

Last Chance To Register This Saturday

HICKSVILLE—With only 208 registered and qualified to vote next month for school trustees and upon the district budget, friends of school candidates today prepared to put on a big push for registrations this Saturday. The final day for registration is Saturday, Apr. 22, at Nicholai St. School, between 4 and 9 p. m.

The initial registration was considered disappointingly low by supporters of the three candidates since it represents a little more than a 10th of the number of voters believed eligible.

All persons who wish to vote upon the budget on May 2 and for school trustees on May 3 at the

high school must be registered. All previous registrations have expired, the Board of Registration and Canvass warns, since a new electoral year has begun. Those registering now will be eligible to vote upon all special propositions which may be offered during the next 12 months. Those who registered to vote on the school bus question or more recent library proposition must also register again.

There are three candidates for two vacancies on the school board here: Robert Corcoran, Harry Ermenwein and George McIntosh, and no other candidates appear likely unless a write-in vote is

attempted. Voting for trustees takes place between 4 and 9 p. m. on Wednesday, May 2, in the high school auditorium.

Election of a library trustee for a five-year term takes place on Tuesday night, May 2, at the annual school meeting. Joseph Heim is an unopposed candidate for re-election.

The school and library budgets for 1950-51 will be voted upon at the high school on May 2 also.

This year is expected to see the first local use of voting machines in a school election.

Qualifications for voters are again published in this issue of the Herald on page 11.

Candidates For Board Start Push

HICKSVILLE—The school board election moved into high gear this week as the candidates made public bids for support at the polls on May 2.

George McIntosh of 129 Bay Ave., who filed his designating petition last Wednesday night, issued a statement on his candidacy. A 16-member committee, headed by Lawrence A. Boman, made a request for the support and election of Harry Ermenwein of 265 Jerusalem Ave.

Robert Corcoran of 74 Twinlawn Ave., first to file a petition, is the third candidate. There are two three-year vacancies on the School Board and no incumbents are seeking reelection.

Chas. Hill Experience

McIntosh's statement follows: "I am a professional engineer with 16 years of practical experience in the maintenance and construction of buildings and equipment, including the necessary estimating and requisitioning of material. I feel that I am qualified to serve on the Hicksville Board of Education and represent the taxpayers' and residents' best interests in the

Civics Take Levitt Problem to Albany

Exclusive

ALBANY—The Hicksville Civic Assoc. went to the State Dept. of Education, here on Saturday, in its efforts to offset an anticipated soaring tax rate resulting from the planned construction of 2,300 homes by Levitt & Sons in Hicksville School District. A commit-

tee of the civic group conferred for nearly two hours, here, with Dr. A. W. Schmidt, assistant commissioner of the State Education Dept.

It was the fourth conference of a series for the Hicksville Civic executive committee which previously had called upon the Nassau County Planning Commission, Oyster Bay Town Supervisor Harry Tappen and Hicksville School Board in a search for relief from the crushing burden which residents fear lies immediately ahead for Union Free School Dist. 17.

Making the trip were Lawrence Roman, Robert Botta, Fred Noeth and Lawrence McCaffrey.

LAMENT OF A COMMUTER:

RR Service Progressively Worse

HICKSVILLE—This community is now the "heaviest commuter station on the line" and there is a crying need for additional service, but, in the opinion of James W. Rice of 11 Linden Blvd, the actions of the Public Services Commission to date have been a farce and he has told the PSC just so.

Confessing that he has been driven into a state of "frantic bewilderment" as to the fate of Long Island RR commuters, he finds the efforts of the PSC to date "a disgrace and reflect exceedingly poor judgment on the

'Economy Budget' And \$10,000 Item Highlight Hearing

HICKSVILLE—Inclusion of \$10,000 in the proposed school district budget for "contingencies," although labeled as "other expense of maintenance," was warmly debated at the preliminary hearing upon the budget at the high school, Wednesday night. The meeting, attended by about 150 persons, also saw the presentation of a private "economy budget" by Trustee Lawrence Eisenhauer which was outspokenly protested by Trustee Lawrence C. McCaffrey.

