2 Fire Calls At Precisely Same Minute, Monday

HICKSVILLE—Simultaneous alarms for fires were received at fire dept. hq. at 2:05 PM on Monday, Mar. 8. As the phone rang to call firemen to an oil burner fire at the home of Frank Alfieri of 11 Summer Lane at the south end of the district, Box 624 at the northern end sounded for a grass fire at 16th St. and Burns Ave. Equipment was divided in a response to both alarms.

There were two others alarms on Mar. 8, one at 5:15 PM for an oil burner fire at the Sanita Paper Products Co., 205 Duffy Ave., and at 5:23 PM for a grass fire at Woodbury and Bethpage Rds.

On Tuesday, Mar. 9, at 3:03 the firemen responded to a false alarm from Box 338 at Cottage Blvd. and Essex Lane, and had returned and were just backing the trucks in when at 3:13 PM a call came in by phone for a grass fire on Nevada St.

Police reported that the car involved was driven by Nicholas Valentine, 54, of Jackson Heights.

Truck And Train In Collision

BETHPAGE—A milk company truck driver escaped without injury, Tuesday morning shortly before 9 o'clock, when his truck collided with a Long Island Rail Road train at the Stewart Ave. grade crossing, here. The driver was John Hardestopf, 55, of St. Albans, operating a truck owned by Benken Dairy Co. The front of the truck was damaged.

HICKSVILLE—While investigation of leads has taken Second Precinct police from Queens to Suffolk Counties, the 20 sticks of dynamite stolen from a locked shed here on Feb. 19, together with 88 electrical blasting caps, have not been located as yet, the Herald learned yesterday. The explosives were stolen from the powder magazine of the Henry A. Pollack Co. on Charlotte Ave.

SUBJECT OF SPECULATION:

County Makes Plans For Expressway Path

MINEOLA—A 12-week survey at a cost of \$19,500 is scheduled by the Nassau County Board of Supervisors for the preparation of preliminary plans for a proposed new State Expressway linking Wantagh and Oyster Bay. The Board of Supervisors will act next Monday morning, Mar. 15, to authorize the start of the engineering work.

There has been considerable speculation in the mid-island area regarding the proposed route of the new state expressway, particularly through or near Hicksville.

A spokesman for the Board of Supervisors said this week that the route "will be on the general lines of Wantagh Ave. and South Oyster Bay Road and will cover about 16 miles north and south".

The engineering work will be done under the supervision of Public Works Commissioner John C. Guibert. On the calendar for the Board of Supervisor's meeting, Monday, is a proposed ordinance to authorize County Executive A. Holly Patterson to sign an agreement retaining Frederick R. Harris Inc. of 27 William St., New York, as consulting engineer for the preliminary plans.

"The agreement proposes to retain the (Harris) Corporation, represented by E. T. Quirin of Great Neck to gather all data and present most desirable routes", the spokesman said.

Request Later Parking Limit

HICKSVILLE—Repeating a request made with the town officials more than 18 months ago by the Business Men's Assoc. when Irving Kenner was president, the retailers committee of the Chamber of Commerce last week requested an increase in the enforcement hours of one-hour limited parking in the business section. The retailers want the town board to amend the parking district ordinance to make parking meters effective from 8 A.M. to 9 P.M. daily. At present the one-hour limit expires at 6 P.M. when, merchants feel, hinders late evening shoppers.

Patrick Buffalino presided at the meeting of the retailers committee held in the Chamber office, 7 W. Erie St.

Vote On Another New School

BETHPAGE—An election will be held for Union School District 21 in the Broadway School here Friday, Mar. 12, from 1 until 9 P.M. to decide by ballot whether or not to authorize the Board of Education to purchase a parcel of adjoining land now owned on the west side of Central Park Rd. The land, five acres in area, will cost

Former Cabinet Member To Speak At Bethpage

BETHPAGE—The announcement that Henry K. Finletter, former Secretary of the Air Force, will speak at a Young Democratic Club meeting Friday night, Mar. 12 in the Legion Hall, here, has stimulated county-wide interest, according to Thomas G. Evans, president of the Young Democratic Club of the Town of Oyster Bay.

"It's been a long time since we have had a Cabinet member visit Oyster Bay", said Evans, "and people are coming from all over the county to hear him."

"We're delighted that Mr. Finletter has chosen the controversial subject of 'Budget Cuts and McCarthyism—Twin Threats to our National Defense', as, heretofore, there's been a woeful lack of public expression emanating from our town on these crucial issues", Evans continued.

Other speakers will be Luke Mesadente, former Democratic Mayor of Glen Cove; Larry McKeown, Nassau County Democratic leader and Edward J. Hart, county chairman of the Young

Democrats.

This will also be an election and installation meeting and local candidates for office in the club include: Carlton Bentley, 8 Regina St., Hicksville, for president; Murray Altman, 18 Hollins Road, Hicksville, for treasurer; William DeLeo, 10 Violet Ave., Hicksville, for Zone Representative; Francis V. Guelpa, 4 Center St., for Bethpage Zoning Representative; and Theodore Swiencki, 13 Jarvis Ave., Syosset Zone Representative.

Red Cross Still Needs Workers

BETHPAGE—W. Eugenia Mazzara, who can be called at HI 3-8141, Red Cross chairman here, reported this week that the committee is still short of workers for the annual drive. She asked that those willing to help call the above number.

