# THE SCHOOLS ARE YOURS: Financial Support For Schools

By ROBERT E. TUTTLE  
Supervising Principal  
Plainview Schools

"How are schools financed?" asked John.

"Essentially in two different ways. One is state aid and the other is by taxes on real estate in the local district."

"How is the state aid a district receives determined?"

"All state aid is based on the average daily attendance of all pupils in the district schools. By state aid we mean money allotted to the district by the State of New York."

"What is meant by average daily attendance?"

"If a pupil is present every day during a school year that attendance would count as one average daily attendance or A.D.A. as it is usually abbreviated. Actually the A.D.A. for any period can be determined by dividing the total days of pupil attendance by the number of days that school was in session."

"From your explanation it seems to me that attendance is high important."

"Definitely, John. Since nearly

all aid from New York State depends on the A.D.A. the greater the total days of attendance per pupil the larger the amount of state aid received by the district."

"Is there anything else I should know about state aid?"

"Yes, it is paid the year following the computation. For example, state aid is based on a three year A.D.A. The average A.D.A. for 1950-1951, 1951-1952, 1952-1953 is used to compute the state aid paid during the year 1953-1954. In general more state aid is paid on the attendance of secondary students (\$274 per student) than for elementary pupils (\$220) per child Kindergarten through 6th. Grade. Kindergarten pupils on a half day session are allowed by the amount set for elementary children or \$110 per child."

"What about emergency state aid?"

"For rapidly growing districts in the state, especially in Nassau County, the state does grant emergency aid. This aid is also based on A.D.A. and other factors as rate of growth in school enrollments etc. In such cases, the state aid is based upon a one year A.D.A. minus a one mill contribution on the full valuation of the district."

"These local school taxes interest me. What about them?"

## Dear Jean:

Politics have given the green light and the Long Island Women's Republican Club will soon receive its charter from GOP hdq. . . . Want to see something different? One of the latest navy submarines, USS BECUNA will be anchored off Greenport this weekend of June 12 and 13 and visiting hours are planned from 1 to 5 P.M. on Saturday and 9:30 A.M. to 11:30 A.M. and 1 to 5 P.M. on Sunday with a shuttle boat service to the sub out of Greenport and Shelter Island. Commander of the ship is Comdr. HAROLD E. SHEAR, resident of Shelter Island. . . . Some talk of the inter-company efficiency contest of Hicksville Dept being changed from June 20th. Boys in the Comical Co. 3 think it ought to be some day besides Father's Day. . . . Plainview racing team has challenged the Hicksville Emergency Co. 5 to an efficiency contest. There were some mighty red faces, Sunday, when Co. 5 tried to show their booster line to Plainview and the darn thing had to be primed. . . . The quiet Sunday afternoon was interrupted when an air compressor motor in the basement of Richard's Furniture Store at Bway and Old Country Rd caught fire. The basement was thick with smoke until the Hook and Ladder Smoke Ejector was put on the job. . . .

Water Commissioners of Westbury district are leaving the public have the final say on fluoridation of the water supply. A public vote will take place at the Westbury firehouse on the question on June 14 from 2 to 9:30 P.M. . . . Hicksville was well represented at the 6th Battalion fire tournament at Levittown, Sunday, although the local firemen were not competing. Hicksville, Plainview, Jericho, Bethpage and vicinity are members of the 6th Battalion which holds its area contests at Plainview on Sunday afternoon, July 25. . . . Retailers are urged to attend the meeting at the Chamber of Commerce office, 75 Broadway, this Wednesday night, June 9, when final plans for July Dollar Days will be discussed. . . . We hear that a printing plant is scheduled for the former SHRIMP Farm on Bethpage Rd., next to the Hicksville Water District office and plant. . . . Twin Lawns Civic Assoc. meets tonight (Tuesday) at East St School, making plans for its 4th of July Celebration which was dropped last year due to lack of cooperative interest. We hope they revive this clock party. . . .

The matter of attorney fees is a lively subject in many localities. For example, in Bergenfield, N. J., a candidate for the council there said in a statement on borough attorney's fees "for his part-time job as legal adviser, he received in 1952 \$22,800 in fees. The Chief Justice of the Supreme Court of the U. S. Receives \$25,000. Rumor has it that former Gov. WARREN gave plenty of thought to Bergenfield before he accepted the new job in Washington . . . for while the job pays less he would be able to retain in a private law practice". Our informant also comments, "seems they have the same problem". . . .

