## Democrats Ask End To 'CD Patronage'

HICKSVILLE — A request that the county supervisors and town board take "immediate official steps to end the use of Civil Defense funds for political patronage" was voiced in a resolution of the Democratic Club adopted at a meeting on Feb. 10.

The club "charges that the CD administration in the Town of Oyster Bay and in the hamlet (30,000 population) of Hicksville, duplicates the deplorable county conditions revealed by Newday."

Allen S. Carpenter, community activities chairman of the Democratic club, labeled as "political patronage" the salary of \$10,000 paid County CD Director Cyril C. Ryan and \$6,000 a year to Oyster Bay Township Director Buddy Mazara.

## Last Man's Dinner Saturday

HICKSVILLE — The Last Man's Club, which has today a membership of 28, will hold its 16th annual dinner at Henning's Restaurant in the Centre Shops this Saturday night, Feb. 20. Membership consists of World War I veterans with Henry C. Brengel as president and Arthur Ferro, secretary. The club was organized 16 years ago by the Charles Wagner Legion Post. The passing of Norman Hicks during the year will be noted at the meeting.

Frank M. Warner will entertain with folk songs on his guitar.

## Call For High School Bids

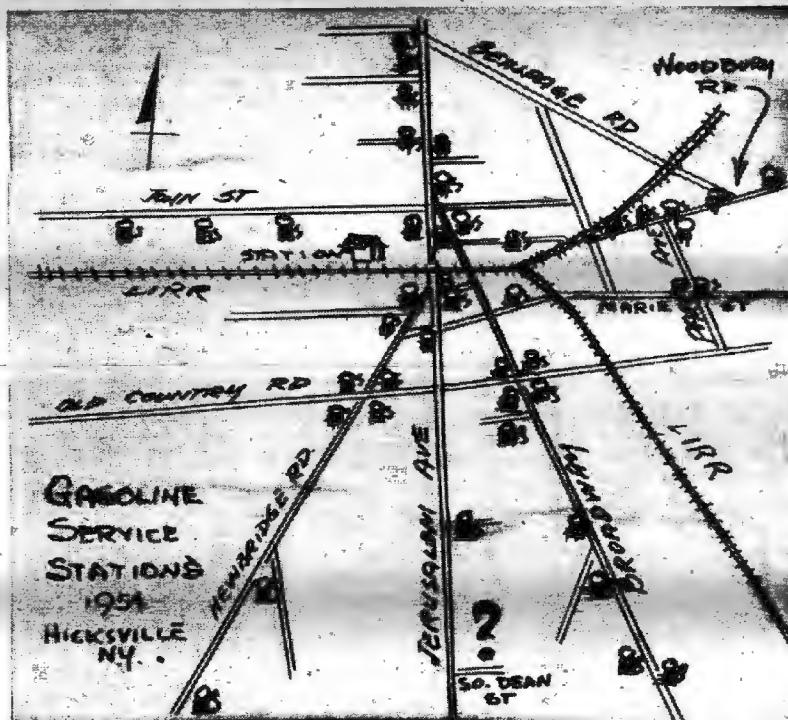

HICKSVILLE — The Board of Education today set Mar. 29 as the date for the receipt of separate sealed bids for the construction of the new high school building on Newbridge Rd. Bids are due in the hands of District Clerk, Andrew B. Heberer, before 8 o'clock on that date. Data on the bid forms, etc. are available at the office of Knappe and Johnson, architects, at 390 East 150th St., New York 55.

Voters of the district approved the expenditure of almost four million dollars for the project about a year ago. State approval of the final plans, upon which bids are being taken, came thru last month from Albany.

MARCH OF DIMES received \$71 as the result of a 3-month neighborhood mimeographed paper project by children of the Hicksville Gables Association. In the foreground, from left, Alberta Murray of 128 Gables Rd., Bernadette McCoy of 8 Gables Rd. jointly present check to Mrs. Leona Bergin of 111 Park Ave., chairman of the Hicksville Polio Fund campaign. In the back is Mrs. Lee McCoy who helped children in production of the newspaper. Other youngsters who helped were Pamela Kniep, Betty Fernandez, Frank and Loretta Hudak. ## GAS STATIONS UNLIMITED? Fill 'er Up On All Best Corners

NEARLY 50 gasoline service stations in Hicksville proper and another dozen on its immediate borders is the present day situation, a survey reveals. Question mark indicates site of proposed station on Jerusalem Ave., near South Dean St., opposite the Allied

Shopping Centre, which Parc Community Civic Association with the cooperation of thousands of other homeowners has been opposing since last July. Area indicated above is approximately six square miles. (Herald map).

