## As Predicted In April: Hicksville School Tax Rate Declines 6 Cents

Good news for Hicksville taxpayers, predicted earlier this year, will become a fact tomorrow (Friday) night when the School Board officially sets the district tax rate for 1959-60. At a time when many neighboring Long Island districts are confronted with zooming tax bills, the Hicksville rate is expected to decline.

The School Tax will drop more than six cents per \$100 for next year. However, the Library Tax shows a three cent gain to make the net change for 1959-60 3.3 cents less than the present rate.

The present and proposed rates are as follows:

Schools	58-59	59-60
Library	4.822	4.756
TOTAL RATE	4.954	4.921

Per \$100 of assessed valuation.  
 A formal resolution must be adopted by the School Board, based

upon the official assessment of the district, at its meeting tomorrow (Fri.) night.

The Nassau County Dept. of Assessment announces that the total Hicksville School District valuation for 1959-60 amounts of \$86,656,600 as compared with the 1958-59 valuation of \$82,298,778.

The Hicksville School District now represents the largest valuation area in the Town of Oyster Bay followed by Massapequa with \$85,162,904.

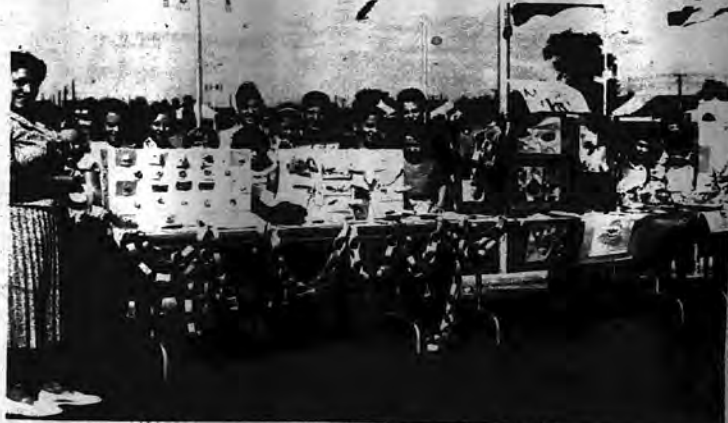

## Take Top Honors At Plainview

Hicksville Fire Dept won top honors for appearance in the Ninth Fire Battalion Parade at Plainview Saturday night. While the men of the department with their equipment, led by Chief Charles Sauer, took first in their category, the Ladies Auxiliary also won first award. It was a wet evening for marching.

And to make the collection of honors complete, the North Bellmore Legion Cadets who have been engaged to lead Hicksville Firemen in parades this year also took first.

On Sunday afternoon, nearly 500 spectators saw Hicksville win a truck full of trophies; Second in individual ladder with a tie between Jack Cisler and Roy Schaff; second in three-man ladder, second in running ladder; second in running house, first in efficiency, first in two and one hose, 4th in efficiency replacement and third in bucket.

The Ladies Auxiliary also won first place in a parade of volunteer firemen at East Rockaway. The same competition saw Jack Cisler take third in individual ladder out of 44 teams participating.

ARTS AND CRAFTS prepared by Hicksville Playground participants during the summer were exhibited by Burns Ave. (at left) and Dutch Lane as well as all other Hicksville schools during the Playground

Round Up at Mid Island Plaza, Friday. Other pictures by Frank Mallett of the Round Up on page eight in this issue.

Arthur Murphy was engaged at a fee of \$1000 to develop the plan. The Advisory Committee recom-

THIS HICKSVILLE COWPOKE ISN'T a voter yet, but Eugene H. Nickerson (right), Democratic candidate for Nassau County Surrogate, lays plans for the future as he greets 3-year-old Rickey Coppola at Mid-Island

Shopping Center in Hicksville. Rickey's 2-year-old sister, Anita, and his father, Americo Coppola, 32 Albert St., Hicksville, look on. The Roslyn attorney made handshaking tour of the center on Saturday.

### Water Board Asks Cooperation

At its regular meeting held on July 30, the Hicksville Board of Water Commissioners resolved to ask the District's water consumers thru the Herald to help them meet a problem that has become more pronounced in recent months.