Before the phone rang, she was just a teenager. Now she's been invited to her very first formal. And she's dreaming of soft lights, music and long, swirling skirts.

Most of us can remember at least one telephone call that heralded a big change in our lives. Like the news of a raise in pay. An engagement or a wedding. A new addition to the family.

Of course, most calls you make and receive aren't so earth-shaking. But they are still important. Think how the phone helps with shopping... what it means when the TV set has tube trouble... how pleasant that chat was with Aunt Sarah in Chicago (and how fast the call went through).

Then consider how little your telephone costs for the day-to-day convenience and satisfaction it brings you. Actually, even though it steadily grows in value and usefulness, the average phone takes a smaller part of the family budget than it did ten years ago.

CURRENT COMMENT:

Be Proud Of Your Flag

By Fred J. Noeth

THE AMERICAN LEGION deserves credit for the campaigns by Hicksville and Plainview posts to get greater public cooperation in the display of the American flag.

In Hicksville, for example, the Charles Wagner Post has been active on this project for more than a year. Jack Ehmann who is in charge of this campaign for the post notes with satisfaction that 68 American flags were proudly displayed along Broadway on Memorial Day. He compares this remarkable improvement with the fact that only two flags were to be seen a year prior when the Post started its campaign.

Next Monday, June 14, is Flag Day and once again a committee of patriotic citizens in Nassau and Suffolk Counties will make a physical count of the number of flags displayed in various business sections in both counties. The statistics will be released to the newspapers.

We hope that Hicksville and other mid-Island communities will be among the top ten for both counties in the number of flags displayed on Flag Day.

And while we are at it, homeowners should also make a special effort to display the American flag on those other official holidays when flag displays are directed.

Frequently, the display of flags in front of a store is a difficult chore for the owner who has his business here but resides in some other community. He must make a trip back to the store on a day off to set out the flag. Then he must return in the evening to lower Old Glory. Householders have no such excuses. They are right on the premises and just need to take a few minutes at the open and close of the daylight hours to proudly put up their flag.

Cooperating with the current efforts to obtain greater cooperation in the display of flags are many patriotic local dry cleaning establishments who willingly will dry clean your flag without charge.

Would it not be a wonderful sight on Monday, June 14, to see one hundred per cent cooperation by store owners and householders alike throughout the mid-Island area in the public display of our American flag?

Circle that date on your calendar right now and remind yourself of a simple patriotic duty — display the flag on Flag Day and the other patriotic holidays throughout the year.

And may we add sincerest good wishes to the members of the Charles Wagner Post No. 421, American Legion, who are celebrating the 35th anniversary of the post this week. May they continue to serve the community and the nation as they have in the past.

Progress Coming to LIRR?

If headlines of the last few weeks concerning the Long Island railroad materialize as facts, it will be a great day for the long suffering commuters, of which there are many. We read of new streamlined comfortable cars, perhaps with air conditioning. Although there hasn't been much said about it, there might even be a seat for every passenger. And all this for only 20 per cent increase in fares.

Sensible Plan

The reorganization plan worked out by the Long Island Transit Authority and the Pennsylvania Railroad with the blessing of Governor Dewey seems to be for the most part a sensible one. The L.I.R.R. could hardly hope to stand on its own feet because as it has been organized it has been only a fraction of a railroad. It has lacked a substantial freight business which is the profitable end of railroading, and to get this "kravy train" the railroads are generally required to supply reasonable passenger facilities, as part of their rate franchise.

Somewhere along the line, the L.I.R.R. got off the track and lost a good part of its profitable freight business. Maybe it was peculiar conditions on Long Island, and maybe it wasn't. Or perhaps it was the coming of the motor truck. It might even have been one of the manipulations resulting from absentee management. Who can tell? In any case, as things stand now, it would only be asking for continuing deficits and bankruptcy to operate the L.I.R.R. as it has been. To make it an integral part of the Pennsylvania, to share in all of its profitable operations to which the people of Long Island contribute, makes good sense. The only thing we don't like about the new plan is the 20 per cent increase in fares which makes the L.I.R.R. the highest cost commuter railroad in the New York area.