## Fear Court Decision Opens Way For More Gas Stations

HICKSVILLE — Local property owners and civic association leaders glumly came to the conclusion that more and more gasoline service stations will be established in the community, unless (1) the township government legal dept. wins an appeal from a recent Supreme Court decision, and/or (2) the township revises its ordinances without delay.

Members of the Parc Community Civic Assoc. were distressed to learn that the proposed construction of a gasoline service station on Jerusalem Ave. between South Dean St. and Tobias St., which they thought had been successfully defeated, is now likely to become a fact. The decision of the Board of Appeals, refusing the application of Commercial Properties, Inc., on July 3, 1953, has since been taken to Supreme Court.

In November, Justice Pette annulled the decision of the Board of Appeals and directed that permission be given Commercial Properties to build the station.

According to Salvatore L. Di Giovanna of Rockville Centre, attorney for the Parc Community Civic Assoc., notice of appeal has been filed by the Town Attorney. The Parc community residents had no knowledge that the matter had even been taken to court.

Justice Pette in his ruling pointed out that the purchasers of the Parc Terrace homes had, in their contracts, agreed to take title subject to a filed declaration by the developer that no objections would be raised to any application for a change in the land use.

Claims by homeowners that they had been promised, before they bought the houses, that the land would not be used for a gasoline station were (Continued on Page 6)

## Alternate Car Park Now Row Of Stores

JERICHO — An alternate site for a public parking field on the west side of Jerusalem Ave., between Marie and Nicholai Sts., has been recommended for consideration by the Oyster Bay Town Board by the Hicksville Chamber of Commerce Board of Directors. It was learned this week. The alternate is offered if the town is unable to find it practical to enlarge the present 50-car field on the north side of W. Marie St.

Aaron Rochman, chairman of the parking committee, reported at the Directors meeting at the Milleridge Inn, here, that authorities are currently making a traffic movement study of the Broadway, Jerusalem Ave., Marie St. area to determine if enlarging the present field will result in new traffic congestion problems.

To enlarge the field would require acquisition of more property owned by Mrs. F. N. Taliadoro St. and adjacent property owners.

The alternate recommended would require demolition of a row of stores and apartments, it was noted today.

Rochman also told the Directors that the Town Board has taken title to the triangular property formerly owned by Griffin and Rushmore on the east side of the LIRR between Marie St. and Nicholai and has signed the contract to purchase other Griffin and Rushmore holdings, for another 200 car space on north and south sides of Heitz Pl.

Mal Pierce, vice president, gave a preliminary report of his committee which is preparing a brochure on Hicksville historic background and present day features. Preliminary cost estimates range from \$1,550 to \$5,570 for 5,000 copies of the publication, the cost for which would be defrayed by selling advertising space to local industries.

## Dear Jean:

ANTHONY APPIGELLA, formerly of Hicksville, was present at the Hicksville Republican Club meeting on Friday night in the company of the president of the Huntington GOP Club. Congressman FRANK BECKER, speaker of the evening, charged the Democrats are trying to "willynilly CYRIL BYAN", pointy director of civil defense, "dragging him thru the mud." Becker praised Ryan who has "given up night after night" for CD. . . . A sum of money was found in front of the Long Island National Bank of Hicksville last Saturday. If the person who lost it can identify it, please call the Herald office at Hicksville 3-1400. . . . With the current talk of a Community Chest, it is interesting to note that Westbury made a study of the subject and came up with a report only last October. The conclusions, as we remember them, were (1) most organized charities don't want to participate, (2) a chest would result in new programs to benefit from public subscription, not currently the object of local drives. . . .

A Hicksville firm, ALL STATES FOOD PLAN Inc., has been accused of "fraudently trick the customer into buying home freezers" by the Freeport attorney for a Roosevelt carpenter. . . . EMMETT VOLES who was heard with the Philharmonic Piano Quartet, of which he is a member, at Hicksville High on Feb. 9 became a resident of Levittown three weeks ago and lives at 1 Homestead Lane. He and his wife have opened a studio for piano instruction. . . . If you hear a "boom" from the direction of Great Neck tonight (Tuesday), don't get excited. Aerial fireworks will be tested at about 7:45 P.M. as a possible CD air raid warning system. . . .

**OUR PUBLIC LIBRARY:****Special Display For February**

Interest in Abraham Lincoln and George Washington is not a seasonal affair but a feeling that is especially prevalent in February, the month that includes both their birthdays. In honor of these occasions the Hicksville Public Library has a special display of materials on Washington and Lincoln.

More has been written about them than about any other public figure, particularly the many-sided Lincoln, according to Kenneth Barnes, librarian. Hundreds of books and articles, thousands of dissertations and hundreds of speeches have been written about "Honest Abe." Among the best of these is the one volume biography by Benjamin Thomas published in 1952 and called "Abraham Lincoln" which is available at the library. Mr. Thomas knows how to

write for a wide audience and has caught in his book the subtleties of Lincoln's character at no expense to the narrative.