LEE AVE. SCHOOL, Hicksville, sixth graders with their teacher, James A. Heedles, inspected the newly decorated foyer of the American Museum of Natural History in New York City on Mar. 4, the day before it

was officially opened. Modern design and the striking use of color are the keynotes of the foyer which features "How Exhibits Are Made".

PLAN THREE INJECTIONS: Vaccine Trial Not Compulsory

MENEOLA — Participation in polio vaccine trials scheduled for this spring among first, second and third grade children in Nassau Schools will not be compulsory and only those children whose parents specifically request that they take part will receive the injections, the County Health Dept. said today.

In the vaccine trials, one-half of the children in the first, second and third grades of all private, public and parochial schools in the

county will be given vaccine and the other half will get an inactive substance instead of the vaccine. This will make possible an exact comparison between the polio-vaccine attack rate among children who receive vaccine and those who do not.

No one taking part in the trials, not even the Health Dept. or the doctors giving the vaccine, will know which children receive the vaccine and which the control sub-

stance. The code numbers will be known only to the director of the national study.

Each child taking part in the vaccine trials will receive three injections of one cc each (one cc is equal to about 15 drops). The first two doses will be given at one week intervals and the third, or booster dose, four weeks later. All injections will be given in the arm.

The vaccine should not be confused with the gamma globulin which was widely used last summer, Dr. Brown warns. Gamma globulin is one of the derivatives of human blood and at best could provide only temporary immunity for the weeks that the gamma globulin stays in the body of the person injected. This is called passive immunity.

The vaccine is composed of a solution that contains killed virus of all three types of polio-virus which have been grown artificially in test tubes in a laboratory. This, it is hoped, will set up what is called an active immunity which has the possibility of lasting months, even years.

Dear Jean:

Damage resulting from the recent fire at the Conlon Glass Co. plant on Bethpage Rd., Hicksville, has set back operations there for eight weeks. Results of the school election last Saturday were most gratifying to authorities who had frankly anticipated a larger "no" vote. Recent Duffy Park program intended to re-stimulate local interest in Civil Defense amounted to a short talk by ROBERT GREEN of Port Washington, making his first speaking appearance for the county CD, and a couple of movie films. . . . FRANCIS J. ANDERSON of Hicksville, deputy clerk in the county Clerk's office at Mineola, is scheduled for a salary increase from \$6500 to \$8000 a year under action by Board of Supervisors scheduled for Monday morning. . . . CHARLES BARVELS, asst. cashier of the Bank of Hicksville, won the free lunch at the Rotary meeting last week. At the same meeting it was noted that 30 out of 46 club members had perfect attendance in past years. FRANK BERGMAN of MacPherson Chevrolet was brought into membership at the same session and the Rotarians are starting on plans for another Hickville Night at Ed-Ed Field this summer. . . . Since that excitement in Washington when several Congressmen were wounded, local constituents have been wondering if the local Congressmen were on the scene at the time. It has since been established that Nassau's FRANK J. BECKER was in the Chamber at the time and was among the first to shout "Hit the deck". STEVEN DEROUNIAN, also Nassau, and STU WAIN-WRIGHT say they were on their way "over to the House" at the time. This became curious when it is recalled that a roll call of the House had "just concluded", according to published reports, when the shooting took place on Mar. 1. . . .

A letter from Liberty, New York, addressed simply "Mid-Island Herald, Long Island, N. Y." was promptly delivered at our office, yesterday. . . . County GOP spokesmen trying to justify that new proposed law which will permit township officials (in Nassau, only) to decide if future annexation of areas with incorporated village is "in the public interest" (ha), deserves the crying towel for this quote: "Town officials do have a responsibility to taxpayers in unincorporated areas to prevent huge hunks of assessed valuation from slipping out from under bonded obligations of the town". Do you still wonder why they could not permit Hicksville the right to vote on local home rule thru incorporation. . . .

Mrs. A. Ruhlman, mother of the troop 5 leader, visited the troop in February to show slides on her recent trip to Europe. The trip was taken over the Easter holiday. Mrs. Ruhlman visited places in France, Italy, Germany. She

also saw the Swiss Alps. At another meeting Mrs. Ruhlman told the girls of collecting victims of Carebrad Palay. She told the girls that Mrs. Youm of W. John St., Hicksville, had given the Girl Scouts, the use of land which she owns, in the northwest section for overnight camping. Later, under the direction of Mrs. Ruhlman and Mrs. Kramer, the girls made soap carvings.

On Saturday, Feb. 20, Brownie Troop 85 held a special Fly-up ceremony for Gail Walters who is moving out of town. Mrs. Yala Gersheim, our leader, conducted the service and Mrs. Lillian Jones of Troop 134 accepted Gail into the Girl Scouts.

Mrs. Virginia Benson, leader of troop No. 7, was a guest. After the ceremony, we had a lovely party with cupcakes and grape-juice. We played games and had a lot of fun.

During February, Troop 7 made Kits for Korea. We also put in tooth brushes and soap. Mrs. Carson's troop supplied us with needles and thread and put in safety pins and pocket combs.

The town committee put in wash cloths and furnished the elastic for the kits.

We enjoyed being able to help others.