Wanted — A Definition

In all the talk about school bus transportation we have heard about the two mile minimum distance from home to school to make a child eligible for bus service, and also the inevitable exception, as with all rules, in the case of hazardous areas. From what we understand there are several areas which fall into this "hazardous" classification, and much discussion about other areas which should also be included. But, as far as we know, no one has come forth to tell us what constitutes a "hazardous area", and what does not. Perhaps by the time September rolls around we might have a clear cut definition and each parent can have the assurance that his children are being treated just like all the others.

In People's Corner

Written in the interest of Better Local Government...

By ALLEN S. CARPENTER

Despite mountains of evidence to the contrary, we don't really believe that all our town officials (1) have abnormal intelligence; (2) are not at least mildly interested in the people's problems; (3) and are so blind that they can't see the "writing on the wall."

The rapid growth of Hicksville, Plainview, Massapequa, Bethpage, Plainedge, Syosset, and other areas of the Town of Oyster Bay, has created a tremendous and ever increasing number of serious local problems.

Each of these localities, while they may be generally aware that their problem exists in other areas, are only vitally aware of those deficiencies close to home. We are (with good reason) not really interested in how many problems our town officials have. We are only interested in what our town officials are doing to solve the most pressing ones. And the most pressing problems are always "ours", no matter what locality we live in.

We judge our officials by our own standards not by theirs. The fact that there are over 70 undeveloped play areas in the township constitutes a problem, especially to those people who live next door to them. When they are used as dumping grounds instead of playgrounds, the near-by residents are crying for a solution to their problem, they are looking for action not excuses.

We judge our public officials by our own standards, not by theirs. When our problems are relatively simple, and they have all been solved, elsewhere

by normally intelligent people, it is hard to be patient with inaction, excuses and long delays. Normally intelligent people in every locality know that given the authority, they could solve their own problems. Can anyone blame them for being unhappy with those officials who have the authority, but who apparently will not be able to solve these problems within our lifetime?

The people have justly put the blame upon our town officials. The blame is theirs. But the blame is not entirely due to personal inefficiency. Their blame and their responsibility is not entirely due to blindness, is not altogether due to their lack of interest in the people's welfare. Their greatest shame, their principal blame, is in their determined efforts to perpetuate their party's power by defending the arcane, out dated, irresponsible town form of local government.

Our town officials have known for some years now that the tremendous and ever increasing number of serious local problems cannot be solved efficiently, or rapidly under our special district form of town government. Our people, more of them every day, are coming to the same realization.

Our tired town officials, even if all of them were geniuses, could not handle the multitude of diverse problems, in the numerous special districts of all the rapidly growing hamlets of our township. Their shame is not in being unable to do the impossible.

Their shame is in trying to hid the people into waiting for the impossible to happen.

Poison Ivy Menace Here

By VERA TRIOMBLEY

As a new resident of Hicksville, I wish to acquire your assistance in correcting a serious menace to all, including school children, who have to use the sidewalk on the west side of Broadway—formerly property owned by St. John's orphan asylum.

The poison ivy is so dreadful on this walk that it is impossible to escape it. I fear some one will have an awful dose of Poison Ivy if something is not done soon by the Board of Health.

Make a personal inspection and you will find that my complaint is correct.

This menace is located between James St. (north) to the office of Stackler and Frank, Ohio St. Hicksville, N. Y. May 19, 1954.

By SOLOMON NEWBORN

Certified Public Accountant

Mr. Newborn will answer questions in this column. Address Herald, Box 95, Hicksville.

(This is the first of a series disclosing the pros and cons of operation of a business as a corporation, partnership, or sole proprietorship.)

Q. What form of business organization affords the best means of operation?

A. There are many factors which must be considered in deciding whether to operate your business as a corporation, partnership, or sole proprietorship. We will consider these factors one by one.

LIFE. Generally the life of a corporation is perpetual thus making possible a continuity of business. A partnership is generally for an agreed period of time. Death of a partner dissolves the business. Death of the owner of a sole proprietorship may close up the business for all practical purposes.

LIABILITY. The individual stockholders are not liable for the corporation's debts. Liability is limited to the capital invested. All general partners are liable individually for all debts of the partnership and the personal assets of any one partner may be seized to make up the deficiencies of the other partners. An individual in partnership is personally liable for all the debts of the business.

ENTITY. A corporation is a legal entity separate and apart from its stockholders. It can sue and be sued and holds and controls property. In a partnership and sole

proprietorship the business is not a separate entity but consists of the individuals.

