Hicksville with a goal of \$2,100 has raised \$1,404.92; Plainview with a quota of \$500, no report; Bethpage with a \$1,000 goal has received \$400; Jericho-Syosset, with goal of \$3,900 has collected \$3,182.55; and Levittown with a goal \$5,500 has raised \$4,040.95. County-wide the campaign is running more than \$20,900 ahead of last year, officials reported.

## GRADE CROSSINGS GOT YOU?

# Tell Gov. Dewey Now

The Hicksville Chamber of Commerce, Hicksville Civic and Community Assoc. and other civic groups urge all residents and business people to write without delay to Gov. Thomas E. Dewey, Executive Mansion, Albany, New York, and urge the governor to sign the Hicksville Rail Road Grade Crossing priority bill. Refer to Senate No. 1357, Int. 1276 and Assembly no. 1561, Int. 1520.

It is most unlikely that anything will be done about the Hicksville grade crossings un-

less the priority status of these projects are raised, civic leaders warn. It has been unofficially estimated that the local program will cost in excess of five million dollars. After the priority has been established and plans developed the official cost will be determined and an appropriation of state funds will be sought.

At Schnacher, chamber president's is scheduled to head a delegation Albany-bound to push for passage of the legislation.

## Roman May Run For School Board

HICKSVILLE—Lawrence A. Roman of Notre Dame Ave., active in civic and community affairs, may become a candidate for election as a member of the Board of Education on May 5, it was learned today. He admitted last night that he is giving the matter "serious thought" because a large number of residents in the community have approached him and are urging him to accept the nomination.

Roman has been in the forefront in efforts to obtain a change in the attorney fee arrangement in this school district. A taxpayer appeal taken by him before the State Commissioner of Education charging that the fee arrangement now in effect is "unreasonable" is pending in Albany.

He has also been the general chairman of the Hicksville Home Rule Committee in its efforts to obtain a referendum for the community on the question of whether or not Hicksville should be a self-governing incorporated village.

He is a charter member and past president of the Hicksville Civic and Community Assoc. As chairman of the public utilities committee of the civic group, he led the fight which resulted in the establishment of a five-day-week commutation ticket on the Long Island Rail Road, carrying the fight to the public service Commission and marshalling the support of nearly 300 civic and community organizations on Long Island.

Joseph F. Cawley of 2 Glow Lane has already announced his intention to seek election to the vacancy caused by the expiration of the term of Henry C. Breguel who has been a board member for 20 years.

Howard and Edna Kathie Sutton of Lee Ave., whose term also expires this year, have not definitely stated their intentions regarding

the election. The deadline for the filing of designating petitions with District Clerk Andrew B. Heberer is 10 days prior to the election which will be held on May 5.

## Eginton Quits As CD Leader

MINEOLA—Charles D. Eginton, attorney of 2 Bamboo Lane, Hicksville, announced his resignation on Mar. 26 as director of the Hicksville Civil Defense organization but said he would stay on the job until a successor is named by the County CD.

"I sincerely appreciate the cooperation I received from the many earnest volunteers in Hicksville who have done their best during troubled times in the CD life of the community," Eginton said. "I will do everything I can to help a new director get started here because the area is in a very vulnerable spot in a highly recognized general target area—New York City and Nassau County."

Eginton was under fire during his leadership in Hicksville CD, particularly from a group of former CD auxiliary policemen led by Thomas Cullen. Eginton assumed the position early in 1953 following the resignation of Frank Sutter and his CD Council, who had served for 22 months.

From left, Post Commander Barnett, James G. Carter and Commissioner Walter B. Hatch.

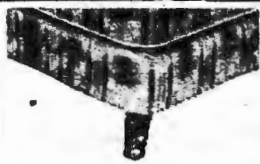

## Explorer Post Receives Charter

HICKSVILLE—A charter was presented to Community Explorer Post 359 Tuesday night, Mar. 16, at the Charles Wagner Post #21, American Legion Clubhouse. Neighborhood Explorer Commissioner Walter B. Hatch made the presentation to James G. Carter, institutional representative, who in turn presented it to Walter Barnett, commander of the American Legion which sponsors the Explorer Post. The master of ceremonies was Neighborhood Commissioner Victor G. Naisch, who was welcomed by Dan Sutter, Explorer Advisor.