With the Brownies of Troop 8 we went to the skating rink. We went with troop 85, our troop number is 23. We went by bus. We met at 9 o'clock A.M. We checked our coat and shoes. And rented out the skates. We were soon ready to skate. We skated together, as soon as we saw each other we skated to go to each other. When it was time to go we got our things together and our shoes and coats on. We left the rink tired but happy, then we "climbed" into the bus and went home. At the skating rink we had such great fun!

Enough Rope For Modernists

By JOHN DOWLING
 Today, throughout our country the ultra-modernists in education have been backed against the wall. Their demise is slowly coming about as a result of many enlightening articles authored by deep thinking serious minded educators and top ranking newspapermen.
 These courageous persons are energetically committed to exposing the dangers and weaknesses inherent in a philosophy that places full emphasis on growth, interest, experience, social adjustment and copies other contempor-

ary devices rather than on learning, hard work and fundamental skills.
 It is an unfortunate circumstance when a modernist in education seriously believes that a high school class in social case, life adjustment or better living should be on the same level with liberal arts subjects.
 It is a proven fact that mathematics, English, History and the languages exercise the student's thinking apparatus, while on the other hand, the absence of any

large scale, concrete evidence of the worthiness of these "breeze courses" indicates an urgent need for a re-appraisal as to their value to the student and the nation.
 Educators in our top policy making bodies and educators in our institutions of higher learning have a tough road ahead.
 But it is one for which they are well prepared. The modernists have been given enough rope and now they are dangling. It is our hope that the knife is sharp.

PLAINVIEW VAMPS REPORT:

Chief Reports Recent Alarms

Chief Panciroli reports the following fires: a woods fire on the extreme end of our district in Old Bethpage and a car fire in Morton Village. The chief proudly announces that in the near future, another piece of fire-fighting equipment will be added to the five units now in service.
 The chairman of the Plainview

Comfort Committee, Louis Corvelli wishes to announce that the Easter packages will be sent to all our members and neighbors in the Armed Forces. We feel that there may be some new members of the armed forces not known to us. Therefore we are asking your cooperation in reporting to us names and addresses of any such member. We are extending an invitation to a member of the American Legion, and of the Armvets to be present to assist us at the time of wrapping, which will be done on Mar. 26 at 8 p.m. in the fire headquarters.

Teens To Skate This Friday

By BARBARA CLARK
 Hicksville 3-9160

Since the Plainview Teenage Club had no meeting Friday, Mar. 5, there isn't too much news to report.

The Roller Skating Party planned for March 12, promises to be a success. The officers are confident that everyone will have a good time, considering the fun had at the last two parties.

A small number of girls showed up in skating skirts last time and made such a big hit that the hum of sewing machines can be heard all over Plainview. This added to the talk of the girls means that there is going to be a very large number of very short skirts.

For the skating party we will have our usual bus driver, Al Frank. This is sure to make the bus ride full of unexpected surprises.

Well, the Plainview Cheerleaders have been working very hard and in the very near future there will be cheerleaders and boosters at all the basketball and baseball games. Everyone is looking forward to the game between the cheerleaders and the team. It promises to be a very different sort of game. The cheerleaders are looking forward to it.

Hoping to see all the members at the school in time to leave for Mineola and don't forget to rest your feet so that we'll see plenty of Plainviewites skating all evening. See you at the rink.

It has been requested by the Commissioner of the 5th Fire Battalion, Charles Leib, to bring out the following point of information. The time for spring cleaning has come and thoughts of burning old rags and papers have occurred to all of us. We wish to inform all our neighbors that it is a violation of the state law to start a fire without a permit. It will take just five minutes to obtain a permit at the fire headquarters on a Sunday morning between 10 A.M. and noon.

Democrats Drive For New Members

PLAINVIEW — Plans for a membership drive will be the main business at a meeting on Monday evening, Mar. 15 of the Democratic Club in North Bethpage Civic Hall, Thomas Granito, the club's president, announced today.

PLAINVIEW—A cake and cookie sale as well as a rummage sale will be sponsored Mar. 26 by the Rosary Altar Society of Our Lady of Mercy Church from 1 to 5 P.M. The food sale will be held in the church and the rummage sale in the building at the rear of the church. Members and parishioners who wish to donate may call the committee chairman, Helen Pelkowski at HY 3-1280.

New Service By Local Ladies

By RAE CANTILLI

Hi Folks:
Sorry my column hasn't appeared for a couple of issues, but as probably everyone knows by now, I have been in the hospital. As of now I'm imprisoned on a couch every day and will be for the next 10 days or more. I would like to thank everyone for sending the lovely cards, flowers and fruit and for all the help that friends, neighbors and relatives are giving us. The news won't be too much since I have been out of circulation. However here goes:

BARN DANCE

Plainview Jewish Community is holding an old-fashioned barn dance on Mar. 20 at the Manetto Hill School. A wonderful evening is planned and there will be live music, door prizes, and refreshments.

BABY SITTING SERVICE

An interesting item has come to my attention. It seems that two neighbors, moving in around the same time in Morton Village, happened to get together. From this friendship Mrs. Claire Tell and Mrs. Sonny Luner decided there was a need for good, dependable baby-sitters, so they decided to start such a service.

Best wishes go to Ralph Bergman, who is up and around after being pretty ill for a time. Little Lynn Galanauich of Island St. has been ill for three weeks with a

Home Rule Lip Service

-By Fred J. Noeth

THE NASSAU COUNTY Village Officials Association this week voted unanimously to oppose a bill designed exclusively for Nassau which would effectively prevent any areas from annexing to incorporated villages.