CREDIT. Generally a corporation enjoys a certain amount of prestige may find credit easier. In a close corporation stock certificates may be used as collateral. Partnership and sole proprietorships draw credit based on the individuals involved. Interest in a partnership cannot generally be pledged for loans and credit.

TRANSFER OF OWNERSHIP. Transfer of ownership of a corporation is very easily accomplished. Stock certificate may be transferred or sold to anyone. Sale of a partnership interest creates a new partnership and requires the consent of all remaining partners. Agreements must be made concerning the former partners liability. The sale of all or part of a sole proprietorship involves similar consideration of liability to old creditors.

CAPITAL. A corporation can very easily attract new capital by the sale of shares or bonds. A partnership can only make loans, take in new partners (not an easy proposition), or have the individual members make additional contributions. A sole proprietor, in order to raise money, can only make loans or take in a partner.

MANAGEMENT. A corporation is managed by a Board of Directors and the majority rules. A partnership requires unanimous agreement for action... a point which has stymied many important transactions. An individual owner makes his own decisions. In a corporation the stockholders own but need not be part of the management. In most partnerships investment means participation in the business. An individual must likewise manage his own business.

FLEXIBILITY. A corporation is limited in its powers by its charter. Partnerships and individuals can do anything which is usually done in business unless limited by partnership contract or law. (See next Tuesday's Herald for a discussion of the tax advantages of each form of organization.)

## Children Enjoy Outdoor Studies

The Second Grade pupils of the Old Country Road School, Hicksville, under the leadership of their teacher, Mrs. Harry Kropf, enjoyed a class trip Wednesday afternoon, June 2nd, to the "Tackamausha Preserve" located at Seaford, L. I.

This trip was an outgrowth of their Science unit which includes birds, trees, animals, flowers and insects of Long Island.

Frank J. Nelson, Museum Curator, described each display at the museum from native insects, fish, plants, wild flowers, minerals, fossils to the Indian relics.

Besides visiting the Museum the children enjoyed the Nature Trails through the woods where they saw the native trees, shrubs, and animals of Long Island.

Mrs. Robert Averius; Mrs. Theodore Cohen; and Mrs. Lester Classen, Class mothers, accompanied the children on the trip which was taken by bus.

Richard J. Thurer, son of Mr. and Mrs. Carl Thurer of 76 Sackett St., Hicksville, is home from Princeton University for the summer, having finished his freshman year.

## Merchants To Organize Chamber

BETHPAGE—A group of local businessmen and merchants gathered here last week to discuss the possibility of establishing some type of association to better coordinate their efforts on behalf of betterment of the community.

Robert Levine, proprietor of Uncle Bob's Sweet Shop, and Robert Plinkus, Manager of the Beth-

page Cleaners, brought the group together to determine what type of organization would be best suited to the needs of the community.

It was decided that the possibilities of organizing a Chamber of Commerce should be investigated and William A. Mannilla, local Realtor, was asked to serve as Chairman of the Committee to bring to the next meeting all the information necessary to present to the group.

The next meeting will be held at the Powell Ave. School Auditorium on June 22 at 8:30 p.m. All businessmen, merchants, industrialists and anyone interested are most warmly urged to attend.

**FILL BIG TANK**  
HICKSVILLE—Members of Fire Co. No. 2 over the weekend pumped more than 200,000 gallons of water into Lou Smith's new fuel oil storage tank off Hazel St. on Washington Pkway to test it for leakage. The tank is 30 feet high, 35 feet in diameter.

tabulated the total assessed valuation of the district can be determined. Because it takes time to get information (assessments), from the Board of Assessors to the various Boards of Education and for the various Boards of Education to meet and certify tax rates, the tax rates does not become official until the County Board of Supervisors issues the tax warrant. This is usually done at the first meeting of the Board of Supervisors in September.

"Then?"  
"The amount to be raised by taxes is divided by the assessed valuation of the district to determine the rate. Usually the rate is stated in dollars per hundred dollars of assessed valuation as \$2.00 or in dollars per thousand dollars of assessed valuation as \$20.00."

"Then how are my own taxes determined?"

"Your property, John, is assessed at value which are lower than current market values. For example, if your home is assessed for \$5,000 and your tax rate is \$20, per thousand dollars of assessed valuation your school taxes would be 5 x \$20, or \$100.00."