**Flowers of Bible  
Discussed by Vicar**

HICKSVILLE—“Flowers of the Bible,” was the interesting topic discussed by Vicar Rudolph Keyl of Trinity Lutheran Church at the monthly meeting of the Lois Altar Guild Tuesday, Mar. 16 at the church. The meeting opened with the joint singing of a hymn followed by the Scripture reading by Vicar Keyl.

Mrs. George Mill, directress, presided. It was announced that the Lutheran Women's Missionary League convention would be held in Asbury Park, N. J. May 25 and 26. Two delegates will be selected to attend. The annual field trip this year on May 16 will be to the Metropolitan Museum to see the religious art exhibit.

Mrs. Edward Harvey, Mrs. William Eisenmann, Mrs. Albert Martin, and Mrs. William Miller were named to the Refreshment Committee for the Women's Evening Communion Service to be held May 10 at the church.

HICKSVILLE—“Shelter Island” was the topic under discussion at the Women's Society of Christian Services meeting at the Methodist Church, Old Country Rd. at Nelson St. Wednesday, Mar. 17. The speakers were Miss E. C. Seaborg and Mrs. Jerry Summers. Colored slides of the island which lies in Great Peconic Bay were shown.

**Dear Jean:**

Did you lose some money? If so and will call Hicksville 4-4706 to identify you can get it back. It was found in the Spiegel Development. . . . Incidentally, that North West area drainage project is not moving much these days. Since mid-December there has been little progress on contractual drawings. Supervisor WATEES is hopeful that bid taking may be arranged within a month. . . . Motion to reopen the principal's salary schedule at the school board meeting last week was lost. . . . School Board, by the way, has received a letter of thanks and appreciation from the Classroom Teachers Assoc. on the teaching schedule adopted. . . . The case of the local parent who has refused to send his children to school if they are not provided with transportation comes up in court at Mineola on Apr. 6. School Superintendent E. H. LE BARRON has been subpoenaed to appear. . . . Story about the reported income average among first 200 home purchasers in Mid Island Park (trade secret homes) in Hicksville caused plenty of comment. Most householders wanted us to tell you that they are far, far below the reported \$5,537 average. One man hazarded the guess that the community-wide average is nearer \$4400. . . .

Hicksville Chamber of Commerce directors were unable to meet, officially, Friday at luncheon when a quorum required by the by-laws. . . . The group was one short of the number required by the by-laws. . . . Described as “loyal Republican committeemen for 25 years or more” several mid-Island residents will be honored on Apr. 30 at a Silver Anniversary dinner at the Hempstead Golf Club. Invitations went out to 56 eligibles including the following: JOHN H. HERZOG, LOUIS KAPPSTATTER, ERNEST F. FRANCKE, HENRY SCHNEPP of Hicksville; WILLIS B. CARMAN, Farmingdale; ANTHONY C. OCKER, JR., and RICHARD A. BERGMAN, Plainview; HARRY TAPPEN, Glenwood Landing. . . . If you want to see that Hicksville R.R. grade crossing program move ahead, you had better write to GOV. DEWEY right away and tell him you want to see him sign the bill concerning this signed. . . .

A Notre Dame Ave., Hicksville, couple was injured in an auto collision on Post Ave., East Meadow, last week. Treated for injuries were DONALD DEBOER, 28, and his wife, JOANNE, 24, of 39 Notre Dame Ave. Their car burst into flames in the collision. . . . Very preliminary discussion of the Hicksville School Budget indicates it may top THREE MILLION DOLLARS this year. It was over TWO last year. . . . Citizens Advisory Committee on Education for Hicksville was scheduled to meet last night (Monday). . . .

NEIGHBOR DOWLING VIEWS NEWS

# Nassau Schools, DA in Accord

By JOHN DOWLING  
Mid-island residents this week were heartened to learn that the conference between Nassau District Attorney Frank Galotta and the County's school principals has resulted in a statement of policy that, if followed, will have a salutary effect on Nassau's school system.

Earlier in the week, as a result of published reports from the district attorney's office, residents throughout the mid-island had expressed grave concern over the alleged concealment of serious school incidents by school administrators.

This all stemmed from a misunderstanding, however, as it was pointed out that all official bodies are working closely together to prevent any large-scale outbreak of delinquency or vandalism in the schools.

