of 54 Forest Drive, struck a black poodle on Birchwood Park Drive between Oakwood St. and Maytime Dr.

Mrs. Franke notified authorities who told her that the dog was well-bred, if not thoroughbred, and worth about \$100. They further informed Mrs. Franke that, if they took the dog to the pound, they could hold it only a few days before destroying it. Rather than have this happen, Mrs. Franke took the dog home, and is scaring for it while trying to locate the owner.

If any of our readers has any information regarding this dog, please call the Editor at WE 5-8655 or Mrs. Franke at OV 1-5745.

Nassau County's First

by Jimmy Cooley

CONVENTION TIME... Post 44 AMVETS of Hicksville Friday evening, June 26th, from Broadway Tavern for the State Convention at Lake Mahopac, N.Y. We arrived at 8:30 p.m. amidst an electrical storm, but that didn't faze us one bit...the only trouble we had was trying to get FRED BLACKLEY out of the trunk of the car. MIKE & MARIE PURSH, FREDDIE B. and Yours Truly made our first stop at the DEAN HOUSE. The other members weren't so lucky...FRANK HAMILTON, MIKE ELIASH, LOU MIGNONE, JIM SURLLES and JOHNNY RYAN ended up in CONNECTICUT. Wrong turn and there they were. Incidentally the above named members were admitted as members of the Mountain Climbers Assn. of Lake Ma-

BOY SCOUT ACTIVITIES

OFF TO CAMP

At 12:30 P.M. on July 12 Troop 291, sponsored by Trinity Lutheran School, Hicksville, under the leadership of Scoutmaster Harry S. Webster III, left the school parking lot, by bus, for two weeks of work and fun at Camp Wauwapek, Scoutmaster Webster will be ably assisted by Frank Messina, Jr. Asst. Scoutmaster and Lawrence Den - Field Jr., Sr. Patrol Leader. On July 19 Asst. Scoutmaster Herb Schwabe will take Scoutmaster Webster's place, for the second week of the camp tour. Watch for news of the Scout's Camp activities next week.

Don't forget to write to your boy. The address is Campsite Seminola Troop #291, Camp Wauwapek, Wading River, N.Y.

Scouts in the Patrol are:

W. Laurita, D. Boron, G. Oak, R. Zoehfeld, R. Rahn, J. Stephens, A. Laurita, W. Thumel, D. Griese, C. Hartmaier, R. Schlusessell, T. Schwabe, J. Boyd, K. Bernstein, J. Morrison, B. Ulmer, D. Barnes, R. A. Lewis, D. Susan, R. Livod, H.S. Webster IV, P.A. Wilson, L. Kerri, C. Zetwack, R. Forsberg, A. Schaub, R. Gross, A. Da Post.

CAMPFIRE MEETING

Cub Pack 375 gathered around the council fire as the Pack completed the first half of its year. Cubmaster Jim Anderson in the garb of Akela, led the boys in an impressive induction ceremony. Peter Marlon, Dennis Banzschbach, John Northfield, Paul Jendrzjewski, and William Kuller were inducted as Bobcats and will work on their achievements during the summer months.

A peanut hunt high lighted the game activities of the evening with Ted Anderson of Den #5 finding the gold peanut thereby winning the game trophy for his den. Songs around the campfire were led by Tony Raffa, Institutional Representative, who played the accordion accompaniments.

FAMILY PICNIC

Cub Scout Pack 377, Hicksville held a family picnic at Sallabury Park over the 4th of July weekend. It turned out to be a smashing success. Led by Cub Scout master Paul Garcia, there were quite a few sport activities, including ceremonies. First sport event was a softball game which was won by Frank Gennaro, Captain, Louis De Stefano, John Tully, Neal Iacono, Mckey Llom, Stephen Garcia, and Richard Meslon. Also an exciting Potato Sack Race for the boy's

hopac. Each one received a gold plated pick. Commander Surles's room was so high, he suffered nosebleeds every hour. As matter of fact on Saturday evening, it was so foggy that it wasn't for the Hotel Manager modeling every 15 minutes Jim would have lost his way. MIKE ELIASH said he slept in George Washington's bed... and I swear to it besides having papers to prove it, FRANK HAMILTON, LOU MIGNONE and JOHNNY RYAN on their first trip down to the Lake area, blacked out and had to be placed in the decompression chamber for 20 minutes. Oxygen masks were a must at the Hotel. MAL GERTZEN had the best deal...he sported bumps on his head from banging the rafters and had to share his room with two Pigeons and a Bat.