The people of Hicksville are already well aware of how the existing laws work to the detriment of the electorate when they seek the right to vote on whether or not they shall form an incorporated village and rule themselves. At the same meeting in Rockville Centre where the Village Officials went on record against granting Town Boards the power to veto annexations, an attorney for the New York State Conference of Mayors made this statement:

"The general state law regulating village governments was passed 107 years ago and many of its phases are antiquated." The speaker was Donald Walsh who said his organization is attempting to get the state law on village government revised.

We saw the effect of this antiquated statute in the case of the Hicksville plea for the right to vote on home rule. No privilege of a higher appeal from the decision of Supervisor Ransom above the county court is allowed. County Judge Cyril Brown found many points of Ransom's verdict in error, but the learned Judge also found enough technical points—which could have normally been argued in a higher appeal, if permissible—upon which to find the Hicksville Home Rule vote petition was "insufficient".

The proponents of Home Rule and self-government for Hicksville are now confronted with the discouraging task of getting some eight thousand signatures of property owners, verifying the assessed value of each and every one, preparing a list of every man, woman and child (all inhabitants), just to have the right to submit the question to a referendum.

The annexation veto power the Town Boards in Nassau now seek through Legislation in Albany does not directly concern the Hicksville problem. However, it does demonstrate quite clearly that the politicians don't want presently constituted villages to enlarge and don't want to see new villages created.

While piously mouthing slogans about "home rule", these same politicians by their actions prove the direct opposite.

To appreciate just how antiquated the present state law on villages is, consider the fact that the Hicksville home rule proponents must submit a list of every inhabitant (addresses not required, mind you) just to prove that we have over 500 residents. A numerical census is not enough. It must be a list of persons by name.

At present the state law on villages provides that if a properly prepared petition is submitted by inhabitants of a certain area who wish to join an incorporated village, the Town Boards can only determine if the petition is correct and then grant the plea. What the Town Boards seek, under the proposed new law, is the power to look at such petitions and determine if they are in the "public's interest". How many annexations do you suppose will be found in the "public's interest" after this law is enacted?

Sadly we note that our own State Senator William S. Hults is credited with introducing this new steamroller bill.

In People's Corner

By ALLEN S. CARPENTER

Anything which will weaken the blind party vote, will be fought and fought to the bitter end. That's why the tremendous power and self acclaimed ability of our Republican office holders, and their party bosses, is being spent to keep incorporation from coming before the people for a vote.

Their hypocrisy, in claiming that their actions are motivated by their interest in the people's welfare, verges on downright dishonesty. Scare talk about increased taxes and a bookful of high priced lawyer's arguments, are used to belound the issue, and to discourage progressive action towards Home Rule.

No party can stay in power forever. But that is apparently not only the highest purpose but the only aim of the Republican party leaders. Even this aim could be tolerated, if in pursuing their party's goal they did not purposefully curb the people's democratic right of expression and choice. We are not talking about the freedom of choice between two party labels, but the freedom of choice in directing to some little degree the policy and purpose of the "Home Rule" they so proudly claim we now enjoy. Our election mechanics are so rigged by the

Republican machine that our community of over 25,000 people has no voice in local government. Over 20,000 people in our hamlet have only the right of "supplication".

The word "supplication" is used as the only applicable word. There is no one person in our town government who is responsible for our area. There is no one person who can be held responsible by the people. Our supervisor and all the councilmen are elected at large by the entire township, not one of them can be held accountable by the people of Hicksville at election time.

Under the present "Home Rule" which the Republican machine is so proud of, the voters of Hicksville, even if every one of them voted against him, could not keep a man from being returned to office, because the balance of the Township, voting a party label, could place him back in office, yes, even against the will of every voter in Hicksville!

This is the condition that the Republican party leaders are determined to perpetuate. Anything which would give the people of our unincorporated areas, a voice in government, would endanger their machine rule. When they argue against incorporation, they are not arguing for the people's welfare, they are fighting to perpetuate their own.

ALONG WOODBURY ROAD:

Zodiac Signs and Fast Deal

By GENE MALJEAN
Hicksville 2-5515

Just as I was about to be convinced that those proposed stores on South Oyster Bay Road was a fiasco, — viola! — alongside the roots of the vegetation that harbors spring, rose the foundation and brick for the tremendous center to be in our neighborhood. It was almost commonly decided by local residents that it was so long in coming that they believed that there would just be no stores. I suppose you've heard that rumor: This shopping center is expected to draw a million people in time, and I know it will most certainly draw folks in our Northeast section.

Were you born under the zodiac sign Pices? I was—and every-time I read my horoscope it tells me to stop fooling around and get to work. A Picean is considered a very foolish person—spendthrift, daydreaming, irresponsible, lazy, procrastinating, etc. The only quality that we do have is our esthetic tendency — poetry, writing, music, painting, acting, bird calling, butterfly collecting, etc. That is, if we ever get around to it. My wife swears they hit it on the head with the description. She's a Taurus. Taurus folks are wizards at saving and making money. They are devoted and loyal. If you born under a different sign

you don't know them already) ask us and we'll gladly print same.