A scholarly four volume biography of Washington by Douglas S. Freeman is also in the library. This was completed just prior to the author's death last year. It describes the life of the "Father of our Country" from boyhood through his gentleman-farmer days in Virginia to the Revolution.

These books and others are available at the library as well as many good works for children and young people.

**Engaged**

BETTY HAUGHEY

Mr. and Mrs. John Haughey of 160 Third St., Hicksville, announce the engagement of their daughter Elizabeth T. Haughey to Arthur Farrell, son of Mr. and Mrs. William Farrell of 13 Sands Road, Glen Cove. Betty Haughey is a graduate of St. Dominics High School and is employed as a secretary at the Mitchel Air Force Base. Mr. Farrell attended Adelphi College and is now employed by Walter Kidde Nuclear Laboratory in Garden City. He will enter the aviation cadets next month. No date has been set for the wedding.

**Cedar Cliff Meeting Tonight**

HICKSVILLE — Joseph Mulqueen, member of the Referendum Committee, will be a speaker in support of the proposed school expansion program at the meeting of the Cedar Cliff Civic Assoc. tonight (Tuesday) Feb. 16 at 8 P.M. in the East St. School. Members and others interested who wish to learn more about the issue which will be brought to a vote Saturday, Mar. 6, are invited to attend.

James McKernan will be the secondary speaker. Facts and figures on the status of the school district to show the dire need of additional classrooms will be presented.

It was voted at the recent executive committee meeting of the association that the group join with other Hicksville civic groups in the formation of a central civic clearing center for information about the community.

### HICKSVILLE GABLES:

## Final Report On Mother's March

By CONSTANCE GIBSON  
Hicksville 4-1482

Since last week's column when we talked about Sunday school classes, we had the pleasure of hearing that another of the Gables is teaching. Mrs. Robert C. Caldwell, 295 Plainview Rd., has charge of several three-year-olds at the Hicksville Methodist Church on Old Country Rd. Young Janice Caldwell helped her mother teach one Sunday a few weeks ago when they were short of teachers and according to all concerned she did better than average work.

We would like to send best wishes for a happy birthday to Edward Kramer, son of Mr. and Mrs. Sigmund Kramer of 8 Gables Rd., who was nine years old on Feb. 8. Edward's mother and father, brothers, Tommy and Ricky, grandparents, Mr. and Mrs. Newmann of Newark, N.J., and his uncles and cousins treated him to a special family party with all the trimmings.

Sunday, Feb. 7, Mrs. and Mrs. William H. Broderick Jr. of 7 South Elm St. paid host to Mr. Broderick's sister and brother-in-law, Mr. and Mrs. Matthew Hartmen of Huntington. The Hartmen spent the day.

We would like to send special congratulations to Mr. and Mrs. Leonard Urschel of 15 Gables Drive who welcomed a boy, Glen Curtis, on Jan. 29 in Mercy Hospital. Mr. and Mrs. Urschel are the parents of Huntington. The Hartmen spent the day.

Best wishes continue to go to Mrs. Ed Sneedenberg of 23 Gables Rd. who is still in a weakened condition after her stay in Meadowbrook Hospital. Mrs. Sneedenberg is slowly but surely on her way to a recovery. Sunday, Feb.

14, Mrs. Sneedenberg's mother, Mrs. Anna Olsaki of Brooklyn, visited her and spent the weekend. We all say hurry up and get well to Barbara Feuerstein of 31 Gables Drive who has been laid up the past week with a bout with the flu.

Mr. and Mrs. Richard Evers of 24 South Elm St. entertained Mr. Evers' brother and sister-in-law, Mr. and Mrs. Gerald Evers of Lindenhurst for dinner on Feb. 11.

Mr. and Mrs. M. Fernandez of 9 South Elm St. entertained Mr. and Mrs. Henry Fowler of Wantagh and Mrs. Celestine Viagas of Brooklyn for Sunday dinner on Feb. 14. Mr. Fowler is an active hobbyist, having a particular interest in the breeding of parakeets. At the present time the Fowlers have in their cellar many varieties of these colorful little birds. Breeding for odd colored ones, Mr. Fowler has been successful with birds of white and purple hues.

Also heard from Mrs. Fernandez that the Mid-Island Council of girl scouts will meet at the Calderone Theatre in Hempstead on Feb. 27 to hear Lady Baden-Pow-

ell, head of the Girl Guides of England, speak on Scouting in that country and Scouting in general. More about that later.