COL. JOHN BEST and State Vice Commander EMILY BEST had a lovely room with double beds, pink wall paper and running water (the pipes were broke). The incidents that must remain forever a mystery are... "Who tried shaving with toothpaste"? "Who had to go out and buy Cuff Links for the dance"? "Who saw the sign 'Night Crawlers Wanted'...and thought they meant roomers and nearly broke his hand knocking on the door"? EVENTS AT CONVENTION TIME...Introduced at the gathering was WW2 "COMMANDEO KELLY" Congressional Medal of Honor Winner, State AMVETS 4TH Vice Commander Elect was Post 44's own MRS. EMILY BEST, member of the US Coast Guard during WW2. Syvotter girl the third place winner at the Beauty Contest...and I do mean they were beautiful. AMVET BERNSTEIN a lawyer was winner as State Commander over LEVITTOWN'S HAL COOLEY who decided to run at last minute. HAL would have made it if he started early enough. As usual the Riot Squad from Yankee was there. Post 44 says "Thank you LUCILLE MARASCO of 'SKIPPERS' for being so kind and considerate to the boys from 44 and many other posts. It was Lucille who obtained us the nice rooms at HOTEL MAHOPAC. Her establishment was the neatest and nicest we have seen at Conventions. The Food was terrific and her girls that waited the tables were polite and kind. We say it to her son Ralph who also pitched in and gave us a nice hand.

MR. DARNOWSKY, Den #1, demonstrated the taking capabilities of one of the boy's pet parakeet and one of her boys discussed the advantages of a hamster as a pet. Mrs. Coffey of Den #5, led by Mr. Coffey, demonstrated close order drill marching. There intricate maneuvers would have been a credit to any army marching unit and were a model for our future parade activities.

Scoutmaster, Robert Jirsa, of Boy Scout Troop 508, inducted his son, Jeffery Jirsa into scouting. Jeff received his 3 year pin as our latest cub to enter a new phase of the scouting experience. The rope of friendship ceremony was conducted by Mr. Jirsa. The evening closed in keeping with the quarterly theme with a jungle story of a pygmy lion hunt led by Cubmaster Anderson.

The following awards were made:

Wolf: Martin Steinitz, Richard Cluxton, Michael, Bucc, Thomas Lee.

Gold Arrow: Richard Bowra.

Silver Arrow: Steven Schulte, Peter McDonough, Donald Hughes.

Lion: Corey Lee, Louis Raffa.

Webelos: Louis Raffa, Gary Bertram.

Service Pins: Donald Hughes, John Coffey, Jeffery Jirsa, Ted Wolff.

By LOU PALLADINO

Not too much this week, but when it comes to the V.F.W., it seems that something can always be said. Before we forget again, let us mention that we received a plaque from the Little League. You probably know that we have been sponsoring a team for sometime. Some of our comrades take part in this deal actively, either as coaches or umpires, and some as spectators. We also received notice that our team is doing pretty good this year, but that isn't important. What does count is the children are learning sportsmanship, or at least they should be. If this is sacrificed to win at all cost, then we are wasting our money. In this case victory comes second. We also have been notified that our team is now playing at Andrews Field. Just in case you'd like to watch. You might get a kick out of these kids, and they'll be happy to have you.

Plans are still being made for our picnic. Usually they turn out very well after a lot of hard work by the committee. If you have not been asked, and would like to give a helping hand, please don't hesitate to offer your services. If you have any idea as to how we might improve the occasion, please speak up. Remember, any organization worth its salt can accept constructive criticism. The picnic is scheduled for Sun., Aug. 16, and in the event of rain, to be postponed until the following week, Aug. 23rd.

Received a phone call recently from a fella who wanted information about our post and how to go about joining. The voice had a familiar ring, but we kept taking for a few minutes. Finally, I was sure who the voice belonged to, and let him know who he was talking to. This was a surprise to him. He either forgot or never knew my last name, and we have been friends in Hicksville for a good ten years. Imagine, anybody missing up on old 'Have gun.'

Eventually, we'll be changing the alter. There has been some talk in the Dept., and at county meetings. It still isn't official as yet. This was reported by our delegates. Guess nobody really stands pat. Everything is subject to change from time to time. Whenever a new group gets in, they have their own ideas. Reminds me of an article Mr. Carpenter, head of the School Board wrote, about nobody being perfect. He was so right. We all do our very best, and no one can ask for more.

This is all for this time.

Reports on Scout Round-Up

By SUE JACKSON

Senior Scout Roundup Correspondent

A sight to behold is that of thousands of tents setting on the hills leading up to the Rocky Mountains. Pikes Peak provides the overpowering view which can be seen by the 10,000 Girl Scouts and Girl Guides from all over the world including 16 girls from Mid-Island Council, who are divided into two patrols. The site is called the Senior Roundup '59, and the place is Colorado Springs on a 1,200 acre farm.

While here at the Roundup, we who call ourselves the LIRR patrol, have been kept very busy. Upon arrival we were greeted by many and in no time our site was set up.

Since we have been here the many planned activities have come into effect. On the opening evening, July 3, all campers and staff attended the opening campfire. And as we came away later, that night, the feeling of togetherness with our sisters here and abroad, prevailed. Thinking back on the perfect harmony of the songs that were sung, the speeches that were given and the presentation of the stars for the flag of 1960, it was one of the many memorable events. The stars for the flag were presented by the girls from Alaska and Hawaii to Mrs. Charles V. Culmer, President of the Girl Scouts of America.