One of the chief reasons behind the conference and the concern of the residents, it is believed, was the shocking revelations by a New York newspaper which disclosed that the city schools are in a chaotic state with some schools actually taken over by hoodlums and vandals. The buildings were reportedly turned into hangouts and dens rather than edifices of learning.

Much of the city's schools, it was reported, was derived from strict adherence to the policy of "bury it under the rug no one will discover it." As a result of this injudicious course, unruly students were permitted to go unpunished for their delinquent—and in some cases criminal—acts. This, in fact, gave them a vote of confidence and when they found that aspiring teachers or unthinking

administrators would conceal or cover up student aberrations the crimes increased in number and seriousness.

Fortunately for us in Nassau our school administrators and other official bodies have taken a parable from the New York City school disaster and won't permit thousands of earnest, sincere and hard-working pupils to suffer for a relatively small group of recalcitrant and trouble-making students. Theirs will be a swift and resolute retribution.

## School Board Adopts New Salary Schedule

PLAINVIEW—The Board of Education here met Tuesday evening, March 23, and adopted a new salary schedule for the teaching staff of the Plainview Schools. Previously, the Board had conferred with representatives of the Teachers' Association on the existing schedule and the proposed changes.

The new schedule provides for starting salaries ranging from \$3,400 for B. A. degree to \$3,600 for M. A. Under the old plan teachers having a B. A. would receive \$3,200 on the first step and those with an M. A. \$3,400. The increments will be granted annually over a period of 16 steps with the top of \$6,400 for the B. A. and \$6,600 for M. A. reached at the 16th year of teaching service. New teachers coming into the Plainview school system will be granted previous teaching experience credit up to five years.

Other benefits provided for in the new salary schedule include sick leave of 10 days per year cumulative for three years and a provision for a 2 year maternity leave without compensation with an extension to be granted contingent upon medical recommendation.

The schedule adopted by the Board is generally in line with the new schedules agreed to by other mid-island school districts, it was pointed out.

**Important Dates**

Clip these dates out and attach them to your calendar so that you will be reminded to attend these highly important Plainview meetings.

## Civics to Hear Plans Thursday

By DOROTHY R. BROWN  
Hicksville 4-8125

Eugene Magee has been working very hard on plans for a spring dance to be held May 29 at the VFW Hall on Fourth St. Members of the Millwood Gate Property Owners Assoc. will meet this Thursday at 8 P.M. at Lee Ave. School to hear routine reports and plans for the dance. Results as to the formation of a softball team will be discussed. It is rumored that a shammy picnic is in the offering. Please be present at the meeting and bring all your ideas on these and any other issues you feel should be discussed.

In talking with our good friend Gene McJann this week I heard that the Plainview Theatre Guild is still looking for a few more men. This is an excellent opportunity for any man who feels that he has a little talent for acting. This is one club that knows no boundaries as to where you live, but has invited people from the neighboring towns to participate in its affairs. Also it includes women who are interested in acting. This spring they are working on three one-act plays, and later a full play. The meetings are held at the Manetto Hill School on the first and third Wednesdays of each month.

In Boston, March 24, it was announced that leading research scientists under the guidance of the American Cancer Society have devised methods of finding and diagnosing the three most common cancers in the earlier stages: brain, breast and uter-

ine cervix. Various tracer elements are used in these methods. In view of this can we deny ourselves the advantage of continuing this research?

The Drive for Funds to help continue this and other research throughout the country on cancer is about to begin in April. Anyone from this area interested in helping to collect funds for this drive, please contact yours truly.

Have you noticed how often the fire alarms seem to ring? Also there are many silent alarms? Are these all necessary? The ground is dry and there are heavy winds but if each one of us took it upon ourselves to be extra careful about fire, throwing of matches and especially lighted cigarettes, many of these fires would be eliminated.

## PRIDE in the HOME TOWN

WHAT WITH THE ADVANCES IN TRANSPORTATION, WE HAVE FAR GREATER OPPORTUNITY THAN OUR FATHERS EVER HAD TO KNOW THE SCOPE AND VARIETY OF OUR COUNTRY. BUT, WITH ALL OUR BROADENING PERSPECTIVE, CANVASS ANY GROUP OF CITIZENS AND YOU'LL FIND THAT LOYALTY TO THE HOME TOWN RUNS AS STRONG AS EVER.