A lot of sickness around lately. We were glad to hear from Mrs. (Continued on Page 4)

NEIGHBOR DOWLING VIEWS NEWS:

**Advisory Group To Meet Mar 5**

By JOHN DOWLING

On Friday evening, March 5, at the "Manetto Hill" School, the Plainview Board of Education and Citizen's Advisory Committee will hold its organizational meeting. At that time, the Board will adopt the resolutions necessary to the formation of the group and its 12 working committees.

The Citizens' Advisory Committee is a volunteer organization composed of approximately one hundred Plainview residents who earlier this year expressed a willingness to participate in the affairs of the school district by offering to devote a portion of their spare time to school problems.

Several weeks ago volunteers for this activity were contacted by mail and asked to fill out a questionnaire selecting committees on which they thought they were best qualified to serve.

As a result, the School Board has set up 12 sub committees, including budget and finance, building and grounds, transportation, sites, recreation, insurance, adult education, health, teenage, safety, centralization and public information.

It is interesting to note at this point that in examining the questionnaires returned by the residents, the Board of Education gave full consideration to the preference expressed by the volunteers and in almost all cases the residents will find themselves serving on the committee they indicated as their number one choice.

At the first meeting in March it is planned to outline in detail the duties and functions of each committee in order to eliminate any duplication of work.

Another factor that proved heartening to the Board of Education since it began to organize a Citizens' Advisory Committee was the knowledge that the doc-

tors and dentists of the community had volunteered to serve on the Health Committee.

Organization of this group is the first venture of its kind in the history of the Plainview School System and those who have offered their assistance will have the opportunity to play a leading role in the development and growth of the district's educational facilities.

In the building up of a community school system there are a considerable and constant number of problems to be solved and with an active and energetic Citizens' Advisory Group aiding the Board of Education many of these complexities will be well on their way toward successful solution.

At the first meeting in March it is planned to outline in detail the duties and functions of each committee in order to eliminate any duplication of work.

If all those who have requested information about the jobs file applications and win places on the eligible list there will still be upward of 35 vacancies, John C. Gilbert, Commissioner of Public Works advised Howard G. Wilson, Chairman of the Civil Service Commission.

The examinations will be held Mar. 6 at a place to be announced.

They include No. 391 for Senior Inspector, Grade 23, usual salary range from \$3,965 to \$5,120 plus \$850 cost-of-living adjustment; No. 389, Inspector, Grade 15; \$3,174 to \$4,140 with \$850 additional; No. 390, Inspector Grade 20; \$3,675 to \$4,690, plus \$850.

The Hicksville Cerebral Palsy Assoc. will meet tomorrow (Wednesday), Feb. 17 in the Hicksville Legion Hall at 8:30 P.M. Anyone interested is urged to attend. The auxiliary will sponsor a cake and apron sale Friday, Feb. 19 in the Broadway Stop 'n Shop.

## Going For Beauty Culture Next

By SHIRLEY HUENLICH  
Hicksville 4-2327

As one of 900 or more adults enrolled in one of the Adult Education Courses at Hicksville High, every Wednesday night I pack up my equipment, the group of needles, thread, scissor, material and etc., and journey off to school.

I spend the next two hours or so learning some of the secrets of tailoring and enjoying the process every minute of the time. Our neighbors, Mrs. A. Mandala, is taking the Beauty Culture Course and she thinks it, too, is wonderful. Eugene Crappott, the Instructor for the class, has been demonstrating how to massage the scalp, cut and set hair and other little tricks of the trade.

The other evening, after the Tailoring class had dispersed, Mrs. Taylor, another neighbor on Albert St., and I stopped by the Beauty Culture room and lo and

behold there was Mrs. Mandala all beautified, having had her hair cut, wavyed and set. I can see right now that the next course for me will be Beauty Culture.

Arthur Fuelling, 18 Broadway Place, is being very quiet about the project he is working on in the Woodworking Class this term. Last fall he made a very nice magazine stand while attending "school."

Life has been quite busy in the Wharton household on Lee Ave. lately. Diane, winner of the Christmas Story Coloring Contest sponsored by the Herald in cooperation with the Bank of Hicksville and also a daily winner in the Coloring Contest run by the New York Mirror a few weeks ago, competed for the main prize, a trip to Sweden, and as one of the finalists, Diane won a beautiful watch.

Congratulations Diane, keep up the good work.

Miss Jean Christ, 172 Lee Ave..

was all of nine years old last Saturday, Feb. 6, and with her family and relatives celebrated the happy event over the weekend. On Monday, however, with pink decorations and all the other party essentials, she again celebrated with her playmates. Her group of friends included: Diane and Brian Wharton, Ann and Lorraine Silberling, Judy White, Barbara and Donald Rose and her two sisters, Dorothy and Sue Christ.

Has Lucky Channel 7 called you yet to give you a chance to win a cash prize? They haven't, well they have already called the Wharton home, so who knows, you may be next!