The \$10,000-item which was the topic of considerable discussion at the annual meeting last year but survived a vote then, was challenged last Wednesday night by Herman A. Werneburg who called it "10,000 nothing" and suggested that its appearance in this year's budget be reconsidered.

Need for Cushion

Eisenhauer defended its inclusion for use in the event of emergency "as a cushion". G. F. Wennagel, former board member, commented that a contingency fund appeared a necessity although no such specific division appeared in the budget.

Henry C. Brengel, board president who conducted the hearing, answered that "we can't use that word any more". He forestalled a call for a vote on this item by a show of hands, sought by Eisenhauer, saying the voters could take it out at the May 2 annual meeting if they so desired.

Dr. Charles Masek, board member who resigned in February, defended the item also and said he felt it should be \$20,000 "so you can really run a school system as it should be run".

COMMUNION BREAKFAST

HICKSVILLE—Joseph Barry Council, Knights of Columbus, will hold its annual communion breakfast this Sunday morning, Apr. 23, at the Parochial School cafeteria after the eight o'clock mass at St. Ignatius Church.

Protest Plumbing Code Entry Right

OYSTER BAY—A section of the proposed township plumbing code which would permit the town's inspector to enter any premises at any hour was strongly opposed at the Township Board hearing on the local law, yesterday (Tuesday). The hearing was well-attended by plumbers of the township. Gerard Ofenloch was the only Hicksville plumber present.

Fifty Hicksville residents of the Frank Homes section, unable to be present for the hearing in person because it was held in the morning, filed objections in the form of a petition. They denounced "as a violation of our Constitutional rights Art. II, Sec. 205, wherein an appointed individual is granted the right of entry to our homes at any hour of the day or night."

Square Dancing This Saturday

HICKSVILLE—A square dance for all ages in the community will be held this Saturday night, Apr. 22, in the high school gym under the auspices of the Classroom Teachers Assoc. Stan Gallowin and his Musical Hillbillies will provide dance music. There will be teams on hand for instruction in square and folk dancing.

He gets to the station at 7:30 a. m. for the 7:37 to Penn Station. About 7:45 a low whistler is heard and it may or may not be "our train." The home trip is also a sad experience for Bice. The timetable says 23 minutes running time and for some reason it always takes 35 to 46 minutes. "Actually," he continues, "some of us are in danger of losing our obs. No employer is going to put up with such irregular reporting time. I guess that is the real goal the LIRR is striving for, that they won't have to run any trains."

THE MIDDLES By Bob Karp

Sound Off . . . News and Views of VFW Post 3211

The Ladies Auxiliary of the William M. Gouse Jr. Post No. 3211, Veterans of Foreign Wars, was organized on April 25, 1940, at the home of Mrs. Julius Heberer. There were present seventeen interested women, of whom Mesdames Mary Colgan, Norma Dieffenbach, Betty McEwen and Charlotte Mack are still active in the Auxiliary today. The only Gold Star Mother member is Mrs. Erlina Rohrbach.

The members of the Auxiliary hold their business meetings on the first Thursday of each month and meet, presently, in the Holy Trinity Church Hall on Jerusalem Avenue. On the third Thursdays of each month the ladies have a social meeting at which time some worthwhile project is undertaken. At present the women are actively engaged in knitting and crocheting lap robes for the patients at St. Albans Hospital. Last Christmas, five such robes were distributed to patients at the Farmingdale Sanitarium along with candy and books for the children. Once a year they visit the veterans at the Northport Hospital, where they dance with the vets and entertain them, distribute refreshments and cigarettes.

The making of lap robes is a tremendous task, but the ladies are doing this great work only too willingly and cheerfully. However, if any readers have any ends of wool or any old wool that can be used or re-used in making robes for these veterans at the various hospitals, the members of the Auxiliary would be most grateful to you for any and all donations. Your packages can be forwarded directly to Mrs. Henrietta Aracil, president, VFW Auxiliary, Underhill Ave., Hicksville.