PRIDE IN MAKING THE HOME TOWN A BETTER PLACE TO LIVE IN IS AN ESSENTIAL ATTRIBUTE OF GOOD CITIZENSHIP. THE WAY TO IMPLEMENT IT IS TO TAKE AN INTEREST IN LOCAL GOVERNMENT, AND TO SUPPORT SUCH LOCAL ENTERPRISES AS THE COMMUNITY CHEST, THE HOSPITAL, THE SCHOOLS, THE CHURCHES. THE STRENGTH OF ITS COMMUNITIES IS THE STRENGTH OF OUR DEMOCRACY.

## THE SOUTH HICKSVILLE

### Sentinel

By CRAIG WALSH

#### Bomb Scares

The current fad of bomb scares among a certain few high school students is of very serious concern. Each year seems to have its own craze in youthful behaviour. Usually it is only a blowing off of steam and it seldom does anyone any harm. Besides, almost everybody takes it in a spirit of fun and a good time is had by all. But when it comes to bomb scares, it's an entirely different matter. The offenders must be convinced in no uncertain terms that they have gone out of bounds.

#### Playing With Dynamite

Some of these youngsters, perhaps not in Hicksville, have been literally playing with dynamite. They have progressed from a false alarm about bombs in school and using stolen dynamite and contriving crude homemade bombs. Several of these have exploded in the past few days. At least one exploded within a school building. Others have been found. One boy was critically injured. Students are unnecessarily exposed to danger and possible tragedy. We have enough danger as it is, and the craze has to stop.

#### Beyond School Discipline

The seriousness of bomb searing places it beyond the normal school discipline. It is a matter of police action. School authorities have a natural and understandable reluctance to bring the police into the schools. Normally the police have no place in school discipline. But this is different, and it seems that the school and law enforcement authorities have determined to work together as a team to overcome this severe youth problem.

#### Great Majority Are Good

The overwhelming majority of youngsters are perfectly normal in their behavior. They will undoubtedly grow into good responsible citizens. It is highly unfortunate that a blot has been placed on them and their teachers by the lawlessness of the few. One needs but to attend a school function to see with his own eyes that we have good schools and good teachers. An example was the Junior High gym exhibition last Friday night. Students and teachers alike spent many hours after school practicing for the event. They didn't have to. But they did, and the result was an evening of good wholesome entertainment for all. We have good schools, good teachers, and good students in Hicksville. But, as always, headlines are made by the lawless few.

## EXPLORERS

(Continued from Page 1)

Investiture ceremonies were conducted by Senior Crew Leader Richard Gallagher, Deputy Senior Crew Leader Werner Bompbell, Crew Leaders: John Sholl, Phillip Engle and Scribe Richard Hahl-Bohm.

Carter spoke of the worthiness of the Scout movement and pointed out the fine group of Explorer Scouts as proof of that worth. "In these troubled times of youth," he said, "the question is not so much who is to blame, but what can the grown-up do to help. If all of us

devoted hours of our spare time to the youth of America, then we could feel that we are doing 'Our Duty to God and Country'."

Among the approximately 100 who attended was Neighborhood Boy Scout Commissioner Michael Fasullo.

Members of the Scout Committee include: James Edwardson, chairman; Dan Sutter, advisor; Joseph Gallagher, Arnold Weiner, and Charles Montana, assistant advisors; James G. Carter, institutional representative; William Arvidson, Michael Fasullo, Lincoln Farry, Frank Governale, Jack Rondout, Ralph Bergman and Victor Neisich.

# In People's Corner

By ALLEN S. CARPENTER

Most Americans, individuals, want to be proud of their own homes, this is the natural instinct of normal American people. This is one of the reasons we enjoy the highest standard of living in the world.

This same instinct is part of good community thinking. All real Americans feel the normal desire to be proud of their home community. When a person is born and raised in a community this pride is expected, and taken for granted. When we move into a community, either by choice or accident, we are expected to join the community, and give to it our support, and our energy. This is the normal, the American way.

In the home, improvements cannot be made unless the owner can first see where a change would contribute to usefulness, value, or beauty. Those who are proud of their homes are always looking with a critical eye, to find where such improvements can be made.

Written in the Interest of Better Local Government

In every American hamlet, those citizens who want to be proud of their community, are looking about for ways and means of making it a better place in which to live. They should be critical of failure, they should be eager to help make it an even better place in which to bring up our children—the next generation of Americans.