IT'S ALMOST TIME—AGAIN

That time of the year is rapidly coming nigh. You had a visit from a chap with a new Cadillac who looks very pleased with your property, and he blurted out that at last he found what he was looking for, after which he makes you this proposition—what would you do? The deal: He will bring his boss over tonight to see if the house will be selected, and if it is he will renew the outside of the house for nothing — gratis. Provided, of course, you pay for the wholesale cost of the materials. All you need do is allow him to photograph your house before and after, and he may also drive prospective customers past to see the sample.

You might as well chase him out—it's most likely a con game of a sort. When the boss arrives, he looks displeased and wants to leave right away, and mumbles something about his time being wasted, whereupon the first man, sometimes called "front man" or "trapper", pleads with the boss to accept the house because of location. Needless to say, the act winds up with a deal—all signed subject

Three-Day Assembly

HEMPSTEAD—Close to a thousand people are expected to attend a three-day assembly of The Watch Tower Bible and Tract Society of New York, Saturday and Sunday, Mar. 12 to 14 in the Elks Club Auditorium, Bennett and Fulton St. here.

to bank approval. The only hitch is that you might pay more than elsewhere for the job, or you might have signed a completion slip, leaving you in some fix. There are various endings, depending upon the character of the salesman. It might even be a legitimate deal, but the method of selling is underhanded and unfair.

If someone really wants to use your house for such purposes, it will be done in such a manner that you will have no doubt of its authenticity. And furthermore, they will allow you time to investigate the firm. Business deals do not consist of such drama. (Thank goodness.) Have you noticed the streets in Hicksville Downs without signposts? Everyone is sitting last while waiting for new street signs.

Dropped in on some folks on Hollins Rd., and they were painting the laundry room. "Oh oh!" said the fellow, "this will be in the paper Friday." Seems as if I write their name whenever I notice

something they're doing, and the neighbors jokingly kid them. This time I won't mention Jim and Thelma's name.

Birthday party for Georgie Gorra present were: Mr. and Mrs. George Gorra, Mr. and Mrs. Gene Maljean, Mr. and Mrs. James Gorra, Mr. and Mrs. Frederick Makhouli, Mr. and Mrs. Alfred Baseucci, Mitchell Aron, and thousands of children. It would take a third issue this week to enumerate them. A good time was had by all. Also present was Commander Joseph Huston who is working out of London, at present.

Commander Huston graduated from Annapolis with honors, receiving the binoculars for excellent in his studies. We talked over old times and inquired about his wife, who is half way around the world by now. She has just completed a trip around the world and is presently in Tokyo and has decided to travel around again—this time the other way.

Toonerville Trolley

If very many more people commute to New York City on the Long Island Railroad, somebody must have a way on the roof. Then it will really be like the Toonerville Trolley. When they get to Jamaica, they can get off and climb on another roof, to finish their trip to Penn Station.

LIRR Is Intolerable

One ride on a commuter train from Hicksville to Penn Station is enough to point up the intolerable conditions. And one week of commuting is enough to convince even the hardest soul of the inadequacy of the railroad. The crowd makes a game of trying to guess where the ends of the cars will stop. They stand in groups and if they are lucky, those in front clamor on and they get seats. Those who guessed wrong stand. Then the performance is repeated at Jamaica.

What To Do?

The whole sad situation comes about because the railroad is woefully behind the growth of the area it serves. The real answer lies not in continual fare increases, but in increased facilities or more effective use of the present facilities. Any great increase in equipment seems to be far distant because the railroad is operating under bankruptcy. That leaves more effective use of what is available as the way open to improved service. If the people running the LIRR can forget that they are old line railroad men and forget a few things that can't be done, we can have some hope for a satisfactory solution.

Electrify LIRR To Hicksville

Electrification of the LIRR from Mineola to Hicksville, a distance of six and a quarter miles, according to the official map of the Nassau County Planning Commission, would go a long way toward giving us satisfactory commuter service. We would then have direct service into Penn Station without the need for changing at Jamaica. The cost would not be insurmountable even with the LIRR in bankruptcy. The savings resulting from the elimination of Jamaica as a transfer point would go a long way toward paying for it. Many savings in operating costs would result from extending electrification to here.

What Are The Possibilities?

We don't presume to know what the possibilities of electric service to Hicksville are. But we hope that if it isn't already under consideration by the railroad, they will soon get around to it. There are few things the LIRR could do that would bring greater benefits to more people, and still maintain and even improve their financial status.

Michael and Judith Talbot, children of Mr. and Mrs. Edwin G. Talbot of 13 Gables Drive and Teresa McAleer, daughter of Mr. and Mrs. William J. McAleer of 17 Gables Drive attended a boy scout spaghetti dinner held in the cafeteria of St. Ignatius School on Tuesday, March 2. The dinner was held for the scouts, their family and friends. After dinner two movies were shown, one the subject of which was boy scouting, the other a travelogue. A good time was had by all.

The Gables were also represented at the Valentine Dance held at St. Ignatius by the PTA of that school. Mr. and Mrs. William DiBella of 28 South Elm St. representing their section, Mr. and Mrs. William Allen of 23 Terrace Place and Mr. and Mrs. Patrick McGee of 27 Gables Rd. theirs.

Rather late but interesting news is that Mrs. DiBella, her mother, Mrs. Johnson of Bayridge and some friends traveled into the city about a month ago for dinner and to see that wonderful play "Tea-house of the August Moon" at the Martin Beck Theatre.