Again last night, all campers and visitors alike attended the Centennial Celebration of Colorado. The program consisted of many things, including the reading of a telegram sent by the President of the United States, the attendance of the Lieutenant Governor of Colorado and outstanding Koshare Indian dances done by the Boy Scouts of America. Last but not least was the demonstration put on by the Westernaires, a group of young people, who have outstanding ability in horsemanship. During the day many activities are

Trojans Make Another Record

St. Ignatius CYO Bantam "A" Trojans copped another one for the record books on Saturday. A real fine game was played by Our Lady of Loretto Seals from Hempstead but St. Ignatius packed too much strength. A fine pitching performance by Dennis Gallagher of St. Ignatius was the deciding factor. Denny struck out nine, walked two and allowed two hits. Giacomo was the pitcher of record for the losers.

St. Ignatius scored four runs on 7 hits and made no errors. The losers, Our Lady of Loretto did not score, made two hits and one error. There was no long ball hitting in this game, singles, walks and steals figured in the scoring for St. Ignatius. Overall, both teams played a fine brand of baseball.

The CYO would like to express our appreciation to the Queens Alliance Unipres Association for fine job they do at all the ball games.

The parents and friends of the boys are asked to come out and root for all especially as the CYO goes into the final and important games.

DEFEAT ELMONT

St. Ignatius "A" Trojans played St. Boniface on July 4th at Elmont. St. Boniface was undefeated up to this game. St. Ignatius provided most of the fireworks to win 7 to 6. Jackie Woodworth hurled for the victorious St. Ignatius team. Dennis Gallagher came in to pitch in the fifth inning while Woodworth moved over to first base. The fireballing Woodworth came back to pitch the 6th and 7th innings. Jackie was in trouble a couple of times in the 6th and 7th innings but fine fielding and two beautiful throws from centerfield by Joe Carrera saved at least two runs. One was a put out at third and the other at home plate. With the score 7 to 5 in favor of St. Ignatius Woodworth in the bottom of the seventh walked the first man, struck out the next two and then proceeded to get in deeper by a walk and a hit which scored St. Boniface's sixth run. He then filled the bags again and with Massa of St. Boniface at bat, Woodworth threw three straight strikes to wind up the game. St. Ignatius played heads up baseball and were delighted with their victory over St. Boniface. Managers, L. Trubinski, C. Schneider, E. Delano and J. Woodworth may rightly be proud. In their team, St. Boniface is still in first place by one game with St. Ignatius second.

On Aug. 1st, these two teams will meet at Hicksville Jr. High School Field at 2 P.M. and St. Ignatius will be out to repeat and throw the league into a playoff.

PBC At Steeplechase

ABOUT 34 MEMBERS of the Hicksville Drum and Bugle Corps, set out Thursday, July 2, for a trip on a Hudson River Day Line to Bear Mt. They went to Manhattan in their PBC bus that had been purchased at a nominal fee minus motor and then had been overhauled by members of the Auto Repair Course and the Hicksville High School Auto course supplying the labor, while the PBC supplied the needed parts, but being a bus it was not allowed on the Parkways and they arrived at the pier just in time to wave bon voyage. Undaunted they set out for Coney Island where they spent a gay few hours at Steeplechase. Following that they set out in the bus again for Tobay beach, where they spent the rest of the day.

Panel Discussion on Town Gov't

LÉLAND BADLER as moderator at the July meeting of Hicksville Republican Club which featured a discussion on town government, greets Supervisor John J. Burns. Other participants in the panel included (seated, left to right) Councilman Henry J. McInnes, Tax Receiver David Welsh and Deputy Town Attorney Edward J. Poulos who is scheduled to be named a councilman and member of the Town Board, later this month, to fill the vacancy caused by the elevation of Benjamin Zipper to District Court Judge. Summer Recreation Takes to Road

The Hicksville School District Summer Recreation Program, along with its regular activities, has taken to the road this summer.

Hundreds of boys and girls have traveled under supervision to such places as Rockefeller Center and Bridgeport, Conn. The response to the trip program has been so enthusiastic that more elaborate plans will be made on a year round basis, according to Joseph F. Madden, recreation director. The highlights of this week and next week will be a trip to the circus as guests of the Mid Island Plaza and Hicksville Recreation Day at the Syosset Theater which is featuring Cinerama.

The circus trip has been organized at each playground. The youngsters will travel by bus and will be supervised at the site during regular playground hours. This outing will take place this Friday, July 17th.

Next Wednesday, July 22, will be Hicksville Recreation at Cinerama. Special arrangements have been made for a 10 A.M. performance at the Theatre. Some supervision will remain at the playgrounds. The remainder of the staff will accompany the youngsters. Tickets are on sale at all playgrounds including the High School. Buses will leave from each of the neighborhood schools. They are expected to return at about 1 P.M.