When any citizen has the normal feeling, that he is a part of his community, he will soon find that he cannot be indifferent to community problems. He soon finds that he must be either proud or ashamed of the place in which he lives.

When we live in a community which is awake to its own deficiencies, we are living in a community that is still alive and growing. We are living in a community that is hopeful of a promising future.

No improvements will ever be made, until after someone finds a deficiency. And only so long as deficiencies are found, will improvements be made. Let us pray that each of the recognition of our "show-coming" will grow our pride, in accomplishment.

## Ask the CPA

By SOLOMON NEWBORN  
Certified Public Accountant

Mr. Newborn will answer questions in this column. Address Herald, Box 85, Hicksville.

(This is the second of a series of articles of New York State Income Taxes.)

#### LONG OR SHORT FORMS:

If your income was solely from wages, salary, commissions, dividends or interest, or a combination of these, you may elect a flat 10% deduction, instead of itemizing deductions, and use short Form 200. Long Form 201 must be used if income was derived from a business or from sources other than those listed above. In using long Form 201 you may elect to itemize deductions or to take a flat 10% deduction up to a maximum of \$500.

If you were married and living with your husband or wife you are entitled to the same flat 10% deduction, with a maximum of \$500, whether you file joint or separate returns. If you file separate returns, the deduction may be taken by either of you or divided in any proportion, provided the combined deductions do not exceed \$500. If one elects the flat deduction, the other must also. The reason for this is obvious.

In deciding which would be the best procedure to follow list all of your allowable deductions to see whether they exceed 10% of your gross income. If deductions exceed \$500 and your gross income is over \$5,000 it is better to itemize. Of course, if they do not, the flat 10% is better.

#### DEDUCTIBLE TAXES:

Real property taxes (including portion of realty taxes paid by cooperative apartment owner); auto registration fees; New York State Gasoline Tax (4c per gallon); New York City Sales Taxes (3%); Federal taxes on:

1. Telephone and telegraphic messages (the amount appears on the bill)

2. Transportation of persons and property
3. Safety deposit boxes
4. Club Dues
5. Admissions

#### NON-DEDUCTIBLE TAXES:

Federal excise taxes on autos, tires, oil, gasoline, liquor, jewelry, furs, radios, phonograph records, etc because they are imposed on the manufacturer or distributor and not on the consumer. Federal and State Income Taxes and cigarette taxes are not deductible either.

#### NON-TAXABLE INCOME:

1. Gifts and money or property received by will or by inheritance.
2. Benefit payments under the Disability Benefits Law.
3. Benefit payments under the Workmen's Compensation Act.

#### DIFFERENCES BETWEEN FEDERAL AND STATE LAWS: DEPENDENTS:

1. For State Income Tax purposes a dependent need not be related to the taxpayer.
2. New York requires a dependent to be under 18. If over 18 he or she must be attending an approved school or must be incapable of self-support because mentally or physically defective.
3. New York State does not require dependent to have an income of less than \$600.

#### CHANGE OF STATUS:

Under the Federal Law there is no apportionment of credit, the status on the last day of the taxable year determines the status for the entire year. In New York the personal exemption and credit for dependents is required to be prorated in case if a change in status during the year.

#### EXEMPTION FOR BLINDNESS AND AGE:

New York allows no additional exemption to blind persons or persons over 65 years of age.

#### QUESTION CORNER:

- Q. Do I use a special form if my income was less than \$5,000?  
A. No, but you may use Optional Form 200 if your income was solely from salary, interest, and dividends and you elect to use the 10% optional deduction. (Remember the maximum deduction is \$500.)
- Q. I have \$1,500 in U. S. Savings Bonds, Series E. Do I pay tax on the increase in value?  
A. Interest income from U. S. Government bonds is non-taxable. However, the amount should be reported in Schedule D.
- Q. I won \$50 as a contest prize. Do I have to count it as income?  
A. Yes.

#### ELECTED MEMBER

NEW YORK — Theodore R. Pelm of 30 Eaton Road, Hicksville elected public accountant, has been elected a member of the American Institute of Accountants, national professional society of CPAs.