The ladies are at present sponsoring an Americanism Program at the local Jr. High School by showing history and travel films. Also, an essay contest on the topic, "Peace With Honor For America," To the first and second prize winners they are going to award a \$25 U. S. Savings Bond and an essay medal, respectively.

On April 25, at an open installation in the hall mentioned above, the Auxiliary will install the following newly elected officers for the year 1950-1951: President, Henrietta Aracil; Sr. Vice-President, Phyllis Wangenheim; Jr. Vice-President, Anna Viethoer; Chaplain, Laura Doering; Conductress, Magdalen Koritzin; Treasurer, Dorothy Mulligan; Secretary, Florence Mavey; Patrie Instructor, Josephine Baggett; Guard, Martha Fitting; Trustees, Mary Colgan, Elaine Russell, Winifred Fitting; District Delegates, Dorothy Mulligan and Frieda Grimes; County Council Delegates, Mary Colgan and Martha Fitting; Banner Bearer, Violet Postenreider; Flag Bearer, Marie Mullenbruck; Color Bearers, Catherine Luman, Charlotte Maxey, Anna Aydent and Jean Malachuk.

Ladies of the Auxiliary, you are to be commended for the special activities you are undertaking, the fine spirit that prevails throughout your organization, and for the splendid progress you have made during the past ten years. Keep up the good work!

IN OUR OPINION:

Home Owners Complain--No Dirt

PETITIONS ARE TODAY circulating in all the new home developments of Hicksville, requesting the Oyster Bay Town Board to prosecute several developers as violators of the Town Topsoil Ordinance. The petitioners believe there are violations of the ordinance.

The petition states "the property surrounding our homes has been ruthlessly stripped of its natural vegetative cover and supply of organic material, rendering most all of our property unproductive for lawns and gardens, thus lowering land values."

"Bare earth has been left for the most part or covered so lightly as to allow the rains and wind to carry it off."

The petitioners call attention to the section of the town ordinance which states "there shall be left upon the surface of the land from which top soil is removed not less than six inches of topsoil."

As new home owners of the township, they are addressing their plea to the town fathers.

The petitions are being circulated by the Hicksville Civic and Community Assoc. through its Topsoil Committee headed by William L. Geyer of 21 Grove St.

Meanwhile, residents of the Frank Homes section have begun an effort—independent of the petitions—to see if they cannot bring group legal action against their developer. A committee of four of the residents have been inciting their neighborhood to win support for their plan.

And on the local scene we note with pleasure that Governor Dewey has signed a bill which will authorize the Town of Oyster Bay to clean up vacant lots if the owners refuse to do so. The Town can move in, on complaint, remove rubbish and debris, and put the cost on the offender's tax bill.

The passage of this legislation is especially appropriate with the approach of clean-up week the end of this month.

And also on the local scene we note a warning from the County Health Dept. in its latest monthly periodical: "The Tick season is near". It will be recalled there was considerable agitation about tick control in this area last year, with little success. In the interval, a good part of the suspected area has been dug up and become the site of new homes.

However, the warning is timely. If an infected tick has been attached to the body as long as six hours, it is possible that Rocky Mountain spotted fever will develop. The common carrier in the eastern part of the United States is the dog tick—Dermacentor variabilis, according to the health department.

In removing tick, bare hands should not be used. A small piece of cloth, cotton or paper held between the fingers will afford adequate protection. Since dogs are carriers of ticks, they should be inspected frequently and all ticks removed from them with a small pair of pinners.

What's Your Problem

The HERALD will attempt to provide the answer to any local civic questions from its readers if they will write PO Box 306, Hicksville, or telephone Hicksville 3-0346. Typical questions will be published here from time to time.

Q.—Where is the unemployment office, formerly at 230 Broadway, Hicksville, now located?