In many areas fire hydrants have been used by other agencies and private individuals for various purposes, and many of these hydrants have not been properly closed when their use is complete. The temptation for children to fill the hydrants

with stones and other debris represents a hazard to the community since such debris can seriously interfere with firemen's work at times of fires by clogging hoses and possibly damaging fire pumps.

Therefore, the Board of Water Commissioners, through its chairman, Harry Borley, respectfully requests all persons residing in the Hicksville Water District to assist the District in avoiding these dangers mentioned by calling the District office, WElls 1-0184, when they see a cap missing.

### Three Fire Calls During Week

The Hicksville Fire Dept. had a restful week when they were called out on only three alarms. The first two occurred on the same day, Aug. 7 and were both oil burner fires. The first was at the home of R. Corvais, 44 Picture Ln., and the second was at the John Catalano residence, 56 Kingston Ave. The third alarm occurred on Aug. 8, from Fifth Ave. and Sixth St. and turned out to be false.

# It's Your Problem, Too!

By Allen S. Carpenter

President, Hicksville Board of Education

(Opinions expressed here are those of the writer and do not necessarily reflect those of any other school board member.)

Economics will remain one of the necessary legs upon which the happiness and progress of a community depends. As long as we spend, as individuals less than our income (health and other considerations being equal,) we have a fairly good chance of leading a happy, well adjusted, and comfortable life. If we spend more than we take in, our chance for a happy life is diminished to the point of impossibility. So it is also with a community. School District's major new property tax income is based upon State aid. The students who may be counted for the "average daily attendance" for State aid, are only those students who are in school. "Absentees", like in business, reduce the "firm's" net income. Expenses and overhead continue, income diminishes. Perhaps at one time ("back when" the education aid law was passed) the amount of State ADA (average daily attendance) money offset the major cost of local public school education. With our school budget just below 8 million dollars, state ADA dollars represent considerably less than (1/2) one half of the educational costs.

We anticipate on the basis of past attendance averages:

	Senior	Junior	Burns	Dutch	East	Fork
1955-56	92.9	92.8	91.4	90.8	90.5	89.5
1956-57	92.3	92.8	91.7	91.2	91.3	91.9
1958-59	90.6	91.3	89.1	89.9	89.7	89.2

	Lee	Nichols	O. Country	Woodland	Total
1955-56	90.6	90.7	90.2	90.2	91.2
1956-57	92.2	93.0	92.3	92.2	92.2
1958-59	89.0	89.1	91.3	88.8	89.7

Approximately 3 million dollars in state education ADA dollars, during the next school year. This leaves us with almost 5 million dollars to raise from real estate taxes.

Fortunately this amount will be reduced by approximately \$400,000 by economics of the past few years. A surplus built up by business economies and other savings over budgeted educational costs.

Another \$300,000 we anticipate receiving from adult education fees, summer school fees, offsetting cafeteria charges for school lunches, and other state federal and private grants.

This still leaves approximately \$4,300,000 to be raised locally by the "school tax" on real estate. For the tax effect see the following:

Amount to be raised by real estate taxes	Last Year	Next Year
District's Assessed valuation	\$ 4,067,364.11	4,304,450.16
Estimated tax rate (per \$100 of assessed valuation --)	82,095,603.00	86,656,600.00
for public schools	4.822	4.756
for library	0.132	0.165
Total "School Tax"	4.954	4.921

Your school board and our administrative staff are expending every effort to effect economy, while still improving our basic educational plant. Many educational and business improvements have been realized during the past three years. Our efforts at educational improvement, speak for themselves. Our success on the "economy front" is evidenced by the fact that last year with 12,000 students, the District was operated on \$4,067,364 tax dollars (\$338.95 per student). Our 1959-60 budget calls for 4,304,450 tax dollars with 13,000 students. (\$331.11 per student.)

## HERALD READER OPINION

To the Editor:

The Hicksville National Little League has just come to the conclusion of another playing season and I want to take this opportunity to express my thanks and appreciation. It was a very successful season in that we played around 800 boys, all completely uniformed, and all of them appearing in every game they attend.

Hicksville's three leagues have established a precedent in minimum playing rules so that no boy sits on the bench throughout a ball game. Every boy plays a certain minimum number of innings in every game. This in itself should shut up a lot of the Little League critics who feel that the boys get no opportunities to play ball. In expressing my thanks I want to include the coverage you have given our league these many years; and I want to thank you for the assistance you gave me personally in cementing better relationship between parent and the league; and the league and its sponsors.