# Jane Hobson Captures Audience

By HARRIET A. SPINK

The strikingly handsome appearance of Jane Hobson on the Hicksville stage Saturday evening, Mar. 27 immediately disposed her audience in her favor. A gown of white taffeta, trimmed with rhinestone embroidery and jewelry, accentuated the beauty of her fine figure and carriage. But it was her voice and artistry that we had come to hear, and from the first few notes we knew we would not be disappointed.

Miss Hobson's program was skillfully chosen and balanced. Her first group was operatic, with numbers from Mignon, The Marriage of Figaro, and the familiar Seguidilla from Carman. The second group was a folk-style group, sung in English. The first half of the program was brought to a close with Massenet's beautiful and difficult "Il est doux, il est bon" from Herodiade. Following the intermission, came a beautiful group of five German lieder representing Schumann, Schubert, Brahms and Wolf.

Next were two piano numbers; Prelude in E Flat by Rachmaninoff and El Vito by Infante. These were performed by Louis H. Kohnop, Miss Hobson's accompanist, and were so enthusiastically received that Mr. Kohnop was compelled to enclose with Rachmaninoff's G Minor Prelude. The final group by Miss Hobson was a varied and contrasting modern English group; Fulfillment by Warren, Lullaby by Sandoval, The Hero by Menotti, and The Sleigh by Kountz.

## DELIGHTFUL EVENING

For those who enjoy artistic singing, the evening was a delight. Jane Hobson's voice is warm, opulent and capable of a wide range of emotional color. Although she has the warmth and sombre richness of the true mezzo in her lower range, her voice has great brilliance as it ascends. Although a big voice, Miss Hobson showed unusual control and artistry in delicate soft passages to the great delight of her hearers. For example, the love-

ly Welsh All Thru the Night, Schubert's Night and Dreams, and Sandoval's Lullaby were sheer joy in their delicate beauty.

Several numbers, such as the Massenet aria, Fulfillment, and The Sleigh showed a fine high range for a mezzo, but at no time did Miss Hobson's high tones take on unpleasant loudness or forcing. Interpretatively Jane Hobson is above average. She is thoroughly at home in many styles of composition, musically very intelligent and intuitively artistic. At the same time her voice is so well controlled that she always seems able to make it express the exact shade of meaning which she intends—beside which it is a superlatively beautiful instrument. In other words, Jane Hobson is an artist.

Although all of her numbers were well chosen and well done, to this listener the evening's high spots were the smooth, flowing numbers like All Through the Night and the German group which were especially grateful in showing the warmth and richness of the voice and depth of feeling.

Miss Hobson was extremely gracious with four encores: a charming French Bergerette, Vincent Younan's Through the Years, Comin' through the Rye and a Spanish Lullaby. Her manner to her audience was also gracious and warm.

A review of this program would not be complete without mention of the supporting work of Mr. Kohnop.

We of Community Concerts have been extremely fortunate in the fine accompanying we have heard—and the excellent solo callibre of these capable artists. It was so again last night with Mr. Kohnop, and our thanks go to him for his contribution to an evening of great pleasure.

Perhaps the success of the evening is best measured by an enthusiastic member who asked on the way out: "We have had so much pleasure. Who, should we see about our renewals?"

Remaining concerts: Mar. 31, Eugene List, piano—Oyster Bay; Apr. 10, Longines Symphonette—Malverne; Apr. 27, Conrad Thibault, baritone—Huntington.

GOOD NEIGHBORS FOR 28 YEARS

# ALONG WOODBURY ROAD: Why Some Get Playgrounds

By MAY MALJEAN  
Hicksville 3-5515

A reader had told us that she had thanked her builder (Hillside Terrace) for the playground he supplied for the children, whereupon he told her that he was required to supply same. At that time we told you folks we'd check into this requirement to see if it had any bearing upon other homes in the area. After placing several calls we were finally referred to the highway dept. of the Town of Oyster Bay.

The following is the information that was passed on to us: Since 1945, any land that was purchased had to be filed with the town planning commission, who mapped out the streets and play areas to be followed. This requirement was made for any development over five houses. It seems that in Woodbury Gardens the land was mapped out before 1945. It was questions about this development that started this inquiry by us.