Barbara Furstenheit, daughter of Mr. and Mrs. Edwin of 31 Gables Drive nassed her sixth birthday, Feb. 23. They celebrated the event on Saturday, Feb. 27. Among the guests were Jimmy Graham of 19 Gables Rd., Margaret McGee of 27 Gables Rd., Ellen Bruns of 3 Gables Drive, Barney Averano of Spruce Street, Barbara's cousins, Sally and Susan Furstenstein of Albertson, Tommy Longstaff of 86 Gables Drive, Doreen and Ellen Jacobec of Gables Rd., June Olson of 303 Plainview Rd., Diane Schulz of 22 Gables Rd., and the birthday girl's brother Edwin. Because of illness Ingrid Schelp of 25 Gables Rd. and Raymond McGee of 8 Gables Drive had to miss the festivities. Besides the traditional refreshments, candy and cake with that wonderful

Mr. and Mrs. William Allen of 23 Terrace Pl. entertained Mr. and Mrs. W. DiBella of 28 South Elm St. and Mr. and Mrs. Charles Pickering, formerly of the Gables but now of East Meadow, for an evening game of Samba, that new card sensation.

Mr. Ronald Gibson of 299 Plainview Rd. entertained Mr. Leonard Wafsey and children, Hilary, Stephen and Diane of 16 First Street and Mrs. Charles Becker of 70 West Cherry Street at a Kaf-fee Klatch on Thursday, March 4.

Mr. and Mrs. Sam Weller of 301 Plainview Rd. took in the movie "The Robe" on Friday, March 5. "The Robe" tells a stirring story as well as entertains.

Last weekend Girl Scouts of Troop 129 and 117 went to the Minicola Skating Rink, accompanied by their troop leaders Mrs. Dietz, Mrs. Paul, Mrs. Wilbur and Mrs. Arnold. Girls who attended the outing from the Gables were Betty and Adele Fernandez of 9 South Elm St., Rita Gianelli of 11 South Elm St., Patricia Olivia of 6 South Elm St. and Pamela Kneip of Gables Drive. HILLSIDE TERRACE HAPPENINGS:

Girl Scouting Needs Leaders Here

By BETTY MOGAVERO
Hicksville 4-4771

A shortage of adult leaders in Girl Scouting is the cause of the long waiting list of girls who would like to join according to Mrs. Merton Wilbur, town chairman of the Girl Scouts in Hicksville, who gave me this information because we are observing Girl Scout Week.

She said there are three age groups, Brownies, to include girls from 7 through 10; intermediates from 10 through 14, and the senior scouts, from 14 on.

In most cases, she said where

it can be arranged the girls are placed in a troop which meets nearest their home. There are 530 girl scouts in Hicksville.

Women volunteers are needed to work on committees, or to serve as leaders, which would help eliminate the long waiting list. Any women interested in helping may call Mrs. Wilbur at HI 3-0603.

Tickets are now available for the May 7 Spring Fling. If a member of the Entertainment Committee does not contact you, call Joe Huddy of Cambridge Drive, who is chairman.

Speaking of dances Sam and I at-

ended a "Boz-Lunch-Earn Dance" last week to which we were invited by our friends, Lou and Emily Eisner of Sleepy Lane. It was held in the Levittown Reformed Church on Cornflower Lane. Admission was the box lunch and to say we had fun is an understatement.

Add two more groups of women who enjoy getting together for meetings. First there are the women who catch up on sewing every Wednesday night: Alice Berko-witz, Edna Kilkenny, Shirley Kralstein, Ann Cistern, Maria Hoosack and Marge Christopher. Then there's the Tuesday night Mah Jong girls who are: Marilyn Friedman, Fanny Skolnick, Pauline Lonschein, Sydel Weissman, and MaMon Gargulo.

Mr. and Mrs. Ben Chanin of Froelich Farm Rd. are announcing the birth of a daughter, Judith Roberts, on Feb. 28 at North Shore Community Hospital, Glen Cove. Judith weighed 5 lbs. and 8 ounces. A blessed event occurred in the home of Mr. and Mrs. Alex Garfinkle of Vassar Lane, who welcomed a son, Frederick Alex, weight 5 lbs. and 6 ounces, born on Feb. 14 in the same hospital.

Ada Bier of Haverford Rd. has been elected president of the Sharaei Zedek Temple Sisterhood. Rose Garth of Haverford Rd. is doing a fine job as donor chairman. Birthday Greetings to Murray Altman of Hollins whose special day is March 11, to Rose Garth who will mark her natal day Mar. 22, Mary Lou Rosica of Wellesley Lane, to be 10 on the 17th, St. Patrick's Day, and just to keep the record straight, I have one on Mar. 14.

Welcome to new neighbors: Mr. and Mrs. Lou Messa of Cornell

Lane, friends of John and Jean Marchetti of Cambridge Dr. Mr. and Mrs. Irving Friedman of Wellesley Lane will mark their 7th wedding anniversary Mar. 15 . . .

Good luck Marilyn and Ivy. The Murphys of Adelphi Rd. entertained Mrs. Murphy's sister, Mrs. Harrison of Boston, over the week end.