I want to thank the parents for their fine support; the Team Mothers for their work; and to the entire Womens Auxiliary for their fine work, this and every year. It was through the efforts of these women that we were able to raise money to completely uniform and equip the

400 boys who participated in the Farm Program. We are thankful to our umpires who had to be available throughout the season and for being efficient enough to keep "rhubarbs" to a minimum.

We have 42 managers throughout the National League; that is from Majors through Minors and Farms. These men gather a minimum of 2 coaches each team work with the boys throughout the season. In order to run a league as large as ours we have elected a ten man executive board who have worked not only during the three month playing season, but for seven, eight months prior to opening day; and they are not finished yet, but for their untiring work the League is most grateful.

Lately our deepest thanks and gratitude goes to our 24 sponsors many of whom have supported Little League since its inception in Hicksville. Without their contributions and support the program could not have been; and certainly could never have grown. Hicksville should be proud of herself for having the type of people here that have worked so hard toward developing this fine program for the boys of our community.

### Artificial Respiration Technique For Infants and Small Children

- 1 Clear the mouth of any foreign matter with the middle finger of one hand. With the same finger press the tongue forward.
- 2 Now place the child in a face-down, head-down position and pat him firmly on the back with the free hand. This should help dislodge any foreign object in the air passage.
- 3 Place the child on his back and use the middle fingers of both hands to lift the lower jaw from beneath and behind so that it "juts out".
- 4 Hold the jaw in the position described in Step 3, using one hand only.
- 5 Place your mouth over the child's mouth and nose, making a relatively airtight seal, and breathe into the child with a smooth steady stream until you observe the chest rise. As you start this action, press the free hand to the child's abdomen, between the navel and the ribs, and apply continuous moderate pressure to prevent the stomach from becoming filled with air.

When the lungs have been inflated, remove your lips from the child's mouth and nose and allow the lungs to empty. Repeat this cycle blowing one hand beneath the jaw and the other hand pressing on the stomach at all times. Continue at a rate of about 20 cycles per minute. After every time the operator should rest long enough to take one deep breath. If at any time you feel resistance to your breathing into the child and the chest does not rise, repeat Step 2, then quickly resume mouth-to-mouth breathing.

## Government Can't Legislate Prosperity

King of Babylon, 539 B.C., observed in black stone (unearthed in 1852)

It is easy enough to pass laws. A good many people today seem to feel that no matter what is wrong, the federal government can fix it by spending more money or passing more laws. But if laws could accomplish economic miracles, the world long ago would have done away with poverty and money worries of any kind, along with any need for hard work and thrift.

America is not the first place, nor the 20th century the first time, in which men have demanded that the government pass laws to guarantee full employment, to increase wages, to keep prices stable, to share the wealth and, in general, to solve

everybody's economic troubles.

From earliest times, governments have been trying to legislate prosperity. But they failed because of the obvious (though often ignored) fact that government has nothing except what it takes from other communities. What it gives to your neighbor, it must take from you.

When government confines itself to essential programs, tax obstacles to economic growth can be removed. Given the chance to save and incentives to work, Americans will do the rest. This would be the best way to "stimulate the economy."

The Levittown-Hicksville Lodge #931 of the Elks is conducting a Fifth Anniversary Celebration Building Fund Drive with the award of a 16-Foot Penn Yan Delux Niagara Boat with Holsclaw Trailer-Winch and transom support—18 H.P. Evinrude With Cosmocon fully equipped including a Navy Top. The drawing will take place on Sunday, Sept. 27 at 4 p. m. in the St. Ignatius Cafeteria at East Nicholas St. Hicksville.

Last call to all local business and professional people...you'd better advise the Fire Dept. committee in time if you wish to donate a trophy or run an ad in the Souvenir Journal for this year's Labor Day Fire Tourney. Each year there are many disappointed prospective donors who waited too long.

There'll be a Go-Cart meet every Sunday afternoon on the Mid-Island Plaza parking lot. Go-Carts, in case you don't know are tubular frames on wheels, powered by lawn-mower engines, and create a mighty interesting sport both for participants and spectators alike.