However, many more local housing developments fall under this category, and I can remember a few years ago looking at a Hicksville map showing streets that didn't actually exist except in the blueprints of a prospective builder. I believe Hillside-Terrace was not mapped out until very recently. Mrs. Paskie, of Vincent Rd. had

her daughter in the hospital with an appendectomy . . . she's convalescing now . . . Happy birthday Mini Basileci and Eleanor Makhoul . . . Did you notice my husband's picture last week? It was taken at one of Pierre Charbonnet's classes in photography. Mine is forthcoming but you won't see it for a while . . . I have to have my hair done . . . Then have the picture taken. Have it processed . . . Have it made into a cut . . . Then to wait until I write another column and hope to see Marge Gibaldi of Wilfred Blvd. up and around again. Glad to see the poison darts back in their rightful place again . . . Had us worried for a while . . . It has always amazed me the way they keep track of the countless items in the museum. Dr. Bassler, a friend of ours, who was one of the directors of the museum a few years ago, and may still be for all we know, could tell you of every single piece of the museum, and the location of same. We got to know him during the war, when he was heading an expedition into Peru.

The town of our destination was exactly on the equator, one of the hottest places in the world. There was 200 miles of undeveloped land on the border that was despoiled by Peru and neighbors for centuries. This was 200 miles in width but ran along the whole border of Peru. The United States was interested in exploring this country for its natural resources such as rubber and mahogany, etc., which was badly needed for the war effort.

The expedition was to consist of 20 families and we were to spend six years there. I was thrilled to go along, and upon talking it over with my husband found that he had enlisted in the Navy and was leaving in a few weeks. We used to visit Dr. Bassler after hours; we could have dropped in on him at any hour of the night as he slept during the day and worked at night, as did many of the officials there. Typical conversation: "Who moved the green jug in the Indian display to the left side?" "The panther's eyes are fading in the panther exhibit." At two o'clock in the morning, the museum would be a bee hive of activity.

Creating one of the wild animal exhibits entailed months of preparation. A man is sent to photograph the animals in their natural surroundings, and paintings are made of these scenes. Several views are submitted, one of which

is chosen. The display is made in a miniature form and then copied in its natural size.

He had a room with "pets" as he called them—snakes, squirrels, mice, etc. He claimed that snakes were the cleanest of all, and he loved these pets as much as we love our dog. He explained to me that snakes are one of the few animals that do not have a decaying odor after death. He opened one of the many barrels that I had brought back from one of his previous trips and took out a coral colored snake (it was deceased) to prove his point, and the snake smelled like orange blossoms. I didn't try to share his endearment for them.

Last year at this time, eggs were 11 cents higher in price for this day, due to the annual price rise in Lent (due to over buying—shorting the supply). This year the consumer got a break because of the dock strikes. We were not able to export eggs to South America, and, consequently, the price was held down by a much larger supply in our country for now. However, eggs will be forced up, and a peak will be reached at Easter, after which—a big price drop (because hens are still laying heavy) to last until July.

By HOWARD FINNEGAN

With the track season scheduled to open two weeks hence, coach Ted Scholesfield is not unlike a political candidate awaiting the start of convention.

The Hicksville High School mentor has little excuse to expect a grass roots demonstration, but only hopes that some impressions will be made that can give hope for subsequent years.

Efforts that may prove to be the most fruitful should come in the half and quarter mile races, the shot put, discus and pole vault.

Howard Speeding carries the Comet hopes in the 440-yard dash while Scholesfield expects Alex Pravendenkow to come through with sound work in the half mile.

There is considerable sentiment in the Comet camp that Richard Evaschuk could become the best discus thrower in the county but the coach is quick to get on record, that "he will have to train very hard if he wants to go all the way up the ladder."

Pravendenkow is taking up the platter also to give secondary strength in that event.

Freshman Marty Watkins really comes under the light of brightest prospect. Evidence that clearances of five feet, seven or eight are possible even this season has come up in practice sessions. The lift has already gone over the five three mark and with four seasons ahead Watkins looks forward to a great track career.

Dick Sackett is expected to vault higher than any Comet in the past decade. One of the genuine hard workers in the camp his work in the pole vault has been encouraging. He will also attempt the 100-yard dash.

John Marterlio and Joe De Vaul join Evaschuk in the shot while John Jaritt and Robert Klewicki team up for the mile run.

The half mile relay team has Speeding, Pravendenkow, Bob Nolan and John Jankeski limbering up.

John Roberts and Roy Meyer are slated for the quarter mile and 220 while Steve Plotsky works with the pole vault.