A.—Operating under one roof, the Hicksville office, the one formerly at 175 Jackson St., Hempstead, and the office formerly at 79 Washington St., Hempstead, of the Division of Placement and Unemployment, New York State Department of Labor, are now at 344 Fulton St., Hempstead.

Q. How much is being forgiven on New York State income tax returns this year?—Newbridge Rd.

A. After you State Tax has been computed, 10 per cent of the amount is deducted this year. Returns must be filed by Apr. 15.

County Okays New Route for Highway

MINEOLA—Following a public hearing on Monday morning, the Planning Board of Supervisors upon motion of Supervisor Harry Tappen of Oyster Bay, approved the proposed re-routing of South Oyster Bay Rd. to the west of Grumman's Plant 5, abandoning present right of way, as a through road, to the east.

When the new section is constructed an airplane landing strip will be extended. Grumman will provide the land necessary for the new right-of-way.

8 OUT OF 10 AGREE: Levitt Should Provide At Least 2 Schools For Houses Underway in Hicksville Area

Eight out of ten people agree with the Hicksville Civic Assoc. that Levitt and Sons "should provide two or three schools for the 3000 homes he plans to build in Hicksville School District."

That is the results of a sampling of local opinion conducted recently by the Herald. In 11 answers it was found that eight agreed with the civics, two disagreed, and a third had no opinion.

One of those agreeing commented, however, "Isn't this wishful thinking?" On the question "do you see cause for alarm in this Levitt movement north into Hicksville" seven said "yes" and four said "no."

Asked if the area in which Levitt is building in Hicksville School District should be called "Levittown" as part of a greater development, the replies were unanimous. All said "no," the area should be known as Hicksville. Three felt it will be the general advantage of Hicksville to have Levitt develop the area, and eight felt it would be to Hicksville's disadvantage.

Parking Topic As BMA Meets

HICKSVILLE — The urgent need for town action upon parking and traffic problems in the community was stressed by merchants attending the Business Men's Assoc. meeting Thursday night at the Legion Hall. About 30 business people attended the general session conducted by President Patrick Buffalino.

Parking recommendations included: Immediate provisions for additional off-street parking, enactment of a three-hour limit upon parking in the municipal field opposite the firehouse, and elimination or change in location of the truck loading zone now in front of the Professional Bldg.

Phil Ilman, member of the

Citizens Advisory Parking Committee, reviewed activities and recommendations made by his group.

Two new standing committees were created at the meeting. Charles Rapprecht is chairman of a Reception Committee which will call upon all new merchants and non-members to invite memberships. His committee includes Edward Stern, Buffalino, William Carroll and Irwin Goldman.

Charles Schwartz, past president, is chairman of a new Sales and Promotion Committee, with membership representing various local businesses. Assisting him are Richard Beatty, Myron Saumer, Eugene Staller, Fred Noeth and Ben Rotkin.

Those present voted in favor of regular monthly general BMA meetings. Ilman was named chairman of a committee to arrange another dinner-dance for the association this year.

A buffet was served after the business session and the showing of motion pictures by Staller.

Dear Jean . . .

During the past week the county health department received notice of six cases of chickenpox and three of whooping cough in Hicksville, two cases of measles in Bethpage. . . . Fifty-one summonses were passed out Apr. 11 on Jericho Turnpike, Jericho, in a road block by County Police and Interstate Commerce Inspectors. Further checks of vehicles, especially inter-state truck equipment, are planned roughly at monthly intervals. . . . Since the school budget for Hicksville made its appearance with the item "\$30,000 for note and interest, Albrecht property," there have been several curious inquiries from readers who remember that the court award to the Albrechts on the condemnation of their 10 acres for a school site was less than \$21,000. The story came out at the preliminary budget hearing Wednesday. The attorney got a fee of \$4500, and the property cost the district, with fees for appraisal, surveys, experts, etc., \$28,779.50 . . .