Hicksville Kiwanis has scheduled their annual Charter Night Dinner-Dance for Oct. 24 at Milleridge Inn. Tickets will be available shortly, and if you desire to place a journal ad, call me at WE 5-9700, or write Frank Chlumsky, 29 Ernest Ave., Hicksville.

Local Boy Scouts are all agog over next year's Golden Anniversary Jubilee Celebration. National highlights will include kickoffs this coming fall, with unusual Boy Scout Week (Feb. 7-13) and Boy Scout Fiftieth Anniversary (Feb. 8) Celebrations, a huge 50,000 Jubilee-Jamboree in Colorado in July, 1960, and a Get Out The Vote effort in the fall of 1960. Additional New York City highlights will include a membership Jubilee Roundup this fall, a Jubilee Program Kick-off on November 8, Eagle Scout Recognition celebrations February 8 and a 5,000 Camp-O-Rec on Randall's Island at the same time as the Jubilee-Jamboree.

Moe Schneider, wonderful guy that he is, is celebrating...and with good cause! The ex-merchandise manager of Gertz-Hicksville has just been appointed manager of the Gertz-Flushing store. Stan Ulick, operations manager of the Hicksville store, will also take on the position of personnel manager while Al Weinroth, secretary, will take over 'til now, will take over Schneider's job as Hard Lines Merchandise Manager.

One of the newest club's in this area is the Long Island Chapter of the Young President's Organization, and it's kinda exclusive. Although limited to heads of firms grossing \$1,000,000 a year who became president before reaching forty years of age, there are 25 charter members. Head of the club is 35-year old Elston H. Swanson, chief of Instruments for Industry Inc., secretary is Robert L. Rod of Acoustica Associates and the treasurer is Phillip Koff of Coffee Vending Service.

Kiwanis had Dr. Henry Orr as its guest speaker Wednesday ORR, who spoke on Chiropractic, is a Past President of the Chiropractic Assoc. of New York and has been secretary of the New Hyde Park Kiwanis Club for the past two years. On Aug. 19, the guest speaker will be Albert H. Jacobs, representing Edwards & Hanley, members of the New York Stock Exchange. Jacobs will present the film, "richest Man In Babylon."

Arthur Mangan, manager of the LI National Bank, Mid-Island Plaza branch, is now holding down the fort as the bank's Plainview branch. New manager at the Plaza branch is Dan De Baum.

And speaking of banks reminds me of the story told about the lazy afternoon when a trio of bank robbers hit a bank in a remote mid-western town recently. They had herded all the bank's personnel into the vault except the teller whom they gagged after forcing him to fill up all their canvas bags with the money in his cage.

They were ready to make a clean getaway when they noticed him squirming and gesturing with his head, evidently trying to say something to them.

Real sportsmen, they loosened the gag to hear the teller: "Give a guy a break fellows," he pleaded. "Take those books along with you. I'm almost \$3,000 short."

## Spinal Exams For Students

Students from kindergarten through high school will be given spinal examinations from Sept. 14 through Sept. 25 in Nassau County as part of a nationwide health improvement program.

There will be no charge for the examinations but parents are asked to write to the Chiropractic Assoc. of Nassau County, Post Office Box 382, at Garden City, for an appointment in advance.

The spinal check-up program will be conducted by chiropractors throughout the country.

Purpose of the checkup will be the detection of spinal misalign-

ments and posture defects which may cause trouble in later life by interfering with the transmission of nerve impulses through the spinal cord.

## Temple Plans Strawberry Fete

Robert Apert, Membership Committee Chairman of the Suburban Park Jewish Center, 400 Old Westbury Road, East Meadow, announces that the Temple will sponsor a "Strawberry Festival" on Sunday, Aug. 23. The Festival will be held on the Temple grounds at 8 P.M. Ira Rines, Vice President, will be Master of Ceremonies for the evening. Rabbi Morris Schnall, newly appointed to the Temple, will address the congregation and visiting guests for the first time since his appointment. Mr. Harry Dockswell, President, will also speak.

Apert wishes to extend an open invitation to all residents of Hicksville, Levittown, Westbury, East Meadow and neighboring areas.

## Giving Away Vacation Home

A completely furnished three-bedroom Vacation Home will be opened for public inspection this Saturday, Aug. 15, at Mid-Island Shopping Plaza, and given away on Sept. 26.