### TROOP 20, SCRIBE JANICE HALL

On Jan. 21, our troop elected officers. We nominated 5 girls for president, 5 girls for vice-president, and 5 girls for treasurer.

The scribe was chosen by Mrs. Drutman, because she is moving soon. As soon as we had voted, the votes were collected, counted and we found out that Katherine Wakefield was our new president, Diana Scalzetti, our new vice president, and Lorna Benedict, the same treasurer as we had before.

After we had voted, Mrs. Drutman (our leader) helped some of the girls with their leatherwork. Meanwhile the rest of us were playing games. Soon after, the girls joined us. It was a successful meeting.

### TROOP 211, SCRIBE DORIS OELERICH

Our two patrols, the Bees and the Beavers worked on their various badges. Then we sewed on our Kit for Korea. Nancy Sherman received her Girl Scout Pin.

## "Bong!" went the Cable Sniffer!

Maybe you've never seen an "electronic nose." But it plays a big part in making telephone service even more dependable.

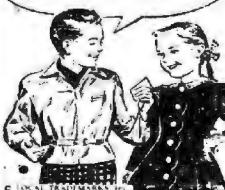

You see, if moisture leaks through worn or damaged cable insulation, it can put hundreds of phones completely out of business. That could be bad!

But Bell scientists have found a way to detect even the smallest leak before it causes trouble. They call the gadget the "electronic nose." This "nose" rides along the cable, which has been previously filled with a harmless gas. When it sniffs the tiniest leak, it rings a bell. And workmen mark the spot for quick repair.

This is just one of the things we do to keep your service dependable. And the record is good. Today the average phone is in use six years without any interruption to service. New York Telephone Company.

**DO YOU KNOW** who represents you in the state government? In Washington?

The Herald receives many phone calls during the sessions of legislative bodies at Albany and Washington for this information:

### Congress:

We have two United States Senators who should be addressed at the Senate Office Bldg., Washington, D. C. With their home addresses, they are Herbert H. Lehman (D) at 41 East 57th St., New York City, and Irving M. Ives (R) at Norwich, N. Y.

Our Representative (also called our Congressman) is Stuyvesant Wainwright II (R) whose home address is simply Wainscott, L. I., N. Y. At Washington, write him at the Representatives Office Building. He represents the First Congressional District, New York.

### In Albany:

Address both Senators and Assemblymen at The Capitol, Albany, N. Y.

Our State Senator is William S. Hults Jr. (R) who is in the real estate and insurance business. His address on Long Island is 939 Port Washington Blvd., Port Washington. He is the senator from the 3rd Senatorial District. The State Senate has 36 Republicans, 19 Democratic members, and one vacancy.

Our Assemblyman is John J. Burns (R), sales manager, with home address at 84 Fairview Pl., Sea Cliff. He is the assemblyman for the 4th District, Nassau County. In the State Assembly there are 98 Republicans, 48 Democratic members and four vacancies.

### Community Development

A housing development is at first just a collection of houses. The residents are just a bunch of people. After a period of time the people begin to work together, with each other and with other groups, and the housing development become an integral part of the community. The ease and rapidity of the integration depends upon a number of factors. Among the most important of these is a unity of purpose in working together to obtain the needed community services and to provide the best possible place for us and our children to live.

### Unnatural Loyalty

In most developments there is little question about community identity. In our case, however, there are those who seem to make a fetish of an unnatural loyalty to the company that built our houses. They value this unnatural loyalty far more than they do the normal relations with the rest of the community in which we live by reason of geography, political subdivision, and tax collections.

We have never questioned anyone's personal preferences about anything. But for the life of us, we are unable to fathom the reasons for placing a house builder on such a high pedestal. Normally we wouldn't care, but the confusion they have brought about has had a serious deleterious effect on the integration of this neighborhood into the Hicksville community.

### New Confusion Coming

For the past several months these forces of confusion have been quiet and apparently cooperative in some phases of community activities. We were glad to see an apparent change of heart, be it ever so slight, and applauded whatever was constructive. However, it seems we are to be subjected to a renewal of the efforts to "Levittize" us. Twice each month we who live in Levitt-built houses will receive, we are told, in our mail slots a propaganda sheet "just for those persons living in the Levitt homes in the Town of Oyster Bay". We have no choice. Whether we want it or not, it will come. It doesn't take much imagination to guess what's in back of it. The name of the incorporated publisher "LeBay", very obviously concocted from the names Levitt and Oyster Bay, leave little doubt as to the purpose and identity of the sponsors.

### See It For What It's Worth

Look over this new propaganda and recognize it for what it is. Then decide whether you want to continue to have community confusion or whether you want to have a congenial, well integrated neighborhood and a good place to live.