"So," summarized John, "my school taxes are dependent on the rate set by the relation of the school budget to the total assessed valuation of the district. Then the actual amount of the school taxes I pay is determined by multiplying the rate per thousand dollars by the number of thousand of dollars assessed on my property."

"Yes, you have stated the idea in capsule form."  
"One other thing interests me," said John. "I should think it would be difficult to keep within the budget. Goodness knows it is difficult for the family these days. What happens if a district exceeds its budget?"

"The Board of Education will be aware of this situation before it becomes a hard fact in most cases. However, this isn't always possible in a rapidly growing area. The Board of Education is empowered to call a special meeting of the district to approve the borrowing of money for necessary expenditures."

"What do you mean by necessary expenditures?"

"What is required in the normal operation of the district or connected with the construction of new buildings, transportation etc. Additional monies for salaries of employees, fuel, light and telephone and other general operating expenses may also be required. When a special meeting approves additional expenditures, not covered by the budget, the Board of Education can borrow money on interest bearing notes. These monies must be added to the budget for the following year if not covered by a bond issue, bus bonds or some other form of borrowing as outlined in the laws pertaining to Public Finance."

**Story Of Little Boy From City**

By CONSTANCE GIBSON  
 Hicksville 4-1383

We heard quite a story from Mrs. William Horn of 303 Plainview Rd. It seems that on Sunday, May 30, while she and her daughter, Mrs. John Olson, were home a little boy came to their door and cried to be let in. The little boy dirty and confused couldn't remember anything except that he was lost. When Mrs. Olson asked him from what direction he came, he pointed to all four. The mother and daughter then asked him his father's name to which he answered, Marcie. Since Mrs. Olson's name is Marcella the two began to wonder if perhaps the boy knew Mrs. Olson from her work in the office of the East St. School. But he did not seem to.

Mrs. Olson sensed the little boy and let him play with her daughter June's doll house while she phoned the police. A little later, the

police arrived and with that a car pulled along side. It was the boy's family. They had been waiting off South Oyster Bay Rd. from the city, it was the first time they had ever been in Hicksville. The boy had been missing for two hours during which the parents and their friends had searched the neighborhood frantically, finally calling the police to find that a youngster had been found. So happily ended a busy day.

The Gables were well represented in the Memorial Day Parade. Clifford Goff of 289 Plainview Rd. marched with the CD auxiliary police of which he is Chief. Miss Eunice Harrigan, daughter of Mr. and Mrs. Edward Harrigan of 293 Plainview Rd. marched with the Girl Scouts, Richard Evers of 24 South Elm St. came along as a member of the Charles Wagner American Legion Post and Mrs. George P. Maguire guided a Cub Scout troop of which she is a den mother.

We would like to give mention to the James Montaloni Jimmy, the elder and younger, who marched with the MID ISLAND HERALD sponsored team of the Little League.

We would like to send best wishes for a speedy recovery to Mrs. Frances Ketchum of Water St., mother of Mrs. Sam Weller of 301 Plainview Rd. who is ill in Nassau Hospital.

Attended a Pastry Demonstration Party at the home of Mrs. John Olson of 303 Plainview Rd. Wednesday, June 2. To the delight of the fifteen invited guests, Mrs. Seretan of Wantagh did wonders with pastry dough, making pies, tarts, turnovers and many other culinary marvels. If there were any dieters present the calories were soon forgotten. Mrs. Seretan recently gave a demonstration at the Trinity Episcopal Church here in Hicksville.

Double celebrations were in order for the Al LaPlacas of 319 Old Country Rd. Mr. LaPlaca celebrated his birthday on June 2 and he and Mrs. LaPlaca celebrated their 13 wedding anniversary on May 3.

Heard that Mr. and Mrs. Jack Ketchum of 12 South Elm St. have named their baby girl born May 22 at Nassau Hospital, Dawn.

Speaking of babies there is a family of robins who nest in the weeping willow tree in the back yard of the Frank Werners of 297 Plainview Rd. who are now in the process of teaching their three

has been no real midday except for the fact that there has had to be resuses from cellar windows, cats and general obstacles. All the worried human aunts and uncles will be glad when the fledglings are on wing.

Belated birthday greetings are in store for Laurel Beniamino of South Elm St. who was 3 years old on May 2. We were sorry to hear from her aunt Mrs. B. Beniamino of 22 South Elm St. that Laurel had the measles for her six day.