We notice signs have been posted at community entrances which list masses at St. Ignatius Church, and we hear that Trinity Lutheran Church has some new signs with directional arrows soon to make their appearance. Local autos are displaying bumper strips noting the Trinity Lutheran 100th anniversary next month. . . . Petitions are being circulated in all developments now about topsoil, and when signed and delivered to the committee at 162 Bway, Hicksville, will be forwarded to the Town Board. WILLIAM L. GEYER and LAWRENCE McCAFFREY are the committee on this for the civic group . . .

The REXALL one-cent sale, a national event, takes place this Thursday thru Monday at the Broadway Drug. It's the 71st sale of its kind, according to ARTHUR GERDES. . . . Among local residents called for trial jury service in Supreme Court at Mineola next Monday were JOHN CHACHUNA of Hicksville and THOMAS E. BRYANT of Bethpage. . . . Hicksville VFW officials warn local merchants that they have no one soliciting for them (selling tickets, etc.) in the area, although such a person has been around claiming to represent the veterans of Hicksville and Bethpage. If and when the VFW solicits, their representatives will carry credentials, and advance notices will be given. . . . Last week a Herald want ad, offering property for sale, contained an incorrect phone number. It so happened, however, that the party whose number was listed (thru error) did have property for sale and he was delighted with the excellent response he got without cost. . . . Have you started planning your costumes for the Civic dance at Hicksville HS Gym on May 20? The affair is free to those in costume and prizes await the best outfits. This party celebrates the 302nd anniversary of the community founding. . . . ERNIE FRANCKE was well pleased with the wonderful turnout for the youth dance the GOP Club sponsored last Friday night. . . . Cheaper by the dozen, says FRED CAPOBIANCO, owner of Glen Floors, who has just become the father of his 12th child—a son, Mar. 30. He has four daughters and eight sons and makes his home in Glen Cove. His eldest is 14. . . . Most folks got their rabbits on or before Easter. Not so LARRY ROMAN, who acquired a rather large bunny upstate, Saturday. Another LARRY supervised and encouraged the purchase. . . .

Only wet weather has delayed the completion of the Commuter Parking Field at Duffy Ave. and Newbridge Rd., Hicksville. Contractors are waiting for a spell of dry weather before they level it and apply oil surface. Several folks had asked if work had stalled. Field was originally scheduled to be ready May 1, and is expected to hit this date. . . . MILTON BERKE will star at the dinner, May 3, at Garden City Hotel, launching the Nassau Cerebral Palsy campaign for \$100,000. . . . Farmers Market at the Airpark has "the largest bologna in the world" on display and will give it this Friday night to the person guessing its weight. . . .

Special Correspondent of Herald
MINEOLA.—New buildings are going up in the mid-island section surrounding Hicksville at the rate of more than one million dollars a week. This was disclosed in scanning reports in the office of County Clerk Charles E. Ransom for March and April.

Among the most recent realty deals in the area was the loan of \$600,000 obtained by Hempstead Division Construction Corp. of Lawrence from the New York Life Insurance Co. for a shopping centre on the east side of Division Ave., beginning about 114 feet north of Hempstead Tpke, at Island Trees. The building area is 208 feet by 415 feet.

Levitt and Sons, Inc., of 3230 Northern Blvd., Manhasset, have purchased two tracts of land in Hicksville from August Diemick. The other, 240 by 611 feet, includes lots 1A and 1B of block H and lot 7 of block E on land map of Hicksville. Revenue stamps on the deed totaled \$67.65.

Mr. and Mrs. John Wallenborn have sold property on the west side of Hilton Ave. and north of the L. I. Motor Parkway, Bethpage, 433 by 1379 feet, to Thomas Blenn of 48 Larkspur Ave., North Merrick. Revenue stamps amounted to \$18.15.

BUS COMPETITION FELT: Schenck Cuts Service Between Rush Hours

HICKSVILLE — Daily bus service by Schenck Transportation Co. from this community to Mineola and other points west was curtailed yesterday (Tuesday) as revised schedule went into effect. Half hourly service between "rush hours" has been reduced to hourly departures and arrivals.