With just 30 members on the team Hicksville will not have numbers supporting its banner but may have some sturdy right arms to keep it flying a medium height.

## 3 Service Clubs May Help PBC

HICKSVILLE—Representatives of the three community service organizations met with the Board of Sponsors of the Police Boys Club, here, this week and discussed the PBC requirements for a regular meeting place and for transportation facilities for the youngsters in inter-community competition.

Present at the meeting in the Legion Hall were James Walters and Francis Anderson of Kiwanis, J. Gordon Ulmer and Rudy Bousé of the Lions and Lou Smith and Thomas O'Brien of Rotary. Representing the PBC sponsors were Bill Bousch, Robert Mangels and Harold Manasick Sr.

The PBC will provide speakers to outline the requirements in appearances before the service clubs

at their regular luncheon meetings, Manasick said.

## Local Children Will Take Part

EAST MEADOW—Many Hicksville children will take part in the annual Holy Communion for children to be held Saturday at 9 A.M., April 3 at Holy Trinity Russian Orthodox G.C. Church here with the Rt. Rev. Tishon Meschery officiating. Parents of the Russian Orthodox Greek Catholic faith who wish to have their children received are urged to contact Mrs. Frank Pavlicek of Belmont Ave., Plainview, Helen Palcik of East Hempstead, or Rev. Meschery. Because many of the children do not speak Russian, the service will be conducted this year in English.

## CELEBRATES BIRTHDAY

Miss Patricia Koehler entertained at a party celebrating her birthday on Saturday evening at her home, Newbridge road, Levittown. Her guests included, Kathryn Smith, Lynda Nosth, Julianne McGuinness, Barbara Reichert, Anne Rotkamp, Elizabeth Mahoney, Regina Murray, Ellen Joyce and Judy Patchell. Also present were Gerald Walsh, James Knipping, Paul and Donald DeMers, Tom Bergin, Alton Hendrickson, Eugene Keegan and Dennis O'Connor.

# 700 Turnout for Little League

HICKSVILLE—A capacity turnout of over 700 parents and youngsters jammed Levittown Hall here Sunday afternoon to register boys for the CNL tryouts scheduled to begin Apr. 3rd. Little League films were shown, and Commissioner E. E. De Chester, Jr., outlined plans for the season's activities.

Frank Muller, committee chairman announced the names of all 16 team sponsors and introduced the men who will manage teams in the various league groups. Additional minor league and farm team managers will be appointed during and after completion of the tryouts.

"Approximately 450 youngsters have already submitted registration applications. If your son is between the ages of 8 and 12 and for some reason the parents were unable to take him to the rally, additional registration will be accepted at the tryout fields on Saturday, April 3rd at 9 A.M. Boys residing in the Westbury-Levitt-East Meadow areas within the league boundaries must report to the Carmant Avenue Field. All other boys residing within the Hicksville-Levitt areas within the league boundaries must report to the Abraham Levitt Field near Ball Park Lane, here," De Chester stated.

Weather permitting tryouts for the various age groups will be as follows: All 11 and 12 years olds Saturday April 3rd, all ten year olds Saturday April 10th and the 9 and 8 year olds Saturday April

11th. In the event of rain, the schedule will move ahead one week.

There has been some confusion on the part of the parents as to which fields the youngsters are to report for tryouts. To clear up this point the League again announces the Central Nassau Little League boundaries. In general, the Eastern Division covers the Hicksville-Levittown area and is bounded on the North by the Long Island railroad, on the East by Jerusalem Ave., on the South by Spindle Rd., and Scooter Lane and on the West by the Wantagh State Parkway. The Eastern Division is within Hicksville school district and in the Oyster Bay Township.

The Western Division in general covers the Westbury Levitt-East Meadow area and is bounded on the North by Old Country Road, on the East by Wantagh State Parkway, on the South by the old Long Island right of way just North of Meadowbrook Hospital, and on the West by Salisbury Park. The Western Division is within School District 3 in Hempstead Township.

Both league divisions are under

one governing council and take in an area encompassing approximately 7200 homes in the community.

The eastern league home fields are the Abraham Levitt Little League field and the Dutch Lane and Old Country School fields, Hicksville. The Western division home fields are the Carman Ave. Little League field and the Caddy House field, Westbury. Both league divisions will use field numbers one and two at the Nassau County Salisbury Children's Playground for farm team operations.