### 2 Weeks Remain Until Deadline

HICKSVILLE—Residents in Levitt area here have only two weeks left to notify correspondents of their correct address in Hicksville with all mention of Levittown omitted, if they wish to receive their mail, it was made known at the week end by Postmaster William G. Mollitor here. Residents are asked to advise all newspapers and magazine publishers of their correct address. After March 1, all "improperly addressed" mail will be returned to the senders, authorities warn."

Better Local Government . . .

**OUR SLEEPING BEAUTIES**  
Honest and active opposition, free from党派思想, is the salvation of his party. He should become, as soon as possible, the focal point around which all demands for local improvement center. He, as an individual, should be the local opposition leader.

The opposition party may not always be able to win an election. But every effort they make in trying, can only result in better and more democratic government from the party in power.

The "Sleeping Beauties" in the public halls and offices of our townships and county needs to be awakened. Not with the kiss of a Prince Charming, but with blasts of thunder and lightning from the votes of an outraged citizenry.

To accomplish this awakening the people must have local leadership. To provide opposition leadership, around which the people of every community of our county can rally, is the first duty of the Democratic Party.

### GAS STATIONS

(Continued from Page 1)

held by the court to be "wholly irrelevant".

The Judge also said in his ruling: "Upon the hearing before the Board it was contended that there were already a sufficient number of gasoline service stations to serve the area. Such contention is not supported by the facts. Jerusalem Ave. is a heavily traversed, four-lane vehicular concrete highway, separated for north and south bound traffic by a dividing island. There are but two gasoline service stations, one of them located 8/10 of a mile north of the subject premises and the other in the Town of Hempstead 1 1/2 miles south thereof."

Justice Petty also ruled "there is nothing inherently dangerous in a gasoline tank of filling station."

He also pointed out that across the street is the Allied Shopping Centre stores, that stores will probably be erected on the east side of the highway shortly, and cited a court decision to prove that gasoline service stations are not as unsightly as stores "which are given to setting refuse and discarding materials outside the rear of the store, thus creating an untidy appearance and issuing an invitation to flies and insects."

Destructive to the case the township attempted to build in defending the Board of Appeals, which had refused the application, was the citation of a case decided in 1940.

The same Judge (Justice Lapham) in a like case in the same township had in 1952 reversed his own 12-year-old decision. Justice Petty commented: "These two divergent opinions by one justice particularly demonstrate the readiness of the court to keep pace with the rapid growth, change and progress of our mechanized age."

He wound up with the remark "the Board's determination was arbitrary and capricious."

#### RESIDENTS SUED

D'Giovanni, an attorney for the Civic Assoc., is also representing two members—Mrs. Peter Ferraro and Dr. Sidney M. Berkowitz—who are named defendants in \$10,000 actions brought by the developer. The suit resulted from picketing of a model house during which, it is alleged, prospective home buyers were told of the gasoline station application on property which they had been told would be developed as a park.

The fact that the court noted that the zoning ordinance of the township permits the use of business zoned premises for a gasoline station was viewed today with concern by property owners throughout the mid-Island area.

In contrast it is noted that incorporated villages have been able to keep service stations at a minimum by the enactment of local ordinances and regulations.

Petition forms are being prepared for community-wide circulation urging the township to vigorously fight off new gasoline service stations, defeat the present action and revise its regulations to halt new installations.

#### By SOLOMON NEWBORN, C.P.A.

These are days of extremely high taxation. The budget of practically every family in the United States is strained by it. There are approximately 50,000,000 income tax returns filed each year so it can be seen that very few escape it. For most of us taxes are deducted upon payment of salary. Others may pay their taxes in installments. In order to keep this drain on our income and savings to a minimum it is of vital importance to be cognizant of the latest tax rulings and decisions. Often times, by preparing ourselves in advance, we may take steps that will place us in an advantageous tax position before the end of the year.

The law requires that you pay your tax in full. The law also provides certain exemptions and deductions in preparation of your income tax return. It is not desired nor required that you should overpay your taxes. Your return should be honest and clearly explained and you should take advantage of every deduction permitted you.

Within the next few weeks we will attempt to review your Federal Income Tax Return so that it may be filled out properly and no overpayment of taxes result.

Q. Who must file a return?

A. Anyone having gross income in excess of \$600. A self-employed individual must file a return if net earnings are in excess of \$400 even if there is no tax liability.

Q. How is a return signed?

A. An individual return must be signed by the individual. A joint return must be signed by husband and wife.

Q. Can I file a joint return with my husband if he is in the service and unavailable?

A. Yes. Sign your name and then say "Husband unavailable—in Korea (or wherever else he may be where he is unavailable)" beneath your signature.