A happy birthday goes to James Graham, son of Mr. and Mrs. Joseph Graham of 19 Gabbs Rd. who was six years old on Saturday, June 5. Mr. and Mrs. William Marjine and daughters, Patricia and Pamela of Glen Oaks and Jimmy's grandparents, Mr. and Mrs. Samuel Kenney also of Glen Oaks came to spend the day. Little Pamela Marjine, Jimmy's cousin had celebrated her second birthday on Thursday, June 3 making the occasion a doubly important one. After a small family party everyone went to the American Legion Carnival on South Oyster Bay Rd.

Mr. and Mrs. John Olson and daughter June and Mr. and Mrs. William Horn of 303 Plainview Rd. played host to the members of Mr. Olson's softball team and their families for a picnic in the yard of their home Monday, May 31. Present to play ball or just enjoy the beautiful day were Mr. and Mrs. Frank Fisher and family, Jean and Moe Smith and family, Helen and Al Berry and family, Stella Pruitt, Bob Vivereca, John and Ann Ryan and family and Mary and Ray McGranahan and family. All are from Hicksville. This same group went for an outing to the Belmont State Lake Park in Suffolk Sunday, June 6.

A happy birthday goes to Kevin Evers, son of Mr. and Mrs. Richard Evers of 24 South Elm St. who was 3 years old, Wednesday, June 9.

Again belated greetings go to Mrs. Margaret Tila of 20 Gabbs Rd. who celebrated her birthday Wednesday, June 2 with a family gathering, her daughter and son-in-law Mr. and Mrs. William Zielh of Whitestone attending.

Mr. and Mrs. Gerard Ofenloch have moved from 41 Crescent St. to 47 Pine St., Hicksville.

A subscription for THE HERALD makes a wonderful birthday anniversary gift.

**Need Helpers For Korean Relief**

HICKSVILLE—Leonard F. Urschel, Chairman of the American Relief for Korea, clothing campaign here, in a plea for more drivers, more cars and more trucks said today. "The war has dealt terrible blows to millions of Korean civilians. Men, women and babies are cold, hungry and homeless. Let's let them know we care. We can help them in their desperate struggles for survival. Please volunteer two hours of your time for Saturday, June 12 from 10 A.M. to 2 P.M. The more people, we have to drive the cars and pick-up trucks, the lighter the work for those who have already volunteered. Please call me at HICKS. 3-3074, if you can help." **Tax Collections At New Peak**  
 OYSTER BAY—Over 98 1/2% of the 1953/1954 School Taxes for the Town of Oyster Bay were collected, before the tax rolls were returned to the County Treasurer, on June 1, it was learned today. Out of the warrant of \$6,996,387.42 issued for the twenty-two School Districts in the Township, a total of \$6,891,622.45 was collected.  
 In the release of these figures to the Herald, Receiver of Taxes David Welsh of the Town of Oyster Bay, announced that this is the "highest percentage of collection" ever made by his office.  
 Although final notices were sent out to that effect, Welsh brought attention to the fact that all unpaid 1953/1954 taxes are now payable to the County Treasurer at Mineola.

Hicksville 4-2227

Something new has been added, and in this case, new neighbors. On May 17th, Mr. and Mrs. Raymond J. Byrd and their family, formerly of Queens Village, moved in at 28 Somerset Avenue. Patricia Byrd is eight years old, Jeanne five and a half, Michael three and the latest addition, little Barbara, is three months old. Let us take this opportunity to welcome you folks and we certainly hope you like it here in Hicksville.

Men, here is your chance to pitch in and really do a "good deed for the day", and, many days to come. Camp Edy in Bayport, one of the Girl Scouts' Camp on Long Island, is in the process of being enlarged and any man that feels that he can give of his time and services on any Saturday or Sunday and would like to help out on the project of building additional barracks and so forth, is asked to get in touch with Mrs. Wilbur, town chairman of the Girl Scouts, at Hicksville 3-0003.

Martin Lauer and Whitey Woodley were among those men helping out a week ago Saturday. Mrs. Lauer and her children, Paul, Holly and Iva and Mrs. Woodley and her daughter, Yola, and their friends, Martha Meiser and Shelly Lauer went along and they made a day of it. All the help given at this Girl Scout Camp will be greatly appreciated so do try and make it out to Bayport.