The house, designed by Techbuilt, Inc., of Cambridge, Mass., and built by Bush Prefabricated Structures, Inc. of Huntington Station, has been erected to raise money for establishment of the first Mental Health Rehabilitation Center in Nassau County. There will be no charge to inspect the house, although volunteer contributions will be accepted, according to Mrs. John J. Traynor, President of the Assoc.

The house will remain on display through Sept. 26, and will be open daily, except Sundays, from noon to 6 p.m., and until 9 p.m. Monday, Thursday and Friday evenings. It will be staffed by volunteer workers of the Mental Health Assoc. under the supervision of Mrs. Raymond Driscoll, Uniondale, chairman of the program. At 5 p.m. Sept. 26, the house will be given away, complete with all furnishings and \$1,000 in cash which may be used towards the purchase of a lot or for any other purpose desired by the winner.

## Modern Traffic Load Demands New Highways

The role of the Town Highway Dept during the past several years has changed from one concerned principally with maintenance to one involved in new road construction, including widening to handle the increasing volume of traffic, and re-construction, it was explained recently by Thomas R. Pynchon, Town of Oyster Bay Highway Superintendent.

Speaking before the Hicksville Chamber of Commerce, Pynchon said that roads which had in years gone by been built over former farm lands "are a real headache for us". Town streets built in recent years by home developers in accordance with County Planning Commission specifications are more substantial since they are black top upon stone foundations.

The "heritage of old time roads" built over many, many years by the application of successive layers of oil and sand are now being rehabilitated. Using his own forces, Pynchon's highwaymen first seek to stabilize the soil by pulverizing the present material, combining it with an asphaltic mix on the site with his own equipment which results in a solid base running six to eight inches in depth. The area is then resurfaced.

In the past couple of years the Highway Dept of Oyster Bay which has jurisdiction over 700 miles of streets and roads, has been installing permanent Class A highways on selected thru routes based upon traffic studies. The Town Board has agreed to sell bonds to finance a ten year program estimated to cost about two million dollars. These Class A roads, such as Bethpage Rd and Bay Ave in Hicksville, Pynchon told the Chamber, are expensive to construct. The Town has found it advisable to take competitive bids upon this type of construction.

"Every highway project is subject to sub-surface drainage before road construction or reconstruction is

begun", Pynchon said. "This is handled by the Town Board and the Town Engineer. The Class A projects are further passed upon by the County Dept of Public Works and to withstand the heavy flow of traffic, which increases each passing month, it consists of a concrete or stone foundation with two layers of asphalt."

Other services of the Town Highway Dept include sweeping of streets, de-icing and snow plowing in winter and tree service. A tree replacement program is a new service of the highway department which has a personnel of 216 and about 100 pieces of mechanized equipment.

### Double Celebration Held

Two happy events warranted the holding of a party in celebration on Sunday, Aug. 9. The events were that of the 50th wedding anniversary of Mr. and Mrs. Anthony Majeska of Lynbrook—even though it was a year late because of Mr. Majeska's illness last year—and that of the christening of their granddaughter, Mary Ellen Majeska. After the baby's christening at Our Lady of Mercy, Hicksville, the family returned to the home of Richard Majeska, of 61 Princess St., Hicksville, where the festivities took place.

## BOY SCOUT ACTIVITIES

### PICNIC-BEACH PARTY

Assistant Scoutmasters, Herb Schwabe and Bob Gross, deserve a big vote of THANKS for their hard work in bringing the Scouts of Troop 291, Hicksville through their second week at Camp Wauwapeex, Wading River. In spite of the inclement weather, they had a swell time and did a good job. Advanced Second Class Scouts were Lawrence Denfield, Jr. and Alan Schaub; to Second Class Scouts, Dennis Barnes, David Greise, Richard Schluessel, John Stephens, David Susan and Paul Wilson. Merit Badges were earned by R. Allyn Lewis for Archery and David Susan for swimming.

On visiting Saturday July 18, our Troop was well represented in that portion of the pageant where the various flags, depicting the growth of our United States were shown and described. These thirteen boys who did not know what they had volunteered for, wound up on the stage as assistants in displaying the various banners which, of course, made them very proud. They were D. Barnes, J. Boyd, L. Denfield, A. Dupont, R. Forburg, C. Hartmaier, A. Laurita, J. Morrison, R. Schluessel, W. Thumel, P. Wilson, C. Zetzkoff and R. Zoefeld.