Loss of business on the line, particularly since the start of direct service to Hempstead by the Hempstead Bus Corp. along Newbridge Rd. has caused a reduction in riders, a company representative said. The loss on the Schenck Hicksville-Mineola run in recent months was estimated as much as 60 per cent of former riders to Hempstead.

Half-hour departures and arrivals continue between 6:50 and 8:20 a. m., and 3:20 and 6:20 p. m. the rush hours. Hourly service is now in effect between 8:50 a. m. and 2:50 p. m., also from 6:50 p. m. to 12:50 a. m.

COUNTRY CAPERS: Doings At Plainview Country Homes

With winter's final fling of the season (we hope), there seems to be an epidemic of running noses and that nasty thing called a virus germ. Every family here in this community seems to have caught up with it during Easter week. With sickness everywhere, there seems to be a lull as far as news is concerned.

The Wards and Geigretters on Island St. had a night out in Hempstead in celebration of Mary Ward's birthday, Saturday night. Congratulations are in order.

Little Donald Gregory celebrated his fifth birthday at home last week, due to the series of colds in the Gregory family.

Sam Bisler from Niagara Falls visited his brother, Joe, and the family for Easter.

Ila MacAllister had a wonderful two weeks with her grandmother in Elmhurst. Lucky little girl! The Clancys had their nephew, John Kitson, from New York, staying with them for a week. Mrs. J. T. Kitson, Mrs. Clancy's sister, also came down for the weekend to be with her son.

Even my little daughter, Donna-Rae, caught up with colds going around. She was a pretty sick girl with a throat infection.

Don't forget the telephone number is Hicksville 3-0233M. Please give me a call. I would certainly appreciate it.
 So long!

By HOWARD FINNEGAN

Those persons seriously interested in having a community softball league conducted for them this year might appeal for aid to the parties responsible for the operation of the Board of Education's proposed Summer Playground program.

It could be possible that a small part of the \$1,544.00 budget appropriation would be channeled to such a venture if enough interest and proof were presented early that such a program would be used by a number of residents.

A prime advantage of a softball loop operating under the Playground director's wing would be that he could, without argument, limit participants to residents of the area. Thus importations from other villages would be blocked and the league could retain a strictly local flavor.

Another advantage of such a league would be in that it would have the authority to command and banish those players who did not comport themselves properly.

In noting that the School Board budget goes into such detail as to even list the expected revenue from overdue library books, it brought to mind a question asked us many times by sports followers.

Their question has been "just where does the revenue from ticket sales for high school football and basketball games go?"

For their information, we have found out that after the umpiring expenses takes its big bite the remaining monies are placed in a "general fund."

That fund takes care of cleaning and preserving team uniforms and, when needed, provides for an extra athletic trip for a practice or extra game not provided for in the athletic transportation appropriation setup in the budget.

In other words, the revenue from athletic contests goes right back into continuing the athletic program and not to some other department of the school system as so many were inclined to believe.

Two practice softball games are on tap for the high school field, Sunday afternoon. Botto Bros. will attempt to work out some of the kinks against Oyster Bay and the Empire Diner Club will meet Huntington.

Bottos is pretty well set in the matter of its personnel but the Empire Club is still a question mark. Empire is expected to play in the Hempstead league which will operate Sunday mornings.

Empire and Botto staged a practice game last Sunday and it was evident in the two-run victory of the latter that the pitchers — Bill Bordini, Joe Smith and Jim Barone — were away ahead of the batters.

The Nationals also held their first practice on the high school grounds Sunday as they prepared to retain their berth in Jones Beach competition. Pitchers George Cheslock and Danny Wysloveski again headed the candidates with Peter Zeher heading the list of promising newcomers.

Yet to be heard from are the Hicksville Farmers. But many of the players now working out with other teams — such as Charlie Van Wickler, Jim Barone, Mel Voehries and Jerry McGunnigle — are expected to be in the fold once the season gets under way.