Troop 321 Based On Knighthood

By ARTHUR GREENHAM
Scoutmaster

Boy Scout Troop 321 of Hicksville, known as the Knighthood Troop, was chartered by the Boy Scouts of America in July 1952 with 15 charter members. In six months its membership has increased threefold. It is regrettable that at present no new members can be accepted. The troop is committed to accept only graduates from its scout family member, Cub Pack 321 and its good neighbor, Pack 168. By the end of February he registered scouts totalled more than 50.

The troop, better known as "The Black Knights," received its nickname from the black plumed helmet worn on the black border of its gold neckerchief used by the troop. Knighthood is the basis around which the troop is built. The scout oath and laws parallel

the "Code of Honor" used by the Knights of Old. A knight was bound to live by these laws to the extent of laying down his life rather than break the rules of the game or be faithless to word or friend. A good knight held himself at the service of all that asked his help, giving special services to the ladies. Reviewing the scout oath and laws one can see the similarity. Perhaps Baden-Powell had this in mind when he started the Scouting movement.

Troop 321 uses the names of great knights to distinguish its patrols. Names such as Laurelclot, Galahad, Tristram, Roland and Ivanhoe. Laurelclot was known as a great gentleman in literature, generous to friend and foe, courteous to all, eager to set himself to harder tasks, unwilling to be praised above his fellow knights, always bearing himself with an

easily dignity which let him in plain speech yet not detract from his outrageous gallantry. Many of the other knights, with the exception of a few with flaws that marked their times, were of the same caliber. It is these good qualities that the troop wishes to instill in its growing scouts.

The troop has a mother's auxiliary which has pledged to help the scouts socially and financially, to assist in civic betterment movements, and to promote scout participation in public service to the town of Hicksville. This group of mothers meets monthly at the Dutch Lane School. It is their interest in the troop and their sons that is giving added inspiration to its leaders, who are striving to present a program of interest to its Scouts and also help in creating a fine troop.

Big CD Doings Rather Secret

By DOROTHY GUELPA

For weeks we have been hearing about the "big doings" on Apr. 1 when the CD will present a big all-day program at the Broadway School. So far, although I'm SUPPOSED to be on the public relations committee, nothing official has passed this way.

Also, it is known that the Chief of another committee hasn't heard anything either. Maybe if we all cross our fingers, things will turn out well. This leads me to wonder why the CD set-up all keeps calling for more volunteers when the ones they have are not informed of any developments and thus lose their enthusiasm.

NON-FACTUAL REPORT

Anne L. Merin, vice president and program chairman of the Bethpage P-T A, this week took exception to the report published in the Tomahawk, a Manassas newspaper, regarding the P-T A meeting on Mar. 4.

Answering the claim that the Tomahawk has tried to keep residents informed on topics of interest and to give a true factual report, the P-T A official pointed out "First of all, your paper had no representative at the meeting. How could you, therefore, have given a 'true factual report'?" The letter continues: "The fact

that some present may have called the meeting 'a near brawl' does not concede that the meeting was any such thing. A heated debate does not make a brawl of any affair, especially when the discussion is conducted in an orderly fashion. The moderator, Mrs. Charles Melone, had complete control of the program at all times.

"Your report that the meeting broke up after it reached the point where Kramer and the audience were 'nouting at each other' was completely false. . . ."

"Kendrick Smith from the school attorney's office was present. When called upon to give an explanation of why the school board couldn't do something to stop the contract on the Pine Ave. School, he gave a very clear picture of the set up regarding the financial obligations of the school board in the contract. As long as we are getting Federal Aid in the building of the Pine Ave. School, a federal inspector comes out periodically to satisfy the government before federal payments are made. So long as the federal government makes its share of the periodic payment to the contractor, the school board is obliged to do the same. To date the federal inspector has approved all work on the school building."

"When Robert Olsen appealed to the parents to stop blaming the teachers and the school board for everything that happens to their children and instead get behind the organization that is trying to help the children. He received thunderous applause from the audience." Mrs. Merin wrote. Her home is at 29 Norcross Ave., Bethpage.

Sculpture of Polygnotos Vagis of Evergreen Ave., Bethpage, will be exhibited from Mar. 17 through Apr. 18 at the Whitney Museum of American Art at 10 W. 8th St., New York City.

The Mothers Auxiliary of Boy Scouts Troop 118 of Bethpage will meet in the Legion Hall Mar. 15 (Monday) with Ann Rockhill, and Helen Buffin as hostesses. New members will be welcome.

P-TA Election Held On Mar 4

The March meeting of the PTA here proved most interesting. The large group present was enlightened on many school problems.

The nominating committee brought forth the slate of officers for the new year. Mrs. Ann Merin, president; Mrs. Edith Foy vice president; Robert Morace, recording secretary; Mrs. Evelyn Krans, correspondence secretary; Mrs. Mae Sisia, treasurer. They were voted in and will be installed at the June meeting.

Mrs. Merin reported on the Back-to-School Night program. The winners of the public speaking contest were: first, Louis DeThomasis, second, Beryl Carter; third, Anthony Sabino.

Cliff Shortman made a short announcement asking for recruits for Fathers Night program scheduled for May 6.

The finance committee reported an income of \$1,075.10 from the merchandise club. Mrs. Evelyn Krans, chairman, thanked everyone for their co-operation in making this promotion a success.

The high point of the evening was the "Know Your School Board" program. The school board members were introduced by Mrs. Elvira Melone who acted as moderator. Questions previously handed in were answered by various school board members, some of them having to do with qualifications for the member of a school board, the duties and the fact that a member is not paid for his efforts. The question and answer period, with questions directed from the floor followed.