Q. Is it necessary to motorize a personal income-tax return?

A. No.

## Box Auction At Old Country

"Mr. Peepers" had a party—and it inspired the Old Country Road PTA of Hicksville to do likewise. The "party" was a box lunch auction, held on a recent "Mr. Peepers" television program, and it will be the feature of an evening of fun provided by the PTA when it gives its first fund-raising affair of the year this Friday, Feb. 19 at Levittown Hall, Hicksville.

Each woman guest will be asked to bring a gayly-wrapped box-lunch sufficient for two people. The boxes will be auctioned off, then opened by the guests at midnight for a gala supper party. Coffee, tea, punch and soft drinks will be available.

The early part of the evening will be spent in square dancing, social dancing and get-acquainted games. Tickets may be obtained through the classroom mothers, at the door, or by calling the chairman, Mrs. Joseph Mulqueen at HI 3-6536.

### REGULAR MEETING

The regular meeting will be held on Feb. 17 in the school auditorium, at 8:15 sharp. William Glaser, school district psychologist, will be the principal speaker for the evening.

He will interpret a film, "Preface to a Life," which will be shown before his talk, and which illustrates how family attitudes help or hinder a child in his development toward a mentally serene adulthood. He will also discuss the role the school psychologist plays in helping children who are emotionally upset.

After the program, a representative from the Citizens Advisory Committee, will explain the need for the new additions to four elementary schools, a project which will be voted upon on March 6. The architects drawing for the proposed addition to Old Country Road School is now on display in the lobby. If you have not voted since last April 1953, then you must register to vote on the new additions. The registration dates are Tuesdays, Feb. 23, from 4 to 9 P.M. and Saturday, Feb. 27 from 10 A.M. to 8 P.M.

After the program refreshments will be served.

**OVER THE TEACUPS,** Mrs. Burt Titus and Mrs. James Malcolm, Jr., both of Jericho, discuss plans for the formation of a new Cerebral Palsy Auxiliary in Jericho. Tea conference was held in Mrs. Titus's home on Oyster Bay Road.

### Rosary-Altar Society Meeting Thursday

The Rosary Altar Society of St. Ignatius Church will meet Thursday night of this week, instead of Friday, in the school cafeteria.

A successful bake sale was held in the old school all day Saturday, Feb. 13.

Awards were given to Miss Amelia Rothkamp of Carmen Ave., and to Mrs. Lawrence Braun, the former winning sheets and pillow cases and the latter, an apron.

The chairman, Mrs. Frank Wojtyniak and the co-chairman, Max Terry expressed appreciation to all the society members who gave home made bread, cakes, pies, cookies, biscuits and pastries to the sale.

Ben Combs of Lynbrook will bring the message at the evening service of the First Baptist Church, 57 North Broadway, Hicksville on Sunday, Feb. 21 at 7:30

### GIVEN BABY SHOWER

A surprise baby shower was given for Mrs. Robert Wathay of 49 Arcadia Lane, Hicksville, by members of the Candlelight Circle of the Kings Daughters, recently. Attending were Mrs. George Kneuer, Mrs. Louis DiDanot, Mrs. George Kuns, Mrs. Frank Lucas, Mrs. John Crawford, Mrs. Arthur Kopf and Mrs. Rodney Meyerhoff.

## NORTH WEST NOTES:

## Sports Program Lacks Support

By JAMES CUMMINGS

The following is a report from the Executive Board of the North West Civic Assoc., dated Feb. 14. "Attention all paid up members! Be sure to attend our next regular monthly meeting on Mar. 2. You may be the lucky one to take home a radio. This door prize has been generously donated by Herbert Johnson. Any paid up member attending the meeting March 2 may win. In the future we are going to try to make door prizes a regular feature of our monthly meetings."

"Your Sports Committee was very much surprised at the lack of response shown to their request for names of boys interested in joining the Police Boys Club. Thus far, about eight boys have shown any desire to join. This was rather disappointing to the men who have volunteered their time to give assistance in the supervision of the boys sports activities. Perhaps with Spring just around the corner many more potential Big Leaguers might feel they would enjoy this form of competitive companionship. The age divisions are 10-13 and 13-16. All any boy interested in joining need do is drop a card to the Sports Committee c/o Northwest Civic Assoc., P. O. Box 143, or call P. Cassidy or W. Starker."

"A record crowd attended and enjoyed the dance held on Jan. 30. There have been numerous requests for another affair in the near future. Frank Mullins and his committee have been working on this and as soon as arrangements can be made for a definite date, the membership and friends will be advised. Harold Gregory of 73 Gardner Avenue has graciously consented to fill out the unexpired

Recording Secretary, due to the resignation of Joseph Lynch."