Our next meeting will be on Saturday Aug. 22, when the Scouts and their families will have a Picnic and Beach Party at Center Island Beach. The time - from 12 noon. SEE YOU THEN!

### HOME FROM CAMP

Boy Scout Troop #421 has returned from two weeks at Camp Wauwapeex, leaving behind all the beautiful sunshine they couldn't use during almost two weeks of rain. The rain prevented the Scouts from taking advantage of the outdoor

activities as much as they would have liked to. The rain confined the boys to the campsites where it was also raining, and darn if it wasn't raining in there too.

In between rain drops the scouts did as much as the weather allowed. The boys did get in a lot of swimming, some fishing and did a lot of requirement studying.

Troop #421 had 21 scouts and with the help of Malcolm Gertzen they managed to pass between them a total of 141 requirements. Kenneth Gertzen made 1st Class in Camp, and Arthur Iamele and Raymond Kenny passed the Swimming Merit Badge Course.

Next on the agenda is some overnight hikes Scouts will be notified by mail.

### Election Film At Legion Hall

A film "You Can Win Elections" will be featured at the next meeting of the Hicksville Democratic Club next Wednesday evening, Aug. 19 at 8:30 p.m., in the American Legion Hall, Hicksville. Bob Ellner, President of Bellmore Democratic Club, will address the meeting and lead a discussion of the film.

Specially honored guests at the meeting will be the sponsors of the Hicksville Democrats, now leading team in the Connie Mack Baseball League. The team which has won eight games and lost two, has been sparked to victory by the outstanding pitching of Henry Ristow and Bob Cerene.

Mr. and Mrs. John Swidzinski, are the proud parents of a daughter, Deborah Jean, born to them on August 3 at Freeport Hospital.

# The Villager

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

## Letter to Editor

**The Vill**  
In order to dispel the various versions and distortions with respect to my statement made before the Town Board, Town of Oyster Bay on August 9, 1959 at the Gas Station Hearing, I wish to make the following statements:

1) Temple Or Elohim, the Reform Congregation of Jericho, is in its third year of existence. As a new congregation it has been impossible for us this far to obtain a parcel of land necessary for the building of a Temple structure both with in the modest means at our command, and located within a reasonable distance from the residences of our members.

2) Our Temple serves all of Jericho, parts of Hicksville, Brookville and other surrounding communities, including the residents of the Village of Birchwood Park at Jericho.

3) I stated at no time to the Town Board that Temple Or Elohim favored the Gas Station at Merry Lane and Jericho Turnpike. My statement was one to the effect that as a Temple we would not object to anything "NEXT DOOR" to us. The members, officers and trustees of Temple Or Elohim of Jericho fully sympathize with the efforts of the Birchwood Park Civic Assn. Inc. in their attempt to get the Town Board of the Town of Oyster Bay to deny to the Jericho Garage a permit which, if granted, would add to existing traffic hazards within the community of the Village of Birchwood park at Jericho.

4) Immediately prior to the August 4th Town Board Hearing the Housing Committee of Temple Or Elohim was offered a parcel of land which, in effect could serve as a buffer zone between the proposed Gas Station at Merry Lane and Jericho Turnpike and the Community of the Village of Birchwood

Park at Jericho. This offer also carried with it a promise of parking facilities to me made available in Temple Or Elohim adjoining said property.

5) The Housing Committee of Temple Or Elohim concluded an agreement the morning of August 4th, 1959 to purchase said parcel of land subject to the approval by the members of the congregation of Temple Or Elohim. It was not possible to conclude said agreement at an earlier date due to a tragic traffic accident which had occurred in the family of the seller necessitating his absence.

6) If Temple Or Elohim ultimately erects a Temple at said parcel of land we will, of course, do our utmost to protect the Health & Safety of the members of the adjoining community, the Village of Birchwood Park at Jericho. We promise the Birchwood at Jericho Civic Association any and all possible cooperation towards that end.

OTTO BAKIK, President  
Temple Or Elohim  
Reform Congregation  
of Jericho, L.I.

## Postpone Party For Charles Heeg

The Saturday, Aug. 22nd Garden Party in honor of Charles A. Heeg for Town Councilman, Democratic Candidate for Town Councilman, Town of Oyster Bay, has been postponed to Saturday night Sept. 19.