T R Club May Change Name

BETHPAGE—The name of the Theodore Roosevelt Republican Club is going to be changed to the Bethpage Republican Club, according to the new constitution, if the proposal is accepted at the next meeting. Richard Guido, chairman of the By-Laws committee, read the results of his committee's work at the meeting on Mar. 8 in the Legion Hall.

William Ericsson, chairman of the Membership Drive, suggested that letters be sent to all enrolled Republicans urging them to join the club. President Ed Fehrenback appointed Dorothy Little, Thomas Oliveri and Florence Mullins to assist the membership chairman.

Curt Fels announced that the Republican Recruits will have a cocktail party Mar. 28 from 5 to 10 p.m. in the North Bethpage Civic Association Clubhouse at Stewart and Cherry Aves.

When questioned about the rumor that the postmaster and his assistant are to be replaced, James "Happy" Norman said that as of eight o'clock "tonight" (Mar. 8) officially, no vacancy had been reported to him. He did say, however, that when a vacancy does exist, the committeemen suggest three people for the job and after tests and federal investigations, one of these is selected to fill the job.

Ernest Francke, Hicksville GOP leader, was a guest at the meeting. He invited everyone to come to the county clerk's office any evening for a tour of inspection. He also said that this is the year to get more active because it is the 100th anniversary of the Republican party, declaring "We should really turn on the heat, because folks we need it."

BETHPAGE—A worker on the new Pine Ave. school, 1000 feet north of Locust Ave., here, was taken to Meadowbrook Hospital, Monday afternoon, after he fell to the ground from the steel superstructure of the building and suf-

fered cuts and forehead injuries. Edward Pace, 23, of Ozone Park, was given emergency treatment at the scene by Dr. S. Phillips of South Bethpage and then taken to the hospital in the police ambulance.

Reward Cubs

BETHPAGE—Awards were presented at the Cub Scout annual Father-Son Dinner held Saturday, Feb. 27 in the Methodist Church, here, as follows:

Also: James Miller, Peter Frerk, and Paul Frerk, each one silver arrow; Ronald Pritchard, wolf badge, one gold arrow, two silver arrows, and Dennis Wall, one silver arrow.

Entertainment was supplied by the boys and also a film, "Grun-

man At War." Among the guests was Douglas Kent. Two new committee men were enrolled at the dinner, Mr. Pritchard and Mr. Wall.

Women Hurt

BETHPAGE—Florence Hersey, 30, of 12 Sussex Lane, was taken to Meadowbrook Hospital in a private car following a collision at six o'clock Wednesday morning, Mar. 4, at Evergreen Ave. and Pine Ave. She suffered a possible fracture of the right forearm, cuts and bruises.

Drivers involved in the collision were Kenneth J. Hersey of the same address and Alvin J. Spindanger of 90 Floral Ave.

Bohach Stores Feature Bread
Bohach's Old Style enriched sliced white bread, long a favorite in the Brooklyn-Long Island chain, is featured in the Bohach stores today. It is a new, improved loaf in which the flavor of a real home-baked bread has been caught and retained, authorities say.
The ingredients in Bohach's Old Style white bread are those which a housewife has available in her own kitchen. It has generous additions of pure granulated sugar and vegetable shortening, plus those proteins which are so necessary for proper nutrition.
But the unique, outstanding feature, according to Bohach's bakers, is in the flavor, and involves the use of a special culture in the leavening process.

Blueprint For The Future

We are not very good at reading that sort of thing but there is a set of blueprints that will make the future of Hicksville sports fans very happy.

Soon to rise is the new high school and with that a new gym so long a vision for the people of the community.

We do have some details on the new structure that will help ease the sting of those endless taunts concerning the present home of Comet basketball.

The size of the gym will be 102 feet by 92 feet. It will be one of the biggest gyms in the County but not the largest. Port Washington's palace will still rank first in length at 120 feet.

However, from the standpoint of teaching stations for student classes, Hicksville has planned wisely to be far ahead of the field.

A girls' gym at 80 x 60 will be built adjacent to the main gym. Both will be split lengthwise to provide four teaching stations at a time. The expected gain in student enrollment over the next ten years requires at least that number of stations.

Primary purposes of course in construction of a gym is the teaching considerations and interscholastic athletics is secondary.

On both counts Hicksville will come out on top. The playing surface of the basketball court will be 84 x 50.

Folding bleachers will provide 750 seats on each side of the court for a seating capacity of 1,500. In the case of a real big event another 200 persons could be allowed to stand if the authorities permit.

In addition to the main halls each will have a separate correction room on the side. These will be used for instructions to students who cannot fully participate in the general physical-education program.

When not in use for the prescribed purpose, the Boys Correction Room will be used to practice a wrestling team.

Although many schools have wrestling teams on Long Island, Hicksville has yet to introduce the sport because of overcrowded facilities. It is expected that the coming of the new high school building will see the Orange and Black engaging in the sport.

Both gyms will have direct exits to the athletic fields and in the rear of the girls' building a storage room for field equipment will be part of the structure.

The only small aspect in the plans appears to be the boys' locker room where there is space for only 50 lockers.

That would be a surprisingly low number of lockers for the operation of an athletic plant if true.

Collectively the future looks bright and we are finally on our way to the promised land.