Bottos, Farmers and Nationals are all after a Jones Beach berth this season. Landing a place will be difficult this season. The demand will be greater than ever and berths fewer.

This season the league will have only twelve teams instead of the usual 16. Another change will see only one nine inning game being played a night instead of the past policy of holding two seven inning encounters.

It is our belief that the new policy will prove a lesser attraction to the many persons who look forward to watching the games at the Seashore stadium.

With the pitcher moved farther from homeplate, hurling will be less effective and don't be surprised when the games become sloppier in the last two innings.

Softball is a seven inning game!

Next October 1st see if the final American League baseball standings read something like this, in the first division: Boston Red Sox 101 wins, 52 losses; Philadelphia Athletics 93 wins, 61 losses; Detroit Tigers 89 wins, 65 losses and the New York Yankees 84 wins and 70 losses.

Over in the National League, it should read: St. Louis 94 wins, 60 losses; Brooklyn Dodgers 92 wins, 62 losses; New York Giants 78 wins and 76 losses and the Cincinnati Reds 77 wins and 77 losses.

Final Call to Youngsters for PBC Baseball, Track at HS on Saturday

HICKSVILLE—A final scrimmage for youngsters interested in the Police Boys Club baseball league and enrollment of candidates for PBC track competition will take place this Saturday, Apr. 22 at the high school athletic field. All local boys are invited.

Candidates for track are asked to report at 10 o'clock in the morning.

Boys for the PBC baseball teams, which will be set up in three age groups, should be on hand for the scrimmage games starting at 1 o'clock in the afternoon, according to Harold Manaskie, Sr., PBC sponsoring committee chairman.

The PBC committee needs the assistance of interested adults to help supervise the various teams in the baseball league, which will run during the summer. Anyone interested is asked to see Manaskie at the school field Saturday.

The Hicksville AA baseball team, which has disbanded, is giving some of its baseball gear to the PBC. Team uniforms will be turned over for the senior team, according to Anthony Puccio, former AA manager, who asks that former members deliver uniforms in their possession to him at 160 Bway.

The PBC sponsoring committee is scheduled to meet tomorrow (Thursday) night at the Rainbow Restaurant at 8:30.

THE MIDDLES By Bob Karp

Sound Off . . . News and Views of VFW Post 3211

Hear Ye! Hear Ye! All members of the Post are urgently requested to stand by for a telephone call, either some evening or Saturday, from the president of the Hicksville Veterans Assoc. Frank Sutter, requesting your able assistance for odd jobs to be done at YOUR new clubhouse. The work is a MUST, so if you are one of the lucky guys called, by all means accept the honor of being asked and join with the others in helping complete our VFW home of tomorrow. Of course, if you aren't called and have some spare time, please do not hesitate to call Comrade Sutter at Hicksville 3-0766, who will be more than happy to include you in on these various special jobs as they arise.

This week I want to iron out once and for all the many questions, dissenting answers, etc., that I've been hearing and receiving from both Legion and Amvets. You all know that the aim of the project to be undertaken is the restoration to normal service of the big clock on E. Marie St. The cost of the job is approximately \$25,000. The help required—six strong men. The time element, a couple of hours which can be arranged at the convenience of the fellows volunteering. The purpose behind the whole project is to have the three veterans organizations in town, and no other organizations whatsoever, chip in equally with the cost and number of men needed, so that we as veterans working together might be able to show the people in Hicksville our sincere appreciation for all the time, money and efforts they contributed towards making possible the monthly Comfort Committee packages that each and every veteran from town received while in the armed services, and that they will accept the restoration to duty of this convenient timepiece and famous landmark, as a small token of such appreciation, until a time when we shall either individually or collectively be able to undertake some other worthwhile community project. That's the story in a nutshell, and now if you fellows of the Legion or Amvets are ready, willing and able to string along with us, please call Al Hanlon at Hicksville 3-0267 before May 7th, so that at the next meeting of our Post we will know how to govern any further action.