In view of the great demand for tickets for this affair, originally planned to take place in Mr. Heeg's backyard, the Committee is pleased to announce that the Jericho Country Club has graciously offered to contribute its beautiful clubhouse, thus assuring all those attending of a wonderful evening of dancing, entertainment and refreshments amidst the comfortable and spacious setting of the Jericho Country Club.

## President's Corner

By RALPH DIAMOND

The decision on the Merry Lane gasoline application is still pending. Regardless of what decision may eventually be rendered, our community should take pride in its united effort in opposing the gas station. The day of the hearing was indeed an inspiring night. Residents from all corners of Birchwood lined up in the motorcade drive to the Town Hall. Men, women and children of our community proudly carried placards expressing our views. The dignified demonstration of our residents during the hearing indicated to the Town that our community is comprised of serious persons fully aware of their civil responsibilities.

Special credit must go to those individuals whose tireless efforts played such an important part in leading our gas station fight. Dr. Martin Lawrence headed our civil association gas station committee and was the man responsible for coordinating the various parts necessary to make a successful fight. In addition to heading our committee, Dr. Lawrence also assisted in the oral presentation at the hearing. Lawrence C. Gibbs spent many hours in preparation for his excellent presentation before the Town Board. His arguments clearly indicated that our community had forceful and valid legal objections to the granting of a gasoline permit.

Special praise must be given to Morton Toffler for his excellent organizing efforts. Furthermore, the community will be ever grateful to Danny Sirova, Ralph Kass and Sam Fisher for the printing and distribution of circulars, placards and posters. This material was contributed free by these gentlemen. If the Civic Association had to pay for this literature, it would have cost us approximately \$500.00. Indeed this was a magnificent gesture of civic responsibility exhibited by these three gentlemen. Thanks go to our First President, Irving Brand, for his surveys and maps so vitally needed for our presentation. Residents like Dr. Walter Sagerman, Julie Wiener, Joe Farino, Ed Bladykus, Stan Rader, Benson Magoon, Mac Silverstein, Irwin Baume and Joe Schwarz gave up many many hours to assist our efforts. Bob Bost and his capable block captains are also deserving of a round of applause from our community. Last but not least, an expression of gratitude to Mr. John J. Burns, Town Supervisor and the members of the Town Board for granting us the fullest opportunity to present our case.

It is clear from the above that many people took an active part in presenting our position to the Town Board. Neighbor helped neighbor regardless of where he lived in our community. This was truly a united and civic effort in which all of our residents should take great pride. Frankly this has been one of the proudest moments in my civic association life. Thanks again to you, the community, for a job well done and I repeat we have been successful regardless of the decision that may be rendered.

**what are your ideas on auto insurance?**

We, at Nationwide, have a guiding idea — the idea that people working together can accomplish anything.

Where automobile insurance is concerned, that idea becomes this — you and we, working together, can actually lower auto insurance rates — at the same time maintain, and even increase, the protection that insurance affords. We believe it's a good idea. More than 2,000,000 drivers agree!

The Nationwide idea can help you to worry-free driving, financial protection, and dollar savings. Find out how. Call

By LOU PALLADINO

Must be quite a few people on vacation at this time. From the looks of the attendance of our meeting past, some of the vacationers were our own members. Not that there were so few, but the attending group was less than usual. Vacations are great to have, but it's always nice to get back home and to the old routine, so you can look forward to the following year.

Cards have been sent out to the membership for the picnic. If by some oversight you haven't received one and are interested, don't hesitate to call WE 1-9812. If there is any question in mind concerning the picnic, do likewise. We are getting the responses already. Though some of them aren't coming, we were very happy to hear from you. We aren't concerned with your excuse, just knowing that we received an answer to show some sign of interest in our pleasure. All cards weren't sent out at once, so some may have gotten it later, but by this time, all of you should have them. Thank you for your response.

Concerning the post Korean vet. This was discussed at the last meeting. George Walden reported that a benefit of this type was passed by the lower house only so far. There seems to be a little opposition in the upper house. This is for the vets education. This should interest lots of people, so we'll try to dig a little deeper on this one. Jim Jordan brought a catalogue on a ditto machine, and it appealed to the fellows. The one that Spike is ready for the junk heap. This is one time he was pleased to spend a little money, because we voted to get a new one. He liked what he saw. Now it remains to be seen if he likes it when he receives it.