## BETWEEN ISSUES

The Executive Board of the Assoc. met at the home of Mrs. Helen Lowry, 58 Myers Ave. on several important matters of interest to the membership. A report will follow. Paul Schulte celebrated his 5th birthday, Sunday, February 14. He had a sweetheart party for his young guests, including: Henry and John Lowry, Brian and Susan Boland, Gene McGrady, Valerie Ann and Jimmy Cummings with Paul and George Schulte, as hosts. . . . A weekend guest of the Schulte's is Lt. William Bennett of U.S. Navy, just back in the states and presently stationed in Washington, D.C. . . . The association is still awaiting word as to when they can expect the installation of No-Thru-Trucking signs . . . Supervisor Waters last week informed your reporter that this matter had been turned over to Highway Department for action by Councilman Frank Chlumsky. Upon inspection of several other areas this installation has already been made—what's the hold-up on North West Hicksville?

## Comets In High Gear, Sock Cliffmen

SEA CLIFF—Hicksville High recoiled from its crushing last second loss to powerful

the host Cliff-men, here Friday night, by a 72-59 count. The Comets jumped into high gear at the outset against the Cliffmen. The Orange was ahead 17-12 at the quarter and 33-17 at halftime.

John Nelson, the only shining light left from the Cliffmen's 1953 championship line, poured in 27 points for high game honors but Joe Pope zipped in 16 of his total of 17 points to prevent his surge from rallying the losers in the second half.

A 48-32 third period advantage enabled coach Chat Jaworski to clear the bench. Before they retired Evaschuk, De Lay and Paton supplying the gas

## JAY VEE LOSES

The home fans had cause to rejoice earlier in the evening when the Sea Cliff Varsity stood off the second line Comets 53-50.

Al Rife and Dick Hogan had 15 and 10 points for Hicksville in a

contest which had a furious finish. The Comets were down 40-30 as the last eight minutes started and scrambled to the last second attempting to overtake the Cliffmen.

In the afternoon at Hicksville, the Sea Cliff Freshmen team made life just a little more unhappy for the Comet Frosh.

Sea Cliff tacked the tenth straight loss on the Frosh with a 64-32 win. The Comets used eleven players with John Roberts, Paul Nezack and Sal DiLorenzo each getting six points in a fruitless cause.

# Must Build Now To Avoid Triple Sessions, Speaker Tells Lee P-TA

HICKSVILLE — Former School Trustee Allen Carpenter, a member of the Citizens' Advisory Committee on Education, spoke Thursday night, Feb. 11, at the meeting of the Lee Ave. P-T.A. of the pressing need for additional classrooms locally, and urged the support for the program to be voted on Saturday, Mar. 6.

Asked if the building program would abolish double sessions, he said that the need right now was to "build to avoid triple sessions." He said there were six items to be voted upon, the first four concerning school additions, fifth on the purchase of additional land for schools, and 6th to provide for a split in the district so that there would be more than one place to vote.

## BE SURE TO REGISTER

He said that the proposed addition were to be added at a cost of \$600,000 each, a total of two and one-half million dollars. He added that the Advisory Committee asks every parent, (husband and wife) to come out and vote, and reminded those who have not voted before that they could register between 4 and 8 P.M. on Tuesday, Feb. 23 or on the following Saturday, Feb. 27 from 10

A.M. to 8 P.M. "Thirty days residence in the district is required," he stated.

After some parents demanded to know in what way the proposed additions would "benefit their own children," they were reminded that 126 children who should be in the Fork Lane School are now attending Lee Ave. School, and in September the problem of overcrowding would become more acute. "The peak is expected in 1963," he said.

## UP VS OUT

During the discussion period which followed Carpenter's informative talk, a disturbed parent asked if the taxpayers would have a chance to see and approve the plans for the additions after the referendum. He felt that too many schools were one-story and felt

## More Industry For Jericho

OYSTER BAY — A proposal to rezone seven acres on Brush Hollow Rd., Jericho, from residential to industrial will be the subject of a public hearing before the Town Board this morning (Tuesday) at the town hall here. The applicants are Harold F. Strohson and Peter V. Solmo.

The legal notice of the proposed change was not published in the Herald.

that the expansion should be "up" and not "out."

After much discussion, the PTA voted to go on record as "endorsing the building of the additions."

President Robert D. Eaton, presided during the business meeting and during the discussion period. Two new teachers were introduced. Mary Reilly, fourth grade teacher, and Malcolm McIntyre, in sixth grade.

Donald F. Abt, principal spoke at the school, and warned the parents who call for their children not to pass the school buses, even when they were standing at the curb. He said that in time the problem of the school's yard being used as a "through-way" despite the signs in evidence, would be solved by the erection of a fence all around the school property.

It was voted during the business meeting that a second hand mimeographing machine be purchased at a cost of \$25.

## CARD PARTY SET

An announcement was made of the Feb. 23rd card party to begin at 8:30 P.M. in the school.