Speaking of meetings, how about getting them started pronto? Too much time is wasted before the meetings start, and then, because of the late hour some very important discussions are side-tracked or cut short. Also, fellows, how about saving any and all unnecessary talking until after the meetings are over. The least courtesy we can pay to a comrade speaking is attentiveness. All of us are at fault in so far as these bad habits are concerned, so let's individually institute corrective measures immediately.

Did you send a get well card to Comrade Paul Huckstein, who is in the Meadowbrook Hospital, a pretty sick fellow? If not, won't you do it today?
THE OLD SARGE.

School Budget

(continued from page 1)
Mrs. Janet Magill made the comment, "you really have to pad a budget to come out even at the end of the year."

Walter Eichler, another ex-board member, said a little later in the evening that he did not want to be petty regarding \$500 piano repair items, etc. but asked if "perhaps somewhere you might feel that you have taken us a little beyond the earning ability of the community." He wanted to know if the board felt that every item was fully justified and emphasized "teachers salaries and bus service."

Mrs. Edna Kuhne Sutton, board member, in reply to Eichler said that long hours had gone into preparing the budget and that even a final Sunday morning had been devoted to a complete re-examination of each item but that "honestly we can't find a place to cut down."

When Mrs. Sutton concluded, Eisenhauer arose to present his plan which he said would shave \$90,000 off the budget and cut the anticipated tax rate by \$6. He was apparently not joined in this view by the other board members: Brengel, McCaffrey and Mrs. Sutton.

He began by confessing that the anticipated \$27.70 per \$1000 rate had amazed him and he felt it is out of line. He emphasized that he gave his personal opinion and not that of the School Board.

He enumerated: \$3,000 for business manager—will save money but district could get by without such a person for a couple of more years; \$8,000 of teachers' salaries—budget is providing not only a \$200 mandatory increase in teacher salaries, but in some cases increments as high as \$552, or a total of \$8,000 "above the state mandate"; \$5,000 for summer school—a good thing, but district got along without it before, even if district will get some money back from state; \$2500 for lighting in Nicholas School—agreed that lighting is not what it might be, but it's too much money to spend on a building that is not going to be kept "too long"; \$45,000 for transportation of pupils—such buses cost 27c per \$100 of the tax rate, and \$2700 on Albrecht note—could finance in yearly installments as 10-year bond issue, instead of paying entire note in this budget.

His suggestions for cutting the budget were:
Eliminate business manager \$3,000
Eliminate summer school 5,000
Curtailed teacher salaries 8,000

WEATHER DELAYS THEATRE OPENING

RETHPAGE—The opening date for the Hempstead Tpk. Drive-In Theatre has been delayed a week due to the fact that unseasonable weather has delayed completion of the theatre. Originally set for this Thursday night with a benefit performance for veteran organizations tonight, the opening has been advanced to Apr. 27 with the vet benefit on Wednesday, Apr. 26. Tickets sold to date will be honored on the new date, the Management announces.

Eliminate lights for Nicholas School 2,500
Eliminate bus service 45,000
Pay off note in 10 years to save this year 2,760

"It could be made a \$21.70 per \$1000 tax rate if the taxpayers wanted it," Eisenhauer concluded. Werneburg replied that he felt the budget is adequate. He protested that his previous effort to take out the \$10,000 "contingency" had been branded as picayune.

McCaffrey Replies
McCaffrey went down the line to defend each item assailed by Eisenhauer. The business manager, he felt, will save the district money. At present there are no adequate inventory records, for example. On teachers' salaries he pointed out that the budget is only putting the teachers up one-third toward the scale previously adopted by the district and filed with the state. He cited the provisions of the budget as only "being fair and square" with the faculty.

The summer school, McCaffrey continued, will be a definite aid to the community and that money will come back to the district as a result. The improved lighting in Nicholas School he said is essential "even if we only use the building for six or seven years more." The present lighting, he declared is below 50 per cent of the state's requirements of 20 foot candles. A recent test showed that lighting in Nicholas registers only 8 foot candles.