Our 25th anniversary dinner will be held in Feb., but we are already talking about it. Because it's our silver anniversary, we would like to have something special. Our Commander, Bob Cherny, feels we should try to do just a little better for this one. Sure hope it turns out as we like. The journal committee is headed by Les Ichle, assisted by Ed Shannon, Lou Klien, Bill Moran, Art Fuelling, John Byrnes, and George Krmer. Yours truly is head of the dinner committee with Jim Rock and Spike.

We discussed the passing of Ernest Francke. To honor this man, who was so instrumental in the growth of Hicksville, we made our appearance at comrade Vern Wagner's officially, as friends, not ceremoniously as a post. We were pleased to see the Hicksville American Legion pay homage to this man. According to rules of the V.F.W. we weren't permitted. This is not a fact, only an opinion. So, don't hang me on it.

The T.S. slip for this week goes to Lou Dertoff, Bellevue Lou is employed at Carlson and Reed. You had you weren't there to collect the loot, boy. And so another two dollars are added to the kitty. Hope somebody wins it soon.

The post drawing was won by that smiling Irishman, Jack Mulligan. Claims it's his first time. How many times does he want to win anyway?

**When your eye wanders off the road, your car can follow it!**

Remember when horses wore blinders to keep them from being distracted? Maybe drivers ought to wear them—to keep their eyes and minds fixed on the road ahead. Maybe this would keep them from killing themselves or others because of simple inattention! Last year, nearly 37,000 died in traffic accidents. Many just drove off the road or into trees—because they weren't looking! So when you drive, look alive—and stay alive!

Where traffic laws are strictly enforced, deaths go DOWN!

## Aces Top Kings In Play-Off, 11-0

by Henry Uffmann, Jr.

The Aces from Jerusalem Ave. of the Hicksville Police Boys Club Junior Division romped over the Kings from Woodland Ave., by the score of 11-0. The game was played on Aug. 6, at Jerusalem Ave.

This game was the first play-off game to decide the county championship. The Aces by winning the game became community champs of Hicksville.

The Aces biggest score came in the first inning when Dave Hoosack walked, Junior DeRiso doubled him home, and Vinnie Hoosack walked. With two on, John Ciarelli doubled them both home with the second and third runs. Jimmy Birch pitching for the Aces then singled Ciarelli in to score. The score now 4-0. The Aces got seven more runs in the six inning game.

Both pitchers had good control. Especially, Jimmy Birch who pitched no-hit ball.

### FLYERS WIN

The Flyers of the Intermediate Division won the Division Championship on Aug. 6, by the score of 5-1. They played the Aces in a play-off game for the league title. The batteries were Rezzut and O'Neil for the Flyers, with Patwell, Hydell pitching and Schmidt catching for the Aces.

The Flyers pitcher, Bob Rezzut, gave up only two hits in the five inning battle to decide the championship. Patwell and Hydell were hit by the Flyer sluggers for six hits.

## Rod Dusters Hold 2nd Meet

The Rod Dusters of Hicksville, which is an organization comprised of teenagers interested in promoting safety on the road, held their second liability run on Sunday, Aug. 9.

A liability run is a safety test for drivers given over a specified course according to the speed limits and all traffic regulations. The run went through Hicksville, Brookville, Old Brookville, Bayville, and Oyster Bay. There were 40 entries and five awards given away. Present at the meet were Dr. Gallaway, principal of Hicksville Senior High; the Poppotes, the Rapid Tabbits, and the Sto Pokes of Rockville Center.

Awards were given to the following people: First place, Walter Lengel, who is president of the Sto Pokes; second place, James Farrell of 10 Second place, James Farrell of 10 Ronald Ave.; and, Third place, Eddie Monette of 30 Smith St. Both of the latter boys are residents of Hicksville. James and Eddie are members of the Poppotes, which won an award for having the most members present in the run. Don Kerbs won the award for the best looking car, a '50 Mercury. It was chosen for its neatness, cleanliness, and the rework done on it.

The Rod Dusters wish to thank all those people concerned with the meet; Dr. Gallaway, the School Recreation Dept., Mr. Strodkhoff, and those who helped with the advertising of the meet.