While on the subject of Girl Scouts, Karen Anderson of 21 Albert St. was one of ten girls in the fourth grade at the Lee Ave. School to take part in the "Fly-up Ceremonies" on May 25th. This is the name given to the graduation, so to speak, of a Brownie to an Intermediate Girl Scout. It is quite an event for the girls and present at the affair were their mothers as well as their fourth grade teacher, Miss Storey, Mrs. S. Levander, Leader of Brownie Troop No. 238 and Assistant Leaders, Mrs. Marion Wander and Mrs. Estelle Schwartz. As a gift from their Brownie Troop, each girl received the official Girl Scout Handbook and "Wings" to sew on their scout uniform distinguishing them as former Brownies. The new members of Intermediate Troop No. 241, Mrs. I. Fischman, Leader, are: Karen Anderson, Renee Abramowitz, Vicki Kraemer, Judy Federbush, Lynn McInnes, Carol Starke, Alice Engle and Kathleen Frank. On Wednesday, May 26, Mr. and Mrs. S. Bergholtz of 21 Somerset

Ave., had Mrs. Bergholtz's parents, Mr. and Mrs. O. L. Josephsen, on voyage. Mrs. Bergholtz's parents sailed on the S.S. Stavangerfjord for a four month visit in Norway.

While most of us were snug in bed last May 29th, the surprise birthday party at 24 Albert St. for Jean Mandala was going in full force. Jean fully expected the gang over on Saturday night for what she thought was to be a regular gathering of the group that takes place every three weeks or so. Instead, after an evening of Charades, games and moving pictures, out came a beautiful birthday cake with "Happy Birthday Jean from the Gang" on it. Seated around the table were, Mr. and Mrs. Samuel Lo Piccillo of Garden City Park, Mr. and Mrs. Robert Baumann of Duffy Park, Hicksville, Mr. and Mrs. Frank Saccio of Plainedge, Mr. and Mrs. John Terista of East Elmhurst, Mr. and Mrs. Joseph Lo Piccillo of Floral Park and Mr. and Mrs. William Mandala of Bellerose.

Barbecue time is here and the Lauer Family of 183 Lee Ave., is the first, to my knowledge, to have a barbecue this season. Monday evening, May 31st, found the whole gang gathered out in back all ready for an evening of fun. Besides the hosts, Mr. and Mrs. Oscar Lauer, there were Mr. and Mrs. Elliott Lauer, Mr. and Mrs. Marty Lauer, Mr. and Mrs. Whitey Woodley, Mr. and Mrs. Ben Rudnick and Mr. and Mrs. Irving Rathner. From all reports they had themselves quite a time. Lila's husband, Whitey, did the calling for the square dance and he must have given it the real authentic touch inasmuch as he is from the back woods of North Carolina and has a strong southern accent. Elliott Lauer and Oscar Lauer were the winners of the jump rope contest. Bunny Lauer, herself a troop leader, did her share by entertaining with Girl Scout songs.

Happy June 2nd birthday greetings go to Joan Krauss of 26 Power St.

Another June 2nd birthday was that of Beverly Carman, 5 Somerset Ave., who celebrated her twelfth birthday in the afternoon with her Grandmother, Mrs. Strohmman of Franklin Square and her Aunt, Mrs. Maxwell and her two boys, also of Franklin Square. Her Grandparents, Mr. and Mrs. Carman's daughter, Adele, of Floral Park helped eat the birthday cake that evening, making it quite a full day for Miss Beverly.

Another birthday celebrant was Karen Anderson who was ten on

June 1st. The previous Monday, Memorial Day, her Godparents, Mr. and Mrs. Leon Fillion of Brooklyn and Mr. and Mrs. Messing and daughters, Patricia and Mary also of Brooklyn came out for the day and saw the Memorial Day Parade in which Karen and another boy from this area, Joseph LaRocca of Cub Scout No. 64 marched. After the parade, they all had dinner at the Anderson home at 21 Albert St. The next day, Mrs. Perkins and her daughter, Linda, of Hicksville paid a birthday visit as did Mrs. Ann Raymond and son from Newfoundland who are in the states on a vacation.

Happy fifteenth anniversary on June 10th to Mr. and Mrs. Henry Antonawich of 25 Albert St. and happy birthday to Mrs. William Krauss of 26 Power St. who will also be celebrating June 10th.
